POLICE COURT

Pollocks Disagree and Go to Court—A Lengthy Case.

The case in the Police Court on Tuesday arising out of a dispute between two Pollocks lasted from 10 until after 1 o'clock. Wasel Raczmas charged Jacob Picneikoski with assault and battery.

William Mazur acted as interpreter.

Picneikoski is a boarding boss and the complainant had been staying there. On Friday night, when he returned home, he told the boss he was going to leave and was desirous of paying his bill. Picneikoski asked him for \$1.72, said amount being for soup and lodging for fifteen days. Raczmas claimed that he only owed for fourteen days whereupon Picneikoski seized complainant's trunk. In this trunk was \$3.00 in cash, and when Raczmas went after it Picneikoski held him off with a gun. Finally, he called on Chief Bond and the trunk was recovered. Several witnesses gave evidence contradicting the statements of the complainant.

A fine of \$7.00 and \$7.50 costs or 30 days in jail was imposed. The money was paid.

BEE KEEPING

Meeting of the Northumberland Beekeepers' Association.

On Thursday and Friday, March 23rd and 24th, Bee Institute meetings were held in Campbellford and Warkworth, under the auspices of the District Branch of the Department of Agriculture at Port Hope.

About thirty bee men and women attended the meetings, and what they lacked in numbers they more than made up in enthusiasm.

Mr. Morley Pettit, Provincial Apiarist, and Lecturer in Bee Keeping at the Agricultural College at Guelph, was the principal speaker.

Mr. R. S. Duncan, district representative and his assistant, Mr. D. E. MacRae, opened the meetings at Warkworth and Campbellford respectively.

Mr. Pettit discussed "Bee Diseases and other Problems," and said that the three most important features with reference to Bee Keeping were wintering, swarm control, and the dreaded disease known as "European Fowl Brood." A number of the bee-keepers gave their experiences in keeping bees and it was evident that some of them were almost past masters in the art of bee-keeping.

At Warkworth in the evening Mr. Pettit gave an illustrated lecture on Bee Keeping, with special reference to the anatomy of the bee. The bee-keepers organized a North-

Pres.—B. J. Philp, Hilton.

Vice-Pres.—A. W. Free, Campbellford.

Sec.-Treas.—R. S. Duncan, Port Hope.

Directors—Miss Margaret Scott, Warrington Scott, W. J. Varcoe, Henry Stevenson.

The above Association intend to affiliate with the Ontario Bee Keepers' Association which gives each member the same privileges as does the Ontario Association, namely:—One year's subscription to the Canadian Bee Journal.

The annual report of the three days Convention held at Toronto during the time of the Flower, Fruit and Honey Show.

A special report on the crop and price of honey.

Sixteen members have paid their annual subscriptions of \$1.00 and it is expected that almost every bee keeper in the County of Northumberland will join the Association, better themselves and further aid the Association to put bee keeping on a more satisfactory basis.

On Friday, May 19th, the directors have decided to hold a special Apiary demonstration in the apiary of a good practical bee-keeper. Mr. Morley Pettit, of Guelph, is to be present and it is hoped that a number of interested bee-keepers will avail themselves of the opportunity to become better versed in practical bee-keeping methods.

Miss Edith Dell is visiting friends in Lindsay.

Mrs. M. Welton, of Albion, N. Y., is in town, called here owing to the very serious illness of her mother, Mrs. Greenis, Pine street.

Mr. Arthur Watt, of the Traders Bank, Lakefield, spent the holidays in town, the guest of his parents, Mr. and Mrs. D. Watt, Ontario street.

PORT HOPE TWENTY-FIVE YEARS AGO TO-DAY

April 19, 1886.—Another lovely day.

A baseball organization meeting is called for to-morrow night.

There was considerable business in the Police Court this morning. An Indian for being drunk was allowed to go. A prominent merchant was fined \$4.00 for allowing his cows to run at large. A boy for throwing stones and injuring a son of Nightwatchman Hobbs, was fined \$4.50.

The market was well attended today. Butter was in abundance at from 20c to 25c per lb; eggs 10c doz; chickens 25c to 30c each; veal 5c to 6c per lb; mutton 6c to 7c lb; potatoes 75c per bag.

Baptist Church Notes

The Men's Choir will practice in the School Room of the church at 8 p. m. Thursday, April 20th.

Pastor LaFlair's subjects next Sunday will be:

Morning—"The Problem of Temptation."

Evening—"The Marriage Problem."

SIMILAR WEATHER 50 YEARS AGO

Fifty years ago, in 1861, the winter season was very similar to that we are just escaping from. So far, history has repeated itself.

