10 ROOMED HOUSE ON MILL STREET lately occupied by Wm. Grant. Furnace, bath, closet suit water also in the house. Good every ground basement, stable and shed. For terms and particulars apply to SETH S. SMITH, Solicitor. 11

As to "OLVER" Prices

There is but one price always, and it is fair to both of us. It may or may not seem unfair to charge you a certain price while your neighbor can get the advantage of a little lower price for the same article, but we would rather not do business that way, and therefore we intend to continue our business on the same plan adopted just nine years ago—one fair price to everybody, rich or poor; and cash with every sale.

Is it not reasonable to see that having no debts, or losses through non-payments, we are able to give the best values? Remember our special departments.

The Fire and Light Committee of which Mr. H. Fulford is chairman submitted the following report. To the Mayor and Municipal Council,

GENTLEMEN:—The Fire, Water and Light Committee to whom was referred the communication of Mr. Tozer of the Fire Department re increase in salary, beg to say that this matter has received the careful consideration of the committee in its various phases. And, having regard to the conversation of the town's finances, the best interests of the fire department and the interests of a faithful public servant; we recommend the salary of Mr. Tozer be increased fifty dollars per year, the same to take effect from the first of January, 1911.

Your committee further recommend the purchase of two Victor Hand Fire Extinguishers, having the Fire Underwriters approved label at \$12.50 each for the Fire Department.

Having obtained the approximate cost of installing an electric fire alarm in the home of Mr. Southgate a member of the fire brigade, the same being furnished by the local manager of the Bell Telephone Co., and which is submitted herewith your committee recommend the installation of the alarm by the Bell Telephone Co., under the supervision of the Chief of the Fire Department. Approximate cost seventeen dollars and fifty cents plus time of installing, say two dollars.

Your committee have learned that for a very small outlay the extension ladder of the Fire Department can be housed where it properly belongs, in the Central Fire Station; and as convenient and centrally located apartments can be secured at a small rental for Police Headquarters, we recommend that the necessary alterations to the Fire Hall be made at an early date to accommodate the extension ladder. Respectfully submitted
H. FULFORD,
W. A. RUSSELL,
T. A. BEGGS.

Mr. Long asked where Chief Bond would have his office and what the cost of the change would be.

Mr. Fulford said that the report of the Police Committee would state what offices had been secured for the Chief and the cost of making the change at the Fire Hall would be \$9.

Mr. W. A. Russell stated that

offices for the Chief could be had over the City Grocery for a rental of \$60 per year.

Mr. Long thought the clause in the report re the change of office should be left out. The Benevolent Society held its weekly meetings in the Chief's office and the old people who came there for aid would be unable to climb the stairs leading to the proposed new apartments.

It was then decided to take up the report clause by clause.

Mr. Patterson asked if any of the councillors had figured out what Mr. Tozer's present salary was.

The Mayor replied that it was \$850.

Mr. Patterson added that in addition to his salary he was given free house which would be equal to \$900 per year and there was not another teamster in town making that amount. He was talking to a man the other day who would willingly take the position for \$800 per year. The Council has been altogether too liberal with salaries and it was time a halt was called.

Mr. Long was of the opinion that the corporation employees were not overpaid. It was our School Boards which were using most of the money.

The first clause re Mr. Tozer's increase was carried, Mr. Patterson voting nay.

Clauses 2 and 3 recommending the purchase of two hand extinguishers and the installing of a phone in William Southgate's house were carried unanimously.

Referring to the last clause of the report the Mayor stated that our fire apparatus should all be housed in one building. With so many of the three story buildings on Walton street being occupied as dwellings it was very necessary that the ladder should be in a convenient place. As for Mr. Long's objection about the old people attending the Benevolent

CHARCOAL

Is splendid for starting fires or renewing old ones.

DIRECTIONS

All that is necessary is to put in a small quantity of paper, put charcoal on paper and light. When well started, coal can be put on.

FOR TOASTING

there is nothing to equal it.

HOW IT COMES

In half bushel sacks at 2 for 25c. or 9 for \$1.00.

FIRST TRAIN

Pulled into C.N.R. Station Monday; a Very Busy Place.

Tracks Laid to the Station and to Canton from the West.

The first train on the C.N.R. line arrived at the station yesterday morning, but owing to the very inclement weather there were not many present to witness it. It was a construction train which is engaged to-day in putting in a switch for the steam shovel. The corner of Hope and Ontario streets is a very busy center, and the residents feel quite proud of the new railroad. The tracks have been laid as far west as the station and east to Canton. The bridge at Gage's Creek is completed and a temporary track laid there, so that the steel for the Port Hope viaduct can be brought in.

Y. M. C. A. NOTES.

An "At Home" will be held under the auspices of the Ladies' Auxiliary at the residence of Mrs. Strath, Mill street, on Thursday, February 9th, at 3.30 to 7 p.m. A charge of 10 cents and upwards will be made. The proceeds to go to the Y. M. C. A. building fund. Everybody is invited to attend.

Big supper Y.M.C.A. gymnasium, March 1st. Watch for further notice.

Boys' Annual Exhibition will be held March 9th, 10th and 11th. Competition open to all boys.

BUSINESS CHANGE.—At the next meeting of the License Commissioners the transfer of the license of the liquor store on Ontario street from William J. Greenfield to William Mitchell will be considered.

A BUSY SESSION

of Town Council—Chief Bond and John Tozer Given Increases But it Was All Out of Order.

The regular meeting of the Town Council was held last Monday evening and the members were all present with the exception of Councillor Ambrose.

A communication was received from the Salvation Army asking for aid.

From R. Ware, secretary of the fire brigade, asked for the use of the Town Park for Aug. 9th, for the holding of a Tournament.

From A. H. C. Long, Secretary of the Board of Trade stating that at a meeting of the Board it was moved by Mr. J. F. Clark, seconded by Mr. John Hume and unanimously carried that the Secretary be instructed to forward a recommendation to the Town Council that in view of the division of Ontario street and the overhead bridge at the Canadian Northern crossing, it is in the public interest that the Cavan street road running northward on the east of the Electric Light Pond should be kept open for traffic.

From N. S. Choate, notifying the Council that the 1886 issue of debentures amounting to \$25,000 falls due and is payable on April 1st, 1911, and that provision for the payment of the same requires to be made. Mr. Choate further stated that if all accounts were paid, the bank account would be overdrawn \$2,033.26. Bills payable now outstanding amounted to \$4,000.

