ENDS IN DEATH

Lacking Three Days of Completing a Foolish Fast Toronto Man Dies.

With but three days to go to complete a foolish fast which he had undertaken, Herbert Deverell, of Toronto, died recently at his home in that city. He had not been feeling well and was of the impression that total abstinence from food or drink would cure him. To make sure that his fast would not be interrupted he gave instructions to his wife and family that no doctor was to be called.

The fast started on the 5th of April. Deverell rose in the morning, and announced that he was not to eat nor drink for eighteen days. His wife knew that he had not been well for some time and she thought that he intended trying the fast cure as a means of recovery. The man went about the house for a couple of days attending to his various duties, but after that period spent a good part of his time in bed.

As the days went on and the gentleman absolutely refused any nourishment either in liquid or solid form, the wife became apprehensive, and wanted to send for a doctor. The husband was made aware of her intentions, but he absolutely refused the intrusion of any stranger whose object might be to stop the fast. He always kept a rigid rule about his management of the house, and the wife feared to disobey him,

DEATH OF

MR. H. WADDELL

Summons Came Suddenly At Ten O'clock Saturday Morning.

Peterboro Review.

Death came with great suddenness this morning about ten o'clock to Mr. Hugh Waddell, at the family residence "Beechfield," Monaghan Road. He complained of pains in the chest last night, but arose this morning as usual. Returning to his room he lay down on the bed and passed away shortly afterwards. He was a prominent citizen of Peterborough, a man of sterling character, and his passing will be widely regretted. He was born in the Township of South Monaghan 75 years ago. His parents Robert Waddell and Sarah McLelland who came of a prominent family of County Down, Ireland, were among the earliest settlers to this part of the country. For thirty-six years he conducted a merchantile business at Centreville, and after retiring resided at the homestead in South Monaghan. In 1878 he was married to Mary Waddell. Sixteen years ago he came to Peterborough and made his home at the late residence, "Beechfield."

The late Mr. Waddell had been a warm friend of Queen's University, where he established valuable scholarships. He was a Presbyterian in religion and a member of St. Andrew's Presbyterian church. Surviving besides his widow is one son, Roland M. Waddell, who is on his wedding trip to Europe, but has been communicated with. His sisters are Mrs. F. Hurdon of Toronto, and Mrs. R. M. Boswell of Elora. Mrs. Wm. Needler of Lindsay, another sister, predeceased him some time ago.

The funeral will take place Tuesday afternoon with the service at 2.30 o'clock from his late residence, "Beechfield" to the Little Lake Cemetery. Rev. Jas. Rollins will officiate. It is requested that flowers be omitted. (The deceased gentleman was well known in Port Hope and was a cousin of Mr. George Waddell, Township of Hope. His many friends here will learn with much sorrow of his sudden death.)

FRACTURED HER HIP.—The many friends of Mrs. Frank Hawkey, of Dale, will regret to learn of the painful accident which happened to her on Saturday, by which she fractured her hip.

FIRE.—About 5.36 o'clock last evening the fire alarm sounded and the scene of trouble was found to be at Hume's elevator, on John street. Somebody had been burning grass and it soon got beyond their control and spread to the elevator. The Fire Brigade from the Central foundry responded and the blaze extinguished before any damage was done. While going to the fire the arm of the back axle of the fire wagon was broken.

The Annual Worry.

To take 'em off Or not? That's the question Whether it is better To invite The pneumonia, Grip, And a few miscellaneous germs, To camp upon your neck, Or to swelter A few weeks longer Is a question Ever a man Must decide For himself, But as a general proposition It is safe to follow The good old rule, When in doubt Leave 'em on.

PORT HOPE, APRIL 25 1911

A TROUBLESOME MISGIVING

(Continued from yesterday.)

There could be no doubt that Peak had decided to go to Exeter because of the social prospects recently opened to him. In the vulgar phrase, he had probably 'taken stock' of Mr. Warricombe's idiosyncrasy, and saw therein a valuable opportunity for a theological student, who at the same time was a devotee of natural science.

Godwin's voice interrupted this train of thought. 'Let me ask you a plain question. You have twice been kind enough to introduce me to your home as a friend of yours. Am I guilty of presumption in hoping that your parents will continue to regard me as an acquaintance? I trust there is no need to assure you that I know the meaning of discretion.'

