PAINFUL INJURIES

Sustained by Mr. Wilbert Mc-Combe - Fell Into Ganer-

Bone Was Exposed

Mr. Wilbert McComb, who is engaged in construction work on the Seymour Power Co. at Garden Hill, met with a very painful accident about two e'clock this morning. McComb had left his horse in the Ontario House stables but when he went over for it he got mixed up in the locality and fell into the river. His cries soon brought help from Trenouth & Jarrell's livery barn and he was rescued. He, however, suffered severe injuries. His nose was smashed and both lips so badly cut that the lower jaw bone was exposed. A quantity of gravel and cinders had become imbedded in these cuts which added much to his suffering. Chloroform had to be administered before the injuries were dressed and after the operation was completed Constable Garbutt left the patient in Dr. Mc-Kinley's office and went to the Ontario House for McComb's rig. He drove him over to the hotel and while he was arranging for his ac-commodation McComb drove away. He had evidently recovered sufficiently to make the journey as we have not heard of him since.

The horse took fright and the rig was overturned, the occupants suffering injuries thereby. The buggy was badly smashed and the occupants claimed that no precautions were taken by the driver of the automobile to prevent the accident.

Another Conservative For Reciprocity

To the Editor of The Globe: Sir John Macdonald was one of the finest Canadians who ever lived. gifted with foresight and ability that made him a statesman as well as a politician intensely loyal. Does anyone dare say he was on annexationist? And the Grand Old Chief's policy was to build up Canada by transcontinental railways, the National Policy and reciprocity. If ever there was or is any danger of annexation as the result of reciprocity surely it was a thousand times greater in Sir John A's time than now.

Sir lames Whitney recently said that not one thousand votes in all Canada could be had for annexa-

The Conservative party should be proud of the fact that the Grit party have acknowledged Sir John A's genius by endorsing and carrying out his policy.

I ask all good Conservative farmers and especially the farmers of East Northumberland, shall we deny the work of the greatest Canadian who ever lived, shall we allow those who are not worthy to be mentioned the same day of the week to slur the memory of that great, good, virile Canadian, our late Grand Old Chief Sir John Mac. Donald and he fought for recipro-

Reciprocity will open to us the lieve that we Canadian farmers are brainy enough to take our share and a piece for luck.

Reciprocity has always been accepted by the Conservative party as part of their platform.

Millions of good Canadians live in the United States, our own people our blood relations and friends. The majority of Canadian homes have relations and friends there. Surely if we have trade relations all over the world, and are seeking new markets from Patagonia to Timbuctoo our nextdoor neighbor united to us by every tie language friendship and blood, should hold a foremost place. Play the game play fair; don't muckrake. It isn't Conservative.

Free trade England sends all her old and wornout horses to protectionist Germany and the Germans eat them. I have voted and worked for Conserative party nearly thirty years this time I vote for Sir Wilfred Laurier's party.

Past and Present.

At Saturday's Conservative meeting in Toronto Hon. George E. Foster asked where Ontario and Canada would be to-day if the United Empire Loyalists and the patriots of 1812 and 1866 had held back and gauged their loyalty by the price of a few peas or beans.

Mr. Foster is quite right. This country would have had no existence if the patriots of old had held back and gauged their loyalty by the price of peas and beans. Why, then, do Mr. Foster and his friends to-day tell us that our loyalty depends on the maintenance of taxes on peas and beans ?- Toronto Star.

Mr. Rothery, of the Toronto Eastern Railway, was in Oshawa Mr. Moxey, that you have remem- the other day, and intimated that satisfactory progress is being made in putting through the new electric line. He said his company was negotiating with the Railway Commission to have their charter allow them to run by steam at night and the electricity in the day time.

Their idea is to run a freight service over the line at night by steam, and a passenger service through the day time by electricity.

The delay in securing the altera tions in the charter has been caused by the Railway Act, as it now stands, giving no authority to issue such a charter, and will have to be amended before the company can obtain the rights they seek, otherwise the Railway Commission would be establishing a precedent, which it is understood they are unwilling to do. However, Mr. Rothery has the assurance that the necessary amendment will be made as speedily as possible and the change in the charter made at an early date. CAPTAIN MAY ESCAPE. Shoal Which H.M.S. Cornwall Hit Was Not Charted.

