POLICE COURT

Young Man Got Drunk and it
Cost Him \$5.00

A young man appeared in the Police Court this morning, charged with being drunk and causing a disturbance on Walton Street, and pleaded guilty.

Constable Garbutt made the arrest about 1.30 o'clock this morning and his prisoner proved very unruly, having to be carried the greater part of the way. He kept up his boisterous time at the jail concluding by smashing one of the windows.

A fine of \$2.00 and \$3.00 costs or 21 days in jail was the order of the Court. The money was paid.

A BUSY SESSION OF THE COUNCIL

Concrete Walk Will Be Built to
Boundary Limits on Ward Street

Constable Garbutt Threatens to
Take Action

The regular session of the Town Council was held last (Monday) evening and the adjournment was not made until nearly ten o'clock.

The concrete sidewalk question took up considerable time, there being complaints, suggestions and requests regarding the same.

The Rev. Dr. Rigby, principal of Trinity College School asked that the concrete be built from Hope street east to the town boundary line, and the school would continue it from that point to the college door. The speaker pointed out the many advantages of having the school in Port Hope and thought the Council should give these some consideration.

The Rev. J. S. LaFlair did not approve of the proposed change in the crossing at the corner of Ellen and Ontario streets and asked to have it left as formerly. As it was now it gave access to Ellen street and did not interfere with wagon traffic.

Next came the following communication from Night Constable Garbutt, and Alderman R. G. Russell rose to remark that it was quite evident that the town wasted money in securing the services of an engineer.

MR. GARBUTT'S LETTER
To His Worship the Mayor and Council.

GENTLEMEN.—If the proposed concrete sidewalk on the west side of Princess street adjoining my lot is built according to the present plans it will damage my property, and this notice is to notify you that if any damage is done to my property by reason of the putting down of the said sidewalk, I will hold the Municipality responsible for all damages.

Mr. Hancock reported that the fence on the north side of the race track at the Town Park was broken down and should be repaired before Dominion Day. This fence was there as a protection to spectators and if an accident occurred as it is now, the town might be held liable.

Mayor Mulholland pointed out that the Dominion Day Committee had full control of the Park for July 1st and they would have to attend to these repairs.

Mr. Smith, representing the Patterson Manufacturing Co., briefly addressed the Council. He had been engaged by Messrs. L. A. Culverwell and J. L. Schwartz to put Zervia on the roads opposite their residences and he would like the Council to watch the experiment. Zervia is not an oil and Mr. Thompson claims that one application will last a whole season.

A resolution appointing Mr. Samuel Henry caretaker of the pavilion at the beach at a salary of \$12 per month was carried, Mr. Patterson voting nay.

Mr. Patterson stated that Mr. Henry was not a resident of the town and he thought there were a number of men in Port Hope paying taxes who would be glad of the position.

The Mayor said he was satisfied that an injustice had been done Mr. Roach and promised to have the same attended to at once.

The Baptist Sunday School was given the use of the Town Park on July 5th and the Methodist Sunday School on July 10th, for the purpose of holding their picnics.

The bylaw to close a portion of Hope street at the C. N. R. crossing and to open a street from Hope street to Ontario street, received its second reading and was passed.

It was necessary to find a name for this street and His Worship the Mayor suggested that it be named Helmi, after the oldest citizen of the town. This would be showing a mark of respect and esteem to one of Port Hope's most public-spirited citizens.

The resolution of the Mayor's to adopt the name was carried unanimously.

This new street has been opened by the C. N. R. and runs just north of Walker's residence connecting Hope and Ontario street.

Moved by Mr. Long, seconded by Mr. Fulford, that Mr. R. G. Russell be and is hereby appointed as superintendent or overseer with full authority from this Council to direct and instruct the Seymour Power Co. or any other Company in the placing of all poles, stays and trimming trees in this corporation during the pleasure of the Council. Carried.

