## Our Tenth Year in the Clothing Business

And this season surpasses all previous ones, for these reasons: First—In point of variety and quantities. Second—The correctness of styles and designs. Third—The advantage of being a little ahead of others.

The new Spring Suits are made of the fabrics which are most popular for this season—neat, small patterns in fine texture worsteds and tweeds, subdued browns, greys, &c., in small checks and diagonal effects, and the always dressy bluffs. The styles are correct—medium length lapel, natural shoulder, and close fitting collar—and the workmanship is of the highest order all the essential parts being hand-worked by first-class tailors. Special prices—\$10.00, \$12.50, \$15.00, \$18.00, \$20.00.

## BEN OLVER & CO.

### RYNE COMING BACK TO OLD SCHOOLS

The Ontario Dept. of Education will cope with the scarcity of teachers by establishing several additional model schools. Some years ago most of the model schools were replaced by Normal schools, those retained being in the poorer districts. The change met with considerable opposition and has been a subject of debate in the Legislature on several occasions. The legislation of the new model schools will be decided upon in the near future, and as soon as the details are decided upon a circular detailing the regulation for model schools will be issued.

### A QUESTION THAT NONE CAN ANSWER

What of Spring, Will It Be Early or Late?

People generally appear to have been looking for an early spring, owing to the long and comparatively severe winter we have experienced. This is not the view of a Mining farmer, who writes to the Sun as follows:

Will the spring be early or late? is everybody's question at present—a question that none can answer.

The result of my observation is that a mild winter is followed by an early spring, vice versa. My forecast is that seeding will begin about the usual time, April 20th, but that vegetation will be late. In this locality pastures were never so bare as last fall. If this condition was it will be late, perhaps very late, before there will be pasture enough for stock. This possibility will make farmers careful of fodder supplies. It also suggests good prices for fat stock during May and June.

### SOCIAL WORK IN TOWN OF OSHAWA.

When Oshawa decided to retain its Chief Constable, Mr. A. F. Hind, in spite of Hamilton's tempting offer as Deputy Chief, it showed in a practical way the appreciation of a good public servant.

Mr. Hind is not merely a policeman. He is a social worker and an enthusiast for the best kind of community life. Although an honorary officer he gives a great deal of his time and effort as agent of the Children's Aid Society and is at present conducting a campaign to secure a Children's Shelter for Oshawa and the County of Ontario generally. On Sunday last Mr. Kelso spoke on this subject at several gatherings in Oshawa, and all the ministers advocated the claims of the Society. The sum of \$1,600 has already been subscribed to this worthy object.

### BETTER ATTRACTIONS FOR FALL FAIRS.

The associations conducting the fall fairs in many places throughout the Province are tired of taking the "leavings" of the Canadian National Exhibition was manifested at a meeting in the Palmer House. Representatives from Belleville, Peterboro, Bowmanville, Lindsay, Collingwood and Barrie, gathered together for the purpose of engaging special attractions for their fall fairs.

"We are tired of taking what is left of the Toronto Exhibition," stated one delegate, "and want to make sure of good things."

These different places have amalgamated, forming a circuit the first display opening at Belleville and finishing at Collingwood. Representatives of attraction companies met the fair men, and shows were arranged. Several thousand dollars will be spent to better country exhibitions.

**BONUSES ON BABIES.**—Senator Beall, who soared to fame as the "Stork Mayor of Alton," has introduced a bill into the Illinois Legislature providing for the payment of bonuses on babies. The law has been received with great eclat in Chicago, where the rate far exceeds the death rate. The Chicago papers figure that if Beall's bill becomes a law it will cost the State of Illinois about \$4,000,000 in bonuses for Chicago alone. Considering the average of the Chicago infants this is much too much.

**FUNERAL OF LATE MRS. SINNOTT.**—The funeral of the late Mrs. James Sinnott, which was announced to take place on Sunday afternoon April 2, did not take place at that time, owing to a connection which could not be made at Buffalo from Utica. The body did not reach here until Monday 3rd inst. and the funeral took place from A. W. George and Son's the same morning at 11.45 to St. Mary's Cemetery. The bearers were her two sons, Pat and Miles Sinnott, Mr. Joseph Lance, James and John Sinnott (grandsons) and Mr. Frank Missett (nephew).

**TORONTO TO TRENTON C.N.R.** NEARLY FINISHED.—There are but three gaps remaining in the C.N.R. track lying between Toronto and Trenton. One of those is at the crossing of the G. T. R. tracks this side of Brighton. Another a two mile stretch between Port Hope and Bowmanville and a short stretch at Cobourg. Yesterday 10 teams of the C. N. R. track laying gang and 30 men passed through town stopping at the Union Hotel. They are returning from Belleville and are bound for Cobourg to finish up the remaining gaps.—Trenton Courier.