An appeal to Buckland's generosity seldom failed. Yes, it was true that he had more than once encouraged the hope now frankly expressed. Indulging a correspondent's frankness, he might explain that Peak's position was so distasteful to him that it disturbed the future with many kinds of uncertainty.

My dear Peak, let us have none of these formalities. My parents have distinctly invited you to go and see them whenever you are in the neighborhood. I am quite sure they will help to make your stay in Exeter a pleasant one.

Therewith closed the hazardous dialogue. Warricombe turned at once to a safe topic—that of contemporary fiction, and they chatted pleasantly for the rest of the evening.

Not many days after this, Godwin received by post an envelope which contained certain proof sheets and therewith a note in which the editor of the Critical Review signified his acceptance of a paper entitled 'The New Sophistry.' The communication was originally addressed to Earwaker, who had

A short time ago, I received a free sample of GIN PILLS which I have taken with such good effects that I here-with enclose you for a box of them. I believe GIN PILLS are just the things for me.'

GIN PILLS are so called because they contain the medicinal principle of Juniper berries, the essential principle of Gin, but do not contain alcohol. 50c. a box—6 for \$2.50—at dealers, and guaranteed to give satisfaction or money refunded. Sample box free if you write us. National Drug and Chemical Co., Dept. B., Toronto.

scribbled at the foot, 'Correct, if you are alive, and send back to Dolby.'

The next morning he did not set out as usual for Rotherhithe. Through the night he had not closed his eyes; he was in a state of nervousness which bordered on fever. A dozen times he had read over the proofs, with throbbing pulse, with exultant self-admiration; but the printer's errors which had caught his eye, and a few faults of phrase, were still uncorrected. What a capital piece of writing it was? What a flagellation of M'Naughton and all his tribe! If this did not rouse echoes in the literary world—

Through the long day he sat in languor or paced his room like one made restless by pain. Only when the gloom of nightfall obliged him to light his lamp did he at length sit down to the table and carefully revise the proofs, pen in hand. When he had made up the packet for post, he wrote to Earwaker.

'I had forgotten all about this thing. Proofs have gone to Dolby, I have not signed; probably he would object to my doing so. As it is, the paper can be ascribed to anyone, and attention thus excited. We shall see paragraphs attributing it to men of mark—perhaps scandal will fix it on a bishop: In any case don't let out the secret. I beg this seriously and for a solid reason. Not a word to anyone, however intimate. If Dolby betrays your name, grin and bear it. I depend upon your friendship.'

CHAPTER II.

In a by-way which declines from the main thoroughfare of Exeter, and bears the name of Longbrook street, is a row of small houses placed above long strips of sloping garden. They are old and plain, with no architectural feature calling for mention, unless it be the latticed porch which gives the doors an awkward quaintness. Just beyond, the road crosses a hollow, and begins the ascent of a hill here interposed between the city and the inland-winding valley of Axe. The little terrace may be regarded as urban or rural, according to the tastes and occasions of those who dwell there. In one direction a walk of five minutes will conduct to the middle of High Street, and in the other it takes scarcely longer to reach the open country.

On the upper floor of one of these cottages, Godwin Peak had made his abode, sitting-room and bedroom, furnished with homely comfort, answered to his bachelor needs and would allow of his receiving without embarrassment any visitor whom fortune might send him. Of quietness he was assured, for a widow and her son, were the only persons who shared the house with him.

HOPE COUNCIL.

Hope Township Council met in the Clerk's office, Toronto Bank Block, Port Hope, on Wednesday, April 19, 1911, at 1.30 o'clock.

Present—L H Cann, Reeve, presiding; S R Caldwell, Dep. Reeve; J N Greenaway, G H Martyn and G Edwards, Councillors.

The minutes of the last meeting were read by the Clerk, and on motion adopted. Communications were read from Barlow Cumberland, Esq., W F Kerr, Counties Crown Attorney; Mr. McLaren, C N O R Engineer; Thomas Bickle, pathmaster, resigning his position; Taylor & Hall, cement tile; and some others, that the Clerk has replied to between Council meetings. These on motion were tabled for consideration.