From D. H. Chisholm stating that there was arrears of taxes of \$6.00 against lot 288 on north side of Walton street. This lot has been used by the town from time to

A TROUBLESOME MISGIVING

(Continued from yesterday.)

There being no hope of effective assistance from relatives, Mrs. Peak turned for counsel to a man of business, with whom her husband had made acquaintance in his farming days, and who held a position of influence at Twybridge. This was Mr. Moxey, manufacturing chemist, famous in the Midlands for his 'sheep and cattle dressings,' and sundry other products of agricultural enterprise. His ill-scented, but lucrative works were situated a mile out of the town; and within sight of the reeking chimneys stood a large, plain house, uncomfortable like an 'institution' of some kind, in which he dwelt with his five daughters. Thither, one evening, Mrs. Peak betook herself, having learnt that Mr. Moxey dined at five o'clock, and that he was generally to be found digging in his garden until sunset. Her reception was civil. The manufacturer—sparing of words, but was no unkindly face—requested that Godwin should be sent to him, and promised to do his best to be of use. A talk with the boy strengthened his interest. He was surprised at Godwin's knowledge of chemistry, pleased with his general intelligence, and in the end offered to make a place for him at the works, where, though for a year or two his earnings must be small, he would gain experience likely to be of substantial use to him. Godwin did not find the proposal distasteful; it brought a change into his life, and the excitement of novelty; it flattered him with the show of release from pupillage. To Mr. Moxey's he went.

The hours were not long, and it was understood that his theoretical studies should continue in the evening. Godwin's home was a very small house in a monotonous little street; a garret served as bedroom for the two boys, also as the elder one's laboratory. Servant Mrs. Peak had none. She managed everything herself, as in the old Greenwich days, leaving Charlotte free to work at her embroidery. Godwin took turns with Oliver in blacking the shoes.

As a matter of course the boys accompanied their mother each Sunday morning to the parish church, and this ceremony was becoming an insufferable tax on Godwin's patience. It was not only that he hated the name of religion, and scorned with much fierceness all who came in sympathetic contact therewith; the loss of time seemed to him an oppressive injury, especially now that he began to suffer from restricted leisure. He would not refuse to obey his mother's wish but the sullenness of his Sabbath demeanour made the whole family uncomfortable. As often as possible he feigned illness. He tried the effect of dolorous sighs and groans; but Mrs. Peak could not dream of conceding a point which would have seemed to her the condonation of deadly sin. 'When I am a man!' muttered Godwin. 'Ah! when I am a man!'

A year had gone by, and the routine to which he was bound began to have a servile flavour. His mind chafed at subjugation to commercial interests. Sick of sheep and cattle dressings, he grew tired of chemistry altogether, and presently of physical science in general. His evenings were given to poetry and history; he took up the classical schoolbooks again, and found a charm in Latin syntax hitherto unperceived. It was plain to him now how he had been wronged by the necessity of leaving school when his education had but just begun.

Discontent becoming ripe for utterance, he unhesitatedly turned to Mr. Guntery. It happened that the old man had just returned from a visit to Kingsmill, where he had spent a week in the museum, then newly enriched with geological specimens. After listening in silence to the boy's complaints, and pondering for a long time, he began to talk of Whitelaw College.

'Does it cost much to study there?' Godwin asked, gloomily. 'No great sum, I think. There are scholarships to be had.'

Mr. Guntery threw out the suggestion carelessly. Knowing the hazards of life, he could not quite justify himself in encouraging Godwin's restiveness.

'Scholarships? For free study?'

'Yes; but that wouldn't mean free living, you know. Students don't live at the College.'

'How do you go in for a scholarship?'

The old man replied, meditatively, 'If you were to pass the Cambridge local Examination, and to get the first place in the Kingsmill district, you would have three years of free study at Whitelaw.'

'Three years?' shouted Godwin, springing up from his chair.

'But how could you live, my boy?'

Godwin sat down again, and let his head fall forward.

How to keep one's self alive during a few years of intellectual growth?—a question often asked

by men of mature age, but seldom by a lad of sixteen. No matter. He resolved that he would study for this Cambridge Local Examination, and have a try for the scholarship. His attainments were already up to the standard required for average success in such competitions. On obtaining a 'set of papers,' he found that they looked easy enough. Could he not come out first in the Kingsmill district?

TO BE CONTINUED.

SPORTING SKITS

HOCKEY.

Grand masquerade carnival at the covered rink this evening. A record crowd is expected and valuable prizes will be awarded the winners. Persons not in costume will be allowed to skate at nine o'clock. Band in attendance.

Piction will be here on Friday night for a league match and it should be one of the best of the season. If the locals are to finish the season they must be supported so it is hoped that a large crowd will be out on Friday night.

Trenton won the championship of their district last Monday night, defeating Peterboro in Belleville in overtime play by a score of 3-2.

CURLING.

Two local rinks are in Oshawa today taking part in the bonspiel.

WILL LIKELY CAMP AT PETEWAWA THIS YEAR.

Ottawa, Feb. 1.—The military officials are considering the feasibility of taking all the units of the Eastern Ontario command to Petewawa this summer for training. It is almost certain that all the mounted troops will be there this year at least, the proposal to take a different set of units up each year not applying to the case of number four district. Then it is proposed that all the infantry be also assembled at Petewawa, with the medical corps and the engineers. This would be along the line of Gen. French's report and the only obstacle seems to be to get the city regiments out.

The idea of having all branches represented in great numbers at Petewawa would be to have extensive military manoeuvres, which would take two or three days, the like of which soldiers in this command have never had an opportunity of participating in. The field days so far have rarely lasted over a portion of a day.

Time She Was Dead.

There were some deficiencies in the early education of Mrs. Donahoe, but she never mentioned them or admitted their existence.

'Will you sign your name here?' said the young lawyer whom Mrs. Donahoe had asked to draw up a deed transferring a parcel of land to her daughter.

'You sign it yourself, and I'll make me mark,' said the old woman quickly. 'Since me eyes gave out I'm not able to write a wurd, young man.'

'How do you spell it?' he asked, pen poised above the proper space.

'Spell it whatever way you please,' said Mrs. Donahoe, recklessly. 'Since I've lost me teeth, there's not a wurd in the wur-rid I can spell.'

Precisely That.

