CLAIMS RECORDS WERE FALSIFIED

Mystery Witness Tells Of Armistice Order—Judge Halts Crossfire

Bold charges that army records had been deliberately falsified, with only a thinly veiled suggestion that such falsification was done at the instigation of Sir Arthur Currie, caused the most hectic battle between counsel and Bench which the Currie libel trial has seen at Cobourg since it opened there last Monday. Before the battle was over, Frank Regan, chief counsel for the defence and W. N. Tilley, the chief counsel for Sir Arthur had engaged in a pitched battle of words. Mr. Regan had been called strictly to account by Mr. Justice Rose and forcefully disassociated himself from the suggestion that had been made. It was not the first time that Mr. Regan had attacked the credibility of official records, but it was the first time that Gen Currie's name had even been remotely linked with such charges.

Wants Charge Made Openly
Mr. Tilley took up the gauntlet and pronounced himself quite satisfied

for the defence to make the charge. He demanded simply that it be made openly and that burden of proof rest on the defendants. The statement that Mr. Preston also drew a comment from Mr. Tilley regarding the dual defence which features the case. He hinted that the form of defence "might have to receive some attention later." The battle started shortly after Col. R. Orde took the stand to give evidence as to casualties during the last days of the war. It was the beginning of a long day for him as he spent nearly the whole day in the witness box. When he entered the box, he produced a list of casualties from November 1 on, which had been requested at yesterday's session. This contained the names of all men killed during the period covered. Telling the procedure in reporting casualties, he said that a daily casualty wire was sent by each unit before 8 a.m., containing the list of casualties up to noon of the day previous. He proceeded to show that war diaries did not give an accurate record of casualties as the units could not make a complete check up on their casualties as they might be picked up by men of another unit. As an example he compared the war diary of the 7th division with the official record. The diary showed 108 casualties in November while

FLAG FLYING AT HALF MAST

Half Mast Flag Commemorates The Work of Former Mayor

The Union Jack at the Town Hall is flying at half mast to commemorate the work of Stanley B. Burnham, Queen street, who passed away on Thursday. The late Mr. Burnham served for a number of years as councillor and also as the Reeve and for three terms as Mayor and it is indeed fitting that his memory should be honored by the citizens of Port Hope in this manner.

The official document placed the number for the division at 123. Grilling on Diaries
Mr. Regan at once started a grilling on war diaries, pointing out to Col. Orde the fact that these books were supposed to be for historical purposes. The reply was that an historian would not write a history of the war from the diaries, but would use the accurate and official records. "That would be going against regulations, wouldn't it?" demanded Mr. Regan.

"My friend is cross examining his own witness," objected Mr. Tilley. "I cannot understand the reason for this line of questioning," said the judge. "I say," declared Mr. Regan, "that these records were deliberately altered by men who would be affected by—"
"Who," demanded Mr. Tilley in a dazed tone.
"I will leave that to the jury," Mr. Regan said.
"I have already explained to both the counsel and the jury," said the judge, "that the jury is here to decide the issue between the parties. Once you introduce something that throws no light on the point at issue, you obscure the issue and make it very difficult for the jury to see and perform their oath. I cannot see why you are trying to say some persons unnamed falsified the records. That might be a proper subject for investigation somewhere but I don't see its bearing here. You would help me if you would give me a categorical statement as to your purpose."
"I am trying to show the casualties," replied Mr. Regan. "The plain tiff says we have labelled him because no one was killed around or in Mons and there was no organized attack on Mons."
The judge halted proceedings and

F. W. BOWEN HAS SPOKEN

Premier King Assures That the Port Hope Lighthouse Will Be Replaced

The sudden disappearance into the waters of Lake Ontario Thursday night of the lighthouse at Port Hope was brought up in the House of Commons Friday. F. W. Bowen (Conservative, Durham) enquired what action the government proposed to take in the way of replacing the lighthouse. Premier W. L. Mackenzie King replied that the matter would receive the immediate attention of the government and the lighthouse would be replaced with the shortest delay.

at some length made a new analysis of the case. In detail he pointed out to the counsel the statements made in the article complained of, and laid down definitely what it would be proper for the defence to attempt to prove. "How," he asked "are you going to prove this by showing that war diaries are falsified?" "The records," said Mr. Regan, "show only one man killed on November 11. I hope to prove that there were many killed. The plaintiff will come along and say, 'There are the records. Do they lie?' I want to prove to the satisfaction of the jury, that they are false." "You have an admission from Col. Orde that the diaries are not always accurate. Why pursue this line of questioning any further?" asked the judge. Deliberately Falsified
"I want to show that the records were deliberately falsified in order to conceal from the world the number of casualties," said Mr. Regan. "Deliberately falsified by the plain tiff?" asked the judge. "Yes," replied Mr. Regan. "I will go so far as to say that these records were falsified by, under or with the knowledge and consent of the man most responsible in concealing the casualties from the world. It was certainly not done for the men who stayed in Mons, but for the sake of the man who got the glory and the gold medals, who signed the Golden Book—"
"Oh, now don't," pleaded the justice. By this time Mr. Tilley was on his feet. "If Mr. Regan," he declared "wants to say that that is in the article, I am quite willing to have him try to prove it. It is a hard case to meet. I certainly did

HEARD ON THE STREET

All for each and each for all!

