## FIRST TRAIN ON C. N. R.

A double header pulled out from the C. N. R. station here last Monday evening at 5 sharp, the first through train from here to the west over the new line. It consisted of regular C. N. R. engine, a work engine, dump cars, the small steam shovel, flat cars with the household effects of the "habitants" who have been working on the job, caboose. The destination is Scarborough where the outfit will work on widening the cut.

The two shovels rubbed noses through the big cut east of the station on Saturday night. The big "50 Marion" Shovel will remain here widening the cut and the rails joined on grade to the east section today. This has been hard digging through heavy clay and hard pan. The station grounds are being graded and the approaches to the overhead bridge filled in where the settling occurred.

W. R. Chislett and men are at work putting in the finishing on station buildings.

Three riveting gangs (about 60

men) are at work under bridge—foreman P. C. Joyce—and it is expected that part of the work will be completed in about three weeks. Possibly more men will be added as the air compressor is ample, and no doubt every effort will be made to complete the job in record time now that the strike is settled.

It is predicted that passenger trains may run by July 1st as nearly all the road from here to Toronto is ballasted.

## Seymour Power Line to Ideal Factory Approved

The regular meeting of the Town Council was held last evening and Reeve Long was the absent member.

A communication was received from the residents of Bloomsburg avenue, asking that the street in front of their property be watered.

Mr. Outram addressed the Council re the route the Seymour Power Co. was to take to reach the Standard Ideal Factory. He had understood that the Council had given the Company permission to place their poles along Cavan street through Brogden's lane and down Queen street to the factory. The Company now proposed to bring the line along Barrett street and down Mill. This would pass his two new houses on Mill street and he asked the Council to make the Company abide by the original route.

Mayor Mulholland stated that the Company had not received permission for any particular route and he felt sure that Mr. Outram's interests would be looked after by the Council.

A large deputation consisting of Dr. F. J. Brown, H. T. Bush, A. George, D. H. Chisholm, H. Fortner, H. Swallow, W. Laurenceson, D. Greenis, J. L. Westaway, James Yeo and H. A. Ward representing Mr. G. H. Ralston, was present and addressed the Council regarding the grading of Pine street. It was the intention of the Council to construct a concrete walk on that street this year and the deputation asked that the portion from Dorset street to Walton street be graded before any of the work was done there.

His Worship congratulated the deputation upon the able manner in which they had presented the case, and he felt sure that the Council would grant their request. Deputy Reeve Patterson said he was delighted to learn that the Mayor was favorable to spending a paltry sum of \$500 on the streets. \$25,000 was to be expended on walks but he was always unable to receive any support on street improvements. He thought much of the money being expended for sidewalk could be used to better advantage on our roads.

recommended the purchase of 200 feet of hose for the Fire Department and the report was received and adopted.

Mr. Ward presented a plan of the proposed route of the Seymour Power Company line to the Standard Ideal Factory. Commencing at the north end of Cavan street the Company would use the Bell Telephone line to Barrett street. They would then cross John Curtis' property, run along south of A. Lent's residence to Mill street, and follow the west side of that street to the Royal Hotel. From the Royal Hotel to the Base Line the Bell Telephone Line would again be used. They would continue along Mill, over Peter and down Queen to the factory.

Moved by Mr. Patterson, seconded by Mr. Beggs, that the route of the transmission line of the Seymour Power & Electric Company, Ltd., from its substation to the lakefront as shown on the plan, be and the same is hereby approved and the Council appoint Mr. R. G. Russell to supervise the erection of the poles on this route. Carried.

A by-law to authorize the issuing of debentures for the sum of \$10,000 to extend and improve the water works system was read a first time.

Moved by Mr. Patterson, seconded by Mr. R. G. Russell, that His Worship the Mayor be and he is hereby authorized to sign and affix the corporate seal of this corporation to a deed to the Port Hope Electric Light and Power Co. of the land agreed by this corporation to be conveyed to said company in exchange for the land required for new Electric Light Bridge location. Carried.

Moved by Mr. W. A. Russell, seconded by Mr. Fulford, that a grant of \$150 be given to the Ideal Concert Band, provided they give ten concerts.

Mr. Beggs objected to this expenditure. He did not think the ratepayers should be taxed for band concerts. This grant would mean a tax of \$5.00 from thirty houses.