S R Caldwell reported that there is a well in a dangerous condition at Perrytown crossing.

The Clerk was instructed to notify Mr T Bell, Campbellcroft, to have the same fenced in or have it filled up. Also to notify S S Dickinson in regard to same.

Messrs Cann and Caldwell were on motion by Edwards and Greenaway appointed to look after timber on road near Mr L Coytes.

Mr Caldwell also said the hill east of where the timber was recently sold required repairing; also bridge over Mr Dunn's.

Mr Caldwell was on motion by Greenaway and Edwards appointed to have the hill and bridge repaired.

The Clerk on motion of Caldwell and Martyn is to notify the C N O R authorities to have all crossings and subways put in a proper state of repair forthwith.

Mr Greenaway reported that the railway at Welcome hill requires repairing, and he was on motion

appointed to have the same attended to.

Moved by Messrs Greenway and Edwards that Messrs Cann and Caldwell be a committee to look after Mr Strong's grievance.

Mr Barlow Cumberland asked permission to lay water pipes on the side of the road to connect with the water mains of Port Hope; also to cross the road with the same, and also to have culvert put in on the road near his property. This request on motion was granted, Mr. Cumberland to be responsible should any person suffer damage on account of the same. The road to be put in as good a condition as at present. This Mr. Cumberland agreed to in a letter to the Clerk.

Mr Dundas addressed the Council concerning a winter road that had been travelled across lots 9 and 10 in the 5th concession, saying his fall wheat and clover had been thus damaged, and asked the Council for \$6.00 compensation.

The Council could not entertain this claim because many other persons had allowed winter roads across their farms and if one ratepayer was paid, why not all? Many roads are opened for short cuts in winter time without instructions from the Council.

The following bills and accounts were read in detail by the Reeve and passed and on motion ordered to be paid.

VALUE OF VACCINATION AGAINST SMALLPOX.

The value of vaccination as an inoculation against smallpox has been disputed so often that figures on the subject, affording a basis of comparison as to its effectiveness are indeed welcome.

The following table taken from London Daily Graphic, would indicate that the death rate from smallpox among a vaccinated people, is much less than the death rate from smallpox among people vaccinated only in odd cases.

The figures show that in the eight years ending 1908, the death rate in England and Wales from smallpox was 1.6 per 100,000, while in Germany the death rate from smallpox in the same period was 0.07 per 100,000.

Germany, it is pointed out, has virtually universal vaccination, while in Great Britain it is not universal, "every man having a perfect right to make a fool of himself if he wishes." Germany has a population of 65,000,000 and England and Wales of about 35,000,000.

Table comparing death rates from smallpox in England, Germany, and France from 1901 to 1908.

Of the deaths in Germany in 1906 and 1907, fifteen are given as foreigners, and in 1908 twenty-eight were foreigners.

Charged With Theft.

Philadelphia, Pa., April 24.—Charged with stealing \$40,000 worth of jewels from a wealthy New York widow, whose acquaintance he had made in that city, Robert J. Davidson of Ottawa, was arrested by Detective Scanlon of this city and Detective Barnshaw, of Atlantic City, Saturday night and locked up at the central station for a hearing to-day.

According to the detectives, Davidson was traced by means of pawn tickets, having pledged a ring, valued at \$100, at the seashore resort and one in Philadelphia. The woman who makes the charge is Mrs. Fannie Caldwell, of No. 253 West 72nd street, New York City.

A COUNTER ARREST

Indianapolis Laborites Lay a Charge of Kidnapping.

THREE MEN ARE JAILED

Lawyer for Erectors' Association, Prosecuting Attorney and a Chauffeur Are Accused of Spiriting Prisoner Away Without Interstate Extradition Proceedings—Burns Is Also Involved.

Indianapolis, Ind., April 25.—Drew, counsel for the Erectors' Association; W. J. Ford, assistant district attorney of Los Angeles, and Frank Fox, chauffeur, were arrested last night on affidavits charging them with having kidnaped J. J. McNamara, secretary and treasurer of the International Association of Bridge and Structural Iron Workers.

