LEAP YEAR DANCE AT IROQUOIS CLUB

Local Club Stage Delightful Function Thursday Evening

A very successful Leap Year dance was held at the Vets' Hall on Thursday evening under the auspices of the Port Hope Iroquois Club and a good number attended the function. The dance program was on a strictly Leap Year basis and

each lady had to ask the gentleman for each dance. If the gentleman summoned up sufficient nerve to ask his feminine partner, the forfeit of 25¢ had to be paid. The following orchestra supplied the music, Mrs. E. B. Lingard, piano; Albert Mann, drums and traps; Chas. Doney, mandolin and P. Hawthorne, violin. Messrs A. McDonald and W. P. Dodge of Cobourg called off for the square dances.

The highest peak in the Canadian Rockies is Mount Robson, in British Columbia. This mountain has an elevation of 12,972 feet above the sea-level.

HOLD THREE DAY POULTRY COURSE

Special Instruction Is Being Given Under Direction of Department

The big three day poultry course conducted by the government opened Tuesday in the town hall at Bowmanville with a large attendance. Many men who have become authorities on the subject of poultry were present from miles around. Not only were the lectures delivered with instructive phraseology, but with specimens of poultry present to give clearer demonstrations.

T. A. Benson, Poultry Division, Dominion Department of Agriculture, Toronto, with J. W. Clark, prominent poultryman of Cainsville, Ontario, were the lecturers and demonstrators. The course for Durham county was conducted by J. C. Kellough, Department of Agriculture, Port Hope.

The program for the first day was composed of the following parts: "Housing and Breeds of Poultry" by Mr. Clark; "Sanitation" by Mr. Benson and "Judging Utility Birds," with a culling demonstration by Mr. Clark.

The second day will be taken up with the following program: "Diseases of Poultry," "Feeds and Feeding," "Flock Management" by Mr. Clark and "Incubation and Brooding," "Co-operative Marketing" by Mr. Benson.

"Brooding and Rearing Chicks" and "Fattening and Killing" by Mr. Clark and "Egg Grading" and "Marketing" by Mr. Benson will take place on the third day.

LEAFS ELIMINATE SHAMROCK TEAM

Maple Leafs Complete Schedule Without Loss of Single Game

Steve Jex's Shamrocks were eliminated from the Port Hope junior town league Thursday night when the league leading Maple Leafs added another win to their belts by defeating the Shamrocks 5-0. The Leafs had the better of the play throughout the entire sixty minutes and will now enter the league playoffs with the Victorias. The championship of the league will be decided by two games out of three and the first two games will be played next Tuesday and Thursday nights from 7-8 and if a third game is necessary, it will be decided upon later. Had the Shamrocks annexed last night's tilt, they would have created a three cornered tie.

The fixture Thursday night was the last scheduled game of the season in the town league and a goodly number of supporters should turn out for the playoffs next week. An interesting brand of hockey will be handed out by each team, and the battle for the Giffen skates and the Gould boots will be a merry one.

The winners, as judged by the score, outplayed their opponents, and Graham in goal was kept busy all evening and four of the five goals were scored on comparatively long shots. His defense played too close to him and on a couple of shots his vision was hampered.

The first period was productive of some fairly good hockey, but the majority of the play was around the Shamrock net. Clement, who scored four goals in the game, was in the limelight, and constantly worried Graham. Fourn and Cameron broke away and tested Wade and a few moments later, Cameron and Cancilla made things look dangerous. At the end of the period, Greenaway received an open pass in front of the net, but was checked by Sherry and a possible goal was averted.

The first period ended without any score, but early in the second chukker Clement bulged the twine from fifteen feet out. Following a penalty meted out to Nantel for high checking, Strong added goal number two from close in and from the side of the net. Only two counters were corralled in this session and although in the last stanza the Shamrocks tried hard, the Leafs proved a better aggregation. Sherry was penalized and a few seconds later he was again banished with Nantel for a little checking duel. Clement beat Graham on a shot from centre ice and a few minutes later added another from the same position. Sneyd was banished for tripping and Cancilla broke through alone, but Wade came out and saved. A few minutes later the diminutive centre player again retaliated but fell as he was about to shoot. In the dying moments of the game, Clement scored his fourth goal on a pass from behind the net. Sherry and Clement were the best for the winners while Cancilla and Cameron proved effective for the Shamrocks.

Shamrocks—Goal, Graham; defense, Nantel and Cameron; centre, Cancilla; wings, Greenaway and Gallagher; sub, Fourn.

Maple Leafs—Goal, Wade; defense Sherry and Giddy; centre, Clement; wings, Sneyd and Strong; subs, Paedon and Leuty.