Cornwall struck on a shoal that is uncharted when she went to the relief of the Niobe, is the report of Captain Bankhouse of the Canadian Govern-ment steamer Petrel, who was detailed to investigate. Captain Bankhouse has notified the authorities that he found a shoal within seventeen feet at low water not on the chart. That this is the shoal touched by the Gornwall is shown by the course given by Captain Ley of the warship as having been steered by him. The charts show no shallow water between Southwest Lead Buoy from which the Cornwall started in approaching the Niobe and Bon Portage Lodge, Whistling Buoy. This part of the Nova Scotia coast has not been surveyed for more than fifty years, and the work was then only partially done. No vessel draw-ing as much as the Cornwall or Niobwas ever in those waters before. The Cornwall draws 27 feet. Mariners here say the discovery by the Petrel should be a reason for the Canadian Govern-ment to ask that Captain Ley and his officers be exonerated. The Cornwall went into drydock on Saturday. She is found to be badly damaged.

BRIEFS FROM THE WIRES.

The unusual heat and resultant droughts in France continues without interruption. Lack of water has been responsible for a series of costly village and forest fires.

The Pope Is Better.

Rome, Aug. 14.-The condition of Pope Pius yesterday was almost sta-tionary, but with a tendency toward slow, though general, improvement. His temperature was 98.7, and while the pains in the gouty knee still prevailed, the pontiff suffered much less from pain than on the preceding days of his illness. He also took a greater amount of nourishment and his

strength was well maintained. Although the general condition of his holiness is not yet such as to justify absolute optimism for his recov-ery, his physicians believe that if there is no relapse he will be able next week to entirely abandon his bed. They say, however, that his con-valescence will be a lengthy one, as it will be necessary for him to submit to a severe regimen with regard to both food and work.

Clifford's Home Coming.

Toronto, Aug. 14 .- At eight o'clock to-night, Private Clifford, winner of the King's prize at Bisley, will arrive at the North Toronto station, where he will be received by the City Council, the militia and the citizens. Montreal gave him a great reception on Saturday. He was entertained at a banquet in his honor by the Montreal militia. Clifford's wife and mother went to Montreal to meet him.

Liberals and Nationalists Are About Evenly Divided at Big Meeting In Ste. Hyacinthe, Where Minister Replies to Slanders of Quebec Politician-Stand Breaks Down

With Newspaper Reporters.

Ste. Hyacinthe, Que., Aug. 14.—A political meeting, probably unprecedented in the province as regards the amount of invective and vituperation injected into the speeches and the amount of bad temper displayed, oc-curred here yesterday afternon, when Messrs. Bourassa and Lemieux, together with lesser lights, met in joint debate.

From the very outset it was seen that the occasion would be an un-usual one. the speakers spending scanty time in the usual words of appreciation, but coming down to point-

ed personalities at once.

The crowd seemed to take to this style of debate, and cheered wildly, surging around the improvised plat-form so that it was in imminent danger of collapse.

Mayor Payan presided over the gathering, and had a difficult time in preserving order, the 20,000 people who listened to the speeches proving

a somewhat turbulent crowd.

Hon. Rodolphe Lemieux made a notable speech and attacked Mr. Bourassa with intense vigor. Mr. Bouras-sa responded in kind, while Mr. Armand Lavergne at times interrupted Mr. Lemieux, who spoke in caustic vein, and several that that gentleman informed him and his supporters that he could use his hands as well as his

voice to reply to insults.

Fortunately the threat was not carried out, and the only mishap of the ried out, and the only misnap of the afternoon was the falling away of a portion of the stage, under pressure from the crowd, precipitating a num-ber of newspaper men into the audi-

Sacrament at Sea.

New York, Aug. 14.-Altogether charmed by pretty ten-year-old Math. ilde Sinclair, who was the life and the light of the steamship Bremen of the North German Lloyd Line, which arrived yeserday, Archbishop Bruchesi of Montreal, who made the little girl his companion and pet all the way over, conferred the extraor-dinary honor of personally giving the child her first communion aboard ship. The ceremony has few, if any, precedents.

Mathilde was taken abroad seven years ago by her mother, Mrs. Thos. I. Sinclair, the daughter of a judge, in Amsterdam, N.Y., to be educated. The mother brought her back for a six months' vacation. She is pretty, bright, and speaks several languages. She was easily the most popular pas-

senger on the ship.

In talking with her one day the archbishop discovered she was a Catholic.
He was delighted by the coincidence.
That this was also the anniversary of the mother's birthday, and the captain added this fact as one of the motives for giving his special spread.

Boy Charged With Arson.