The resolution carried, Mr. Beggs voting nay.

Moved by Mr. Patterson, seconded by Mr. Beggs, that the grading of Pine street as per plans submitted by Mr. Armstrong, engineer, be awarded to J. A. Livingstone for the sum of \$400.

The Town Property Committee recommended that the contract for painting the frame work of the clock be given to Mr. A. Sainsbury for \$45.00.

Moved by Mr. W. A. Russell, seconded by Mr. Hancock, that the report be received and adopted.

Mr. Fulford asked if a price had been received from any other of the painters.

Mr. Hancock replied that he did not think any of the other painters would undertake the job owing to the height.

The report was adopted. Mr. W. A. Russell had a grievance. According to his statements Mr. Cheshier had stated that the only instructions he would take was from the Mayor and Town Solicitor. He would not be dictated to by the Market and Police Committee.

Mr. Cheshier denied this and stated that he was always willing to obey the instructions of the chairman or any member of the Police Committee.

## POLICE COURT

A young man from the Township of Hope appeared in the Police Court this morning charged with stealing a tree, the property of James Lang of the Township of Hope, on or about the 31st day of March and pleaded not guilty.

Last week Chief Bond called upon the defendant regarding this matter and he told the chief that he purchased the tree from the Township of Hope paying \$4.50 for the same, but later he admitted that he took the tree from the Lang farm.

When cross examined by Mr. Chisholm this morning Mr. Lang stated that the defendant was a tenant of his last year and part of this year. He had an acknowledgment from defendant for a certain amount of money for damages in not putting in the crop according to agreement. This acknowledgment was given after the tree had been cut down.

Mr. Lang did not bring this agreement with him and as Mr. Chisholm considered it a very important part of the evidence, His Worship reserved judgment until Tuesday next.

Crown Attorney Kerr conducted the prosecution.

## PORT HOPE BOY'S SUCCESS

## Saves Time on the Farm

**THE** farmer with the Bell Telephone Service at hand doesn't have to travel in rainy weather.

The Bell Telephone Service saves him all that. There are always a lot of rainy-day chores about the farm.

Instead of spoiling a day going to town, the farmer goes to his Bell Telephone and does his business. The time saved can be spent profitably.

That is why he would not think of being without the Bell Telephone Service. It is poor economy to try to get along without it.

**THE BELL TELEPHONE COMPANY** has already a large number of Rural Subscribers in this district. The Company's lines will be considerably extended during the present season.

To avoid delay or disappointment when you may require the Service urgently, get your contract now before the lines are located and built.

## A TROUBLESOME MISGIVING

(Continued from Yesterday)

"I hope for what I shall perhaps never attain. Whatever my first steps may be—I am not independent; I must take the work that offers—it is my ambition to become the teacher of some rural parish which is still unpolluted by the influences of which we have been speaking—or, at all events, is still capable of being rescued. For work in crowded centres, I am altogether unfit: my prejudices are too strong; I should do far more harm than good. But among a few simple people I think my efforts might not be useless. I can't pretend to care for anything but individuals. The few whom I know and love are of more importance to me than all the blind multitude rushing to destruction. I hate the word majority; it is the few, the very few, that have always kept alive whatever of effectual good we see in the human race. There are individuals who outweigh, in every kind of value, generations of ordinary people. To some remote little community I hope to give the best energies of my life. My teaching will avoid doctrine and controversy. I shall take the spirit of the gospels and labour to make it a practical guide. No doubt you find inconsistencies in me; but remember that I shall not declare myself to those I instruct as I have done to you. I have been laying stress on my antipathies. In the future it will be my duty and pleasure to forget these and foster my sympathies, which are so strong when opportunity is given them."

Sidwell listened, her face bent downwards but not hidden from the speaker.

"My nature is intolerant," he went on, "and I am easily roused to an antagonism which destroys my peace. It is only by living apart, amid friendly circumstances, that I can cultivate the qualities useful to myself and others. The sense that my life was being wasted determined me a year ago to escape the world's uproar and prepare myself in quietness for this task. The resolve was taken here, in your house."

"Are you quite sure," asked Sidwell, "that such simple duties and satisfactions—"

The sentence remained incomplete, or rather was finished in the timid glance she gave him.