Braggaboy—I tell you I'm overworking. I am turning out an awful lot of work just now. Nocker—That's just exactly the word your employer used in describing your present work.—Baltimore American.

Plenty of Chances.

'I always dress according to the weather.'

'I haven't as large a wardrobe as that.'—Pittsburg Post.

Conceit is vanity driven from all other shifts and forced to appeal to itself for admiration.—Hazlitt.

OVERWORK ALLEGED

It is Said to Be Cause of the Wreck Near Paris.

GILLEN BLAMES ENGINEER

He Says Man in Charge of Mogul Engine Did Not Comply With the Rules—Inquest at Princeton Tomorrow Will Be Thorough—Meecham Said to Have Had Too Long a Spell of Work.

London, Feb. 7.—Conductor William Meecham, in charge of the light engine at the Richmond wreck, was in the city Sunday for some hours. A reporter called at his home, 406 Rectory street, and was told that he had not been at his home since Saturday night.

Meecham, it is said, reached London on train No. 7 Sunday morning. Supt. Bowker received word that Meecham was to be ordered to Stratford, and he sent a message to the house last night to that effect.

'I do not know whether he has been in the city or not,' said Supt. Bowker.

A brother-in-law of the much-wanted man said yesterday, in answer to the question, if Meecham had been home: 'We have heard nothing about him. We know that he was in the wreck, but he has not been here and we have not seen him.'

'No, we have not heard a thing. They worked the poor fellow to death. He was not home for three weeks until Saturday night, and then he had to go right out. He has not had a minute to himself in three weeks.'

Engineer to Blame, Says Gillen.

Toronto, Feb. 7.—Grand Trunk Superintendent Gillen, when interviewed yesterday concerning Saturday night's wreck near Paris, said that the collision would not have occurred had Engineer Errol of the mogul engine complied with the rules of the signal code.

The official admitted the entire loss of the baggage and mail car, the complete destruction of three first-class coaches and the putting out of business for two months of two engines. Exclusive of any claims which may be brought against the company, Supt. Gillen estimated that the accident would mean a loss of between \$16,000 and \$24,000 to the Grand Trunk.

Inquest Will Be Thorough.

Woodstock, Feb. 7.—Dr. Staples, coroner, of Princeton, announced yesterday morning that he would open an inquest on the bodies of the dead trainmen in the hall at Princeton on Wednesday afternoon next, on the arrival of the accommodation from London, which will bear several of the witnesses.

The scene of the wreck was just about 200 yards within the Oxford boundary, and as Dr. Staples is the coroner for that section, he took charge of matters.

'The wreck is one of the worst of the many we have had in our boundaries,' said Dr. Staples, 'and you may depend upon it that as far as I myself and the jury can investigate, we will fix the responsibility where it belongs, if it is possible to do so.'

'At present it looks as though the crew of the light engine had run past their order, but the truth of this can only be ascertained when the surviving trainmen and other witnesses are put on their oath.'

'I am summoning all these men, together with other eyewitnesses of the wreck, and the investigation will be as thorough as we can make it.'

Conflict of Authority.

Kingsport, Feb. 7.—In his attempt to serve the people, Mayor Graham had a lively row with the Board of Works and Chairman Ald. Rigney. The mayor ordered out the snow clearing machine to cut down high spots on Princess street. The engineer ordered the men in off work, as he had not given orders, and Ald. Rigney wrote the mayor that he must not interfere with his department. Solicitor McIntyre stated that the mayor was within his rights. The matter will be threshed out in committee.

'Oatmeal King' Dead.

Mitchell, Feb. 7.—Walter Thomson, a prominent and wealthy citizen of Mitchell, and until recently one of the largest millers and grain dealers in western Ontario, died at the residence of his son in Texas on Friday. He was formerly known as the Oatmeal King, and had milling interests in London, Woodstock, Seaford and Mitchell. He was born in Kelso, Scotland, in 1835, but has lived since 1860 in Ontario, and since 1867 has been a resident of Mitchell.

Want Particulars.

Montreal, Feb. 7.—A preliminary plea has been filed on behalf of the Pinkerton Detective Agency of New York and Mr. John M. Macnamara, their agent here, in answer to the action for \$300,000 damages taken against them by Mr. David Russell. This preliminary is in the shape of a motion for particulars on most of the allegations made by Mr. Russell.

A Win For the Wets.

Barrie, Feb. 7.—A recount of the local option vote, which was asked for by some in favor of the bylaw, took place yesterday before Judge Wismer, and resulted in a further victory for the anti-local option side. Two votes which had been counted in favor of the bylaw were thrown out, thus defeating the bylaw by ten votes instead of eight.

Refused to Be Rescued.

Viborg, Finland, Feb. 7.—Two vessels sent to the rescue of the fishermen who on Friday were swept out to sea on an ice floe in a gale yesterday found the floe stranded near the Island of Seiskar. The fishermen, who numbered 253, were in no danger and refused to be taken off.

THE MARKETS.

Liverpool Wheat Futures Close Higher, Chicago Lower—Live Stock—Latest Quotations.

CHICAGO, Feb. 6.—Widespread snow, directly beneath the price of wheat to-day. The far southwest, tho, where moisture would be of greatest help, received very little. As a result, the advance was checked, and closing figures at a net loss of only 1/4c to 1/2c. The day's trading left corn unchanged to a sixteenth lower, oats off a shade to 1/4c, and provisions not altered more than a nickel either way.

The Liverpool market closed 1/4d to 1/2d higher than on Saturday for best futures; corn, 1/4d to 1/2d lower. Berlin closed 1/4c higher; Buda Pest, 1/4c lower; Paris, 1/4c to 1/2c lower, and Antwerp, unchanged.

Montreal Grain and Produce.
MONTREAL, Feb. 6.—Foreign demand for Manitoba spring wheat was quiet. There were steady fair rates continued to be done in flour for local account. Provisions are fairly active and steady. Cheese is firm under a fair demand and small offerings. Potatoes are active and strong at recent advance. The demand for butter has increased considerably and the market is more active with a stronger undertone.