Montreal, Aug. 14.-Camille Ouimet, a boy nine years of age, living at 336 East Sherbrooke street, was arrested on Saturday as a result of statements made at an investigation held by Fire Commissioner Latulippe into the that destroyed the factory of Mr. Ledue in Berri lane on Monday last. Four boys were summoned to

tend the court, their names being Camille Ouimet and Alfred, his brother, aged 9 and 8 respectively, Henri Viau and Arthur Belisle, of 252 Berri lane,

and Arthur Bellsie, of 202 Berri lane, 12 and 10 years of age.

Belisle told a story of having given matches to Camille Ouimet, who first tried to light a gas jet but failed to do so owing to the meter being turned off. He then got hold of a barrel con-taining varnish and emptied the con-tents and threw a burning match on tents and threw a burning match on the liquid. The witness stated that Ouimet had twitted his mates for being afraid to join in the doings.

The boy comes up this afternoon for

preliminary examination before Fire Commissioner Latulippe.

PEOPLE'S

August 13 .- Pastor Russell of Brooklyn Tabernacle took for his text to-day the words of Jesus, "Let not your heart be troubled; ye believe in God, believe also in Me" (John xiv, 1).

As usual there was a good crowd and closest attention given throughout. The speaker said in part:-

The world does well to keep up a cheerful, outward demeanor-to dull care away" to the best of its abil-ity. Nevertheless, there is great force and weight to St. Paul's words to the effect that "the whole creation is groaning and travailing in pain together, waiting" for Messiah's Kingdom and its long-promised blessings to lift the curse of sin and death and to restore to mankind the smile of the Father's favor. Reason though they may that there is no personal God-that there is merely a blind god of nature, an evolutionary force, etc., nevertheless, deep down in the heart, men believe that there is a God. Almost unconsciously the mind attributes to Him Wisdom, Justice and Power-but little of Love or sympathy with humanity and its frailties.

This very intuitive knowledge of God is closely associated with many human troubles. As the root of nearly every trouble, perhaps deep below the surface, is sin - disobedience to recognized principles of righteousness, and a fearful looking for of retribution, and uncertainty as to what it will mean. This is true, not only of many Christians, but frequently true also of others who have made no profession, who have taken upon them no solemn vows of obedience.

This troubled heart condition does not always show upon the surface. Sometimes the troubled heart is in the theatre to try to forget its troubles. Sometimes its owner is immersed in sinful pleasure-seeking, in endeavor to drown some haunting grief. Some-times relief is sought through intoxicating liquors or narcotics; sometimes in suicide. Sometimes the troubled one is on the stage. One cannot surely know that the merry laugh and witty joke and cheery song do not come from a troubled heart. We are sure that they do, in many instances, for frequently those who have been indulging in merriment have committed suicide a few minutes thereafter, leaving messages that their hearts had been severely burdened, while out-wardly cheerful.

We have much sympathy with these sorrow-laden hearts. As a race we are walking through "the valley of the shadow of death," day by day. On every hand we have reminders of this -grief, disappointment, headache, heartache, etc. If we are measurably free from pain ourselves, yet have sympathy, we are pained in the interest of others. If none of our own dear ones has recently died, the great Enemy, Death, has laid hold upon the home of a neighbor, a brother, and he is bereaved and a reflex shadow falls upon our hearts; and further, the thought comes that our home may be invaded by the great Enemy which has already swallowed up twenty thousand millions of our race-and that by Divine permission, because we are sinners—and because sinners are un-worthy of everlasting life.

realize the lack of human sympathy or, at least, its impotency. Feeling our helplessness, we instinctively look to our Creator. In the hour of trouble remarkably few doubt the existence of God. As Jesus said, "Ye believe in God." But as we look to the Almighty for protection and consider Divine Justice and realize our own weak-nesses and shortcomings, the heart of man fails. How could he think that the Omnipotent One would have interest in or care for such a worm of the dust as he feels himself to be? How could Divine Justice look with any sympathy upon the course of sel-fishness which he recognizes stretches out behind him in full view of the

All-Seeing Eye? "The fear of the Lord is the beginning of wisdom," is the inspired Message. Surely many have this begin-ning of wisdom come to them at some period in their life's experience. But such a fear is the start to wisdom only when it leads the fearful one to greater carefulness of living and to a desire for the Heavenly Father's approval. If this be the leading of the fear, it is indeed the precursor of the leader to, wisdom. As proper fear or reverence for the Almighty comes in, it acts as a restraint upon sin. It tends to make one more thoughtful, more careful, more wise, in seeking

for a better way.