"Such a life wouldn't be possible to me," he replied, with unsteady voice, "if I were condemned to intellectual solitude. But I have dared to hope that I shall not always be alone."

A parched throat would have stayed his utterance, even if words had offered themselves. But sudden confusion beset his mind—a sense of having been guilty of monstrous presumption—a panic which threw darkness about him and made him grasp the chair convulsively. When he recovered himself and looked at Sidwell there was a faint smile on her lips, inexpressibly gentle.

"That's the rough outline of my projects," he said, in his ordinary voice, moving a few steps away. "You see that I count much on fortune; at the best, it may be years before I can get my country living."

With a laugh, he came towards her and offered his hand for goodbye. Sidwell rose.

"You have interested me very much. Whatever assistance it may be in my father's power to offer you I am sure you may count upon."

"I am already much indebted to Mr. Warricombe's kindness."

They shook hands without further speech, and Peak went his way.

For an hour or two he was powerless to collect his thoughts. All he had said repeated itself again and again, mixed up with turbid comments, with deadly tears and frantic bursts of confidence, with tumult of passion and merciless logic of self-criticism. Did Sidwell understand that sentence: "I have dared to hope that I shall not always be alone"? Was it not possible that she might interpret it as referring to some unknown woman whom he loved? If not, if his voice and features had betrayed him, what could her behaviour mean, except distinct encouragement? But he could have used such words if his meaning had been plain to her? Far more likely that her frank kindness came of misconception. She imagined him the lover of some girl of his own "station"—a toiling governess or some such person; it could not enter into her mind that he "dared" so recklessly as the truth implied.

But the glow of sympathy with which she heard his immeasurable scorn: there was the spirit that defies artificial distances. Why had he not been bolder? At this rate he must spend a lifetime in preparing for the decisive moment. When would another such occasion offer itself?

## GILBERT DROWNED

Great English Librettist Meets Tragic End in Harrow.

### SEVENTY-FIVE YEARS OLD

The Man Who Wrote the Mikado, Pinafore, and So Many More Celebrated Operas, Succumbs to Syncope While Taking His Daily Dip—Was Knighted by King Edward in 1907—Born in 1836

London, May 30.—Sir W. S. Gilbert, the noted dramatic author and librettist, who, in collaboration with Sir Arthur Sullivan, wrote the famous Savoy operas, including "H.M.S. Pinafore," "Patience," "Iolanthe" and the "Mikado," and was knighted in 1907 by King Edward, met a tragic end yesterday. He spent the morning in London, and returned to his residence at Harrow in the afternoon. As was his custom, he went down to the lake in his grounds to enjoy a half-hour's swim. He dived in, and was a long time in coming to the surface. Women friends who had accompanied him to the lake observed that he was in difficulty and was struggling. They rushed off for help and Sir William sank again.

Servants came as quickly as possible to the scene, but when the body was recovered life was extinct. The precise cause of death is not known, but it is believed to have been due to syncope. The lake was only a few feet deep, and the bottom was free from stones. Sir William was born in London in 1836.

Sir W. S. Gilbert has amused millions of playgoers since he put his first manuscript of Dulcamara on the market for \$150. After reading it the publisher, Mr. Emden, took the librettist seriously to task for selling such a good play for such a paltry sum. Since then he has given the world, among others, "Pygmalion and Galatea," "Trial by Jury," "H.M.S. Pinafore," "Pirates of Penzance," "Patience," "Iolanthe," "The Mikado," "The Yeomen of the Guard," "The Gondoliers" and "Utopia, Limited." To these delightful operettas Sir Arthur Sullivan supplied the music, and the partnership between the two continued for many years.

### OFF FOR ENGLAND.

Hon. W. S. Fielding Will Spend Holiday Abroad.

Ottawa, May 30.—Hon. W. S. Fielding, Minister of Finance, will sail on Thursday next from Montreal by the Royal George for England, on a six weeks' holiday trip. He will be accompanied by Mrs. Fielding and the Misses Fielding, and will spend the time quietly in England and on the continent, going to Antwerp for a few days to visit his son. The Finance Minister, after the strain of an arduous session of Parliament, in which his work as chief sponsor for the reciprocity agreement has been particularly heavy, is seeking a brief rest to recuperate his impaired health. His trip, it is said, has no political significance, and he will probably not detract from the rest cure by participating in any of the coronation festivities.