The men were arrested on warrants issued in the Court of Justice of the Peace Manning, after affidavits against them had been made by the attorney for McNamara. Drew and Fox were released under bond of \$5,000 each, and Fox under a bond of \$3,000. All the bonds were given by Wm. A. Ketchum, president of an iron foundry company, and an officer of the Indianapolis Employers' Association.

It is charged that, though McNamara was not turned over to a detective sergeant from Los Angeles until Governor Marshall had honored requisition papers from the Governor of California, he had not been permitted to consult with counsel or to make a plea of resistance to extradition before Judge Collins when he was identified as the man named in the warrant for his arrest.

Fox drove the automobile in which McNamara was taken to Chicago on Saturday night, to be placed aboard a train for Los Angeles.

It was stated that a warrant also had been issued on the same charge against Detective Wm. J. Burns, in the employ of the Erectors' Association.

Kohler In Trouble Again.

Cleveland, Ohio, April 25.—Open war on Chief of Police Kohler was declared Sunday by members of the Forum Club, a social organization of police officers, when five of their number raided down town saloons and arrested the proprietors on charges of disobeying the Sunday closing law.

After they had arrested ten saloon keeper Kohler "golden ruled" the prisoners, and forbade all stations to accept prisoners sent in by the raiding patrolmen. Kohler, it will be remembered, was "court-martialed" a year or so ago, but disproved numerous serious charges preferred against him. He is known in police circles the world over because of his reform methods.

France Eager to Interfere.

Berlin, April 25.—The German Foreign Office has assumed an attitude of reserve regarding developments in Morocco, but the press generally concluded that the situation at Fez does not justify the march thither of the French troops, and intimates that France is forcing an occasion to occupy Morocco permanently.

This action, it is pointed out, goes beyond the Algeiras agreement, and several papers suggest that a new conference be held.

The Pan-German League demands the partition of Morocco, Germany to receive the Atlantic coast.

Auto Turned Turtle.

Brockville, April 25.—S. Knapp and O. F. Duprey had a narrow escape from being killed while automobiling from here to Gananoque. West of Lyn the auto skidded into the ditch and turned turtle, pinning both men under the car. They were badly bruised up, and the auto was wrecked. Knapp and Duprey are students here. The former came from Prescott and the latter from Amherst, N.S.

N. E. Railways Merging.

Boston, April 25.—What is considered to be another radical step toward ultimate unification of New England railroad lines, was taken yesterday in the announcement that the New York, New Haven and Hartford Railroad will assume half the annual deficit of the Boston and Albany Railroad, now under lease to the New York Central.

Montreal Grain and Produce.

MONTREAL, April 24.—Business in Manitoba spring wheat over the cable was slow, the demand being limited, and bids are still a trifle under cost, even at the decline in Winnipeg. There was a good demand for oats, and bids were 1 1/2 higher, sales of several loads being made. A fair local trade was also done in oats at fair prices.

It was stated that a warrant also had been issued on the same charge against Detective Wm. J. Burns, in the employ of the Erectors' Association.

Corn—American, No. 3 yellow, 60c to 62c; Rolled oats—Per barrel, \$4.15; bag of 80 lbs., \$1.50. Eggs—Fresh, 11c to 12c. Cheese—Wisconsin, 11 1/2c to 11 3/4c. Butter—Choicest, 22c to 22 1/2c; seconds, 21c to 21 1/2c.

CATTLE MARKETS.

Union Stock Yards.

TORONTO, April 24.—Receipts of live stock at the Union Stock Yards were 72 carloads, consisting of 1667 cattle, 156 hogs, 74 sheep and lambs, 52 calves and 6 horses.

Export steers ranged from \$5.50 to \$6, and only 14 extra quality steers, sold by McDonald & Halligan, reached the market for figure. Export bulls sold at \$4.75 to \$5.

Butchers. Prime picked butchers' cattle sold at \$5.50 to \$5.90; loads of good, \$5.00 to \$5.25; medium, \$4.50 to \$4.80; common, \$4.25 to \$4.50; cows, \$3.50 to \$4.15; bulls, \$4.50 to \$5.

Milkers and Springers. Few milkers and springers were on sale at unchanged prices.

Veal Calves. Prices for veal calves still remain easy, at \$3 to \$3.50 per cwt.