There was the same, continued cold, fairly heavy snow, and then, as now, "winter dallied in the lap of spring."

There was one outstanding fea-

ture of the year, which, it will be hoped may not be repeated this spring. A very heavy snow storm set in late in April and snow was on the ground on May 1st.

"CRIPPLE CREEK" FINE PRODUCTION

This clipping from the Hamilton Herald refers to a production which comes to the Opera House tonight: Last night at the Grand Opera House, the popular melodrama, "At Cripple Creek" by Hall Reed, was performed before a large and appreciative audience. Of the series of western melodramas which are on the boards, there are few, perhaps, so brimful of exciting and thrilling sensations as this western play. A vein of humor permeates it all. The drama is true to the nature of the wild west both from the human and scenic standpoints. All the roughness and nerve-stirring style of living which exist there are faithfully portrayed.

The scenic effects are an outstanding feature of the production. The scene of action is laid in the west and the plot evolves itself around that type of man who is commonly imagined to exist in the wild western regions, an adventurous, callous, blood-thirsty scoundrel who tries to get all men and women who come his way into his fiendish power.

Miss Edith Dell is visiting friends in Lindsay.

Mrs. M. Welton, of Albion, N. Y., is in town, called here owing to the very serious illness of her mother, Mrs. Greenis, Pine street.

Mr. Arthur Watt, of the Traders Bank, Lakefield, spent the holidays in town, the guest of his parents, Mr. and Mrs. D. Watt, Ontario street.

LEADER IS A GIRL. Mexican Insurrecto Troop Has an Amazon Chief. Mexico City, April 17.—The leader of the large band of revolutionists now operating in the State of Guerrero, is a girl, Senorita Dona Margarita Neri, daughter of a man who once was a general in the Mexican army, General Canuto Neri, but who, forsaking his country's cause, took up arms against the Diaz Government.

Malkin swelled with indignation. 'You don't mean it! You are turning a grave argument into jest!—Where's my hat? Where the devil is my hat? Send for me again when you are disposed to talk seriously.'

He strode towards the door, but Earwaker arrested him with a shout. 'You're leaving your pipe! So I am. Where is it?—Did I tell you where I bought this pipe?' 'No. What's the wood?'

'On the instant Malkin fell into a cheerful vein of reminiscence. In five minutes he was giving a rapturous description of tropical scenes laughing joyously as he addressed now one now the other of his companions.

'I hear you have a mind to see those countries, Mr. Peak,' he said at length. 'If you care for a travelling companion—rather short-tempered, but you'll pardon that—pray give me the preference. I should enjoy above all things to travel with a man of science.'

'It's very doubtful whether I shall ever get so far,' Godwin replied, musingly. And, as he spoke, he rose to take leave. Earwaker's protest that it was not yet ten o'clock did not influence him.

'I want to reflect on the meaning of happiness,' he said, extending his hand to Malkin; and, in spite of the smile, his face had a sombre cast. The two who were left of course discussed him.

'You won't care much for Peak,' said Earwaker. 'He and I suit each other, because there's a good deal of indifference in both of us. Moral earnestness always goes against the grain with him; I've noticed it frequently.'

'I'm sorry I spoke so dogmatically. It wasn't altogether good manners. Suppose I write him a short letter, just expressing my regret for having been led away.'

'Needless, needless,' laughed the journalist. 'He thinks all the better of you for your zeal. But happiness is a sore point with him; few men, I should think, have known less of it. I can't imagine any circumstances which would make him thoroughly at peace with himself and the world.'

(TO BE CONTINUED.) FOR CATARRH Medicine Free in Every Case Where It Fails to Relieve.

Neglect or pessimism, I believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease.

Until the advanced stage is reached consumption is curable. Catarrh is responsible, I believe, for many cases of consumption. It is about catarrh I want to talk to you today, incidentally consumption, since the two are so closely allied.

I have a medicine made from a prescription of one of the most successful catarrh specialists known. I believe it is positively without an equal. I am so satisfied that I am right, that I will supply the medicine free in every instance where it is used according to directions for a reasonable length of time should it fail to give satisfaction in every particular. I want every one to try this medicine at my risk. There are no conditions attached to my offer. I put the user under no obligation to me whatever.

The medicine I want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder.

Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that I have ever had anything to do with. I know so much of the great good that it has done that I personally back it up with my reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1.00. I urge you to try it. Remember you can obtain Rexall Remedies in Port Hope only at my store—The Rexall Store. H. W. Mitchell, Phm. B.