## A TROUBLESOME MISGIVING

(Continued from Saturday)

But if his brain must dwell in solitude his heart might compass worthy alliances—the thing most needful to humanity. One may find the associates of his intellect in libraries—the friend of one's emotions must walk in flesh and blood. Earwaker, Moxey—these were in many respects admirable fellows, and he had no little love for them, but the world they represented was womanless, and so of flagrant imperfection. Of Marcella Moxey he could not think emotionally; indeed she emphasized by her personality the lack which caused his suffering. Sidwell Warricombe suggested, more completely than any woman he had yet observed, that companionship without which life must to the end taste bitter. His interest in her was not strictly personal; she moved and spoke before him as a typical woman, not as the daughter of Martin Warricombe and the sister of Buckland. Here at last opened to his view that sphere of female society which he had known as remotely existing, the desperate aim of ambition.

Conventional women—but was not the phrase tautological? In the few females who have liberated their souls, was not much of the woman inevitably sacrificed, and would it not be so for long years to come? On the other hand, such a one as Sidwell might be held a perfect creature, perfect in relation to a certain stage of human development. Look at her, as she sat conversing with Moorhouse, soft candle-light upon her face; compare her on the one hand with an average emancipated girl, on the other with the daughter of the people. How unsatisfying was the former; the latter, how repulsive! Here one had the exquisite mean, the lady as England has perfected her towards the close of this nineteenth century. A being of marvellous delicacy, of purest instincts, of unsurpassable sweetness. Who could not detail her limitations, obvious and, in certain moods, irritating enough? These were nothing to the point, unless one would roam the world a hungry idealist; and Godwin was weary of the famed pilgrimage.

## BRONCHITIS COMPLETELY CURED.

St. Jean, P.Q., Jan. 5th, 1910.  
Father Morrissy Med. Co. Ltd.,  
I can gratefully testify in favor of Father Morrissy's Remedy for Bronchitis trouble. I had suffered for some time from Bronchitis, and could get nothing to give me ease, until I tried Father Morrissy's Prescription (No. 10). To my great surprise, after I had taken this remedy I commenced to grow better, and soon after I was completely cured.  
Mde. GEORGE DESMARAIS  
Everybody knows that many common roots, barks and herbs contain Nature's own provision for the relief of coughs and colds. It remained for Father Morrissy, with his wonderful medical skill, to combine extracts from these in such a way as to make the most effective cure for all forms of throat and lung troubles.  
His prescription, known as "Father Morrissy's No. 10" or "Lung Tonic", stops a cough by curing the inflamed condition of throat or lungs which causes it. It goes a step further, too, and earns its name of "Lung Tonic" by strengthening the weakened parts.

The murmur of amiable voices softened him to the reception of all that was good in his present surroundings, and justified in the light of sentiment his own dishonour. This English home, was it not surely the best result of civilization in age devoted to material progress? Here was peace, here was scope for the kindest emotions. Upon him—the born rebel, the scorner of average mankind, the consummate egoist—this atmosphere exercised an influence more tranquilizing, more beneficent, than even the mood of disinterested study. In the world to which sincerity would condemn, only the worst elements of his character found nourishment and range; here he was humanized, made receptive of all gentle sympathies. Heroism might point him to an unending struggle with adverse conditions, but how was heroism possible without faith? Absolute faith he had none; he was essentially a negativist, guided by the mere relations of phenomena. Nothing easier than to condemn the mode of life represented by this wealthy middle class; but compare it with other existences conceivable by a thinking man, and it was emphatically good. It aimed at placidity, at benevolence, at supreme cleanliness,—things which more than compensated for the absence of higher spirituality. We can be but what we are; these people accepted and in so doing became estimable mortals. No imbecile pretensions exposed them to the rebuke of a social satirist; no vulgarity tainted their familiar intercourse. Their allegiance to a worn-out creed was felt as an added grace; thus only could their souls aspire, and the imperfect poetry of their natures be developed.

He took an opportunity of seating himself by Mrs. Warricombe, with whom as yet he had held no continuous dialogue.

"Has there been anything of interest at the London theatres lately?" she asked.

"I know so little of them," Godwin replied, truthfully. "It must be several years since I saw a play."

"Then in that respect you have hardly become a Londoner."

"Nor in any other, I believe," said Peak, with a smile, "I have lived there ten years, but am far from regarding that as my home. I hope a few months more will release me from it altogether."

"Indeed!—Perhaps you think of leaving England?"

"I should be very sorry to do that—for any length of time. My wish is to settle somewhere in the country, and spend a year or two in quiet study."

Mrs. Warricombe looked amiable surprise, but corrected herself to approving interest.

"I have heard some of our friends say that their minds get unstrung, if they are long away from town, but I should have thought that country quietness would be much better than London noise. My husband certainly finds it so."

"People are very differently constituted," said Godwin. "And then it depends much on the nature of one's work."

Uttering these commonplace with an air of reflection, he observed that they "did not cost him the self-contempt which was wont to be his penalty for concession to the terms of polite gossip; rather his mind accepted with gratitude this rare repose. He tasted something of the tranquil self-contempt which makes life so enjoyable when one has never seen a necessity for shaping original remarks. No one in this room would despise him for a platitudinous remark, were it but recommended with a pleasant smile. With the Moxeys, with Earwaker, he durst not thus have spoken.