Canada clear pork, barrels, 30 to 35 pieces, \$23.50. Bean pork, small pieces but fat, barrels, \$23.50. Beans, Canadian, western, No. 1, 24 to 25; car lots, extra-steady; extra No. 1, feed, 23 1/2 to 24; No. 2 C.W., 23 1/2 to 24; No. 3 local white, 23 1/2 to 24; No. 4 local white, 23 1/2 to 24; Flour—Manitoba, spring wheat, No. 1, firsts, \$5.00; No. 2, 4 1/2 to 5; winter wheat patents, 4 1/2 to 5; strong bakers', 4 1/2 to 5; straight rollers, 4 1/2 to 5; in bags, 4 1/2 to 5. Rollers, per barrel, 4 1/2 to 5; bag of 50 lbs., 4 1/2 to 5. Feed barley, car lots, 35 to 36; extra No. 1, 34 to 35; No. 2, 33 to 34; No. 3, 32 to 33; middlings, Ontario, 32 1/2 to 33; shorts, Manitoba, 32 to 33; middlings, 32 to 33; shorts, 32 to 33; No. 1 stock, 32 to 33; No. 2 stock, 31 to 32; No. 3 stock, 30 to 31; Butter—Choice, 20 to 25; seconds, 20 to 25.

CATTLE MARKETS.

Union Stock Yards.

TORONTO, Feb. 6.—Receipts of live stock at the Union Stock Yards were 78 carsloads, consisting of 1401 cattle, 27 hogs, 355 sheep and lambs, 34 calves and 18 horses.

Exports—Alexander McIsaac bought 2 export steers, 1300 to 1400 lbs. each, at \$5.50 to \$6.15.

Butchers.—Prime picked lots of butchers sold at \$5.50 to \$6; loads of good at \$5.50 to \$6.25; medium, \$5.15 to \$5.50; common, \$4.50 to \$5.15; cows, \$4 to \$5.15; bulls, \$4 to \$5.

Milkers and Springers.—A limited number of milkers and springers sold at \$40 to \$50 each.

Veal Calves.—Thirty-four veal calves found ready sale at \$15 to \$15.50 per cwt.

Sheep and Lambs.—Sheep, ewes, sold at \$4 to \$4.50 per cwt.; rams at \$2.50 to \$3; lambs, \$4 to \$4.50; and one select lot at \$5.50 per cwt.

Hogs.—Hogs were reported at \$7.00, fed and watered, and \$7.15 to drovers for hogs f.o.b. cars at country points, which means \$7 to farmers.

Montreal Live Stock.

MONTREAL, Feb. 6.—At the Montreal Stock Yards, West End Market, the receipts of live stock for Feb. 6 were: 1500 cattle, 1200 hogs and 250 calves. The offerings on the market this morning amounted to 750 cattle, 200 sheep and lambs, 1500 hogs and 150 calves.

The strength and quality of the stock developed in the market for cattle a week ago has been fully maintained owing to the continued small supplies coming forward and the higher prices demanded for them at country points on account of improved conditions and quality of the same. There was a large gathering of buyers, notwithstanding the cold weather, and as they all seemed to be short of beef the demand was good and a fairly active trade was done. A few extra choice steers sold as high as seven cents per pound, but the bulk of the trading was done in choice stock at 6 1/2c, good at 6 1/4c to 6 1/2c, fairly good at 6 1/4c to 6 1/2c, fair at 6 1/4c to 6 1/2c, and the lower grades at 6 1/4c to 6 1/2c per pound. There were a few extra choice heavy bulls offered, which brought as high as 6c, 6 1/4c and others sold at 5c to 5 1/2c per lb.

There was a stronger undertone to the market for hogs and calves as noted in advance of the week. Supplies were fairly large for the demand and were from packers, and an active trade was done, sales of selected lots being made at \$7.50 to \$8 per cwt. The market for the limited supplies of cars. Owing to the forward a stronger feeling developed in the market and prices advanced 1/4c per lb. The demand was good and all the offerings met with a ready sale at 6 1/4c to 6 1/2c per lb. The market for sheep was steady at 4 1/2c to 4 3/4c per pound.

Chicago Live Stock.

CHICAGO, Feb. 6.—Cattle, receipts, 17,000; market strong, beefs, \$5.35 to \$5.50; Texas steers, \$4 to \$5.25; western steers, \$4.30 to \$5.50; stockers and feeders, \$2.75 to \$5.25; cows and heifers, \$2.50 to \$5.25; calves, \$2.50 to \$5.25.

Hogs—Receipts, 22,000; market mostly 1/2c up; light, \$7.15 to \$7.25; mixed, \$7.15 to \$7.25; heavy, \$7.15 to \$7.25; rough, \$7.15 to \$7.25; good to choice hogs, \$7.25 to \$7.50; pigs, \$7.00 to \$7.25; bulk of sales, \$7.25 to \$7.50.

Sheep—Receipts, 13,000; market, strong; native, \$2.50 to \$3.25; western, \$2.25 to \$3.25; yearlings, \$4.00 to \$5.50; lambs, native, \$4.25 to \$6.10; western, \$4.00 to \$6.10.

The Evening Guide

PORT HOPE, FEB. 7, 1911

Of Interest to Fruitmen

Annual Convention of Counties

Apple Growers' Association.

The annual convention and Special Fruit Institute of the Northumberland and Durham Apple Growers' Association was held in the Council Chamber, Cobourg, on Wednesday and Thursday, January 25th and 26th.

The Special Institute was arranged by the West Durham Farmers' Institute through the endeavor of the district representative at Port Hope.

The morning of the opening day was devoted to the election of officers for the new year, and to the transaction of business. The officers of last year were re-elected, as a token of gratitude for their good work during the last year, which resulted in the fine exhibit of apples at the Fruit, Flower and Honey Show, and which exhibit was sold to the Dominion Government to be put on exhibition at the Festival of Empires in London, England, during the coming summer.

The valuable assistance given by Mr. R. S. Duncan to the officers of the Association in the preparation of the exhibit was much praised by many speakers. Mr. Revit, of the Horticultural Branch, Toronto, gave a short address on co-operation.

The following are the officers for the new year:
President—W. H. Gibson, Newcastle.
Sec'y—W. H. Dempsey, Trenton.
Treas.—Thomas Montague, Newcastle.

DIRECTORS.

Fred C Hoar, Bowmanville; H. A. Beech, Brighton; J. G. Wait, Wicklow; Thos Davidson, Cobourg; A. M. Peterson, Cobourg.

In the afternoon the address by L. Caesar, O.A.C., Guelph, on Insects and Fungous Diseases of the Orchard, was both interesting and educative. P. J. Carey, Dominion Fruit Inspector, gave a demonstration in barrel packing, which was of great benefit to those present.