Some Tongue Twisters A London paper recently offered a series of prizes for the best "tongue twisting" sentences. Most boys and girls will find the prize winning contributions quite amusing. Here they are:

EQUALITY OF ASSESSMENT. Peterboro Examiner. If there is one department of municipal administration more than another that falls far short of perfection it is that which deals with assessment. BASEBALL LINDSAY HAS COLD FEET.

The announcement of the organization meeting of the Midland Baseball League in Port Hope on Good Friday, in which representatives from Lindsay were said to be present, came as a surprise to the local fans.

The prospects for Lindsay having a team in the league are mighty slim indeed, in fact it might be stated right here that Lindsay has not the material available for such a team. The post interviewed several players last night and they were all of the opinion that an effort should be made to organize a town league this summer with a view to arousing greater interest in the game. They did not view the proposition of entering a team in the Midland League with favor. It looks as if the league executive would have to revise their schedule. —Lindsay Post.

Desperate Around Fez. Paris, April 18.—The decision of the Government to despatch French reinforcements to Morocco is due to the fact that the internal situation of Morocco is growing steadily worse.

Several tribes hitherto faithful to Sultan Mulai Haifa had thrown in their lot with the rebels. The position of Fez, including the matter of the lives and property of foreigners, is considered critical. The rebels are reported drawing a circle around the capital. Despatches received here by way of Spain indicate that sedition is rampant in Fez itself, with food growing scarce and communication with the coast becoming daily more difficult.

Condition of U. S. Steel Workers. New York, April 18.—An investigation into the working conditions in the mills of the U. S. Steel Corporation was decided on at the annual meeting of the stockholders, in Hoboken, N.J., yesterday. The proposal came up after the election of directors, when Charles M. Cabot of Boston introduced a resolution providing for a committee of five to investigate and report to the finance committee not later than Oct. 1, as to the truth of the statements contained in a recent magazine article alleging that employees of the corporation were overworked.

Old Liberal Worker Dead. St. Catharines, Ont., April 18.—J. J. McCarthy, who up until a few years ago was one of the most active workers for the Reform party in Ontario, died at Gowanda, N.Y., Saturday afternoon, and was brought here for burial on Sunday. His saloon in Buffalo figured prominently in the famous "Minnie M." case.

Cobwebs in the Morning. Cobwebs in the head on rising in the morning is the result of a Lazy Liver, one or two mornings in succession and sick headache follows. Father Morrissy's Liver Pills will clear the Brain. These Pills are a purely vegetable compound prepared with great care, and are without doubt the very best pills for general use, on the market. The greatest care has been given to selecting the ingredients, and being entirely vegetable, they act upon the liver and bowels in such a manner as not to disturb the other functions of the body as many pills do.

As a Liver Invigorator, Blood Purifier and General System Restorator, they are unequalled. Sick headache is invariably brought on by a sluggish liver, constipation or irregular bowels; these pills are a cure for sick headache in any form. Pimples, eruptions and yellow skin are often caused by a lazy liver; one pill three times a week, will soon clear the complexion.—Price 25c. per box. Crown Attorney After Bondsmen. Toronto, April 17.—Crown Attorney Corley is hot on the trail of a class of individuals known as professional bondsmen. That several men are making a comfortable living at this sort of work has reached the ears of the crown attorney, and prosecutions will likely follow immediately. Mr. Corley made public mention of this matter on Saturday morning when the bail bond of the Italian charged with murder was placed at \$10,000, and somebody suggested that he would probably get a bondsman.

Some people, it appears from the remarks of the crown attorney, have been making a practice of watching cases in the Police Court, and when a defendant was hard pressed for bail would come forward with the offer to go his security for a consideration. Perhaps he would charge a \$10 fee for going the man's bond for a few days, and thus class himself as a professional bondsman. Such proceedings, it seems, are contrary to the law and are indictable. In a similar case in England, Mr. Corley referred to the fact that the judge imposed a severe penalty for a similar offence. The matter will be taken up at once by the Attorney-General.

Western Mining Men to Meet. Ottawa, April 17.—The mine operators of British Columbia and Southern Alberta have advised the Department of Labor that at a meeting to be held on Tuesday the operators will name their representative on the board of conciliation under the industrial disputes act, which will deal with the dispute between the miners and the operators, and which has resulted in the closing down of the western mines. The operators will meet on Tuesday to consider the statement recently issued by the men and to name their representative on the board.

Drowning at Quebec. Quebec, April 17.—The first drowning accident of the season in this port occurred on Saturday evening, when Robert Degraze, an oiler on the Government steamer Princess, found a watery grave in the Louise Basin. He was going down the ladder which served as a gangway between the wharf and the Canada, when he fell over on the ice and dropped into the river. Several planks were thrown out to the drowning man, who made an effort to seize them, but he was apparently injured in his fall, and could not reach any of them.