Referee—Howard Hutchings. The standing of the league is as follows:

	W	L	D	Pts
Maple Leafs	3	0	3	9
Victorias	2	1	3	7
Shamrocks	2	3	1	5
Maroons	0	3	3	3

MISSING BROKER STILL AT LARGE

Bail Estreatment Papers Completed by Magistrate Floyd Of Cobourg

Up to yesterday no word had been received of Jackson J. Blake, the missing Toronto investment broker, for whom a warrant was issued for his arrest when he failed to answer to a charge of theft at Newcastle last Wednesday. This week Police Magistrate Floyd of Cobourg, sent on the papers, estreating the bail bond of \$10,000 given by Mrs. Blake and Mrs. Johnston of Burford to Crown Attorney Kerr, who will bring them before Judge O'Connor for the final estreating, the matter having to come before the judge before official proceedings can be taken to collect that amount from those who went on Blake's bail. In addition to the charge of theft laid by Mr. Galbraith of Orono, it is understood that a number of other charges would have been laid against Blake as soon as the Galbraith matter was completed by the crown.

Neenah (Wis.) Council will not allow a public motor coach to park on any local street for more than five minutes at a time.

Betty Moore, aged 3, of Cedar Rapids, Ia., saved the life of her 5-year-old sister when she threw a pail of water on her clothing which had ignited from a gas stove.

DEATH SUMMONS THOMAS H. BELL

Veteran Railroader Passed To Eternal Rest Thursday Night

It is our sad duty to chronicle the death of Thomas H. Bell, John St., highly respected resident of Port Hope and a veteran railroader for many years. It was with considerable sorrow and regret that the news of his death spread about town and his genial smile will be greatly missed.

The late Mr. Bell after his retirement from railroading, lived quietly in Port Hope for the past four years and near January 1st was confined to his residence. He gradually failed in health and the Grim Reaper summoned him to his eternal rest at nine-thirty o'clock Thursday night.

The late Mr. Bell was in his 75th year and was born in Brantford, Ont. and at an early age entered railroading and was engaged in that occupation until his retirement a few years ago. He was agent and worked in many stations along the Grand Trunk line and his last station was Port Hope, the town he loved so well. He was exceptionally well liked and was very highly regarded amongst the various railwaymen who came in contact with him during his many years of service. He always had a cheery word and smile for them and his death will be keenly regretted.

Deceased was a noted authority on Masonry and many a man has regarded him as a Past Master and Secretary of Hope Lodge A. F. & A. M., No. 114, and held the latter position for thirty-five years. He was also Past Ex. Comp. of Victoria Encampment No. 37 of Royal Arch Masons; Past Eminent Sir Knight of Palestine Preceptory No. 18; and was a member of Rameses Temple of the Mystic Shrine. He also made his two sons life members of these branches of the Order.

In March, 1927, Very Wor. Bro. T. H. Bell completed forty years continuous service with the Lodge and by a singular coincidence, it was exactly forty years that night, March 4th, that he was initiated. He was elected to the principal chair about two years after his initiation and was Worshipful Master for two years in succession.

Deceased was also actively connected with the Triple Link and was a Past Grand of I.O.O.F. No. 78 and was a veteran member of the Order, receiving a 25 year jewel a few years ago.

The late Mr. Bell will be sadly missed in Port Hope. He was a man of sterling character, of pronounced conviction, of great sympathy with young life, of active business sense and deep humanitarian instincts.

His wife predeceased him some eleven years ago and left to mourn his passing are two sons, Dr. H. W. Bell of Massillon, Ohio, and T. A. Bell of Toronto.

The funeral service will be held on Sunday afternoon at two o'clock from his late residence on John street, and entombment will be made at the Port Hope Union Cemetery. It will be under Masonic auspices and Rev. G. A. Emmett, rector of St. John's Anglican church will conduct the services.

LINDBERGH TO GET MEDAL WORTH \$1,500

Two bills authorizing the secretary of the treasury to issue Lindbergh medals were approved by the House of Coinage Committee. One of the bills would provide fifteen hundred dollars for the coinage of a gold medal to be presented to Col. Lindbergh in commemoration of his aerial achievements. Duplicates in bronze would be sold to the public. The other measure would provide that the commission would direct the sale of Lindbergh medals, proceeds from which would be devoted to the purchase and equipment of the Lindbergh homestead at Little Falls, Minn., and for the purpose of constructing and equipping a Lindbergh museum at St. Louis, Mo.

Joseph Francis Millett, for over 14 years an employee of the London Free Press and printer 25 years died in London.