Jesus addressed the words of our text to Jews who, under the instruc-tion of the Law given by Moses, had learned of Divine righteousness and the Divine requirements of all those who would come into harmony with who would come into harmony with Him. They believed in God. They recognized His Justice. They were desiring to be His people; they had heard of Jesus; they had traveled with Him as His disciples. In a gen-eral way they believed in Him. To a large degree they accepted Him as the promised Messiah and yet they found it difficult to exercise a fulness of faith. Probably there are many in this same attitude of mind to-daysome in this audience and some in the larger audience of millions which will be reached by this sermon in the public press. I would like to bear home upon the hearts of these the very Message that Jesus gave to those who heard His Voice: "Let not your heart

be troubled; ye believe in God; be-lieve also in Me." hear Him saying to us to-day. You bready believe in the Creator and His vustice. You already have the reverential fear. You already desire to

draw near to God. You have heard that He has sent His Son into the world. You have heard that this is a manifestation of His love and sym-pathy for you. You have heard that while you are condemned as imperfect, as sinners, as unworthy of eter-nal life, Divine provision has been made for your recovery through the Redeemer. As you believe in the Father's Justice which condemned you and which justly holds you at a distance from Him as unworthy of His favor, so now believe also in Me. Believe that the Father hath sent Me. Believe that it is His Love for you that prompted the sending. Believe that His Justice and Love will co-operate for your eternal comfort and blessing,

if you will accept the Divine terms. The Father knows your heart troubles. He wishes the burden to be there until you shall appreciate its weight-until you shall be ready to cry to Him that you are sin-sick, weary, troubled, and above all, hungering and thirsting for righteousness and desiring reconciliation to Him— the smile of His Face. He has not waited for all of this to take place before making provision for you. He has anticipated your needs, your long-ings, your necessities. He has already provided the Redeemer, who is Mighty to save. If Divine Justice is exacting to the last degree, believe that Divine Love, as represented in the Redeemer sent of God, is equally exhaustless, boundless — sufficient for all your needs. If you will accept of this, the Divine arrangement through Christ, your heart troubles may be at an end. You will still have troubles in the flesh, weaknesses, aches and pains, but your heart will be joyful and happy in a fellowship Divine with the

Ah! says one, I have heard of God and of Jesus and of the invitation to reconciliation, but I know not how to proceed. To whom shall I go? How can I gain a hearing in my case to obtain the blessed assurance, Thy sins are forgiven thee; go and sin no more. Which church shall I join? To what priest shall I confess?

First of all, my brother, or sister, allow me to rejoice with you that you have come into the condition where you are seeking and knocking for the opening of the storehouse of Divine favor, because "He that seeketh shall find and to him that knocketh it shall the conditions of the storehouse the storehouse of the shall find and to him that knocketh it shall the shall the storehouse the storeho be opened." Continue, these, to seek and to knock and very soon the bless-ings will be yours. See first, whether or not you are seeking the proper blessing. You want forgiveness of sins that are past. You want the assur-ance of Divine love and care. You want the Heavenly Shepherd to take you for one of His sheep and look af-ter your interests, both temporal and eternal. If so, good. You are seeking the very thing that God is pleased to give. Many are seeking something else—seeking to have some of self-will and some of God's will, some of sin and some of righteousness. They seek in vain until, in purity of heart, they seek that which God is willing to give.

All of God's gifts are by grace.

None of us could claim them on the grounds of justice or merit. We can-not keep God's perfect Law, not because it is too exacting, but because we are fallen. We were born in sin, shapen in iniquity: in sin did our mothers conceive us. Be our wills ever so strong, our flesh is weak. The Divine arrangement of this Gospel Age is adapted to this very condition and is open for the honest-hearted, the sincere penitents, the ones fully determined for righteousness.

You need not come to any earthly visat but can be described as the Martin and the company of th

priest but, as the Master said, go to the Father, in secret, in private. Go not in your own name or merit or worth, but in the merit of the Re-deemer. Go Scripturally, claiming Him as your Advocate and appealing in His Name for the forgiveness pro-vided by Divine mercy—to cover all the sins of the past and provide for all the imperfections unwillingly yours for the future—even to the end of the way. Coming thus, Jesus becomes your Priest, your Advocate with the Father. "We have an Advocate with the Father, Jesus Christ, the Right-eous" (I. John ii, 1). "Let us come with courage to the Throne of grace that we may obtain mercy and find grace to help in every time of need" (Hebrews iv, 16).