Whirled Round Flywheel. Brockville, April 17.—A fatal accident occurred on Saturday at Robeck cheese factory, situated in the Township of Augusta, a few miles north of Prescott. The victim was Robert Graham, aged 35 years, who, in adjusting a belt, was caught and whirled around the flywheel. He was instantly killed. While shockingly injured, his body was not mutilated. He was a married man and leaves a wife and four children, two of whom are ill with smallpox.

French Budget Passed. Paris, April 17.—The Chamber of Deputies Saturday evening passed the entire budget and adjourned until May 23. President Fallieres, accompanied by Minister of Marine Delcasse, and Minister of Agriculture Pams, left the capital last night for Toulon, where the Presidential party will embark Sunday on the French battleship Verite for a fortnight's visit in Tunes.

Fell Into Boiling Water. Montreal, April 17.—Eugenie Germaine Gaureau, the two-year-old daughter of Casaire Gaureau, 41 St. Paul street, met death Saturday by falling into a tub of boiling water. A doctor was hastily called, but could not save the child's life. He stated that shock was the cause of death.

Wilkinson Company Assigns to E. R. C. Clarkson. WAS CELEBRATED CONCERN Implement Business Which Started in Aurora Thirty-Five Years Ago Has Succumbed to the Keen Competition of the Canadian Trade, Say Those Interested—Assets Are In Advance of Liabilities. Toronto, April 19.—The announcement was made yesterday of the assignment of the Wilkinson Plow Works to E. R. C. Clarkson. The failure of this firm, one of the largest and oldest of its kind in Canada, means that, outside of the mere loss of work for some 175 hands working in the factories in West Toronto, that there are now left in Canada only two firms manufacturing agricultural implements on a large scale. The company's assets exceed the liabilities by from \$100,000 to \$200,000, but a writ had been issued by creditors for the winding up of the firm, and capital to overcome the difficulties could not be obtained. The Wilkinson Plow Works is a joint stock company with \$190,000 in subscribed capital; the assets run between \$400,000 and \$500,000, and the liabilities some \$300,000. The concern was started by the man whose name the company still bears some 35 years ago in the Town of Aurora, as a small joint stock company, removing later to what was at that time the Town of Toronto Junction. This was nearly 25 years ago. Under the practical methods of Mr. Wilkinson the company appeared to prosper at this period, and continued to do so until his departure from the firm nine years ago. Personal friends of Wilkinson declare that he was dissatisfied with the treatment he received from other members of the firm at that time. He went from the firm he had started to the Verity Plow Works of Brantford, and is now located with the Cockshutt Works. A readjustment of the firm was made some two or three years ago, when the Wilkinson Works either amalgamated with or bought out the West Lorne Wagon Works of West Lorne, Ontario, owned by McKillop Brothers, wealthy lumbermen of that place. It is declared that the McKillops bought a large block of stock of the plow works at this time. It is probable that aside from a few of those closely interested in the concern, the stock is divided into small holdings. Several opinions have been given by those connected with the business of manufacturing agricultural implements that seem to throw light on the West Toronto firm. One gentleman last night declared that the chief reason for the Wilkinson failure was on account of the keen competition of the Canadian trade. Miners Parade Streets. Lestree, Pa., April 19.—Ten thousand miners, with their wives and children, paraded the streets of the boroughs and communities in the Edwin coal fields of Westmoreland County yesterday, in celebration of a year's fidelity to their unions—a year of strike characterized with much violence. Following the parade, meetings were held in the little theatres and halls of the mining communities, which were addressed by labor leaders from this section of the state. The balance of the day and evening was given up to merry-making. First Break in Five Years. Ottawa, April 19.—The death of Perry Graham, son of the Minister of Railways and Canals, makes the first break for some years in the ranks of the Parliamentary press gallery. At the funeral to-day the gallery was represented at Brockville by A. B. Hannay, president, with Messrs. P. E. Bilky, Toronto Telegram; H. E. Wilnot, Toronto World; James Muir, Ottawa Journal; E. M. McLeod, Ottawa Citizen, and Sid Roe, Montreal Gazette. Missouri Pacific's New President. New York, April 19.—Although recently forced out of the position himself, George J. Gould, opposing the Rockefeller-Kuhn-Loeb interests, brought about the election yesterday of E. F. Bush as his successor as president of the Missouri Pacific Railroad, defeating the opposition candidate, David R. Francis, former governor of Missouri. Mr. Bush is president of the Western Maryland Railway. Killed Entire Family. Youngstown, Ohio, April 19.—Grant Rickett, a plumber, shortly after midnight yesterday, attacked his wife and five children with a gun and axe, killed his wife and three children, and probably mortally wounded the other two children. He then shot and killed himself. Rickett feared he was going blind, and that the eyesight of his children was impaired. Penitentiary Guard's Suicide. Kingston, April 19.—Edward Cowan, about 40 years of age, a guard at the penitentiary, walked out of his house last night, pulled a revolver out of his pocket and shot himself twice in the head. Death was almost instantaneous. Cowan had been in ill-health for some time. He came from Gananogue. A wife survives him. True Bill Against Deline. Peterboro, April 19.—The grand jury, at the opening of the spring assizes here yesterday brought in a true bill against Hugh Deline, charged with the murder of his wife in Belmont Township last September. Justice Teasel is presiding, and E. Meredith acting as crown prosecutor.