High Voltage Power Line Will Run From Here To Oshawa

Mayor of Oshawa Receives Communication From Chairman of Commission Advising That Line Will Run From Port Hope To Oshawa Improving Reliability of Service.

The Hydro Commission states in a letter to Mayor R. D. Preston of Oshawa that a transmission line is being constructed between Port Hope and the Trent river.

The letter reads as follows: Referring to our discussion on the improvements that are being made by the Commission in its transmission lines and transformer stations in order to improve the power supply and voltage regulation to the Oshawa system and other municipalities along the lake front between Trenton and Oshawa; the Commission has recently completed and is now about to place in operation a second high voltage transmission line from Port Hope to Oshawa, more than doubling the capacity available, and duplicating the present line, thus materially improving the reliability of service and eliminating the necessity of the long interruptions for maintenance of lines. This line has been constructed at an expenditure of \$175,000.

To further improve the power supply, a transmission line is being constructed between Port Hope and the Trent river, making available another circuit, at an expenditure of \$250,000, thus making available three circuits from the Trent River to Port Hope and two circuits from Port Hope to Oshawa, as against two circuits to Port Hope and one to Oshawa.

To improve the voltage regulation further, the Commission has placed in the estimates an item of \$125,000 for the establishment of the necessary synchronous voltage regulator, to be installed at Oshawa.

To improve the power supply, an additional transformer has recently been installed in the present transformer station, at an expenditure of \$12,000. Another transformer is being purchased and it is proposed to install this in the new station at the north end of Oshawa, at an estimated cost of \$42,000, or a total of over \$600,000 is being expended by the Commission to improve the power supply and voltage regulation to Oshawa and the municipalities in the vicinity of Oshawa.

You may be assured that the Commission is making every effort to keep abreast of the increasing power demands within the municipality of Oshawa, and you will note from press reports that the Commission has recently entered into a contract for an additional 100,000 horse power to supply the municipalities in the Central and Eastern sections of the province. This power is available to the municipalities upon reasonable notice, in order to meet the demands of your industries, in addition to the surplus now available on the Trent System. I trust this will give you the information which you desire in order to inform your people as to what the Commission is doing and contemplating in the future in order to improve the power supply to your municipality.

Yours very truly,
(Signed) C. Magrath,
Chairman.

HEARD ON THE STREET

Don't get in a flurry! Rather delightful today with the cloud, and sunshine and then another little snow storm. Something different every few minutes.

Say, don't forget to look over your things. You may have something for the United Church Ladies' Aid Rummage Sale, a garment outgrown or no longer of use which can be used by someone else.

There will be general skating at the rink tonight.

Mr. George Falls has rented from Mr. Delbert Smith of Port Hope, a part of Lot 31, Con. 4, Hamilton township.

Mr. Wm. Gordon has rented from Mr. Benson of Bewdley, part of lot 28, con. 7, Hamilton township.

Did you get one? Two tons of Eaton's catalogues in a hundred and five bags enclosing 15 each, arrived here by C.P.R. The local postal staff had the back-breaking job of distributing over 1500 of them. Our stores haven't the colossal overhead that the city stores have to meet and can consequently do better on the prices of many articles; compare local merchants' goods and be convinced that you can do just a little better at home.

The private bill of the Presbyterian church at Grafton, which requests the legislature of the province to hand back to them the former Presbyterian church and manse at Grafton, taken over by the United church when the congregation voted by a majority of 52 to 17 to enter union, may not go through the legislature. The matter was to have been sponsored by Dr. Robertson, the member for Northumberland, but while he may introduce the bill, he will not sponsor it, the matter having been brought before the Ontario church Property Commission, which decided

against the petitioners. A legal action in the same case is to be tried before Hon. Justice Rose at the spring sittings at Cobourg commencing on April 16, and in view of this it is not thought that the legislature will pass the bill.

When a dynamite detonator cap was struck by a heavy pickaxe early Thursday at Belleville, four men received various injuries, and a team of horses received cuts. The men were M. Cieiri, J. Smulnacik, C. Gordon and H. Yateman.

FATAL TEST RUN NOT NECESSARY

S-4 Disaster Might Have Been Avoided—Member of Congress Submits Evidence

Rear Admiral Frank H. Bromby, who was scored in the naval board's S-4 report, "had no right" to order the disastrous test run of the ill fated submarine, because the ship had already made its required runs, Representative McClintic, Democrat, Oklahoma, declared on the basis of "confidential information" he said he had received.

McClintic said he believed that is the reason Bromby was criticized and his detachment recommended in the report which held the commanders of the submarine and the coast guard destroyed Paulding, both responsible for the crash itself.