All present entered into the discussion of the question drawer conducted by W. H. Dempsey, Trenton, with great interest and enthusiasm.

In the evening W. T. Macoun, Dominion Horticulturist, Ottawa, very ably outlined the work carried on at the Central Experimental Farm, Ottawa. L. Caesar gave an address on Sprays and Spraying in his usual clear style. The question drawer followed.

In the morning of the closing day, Mr. Macoun spoke on the management of young orchards and made special reference to good soil tillage as the basis of success with young trees. He also made reference to cover crops, good pruning and to good spraying.

In the afternoon Mr. Macoun spoke on the management of Bearing Orchards, and as usual he greatly pleased the audience.

Mr. Carey gave a demonstration on box packing.

The people who saw their way clear to attend the Fruit Institute were indeed well pleased with the information gleaned and went home much benefited by the educative knowledge received.

The gentlemen who were instrumental in bringing the Fruit Institute to Cobourg deserve great credit.

GIN PILLS SENT FREE

We want all sufferers from Kidney and Bladder Troubles, Lame Back and Rheumatism, to test GIN PILLS, and see for themselves that GIN PILLS will really cure all these troubles.

If your Kidneys are weak—if it pains you to urinate—if your back aches—if hands and feet are crippled with Rheumatism—give GIN PILLS a chance to prove that they will relieve you and cure you. It won't cost you a cent. You don't have to buy them. Simply write me for a free sample.

"A short time ago, I received a free sample of GIN PILLS which I have taken with such good effects that I here-with enclose 50c for a box of them. I believe GIN PILLS are just the things for me."

RICHARD HAMLYN, FRENCH RIVER.

GIN PILLS are so called because they contain the medicinal principle of Juniper berries, the essential principle of Gin, but do not contain alcohol. 50c. a box—6 for \$2.50—at dealers, and guaranteed to give satisfaction or money refunded. Sample box free if you write me. National Drug and Chemical Co., Dept. B., Toronto.

GIN PILLS are so called because they contain the medicinal principle of Juniper berries, the essential principle of Gin, but do not contain alcohol. 50

MILITANTS REFRAIN

They Call Off Interference With Opening of British House.

SPEECH FROM THE THRONE

Their Majesties Pass Through the Crowded London Streets on the Way to Open Parliament—Speech Announces Amicable Relations With Foreign Powers—Unionists Are Against Reciprocity.

London, Feb. 7.—The formal opening of the new Parliament yesterday was marked by a gorgeous ceremony and was attended by King George and Queen Mary and their suites, most of the dignitaries of the Empire, many members of the diplomatic corps and all others who could crowd within the doors of Westminster.

The processional display of nobility and military was one of magnificence. The streets were massed with people from dawn on, waiting to catch a glimpse of the coach containing the King and Queen and the Prince of Wales. Among the spectators were many Americans, some of whom paid large prices in order to see the great procession. The immense throngs cheered mightily for the King and Queen.

The suffragettes gave up their proposed attack upon the Parliament Building and King George at the last moment. Christabel Pankhurst, one of the leaders of the militant suffragettes, issued a statement declaring that no attempt would be made to storm Parliament or mob the King. However, believing this might be a ruse, the police kept up their strict guard.

Following the example of his father, the late King Edward, King George V. delivered the crown's address to Parliament in person. It contained a strong plea for the furtherance of friendly relations between England and other powers of the world. After expressing pleasure at the result of the trip of the Duke of Connaught to South Africa, the King said:

"My relations with foreign powers continue friendly. Japan intends to terminate the treaty of 1894. It is hoped that satisfactory arrangements can be made for a new treaty."

The King next referred to the action taken by the British Government to restore order along the trade routes of Southern Persia.

His Majesty announced that proposals will be submitted to settle the relations between the two Houses of Parliament, with the object of securing a more effective legislation.

That the King made no further announcement on the veto question caused great surprise among members of both branches of Parliament.

Continuing his speech His Majesty announced that measures would be presented to provide insurance for the industrial population against sickness and invalidity. This measure will embody the plan of a slight tax to provide the principal for the payment of the insurance pensions.

Both Lord Lansdowne and A. J. Balfour took occasion to denounce the reciprocity agreement between the United States and Canada, but the evening session was mainly devoted to getting the legislative ship under way.

Premier Asquith gave formal notice of the veto bill, and his intention to claim the whole time of the House until the Easter recess in order to get the veto bill disposed of before the coronation. The Government's policy was discursively criticized in the two Houses, but outside of references to the reciprocity agreement, the debate on the address was of no special interest.

Lord Lansdowne intimated that the House of Lords was still ready to negotiate with the Government on the necessary changes in the constitution of the Upper Chamber and the relations between the two Houses. James Ramsay MacDonald, who, yesterday elected chairman of the Labor party to replace George Nicoll Barnes, who retired on account of illness, characterized Mr. Balfour's description of the reciprocity agreement as an imperial disaster, as the most awkward and colossal blunder he had ever heard in Parliament.

The Prime Minister replied to the Opposition speeches, saying that for the present it would be wise to withhold criticism of the reciprocity agreement. It was as certain as the rising of the sun, that sooner or later the U. S. would have been bound to level the tariff wall with Canada. He said it was certain that the Government could do nothing by preference to prevent the natural trend of even this.

It is expected that the debate on the address will be carried over into next week. As the speech from the throne made no mention of the Aliens Act, the Opposition has given notice of an amendment raising this question.

The Irish party, at a prolonged meeting, adopted a resolution to the effect that, while approving the principle of the payment of members of the House of Commons, they desired this measure excluded until home rule has been granted, preferring to depend on voluntary contributions, and would therefore ask the Government to devote the money to some useful public purpose in Ireland. It is known that Mrs. Asquith is opposed to any such differential action, and is unlikely to accede to this.

Fire In Moving-Picture House.

Montreal, Feb. 7.—A fire broke out in the Wonderland Moving Picture Theatre here yesterday morning. Fortunately only about 25 people had entered the building at the time of the outbreak and they made good their escape by way of a door at the back of the hall.

Montreal Snowed Up.

Montreal, Feb. 7.—Five thousand men and 1,500 carts are now engaged by the city to remove the snow from the streets. The city engineer states that it will take over a week before the snow is all cleared away from the streets where there are car tracks.