TO DELAY MEASURE

Democrats See a Republican Plot in the Making.

MAY END DEBATE TO-DAY

If Open Discussion Ends To-night Agreement May Be Passed Thursday and Sent on to the Senate—Republicans Said to Be Planning a Coup to Amend Bill by Adding Sweeping Clauses.

Washington, April 19.—Democratic leaders are prepared for an attempt by some of the Republicans who oppose the Canadian reciprocity bill to embarrass the Democratic majority in the passage of the bill, by proposing as an amendment to it a section embodying all the free list that the Democratic ways and means committee has prepared as the first of the party's tariff measures.

Opposition Republicans have charged in the House that if the Democrats were in earnest in their desire to this free list passed, they would offer it as a part of the reciprocity bill, so that President Taft could not find occasion to veto it, even though it did not meet with his approval.

Chairman Underwood of the ways and means committee, is apparently proceeding on the belief that an amendment to tack the free list to the reciprocity bill will be offered when the bill comes up for passage. He said yesterday that such an amendment would be at once ruled out of order, as it could not be considered "germane to the bill" under the public rules permitting the offering of amendments. The only amendments that can be considered are those specifically affecting duties contained in the reciprocity agreement; and on all such amendments it is expected there will be overwhelming negative votes, so that no change in the form of the reciprocity bill can be effected.

An effort is to be made to wind up the open debate on the Canadian trade agreement to-day. Former Speaker Cannon will address the House at the opening of the session to-day, and a number of other speeches are scheduled for the day. If Mr. Underwood is successful in bringing the general debate to a close to-night, the bill will be brought up for final consideration, amendment and passage to-morrow.

Henry George, jr., of New York, in his maiden speech in the House during the reciprocity debate yesterday, proclaimed himself a free trader, and said he had aligned himself with the Democratic party because he believed it was the only great party that was "moving toward the light." Mr. George endorsed the Canadian agreement as tending toward free trade, and believed that eventually the United States would have absolute free trade with the world.

His speech, though closely followed by Democrats and Republicans alike, did not arouse any great enthusiasm on the Democratic side. Later Representative Pickett of Iowa used Mr. George's words to show that the Democratic party was urging the reciprocity agreement in the belief that it would end in free trade.

Representatives Howland of Ohio, Knop of Wisconsin, and Gillette of Massachusetts, spoke in favor of the agreement. Mr. Gillette characterized the talk of annexation as "bugaboo and sensation," but said it may well happen that some time the United States and Canada, who have grown so close together in trade relations and in sentiment, will unite their destinies under one flag.

In an anti-reciprocity speech, Representative Hamilton of Michigan, a Republican, quoted Secretary Wilson to the effect that the farmer gets nearly fifty per cent. of what the consumer pays for farm products, and added: "That was before the exigencies of cabinet service made it necessary for him to modify some of the views he had before expressed."

Police Chief Sentenced.

Pembroke, April 19.—Before Police Chief John Mattson was sentenced to twelve months in jail yesterday afternoon, for having stolen the town funds of Arnprior, he asked Judge Donahue for leniency for himself, on account of his wife and children.

The judge said he did not think the police chief intended to steal one farthing, but had acted foolishly. Men who prowled like sneak thieves, thugs of the robbers who relieved people of their money were not like the accused. He wished to pass a sentence first to satisfy the public, and second to discharge his duty. The amount stolen was \$11,246.

Bishop Barred Ritual.

Norfolk, Va., April 19.—Bishop Randolph's "goodly admonition" barring service attending and other high church ritual forms in the Episcopal churches, will stand, but Rev. Dr. Steinmetz, rector of Christ Church, who has had a controversy on the subject with Bishop Randolph, will be permitted to take up individual features of the ritual for separate rulings. The burning of candles on the altar is among the high church features in vogue at Christ Church.