CANADA FAVORS STANDING BOARD

Representative in Geneva Cites U.S.-Canada Joint Commission

Canada is strongly in favor of permanent commissions of conciliation and investigation as distinct from "traditional arbitration," Dr. W. A. Riddell, Canadian representative in Geneva, speaking for the League of Nations Security Committee, cited the success of the Joint Commission now existing in settling disputes between Canada and the United States. Expressing satisfaction that more has been heard concerning preventive measures at the present session of the committee, the Canadian delegate said that it was the opinion of his Government that security could be more effectively advanced by disarmament than by increased pledges of armed resistance.

DIETING CAUSES DEARER LEATHER

Reducing by U. S. Women Makes Beef Hides Scarce

American women, eating less beef to reduce have lowered the leather supply and boosted the price of pocket books.

This was pointed out by Morris White, the "Handbag King of America."

White is alarmed over the situation, which he said forced him to make a long time contract calling for \$3,500,000 in cash.

Improvement of their figures thru the decreasing of meat, White said, has led the woman to require more pocket books matching their costumes.

"That gives us less supply and more demand," he added.

Reduction of meat consumption in America, White said, has forced him to order his sheepskins from India, cowhides from Argentina and his snake and lizard skins from Mexico.

YOUTH SUSTAINS BAD ACCIDENT

Stanley Woods Suffers Cut On Head Which Required Three Stitches

While engaged in operating a cutting machine at Commercial Press on Walton Street Thursday afternoon Stanley Woods, John Street, had the misfortune to sustain a severe cut on the head. He was attended by Dr. W. F. Beamish and three stitches were required to close the wound.

REMEDY FOR PYORRHEA

Formerly Incurable Disease of Teeth and Gums Apparently Yields To New Treatment

Dr. L. E. Harriman of Toronto Western Hospital is about ready to announce the discovery of a cure for that dread dental disease, pyorrhea, as a result of extensive research work in the laboratories of the hospital. Three departments of the hospital's research section have been collaborating with Dr. Harriman. To date Dr. Harriman has been able to secure very extensive curative results. It has been discovered that the cause of pyorrhea lies in certain disorders and working directly on these Dr. Harriman has secured favorable results.

The present treatment is an improved application of a discovery made by Dr. Harriman some time ago. He at that time achieved very good results with a salve. It was found promising results of treating the teeth that this almost invariably improved the patient's dental condition, but did not effect a complete cure. Thru collaboration with the other research departments, Dr. Harriman has discovered an additional element which, added to the original preparation, is so great an improvement that there is every reason to believe that the long looked for cure has been discovered.

MINES INSPECTOR ISSUES ORDERS

All Underground Thaw Houses Must Be Moved To Surface

A general order that all underground thaw houses be moved to the surface, made by Thomas Sutherland, Chief Inspector of Mines for Ontario, is the first step toward prevention of a recurrence of the Hollinger Mine tragedy in this province. The order applies to all the mines, and has been transmitted to them by the various district inspectors. The "thaw house" is the small building where the explosives used in blasting are first raised to a higher temperature by an electric current before being used, to increase the powder's efficiency and lessen the danger in handling.

No time limit has been set for removal of the structures, but the order carries the intimation that the change be made as quickly as possible.

OPEN SEASON TO BE RESTORED

Old Open Deer Season Is Considered by Game and Fisheries Department

The Department of Game and Fisheries, it is understood, is ready to restore to the province its old deer season.

South of the French and Mattawa Rivers, where most of the deer are shot, the season formerly was for 15 days. At last year's session of the Legislature, the Fish and Game Committee made it a month. Agitations for restoration of the old

SPORTING SKITS

HOCKEY OSHAWA AND KITCHENER

With the scalp of Whitby hanging from their belts, the Oshawa intermediates now tackle Kitchener in the fourth round of the O.H.A. intermediate playoffs. The first contest is slated for Saturday evening at Kitchener. Kitchener has high hopes of capturing the intermediate title this year, but the Oshawa intermediates have confidence that they will spike the lofty ambitions of the Kitchener sextet in this series.

MANY IMMIGRANTS IN 7 YEAR PERIOD

Nearly One Half From United Kingdom—176,053 From United States

A number of questions dealing with immigration were answered in the House of Commons Wednesday their range extending from the admission of Asiatics to the cost of transportation from Europe to Canada. It is shown that from 1921 to 1927 there were 787,408 immigrants arrived in Canada from Great Britain, the Continent of Europe and the United States. Of these 361,834 came from the United Kingdom, 249,521 from the Continent, and 176,053 from south of the international boundary. The cost to the country for bringing in those immigrants was \$7,204,986, of which over 50 per cent. was spent in connection with British immigration.