A resolution was introduced by Mr. W. A. Russell and Mr. Hancock to have the portion of the street from John and Hayward street to the G. T. R. station, and Ontario street from the bridge to Barrett street watered. This resolution was withdrawn owing to the objection of several of the members. A second resolution to have Ontario street watered was brought in, but this was also withdrawn until such time as the residents of that street petition for the water.

Council adjourned.

Moved by Mr. Long, seconded by Mr. Fulford, that whereas it is currently reported that the G. T. R. are taking steps to proceed immediately with the construction of the Spur Line and cut off from the Midland Division to the Main Line and have made alterations in the construction plans of such a nature as to materially affect the interests of the town, a special committee of this Council, consisting of R. A. Mulholland, R. G. Russell, the mover and the Town Solicitor, be and the same is hereby appointed to investigate such reports and take such measures as said Committee may deem desirable and expedient to protect the town and citizens with regard to any proposed changes from the original plans.

Carried.

Mr. Long said according to the plans for this Spur Line numerous changes had been made, one of which was the closing of King street, and he thought it would be well to have a special committee look after it.

Capt. Walter J. Colwell was appointed as a constable and persons acting unruly at the wharf will be taken in charge by the Captain.

Mr. Patrick Roach complained that the Seymour Power Company had placed a pole immediately in front of his door and it would be impossible for a person to drive to his place without striking this pole.

ROYALTY AT OPERA

Their Majesties Attend Gala Performance at Covent Garden.

MADE GORGEOUS PICTURE

Royal Box Is a Huge Affair, Containing a Hundred Guests of Distinction and Auditorium Is Filled With Nobles From All Over the Empire—One Hundred Thousand Roses Used in Decorations.

London, June 27.—One of the most magnificent spectacles in connection with the coronation was the command performance last night in Covent Garden, the interior of which was transformed into a veritable floral paradise, wreathed with England's fairest flower. Those privileged to be within the great auditorium will long remember the gorgeous, scintillating picture, the fragrance of 100,000 perfect rose blooms, the noble company of men and women representing the royalty of the world, and all the most distinguished in British official and social life, who filled every box and every stall.

The King and Queen drove from Buckingham Palace in a state coach, escorted by Life Guards. On their arrival their Majesties were received by the chief staff of the household and escorted to the royal box, while the brilliant audience rose.

The royal box consisted of ten boxes in the centre and four on each side, providing 100 seats, nearly all of which were occupied by guests of royal rank. Flanking the royal box were two other large boxes, each occupied by 100 representatives of foreign countries in gorgeous uniforms, and the representatives of the dominions. About half the stalls were allotted to the suites of the distinguished guests. In point of picturesque attire, the Indian princes, glittering with jewels, were easily first, eclipsing the royalties in their most splendid uniforms. Special American Ambassador Hammon was seated in the second row of the royal box, between the Duke of Cornwall and the Grand Duchess of Hesse, his plain evening dress rendering him conspicuous by contrast.

The King was in an admiral's uniform and wore the Order of the Garter. The Queen's gown was a delicate pink, over which the blue ribbon of the Garter showed in marked relief. Her bosom were the twin stars of Africa, on her neck the four de la and a maltese cross. The Queen was escorted to the royal box by Crown Prince Wilhelm of Germany, and the German Crown Princess entered on the arm of his Majesty.

Heavy rain again fell to mar the occasion, dense crowds gathered outside Covent Garden to witness the arrival and departure of their Majesties. The royal party, with their performance the royal guests, the special envoys and members of the diplomatic corps, were escorted to the theatre by the Duke and Duchess of Westminster at Grosvenor House.

Renowned artists took part in the performance. The first opera opened with a scene from the second act of Verdi's "Aida." This was followed by the second act of Gounod's "Roméo et Juliette." Then came the act of Rossini's "The Barber of Seville," and the finale of the Russian ballet, "Le Pavillon d'Armide."

Among the artists were Mrs. Melba, Deslin, Terzazini, Berat and Kirkby, Lunn and John McCormack, Sammarco, Franz, Batti and Malatesta.