Sheep and Lambs. Sheep, ewes, sold at \$4.25 to \$5.25; rams, \$3.50 to \$4; spring lambs, \$3 to \$3.50 each; yearling lambs at \$4 to \$5.50.

Hogs. The hog market was reported steady at last week's prices; that is, \$5.50 for select, fed and watered at the market, and \$5.20 for hogs f.o.b. cars at country points. Hogs over 250 lbs. sold at 50c per cwt. less than the above prices.

Montreal Live Stock.

MONTREAL, April 24.—At the Montreal Stock Yards west end market, the receipts of live stock for the week ending April 22 were 1800 cattle, 1475 sheep and lambs, 200 hogs, and 250 calves. The supply on the market this morning for sale consisted of 800 cattle, 50 sheep and lambs, 120 hogs and 250 calves.

A feature of the trade was the stronger undertone to the market for cattle, and prices, as compared with a week ago, show an advance of 1/2c per pound, and quality of the stock in most cases was very good, and drovers stated that even at the above advance, as noted, it was doubtful if they would get their own money back, as prices were very high in the country. The weather was fine, and, as the butchers generally were cleaned up of the Easter trade, and the lower grades sold down as low as 3 1/2c to 4c per pound. There was no important change in the condition of the market for hogs; supplies were larger, and as packers' stocks were rather low, the demand was good and the undertone to the market was steady, with no change in prices to note. Rates of selected lot were at \$5.75 per 100 pounds, weighed off cars.

The trade in small meats was quiet, and prices ruled about steady. A few old sheep sold at from \$5 to \$10 each; spring lambs at \$2 to \$2 1/2; calves at from \$3 to \$5 each, as to size and quality.

BLAME IT ON GLOBE

Six Conservatives Find Themselves in Queer Straits.

NOTED FOR RECIPROCITY

Those Who Supported the Sealey Amendment on Saturday Now Declare That Last Part of the Resolution Was Not Read - Globe Reporter Comes In For a Lot of Abuse In the Commons.

Ottawa, April 25.—The statement in The Toronto Globe yesterday morning that the amendment of W. O. Sealey of Wentworth to the reciprocity resolution calling for the deletion of the fruit and vegetable clauses contained also an endorsement of the general agreement in the following terms: "That the agreement as amended be adopted," and that six of the Conservatives who had voted for the amendment had thereby committed themselves to an approval of the reciprocity proposals occasioned a prolonged discussion on the motion to go into committee on ways and means in the Commons yesterday.

Haughton Lennox, who brought up the matter, stated that the amendment by Mr. Sealey contained no such general endorsement of the reciprocity agreement, and pointed out that the Hansard report did not contain the words which had been attached to it by The Globe. He described it "as a deliberate, inexcusable falsification, an absolutely untruthful and unfounded statement, a slanderous statement that goes beyond the pale of anything we have had in Parliament for some time." The Conservative members had evinced their thorough opposition to the reciprocity proposals, yet The Globe had construed it as a Conservative vote for reciprocity.

Mr. Lennox denied that it was. He stated that Mr. Pugsley did not know what he was talking about, and the Minister was in the habit of rushing in "where honest men and fair angels fear to tread." He declared that Mr. Sealey had shown "utter insincerity" in bringing forward his "faked motion." When handing his motion to the Deputy Speaker the member for Wentworth had put a note at the bottom of it begging that it be ruled out of order. The Deputy Speaker, however, refused.

Mr. Pugsley said he had voted against the amendment. He had noticed that it had dawned upon Mr. Barker of Hamilton what the effect of the amendment was and he had refused to vote for it.

Mr. Blain: "That is not true. Mr. Barker gave his reason." Mr. Pugsley said the copy of the amendment had been handed to Hansard by the assistant, but this one line had been omitted by Hansard. He considered that The Globe reporter ought to be commended for reporting it with absolute accuracy.

Major Currie expressed the view that a scheme had been concocted and that The Globe report was based on the gossip of the wine room on Saturday. He said The Globe reporter was not in the gallery when Mr. Sealey's resolution was read. Dr. Sproule said that the members of the press gallery were there only by courtesy, and that they could be summoned to the Bar of the House or even placed in custody for misrepresenting members. He expressed the view that a scheme had been concocted, and was inclined to the view that the Minister of Public Works had been at the bottom of it. In taking exception to Dr. Sproule's statement Mr. Pugsley used the word "cowardly," and a point of order being raised, was asked to withdraw.