Heaviest in 1920-1921

The figures disclose that the banner year in immigration from the Old Country was that which closed on March 31, 1921, when 74,262 newcomers came to Canada. In the fiscal year ended March, 1927 the number of foreigners coming into this country from European continental parts was 71,673, a figure that exceeded by 370 the combined totals of British and American immigration during that period.

Following are the details:

From—	Great Britain	Europe	United States
1920-1921	74,262	20,805	48,059
1921-1922	39,020	18,479	29,345
1922-1923	34,508	13,184	22,007
1923-1924	72,919	47,159	20,521
1924-1925	53,178	39,348	15,848
1925-1926	37,569	38,873	18,778
1926-1927	50,378	71,673	21,025

Immigration Cost

The costs for bringing these new settlers were:

From Great Britain, \$3,751,842.69; from Europe, \$352,368.90; from the United States \$3,101,074.79.

Since 1923 the year in which the system of assisted passages was adopted, to Dec. 31, 1927, there were 61,267 new settlers brought in. Divided into years, the figures with total annual costs were:

1923-1924	3,726	\$ 62,229
1924-1925	8,226	121,377
1925-1926	8,408	180,026
1926-1927	20,247	488,488
1927 (9 mos.)	20,620	682,414

It was impossible to state the number of immigrants who, after having declared their occupation as agriculturists and their intention of engaging in farming had engaged or continued to engage in agricultural pursuits.

Oriental Admitted

In the year 1927 there were 94 Chinese admitted to Canada under permit, and of these 40 entered as

SPORTING SKITS

HOCKEY OSHAWA AND KITCHENER

With the scalp of Whitby hanging from their belts, the Oshawa intermediates now tackle Kitchener in the fourth round of the O.H.A. intermediate playoffs. The first contest is slated for Saturday evening at Kitchener. Kitchener has high hopes of capturing the intermediate title this year, but the Oshawa intermediates have confidence that they will spike the lofty ambitions of the Kitchener sextet in this series.

The Kitchener team is not known very well in this district, but any team that can dispose of the powerful Guelph team deserves consideration. The intermediates play their return game Monday, and it will be staged at Whitby, where a larger ice surface is available than at the Oshawa rink. The attendance at the intermediate contests has been disappointing, and a change will do the team good in every way the management believe.

Oshawa have gathered together a fine team to represent them in the intermediate series, and should receive better support than has been their wont. Now that the juniors have received their death blow, and the junior and intermediate games are not conflicting, there should be a decided improvement in the turn-outs. If Oshawa defeat Kitchener they will be well on their way to the finals, and as they are strong from the goal out, should have a fair chance to emerge on top of the heap.

NEARS OWN RECORD

Making an exhibition run on the ocean speedway at Daytona Beach, Fla., Thursday, Captain Malcolm Campbell, England, negotiated the measured mile stretch at an average speed of 206.79713 miles per hour in his giant Napier Bluebird racer. This was slightly less than his world's record of 206.9, set here last Sunday.

The Britisher had announced before his start that the run would not be an attempt to better his record, because weather and beach conditions were unfavorable.

In one of the closing events of the meet, Gil Anderson of Indianapolis established a new world's record for stock cars when he drove his little Stutz over an official mile course of an average two-way speed of 106.52463 miles an hour.

The former record, set there last week by Wade Morton of Auburn, Indiana, was 104.34782.

Tom Rooney of Chicago, in another Stutz, also bettered the former record when he clipped off the mile in an average speed of 105.54083 miles an hour.

O.H.A. BULLETIN

Newmarket juniors will play their home games in the O.H.A. semifinals next Tuesday with Kitchener

actors and actresses, four were missionaries and three were teachers. 35 of the 94 had already left the country.

In the same year 493 Japanese entered Canada, distributed in 118 adult males, 277 adult females and 98 children. The laboring class accounted for 154 of both sexes, while farmers totalled 118 both sexes.

at the Arena Gardens, arrangements having been made last night. Newmarket plays back in Kitchener on Thursday, March 1.

The return game between Port Colborne and either Parkviews or Kew Beach in the intermediate semifinals will be played on Thursday, March 1, instead of Friday, March 2, as previously announced.

Oshawa intermediates play at Kitchener tomorrow night in a fourth round intermediate game.

The Preston at Varsity senior game scheduled for Monday night may be played Tuesday instead.

Mariboro juniors play their return game at Brantford tonight.

The second game of the series between the O.H.A. junior champions and the Northern Ontario winners is likely to be played Thursday, March 15, instead of Tuesday, March 13.