A Pacific Expedition.
Port au Prince, Hayti, June 27.—President Simon has started out again at the head of his troops for the purpose of bringing about peace in the northern districts of Hayti. He left yesterday with a large force under his command aboard the cruiser Cape Haytien, his destination being Antigua, but the cruiser will call at St. Marc and Port-au-Prince.

It is said the President has undertaken this expedition with definite pacific intentions, and will make an endeavor to persuade the insurgents to lay down their arms before employing force.

Found Dead In Bed.

Chatham, June 27.—Samuel Sullivan, an aged resident of this city, was found dead in bed in his house on Houston street late yesterday afternoon. Sullivan has been seen for some time, and had been down several hours when found. It is supposed that he died last Saturday night, as he was found lying on his back, his head resting on a pillow, and his arms crossed over his chest. His wife is supposed to have been the cause of death. There will be no inquest. He is survived by a grown up family. His wife is dead.

Increase In Infant Mortality.

Montreal, June 27.—Sixty per cent. of the total mortality in this city last week was of children under five years of age. Up till this time the rate had been under 50 per cent., but this great increase seems to show that death will result from a great harvest from children in overcrowded quarters, where sanitary arrangements are not well looked after, and the food, through poverty, is not of the right kind. Last week 167 of the children died last week, 15 were children under five years of age.

C.P.R. Train Derailed.

Vancouver, June 27.—All the passenger cars of the Toronto train which left Vancouver at 8 o'clock Sunday morning were derailed at 10 o'clock in the evening at Semlin Station, a short distance east of Ashcroft. The train was going slowly and none of the cars were overturned. Five passengers were slightly injured.

Fatal Pistol Duel.

Anderson, W. Va., June 27.—Poster Harper was fatally wounded, and Wm. Ridgway was shot three times in the chest when the two men engaged in a pistol duel here yesterday afternoon. Seven shots were fired by each man, and are members of prominent families.

CHOOSING CABINET.

M. Caillaux Will Decide as to French Premiership Tonight.

Paris, June 27.—M. Caillaux, Minister of Finance in the Monis Cabinet, who was requested by President Faure to form a new Ministry, announced last night, after advising with his friends, that he would be unable to give a definite answer to the President before tonight. At the same time he has made material progress towards the organization of a strong cabinet.

Leon Bourgeois, former Premier, declined the portfolio of Foreign Minister on the grounds of ill-health, and suggested Raymond Poincaré, Minister of Finance, for that office. M. Poincaré at first was reluctant to accept the heavy responsibility of that post, for which he was not sufficiently prepared, but agreed to give the matter his consideration, and answer tonight. In event of his refusal M. Desclaux, prefect of the Seine, will be asked to take the Foreign Office.

While as yet nothing definitely has been decided upon, it is understood that M. Caillaux, in addition to the Ministry, will take charge of the Ministry of the Interior; M. Doumergue, of M. Cruppi, Justice; L. R. Klotz, of M. Poincaré, Finance; M. Messimy, war; M. Deleclaux, colonies; M. A. Steeg, public instruction; M. Augagneur, public works; M. Fams, agriculture; M. Messimy or M. L. Lebrun, colonies; M. Renoult, labor.

The Ministry of the Interior, M. Doumergue, will take charge of the Ministry of the Interior; M. Doumergue, of M. Cruppi, Justice; L. R. Klotz, of M. Poincaré, Finance; M. Messimy, war; M. Navigation Merger.

Montreal, June 27.—The big navigation merger, including the Canadian National, the Canadian Pacific, the Canadian Northern, and the Canadian Atlantic, is now practically an accomplished fact. The arrangement for the merger of the Canadian National, the Canadian Pacific, the Canadian Northern, and the Canadian Atlantic, is now practically an accomplished fact. The arrangement for the merger of the Canadian National, the Canadian Pacific, the Canadian Northern, and the Canadian Atlantic, is now practically an accomplished fact.

