Queer Freak of Lightning Flash.

A bolt of lightning threw itself into the hip pocket of Jos. Barrow, a farmer in Connecticut, as he was sitting in the kitchen of his home recently.

The bolt came into the house via the stovepipe, and was attracted to Mr. Barrow's hip pocket by the presence there of an iron monkey wrench and a big jack-knife. It passed down his leg, burning him severely, and then careened over the floor, upsetting a tub of water and splitting a huge chopping block. In Mr. Barrow's pocket the end of the wrench and the blade of the knife were fused into a solid piece of steel.

A Record in Piano Playing.

The Paris newspapers record a feat of endurance on the part of one Thorpe, described as a native of Bohemia, who played the piano for thirty hours and fifteen minutes without stopping.

It seems that there is a record even in this land of folly, and that it was formerly held by Mr. Waterbury, whose performance extended over twenty-eight and one-half hours. The report states that Thorpe was fed and given stimulants during the entertainment. But nothing is said about the audience as to whether they brought their beds or took their enjoyment in parts.

SPORTING SKITS

SOFT BALL LEAGUE.

The St. Paul's and Y.M.C.A. will play their first game in the league series to-night at 6.45 sharp. As both teams are playing good ball and as a loss will be the undoing of either team, a battle royal is expected. The public want to take advantage of this and come out and see the game. All players of both teams are requested to be on hand early so as to start the game promptly on time. Umpires Chadd and Brown.

BOWLING.

Fred Pedlar defeated James Reynolds at singles 13 to 4.

RESULTS IN THE DOUBLES.

S. Budge and H. Walker won from W. Ball and R. Hayden 15 to 12; S. Lockington and R. Finch defeated R. Gillies and J. McMullen 15 to 4, and E. E. Snider and James Reynolds defeated H. Jordan and R. Finch 15 to 7.

Two rinks went to Oshawa yesterday afternoon and were defeated by two shots. Skip Curtis played a tie game and Skip Jordan was down two. The return game takes place here next week.

Two local rinks are in Oshawa today attending the tournament.

THE HIRED MAN

of Orono Gives His Views on Reciprocity.

Toronto Star

Its quite a while since I took my pen in hand to write about reciprocity, but when I read the pieces in the World about the sheep, and to-day about hogs, and Mr Marshall's piece in the News about eggs, I just thought it was time to say something. Sheep don't make very much difference to Durham County, whether cheap or dear as about only one farmer out of ten raises them and then at the outside, twenty in a flock, and more with less than that number.

But as for hogs, we raise them here by the carload, and I want you to take Buffalo's highest price for hogs for the last twelve months, and Toronto's same dates. Don't compare Winnipeg with New York, nor compare Toronto with Chicago, but compare American and Canadian cities that are close together.

Mr. Marshall says he is paying farmers 19c for eggs. Ask him, "What farmers?" as he is getting nearly all the eggs in this section and if he is paying above prices, the farmers have a lot coming to them, as he only paid 16c last week. How many farmers in this country care a cent whether honey is cheap or dear, as not one in five hundred keep bees. It makes the door honest farmer laugh when he reads about Flavelle, Sitton, Marshall and a lot of other rich fellows tell that they are lying awake nights worrying for fear the farmer won't get rich like they do. You would think

if Marshall, Flavelle, and a host of those produce and hay buyers thought they were going to get stuff so much cheaper, they would hold out both hands for reciprocity. You can fool us fellows part of the time—I forget how Abe Lincoln put it—but you know, Mr. Marshall sent out 700 postcards telling farmers if they voted for reciprocity he wouldn't be able to pay the prices he does now. He is a philanthropist all right, especially if he makes all us fellows believe he would rather pay big prices than little ones. What we want, Mr. Editor, is opposition to these fellows and when we get it, if the fellows won't pay the price in Toronto, all we have to do is send the stuff on to Buffalo or New York. I don't believe those fellows want that kind of a position. Do you Mr. Editor. THE HIRED MAN. Orino, Aug. 7, 1911.

The Annexation Bogie

Some jelly-brained persons are circulating a petition in Crowland township, Welland county, to secure signatures against annexation, says the Peterboro Review. Just as logical as circulating a petition refusing to recognize Halley's comet when it comes round again 74 years hence; and less logical, perhaps, for Halley's comet will come back to view in 1985, but annexation will never come.