## YOUNG FAWN CAUGHT AT BOBCAYGEON

Saturday last two deer, one of them a late last year's doe fawn, were chased by dogs from Harvey into the river near the lime kiln, says the Bobcaygeon Independent. They crossed to the island and were safe. On Sunday following their instinct to return to the ground from which they had been hounded, they took the river again, but were unable to find a landing place. The larger one finally got ashore on the island, and Garner Nichols, jr., happening to notice the fawn went out to it in a punt. There was no trouble in catching the little doe, for it was almost perished with the cold, and would

have drowned in a few minutes more. Nicholls at once built a fire and with some brisk rubbing the fawn soon recovered its strength. It is now in Nichol's stable and is already becoming quite tame. Rounce, the pet deer, caught nine years ago by Richard Nicholls has been over to visit the new arrival, but is decidedly standoffish and does not seem to take to the frisky and flirtatious scampering of the youngster. If it is kept in the village it will be a pretty attraction to the summer visitors. A herd of deer roaming about the village would be a most taking attraction.

## NATIONAL SPIRIT

It seems to us as if one of the great needs of the day in Canada, is the cultivation of a broad spirit of patriotism, self-reliance and confidence in the institutions of our own country. The next generation of Canadian voters will have responsibilities cast upon them which we can hardly hope to appreciate to-day. This generation of voters is growing up around us. It is attending the schools. It is being fitted whether well or ill for tasks in nation building and in maintaining our institutions such as never have been cast upon the shoulders of any people. You will search history in vain for any parallel to the task which Canadians of the near future will have to grapple with as best they may.

What are the leaders of the Conservative party doing at the present time to cultivate a spirit of self-reliance and confidence in the Institution of our own country? What impression will the rising generation get from the extravagant assertions made by Conservative leaders concerning the effects of reciprocity? If the young people believe these assertions, would they not get the impression that the institutions of Canada are so weak and the patriotism of the people so subservient to material conditions, that the acceptance of a trade agreement with the people of the United States would demoralize the country and lead to the disruption of the Empire? Would it not be much wiser for those leaders of public opinion to assure the rising generation that the Canadian people are equal to the task of nation building and that their loyalty is not affected by any trade considerations.

## PEOPLE'S PULPIT.

Sermon by CHARLES T. RUSSELL  
Pastor Brooklyn Tabernacle.

## ONE CHURCH IN THE BEGINNING

"The Church of the First-Borns, Whose Names Are Written in Heaven."

London, April 9.—Again Pastor Russell had a most intelligent and attentive audience, amongst whom were many ministers of all denominations. His text was "The Church of the First-Borns, whose names are written in heaven" (Hebrews xii, 23).

He urged that the subject be approached prayerfully and honestly—that all who see that there was but one Church in the beginning, established by the Redeemer, see also that there will be but the one Church in the end, the Church Triumphant in glory, "the Bride, the Lamb's Wife." For the same reason that there have been churches many amongst the followers of Jesus, there have been churches many, as representing those doctrines.

As last Sunday the question was, "What is the True Gospel?" and as we found that true Gospel more or less scattered in all the various creeds, and none of them the pure and unadulterated Gospel, so to-night we should be prepared to find that the one true Church of Christ for the past eighteen centuries has been scattered here and there amongst various denominations, and that not one of these denominations is the true Church. Not one of them can claim to contain all the "wheat" and none of the "tares." Not one of them can claim to contain all of the saints and no hypocrites. The time was when the various divisions of the Christian Church severally laid claim to being the one and only Church. But that time has passed, so far as the people are concerned, and has passed so far as the majority of the clergy are concerned.

I am not here to charge intentional wrong-doing on the part of any of the divisions of the Christian Church, said Pastor Russell. On the contrary, I shall assume that the framers of the various creeds were sincere, honest men; and that the original followers of those creeds were sincere, and that a few to-day may be equally sincere. I shall assume, however, that the majority of Christians, ministers and laymen, realize that the sectarian fences are largely composed of misconceptions of the Divine Word and Plan and that the causes which originally led to Church divisions have considerably disappeared. If we can now recognize one true Gospel we may all reunite, in harmony with our Master's prayer, that "All may be one, as Thou, Father, and I are one."

I remind you again of the simplicity of this Gospel which recognizes the broad outlines of the Divine Plan and allows each individual to see as many of the finer lines of the same as his spiritual development will permit. On that broad basis of Christian union the early Christians were one and reprobated those who said, "I am of Paul; I am of Apollus, I am of Peter" (I Corinthians i, 12). As only Christ died for us all, He alone must be recognized as our Saviour. As He is the Head of the Church and the only Head, He only must be recognized. As all we are brethren, so the class distinction as between clergy and laity must be abrogated that we all may be one Church with one Lord, one Faith and one Baptism and one God and Father over all (Ephesians iv, 5).