Children Cry FOR FLETCHER'S CASTORIA

CROMPTON GOES TO TRIAL

Farmers Bank Charges Will Be Heard Next Month.

Toronto, Feb. 7.—Fred. Crompton, president of the Crompton Corset Co., and brother-in-law of Dr. Beattie Nesbitt, former president of the Farmers' Bank, was yesterday committed for trial from the Police Court upon a charge of illegally accepting the notes of the bank, contrary to the provisions of the Bank Act.

The only evidence taken was that of Travers, who was given protection by Magistrate Denison when he stepped into the box. Travers told that Mr. Crompton had been introduced by Dr. Beattie Nesbitt and that the illegal scheme by which the bank secured \$50,000 in cash from Mr. Crompton, giving in return its own unrecorded notes, upon which interest at 5 per cent. was later paid, was suggested by the fertile brain of the doctor. He said that he did not believe that Mr. Crompton knew that what he was doing was illegal, but that it simply looked like a good investment.

Travers said that the arrangement had been made verbally and that the money had been needed to tide over the bank's obligations at the clearing house. The former general manager was the only witness heard, but Messrs. V. A. Burke, James F. Fitzgibbon and H. A. E. Menhall were bound over as additional witnesses, to be called when the case comes up for trial at the March sessions.

Mr. Crompton, who appeared upon a summons and who has made restitution of \$600, said to have been received as interest upon the notes, was allowed to depart upon his own bail of \$1,000.

Travers was once more closeted in the detective office for the day. At 6:30 he left by street car for the jail with Detective Murray, as he had come up in the morning. He is looking a good deal thinner, but healthier than when he first appeared in court.

Crown Attorney Cotter yesterday received a telegram from James J. Warren, charged jointly with Dr. Nesbitt, Travers and the four provisional directors and C. H. Smith, with conspiring to obtain the certificate of the Treasury Board by which the bank opened its doors for business.

The telegram is from Revelstoke, B.C., and reads:

"Understand some proceedings contemplated. Writing you fully, with particulars my address. Telegraph answer to Spencerbridge."

Mr. Warren has interests in British Columbia which take him there frequently.

Good News For Travelers.

Toronto, Feb. 7.—Commercial travelers will be interested in a decision of Justice Riddell in an appeal of William Canning and W. J. Sarvis from the decision of the local judge at Guelph, on matters relating to the liquidation of the Morlock & Clinex Co. of Guelph. This decision of Justice Riddell allows them the preferred creditor's chances to both salary and expenses, amounting in each case to \$209.94.

"Expenses," declared the justice, "are as much a part of the wages as any fixed sum. It is not as though these sums were paid for the company to the railway companies, hotels, etc., with an undertaking that the company would repay the sums so paid as a debt, as would be the case if the commercial traveler were to pay some creditor of the company. The servant is paying money for himself the repayment of which to himself is payment of part of his wages."

Aeroplane Scouting.

Washington, Feb. 7.—So far as an aeroplane can discover the U. S. Government will probably soon be in a position to determine the facts as to the activities of the insurgents along the Mexican border. At present, owing to the conflicting reports and absurd and extravagant claims on the part of the different leaders and their neutrality law, and troops are continually making wild goose chases after military expeditions reported to be crossing the Rio Grande, which rarely materialize. When the troops are on these false scents, it is presumed that armed parties make their way across the river at unguarded points.

Yesterday Gen. Wood, chief of staff, let it be known that at least one aeroplane would be employed in observation work along the Rio Grande.

May Be "Tong" War.

Ottawa, Feb. 7.—There may be trouble among the local Chinese as a result of a big seizure of oriental liquor made by the license officers on Saturday night. Those who understand the ways of Chinese state that Ottawa may have something of the nature of a Tong war. It is said the members of the Reform Association are indignant at the actions of certain members of the Freemasons, the Opposition "Tong," and claim the latter were the informers who told the police where they could expect to find the liquor that was seized. They resent especially the injury to Hum Quong, the member of the Chinese Parliament who was one of the losers in the raid.

Troubles Didn't Come Singly.

Niagara Falls, Feb. 7.—The season's severest storm struck here early yesterday. A forty-mile gale blew and snow fell in great quantities. Traffic on both steam and electric lines was handicapped. Cold dinners were served in hundreds of homes, as there was scarcely enough gas pressure in many houses to boil the kettle. Then the high wind caused the level of the river to fall greatly cutting off the supply of city water. If a fire were to occur during present conditions great damage would be done. Ice in the upper river gave the power-house employees great trouble early last evening.

Following Toronto's Lead.

Winnipeg, Feb. 7.—An agitation among consumers here over gas bills has reached the City Hall. It is likely that the council will be urged to take action towards securing a reduction of rates. The present prices are \$1.20 to \$1.35 per thousand net. Efforts will be made to secure an agreement similar to that in Toronto, where rates have been lowered to 70 cents.

Children Cry FOR FLETCHER'S CASTORIA

DETAILS A SECRET

International Commerce Commission Is a Fact.

STEAM TRAWLS DISCUSSED

Member for Guysboro Urges the Government to Have the Wholesale Destruction of Young Fish in the Atlantic Spawning Beds Stopped—New Commission Is Provided For by a Treaty.

Ottawa, Feb. 7.—At yesterday's session of the House of Commons, W. S. Middlebro (N. Grey) interpellated the Minister of Railways on the truth of an article in a United States magazine that an agreement had been reached between the two countries providing for an international commerce commission. Hon. George Graham stated that this was the result of a conference between Mr. Knapp, chairman of the Interstate Commission of U.S., and Judge Mabey, chairman of the Board of Railway Commissioners. Its object was to secure a through bill of lading for goods originating in U. S. and destined for points in Canada. Unless there are a competing line the shipper was obliged to pay the local freight rate to and from the border. There were to be four members of the new body, including the two chairmen. Its duty would be to fix a uniform rate. As the matter was covered by a treaty the details could not be made public at present.

Replying to Col. Sam Hughes, the Prime Minister said the Government had not received any information regarding the plans of a United States company to build a dam at the Long Sault and divert the waters of the St. Lawrence by a canal into Lake Champlain.

The House spent practically all the rest of the sitting discussing a resolution proposed by Mr. Sinclair of Guysboro, urging upon the Government the necessity of taking steps to secure an international agreement which would in the future prohibit steam trawling in such spawning grounds of deep sea fish as the banks of the north Atlantic adjacent to Canada and the St. Lawrence Gulf.