What will you say to your Father as you present yourself in the name of Jesus, do you ask? In prayer tell Him that you are sick of sin and desirous of His righteousness, in every way. Tell Him of your appreciation of the glorious qualities of His Character and of your desire to be as much conform-ed to that Character as possible. Tell Him that you know you have nothing worthy of His consideration, except the merit of Jesus to be imputed to you, which will be the covering for your imperfection. Tall Him that you present your all thus justified by faith, that the merit of Christ may be imputed; that you desire to be a living sac-rifice—to be faithful unto death to Him. to His Message in the Bible and to all who are, with you, following in the good way to the Kingdom.

Those who have acted upon the above directions of the Lord's Word and who have thus been accepted of the Father and begotten of the Holy Spirit, are thenceforth New Creatures in Christ Jesus. To them "old things have passed away and all things have become new." Their souls are not troubled, because they have passed from death unto life, from Divine disfavor to Divine relationship, as sons of God-and "If children, then heirs,

fled together" (Romnas viii, 17). Those who reach this blessed state are no longer heart-troubled. They will have troubles from the world, the flesh and the Adversary, but withal they have rejoicing—"The peace of God which passeth all understanding" ruling in their hearts.

But the end is not yet. The body

ass been separated from the will. The will has become identified with Cirist and represents the New Creature which will not be perfected, and in its new body, until the resurrec-tion. Meantime, as the Apostle teaches, the flesh must be considered and treated as an enemy because of its weakness, its fallen condition. A struggle, a battle, must go on continually to the end of the course. "Be thou faithful unto death and I will give thee a crown of life." The faithfulness of the New Creature, the will, will be judged by its loyalty to the Divine will and its strenuous endeavor to keep the body under-to be dead to the flesh and to the world and to be alive to the will of God. Every day should make us more alive as New Creatures and more dead as old crea-In this way we are, as the Apostle

puts it, mortifying or deadening the flesh and being quickened or energiz-ed or made alive in spirit. This is the resurrection process for the New Creature—the death process for the old creature. It is a matter, as the Apostla explains, of rejoicing in tribula-tion, knowing that the trials and diffi-culties of the present time, under Cod's providence, are working out for the faithful a share in that "far more exceeding and eternal weight of glery" promised to the Elect, the Bride of Christ—a share in the Kingdom which shortly, through the power of the First Resurrection, will be exalted to glory. and dominion over the earth. This is the spiritual Seed of Abraham which, during Messiah's Reign of a thousand years, is to bless Israel and, through Israel, all the families of the earth

(Galatians iii, 29).
We cannot give this message to the world, even as Jesus could not do so.
It is better for the world that their hearts should now be troubled to a considerable degree. Those who are in the most dangerous position, perhaps, are the ones who have no troubles in the present life and, therefore, no incentive to seek the great Burden-Bearer and fellowship with the Father through Him. Jesus said of such, Woe unto you that are rich! for ye have received your consolation. Woe unto you that are full! for ye shall hunger. Woe unto you that laugh now! for ye shall mourn and weep. Woe unto you when all men shall speak well of you! for so did their fathers to the false prophets" (Luke vi. 24-26).
At the present time we have 1,200.000,000 that in no sense of the word are called by the Lord, and therefore have had no opportunity of respond-ing to that call. With the thought that has prevailed for centuries, that these uncalled millions are doomed to eternal torture, the hearts of God's people have been very sorely troubled, and infidelity has been very greatly assisted into a denial of everything pertaining to Christian faith. All agree that it would be very unreason-able for the Creator of those 1,200,000,-000 to expose them to the danger of eternal torment, and not give them the slightest opportunity for hearing of the only terms of salvation from it. But when we get the correct, the Scriptural view of the matter, we see that the penalty upon those 1,200,000,00 is, "Dying thou shalt die," and that in this particular they are not different from their fathers, who were upon the same arrange of t

under the same curse, or sentence of death—the Adamic condemnation. We see from the Scriptures, too, that our Lord Jesus "by the grace of God, tasted death for every man"—to be testified in due time" (Hebrews ii, 9; I. Timothy ii, 6). Jesus, therefore, tasted death for all these 1,200,000,000 and for all their forefathers. He has given the ransom-price for their sins as well as for ours, the Church's, and a resultant blessing must come to

them as well as to us.