Today marks the first day of the "Empire Shopping Week" when a special emphasis is drawn to our duty to ourselves and the Empire of which we form a part to buy products and goods grown or manufactured within the Empire by preference, thus strengthening it to the advantage of the Mother Country, Colonies and ourselves.

Several inches of snow fell just over the hills north of us, so we can hardly expect a wind off that would be balmy and conducive to the wearing of light spring clothes. Our corner friend thinks you had better keep them on a while longer.

A northern exchange says: 'April showers and snow flurries not weather conditions favorable for syrup.'—Some sap must have written that.

It is probable that the new wing of the hospital will soon be added and it will then fall to the lot of the Women of the Hospital Mission to furnish it. With this end in view they are holding a tea at the home of Mrs. E. E. Snider next Wednesday. Don't fail this worthy organization! Be at the tea and have a delightful social afternoon.

Trinity College Senior School are putting on their "gym" display in Woodstock today to which a number went from here.

Among the treats in store for music lovers is one mentioned in Coming Events recently when it was announced that Mr. Fred Winfield and assisting artists from Toronto will give a recital under the auspices of the Port Hope Music Study Club on May 2nd. From 1917 of Mr. Winfield's debut at Toronto Conservatory of Music this winter, and what we all know of his ability, it will be a musical affair of excellent quality.

Representatives from Oshawa, Port Hope and Whitby convened in Oshawa at a district meeting this week of the Rebekah Lodge. It was decided to hold the district picnic on July 5th in Oshawa, in honor of District Deputy President, Sister Shaw.

On Monday evening the A.Y.P.A. of St. Mark's Church are entertaining St. John's A.Y.P.A. and the St. Paul's Young People at the Parish Hall on Mill Street.

Robert Yarrow, 10 years old of Cobourg, was struck and killed late Friday afternoon by an automobile driven by George Roberts, rural mail carrier. The boy stepped from behind a line of cars on George St. and walked into the path of the car driven by Roberts. He died a few minutes later in a doctor's office, from wounds in the head.

As successors to Mr. and Mrs. J. Stiner who held the post for the past eight years, Hugh F. Lucas, a well known resident of Port Perry, has been appointed the new Governor of the Ontario County Jail, while his wife received the appointment of matron. They will assume their new duties in about a week.

Acting on behalf of Herman L. Taylor, Collector of Customs and Excise at Whitby, T. K. Creighton of Oshawa has filed formal notice of appeal from the judgment of Police Magistrate E. Willis of Whitby, by which his client was convicted of having liquor in an illegal place and fined \$100 and costs. Although no date has been set for the hearing, copies of the notice of appeal have been served on Magistrate Willis and Chief of Police Herbert Gunson.

not expect him to get a witness to put in accord, and then try to prove it wrong by the same witness. He is adding insult to injury." "I object to that kind of language my friend is just talking for the jury. I was stopped from doing that and he should be stopped." "With Mr. Regan representing two defendants—" began Mr. Tilley. "I beg your pardon," put in Mr. Preston. "Mr. Regan is acting for only one defendant," the judge reminded.

P. H. SANITARY AND MATHEWS WILL CLASH IN AN OPENING GAME

Executive of Softball League and Representatives of Teams Met Friday Evening—May 14th is Set as Opening Date.

The lid of the Port Hope Softball League will be pried off on May 14th when the Port Hope Sanitary and Mathews Conveyer clash in the opening game at Viaduct Park. The second game will be contested by the Ganeraskas and Bankers while the Nicholson File and C.N.R. meet in the third game. President G. V. Strong presided at Friday night's meeting and representatives were present from the various teams in the league. It was agreed that three games will be played per week and the nights selected are Monday, Tuesday and Thursday.

R. Jex, on behalf of the Sanitary Softball team, which has annexed the McMahon trophy for the past three years, announced that they would donate the trophy to this year's winners. It was decided that the umpire calling balls and strikes this year will be required to stand behind the plate while the selection of the arbiters was left in the hands of the executive. A schedule will be drawn up by the secretary and will be submitted at the next meeting which is slated for Friday evening, April 27th.