The opponents of reciprocity are raising all sorts of bogies to frighten more sensible electors than themselves into voting against reciprocity because it will, they say, lead to annexation. They assert this, but they do not attempt to show how it will have this effect; and for very good reasons, they can't show it. Enlarged trade with any country does not tend to sap anybody's loyalty. If enlarged trade brings popular prosperity, the people are happy and well satisfied with their political conditions. A well satisfied, happy prosperous people, will not wish to change.

What was the cause of the political unrest in the late forties and early fifties in Canada. There were hard times, trade was practically dead and the people were not prosperous nor happy. That was the condition that prompted the only annexation movement we have ever had in Canada.

The only annexation sentiment in Canada that ever assumed concrete form, was of Conservative origin, too—was of Conservative manufacture—made in Canada; and it is worth while remarking that it has been revived by the Conservatives of 1911. In 1848 an annexation "league" was formed in Montreal, composed of Conservatives. The excuse was dull times and a restricted market. They wanted the market of the United States, then closed to most Canadian products. An annexation "manifesto" was signed, and among the signatures was that of Sir John Abbott, afterwards a Conservative leader and Conservative Premier of Canada, from June 18, 1851 to December 1892, when he retired owing to ill health.

This agitation was confined to a few political filibusters and it never

entered at large into the minds of the people of Canada of swapping their British allegiance for trade with the United States. On the contrary, the reciprocity treaty, that came shortly after, killed every desire for annexation in the minds of even the Conservative agitators of Montreal. Enlarged trade, greater prosperity and the happiness of the people brought contentment, and the Conservative agitators for annexation, had no material to work upon.

Then, as now, there was a section of the United States anxious to annex Canada. Reciprocity killed the idea and it was hoped to coerce Canada—in another way. They abrogated the reciprocity treaty to force Canada into an annexation.

But the people of Canada, then as now, had no desire for annexation. Their answer was the confederated and consolidated Dominion, one year after the abrogation of the old reciprocity agreement. By this, British connection was more strongly cemented, and Canada entered upon a career of development.

There never has been any annexation sentiment in Canada to speak of, only among a few persons with an axe to grind, and there was never less than there is to-day. When the people are contented and happy and prosperous; when the country is enjoying great prosperity under a Liberal government, as asserted and emphasized in a Conservative campaign pamphlet, to show that we don't need reciprocity, don't need greater prosperity than we have now under the rule of a Liberal government, which our Conservative friends, with perverse logic, are trying to displace—when this is the case the people won't think of political change.

It is impossible to convince any Canadian, with brains enough to lay the foundation of a headache, that there is even the ghost of a

danger of reciprocity promoting annexation. The agitators don't believe it themselves; it is only one of the shoal of red herrings the agitators are drawing across the trail of the real issue; only one of the discordant, disintegrating, senseless cries that are being raised to draw the minds of the electors from the real issue.

A TROUBLESOME MISGIVING

Continued from yesterday. 'Perhaps so.' 'I have a question to ask you. I suppose you talked about that Critical article of mine before you received my request for silence?'

strangest story, but there a scruple does interpose. If we live another twenty years—but now I can only talk about myself. 'And this hope of which you speak said Earwaker, with a grave smile, points you at present to sober work among your retorts and test-tubes?'

'M—m—m,' muttered Earwaker, slowly. 'Then you have never been troubled with a twinge of conscience?'

(TO BE CONTINUED.)

QUEBEC IS SOLID.

Speaking of Sir Wilfrid's meeting at Three Rivers the Montreal Herald says: 'Although no efforts had been made to draw so large a crowd as at the former meeting, there were about ten thousand people present from many adjoining Counties, while the people of Three Rivers turned out en masse, Liberals and Conservatives alike, to hear what the Premier had to say.'

A Hopeless Case.

Little Willie always remained at the bottom of the class because he could go no lower. He was a dunc of the deepest dye. School teachers were in despair about him. Even taxes availed little, canings less.

Canada Retains Her Freedom

What do the critics of reciprocity hope to gain by insisting that, if we ratify the reciprocity agreement we lose control of our tariff, which will hereafter be fixed at Washington? The statement is not true and can be easily disproved by official documents.

EDUCATION AND WOMEN

The Young Girl Just Out of School The Best Teacher.