How the divided Church, with clashing creeds, appears to the Almighty, He tells us, calling it Babylon—which signifies confusion. And who can deny the appropriateness of the name? In times past Catholics have applied this name to the Protestant sects, and the Protestants in turn have applied it to the Church of Rome. But when we come to examine the Scriptures on the subject they seem to include all—the Church of Rome being represented as the mother Church and the various Protestant Churches as her daughters. The charge of harlotry which the Lord makes against mother and daughters must be acknowledged, although with some this harlotry has been more open and pronounced than with others.

Using the Jewish marriage ceremony as the basis of the figure, all Christians, as members of the true Church, are declared to be "espoused to one husband, which is Christ" (II Corinthians xi, 2). Under the Jewish custom the espousal brought the woman under the same obligation of chastity as though the marriage had taken place. Thus the Church, by her vow to her Lord, is obligated to the full, although the marriage with the Heavenly Bridegroom will not take place until His Second Advent and the change of the espoused from earthly to heavenly conditions, for "flesh and blood cannot inherit the Kingdom of God" (Revelation xix, 7; John xiv, 3; I Cor. xv, 50).

Spiritual harlotry is the condition in which the espoused of the Lord becomes affiliated with and joined to the world—thus the Church of Rome became affiliated with or united to the civil government of Rome; and when the Roman Empire went to pieces the Papal Church entered into covenant relationship with various divisions of the civil government; and some of these paramours she still has, while others have left her. France is gone, Portugal also, and Italy, Spain is moody; Austro-Hungary is her chief reliance at the present time. She is well treated in America, but not joined to the American Government. She is well entertained and given every liberty in Germany and by many in Great Britain, but these countries are not her paramours.

The Greek Church is joined to the Russian Government; the Church of England to the British Government. The Lutheran Church is married to several European Governments. Others of our Protestant Churches, hav-

ing no opportunity for affiliation with earthly governments, have become united to worldly systems, worldly organizations of their own, in which, as a rule, wealth, mammon, sits at the head of the table, "Like mother, like daughters" is an old saying. Instead of charging this whole matter upon others, let us each recognize and take to heart our own share, for which we are responsible.

As the doctrinal errors which caused our divisions gradually developed during a long period of darkness, so our development along the lines of spiritual harlotry were gradual. It is not for us to quarrel with the facts, which are undeniable, but to sincerely repent of the wrong condition and renounce it. Coming back to the one faith, we should come back also to the one Lord. So doing He will graciously receive us and thenceforth His name alone will be quite sufficient. We will no longer need to style ourselves Roman Christians, English Christians, Lutheran Christians, Calvinistic Christians—but all such names will be abhorred as reminders of the unfaithfulness which we now deplore. As the name Christian was sufficient for the early Church it is sufficient to-day for all heartily glad to abandon errors of the past and to come together as the one "Church of the Living God."

As for the one baptism, let us concede what the Scriptures claim and declare, namely, that the water immersion is merely a symbol or picture of the burial of the individual's will and interests in death—like unto and in fellowship with our Lord's self-renunciation, even unto death. Thus all of the consecrated, of whatever denomination, can be recognized as members of the one true Church if they are dead with Christ to the world, its hopes and aims—buried with Him by baptism into His death, which death to the flesh (accepted by the Father) constitutes us members of the one Body of Christ, the true Church. If thus baptized into His death, we shall share also in His resurrection, says the Apostle (Romans vi, 4, 5).

Is it asked, Where has the true Church been during all the eighteen centuries since the Apostles died? We answer that the Scriptures picture her as going into the wilderness condition, out of public view, for twelve hundred and sixty years of this time. As pride, pomp, arrogance and error came into prominence, meekness, gentleness, love, simplicity, gradually retired. Through the long period of the "dark ages" no history of the true Church was written, just as no such history or record of her can be written to-day.

Since none of the various denominations is the true Church, therefore the history of none of these gives her history. As her members are Scripturally declared to contain not many wise, not many learned, therefore scattered amongst all the various creeds and churches, and some outside of them all, the espoused, chaste "virgin" of the Lord is not a prominent feature in Church affairs and is wholly unknown to the world. Indeed, these, while in the world, are not of it and usually are disesteemed. As the Master said, Marvel not if the world hate you. Ye know that it hated Me before it hated you. If ye were of the world, the world would love its own (John iii, 13; John xv, 18, 19).

If, then, the spirit-begotten ones, constituting the Lord's betrothed virgin Church, are few, and if that few be scattered amongst the four hundred millions nominally styled Christendom, it follows that they are greatly in the minority and could have comparatively little influence to-day even if they were ever so determined and energetic. The masses and classes rule. Wealth, learning, earthly interests and earthly power are better pleased with present conditions than with those which God's Word promises will be established when Messiah shall take to Himself His great power and begin His reign of righteousness.