BASEBALL FEW CONTRACTS

Manager O'Hara's troubles are commencing early. With the spring training campaign less than a month away, contracts are coming in very slowly and outside of several freshmen and one or two regulars, including Billy Webb and Warren Cote, the shortstop secured from Toledo via New York, there has been little action in this respect.

There are no serious holdouts with the exception probably of Rip Collins, the highly touted twirler secured from Detroit in an even-even swap for Vic Sorrell. Collins, who is a temperamental sort of an individual, has written that he would prefer playing in a more salubrious climate than that of Toronto and has virtually demanded that he be sold or traded to some club in the Texas League. He is a resident of the Lone Star state, hence his moniker "two gun man."

But if Mr. Collins entertains the remotest idea that he can "hold up," O'Hara he is entitled to another guess. He will play here or not at all, according to the Leaf's pilot, whether the atmospheric conditions are to his liking or not. Collins is being counted upon to be of great assistance to the local club and every effort will be made to bring him to time. It is said that his contract, which is a conditional one, is the highest ever offered a player by the Toronto management.

Ernie Phillips, the backstop booked to come to Toronto from the Bengals in the trade which took Hargrave to the Tigers, will not report to the Leafs until the close of the training

"WHERE DOES SHE GO FOR HER DRESSES?"
This is the question we hear repeatedly when ladies gather.—
The same answer usually follows—"She is a staunch customer of Shay's store." The next question follows: Why should she buy there? Oh, there are several reasons among them:—

"THEY CARRY THE MOST EXCLUSIVE LINES."
Their Dresses are selected by people who are always in advance of prevailing styles. Their salespeople are not only courteous, but interested. Their slogan is **QUALITY, SERVICE AND FAIR PRICES.** Of these you are assured and more too.
Many New Dresses are now on display in our store for advance spring wear.

THE GUIDE STORY

(Continued from yesterday.)

My master's treatment of Mr. Meeke, was, from the very first, the opposite of my mistress's. The restless, rickety, bounceable Mr. James Smith felt a contempt for the weak, womanish, fiddling, little parson; and, what was more, did not care to conceal it.

perhaps a little too warmly. The bare suspicion that her husband felt one of the hall chairs, crying—literally crying fit to break his heart.

AUNT MARY HAS HILARIOUS TIME

Laughable Picturization Of Famous Old Play At Royal Theatre

In striking contrast to the preceding attraction, "The Rejuvenation of Aunt Mary," which began a week end engagement at the Royal Theatre last night, is designed entirely for laughing purposes and certainly achieved its object.

GOOD NIGHT STORIES

By Blanche Silver

WHY RESTLESS SPIDER CHANGED HIS MIND

OVER in the meadows at the edge of the lake there once lived a family of spiders.

I obeyed the orders given to me, except that relating to my mistress. The doctor had been sent for, and was still in the house.

The messenger had hardly been gone an hour when Mr. Meeke's housekeeper came to the Hall with a roll of music for my mistress.

But Restless Spider was very stubborn and as usual Mama Spider loaded down with the rest of her family trudged off to market leaving Restless Spider sitting on the branch of their home.

"I can't see why some folks can fly and others can't," he moaned. "I wish I could fly like a bird or jump like a grasshopper or—"

"Just do anything some one else can do," chuckled Cheery Cricket. "I know you. Why if you could fly, you'd soon get tired of it and wish you didn't have to fly. I've seen Spiders sailing through the air. Why don't you get out on that branch and spin out a web and try to fly on it."

Restless Spider had never thought of making use of his web as a sailing line before. He ran up to the highest part of the weed and throwing out his little silken thread sail-

"I Wish I Could Fly."

ed through the air waving good-by to Cheery Cricket as he sailed away.

It was surely a funny sensation as he looked down at the meadows moving under him. He turned his course and floated out over the lake. But the motion of the water under him

flushed up red in the face, then turned as pale as ashes, and dropped into one of the hall chairs, crying—literally crying fit to break his heart.

(To be continued.)

He dreaded falling into the cold waters and when his strength gave out he closed his eyes and expected to drown. But he hit something with a thud and when he opened his eyes he was standing on a lily-leaf out in the centre of the lake.

"How silly of me, of course not. The only way I can ever fly is to set sail from some higher place."

"What's the matter?" cried a loud voice in his ear and Restless Spider opened his eyes to look right up into his Mother's face.

My, how glad Restless Spider was when he awakened and found his experience had only been a dream, and how his Mama and brothers and sisters did laugh when he tried to tell them he had been flying on his own web.

"Some spiders can fly on their webs," laughed his Mother, "but not any of our kind. We are just garden spiders put here to keep the garden trim and eat up the mosquitoes and flies for folks. That's all our webs are good for, son."