### Farm House Burned.

St. Jacobs, May 30.—The large stone farm house of Daniel Crossman, living two miles northwest of here, was yesterday morning totally destroyed by fire. The building is a total loss. By the strenuous help of the neighbors most of the contents of the house were saved. The cause is supposed to have been from a spark from the chimney.

### Sunday Cars in Kingston.

Kingston, May 30.—The Street Railway Co. intends to give Kingston Sunday cars during July and August so that the people can spend the afternoons at Lake Ontario Park. It is expected there will be strong opposition from the Lord's Day Alliance.

## BILL IS HELD UP.

Reciprocity Measure Delayed by Many Amendments.

Washington, May 30.—With the announcement that the Senate finance committee, by taking all of Wednesday in which to hear witnesses on Canadian reciprocity, could complete its labors this week, the Senate last evening by a vote of 50 to 17 adjourned until noon Thursday. Chairman Penrose of the committee believes that the hearings can be closed when the committee rises Wednesday, but consideration of amendments to the reciprocity bill may delay its report to the Senate to the first of the coming week. It is Senator Penrose's hope, however, that the reciprocity bill can be reached without change.

A clash between interests opposed to reciprocity occurred at yesterday's hearing. A. E. Chamberlain of South Dakota, while speaking for the agricultural interests against the measure, nevertheless declared in favor of free lumber, because, he declared, the farmer was being compelled to pay entirely too much for his lumber. Representatives of the lumber interests were also present.

"Do you expect the lumber people to support you in your opposition to free wheat?" asked Senator Heyburn. "I am not here to do any political work," replied Mr. Chamberlain. "You will be followed by representatives of the lumber interests of the Northwest," said Mr. Heyburn, "and I want them to understand your position regarding their interests, so that they may make up their minds regarding yours."

Mr. Chamberlain said that he had seen in South Dakota "a little book which said from whom a man should buy his lumber. The trust or combination provided for that, and I do not see any excuse for the Government protecting an industry that robs the people in that way."

### BRIEFS FROM THE WIRES.

The Canadian couts won their first victory in England.

A synagogue at Montreal was wrecked by an explosion.

The Kaiser's youngest son was seriously injured in a shamfight.

St. Catharines ratepayers carried the bylaw to bonus the new lock factory.

Louis Fortin, the Walkerville boy shot by Edward Huntley, died from his wound.

E. W. Hamber of Vancouver has been appointed manager of the Dominion Bank's new office in London.

Patrick Canfield was sentenced at Guelph to ten years in the penitentiary for assaulting and attempting to rob Mrs. Keough.

Immigration Agent White stated at Winnipeg that the negro immigration from Oklahoma to the Canadian west is likely to cease soon.

A seven-year-old child, Rhea Dussault, was run down and instantly killed by a street car on City Hall avenue, Montreal, yesterday.

Two German torpedo boats met in a collision near Skagen, a seaport of Denmark at the northern extremity of Jutland. One sailor was killed.

Mrs. Winston Churchill, wife of the British Home Secretary, gave birth to a son and her yesterday. He will be named Randolph, in memory of his grandfather.

Provincial Health Inspector Young found a lumber camp on the Canada Atlantic Railway, near North Bay, with an epidemic of diphtheria. Two men had died, and others were sick.

### Forest Fires in Nova Scotia.

Shelburne, N.S., May 30.—Forest fires have been doing much damage in the vicinity of Shelburne. One big fire at the north of the town has burned thousands of dollars' worth of timber land, and several dwellings have had narrow escapes. Another fire on the western side of the harbor was more destructive. It not only burned valuable timber, but worked into the villages of Gunning Cove and Churchover, the former nine miles from town and the latter seven. The latest reports state that 13 buildings have been destroyed, including the rectory, occupied by Rev. S. G. Andrews, with all contents, the residences of Fred Sullivan, Francis Downey and the public hall. Crowds of men from Shelburne and other places have lent valuable assistance in fighting the flames.

A gasoline boat from Shelburne, which was at the scene, sunk on the way home and John Hethington and Frank Robertson of Shelburne had a narrow escape from drowning.