The capital of the company is raised to \$10,000,000, the directors having the power to increase it to \$20,000,000. The Canadian National, the Canadian Pacific, the Canadian Northern, and the Canadian Atlantic, are now practically an accomplished fact. The arrangement for the merger of the Canadian National, the Canadian Pacific, the Canadian Northern, and the Canadian Atlantic, is now practically an accomplished fact.

Charged With Theft of Bonds.

Pittsburg, June 27.—A. L. Pearson, an attorney and president of the Union Trust Co. of this city, was charged yesterday with the theft of bonds valued at \$10,000, belonging to the brokerage firm of Pearson in prominent socially. His father, Gen. A. L. Pearson, was at one time commander of the troops of the state.

Made Thirty Knots an Hour.

Halifax, June 27.—The American steam yacht Sicilian, owned by Nathaniel Straus, banker and philanthropist of New York, arrived at Liverpool, Sunday morning, after a voyage of 10 days. The yacht is commanded by Capt. Basil Richardson, a Nova Scotian skipper. After coaling, the schooner yesterday morning for the Thousand Islands, where her party will board her for a cruise. The yacht showed herself able to reef thirty knots an hour under favorable conditions.

Broke the Record.

Halifax, June 27.—Records between New York and Halifax were eclipsed yesterday on the arrival of the Red Cross liner Florizel, which made the run from New York to this port in 10 hours and 15 minutes. The yacht is commanded by Capt. Basil Richardson, a Nova Scotian skipper. After coaling, the schooner yesterday morning for the Thousand Islands, where her party will board her for a cruise. The yacht showed herself able to reef thirty knots an hour under favorable conditions.

Dartmouth Hotel Burned.

Halifax, June 27.—Fire last night partially destroyed the Handley House, a hotel in Dartmouth, across the harbor from Halifax. The damage was from water. A servant who entered her room over the kitchen stove, where her belongings were almost suffocated by smoke, and was carried out. The insurance, amounting to \$3,500, is in the Acadia and Halifax companies.

Fisk Must Die.

Ottawa, June 27.—The government council has declined to interfere in the case of John Fisk, waiting execution in Calgary for murder. An appeal for clemency or a new trial was made on the plea that Fisk was misled largely on the testimony of an accomplice. Fisk was executed this morning.

ROOT CLAUSE LOST

Senator's Amendments to Reciprocity Bill Are Overwhelmingly Beaten and Measure Is Now In For a Series of Attacks From Men With Amendments—Lafollette Is Against Any Change.

HARD STRUGGLE REMAINS

Root's Proposed Alterations In Reciprocity Bill Are Overwhelmingly Beaten and Measure Is Now In For a Series of Attacks From Men With Amendments—Lafollette Is Against Any Change.

Washington, June 27.—The Canadian reciprocity bill emerged from its first ordeal in the Senate last night unscathed. The Root amendment, proposing a modification of the wood pulp and paper sections of the agreement, was defeated after seven hours of debate, by an overwhelming vote. The friends of the amendment were so satiated of its defeat that a roll call on the vote was not demanded.

This leaves the reciprocity measure open to the general fight that is to follow of amendment of important provisions. Senator La Follette announced, in a speech opposing the Root amendment, that he would give to the Senate his own amendments for free paper, free lumber and lumber products, and for reductions in many other schedules. Senator Clapp also announced his intention of offering a free paper amendment later, and other Senators gave evidence of their purpose to force, from now on, consideration of the tariff revision on the widest plane.

Attack on the Root amendment was interspersed with attack on the whole reciprocity measure in the debate that ran throughout the afternoon, and ended in the defeat of Senator Root's proposal to change the House bill by requiring that all Canadian provinces should remove their export restrictions on pulp wood and its products before the reciprocal features applied to the wood pulp and print paper items of the agreement.