Throw Out The Laugh Line!

It's the song ye sing And the smile ye wear That's making the Sunshine everywhere.

It Says So in the Paper

While shivery in a zero breeze And trying desperately not to sneeze How nice to peruse The cheerful news, "Robins warble in Sarnia trees."

Yes, It's a Bull Dog

A Boston dog, it is claimed, can say "Hello" and has even mastered some verb forms. Sounds, somehow, like Boston bull.

We don't approve of teaching dogs to talk. They all carry tails enough as it is. Besides a dog addicted to conversation would promptly lose his present popularity as a companion to man.

Headline

"Marriage License Gets Youth into Trouble." Never mind, son! You're not the first by any means.

The real need is for a tonic for people whose heads are bold on the inside.

Twenty Days Late

The contempt pulled a good number this week and in fact lived up to their word be slogan of late news. Across the date line of their issue on Tuesday, February 21st, the date read February 1st. That's late all right.

First Patient—"Did your operation cost much?" Second Patient—"Oh, No. I got a cut rate."

A curious owl has been found down around Belleville way. No doubt the horned creature is there for the night life.

The fellow who is always late never blames himself. If he did he would cease being late.

You Bet!

There are meters of water There are meters of light, But the best of all meters Is to meet'er at night. There are letters of accent There are letters of tone, But the best of all letters Is to let'er alone.

Sweet One (in distress), "That young fellow you introduced me to is a nice one to take a girl fishing." Bill (excitedly): "I am sorry Con-

side in me, what did he do?" S. O.—"He just fished."

Teacher—"How would you punctuate this sentence, 'The money was rolling down the street?'" Bright One—"I'd make a dash after it."

The modern girl doesn't mind a fellow knowing his onions if only he doesn't eat them.

A flapper passenger is entitled to half the seat, but she seems to be trying to crowd into the other half.

Mussolini's publicity man has the softest newspaper snap—everything he says goes.

That's the works.

BRIEF AS CAN BE

People of U.S. buy 300,000,000 pairs of shoes every year.

U.S. has nearly \$300,000,000 invested in school furniture equipment.

Four persons were injured when a trolley car jumped the track in Philadelphia.

New York city hand organ man who had \$4000 in the bank committed suicide.

La Porte (Ind.) man coughed up a baby tooth which he swallowed thirty years ago.

L. R. Franklin was elected president of Typographical Union No. 139 at Stratford.

One man killed, two others missing when a tenement house collapsed in New York.

Pet monkey allowed to roam about the house set fire to his mistress' bed at Newfield, N.J.

Despondent over ill-health Mabel Clark, 39, committed suicide by taking poison at Philadelphia, Pa.

Barge being raised in Delaware river, brought up thousands of catfish and rockfish which sold for \$500.

Ask Them Another

Every day is made up of dozens of little decisions. And so many of them concern things. What sort of breakfast food to serve?—how to wash a chiffon frock?—whether glass dishes should be colored or crystal?—what sort of oil to use in the automobile?—whether to travel by rail, by boat or aeroplane?

These questions you must answer to suit yourself, for your friends and your family have their own ideas and you want exactly what fits your case!

Read the advertisements. Send for the booklets offered. Here is practical, modern, up-to the minute information about everything imaginable. The booklets (and the advertisements too) are planned and written by experts. Authorities on food chemistry, fashions, domestic science, architecture, interior decoration, are answering your very questions. Advertisers these days make it their business to understand thoroughly all the different phases of their subject.

Read the advertisements because it pays . . . in time saved . . . in information gained . . . in a wiser spending of your money.

BACK TO LONDON WITH ITS SPLENDORS

Treasures of Architecture of Britain's Capital Shown by Painted Slides

Britain's capital, with all its wealth of ancient and modern buildings, which makes London, loved of all who call it home and attractive to people in all parts of the world, were beautifully shown before a crowded meeting in the town hall under the auspices of the Womens' Canadian Club by Miss E. M. B. Warren.

Miss Warren's home has been in London except during the last eight years, when she has spent part of the year here and she has made many paintings of London's fine old buildings beginning with a Roman stone and remains of an old Roman wall, to the Norman period with its Tower of London and other fine structures of that period; then Crossby Hall and others built in medieval days and concluded where the new and all ages blend beautifully together in Westminster Abbey.

She painted the city in present days with all its maze of traffic, directed by the kindly, obliging policeman about whom she quoted the following verse, which had great appeal to Londoners.

I know a little boy,
Whose nurse was heard to say,
The policeman comes for naughty boys
And carries them away.

He stopped the tide at Regent street,
Till nurse and I had crossed,
He smiles when you are lonely,
And finds you when you are lost.