Babylon, as the Scriptures declare, is great, influential, powerful—mother and daughters. She will never consent to a recognition of the saintly few in her midst, whom she considers foolish in claiming to be "the elect" and true Church. To apply the Apostle's words, She esteems the saintly class "fools all the day long," "the fifth and off-scouring of the earth. To her they are insurrectionists, always crying out for the simplicities of the Gospel, the rights and liberties of the individual in person and conscience, for holiness unto the Lord, not merely in name, but in deed and in Truth. For this true Church class, so small a minority in Babylon, to wait for the conversion of the worldly masses of the various systems to see "eye to eye" with them in this matter and to reform all these various systems would be to confess folly and to be led of unreason.

In such a matter we need the wisdom which comes from above and the faith and courage to follow it. The Lord's prayer must be our guide respecting His will concerning us—us who have by faith and consecration and begetting of the Holy Spirit been adopted into the One True Church "whose names are written in heaven." If prayed for us and not for the nominal mass, who are really parts of the world and thoroughly deceiving themselves in supposing that they have either part or lot or inheritance with the Church. Thank God that we now see that this does not mean that all except the saintly will be eternally tormented, but merely that none except the saintly, "copies of God's dear Son," can be members of

the glorious "little flock," which God predestinated He would gather from every nation, people, kindred and tongue.

Of this faithful Church the Lord declares, "My sheep know My Voice and they follow Me." We hear His Voice assuring us that it is His will that we who belong to His chaste, espoused virgin class should all be one—should no longer be separated into sects and parties by creedal fences. The Lord declares that He gave Babylon time for repentance and she repented not. He declares that His sentence against the Babylonian system has already gone forth—that, from the Divine standpoint, already "Babylon is fallen! is fallen!" from Divine favor. What would be the wish of our Beloved, to whom we are betrothed? What is His message to us? It is written, "Come out of her, my people, that ye be not partakers of her sins and that ye receive not of her plagues"—her troubles (Revelation xviii, 4).

Since the nominal systems are not in that consecrated condition of heart, hungering and thirsting for the Truth and for righteousness and dead to self-will, therefore it is hopeless to think of their surrender of their interests, theories, etc. The very most they could think of doing would be to federate—to agree not to war with each other. Far better would it be to have some theological battles and air their inconsistencies before the wiser public of to-day. But whatever Babylon may do, mother and daughters, the course of the saintly few, the real Church, which is shortly to come from the "wilderness" leaning upon the arm of her Beloved Bridegroom, is clearly set forth. The saintly should unite in heart on the principles and doctrines of God's Word, and should stand free in the liberty wherewith Christ has made them free from all human bondage and sectarianism.

Why should the Lord permit the formation of these great wards and divisions in mystic Babylon? He has permitted only such things as He is able to make work out blessings for His very elect, His "little flock," who soon shall be joint-heirs with Christ in His Kingdom. Babylon's strong sectarian walls, styled "orthodoxy" and the great brazen gates of worldliness will afford the saintly few the very test they need to demonstrate themselves "overcomers"—"more than conquerors," for such overcomers only will constitute the members of the Bride class. All the promises are made to the "overcomers" and there must needs be permitted subtle evils for their testing.

In a word, our Lord's prayer will be realized by the "overcomers." They will be one with Himself and with the Father; there will be "one Lord, one Faith, one Baptism, one God, the Father." But as for the nominal systems their future will be destruction as systems, though many of God's dear people in them, failing to overcome, will be "saved so as by fire" in a great time of trouble with which this Age will terminate and the New Age will ushered in (I Corinthians iii, 15).

You have my plea, Christian brethren, for the fulfillment of the Master's prayer in the union of "the Church which is the Body of Christ," "the Church of the First-Born, whose names are written in heaven." This union will not necessitate any reorganization as a new sect or new Church. It is the true Church, the only one which God has ever recognized. Babylon, without it, would not be in any sense of the word recognized of God, and, as soon as the "overcomers" shall have escaped from Babylon, Babylon will come in remembrance before God that He may give to her the cup of the wine of His wrath, and suddenly, in one hour, her fall will occur (Revelation xvi, 19; xviii, 10). To the true Church the Lord all along intimated that their oneness is as members of Christ, and not in earthly organizations. We do not read, Gather together unto Calvin, Luther, Wesley, Paul, Apollus or Peter, but, "Gather together my saints unto Me, saith the Lord, those who have made a Covenant with Me by sacrifice." "They shall be Mine, saith the Lord, in that day when a come to make up My jewels" (Psalm i, 5; Malachi iii, 17).

When all of the sanctified shall have been delivered, the clock of the Universe will strike the hour which closes the present Dispensation and opens the New; and "the salt of the earth" having been removed from Babylon, corruption will swiftly ensue. Flee out of Babylon! Deliver every man his soul! Let us use the light of "Present Truth" to the extent that each enjoys it. It will guide us in respect to all the affairs of life—into closer fellowship with God and the Saviour and the brethren; and into separateness of mind and heart and service from Babylon. Let Babylon proceed with the goods works in which she takes pride. The work of the saints, the Lord declares, is to "build one another up in the most holy faith," that eventually it may be said, "The marriage of the Lamb has come, for His Wife hath made herself ready."