Agua Prieta Taken.

Agua Prieta, Mex., April 19.—The battle of Agua Prieta, which continued for nearly twenty-four hours, was won by the Mexican Federal forces, which occupied the town at daylight yesterday. The rebels, their supply of ammunition and provisions exhausted, evacuated Agua Prieta an hour before the Government troops arrived.

Paris Editor Dead.

Paris, Ont., April 19.—The death took place yesterday of A. E. Kinder, formerly editor of The Paris Review. He was ill only a few days, death being due to pneumonia. He was for many years in the Grand Trunk Railway at Stratford before returning to Paris. His widow, five years his senior, survives.

BRIEFS FROM THE WIRES.

Wm. Wall, proprietor of the Grand Central Hotel at Hillsburg, died suddenly.

Mr. P. W. Ellis was appointed as Toronto's representative on the Power Commission.

Miss Isabel R. Matheson, eldest sister of the Provincial Treasurer, Col. Matheson, died at Perth.

A true bill was found against M. T. Buchanan at St. Thomas in connection with the Oxford graft charges.

The man found dead at the Union House, Toronto, on April 9 proves to have been Fred A. King of Brockville.

For the third time in succession, Joseph A. Chisholm, K.C., has been elected mayor of Halifax. Yesterday his election was by acclamation.

Six convictions on charges of selling liquor without a license were registered yesterday by Magistrate Atkinson. Four pleading guilty, were fined \$100 and costs.

As the steamer Wauketa was passing here yesterday James Reese, a passenger, attempted suicide by jumping through a porthole. He was arrested and is now in jail at Port Huron.

The British Commons held another all-night sitting last night. At 4.30 this morning the first clause of the Parliament bill, popularly known as the "veto" bill, was carried under closure by 143 to 78.

Daniel J. McGurk, letter carrier, pleaded guilty to theft of \$1.50 in marked money which had been placed in a letter given him for delivery. Magistrate Denison, Toronto, sentenced him to five years at Kingston.

It is now stated that the union station in Quebec city will be much larger than originally planned. It was at first supposed that the structure would cost three-quarters of a million, but it is now expected that the cost will reach over a million.

Ottawa City Council last night decided to send Mayor Hopewell to represent the capital at the coronation of King George V., and to present an address to His Majesty on the occasion. The city solicitor warned them that the proposed expenditure was illegal.

The plebiscite on the question of a commission form of government consisting of five commissioners, instead of the present system of a mayor and seventeen aldermen, resulted in a victory for a commission government at St. John, N.B., yesterday by about 3,200 majority.

Must Obey the Law.

Chatham, April 19.—The West Kent License Commissioners yesterday cut off two licenses—the Half-Way House and the Montreal House at Dover. Inspector French made strong charges against the character of seven proprietors of the houses asking licenses. Five hotels in Chatham, the Aberdeen, the Idlewild, the Park House, the Grand Central and the Tecumseh House were given three months in which to show that they can run law-abiding houses or have their licenses taken away. This action also was taken on the advice of the inspector. Rather than recommend any of these hotels to a license, "I will resign my job first," said he.

Burk Is Arrested.

Colborne, April 19.—Leslie Burk, whose sensational story of the origin of the Colborne fires of Sunday night started the people of this section, is in Cobourg jail, charged with firing the buildings. His claim that he was bound and gagged by burglars and left in a burning building was not borne out by the investigation of Provincial Inspector Miller of Toronto and High Constable Jarvis of Bowmanville, and the young man's arrest was ordered. He was given a hearing yesterday afternoon before Magistrate Snetinger and formally remanded for eight days to give the crown officers time to secure evidence against Burk.

Her Hair Turned Green.

New York, April 19.—Mrs. Adeline K. Lewison, of San Francisco, a young woman whose hair was made grey by the earthquake, brought suit in the Supreme Court against Mmes. Poly and Klark, hairdressers, for \$50,000 damages, charging that they dyed her hair green when engaged to restore its natural color. The verandah is attributed to alleged poisonous substances in the dye which Mrs. Lewison says she was told would make her hair black. The defendants allege that Mrs. Lewison agreed to assume whatever there might be of damage to her skin and hair resulting from the treatment.

A Committee of Safety.