### Veto Bill Shelved.

London, May 30.—With the passing of the second reading of the veto bill in the House of Lords last night that measure is shelved until after the coronation, when the Lords will amend it in committee. The bill was passed without division.

Lord Morley, in the closing speech, intimated that the Government would accept no amendments, and he added that it would not be to the credit of the House of Lords after accepting the principle of the bill, for Lord Lansdowne and his party to raise difficulties and obstacles at a later stage.

The House of Commons last night passed the second reading of the bill introduced by the Government to prevent possible disasters through aviators manoeuvring over the crowds at the coronation.

The House of Commons also passed the second reading of Chancellor Lloyd-George's state insurance bill.

### Infantile Mortality in Montreal.

Montreal, May 30.—With the advent of midsummer weather, the deaths from infantile debility and enteritis are on the increase in the city. Last week there were 65 children under five years succumbed, 28 dying before reaching six months, 17 dying between six months and one year. Between one and two years there were ten victims and from two to five years ten deaths.

### Another Monster Ship.

Hamburg, May 30.—The Hamburg-American Steamship Co., it was announced yesterday, has given orders for the construction of a sister ship to the mammoth turbine steamer Imperator, now building. The vessel will be 909 feet long and will be placed in the New York service.

## MARKET REPORTS.

Liverpool and Chicago Wheat Futures Close Lower—Live Stock—Latest Quotations.

CHICAGO, May 29.—Violent upward leaps of May wheat prices to-day resulted from the timidity of smaller shorts. A group of such traders trying to escape a possible squeeze at the end of the month became so alarmed that they bid as high as 103 1/2 before they could obtain property which sold Saturday night at 99 3/4. New crop months, however, were weak owing to general rains, and closed at a net loss of 3/4 to 7/8 to 10. Corn finished with a decline of 1/2 to 1/4 to 1/2. Oats were off 1/4 to 3/8, and provisions unchanged to 1/2 down.

The Liverpool market closed 1/4 to 1/2 lower than on Saturday on wheat, and 1/4 lower on corn. Antwerp closed 1/2 lower on wheat, 1/4 to 3/8 lower, Paris unchanged to 1/2 down.

## SLAYS HIS ENEMY

Toronto Man Kills Another as Result of Old Quarrel.

LIES IN WAIT FOR HIM

James Loughheed Is Mortally Wounded By Joseph Jessiman Because Entertained a Grudge Against Him—Shot Down in Cold Blood—Jessiman Alleges Slanderous Stories Told About Him.

Toronto, May 30.—A murder which, for cold-blooded deliberation rivals that of the notorious Thaw-White episode, and in which the defence is likely to be the same, that of insanity, was committed in the streets of "the Ward" yesterday.

The victim was James Loughheed, 62 years, 63 Laplante avenue. His slayer was Joseph Jessiman, 45 years, 69 Marlboro avenue, an elevator man at the general postoffice. According to the word of the murderer and the ante-mortem statement of the dead man, the motive for the crime was revenge for a grievance, real or fancied, a grudge of long standing. The weapon was a revolver, four shots being fired into Loughheed's body.

Shortly after 8 o'clock yesterday morning, Jessiman rode into Laplante avenue from College street on a bicycle. At the corner of Hayter street he stopped and dismounted. There he waited and rode up and down the street several times. At last Loughheed left his dwelling and walked south on Laplante avenue. As he drew near to Jessiman, the latter whipped out a .32-calibre revolver from the side pocket of his coat and fired two shots into his breast. The stricken man turned to run, but as he did so, his slayer fired three more shots, two of which took effect in his victim's back.

He staggered a few steps and then fell to the ground. There he lay until assistance came. Meanwhile Jessiman had calmly replaced the revolver in his pocket, mounted his wheel and was riding off, when he was seized by William O'Brien, engineer on the new hospital building, and Samuel Safer of 27 Laplante avenue, a milkman. These held him until the police arrived, called by a nurse from the house in rear of the Hospital for Sick Children.

The police patrol wagon and ambulance responded and the wounded man was hurried to St. Michael's Hospital, where he died shortly afterwards. Jessiman was taken to police headquarters in the City Hall. While awaiting the arrival of the police, Jessiman told his captors that he had shot Loughheed because "the scoundrel had ruined his life."