POPULAR BOY REMEMBERED

School Chums of Dallas Cameron Stage Party and Presentation at School

Friday afternoon, Dallas Cameron, son of Rev. H. D. and Mrs. Cameron was taken completely by surprise during the first period when his third form classmates staged a presentation.

Miss Margaret Strong read the address in which it stated how sorry they were to lose such a valued member of the class, who upheld its honor both in school work and in the field sports. She asked him to accept a beautifully bound birthday book and an Everready flashlight as tokens of their regard, the first to remind him of the friendships of the past and the latter to brighten his dark future. Arthur Emmett made the presentation and the address was signed on behalf of the third form by Margaret Strong, Arthur Emmett and Fred Berber. Dallas, true to his High School training, arose to the occasion and made a suitable reply. In the evening some forty or more of his school chums held a party in his honor at which he was again the recipient of a token of friendship and regard. After a few complimentary remarks from John Leully, Norman Strong came forward and presented him with a set of elegant books ends. Dallas in reply, thanked them and told them that he had greatly enjoyed living in Port Hope and would ever remember the jolly bunch at P.H.S.S.

The remainder of the evening was spent in dancing and in conclusion, the young ladies served a lunch. Dallas has been a very active boy in the games and field sports. He was captain of the basketball team, star defence on the hockey team, winner of the Junior Cup last year and broke a number of athletic records. His good natured disposition won him many friends who will miss him but wish him every success in his new home which will be Oakville.

with which she was connected and in which Mr. Jewell takes an active part. From Port Hope many individual pieces were sent as well as from the United Church organizations and Ontario Masonic Lodge. The funeral service was conducted by Rev. Dr. Geo. H. Williams of Ryerson United Church. Mr. Jewell's brothers, William and Ewart, A. E. Fulford and three Hamilton gentlemen, Messrs. Robert Livingston, Stanley Moir and W. Matchett, acted as pall bearers. The sympathy of the host of friends here is extended to the bereaved husband and daughters, Margaret Isabel and Barbara Susanne, in the great loss they have sustained of a loving wife and affectionate mother.

APRIL 21, 1908
Visiting in Lindsay

Mr. and Mrs. John Steen and granddaughter, Miss Marion Mitchell are visiting Mrs. Edward Staunton, Lindsay. It is 17 years since Mr. Steen has been in Lindsay. He was then conductor on the G.T.R. He will no doubt see a great change in the northern town.

INDUSTRIES DEPEND ON WOOD
Over 50 per cent of Canada's manufacturing industries depend on wood as a raw material. Wood products enter into every phase of human life.

WOODS EMPLOY MANY
Approximately 100,000 people are engaged in Canadian woods, saw-mills, pulp and paper mills, and allied plants, and many thousands more are employed in other manufacturing dependent on wood.

The salaries and wages in Canada's forest industry total annually about \$100,000,000.

COMING EVENTS

UNITED CHURCH LADIES' AID tea at the home of Mrs. Chas. Roberts, Walton Street, May 15th. Reserve the date and watch for further particulars. 14 18 21 25 28

THE CALL OF THE SEA

J. LEWIS MILLIGAN in The Toronto Star.
"Though inland far we be,
Our souls have sight of that immortal sea
Which brought us hither.—Woodsworth.

On the land-locked Prairies, we heard the call,
And we stirred 'mid our inland dreams;
We looked to the West, but the Rockies' wall
Dammed up the ocean streams;
We turned our eyes to the East, and there
The Great Lakes opened free,
And the call came clear on the morning air
From those sisters of the Sea!

Deep called to deep o'er a broad terrain,
Where the shouting cataracts leap!
And we felt the drawing of the main
Where the eddies swirl and sleep;
We felt the pulsing of the tide,
We breathed the freshening brine,
And we saw majestic vessels ride
On rivers fringed with pine.

We saw blue harbours filled with ships,
From liner to schooner tramp,
Till the masts were crowded at the slips,
Like cedars in a swamp!
While, mingling with the city's throng,
The wide-eyed sailor rolled,
And the strain of a merry sailor song
Came back from the days of old

God left some minor work undone,
Lest men should idle be,
So we linked those mighty Lakes in one
Great highway to the sea:
The migrants came from the ends of the earth,
The Prairie lands were filled,
And the yearning places of the North
By a hardy race were tilled.

We obeyed the beckoning of the dream,
We followed the seaward call,
And we harnessed the swift St. Lawrence stream
Where it plunges to Montreal!
The gates of the East were opened wide
To all flags in peace unfurled—
To the ebb and flow of that living tide
Which traffic around the world!