## The Sagacious Buffalo.

An interesting point in the story of Canada is that the country was discovered by following the buffalo herds on their ranges.

"You can tell good country by following buffalo," says a student of the plains. Harry V. Rodford shot the largest buffalo on record, 2,460 lbs., north of Fort Smith. The soil is fertile, the grass long, the hay thick and cures well. No such country was to be found elsewhere from the Rio Grande to Fort Smith.

## Hard Position to Fill.

Employment Agent—Why do you leave a place in which you have worked so many years?

Domestic—Well, you see, the missus died last month.

"The house is lonely now, I suppose."

"Tain't that. But now the missus is dead, the master blames everything on me."

## Cost of Secret Service.

For its foreign secret service Britain expended \$235,520 out of the \$250,000 voted, during the year 1909-10.

Reciprocity Will Have a Hard Time in Congress.

THERE ARE FOUR PARTIES

Republicans Are Divided Into Two Hostile Camps and Democrats Have a Good Showing of High Protection Advocates in Their Ranks.

Washington, April 10.—It is daily becoming more manifest that Congress is facing a stormy session, and that there can be made no forecast for the probable legislative outcome.

There are virtually four parties, each with a large representation, working at odds in the present session. The Republican minority of the House is divided between regulars and insurgents, as was evidenced by the vote in the Speakership contest.

A sharp line has been drawn between the conservative Democrats of the Senate, who are opposed to any attempt at dictation on the part of Wm. Jennings Bryan and the progressive Democrats, including practically all of the new members and several veterans like Senator Stone of Missouri, who are Bryan adherents.

While President Taft would like Congress to adopt the Canadian reciprocity agreement and defer other measures to the regular session, Speaker Champ Clark and Oscar Underwood have other views.

Now that the new majority in the House has adopted rules giving it just as much power as any majority ever enjoyed, there is no doubt that measures on the subject of direct election of Senators, publicity before elections of campaign contributions, Canadian reciprocity, revision of the woolen and cotton schedules, and any further tariff changes, the majority's desires will be sent to the Senate in whatever order is decreed by the ways and means committee.

Only time will tell what sort of line-up there will be in the Senate on tariff matters. Previous sessions have indicated that there are just as ardent protectionists in the Democratic representation.

Police Chief Arrested. Annapolis, Ont., April 10.—Charged with theft of \$11,246 of the funds of the town of Annapolis, Chief of Police John Mattson, was arrested Saturday afternoon, arraigned before Magistrate Burwash and committed for trial.

The warrant for the chief's arrest had been made out for several days, and the prosecution were only awaiting his recovery from his illness before taking action. Shortly after noon on Saturday Constable Cousineau served the paper on the chief, who accompanied him down to the court house.

Spokane, Wn., April 10.—Theodore Roosevelt made his first public declaration regarding his possible candidacy for the Presidency at a luncheon given in his honor Saturday by the Commercial Club.

Will Build In Britain. Constantinople, April 10.—The Chamber adopted a motion Saturday by a vote of 115 to 40 confirming the Government's action in awarding the contract for the vessels of the new Turkish navy, consisting of three battleships of 16,500 tons each and several smaller craft, to Armstrong, Whitworth & Co., Ltd., of London.

WANTS FOUR SEATS.

An American Would Like a Box in Westminster Abbey.

London, April 10.—These are busy days for foreign and colonial representatives in London, particularly the American and Canadian officials. Thousands of people are coming from America for the coronation, and from the appearance of the embassy and consulate mail bags a large proportion of them want something done for them.

The majority of the requests are reasonable; many are difficult to comply with, and a few, to those knowing the conditions, are ridiculous. One writer, for example, asked that four seats be reserved for him in Westminster Abbey on the day of the coronation, hardly realizing perhaps that few outside of official circles will secure a glimpse of that historic ceremony, and not many thousands will even get a view of the procession from Buckingham Palace to the Abbey, the route being so short.

There will be many occasions during the summer, however, of seeing the royal coach and witnessing ceremonies only a little less interesting than the coronation itself. Five times during May and June Their Majesties will drive through the streets of London. On May 21 they go to Crystal Palace to open the festival of empire; on June 22 there is the coronation procession; on the day following the royal passage through London, when several miles of streets will be traversed. On June 29 the visit to the Guild Hall and return through north London; on June 30 a second drive to Crystal Palace, where the King and Queen are giving a coronation fete for 100,000 children in the elementary schools of London.

On May 16 the Queen Victoria memorial will be unveiled, and the German Emperor and Empress will attend. The following evening a gala performance will be given at Drury Lane in honor of the German Emperor. In coronation week there will be gala performances at both Covent Garden Opera House and His Majesty's Theatre.

Canadian Cadets to Go.

Ottawa, April 10.—An invitation having been received from the Imperial Cadet Association of London, Eng., for Canadian cadets to participate in the "Boys' Biscay" on the 24th of May, it has been decided to send twelve cadets from organized cadet corps, accompanied by an officer, to take part in the competitions. The Department of Militia and Defence will have charge of their transportation to and from the cadets' homes and subsistence during their stay in England. They will sail from Montreal for England on May 5th and return to Canada early in July.