New York, April 19.—In the wake of the Washington place fire, there resulted yesterday the organization of the "Committee of Safety of New York City," with a membership composed of delegates of many associations, and a far-reaching program of protecting the lives of factory workers. Miss Anne Morgan, a daughter of J. Pierpont Morgan, George W. Perkins, the financier and banker, and Henry L. Stimson, Republican candidate for governor of New York last year, are among the prime movers. Mr. Stimson was elected president.

Found Dead in Bath.

Montreal, April 19.—Mr. Arsene Robitaille, a partner in the firm of Messrs. Lawrence and Robitaille, lumber merchant, was found dead in his bath yesterday morning. Mr. Robitaille had seemed to be in his usual good health, but as the medical examination after death showed that his heart must have been in a weak condition, it is supposed that the shock of the cold water was the cause of his death.

Armistice Probable.

Mexico City, April 19.—A proposition for an armistice, pending negotiations for a settlement of Mexico's internal troubles, were received by the Department of Foreign Relations yesterday from Washington, presumably from Dr. Vasquez Gomez. A reply was returned, in which it was indicated that the Government looked with favor upon the suggestion.

ADVISES A PROTEST

W. M. German Addresses Delegation at Welland.

DONT WANT NEW CANAL

Fifty Residents of Niagara Peninsula Meet to Forward Their Views Regarding the Proposals of the Government—Welland Canal Will Be Deepened Even if New Route Goes Through.

Welland, April 19.—Some fifty delegates from points along the canal met at Welland yesterday afternoon to decide what action should be taken toward securing the deepening of the present canal with a slight change of route, rather than a building of an entirely new canal. The result was the election of a committee composed of D. McGillivray of Port Colborne, Dr. Merritt of St. Catharines, Mr. Clark of Port Dalhousie, James Battle of Thorold, J. H. LeFevre of Welland, John H. Thompson of Thorold, A. R. Thompson of Merriton, Jesse Steel of Humberstone and E. Norriss of Fonthill. It was decided that a deputation be sent to Ottawa on May 11 to interview the Minister of Railways and Canals.

One of the important announcements made in the meeting was that made by W. M. German, M.P., when he stated that so far as Welland and Port Colborne were concerned, the matter was not of such great interest as to the municipalities farther south, for he had the best of assurances from those in authority that the present Welland Canal in case an entirely new canal was built, would be enlarged to twenty-two feet from Port Colborne to Welland, with lockages to the Welland River to join the Welland Canal.

The Georgian Bay Canal scheme was being pushed, but he could not see how any sensible man could ever agree to such a proposition as the building of a twenty-two or twenty-five foot canal from Georgian Bay to Montreal at a cost of \$200,000,000.

Mr. German thought this was the opportune time for the representatives of the municipalities to get to work. "I know," he said, "what Weller thinks. I have no better friend than he. He has no better friend than I am. I know what he wants to do. He wants to build a canal from Montreal to Jordan and I don't want him to do it. I want the people to get up on their hind legs and get down to Ottawa and get there quick, for the Grenville route is the legitimate route for the Welland Canal. It will make St. Catharines a deep waterway harbor and give that city as well as the other towns and cities along the line all the benefits of deep water navigation. Now is the time to get busy. I would suggest that each town, village or city appoint two or three men to go to Ottawa and interview Mr. Graham. Tell him that towns and cities have been built up along the Welland Canal by reason of the canal being where it is."

Captain Irwin, one of the best known navigators on the great lakes, pointed out that a harbor could never be built at Morgan's Point with such safety to vessels as at Port Colborne, for the reason that the prevailing gales from the southwest which would bring vessels into the harbor in the trough of the sea. A similar reason held good at Port Dalhousie, where the prevailing gales were from the northeast. The further west the harbor was located from Port Dalhousie the more dangerous the position. He knew Jordan Harbor well and was certain from the nature of its shifting sand that it could never be made safe and satisfactory for a harbor.

This opinion was also voiced by DeW. Carter of Port Colborne. He knew Jordan Harbor to be a bed of quicksand. One autumn he left that harbor with a depth of twelve feet, and on returning in the spring it was so filled up that a tug drawing six feet could not enter. The voice of the municipality should be impressed upon the Government, and he hoped they would not find themselves in the same situation as the fruit growers who were told they were too late.

South Essex Liberals Meet.

Kingsville, April 19.—At the convention of the South Essex Liberal Association yesterday, John Auld, ex-M.P.P., was nominated for the Legislature. The name of the present member of the Commons, A. H. Clarke, was the only one presented for the Federal House, and although he announced that he had decided to drop out, he has taken the matter under consideration and will announce his decision later. He said that the pressure brought to bear on him made him feel like changing his mind. A resolution endorsing reciprocity was passed following an address by Hon. A. G. MacKay.