To Inspector of Detective Duncan he declared that Loughheed, whose neighbor he had been formerly, had been circulating evil stories about him. He said when he lived beside him, Loughheed had kept liquor for sale, and when he had refused to aid in hiding it, Loughheed had begun telling the stories about him, accusing him of unnatural practices and also saying other highly slanderous things of him.

Labor Candidates Needed.

Ottawa, May 30.—"There is a feeling in labor circles throughout Canada that the time has come when labor should be well represented, not only in the Federal House, but in the different Provincial Legislatures," said W. Gloekling, Toronto, president of the Dominion Trades and Labor Congress, yesterday. He said that an organized effort was about to be made to bring out labor candidates in all the provinces, and that the various labor bodies were determined to make the movement a success. It was felt that it was far better to have representatives in the various Houses than to send delegations from time to time.

At the meeting of the congress details of the meeting to be held at Calgary between Sept. 11 and 16 were arranged. It was decided to extend an invitation to Hon. Mr. Fisher, Premier of the Australian Commonwealth, to address the gathering.

May Eject Mother-in-Law.

Chatham, May 30.—A man may not throw his mother-in-law from his premises in a rough manner that is calculated to do her bodily harm. This was the decision reached by Magistrate Houston yesterday morning, when he fined Bert Avery \$1 and costs for ejecting his mother-in-law, Mrs. Lydia Turner, from his house. Dr. McRitchie, the physician called, gave evidence as to the injuries which the woman sustained. There were bruises on her arms which seemed to indicate that she had been used rather roughly. The magistrate held that, while Avery had a right to order her off the premises and use reasonable force to put her off, he was bound by law not to do her bodily harm in removing her. The therefore imposed the fine.

Don't Want the Job.

Winnipeg, May 30.—Dr. Douglas, medical health officer, declares that he cannot induce any doctor in this city to take a position as house surgeon or interne in the new tuberculosis hospital which is being erected at Fort Rouge. He may bring in a man from the east. He declares that medical men look upon the treatment of tuberculosis, and especially of advanced cases, as uninteresting and disagreeable.

Deported the Second Time.

Niagara Falls, Ont., May 30.—For the second time within a month a man giving his name as Geo. Charles was deported last night, following a conviction in the Police Court yesterday for illegally entering Canada. He was fined \$25 besides. Papers found in his pocket were more evidence of his former deportation.

Trampled by Horses.

Ripley, May 30.—Thomas Kennedy, near this town, was probably fatally injured in a runaway accident on Saturday. He was trampled on by the horses, and the doctors hold out but small hopes of his recovery.

## A DAY'S DROWNINGS.

Double Tragedy at Fordwich—Enum-erator Loses Life.

Gilbert Drowned near 123456 Fordwich, Ont., May 30.—Yesterday afternoon about three o'clock, an accident happened which has thrown a dark shadow over the whole community. Peter Eckel and A. D. Kranick, who were drawing gravel with a horse and wagon to the mill dam, were drowned. They had driven on the upper side of the dam, had dumped their load and were turning the horse around, when it suddenly dropped into a deeper part of the river, throwing Mr. Kranick into the water. Mr. Eckel at once jumped in and tried to lend assistance to both man and horse, but on account of neither being able to swim, they both went down.

Census Taker Drowned.

Montreal, May 30.—A man named Dupre lost his life by drowning opposite St. Ross Sunday afternoon. With two companions, Mr. Desau and Mr. Dorot, he was rowing on the river. They got out into the centre current, where their little boat capsized. All three were washed down by the current, but, while his companions were able to catch hold of a chain stretched across the river, Mr. Dupre was carried farther and his body finally disappeared in the eddies and has not yet been recovered.

Mr. Dupre was one of those appointed as census enumerators in Maisonneuve.

Goderich Man Drowned.

Sault Ste. Marie, Ont., May 30.—Through the capsizing of a canoe at Michipicoten Sunday afternoon James Coleman met death by drowning. Coleman, who hails from Goderich, Ont., had gone out alone, while the barge McKee, on which he was employed, finished loading. The remains arrived here last night for burial.

Young Lad Drowned at Perth.