Married women, especially mothers, should not be employed as teachers. Their time is their husbands and should be; besides they are set in their ideas and fight against radical changes. The young teacher, just out of school herself, is the ideal teacher.

Hints on Treatment of the Hair.

Care should be observed in the selection of a hair stimulant or scalp emollient to obtain the preparation best suited to one's individual case. Premature use of cheaply made tonics or restorers often result disastrously.

Fashion Hints.

The feather toque is a happy medium between the warm weather hat and the fur toque of the winter.

WHERE IS HE AT.

Mr. Bourassa said the other day that he was not opposed to Reciprocity, but only to the navy, says the Halifax Recorder. The Conservatives of Ontario say that Laurier did not go far enough in the navy bill, and are unalterably opposed to Reciprocity.

Captain Dean and His Party on Board the Albatross Arrive in Byng Inlet After Terrible Sufferings and Report Wreck in Georgian Bay—They Fear That the C. C. Martin Has Gone Down.

Byng Inlet, Aug. 24.—The barge Albatross of Midland, Captain Dean, founded in the Georgian Bay, off French River, on Monday night, and it is feared that the tug C. C. Martin of Midland, Capt. Vent, which had the barge in tow, has gone to the bottom also. The tug carried, besides the captain and his wife, a crew of eight. What gives ground for the apprehension that the Martin has become a prey to the waves, is the story brought by those on board the barge, who reached Byng Inlet safe yesterday morning after enduring the hardships of a night and a day adrift on the bay in small boats during one of the worst gales that ever blew.

BRIEFS FROM THE WIRES.

The remains of two more victims of the Porcupine forest fires have been found in the woods. Canal traffic shows a falling off for July, chiefly on account of the decline in ore shipping. Fully one thousand retail grocers and their friends of Port Huron were in London yesterday spending their annual excursion.

Bees Invade Grocery.

Ottawa, Aug. 24.—A curious incident occurred here yesterday when a swarm of several thousand bees, supposed to belong to the experimental farm, attacked a grocery store owned by Geo. Hepper, in the centre of the city, a couple of miles from the farm, and took possession.

Fatal Hotel Fire.

Parkersburg, W. Va., Aug. 24.—One person is dead, two fatally hurt, and the Chancellor Hotel is damaged to the amount of \$50,000 as the result of a fire which started on the seventh floor of the hotel here yesterday and spread so rapidly that for a time it was believed the entire business section was endangered.

Burglars at Chesterville.

Chesterville, Ont., Aug. 24.—Burglars during the night looted four stores, getting away with upwards of \$800. From the jewelry store of W. Lauchien alone one hundred rings, twenty watches, and other jewelry, amounting to almost \$400, was taken.

His Neck Was Broken.

Cornwall, Aug. 24.—John Lawrence, the 11-year-old son of Elias Lawrence, who lives near Spencerville, was found dead the other day in a pasture, with a heavy gate on top of him. It is supposed that the boy climbed on the gate and that the hinges gave way. His neck was broken.

WHAT CANADIANS ARE DOING

REV. C. W. GORDON

Rev. Charles William Gordon, B.A., D.D., LL.D., F.R.S.C., or as he is more widely known, Ralph Connor, was born in the country and it was his early training in the Indian Lands, Glengarry Co., Ont., which we see reproduced in the broad manly atmosphere of Ralph Connor's books.

RALPH CONNOR

us in some of his masterpieces. After public school he was sent to the High School of St. Mary's, Ontario. From there he matriculated into the University of Toronto, graduating with the class of 1883. After taking his Arts course, the future author applied himself to the study of theology at Knox College. In order to obtain a broader and wider outlook on life Ralph Connor crossed the water, and studied at New College, Edinburgh for a year.

Before returning to take up his life work in Canada, he made, in company with five friends, a bicycle tour of the continent.

Upon his return to the Dominion he took up his task with grim determination to succeed. The now Rev. Mr. Gordon was sent as a missionary to the Rocky Mountains. He did his work thoroughly and labored for the spiritual good of the region with all his indomitable energy. The Rockies were inhabited by a rough and ready lot, yet the youthful divinity graduate shouldered his task and came out with flying colours.

The impressions he received were indelibly stamped on his mind and they make some of the most thrilling passages in his books. Since 1894 the Rev. Dr. Gordon has been in charge of St. Stephen's Church Winnipeg.