I am opposed to this so-called reciprocity legislation as a whole, because I believe it is wrong, harmful and unjustified, said Senator La Follette. If it must pass, I want to see it made as nearly perfect as possible. I shall vote against the Root amendment because I believe it will defeat the very purpose of the wood pulp and print paper paragraph of the agreement. Senator La Follette declared there was no justification for any duty on print paper. He analyzed the figures of the tariff board to show that the best mills in the United States actually produce paper cheaper than the best mills in Canada. To continue a high tariff on paper, he said, was to put a premium on "inefficiency and sloth," and to make the protective tariff "deadly constructive force" for the development of efficient management.

Senator La Follette criticized the newspapers for having urged the reciprocity measure as a means of getting relief from the oppressive charges of the print paper manufacturers. He said they had joined with the "pack" of the railroads, the flour millers and others who would secure advantages through the passage of the reciprocity measure.

Senator La Follette declared that in the testimony taken by the finance committee it would be shown that the reciprocity measure was a means of getting relief from the oppressive charges of the print paper manufacturers. He said they had joined with the "pack" of the railroads, the flour millers and others who would secure advantages through the passage of the reciprocity measure.

Condemned 400 Houses.

Toronto, June 27.—The inspectors sent out by the medical health department to investigate housing conditions condemned no less than 400 houses in various parts of the city, and notified the owners to put them in proper condition. The houses condemned were chiefly situated in the west end, on Eastern avenue and adjacent streets. Some were in an indescribably filthy condition and unfit to occupy, while others were in such a state of decay that they were undrinkable. In most places the owners complied with the orders to put the places in better condition.

Shadowed by Detectives.

Washington, June 27.—Shadowed by weeks by detectives instructed to get anything possible against him, was the alleged experience of which C. S. Funk of Chicago, star witness in the present Lorimer investigation, complained yesterday to the Senate committee enquiring into the Lorimer election. The statement produced a sensation, because the name of Edward Hines, whom Mr. Funk had testified had asked him to contribute \$10,000 towards "100,000 used to put Lorimer over at Springfield," was mentioned in connection with the services of the detectives.

Rabies Case.

Toronto, June 27.—and still they come. The more dogs heads have just been examined by Dr. Amey, provincial veterinarian, and positive signs of the malady have been found.

Dr. McCall of the Provincial Board of Health said yesterday that one of the dogs came from a farm near the harbor, owned by Dr. Campbell. The other was sent in from East Toronto by Dr. Milne. No record is kept of dogs in the city, and many are taken by either of the dogs.

Another Fire Victim.

Nanticoke, Md., June 27.—The fourth victim of the fire that destroyed the house boat here of Wm. Barna, Jr., the prominent New York Republican, was killed last night when Thomas Kerr of New York was badly burned in an effort to rescue Helen Wilson of New York, and Miss de Haven of Brooklyn, who were trapped by the flames.

BRIEFS FROM THE WIRES.

Samuel Henry Jeyes, chief assistant editor of The London (Eng.) Standard, died yesterday.

Nearly 20 months the American Smelter Co. will commence the erection of a smelter at Kingston, at a cost of \$30,000.

J. N. Lewis, M.P., was renominated by the Conservatives of West Huron yesterday afternoon for the House of Commons.

A report from Sydney yesterday that the colliery at Port Hood, C.B., owned by Mackenzie and Mann, is being abandoned.

A serious race war between Americans and Italians is reported to be in progress at Weaver, W. Va. Four Americans and many Italians were killed yesterday afternoon for the House of Commons.

Chief David Campbell, of the Portland (Ore.) paper department, was instantly killed yesterday, and three firemen received serious injuries in a blaze at the plant of the Oil Company. Grant Purcell, a 51-year-old brakeman, living at Hamilton, was taken to the hospital suffering from severe injuries sustained in a railroad wreck at this yesterday, when an engine turned turtle.

During a dense fog on Lake Huron yesterday, the schooner Reckless L. Nelson was sunk in collision with the steamer Wyandotte, about 12 miles off Point St. Barques. All the members of the schooner's crew were rescued.

"Conned" Man In The Cell.

Welland, June 27.—While Thomas Ward was languishing in the police cell at the Town Hall awaiting trial on a charge of vagrancy, an angular man with a red mouth and a black hair, strode into the room adjoining the cells, and announced himself to be a detective of some note.