Perth, May 30.—A drowning accident occurred here yesterday afternoon, shortly after five o'clock, when Caleb Strong, the eleven-year-old son of Mr. Joan Strong of this town, was drowned. The little fellow had been at school, after which he had gone up to the river with some playmates. While playing about the swimming house he slipped on some planks and went down before assistance came. The body was not recovered for about ten minutes, when a man who was fishing at some distance came to the spot, but life was extinct.

## THEY FEEL SLIGHTED.

Russia and Japan Want to Take Part of Chinese Loan.

Pekin, May 30.—Though the Chinese currency reform loan of \$50,000,000 already has been completed with the American, British, French and German groups of bankers equally participating therein, the Russian and Japanese Governments have signified to China their desire of taking part in the loan.

Russia and Japan argue that the pledging of the Manchurian revenues to secure the loan may conflict with their prior rights in that province. Furthermore, these two Governments are materially interested in both the development of Manchuria and the reform of the currency to which the loan is allocated.

If Russia and Japan follow up their signified wishes to participate in the loan, it may bring about a diplomatic contest, it is believed here, of a more serious aspect than that which surrounded the historical entry of the American syndicate into the Hukwang Railroad loan agreement. It is reported in financial circles that a strong international group of bankers is being formed in opposition to the Russo-Belgian syndicate, which is expected to take in British bankers and probably also Japanese financiers.

\$50,000 Fire at the Soo.

Sault Ste. Marie, Ont., May 30.—In a serious fire at the coke ovens of the Lake Superior Corporation yesterday morning, damage to the extent of \$50,000 was done, covered by insurance. The coke ovens themselves, were not damaged, but the storehouse, office and sub-electric station supplying power to the ovens, was destroyed. All that remains of three buildings is a pile of fire brick. Some \$500 damage was done to stock in the interior of the prode plant, due to water. The building itself is not damaged to any great extent. The coke ovens will temporary wiring can be placed. This is now impossible owing to the heat over the ruins, where a number of live wires are embedded.

Promoters Go to Prison.

New York, May 30.—Christopher Columbus Wilson, president of the United Wireless Telegraph Co., and four of his associates were convicted by a jury in the criminal branch of the U. S. Circuit Court late yesterday of fraudulent use of the U. S. mails to solicit subscriptions to wireless stock. In some parts of the Western States and British Columbia people have used the finely engraved stock for wall paper.

The sentences which Judge Martin imposed were: Wilson, three years; George H. Parker and F. X. Butler, two years each in the United States Penitentiary at Atlanta.

W. I. Diboll and W. W. Tompkins, one year each in some New York penitentiary.

Shocked, Fell Thirty Feet.

Preston, May 30.—On Saturday at Preston, George Reid, a young man employed on the Hydro-Electric transmission line, received a shock of 2,200 volts and was thrown from the top of a 30-foot pole. In his fall he landed on his shoulder and the side of his head. His shoulder bone from fractured, his face bruised, and he suffered a fracture of the knee. He is suffering great pain and is in a very serious condition.

## SECOND TRUST HIT

Supreme Court Orders Tobacco Combine to Dissolve.

SIX MONTHS TO DISBAND

Another Decision Along the Same Lines as That Delivered In the Standard Oil Case Is Levelled at the Tobacco Magnates—Justice Harlan Again Dissents on Basis of Interpretation of Law

Washington, May 30.—Another of the big trusts was smashed yesterday, when the Supreme Court of the United States ordered the dissolution of the combination known as the American Tobacco Co., with its associates, the Imperial, and the British-American Tobacco Co., so far as they do business between the various states of the American Union. The decision was rendered by Chief Justice White, and called forth a dissent from Justice Harlan, who took the same ground as he did in the Standard Oil case, when he objected to the use of the "rule of reason" in determining whether the combination was a monopoly in the eyes of the law, or a "combination in restraint of trade" under the statute. His reasoning is that so long as there is restraint of trade in any degree the statute is violated, while the majority hold that only unreasonable restraint is meant by the statute.

The decision is thus summarized in a statement last evening by Attorney-General Wickersham, commending the judgment of the court, as follows:

"The decision in the tobacco case, in the most comprehensive and sweeping manner, sustains the position taken by the Government with respect to the decree below. It reverses the action of the Circuit Court in dismissing from the bill the individual defendants, the British-American Tobacco Co., Ltd., the Imperial Tobacco Co., Ltd., and the United Cigar Stores Co., holding that they are all parties to the unlawful combination which is condemned by the decree.