He has labored not alone for the moral betterment of his own congregation, but for the whole West. Dr. Gordon takes a vital interest in the improvement and purification of municipal politics and in the lot of the working man. On this account he was chosen as a member of the Coal Striker's Arbitration Board. Above all Ralph Connor's influence has been felt from Coast to Coast through the medium of such books as the "Man from Glengarry" the Prospector, etc. Canada needs more men of his stamp and more books of the same calibre as his. They have a farther reaching effect towards moral upliftment than any amount of sermons against the prevalent vices.

SIR JAMES GRANT

Sir James Alexander Grant, K.C., M.G., M.D., F.R.S.C., who while in politics introduced the Pacific Railway Bill, is principally distinguished for his medical and scientific work. He has published works on Organic Heart Disease, and numerous essays on various medical and scientific subjects. He was President of the Royal Society of Canada in 1903.

Sir James was born in Inverness, Scotland, in 1831 and received his education at Queen's College, Kingston, Ont., London and Edinburgh. He first entered parliament as member for Co. of Russell in 1863.

CLIFFORD IS UPHELD

D.R.A. Members Approve of His Style of Shooting.

OFFICERS ARE ELECTED

Winner of the King's Prize Replies to Competitors, Who Protested Against His Attitude During the Matches—He Says Lord Kitchener Thought Well of His Method of Shooting at Bisley.

Ottawa, Aug. 24.—There was not quite as large an attendance as usual at the president's luncheon at the D.R.A. building.

In responding to the toast to the King's Prize winner, Private W. J. Clifford took the opportunity of defending his position in shooting which had been condemned at the meeting the night before.

"Of course, I realize that the conceptions that some of the competitors go through is unsportsmanlike, and I think if there was a regulation which would compel the competitor to grip the rifle with his left hand, it would mend matters.

Lieut.-Col. Helmer did not think that any reflection on or criticism of Clifford was meant the night before. He thought that Clifford's position should be satisfactory.

The officers elected for the ensuing year are: President, Lt.-Col. Sherwood, C.M.G., Ottawa; first vice-president, Lt.-Col. Davidson, 8th R.R., Quebec; second vice-president, Major McRobbie, St. John, N.B.; third vice-president, Major Hayes, London; secretary-treasurer, Mr. Frank Beard, Ottawa; auditor, Capt. Bell, 43rd Regiment.

The members of the council were left to be selected by the executive with the exception that Lt. Col. Ross' name was added to the Ontario list.

At Tuesday night's meeting of competitors it had been decided by a majority vote, to ask the council to prohibit marksman from letting the butt of the rifle rest on the ground while shooting. This is the position that Private Clifford, who won the King's Prize, uses, and is also used by many other members of the D.R.A.

A feature of the meeting so far has been the success attending the sailors of H.M.C.S. Niobe and the cadets. After the chairman, Lt.-Col. Tilton, had congratulated Pte. Clifford on his Bisley success, Col.-Sergt. Perry, 8th D. C. O. R., Vancouver, who won the King's Prize some years ago, explained that he was Canadian-born, although papers had represented Clifford as the first native to win the prize.

Goodall Had Revolver.

St. Catharines, Aug. 24.—When examined yesterday by Constable Tuford, Bernie Goodall, charged with threatening to kill Annie Black of Beamsville, was found to have in his possession a revolver loaded with cartridges, which were of the same kind as one received by the girl in a letter.

INQUEST ADJOURNED.

Wilkie Murder Case Retold in the Coroner's Court.

Toronto, Aug. 24.—Coroner Graham resumed the inquest into the death of Mrs. Ellen Wilkie, who died after an alleged assault by her husband, yesterday afternoon, at which time the evidence of Constable Smith and Miss Lillie Reynolds, daughter of deceased, was taken.

The constable said that on hearing cries of murder he rushed into the house and found Wilkie standing at the foot of the stairs with his hand on Mrs. Wilkie's throat. He separated them and Wilkie proceeded to the back yard. Meanwhile his wife requested the constable to take charge of her husband and offered to go to the station and lay a charge of assault against him.

Miss Reynolds said she arrived home shortly after 6 o'clock on the night of the tragedy and found her mother and stepfather in the back yard. Presently the mother came into the house and Wilkie went away on his bicycle.