Richard Blain produced the original motion and averred that the concluding words had not been read by the Deputy Speaker. He said he made the statement without fear of contradiction by the Speaker. Mr. McIntyre, thus challenged, said the only record of the amendment in Hansard was that which appeared in Mr. Sealey's speech. Hansard unfortunately made no note of what occurred after the amendment was placed in his hands, the result being that the official copy of the amendment did not appear. Neither was there any report in Hansard of the comments he had made, after the amendment that just before he read the amendment the attention of the members was taken up with a couple of points of order. The Deputy Speaker said he had read the amendment with his usual clearness and distinctness, and that he was compelled to say, as a matter of justice to himself and others, that he believed he read all of the amendment as appeared in the written record.

Mr. Blain reiterated his belief that he did not hear the latter part of the amendment read.

Dr. Roche of Marquette decided that the words were not read either by Mr. Sealey or the Deputy Speaker. Mr. Goodwin of Kootenay made a statement to the same effect, while Messrs. Ruitan, Congdon, Nesbitt and Kyte, Liberals, all assured the House that they had heard the Deputy Speaker read it in its entirety.

Mr. Kyle closed the discussion by reading a note from The Globe reporter, H. W. Anderson, in which he stated that he would be well satisfied to appear at the Bar of the House and justify his report of the proceedings.

DELAY OF A WEEK.

Reciprocity Bill Cannot Come Up In U. S. Senate Now.

Washington, D.C., April 25.—The reference of the reciprocity bill to the Senate Finance Committee yesterday does not mean that its progress has been accelerated. The action was formal, and there is no possibility of the committee seriously considering the bill until it has reorganized. This will take until the end of the week at least.

Insurgent and stand-pat Republicans are as far apart as ever to-day. It became known that the only insurgent who will go on the finance committee, namely, Senator Lafolette of Wisconsin, is unfriendly to the present agreement in its present form. Senator Cummins, the Iowa insurgent, is apparently to be left off the committee. He is expected to vote for reciprocity.

An Artist at Large.

Skulls and crossbones were executed on the glasses with more or less skill.

LIMITING THE BILL

Unionists Propose Exceptions to the Veto Measure.

ASSAULT ON HOME RULE

Unionist Member Proposes to Leave Irish Parliament Proposals at the Mercy of the Upper House, But He Is Voted Down - Lords Should Protect the Prerogatives of the Crown.

London, April 25.—The House of Commons set very late last night in its discussion of the second clause of the Parliament bill, which relates to the curtailment of the powers of the House of Lords, and rejected numerous amendments seeking to exclude all sorts of measures from the operation of the bill.

The anti-home rule amendment, proposing to exclude "any bill to establish a separate Parliament and executive for Ireland," which was moved by John B. Lonsdale, Unionist member for Mid-Armagh, was defeated by a vote of 284 to 190. The division on this amendment showed no cross-voting, but a few Liberals, including Neil Primrose, the youngest son of the Earl of Rosebery, abstained from voting.

Both Premier Asquith and Home Secretary Churchill during the course of the debate reiterated the Government's intention to proceed with the bill for the reform of the House of Lords during the lifetime of the present Parliament. Mr. Churchill explained that the fact that the Parliament bill, although it secured predominance of the House of Commons, would still leave the House of Lords the power of vexatious interference with Liberal measures, was in itself security that the Government would seek to reform the Upper Chamber.

John George Butcher, Unionist member for York City, moved an amendment exempting from the operation of clause two any bill affecting the continued existence of the crown's prerogatives. In opposing this amendment, Sir Robert B. Finlay, the Attorney-General, said the security of the crown rested on the loyalty of the people, and it would be an evil day for the crown when it depended for its existence upon the Lords' veto.

The Butcher amendment was then defeated by 273 to 163.

Shut Up In Box-Car.