He commenced by telling the prisoner a good square meal if he would hand over his watch. This formality was agreed upon, and the "detective" strode out of the door. He did not return, and when the prisoner was taken to court he explained matters. The man, named T. Overholt, was arrested on the charge, and admitted having taken the watch. He was remanded to jail.

Veto Bill Again.

London, June 27.—Parliament resumed yesterday after the coronation recess, and the struggle over the veto power of the Lords will be immediately resumed. Lord Lansdowne gave notice of a series of amendments to the veto bill, providing for the exclusion from that measure of all bills relating to the Irish home rule, for a joint sitting in cases of a disagreement between the two Houses for reconsideration in other cases. As it is quite certain that the Government will not accept these amendments if passed, another round of the struggle is inevitable. Of 500 additional peers seems the only outcome, unless the Lords yield.

From Morgan to Kaiser.

Kiel, Germany, June 27.—J. Pierpont Morgan yesterday presented Emperor William with the autograph letter written by Martin Luther to Emperor Charles V., and for which the emperor recently paid \$25,000. His Majesty was immensely pleased, and forthwith conferred the Grand Cross of the Order of the Red Eagle on Mr. Morgan.

The letter, which is in Latin, is of great historical importance. It was written in 1521, during the reformer's return journey from the Diet of Worms, and was addressed to the emperor. The letter never reached Emperor Charles, as its contents were such that no one dared deliver it.

Assaulted Employer's Wife.

London, Ont., June 27.—Jas. Shortliff, former member of the Ontario police force, ran amuck on Dundas street west late yesterday afternoon. He was only mastered after a struggle with two detectives, and was taken to the county and several police officers.

John Cousin, a young Barnardo ward, whom there is a warrant charging with robbing a fire engine, was arrested yesterday. He was charged with robbing a fire engine, and was taken to the county and several police officers.

Freighter Wrecks Bridge.

Montreal, June 27.—A serious accident occurred at the bridge over the Lacine Canal at Cote St. Paul road yesterday. A large freighter from Kingston passing down the canal struck the bridge with great force, knocking it completely off the piers, so that it is now impossible to traffic. The canal is free for boats to pass up and down, but pedestrians, vehicles and street cars are all blocked up, and are rapidly proceeding with the repair of the pier.

The freighter suffered little damage and was got safely through the locks.

All Were Vaccinated.

Montreal, June 27.—The Allan line steamer Corcoran arrived in port yesterday morning from Liverpool, after being detained at the quarantine station for ten hours. A case of suspected smallpox was discovered among the steerage passengers, and nearly two hundred passengers who had come more or less into contact on the voyage, and the suspect, were detained.

New Steamship Line.

Kingston, Jamaica, June 27.—It is reported that the Atlantic Fruit Co. is arranging to establish a steamship line between Jamaica and England. The United Fruit Co. recently announced its intention to enter the West Indian-Brazil trade and to establish a passenger and fruit service between Kingston and Southampton.

THE MIDLAND LOAN & SAVINGS COMP'Y

Port Hope, Ont., Established 1873

DIVIDEND NO. 76.

Notice is hereby given that a dividend of three and one-half per cent. on the paid up capital stock of this Company has been declared for the six months ending June 30, 1911, being at the rate of seven per cent. per annum, and that the same will be payable at the office of the said Company, Walton Street, Port Hope, on and after the third day of July, 1911.

The transfer books will be closed from the 16th day of June to the 2nd day of July, 1911, both days inclusive. By order of the Board.

J. H. HELM, Manager
Port Hope, Ont., June 2nd, 1911.

The Evening Guide

PORT HOPE, JUNE 27, 1911

BAND AT THE RINK.—The Band will be in attendance at the Roller Rink on Wednesday evening. Come and enjoy a skate.

The Front Road S. S. will hold their annual picnic on Wednesday, July 5th, at the old picnic grounds in Mr. Michel's grove.