About 11.30 the stepfather came back. At this time the woman was sitting on the front doorsteps. Her husband told her to go inside, and on refusing to do so he proceeded to drag her in by the hair. A row ensued, and shortly afterward the Italian, Perry, came in. Mrs. Wilkie tried to defend herself by striking at her husband, but missed him and struck the Italian. Perry struck her back, and then Wilkie seized her by the throat.

At this point the woman cried out, and Policeman Smith entered and separated the combatants. The hearing was adjourned.

CORNER-STONE LAID.

Lieutenant-Governor Officiates at Hamilton Function.

Hamilton, Aug. 24.—Lieutenant-Governor Gibson before a fair-sized crowd yesterday afternoon laid the corner-stone of the Hamilton new public library building, which, when completed, will cost close to \$300,000. Of this sum, \$100,000 has been contributed by Andrew Carnegie and the balance will be raised by the public library board.

The Lieutenant-Governor in his remarks referred to the question of the distribution of wealth, which he admitted was very unequally distributed. It would be difficult to collect from each person his equal share of wealth required for the establishment of such institutions as the public library, the corner-stone of which he laid yesterday. His honor added that he hoped that some method more utopian than that prevailing to-day for distributing wealth would be eventually discovered.

Other speakers of the occasion were John Milne, chairman of the public library board; Judge Hardy, chairman of the Brantford public library board; John M. Brown, trustee, and H. B. Whitton, trustee, and the father of the public library in this city.

The library, when completed, will be known simply as the Hamilton public library, and Mr. Carnegie's name will not be officially connected with the institution. A memorial bust of the city's benefactor will, however, be erected in the building.

Thaw's Money Ties Him Up.

Pittsburg, Pa., Aug. 24.—Harry Thaw, through counsel, yesterday filed an answer to a petition of Evelyn Nesbit Thaw, in which he will oppose the appointment of a committee to take charge of his person and estate. Thaw's answer will set forth that he is not insane, but is capable of transacting his own business, and, in fact, is transacting his own business.

"I have just come from Matteawan," said Attorney W. A. Stone yesterday. "I conferred with Thaw for two hours regarding the petition of Evelyn Thaw. There is no doubt that Thaw would have been discharged from Matteawan some time ago had it not been for the fact that officials there hesitate to give him a certificate fearing that it would be said that his money had influenced them."

"I talked with Thaw for two hours on various subjects, and if I am capable of judging of a man's mental condition, he is perfectly sane and rational."

Mail by Fast Freight.

Washington, Aug. 24.—Arrangements have been perfected by the Postoffice Department whereby second-class mail matter, consisting of magazines and periodicals, heretofore transported in railway mail cars, will be carried by fast freight, beginning Sept. 1. The order was issued yesterday.

The publishers are to be permitted to print on the wrapper of each copy or bundle of their publications, as a part of the address, instructions as to the date on which delivery is to be made.

Publishers have assured the Postmaster-General that they generally will be satisfied with the arrangement, and assurances have also been received from the railways that the mail can be delivered promptly. The expense of transporting and delivering will be far less than at present."

Shaughnessy's Denial.

Montreal, Aug. 24.—Sir Thomas Shaughnessy yesterday gave for publication a statement in connection with the published reports that he, with other C.P.R. officials, will campaign the northwest of Canada in opposition to the proposal. Sir Thomas dictated the following: "Accompanied by three or four members of the Board of Directors, I am leaving to-morrow on the annual inspection trip over the lines between Montreal and the Pacific coast. Fully occupied as we shall be with other matters, I regret exceedingly that we shall have no time to give to politics."

Did Suddenly.

Brantford, Aug. 24.—Dr. Almon A. Babcock, for 14 years a prominent dentist of this city, died suddenly here yesterday from epilepsy, to which he was subject. A widow and two children survive.

PLEA FOR CARDIN

Sir Wilfrid Laurier Holds a Big Rally in Sorel.

LEMIEUX OUTLINES PLANS

The Premier Replies Again to Monk and Bourassa and Gets Enthusiastic Support From His Auditors—New Minister of Marine Proposes to Deepen the St. Lawrence Channel to Thirty-Five Feet.

Sorel, Que., Aug. 24.—Sir Wilfrid Laurier at his meeting here yesterday made it quite clear that the Liberal candidate (Mr. Arthur Cardin, had the unequivocal support of the Government. Five thousand people attended the meeting, which was marked by great enthusiasm, the Prime Minister being frequently cheered.