Mr. Sinclair, in the course of his speech, said that steam trawling had resulted in great injury to fisheries in all waters where it had been permitted. The Government had prohibited steam trawling within the three-mile limit, which was all it could do, but Mr. Sinclair expressed the view that if the fisheries were to be properly preserved there must be international regulation. He emphasized the fact that much damage had been done Canadian fisheries in recent years by French trawlers operating off the coast of Nova Scotia, the chief spawning ground of the Canadian deep sea fisheries on the Atlantic coast.

Hon. L. P. Brodeur said he would approve of trawling as restricted on the North Sea by international regulations.

H. H. Miller (S. Grey) sought to read to the House yesterday a resolution condemning the speech of Col. Hughes, passed by Ottawa Ministerial Association, in view of certain references made by that gentleman about Dr. Milne, a Presbyterian clergyman at the capital. Col. Hughes asked the House to permit the reading of the resolution, but the Speaker ruled Mr. Miller out of order. It is understood the matter will come up on Friday, when a lively interchange is anticipated.

Whole Council Goes.

St. Catharines, Feb. 7.—The thousand fruit men who will go to Ottawa on Friday will be accompanied by Mayor McBride, City Clerk Pay and the whole City Council, in accordance with the following resolution, passed with only one dissenting voice at the regular meeting last night:

"That it being the opinion of the council that the business interests of the Niagara peninsula, and particularly of this city, are deeply concerned in the prosperity of the fruit growers of this section, and feeling that the agreement for reciprocity which is now being considered by the Parliament of Canada, and whereby it is proposed to remove the duty from tender fruits, will result in serious financial loss.

Therefore, be it resolved that this council appoint a committee, to be named by the mayor, to accompany the deputation of fruit growers who propose to interview the members of the Dominion Government and protest against the abolition of the present duty upon tender fruits."

May Reorganize Regiment.

Ottawa, Feb. 7.—Speaking as to the disbanded of the Prince of Wales' Fusiliers at Montreal, Lieut.-Col. Lessard of the Militia Department said that he hoped the regiment could be reorganized. However, the regiment had become so shaken up that there was nothing left to do but disband it temporarily.

It is, of course, well known in military circles that a regiment cannot be reorganized properly until it is disbanded," he concluded.

Might Have Been Serious.

Palmerton, Feb. 7.—Fire broke out in the Albion Hotel stable, a large frame building close behind the hotel, also frame, and situated close to the Grand Trunk yards. A fierce easterly gale was blowing, and for a time things looked serious for the business street of the town, but thanks to the new waterworks system, the fire was confined to the building in which it started.

Incensed at Discharge of Foreman.

St. Catharines, Feb. 7.—Over a hundred men in the blacksmith and press departments of the McKinnon Darrish Co., walked out yesterday, incensed at the discharge of Foreman Russell and his replacement by an American. The men say they will not go back until Russell is reinstated.

M'CART WILL PROBE.

He Puts a Series of Questions to Hon. Mr. Hanna.

Toronto, Feb. 7.—Had it not been for the foresight of the Prime Minister last week in having Government business placed on the order paper on Mondays, yesterday would have seen but little progress in the Legislature, as the private members did not avail themselves of the precedence which belonged to them.

The Government set the members an example of prompt business methods by having three bills ready for the committee stage, and when Government orders were called for, about 100 clauses of the bills in question were dealt with.

The time was taken up almost solely in committee. W. F. Nickle, Kingston, was in the chair. The majority of the members were conspicuous by their absence, less than half not wishing to brave the storm. Report had it that Hon. A. G. MacLay, Opposition leader, was snowed-out in North Grey.

Four Government bills went through the committee stage. They were: Bill 83, respecting the law of landlord and tenant; bill 85, respecting the support of illegitimate children; bill 91, respecting infants, honoring Hon. I. B. Lucas as their sponsor; and Hon. J. J. Foy's bill, No. 97, respecting trustees and executors and the administration of estates.

This afternoon the budget debate will be resumed by S. Clarke, West Northumberland, who is expected to make a vigorous reply to the fighting speech of T. W. McGarry.

An inquisition into the affairs of the Provincial Secretary's Department is indicated by notice by W. J. McCarty, Stormont, for a return of all the officials in Hon. W. J. Hanna's Department on Feb. 1, 1905, when the new regime began, and on the first of last month.

Hon. J. S. Duff's report for the Department of Agriculture shows the attendance at the Guelph College was the highest in its history, aggregating 1,286, including Macdonald Institute.

In the Niagara district it was found that while there are at present only about 375,000 trees in bearing, there are young orchards comprising approximately 500,000 trees. This means that in the next few years the production of the district will be doubled. Nearly 200,000 peach trees have been planted in Norfolk, Kent, Essex and Lambton Counties.

An aggregate of 7,581 immigrants were brought to Ontario through the Colonization Department.

The Minister of Agriculture vigorously commends the plans of the Hydro-Electric Commission for placing electricity at the early disposal of the individual farmers of the province.

BRIEFS FROM THE WIRES.

A resident of L'Orignal confessed to having fired several buildings. Blizzard plays havoc with train schedules throughout the province.

The coroner's jury at Colborne found that Mrs. Teasdale died from natural causes.

James Morrow was instantly killed while at work in Col. Pope's mill at Bury, Que., yesterday. He was caught in the shafting.

Earl Percy left Ottawa yesterday for New York, to act as one of the ushers at the wedding of Lord Decies and Miss Vivian Gould.

Benj. P. Brock of the Listowel Woollen Mills Co., a prominent business man and Mason, died unexpectedly yesterday afternoon.

News of a discovery of coal in Saturna and Tumbo Islands, off the west coast of British Columbia, has reached Ottawa, and confirms a report made as far back as 1867.

In the Russell (Man.) bye-election Saturday, F. V. Newton, private banker of Roblin, Man., defeated W. C. Leese by 200 majority, recovering the seat for the Conservative party.

The death occurred on Sunday of London, one of the heaviest men in and around Smith's Falls. He weighed until he was taken ill last November, three hundred and sixty pounds. Edward F. Mylius, who on Feb. 1, was found guilty of criminal libel against King George and was sentenced to one year's imprisonment, has lodged an appeal against the judgment.