The cadets will be selected from those participating in the miniature and gallery competitions of the Canadian Rifle League, 1911, and be chosen according to the places taken by them in a special competition to be fired with single-loading rifles, 22-bore, on local miniature ranges from the 11th and 19th of April.

Shot His Son.

Halifax, N.S., April 10.—A shooting affair that may end in tragedy, occurred at Truro yesterday, in the home of Michael Jackson, who is now in jail charged with shooting his son Arthur. The prisoner is over 70 years of age, and has always been considered a peaceful man. Arthur, who is in the hospital with a bullet hole in his neck, has been away from Truro for ten years. He returned some days ago and since then has been living at his father's house.

The trouble started yesterday morning over washing the breakfast dishes, as the men were keeping bachelor quarters. Words brought on blows, and the son, it is said, struck the old man, knocking him down. The father drew a revolver, the son grabbed a knife and sprang at his father, who turned the revolver on him and the bullet entered his neck.

Tried to Kill Landlady.

Rochester, N.Y., April 10.—George Lettis, once a leading coal dealer of this city, attempted to murder Mrs. Ida Hoffman, aged 44, with whom he boarded, Saturday night. He fired three shots at the woman, one of which struck her in the left shoulder and set fire to her clothing. The second bullet struck a corset stay to the right of the heart. The stay dented the flesh, which was not broken. The stay undoubtedly saved the woman's life. Lettis pursued the woman for a block, firing all the way, until Patrick Boland, a ball player, grappled with him. Boland wrestled the gun away from the man, who produced a bottle of carbolic acid and swallowed enough of the fluid to cause his death.

Navigation Delayed.

Montreal, April 10.—Montreal's hope for an early opening of navigation this year has been rudely shattered. The cold weather spell, with which March kept up her reputation for a lion-like exist, has so delayed the breaking up of the ice that it is already a week past the time of opening of navigation last year, and the prospects are that it may be two or even three weeks more before the boats will be able to reach this port.

In Peril on Island.

Halifax, April 10.—No word has been received by C. H. Harvey, agent of the Marine and Fisheries Department, from St. Paul's Island, where 140 of the crew of the abandoned steamer Harlaw found a refuge from the sinking ship. Mr. Harvey considers that this means the Newfoundland Government steamer Bonaventure, sent to the men's relief, has not been able to make the island.

Serious Rising in Canton?

London, April 10.—A special despatch to The Daily Despatch from Hong Kong, says that a serious rising is reported to have taken place at Canton. It is stated that the Tartar general commanding the troops has been murdered, and that other troops have been hurried to the city, which is in a state of siege. There is no confirmation of this report from other sources.

BIG LINER IS OFF

Prinzess Irene Is Floated Almost by a Miracle.

PASSENGERS GO UNSCATHED

Storm at Sea So Increases the Tide That the Vessel Suddenly Frees Herself to the Surprise of the Rescuers — Captain Will Escape With a Reprimand and Will Take Ship on Return Trip.

New York, April 10.—"All safe ashore" was the message flashed by the commander of the steamer Prinz Friedrich Wilhelm to his owners as the big liner with the 1,720 rescued passengers of the stranded Prinzess Irene warped into the North German Lloyd docks at Hoboken Saturday morning, having anchored in the harbor over night.

And yesterday afternoon, bearing no visible scars except a shattered rudderpost, the North German Lloyd liner Prinzess Irene slipped away from Fire Island as unexpectedly as she had come in the fog of Thursday morning. After 83 hours of imprisonment in the sand off the Lone Hill Life Saving Station, she cheated the "graveyard of the Atlantic" and was floated with the aid of the tugs at 3.05 p.m. At 3.40 she left in tow of Scotland Light, practically at the entrance to New York harbor, to anchor for the night. To-day, the Irene came up to her dock, and after her hull is fixed she will be rushed to Newport for more thorough examination in drydock. Her stay there will depend on what the inspection discloses. The vessel has not taken a drop of water and her plates are thought to be intact.

The North German Lloyd Line has been noted for its kind-hearted leniency with conscientious commanders, and as the veteran Captain Peterson of the Prinzess Irene will take his ship back across the Atlantic under her own steam, substantially unscathed, it is the assumption here among those who profess to know, that Peterson's personal grief will be his chief punishment. He has had a flawless and notable record heretofore, and in New York steamship circles it is believed that if his explanation of the grounding is considered satisfactory his reprimand will not be severe.

To the life-savers who followed the work to save the Prinzess Irene, her sudden flotation yesterday afternoon was a distinct surprise. Capt. G. J. Goddard of the Lone Hill station was almost flabbergasted. In his opinion it was due to a miracle and an unusually high tide stirred up by a southeasterly storm at sea.

Fire Wipes Restricted District.

Tokio, April 10.—The notorious Yoshiwari, the principal quarter of Tokio, inhabited by the licensed Hetairae, was destroyed by fire yesterday. Many of these houses were almost palatial in appearance, and a thousand of them were burned in a little more than three hours. Six thousand female inmates were rendered homeless.