Hon. Mr. Lemieux outlined the program he would follow as Minister of Marine and Fisheries and Naval Affairs. He would deepen the St. Lawrence channel to thirty-five feet, and improve the light and buoy service. He aimed at making Montreal the "New York of Canada," not only the outlet for Canada's west, but the outlet for the grain of the whole American continent.

Sir Wilfrid alluded to Canada's prosperity and the reasons why Canadians should feel proud of it and their country. But the Liberals had a policy which would augment still further the country's prosperity, that of reciprocity with the United States. The Opposition until February last had favored reciprocity, but now they had changed their coats and cried: "Let well enough alone"; a cry that was very flattering to the Liberal Administration.

"The Liberal party," he continued, "is the same as it always was, but the Bleu party, where is it? We hear the name no longer. They call it Tory, Castor, Nationalist. Mr. Bourassa said at Lachine that the Nationalists were not a party. Perhaps when I said they turned their coat I was too severe. Perhaps they have no coat."

Sir Wilfrid has suffered little from the past few strenuous days, speaking with fire and force, especially when he referred to Messrs. Bourassa and Monk. The Premier heartily endorsed the candidature of Arthur Cardin, who was chosen by the Liberal convention here in place of Adelard Lanctot, the late M.P. Mr. Lanctot was in town, but did not attend the meeting.

In discussing reciprocity, the Premier laid much stress on the markets which would be opened to the farmers, quoting prices for hay and vegetables in Montreal and in American cities, to show that, with the duty removed, the farmers would profit by selling to the latter. Referring to the Opposition, he ridiculed the hybrid alliance, which, he said, had but one thought, that being to beat Laurier. On the navy question he spoke at length, emphasizing the fact that service would be entirely voluntary and had always been intended to be so.

Men Sent Ultimatum.

London, Aug. 24.—Hopes that the labor troubles at Liverpool would be settled quickly have again been disappointed. Tom Mann and other strike leaders arrived in London yesterday from Liverpool and held a conference with representatives of the Amalgamated Society of Railway Servants, as a result of which an ultimatum was sent to Premier Asquith. Sidney Buxton, President of the Board of Trade, and the Lord Mayor of Liverpool, practically demanding the reinstatement of the Liverpool tramway men by noon to-day. In the meantime the situation is so acute that George R. Asquith, comptroller-general of the labor committee of the Board of Trade, has gone to Liverpool to try and arrange matters. Mann declares that it is the intention of the leaders to bring about a national strike unless the corporation yields.

Good Crop Weather.

Winnipeg, Aug. 24.—Weather bulletins from widely diverse points in the western provinces substantiate the forecasts of Tuesday night in so far that ideal weather for grain-ripening and harvesting obtains. Warmth is once more general, and the depression which followed in the wake of Sunday's storm is largely dispelled. A fairly accurate estimate of the damage caused by the week-end storm is now obtainable and it appears damage was very largely confined to the immediate path of the windstorm. In this route cutting had been mostly completed and the resulting loss by storm is not more than five per cent.

A Jamaican Museum.

Kingston, Jamaica, Aug. 24.—A commercial museum will be established at Jamaica for the purpose of bringing the resources of the island more prominently to the notice of foreign markets.

More Haitian exiles, some of them unfriendly to President Leconte, are arriving here. One of them, who is an adherent of former President Simon, was obliged to wrap himself in a Spanish flag to escape the violence of a mob that threatened him as he was about to leave Haiti.

Never Saw the Will.

Kingston, Aug. 24.—In a statement to the lawyer looking after her interests, Mrs. Abbie George, widow of the late Joseph George, says that she never saw the will of her husband, which has just been found under sensational circumstances. She not only never saw the will, but never heard of it being in existence.

Lost 250 Chickens.

Kingston, Aug. 24.—P. D. Lyman, a well-known poultry fancier, reports that he has lost 250 chickens this summer through "growing light," one of the most fatal diseases among pigeons and chickens. The disease appears to be caused by varying extremes of weather.

BORDEN IN TORONTO.

Tory Stronghold Gives Him an Enthusiastic Welcome.

Toronto, Aug. 24.—Toronto Tories to the number of 4,000 roared themselves hoarse here last night at the meeting addressed by R. L. Borden and W. T. White.