New York, April 25.—From the depths of a box-car loaded with flour, in Cleveland, Ohio, last week, there staggered out to the platform of the New Jersey Central freight yards in Jersey City, yesterday an emaciated boy of fifteen years. He gasped for water and food, and after he had been refreshed told those about him that he was Hymen Golden of No. 2,634 East 47th street, Cleveland, Ohio, and that he had been locked in the car last Thursday.

"I was sent into the car to count the flour sacks," he said. "Some one closed the door while I was doing this. I beat against it and shouted, but it did no good."

S. statutes, having to do with acts of hostility against a Government with which the U. S. is at peace.

It is alleged that papers found among their personal effects indicated that the accused men were preparing to organize a military expedition from Porto Rico against Santo Domingo.

This will place the A.C.R. in a position to give the Soo greater shipping facilities, as the station will be located in the business section. It is also said that as the station is on the waterfront, the A.C.R. will build a large dock.

MADE MONEY TALK.

Immigrant's Roll of Bills Was Eloquent Enough.

New York, April 25.—Frederick Schneider, who arrived yesterday from Russia, with a wife and fourteen of his fifteen living children, could not answer in English when asked if he had money enough to provide for his army of Schneiders, but he replied in "American" with an eloquence that staggered the immigration officials.

From the depths of various pockets he brought forth rolls of bills and tossed them upon the desk at Ellis Island, while officials and immigrants pressed around to hear the money talk.

The examiner is said to have fainted before the climax was reached, and \$26,500 in green and yellowbacks were piled on his desk.

By the aid of an interpreter Schneider explained that his fortune came from the sale of a big farm near Odessa, and that he was on his way to Glen Ullen, N.D., whither his eldest son had preceded him. Schneider entrained at once for his destination, and it is a question whether there will not be fifteen children in the party before they reach North Dakota.

Slumber Chairs In Parlor Cars.

Montreal, April 25.—A new style of parlor cafe car will shortly be put into commission by the C.P.R. The new car will be of standard size and weight, but the interior will be arranged in a novel manner.

One end of the car will be built like the observation cars now in use, while the other end will resemble the ordinary vestibule car. Inside the car will be finished in mahogany and will be equipped with heavy slumber chairs, upholstered in dark leather, and can be raised or lowered.

During the last four weeks the Angus shops of the C.P.R. turned out 100 refrigerator cars—an average of six each day. All of the cars were of the standard C. P. R. dimensions, weighing approximately 40 tons each. Fifty of the cars were fitted up with ventilators in the roofs, and were equipped with the C.P.R. pan-system of cooling. The other fifty were equipped with the ordinary tank system of cooling.

Brands Herself to Save Man.

Chicago, April 25.—To free Dr. Harlan Clemenson of this city from a life sentence in prison, Mrs. James Schmidt, of St. Louis, has just made a most dramatic confession. Convicted of poisoning his wife in Chicago two years ago, the doctor fought hard to prove his innocence, but was found guilty and given a life sentence. Now, Mrs. Schmidt comes forward and declares that she can prove that she spent the night of the murder in the doctor's office with him. Mrs. Schmidt, who voluntarily made such an avowal, expected her husband to renounce her, but he announces himself willing to forgive her in view of the action of Dr. Clemenson in shielding her at the expense of his liberty.

G.T.R. Route to Providence.

Providence, R.I., April 25.—In a letter to Mayor Henry Fletcher, received yesterday afternoon, Vice-President E. H. Fitzhugh of the G.T.R., declared that it could not allow the New York, New Haven and Hartford Railway, its rival, to select the Grand Trunk's route to tidewater, and that unless his road could have an unobstructed way to a terminal, it would not be justified in constructing the proposed Providence line and would not do so.

The request of the Grand Trunk for amendments to its charter to enable it to reach the tidewater terminal desired is now in the hands of the House committee on corporations.

Should Disarm on Lakes.

London, April 25.—(C.A.P. Cable.)—The Morning Post, speaking of the proposed treaty of arbitration with the United States, says: "Taft has had the hardihood to declare that against Canada alone the United States has felt no necessity to establish a navy. It will be time enough to take Taft's overture at its face value when he has restored the proposal to its original form and given an earnest of his good faith by abolishing the American navy on the great lakes, in accordance with the existing treaty of disarmament."