Why They Want Canada's Timber.

Albany, N.Y., April 19.—A decrease of one billion feet in the total production of timber in the state last year is reported by the state forest, fish and game commission. The commission reports that the cut has fallen off each year since 1907, and it is to be expected that each year, for many years to come, will show a similar shrinkage. "It appears," says the commission, "that there has been an increase in the consumption of pulp wood grown in the state, but quite a large shrinkage in the production of lumber."

Millions of June Bugs.

London, Ont., April 19.—Farmers in Middlesex County report that in their spring plowing they have found the earth teeming with millions of June bugs, which do great damage to basswood, plum and cherry trees. The beetles lay their eggs in the ground and after hatching, the insect known as the white grub, eats on the roots of grain for three years before emerging as the June bug. No effective cure has yet been discovered for the destruction of the pest.

REPLIES TO CRITICS.

Hon. Mr. Paterson Addresses Meeting at Paris, Ont.

Brantford, April 19.—Hon. William Paterson addressed a mass meeting of his North Brant constituents in the town hall of Paris yesterday, dealing entirely with the reciprocity issue, and defending the proposed trade arrangement with the United States. The Minister of Customs was well received and the audience was swelled by a number of prominent Brantford Liberals. At the close of the meeting a resolution was endorsed approving of reciprocity.

The Minister of Customs expressed surprise that such a fuss had been raised by the Conservatives over an arrangement which both parties in Canada had endeavored to secure for the past forty years, and which was laid down as a standing offer in the national policy of Sir John Macdonald. The agreement had only been made possible by a change of sentiment in the United States towards Canada. Mr. Paterson declared an intention to continue to defend his position to his country's interests, that he considered it offensive insult, but he considered at the same time where it came from. The prosperity of the farmers was the chief benefit to be derived from the agreement, and if the farmers of Canada were prosperous two-thirds of the country would be in a similar condition.

In conclusion, Mr. Paterson expressed the opinion that both Governments would adopt the agreement and the people would decide the question within a year.

Educationalists Meet.

Toronto, April 19.—Fifty years of vigorous progress was celebrated by a jubilee banquet of the Ontario Educational Association last night in the University. Teachers, public and high school, inspectors, trustees and others associated with education gathered in strength. The speaking was very good and generally of admirable brevity. F. W. Merchant, D. Paed, president, was in the chair. Three survivors of fifty years ago were present, R. W. Doan, R. Alexander and W. Anderson.

There were about 600 present. In numbers about equally male and female, except at the head table, where no mere woman was deemed worthy to sit with his honor of Ontario Secretary Doan. However, the women who have always stooped to conquer, jubilant on the floor, and probably enjoyed themselves more than the more distinguished guests. They were not all teachers, for some were inspectors, and some were trustees.

Among those who sat in the seats of the mighty were Sir James Whitney, Principal Falconer, Archdeacon Cody, Principal Hutton, Principal Anden, Chancellor Burwash, who said grace; Prof. Baker, Dr. Auden, Birmingham; Dr. Hill, University of Missouri; Dean Pakenham and Provost Macklem.

Burglarized Ginger Ale Works.

Brockville, April 19.—For burglarizing the St. Lawrence Ginger Ale Works, Daniel Brown was sentenced in the Police Court to six months in the Central Prison. The prisoner implicated two brothers, for whose arrest warrants are now in the hands of the police. Four kegs of beer and soft drinks, together with pumps, etc., constituted the stolen property, which clears up certain burglaries committed within the past six months. The mother of the young men is in jail awaiting trial on the charge of receiving stolen goods. She was hopelessly drunk with a beer-keg beside her when taken into custody. With these arrests, the police believe they have broken up an organized gang of thieves.

May Meet in Stratford.

London, April 19.—The Synod of Huron, which opens this year on June 13, it is likely, will convene in Stratford instead of London. For years the gathering has been held here, but the bishop has the power both to change the time and the place of meeting, and owing to the fact that the general synod is to be held here in September, he has considered it wise to move the gathering of the diocese to Stratford, if the residents of that place can arrange to billet the clerical delegates.

Cut Off One License.

Brockville, April 19.—The Board of License Commissioners for this district have granted a renewal of licenses to six hotels and two shops in Brockville, and four hotels in the townships of Kitley and South Elmsville. This is a reduction of one hotel license from last year, caused by the adoption of local option in the township of Elizabethtown, which cuts off the Stock House at Lyn. An application for a third shop license here was not entertained.

A good many of the opponents of reciprocity have been doing the very thing charged against President Taft. They have been wielding a club and threatening that it would go off.