"It is a great economic and national issue in which all minor political differences are absorbed and merged," said Mr. White. "It is a question of the one hand and reduced cost of living on the other was not sufficient. A man who had a dollar in his pocket and had to pay thirty cents for his dinner was better off than the man who had no money and had to pay twenty-five cents for his dinner. The United States produces more than the United States consumes; it has an exporting population."

"Canada," Mr. White went on, "was in an infinitely better position than the United States. He pointed to the three transcontinental railways, the like of which no other country had. The bank deposits per capita were ahead of any other nation. "You get your money from the money centre of the world—and there is only one money centre of the world—that is London and not New York."

"By implication the agreement to which the Canadian Government is a party censures the policy of the provincial governments in imposing an export duty upon pulpwood in order to insure its manufacture here." (Hear, hear.)

Then Mr. Borden rose to speak. He dealt with reciprocity from the national, rather than the economic standpoint, and directed the attention of his hearers to the effect on imperial connection.

Before concluding, Mr. Borden made a passing reference to the position of Hon. Geo. E. Foster, which has been assailed by Liberal newspapers. In a few sentences Mr. Borden said the electors of North Toronto were entitled to choose their own candidate to represent them in Parliament. There was no quarrel within the Conservative party, and those who were associated with Mr. Foster in the former Conservative administration testified of him as having a scrupulous regard for his public duties and unwavering in his devotion to the country. "And when sitting upon the Treasury benches of Canada, we will be the servants of the people and not dictators to the people of Canada."

STILL AT COERCION.

Hon. Mr. Sifton Reiterates His Charges at Tillsonburg.

Tillsonburg, Aug. 24.—Hon. Clifford Sifton addressed a large audience here last night in opposition to the reciprocity pact.

Reviewing Canada's past tariff conditions Mr. Sifton said that the principle of protection brought about by the national policy had not been destroyed by the 1897 tariff revision. Its continuance through such a lengthy period was the basis of the general prosperity of which, he believed, the farmer was getting his full share. The building up of an industrial population furnished the farmers' great home market. The conditions under which reciprocity was negotiated were reviewed.

"Great friendliness is claimed for the United States," said Mr. Sifton, "but I say the Government of Canada was coerced into this arrangement, and that Government showed no friendliness in its actions a year ago when the imposition of the maximum tariff was threatened, because of an alleged discrimination made by Canada against the United States, that is, on the face of it, an absurdity."

Following the general lines of his Ingersoll speech, Mr. Sifton reviewed in order the arguments advanced for the trade agreement: First, Sir Wilfrid's plea that former Canadian statesmen favored reciprocity; second, Hon. Mr. King's plea that the consumer will secure lower prices; and, third, the general argument that the Canadian farmers will secure higher prices.

Beer Was Too Strong.

Brantford, Aug. 24.—Max Harris, a local foreigner, was fined \$100 and costs here yesterday for a breach of the License Act, in selling lager beer made at Waterloo, which contained 2.62 per cent. of alcohol, instead of 2.50, the legal requirement. Magistrate Livingston said he had no course left but to impose the fine. An effort will be made to have it remitted, ten days being granted.

Charged With Shooting.

Brantford, Aug. 24.—William Winegardner, a Hatchley man, is in jail here, charged with shooting his son-in-law, Thomas Rowe, with intent to kill. Rowe, ran away with Winegardner's daughter, and on the return of the couple the alleged shooting took place. In the prisoner's possession were found a revolver and several rounds of cartridges.

Died In Chicago.

Kingston, Aug. 24.—Within five days of each other, two former Kingstonians passed away in Chicago—John Crowley and his wife. Two daughters and one son survive. Crowley was born at Kingston Mills sixty years ago, and attended the old boys' reunion here a few weeks ago.

Will Adopt Savings Bank Idea.

Montreal, Aug. 24.—The establishment of public savings banks where in each scholar may deposit spare pocket money, whether it be a penny, a nickel, a dime, or a quarter, will be a feature of the Catholic schools of the city when they reopen for the fall term next month.

After Winnipeg Railway.

Winnipeg, Aug. 24.—Sir William Mackenzie and Sir Donald Mann are in the city to meet once more the representatives of the city, with regard to the proposed purchase of the street railway by the city. What is expected to be the final conference will take place to-day.