In reply to a question by Mr. Borlen, Hon. Mr. Graham stated in the Dominion House yesterday that the cost of the N.T.R. between Winnipeg and Moncton to the end of last year had been \$29,553,740.

Want Better Food.

Montreal, Feb. 7.—Claiming that their food is not fit to eat, the students of the Presbyterian Theological College threaten to leave the college in a body unless some change is made. Incipient riots have broken out in the dining-room on several occasions, and recently the trouble came to a head, when the students complained to the faculty.

A Farmer's Suicide.

Brookville, Feb. 7.—Albert Carroll, a prosperous farmer, living three miles from Westport Village, committed suicide by drinking carbolic acid. Worry over a recent business transaction is reported to have caused mental derangement, with the above result. Carroll leaves a widow and family.

King of Canada.

Sydney, N.S., Feb. 7.—A luncheon was yesterday tendered to Sir Henry Pellatt by the City Council and business men of Sydney. In responding to an address of welcome from the city, Mayor Gunn referred to Sir Henry as the uncrowned king of Canada.

Tax Autos In Quebec.

Quebec, Feb. 7.—In the Legislature yesterday the Provincial Treasurer gave notice of a bill providing for the taxation of automobiles according to their horsepower, the revenue to be applied to the improvement of the highways.

Power For Eastern Towns.

Kingston, Feb. 7.—Ald. R. H. Toye went to Toronto yesterday to interview Hon. Adam Beck regarding power for Eastern Ontario municipalities. He will also visit Brantford and Guelph, to inspect garbage systems.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fitch* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE MIDLAND LOAN & SAVINGS COMP'Y

Annual Meeting

The thirty-eighth Annual General Meeting of the Shareholders of this Company will be held on

Tuesday, Feb. 7th, 1911

at the hour of Two o'clock p.m. at the Company's offices, Walton Street, Port Hope, for the election of Directors for the ensuing year, and the transaction of general business.

All shareholders, ladies included, are respectfully requested to attend.

J. H. HELM, Manager

The Evening Guide

PORT HOPE, FEB. 7, 1911

Ice Cream Bricks at Oke's

GLENER'S COOK BOOK can now be had at McLean's Music Store.

MISS MAYBEE will teach health culture exercises for cure of obesity, stomach, liver and etc. Classes now forming. 19-3W

A CRUEL ONE.—The Star says Toronto has the finest climate in the world—and the Port Arthur Daily News adds, "for hogs."

The Ladies Aid of the Methodist Church are holding their annual tea on Tuesday, Feb. 14. Make no other engagement. td

NARROW ESCAPE.—The black mare owned by Mr. John Runnalls, broke through the ice in the mill race just opposite W. R. Ghislett's planing mill about two o'clock this afternoon. A large number of men came to the rescue and the horse was removed by means of ropes.

J. L. Thompson & Son's Mid-winter Sale is on. Big reduction in boots, shoes and felt goods.

A NIGHT IN THE CARIBBEAN SEA by lime light in the Mill Street Presbyterian church on Feb. 9th. Rev. D. B. Marsh, Sc. D., F.R.A.S., will exhibit upwards of 100 views and tell the story of the far-famed Bermudas. The poet has said—"The beauties of everywhere are gathered into here." "No earthly spot can surpass the beauty of these coral islands carried upon the bosom of the Caribbean Sea. Hear the story. See the pictures. A real treat. 8 p.m. sharp. Adults—25c. Children—15c.

LET COBOURG LOOK AFTER HERSELF.—One of our councillors stated this morning that he was tired of so much "Cobourg" at the Council meetings here, and we certainly agree with him. When the matter of salary increase or the raising of a license comes up, some of the Councillors always hold Cobourg up as an example. Surely there is sufficient brains in Port Hope to govern the towns affairs without holding Cobourg up as an ideal. Let Cobourg pay their teamster for the Fire Brigade and their Chief of Police what they wish. Our council should decide on a fair salary and abide by that.

HAD A RIDE ON C.N.R.—Two of our Orono ladies on the lookout for a joy ride on the C.N.R. found the chance one day last week when the engine stopped to take water at the canal. Hurriedly climbing into the caboose at the rear end of the construction train, they started as they supposed for Orono station, but the engineer had his orders for the end of steel, and, unaware that he had fair passengers on board, never halted until after Osaca in Hope Township was passed. By this time darkness had set in, and the distracted husbands and boarders, after a vain search proceeded to do the bachelor act by preparing their own meals. About 8 o'clock they were happy to find themselves back in their own homes.—Orono News.

Marmalade Time

Marmalade Oranges are here. Now is the time to fill the empty bottles.

Seville (or bitter) Oranges.....30 to 40 cents per dozen
Valencia Oranges.....20 cents per dozen
Fancy Bright Lemons.....20 cents per dozen
Granulated Sugar.....\$4.75 per 100 pounds

Get busy. Send in your order while the prices are so easy.

HARBOR BOARD

Held A Monthly Meeting On Monday—Efficiency Harbor Management To Be Considered.

The monthly meeting of the Harbor Board was held in the Council Chamber yesterday afternoon. There were present, H. H. Burnham chairman, Mayor Mulholland, Thomas Long, H. T. Bush, and H. A. Ward.

The account of D. H. Chisholm for \$274.05 for services in connection with the International Tool Steel Co. Ltd. was paid, as was also the gas account of \$17.80.

Moved by Mr. Ward seconded by Mr. Mulholland, that the Executive Committee be requested to take into consideration the best means of increasing the efficiency of the management of the harbor with a view of increasing the receipts therefrom and also to consider the advisability of asking for applications for the position of harbor master and that this committee report at the next meeting of the Board.

Somewhat Stretched.

An Irishman had a pair of trousers made by a local tailor, who according to fashion made them rather tight. Pat didn't care for them so tight, and returned with them a day or two after. Says he:

"You hiv made thim trousers far too tight, be jabers, they're tighter than the skin."

"Oh, come, now," said the tailor, "that can't be surely. How can they be tighter than your skin?"

"Well," says Pat, "I can sit down in me skin, but I can't sit down in thim trousers."

The practice Canadian Rifle League will take place on Wednesday evening, February 8th, at 7:30 o'clock in the Drill Hall. All the members are requested to be present.

SPECIAL MEETINGS.—Don't forget the special meetings at the Baptist church this week, every night except Saturday. Song service at 7:45. Preaching service at 8 p.m. Everybody invited.