The Yoshiwari is conducted under Government licenses, which provide for the establishment of hospitals and several of these institutions were also burned. The fire, which began at 11.30 o'clock in the morning, spread over a vast area. It was fanned by a strong southern wind, and flames were swept to the surrounding structures to the north. Altogether it is estimated that 5,000 houses are in ruins, covering an area approximately four square miles.

A large number of women were severely injured, but so far as is known no deaths have occurred. Five hundred troops are guarding the territory. When the wind died down on the clear night, the entire northern skies of Tokio were ablaze from the glowing embers. It is impossible to present an estimate of the total loss at this time.

Churchill Defends Honor.

London, April 10.—For several years Winston Churchill, the Home Secretary, has been annoyed by a persistent story that while he was a Boer prisoner during the war in South Africa he broke his parole and escaped. Saturday he took measures to prevent any further circulation of the story by bringing suit for slander against one Spencer, a political speaker, who, during the recent elections, repeated the calumny.

Mr. Churchill's counsel declared to the court that there was not the slightest foundation for the story. Mr. Churchill had hitherto ignored it, but its repetition for political purposes during the last two elections had forced him to take the present action and to demand damages as the most effective means of killing the story. The case ended by Spencer, the defendant apologizing. The judge then condemned him to pay damages in a nominal sum.

Peace Campaign Afoot.

New York, April 10.—Advocates of international peace had on Saturday night at the Press Club Andrew Carnegie as guest of honor, and resolved to work remittingly until the proposed arbitration treaty between the United States and Great Britain shall have been ratified. They also blazed the way for the creation of the movement throughout the country of demonstration meetings in every city and county in the country.

Patrol Is Lost.

Edmonton, Alta., April 10.—Grave fears are entertained that the worst happened to the mounted police patrol, consisting of Sergt. Fitzgerald and Constables Carter, Martin and Taylor, who started from Herschel Island for Edmonton, in December last.

The expedition is one month overdue now, and a searching party returned yesterday with no tidings of the missing men.

MERGER PUT THROUGH.

Four Big Electrical Companies Are United.

Toronto, April 10.—A \$19,000,000 electric merger will be formed in this city in the near future. The contracting parties will be the Toronto Electric Light Co., which passed into the hands of the Electrical Development Co. by the unanimous decision of the shareholders of the former company at a meeting held on Saturday, the Electrical Development Co., the Toronto Power Co., sometimes known as the Toronto & Niagara Power Co., and the Toronto Railway Co. The first company is capitalized at \$4,000,000, the second at \$6,000,000, the third at \$1,000,000, and the fourth at \$8,000,000, making a total of \$19,000,000.

In addition to the above stock capital of the four companies there is a total underlying bond issue of \$17,500,000, so that the total money value of the combination is really \$36,500,000. The outstanding bond issue of the Toronto Railway Co. is \$3,998,900; the Electrical Development Co., \$10,000,000; Toronto Electric Light Co., \$1,000,000; and Toronto Power Co., \$2,500,000.

That such a move is contemplated and that the purchase of the Toronto Electric Co. by the Electric Development was but the initial step in this big financial combination, was learned last evening from a reliable source. Credence is added to this announcement when it is taken into consideration that the interests of the four companies mentioned are almost identical.

These companies in their operations have for some time past been dovetailing their activities. As to the personnel of the parties interested, the names of Sir Henry Pellatt and Sir William Mackenzie occupy prominent positions in all of them. Sir Henry is at the head of the Electrical Development Co. and the Toronto Electric Light Co., and a director of the other two. Sir William is at the head of the Toronto Railway Co. and the Toronto Power Co., and is also a director of the other two.

For all practical purposes there is a combination already of these four electric companies. The merger will be the formal public announcement that the companies are united.

Would Not Help Empire.

London, April 10.—Lord Selborne, speaking at a meeting in support of imperial preference, referred to American-Canadian reciprocity. He entirely accepted Secretary Knox's disclaimer in behalf of the United States Government of any idea of absorbing Canada, but complained that this was the first time any part of the British Empire would enjoy preferential treatment in a foreign country over the rest of the Empire.

It was impossible, he said, to regard the precedent with satisfaction, and they could not hold that the agreement was to the commercial and industrial advantage of the United Kingdom.

Manager Steen has been able to book at the Grand the famous Western play "Montana" for to-night. This company is composed of a large cast and carries a large production of special scenery. This is one of the strongest western plays now being presented. It is written by that brilliant young actor author, Harry D. Carey. All the properties and stage furnishings used in "Montana" were made at the Carey Ranch, the "shaps" were designed by Mr. Carey himself, and worn by the foreman of the ranch, Eagle Joe, who is to be remembered at one time as one of the foremost attaches of the Buffalo Bill Ranch in Wyoming. The drawings of the scenery were made by Mr. Carey. The painting is from the celebrated studio of Gates and Morange.