"The court gives an interpretation of its decision in the Standard Oil case, saying that it was there held that in view of the general language of the statute and the public policy which it manifested, there was no possibility of frustrating that policy by resorting to any disguise or subterfuge of form, since resort to reason rendered it impossible to escape by any indirection the prohibitions of the statute.

"It then holds that the history of the tobacco combination is so replete with the doing of acts which it was the obvious purpose of the statute to forbid, so demonstrative of the existence from the beginning of a purpose to acquire dominion and control of the tobacco trade, but by methods devised in order to monopolize the trade by driving competitors out of business, which were ruthlessly carried out upon the assumption that to work upon the fears or to play upon cupidity of competitors would make success possible.

"Holding, therefore, that the combination as a whole and all its co-operating and associative parts, in whatever form clothed, constitutes a restraint of the trade within the first section of the Sherman Act and an attempt to monopolize and a monopolization within the second section, the court recommends the cause to the circuit in New York for the purpose of working out some plan of disintegration of the combination which will create a new condition which shall be honestly in harmony with and not repugnant to the law."

Earl Grey at Berlin.

Berlin, Ont., May 30.—Earl Grey and party arrived at 11.30 yesterday and was accorded a grand reception. His worship Mayor Scholz and the aldermen formed a civic reception committee and met the vice-regal party at the depot. His Excellency, who was accompanied by the Ladies Sybil and Evelyn Grey, the countess being absent on account of illness, was escorted by a troop of the 24th Greys and honored by a hundred boy scouts to the hotel. Preston, Hespeler and Berlin. Dr. Lackner, M.P.P. and Hon. W. L. Mackenzie King took part in the reception. An address of welcome was read by Mayor Scholz and replied to at the City Hall. The party then drove to the Country Club on the Bridgeport road, where a luncheon was tendered them.

The unveiling of the monument to Queen Victoria, the purpose of His Excellency's visit, took place at 2.30.

May Sell Church.

Winnipeg, May 30.—The authorities of Grace Church in this city are considering the advisability of selling the property, situated at the intersection of Notre Dame and Ellice avenue. It is understood that an offer of \$400,000 for it was refused some weeks ago and it was now expected to realize \$600,000 or \$750,000. It is proposed to erect a seven-story structure and conduct it on an industrial basis. Grace Church is the leading downtown Methodist church here.

Foy For the Bench.

Ottawa, May 30.—The vacancy on the High Court Bench of Ontario consequent upon the death of Judge McMahon will not likely be filled till after the long vacation of the courts, as meanwhile there is no urgency. W. H. Tilley of Toronto, and Daniel O'Connell, K.C. of Peterboro, are more prominently mentioned. It is said also that Attorney-General Foy has been sounded with reference to accepting it.

St. Kitt's Bylaw Carries.

St. Catharines, May 30.—By a vote of 1,463 to only 7 against the bylaw to grant to the Canadian Yale and Towne Co. eight and a half acres of land, fixed assessment and free water, was carried yesterday. As a result the company will employ 200 men within two years and erect a building valued at \$50,000.

**BANKS TO CLOSE.**—The banks have decided to close their offices every Wednesday afternoon during June, July and August. They will however remain open every Saturday afternoon until four o'clock which is a great convenience to the business men and the public in general.

**A FINE PLACE.**—Lindsay, says the Orillia Packet, should be a pleasant place of residence. The other day a gang of young hoodlums gathered before a Chinese laundry, threw fire crackers in at the door, among the laundered parcels, and then plastered the front of the place with mud. Yet no arrests were made.

**A HOME RUN.**—Owing to the number of complaint, about boys trespassing on certain farm lands in the township of east Whitby just north of Oshawa on Sundays, the county police made a flying visit last Sunday and found a ball game in full swing. The appearance of the police altered the game considerably, and to those who were passing by, it looked like a foot race or that they were all making first base. In their hurry to change the game, they left a base ball bat.

Notices of Births, Marriages, and Deaths. Fifty Cents. "In Memoriam" Notices from 10 cents up, each insertion.