PRIVATE SALE.—Mr. George McCullough will offer by private sale a quantity of household goods at his residence, King street, commencing Tuesday afternoon, June 20th.

The meeting of the Willing Workers of the Baptist Church which was to have been held to-night at the home of Mrs. Woods, Walton street, is postponed, on account of the sudden illness of Mrs. Woods.

BUSINESS CHANGE.—Mr. J. Adams has purchased the Spy property on Walton street where he is prepared to do all kinds of shoe repairing. Mr. Adams is one of our former townsmen and guarantees satisfaction. All orders promptly attended to. Give him a call.

GRADUATE NURSES.—We extend our congratulations to Miss Mary E. Stephens and Miss Pearl E. Wood, two Port Hope young ladies, on the successful completion of their training course at Grace Hospital, Toronto. They took part in the graduating exercises on Wednesday, June 21st.

A CHANCE TO SAVE.—Carruthers, the paint man, has just finished unloading a car-load of the celebrated lamp oil "Electrolite." Mr. Carruthers is able, by purchasing in large quantities to sell this famous oil at greatly reduced prices. Those persons using large quantities in oil stoves should see Mr. Carruthers about prices and thus save themselves money for fuel.

THAT HOBBLE SKIRT.—Three thousand mill girls are out of work in the United States, it is declared, because the fashion of the hobble skirt curtailed the amount of cloth used in the making of women's dresses. There is a certain reason in the assertion also. A yard saved in the material of each dress, multiplied by the millions that represent all the women's dresses in a country, would mean a great reduction in the total amount used.

C. N. R. WORK.—Ballasting on the C. N. R. from west of Bowmanville to Cobourg is now about completed, and another week is expected to finish the trimming, after which the shovel will be removed to Trenton. All the ballasting gravel for this stretch of road bed has been taken from the Waddell pit. Fifteen coaches and a number of box cars are under construction at the Crossen Works, Cobourg, and a number of cars will be brought from Sudbury. Regular passenger service will begin about August 15th, morning and evening train, until the road is completed to Ottawa.—Orono News.

Mr. D. E. McRae, B.S.A., has severed his connection with the Port Hope Branch of the Ontario Department of Agriculture. Mr. and Mrs. McRae left to-day for Guelph and later for Ottawa.

The Bowmanville Statesman, in referring to THE GUIDE's local, has the following compliment for Mr. Culverwell, the Power King:—Our energetic friend, Mr. J. A. Culverwell, C. E., the laid of Glenora, Port Hope, is now enjoying home life, after the successful completion of his public affairs. He is now superintending landscape and building improvements to his new home on American Colony Hill. He has recently purchased the Fort Orton property, making together with the present consolidated three properties, some five acres of parkland, glen and ridge, overlooking Lake Ontario and Cobourg and the hills in the distance, possibly the hills surrounding Campbellford on the Trent River. Mr. Culverwell is a benefactor to his town and his fellow-citizens highly appreciate his love for the beautiful, as shown in the great improvements he is making.

THE REASON.—"Why do not young men go into the ministry?" One reason may be that the churches do not seem to be sure in their own minds whether their mission is to preach the certainties of faith or the subtleties of scholarship.

ROCHESTER EXCURSIONS.—Per Strs. North King and Caspian on June 30th and July 1st and 3rd; leaving Port Hope at 2.30 P. M. Tickets good for return till July 6th. Fare only \$2.25.

SHOULD BE STOPPED.—Collingwood police last week brought four young men before the magistrate for "hanging around the street corners." They were let off on payment of costs, notice being given that in future a fine will be imposed in all such cases.

R. & O. LINE PROTECTS THEIR PATRONS

In view of the burning of the Steamer "Filigate" the Richlieu & Ontario Navigation Company would call the attention of our patrons to the protection and security which insurance gives them. All freight carried on the steamers is insured against fire and marine risk. In the case of the "Filigate" the loss amounted to many thousands of dollars, and the consignees of the goods in each case have to stand the loss.