IMPORTANT

AUCTION SALE

OF REAL ESTATE

I, the undersigned auctioneer, have received instructions from Cyrus T. Throop, trustee, to offer for sale by public auction at the HOTEL ST. LAWRENCE, Port Hope, at 3 o'clock, p. m., on

Tuesday, September 12th, 1911

that two story Brick Store and Dwelling on the north side of Ridout street, Port Hope, formerly owned and occupied by the late Andrew J. Throop, being composed of Lot number seven and the westerly Twelve feet of Lot number six, on the north side of Ridout street, according to the Ridout plan.

The building is of solid brick on stone foundation, about 27 by 40 feet, with cellar under the whole. The dwelling over store contains Kitchen, Dining-room, Parlor, and two Bedrooms and Hall. City water in kitchen and store. There is a frame building attached, about 25x25 feet, with fine brick bache oven, nearly new; also a large shed attached to outbuilding. The property is about seventy-eight feet frontage and runs north to a lane in rear; and there are several good fruit trees and small fruits.

The property offers a splendid opportunity for a general store, bakery and dwelling, and is in a first-class neighborhood. There will be a reserved bid. Terms of Sale.—10 per cent. of purchase money on day of sale, 40 per cent. without interest, within thirty days of sale, and balance may remain on mortgage at 5% per cent. for a term of years. Further terms and conditions of sale will be made known at time of sale. For further particulars apply to the undersigned, or to Cyrus T. Throop, Trustee; or to Seth S. Smith, Vendor's Solicitor. MUST HAVE ENCOURAGEMENT.—F. B. McCurdy, of Halifax, was nominated by the Tories of Shelburne, Queens, last Monday, to oppose Hon. W. S. Fielding. A local man could not be obtained to face the music. The Herald states that the Minister of Finance will have the "fight of his life." It is the old story repeated before the elections of 1896, 1900, 1904 and 1908, each election returning Hon. Mr. Fielding by large majorities. But the boys must have some encouragement.

THE PERFUME OF FLOWERS.—According to the investigations of a German botanist, out of 4,300 species of flowers cultivated in Europe, only 420 possess an agreeable perfume. Flowers with white or cream-colored petals are more frequently odoriferous than others. Next in order come the yellow flowers, then the red, after them the blue, and finally the violet, whereof only thirteen varieties out of 808 give off a pleasing perfume. In the whole list 3,308 varieties are offensive in odor and 2,309 have no perceptible smell, either good or bad.

IS ALIVE AFTER FUNERAL.—After formal funeral services had been held at his former home in Washington, and his near relatives had donned mourning for the man supposed to have met his fate and been buried in far-off India, word was received the other day stating that Bert R. Emrick, a widely known and well-to-do oil man, was alive and well and was planning to start for home within a few days. Emrick went to near Singu, in Upper Burma, India, about 18 months ago, for the Burmah Oil Company. Recently word reached his people by way of the company offices that Emrick had been killed by the breaking of a cable at one of the wells. It was afterwards discovered that the original report of the tragedy was a mistake.

Gave Away Millions And is Now Penniless.

Dr. C. H. Pearson, the philanthropist, who has distributed a fortune of \$7,000,000 in benefices, has made his last gift. He gave the town of Hinsdale, Illinois, his residence and five acres of ground valued at \$35,000.

With the bestowal of the residence and grounds to be maintained as a public library, art gallery and park, Dr. Pearson accomplished his purpose, the distribution of all his wealth for the benefit of humanity. Entering upon his ninety-second year with failing health Dr. Pearson will leave to spend his last days at Hinsdale Sanitarium, to which he goes almost penniless.

Don't Need Outside Help.

The following is a sample of despatches now being sent from Ottawa to Tory papers: "Word has reached Ottawa of a determined effort by government organizers in Nova Scotia to compass the defeat of R. L. Borden in Halifax. Workmen are, it is said, being imported into the Riding for all sorts of jobs, with the object of increasing the Liberal voting strength."

It is not necessary to import workmen into the Riding to defeat R. L. Borden. There are plenty of native workmen to defeat the Opposition leader who ignored the interests of the workmen on many occasions—notably the navy bill. As the junior candidate—Mr. Crosby—is already out of the race, his name is not mentioned in the despatches.—Halifax Recorder.
