evidently much better crops could be had, as experience there show. It is not necessary to fence the land, as the Herd law says that the cattle shall be kept out of the grain not fenced. Wire fencing costs less here than in Ontario; good cedar posts can be bought for eleven cents each, and oak posts for eight cents.

STEEL BARBED WIRE

costs from eight to ten cents per lb.; one pound goes a rod. Thus the material for a rod costs from forty to forty-five cents for three wires and a post, and it is perfectly cattle proof. Building material of course, is higher. Good lumber is worth from \$14 to \$20 per M; shingles, \$2.50 to \$3.00; floor-ing, \$20 to \$25; lime 30c. per bushel. The best of wagons cost from \$75 to \$80; the champion mower (the same that the Oshawa company [make); \$60; self-binder, \$2.75 to \$300 each; common real rake reaper, \$100 to \$125; harrows can be bought there as cheap as here.

BOOTS AND SHOES

and all cotton goods are as cheap as here, but woolen goods are fully a third higher.

WARKET PRICES. When I was there (Sept. 1st), corn was worth 20c., wheat 63c. to 75c., barley 35c. to 45c., oats 15c. to 20c.; hogs \$4.00 to \$4.50 live weight, grass fed :attle \$3.00 to \$3.50 live weight, and when corn fed during the winter months, \$4.00 to \$5.50 live weight, the latter price being generally obtained for well fed cattle. Flax is being greatly raised and is a very profitable crop. It is always sown on the first breaking. There is always aready sale for it at 85c. to \$1 per bushel of 65 lbs.; from 16 to 20 bushels per acre is the average. Many farmers there have is the average. Many farmers there have

There is any quantity of the best of land for sale. It is held by the R. R. Company and private speculation parties, but can be bought at from \$5 to \$10 per acre. I am only speaking now of first-class land; poor land is offered for \$1.50 to \$3.00, but there is very little of the latter. The land is almost all good and all can be worked. Timothy and clover grow splendidly, but the wild grass is greatly preferred. Horses that live on wild hay are never known to have the heaves. never known to have the heaves.

AMONG the many specialties of the Heywood Mammoth Show, any one of which may be said to be complete, are a full brass band of minstrels, a troupe of gymnasts and acrobats. Dutch, Irish and Yankee comedians. As this is a wellknown troupe we shall not be surprised to see a full house at the Music Hall, this Wednesday) evening.

THE Toronto World says it has come to the knowledge of the police that there are a number of servant girls in that city who are in regular connection with thieves. These girls soon learn the plan of the honse, find out where the valuables and money are kept, and give the description to characters who know too well how to take advantage of it.

THE HEYWOOD COMBINATION .- We this morning received the following notice from a Port Hope citizen who attended the show in Peterboro' last night :-" The New York Serenaders (Heywood, &c. Combination) gave their entertainment here to a crowded house. Their performance is first-class in every respect; music, singing and acting are all good. Lovers of tun in Port Hope may expect a treat to-night."

A SMALL BABY.- The Smyrna, Del., Times of this week contains the following: "Our town has a baby that has attracted the attention of the curious-men as well as women. It is a girl babe that came to the household of Mr. John Van Winkle, on Tuesday morning of last week, which weighs a pound and three-quarters, is 12 inches long, and is perfect in every way. Its wrists are about the size of a man's index finger, and a shoe one and a half inches in length will incase its foot, its head is about the size of a ball of wrapping cotton, and its body not larger than a man's wrist. It is queen of the household, is doing well, and the physiciaus have hopes of it being able before long to paste its hair on its forehead and pilot some unfortunate youth to an ice cream saloon.

STORM-BOUND.—The steamer Norseman did not arrive here till 10 o'clock this morning, and will not leave to-day unless the weather moderates somewhat.

SEE Prof. Hotchkin's Springless Truss and Supporter advertisement in another column of this paper. Go and see him; he defies the Hernia he cannot hold.

SPECTACLES.—Those who have difficulty in being suited with spectacles should apply to Dr. Hamilton, Port Hope. Exact optical fit every time. Largest stock in town. Prices to suit.

A MISTAKE.—Mr. Christopher has been laboring under a great mistake. Mr. Lavine says he never made any such proposition as that contained in Twe GUIDE of Monday. AN OLD SETTLEE GONE. — Mr. George Welsh, an old resident of Brantford, died on Saturday and was buried yesterday. He was 87 years old and the oldest Orangeman in Canada.