A SONG OF TRUST

I cannot always see the way that leads To heights above; I sometimes quite forget He leads me on With hand of love. But yet I know the path must lead me to Immanuel's land, And when I reach life's summit I shall know And understand.

I cannot always trace the onward course My ship must take; But looking backward I behold afar Its shining wake Illuminated with God's light of love, and so I onward go In perfect trust that He who holds the helm The course must know.

I cannot always know and understand The Master's rule; I cannot always do the task He gives In life's hard school; But I am learning with His help to solve Then one by one, And, when I cannot understand, to say "Thy will be done."

ONTARIO EGG POOL OPENED IN 1924

Over Million Dozens Have Gone Into Pool in Four Years

It's a long call back to the days of 10 and 12 cents a dozen for eggs—but not so far to the time when less than 20 cents a dozen was considered a fair price for many months of the year. Credit must be given to the pooling idea for developing a marketing proposition that ensures a price well above 20 cents to the producer, even at the time of year when eggs are most plentiful. In fact, the Pool price has stood above 30 cents a dozen for the past four years.

When Ontario's first Egg Pool was opened in 1924 it appealed to those who had eggs to sell—particularly the farmer class—as a possible remedy for the annual slump in prices that came as surely as warm spring weather brought increased egg production. Regardless of the effect the Pool has had in stabilizing prices generally, it is interesting to note that over a million dozens have gone into the pools of 1924-5-6 and 1927, that the payments made by the United Farmers' Co-operative Company, Limited, as the eggs were graded was 20 cents a dozen and that in addition, final payments were sent ranging from 9 to 14 cents a dozen.

The 1928 pool is now in operation and will remain open until such a time as the management considers it unwise or unprofitable to produce to store for fall or early winter sale. All eggs tagged for the pool are sorted and graded as they arrive, only sound extras and firsts being placed in cold storage for the pool. The initial cash payment is 20 cents a dozen on those pooled while prevailing prices are paid for seconds and cracked eggs. The system of payment is as follows: When eggs are shipped, and a further cash payment

Strawberries

Grapes, Nice Yellow Bananas, Apples, Oranges, Grapefruit. VEGETABLES Green Cabbage, Carrots, Spinach, Celery, Head and Leaf Lettuce, Beets, Rhubarb, Cauliflower, Green and Cooking Onions, Green Peppers, Tomatoes, Cucumbers, Asparagus, Egg Plants and a fresh line of Cut Flowers.

F. H. BROWN

A Smart Dress That Will Disrupt The Races

When "Proms" over, the popular "prom trottet" next turns her rapid thoughts to the races. Whether she goes to Yale, Harvard or Princeton, a smart dress in which to view the contest goes with her. She knows that all who are present will find more to give their attention to than the races and it becomes a necessity to be appropriately and smartly dressed for "his" snake—and her own. The ever popular scarf collar is with us again, and this one, softly knotted in front, trims as chic a sports dress as will do favor to any occasion. It is one of those intriguing two-piece front and one-piece back frocks so easy to slip into—with a pleated skirt which allows for any excess movement that victory may demand. Made in raw silk, china silk or pique and belted at the hips with a narrow leather belt, it is a frock utterly smart for the sports occasion. (Copyright, 1928, by Butterick)

INCREASE IN ANNUAL CUT

During the last fifteen years, the annual cut of timber for the production of lumber, lath, shingles and pulpwood has been increasing at an average rate of 18,000,000 cubic feet per annum. For all purposes the increase is estimated to be 25,000,000 cubic feet.

FOREST SITUATION IMPROVES

The forest situation throughout the Dominion is undoubtedly serious but within the past two years public opinion has given evidence of a growing appreciation of the factors and results involved, which is reflected in the better protective measures being taken and a decrease on the whole, in the reported fire losses.

Leafs Lose Again

Toronto finished second best in a slugging bee at Newark Friday, the Bears winning 15 to 9. But while the Leafs took their second defeat of the series they had the satisfaction of hitting the most home runs, one by Alexander, the big first baseman, clearing the left centre field wall. It was the longest hit ever made in the stadium.

The distance from the home plate to the centre field wall is 405 feet, and Alexander's drive sailed far beyond the score board. It was estimated that the ball travelled 475 feet, which may or may not be better than anything Babe Ruth has accomplished in regular league battles.

The Leafs, after giving Newark 9 runs in the third inning, finally drew on even terms in the seventh, only to see the game dwindle away in the eighth, when the home players, especially Walter Lutzke who made a home run with 2 on base, got busy against Martin and Riel, rookie pitchers.

James Watson of Madoc did not escape the watchful eye of Chief of Police Thomas Murphy, when he speeded across intersections in Port Hope and a fine of \$5.00 and costs was imposed by Magistrate W. A. F. Campbell.