The coming blessing is a rescue from the sin-and-death conditions in which they were born; an opportunity for rising out of those conditions of degradation, up, up, up, to full perfec-tion of nature, and all that was lost through Adam's disobedience. This work of Divine Grace, we see, is to be accomplished for the world during the Messianic Age, when Christ and the Elect Church will constitute God's Kingdom, with power and great glory for the blessing of the world.

STRIKERS RIOTING KNOW THEIR MINDS

Serious Disturbances Occur in Liverpool and Glasgow.

Liverpool Workmen Get Into a Dispute With Policemen and Fighting That Follows Necessitates Calling Out of the Troops-Great Meeting Is Held In Glasgow-Street Railway Handicapped.

Liverpool, Aug. 14 .- Serious rioting growing out of the strike which is in progress here occurred yatterday afternoon. One policeman was killed by being struck on the head with a brick, and many persons were injured.

An altercation between a policeman and strikers during a transport workers' demonstration at St. George's Hall started the trouble, which culminated in a general melce. When, after this disorder had been put down

gathered in groups about St. George's Hall listening to speeches by labor agitators, and the scenes of violence following the attack upon a policeman necessitated the calling out of the po-lice reserves. When they arrived one party of fifteen policemen were surrounded and disarmed, the rioters attacking them with their own batons. In the fight the commanding officer of the police was dangerously wound-

So great was the disorder that the Riot Act was read and the troops were called out to assist the police. The mob fought desperately with sticks and stones, and, in fact, with any handy missiles. Gradually, however, by the combined efforts of the troops and police, the crowds, which were surrounding seven speakers' platforms erected on the plateau fronting the hall, were cleared away. Many policemen and rioters were injured in the hand-to-hand fighting. The rioters have threatened to attack the news-paper offices, which are closely guarded. After the fight St. George's Hall was converted into a temporary hospital and the wounds of many per-sons were attended to by physicians.

Driven from the centre of the city the crowd sullenly repaired to the Is-lington quarter, one of the lowest and roughest in Liverpool. Here the police were baffled in the narrow streets, for the desperate rloters' barricaded themselves in the houses and volleyed down bricks, slates and chimney pots from the roofs upon their heads.

While the details as to casualties still are incomplete, Constable Cook-son was killed by a blow on the head, and Superintendent of Police Bolton was taken to a hospital in a precarious condition. It is rumored that some houses were set on fire during the disturbances.

The outbreak, it is alleged, was largely due to the strikers' resentment of indiscreet conduct on the part of members of the police force brought here from Birmingham to assist in maintaining order. Tom Mann, who was one of the leaders of the demonstration, has lodged a formal protest with the chief constable against what he describes as a brutal attack by a Birmingham constable on one of the

Disorders at Glasgow.

London, Aug. 14.—While the strike troubles in London are ended, the situation in the provinces is rapidly growing worse. In addition to rioting yesterday at Liverpool, there were serious disorders at Glasgow, where the street car service had to be complete-ly closed down. Thirty thousand workmen met on Glasgow Green, and the strike leaders threatened drastic measures if the non-union men continued sures if the non-union men continued to take the place of strikers. Scuffles with the police led to wild scenes of disorder, in which there was stone-throwing on the part of the workmen and baton charges by the police. Much damage was done to street cars by the strikers before the service was suspended. Cars were pulled off the tracks and their trolley poles removed, windows were smash-ed and timbers were laid on the rails or strikers sat on the tracks in a body in order to impede the progress of the cars. Many persons were injured.

A labor demonstration was held in

Trafalgar Square here yesterday after-noon to welcome a party of laborite members of the French-Chamber of Deputies. The speakers included Ramsay Macdonald, Ben Tillett and J. K. Hardie, all of whom emphasized the importance of the triumph of the workmen in the London strike and the uniting of international workers, who would be seen to the control of the control of the uniting of international workers, who would be seen to the control of who would have a good deal to say in international politics. Mr. Tillett said that before long the railway workers would join the transport federation and then if soldiers were summoned to the scene of a strike they would have to walk in order to get there.

Scots Greys Guard Food.

Liverpool, Aug. 14.—Armed with sabres and carbines and furnished with ball cartridges, strong detachments of the Royal Scots Greys succeeded in effecting the removal on Saturday of goods, which had been tied up at the central depots by the striking dockmen and carriers.

Six hundred tons of foodstuffs were moved in one procession, which was accompanied by magistrates, who were

mounted, and as they rode along carried in their hands copies of the Riot Act. The strikers looked on sullenly, but showed no disposition for a conflict with the well-armed soldiers.