Since no one but an angel,
Could do such wondrous things,
And 'cause they couldn't regulate the traffic
With their wings.

Since London children
Must have their guardian true,
God clothes the London angels,
In dark and kindly blue.

There is the city in different lights and times of day as well as different ages. They were the delightful pictures where the haze crept up or the twilight lent additional charm to London's splendor. All this she strongly brought out in her paintings, about which she had very many interesting things to say in a most interesting and easy way, which made it no trouble to sit for an hour or more—in fact many would have been delighted if she had had more of London to show and more to tell.

Her concluding picture one of Westminster Abbey showing the grave of the Unknown Soldier, with a soldier and sailor standing there. This picture, the "Tomb of the Unknown Warrior," she was asked to paint for the Queen's Doll's House and did a miniature of the last picture she showed last night, 1" by 1-2" on an ivory background. To conclude she quoted the following from an unknown author.

Now by the power of Commerce,
Art or Pen,
Shall our great Empire stand,
Nor hath it ever stood;
But by the noble deeds of noble men,
Heroic lives and heroes blood out-poured.

JOHN CURTIS & SON

RENFREW COUNCIL IS REINSTATED

Deputy Reeve and Ex-Members Re-elected by Big Majority

The Renfrew municipal election held Thursday to fill the vacant Deputy Reeveship and three Council vacancies resulted in the re-election of ex-Deputy Reeve F. X. Plaunt by an overwhelming majority over his opponent, R. F. Fraser, and election of James Fennessy, P. Bulger and M. Sulphur as Councillors.

The result of the election is an emphatic endorsement by citizens of the economy policy inaugurated by the old council under the leadership of Mayor D. B. McLaren.

The contest was fought most strenuously as the Rotary Club did its utmost to elect those councillors who favored the band grant, but these without exception went down to pronounced defeat. The recent tangle in municipal affairs has had the good result of awakening public interest in the town's municipal government.

PERSONAL

Mrs. R. A. Hamilton, Alma St., Oshawa, is spending a week as the guest of her parents, Mr. and Mrs. W. Tickell, at their home in Port Hope.

Mr. and Mrs. Levi Byers of Bailieboro are celebrating their golden wedding anniversary on Monday, February 27th, and will be at home to their friends on that afternoon from three to six o'clock.

Mrs. W. S. Stewart, daughter Margaret and son, Royal, of Leney, Saskatchewan, are visiting friends in and about Port Hope.

Henry Riden and wife were arrested in Macomb, Ill., charged with starving and neglecting to care for their two little girls.

Mrs. Mary Hitner of Philadelphia, asks \$50,000 damages from her mother-in-law for alienation of her husband's affections.

FUNERAL EMERGENCY

The members of Hope Lodge, No. 114, A.F. and A.M., are requested to meet at the Lodge Room on Sunday afternoon, Feb. 26th, at 1.15 for the purpose of attending the funeral of our late Very Worshipful Brother T. H. Bell, who was for many years the medical secretary of the lodge Members of Ontario Lodge, No. 26, and all visiting brethren are cordially invited to attend.
W. F. McMAHON, J. T. GEORGE, W.M. Sec. Pro tem

DIED

BELL—At Port Hope, Ontario, on Thursday, February 23rd, 1928, Thomas Henry Bell, in his 75th year.

The funeral service will be held at his late residence, John St., Port Hope, on Sunday afternoon, February 26th, at 2 o'clock. Interment at Union Cemetery.

Fraser, Smith street, Begg's Terrace, No. 3, will sell by auction all his household effects on Saturday, February 25th at one o'clock including following articles: One Banner stove No. 44, with reservoir and hot water front; coal oil stove; one heater; one new Williams sewing machine; four bedroom suites complete; dining room extension tables, sideboard and chairs; sofas; davenport; centre and card tables; washing machines; rugs; mats; bone crusher; crosscut saw; other saws, axes, post digger, barrels, garden tools, clocks, blankets, glassware, jems, pots, pans, knives, sheets, quilts, copper boilers, dishes, forks and a lot of other articles not listed.

J. H. WILSON, Auctioneer.

CANADIAN ASBESTOS DEPOSITS

Canadian asbestos deposits are of particular interest supplying as they do the largest part of the world's demands for the short grades of fibre. Though occurrences of this mineral have been noted in other localities and provinces, the productive areas are confined to the Eastern Townships in the Province of Quebec where active mining operations began in 1880.

BATTERIES . .

Don't let your Auto Battery freeze nor let your Radio Battery go dead. Bring them to **The Guide Office, Port Hope**, for Mac Garrett to look after. An efficient motor-generator set for battery charging in use.
