## INVITATIONS TO THE PRESS

This Courtesy Usually Extended to The Guide by Local Entertainers

The Deseronto Post says "The day has gone by when we should have to pay admission to anything for the pleasure (?) of writing it up. Send around complimentary tickets and we will see your doings are covered." The Belleville Ontario says "Same here;" and the Ensign says—"Brighton Ensign."

The complimentary invitation to the press to attend entertainments, is gray-haired with usage, sometimes the managers of an enterprise overlook this courtesy to the newspaper and then are "sore" when nothing is reported. This does not happen often, though.—Ed. Guide.

## TWENTY YEARS AGO

### FEBRUARY 3, 1905

John Hoard died today at Port Britain.

Miss Margaret McGibbon is spending a few days with her sister, Mrs. G. A. Outram, Colborne.

### PIGS EAT THREE SHEEP ALIVE

What Humane Society officials declare are three of the worst cases of cruelty on record were discovered yesterday by Constable Alloway (405) at the Union Stock Yards, Toronto, where he is stationed. According to the constable, on opening a C.P.R. car from Staples, he found that a number of hogs which had been placed in a car along with cattle and sheep had knocked down the flimsy partition which separated the animals and were eating alive three of the sheep. Three sheep were found to have smothered in another car which the constable opened, and in a third instance seven sheep were found dead, while an eighth was crippled and had to be destroyed. The society has issued a summons in each case.

### COMING EVENTS

UNDER THE AUSPICES OF THE Women's Canadian Club, Professor James A. Ray, of Queen's University, late of the British Intelligence Corps, will speak in the Carnegie Library Hall, on Wednesday, Feb. 4th., at 8 p.m. on "Conditions in Germany." Admission 25c. 313td

UNDER THE AUSPICES OF THE A. B. C. Rev. Mr. Wallace of Newtonville, will give a lecture entitled "From Coal Mine to Pulpit," in Zion church (Welcome Circuit), on Friday evening, Feb. 6th., at 8 o'clock. Also a musical program and refreshments. Admission 25c.

FEBRUARY 25th THERE WILL BE a tea at the home of Mrs. K. M. Moffat, Mill street, given by the Methodist Gleaners Society. 32td

THURSDAY EVENING, FEB. 5th., is the night of the big Pageant in Port Hope Methodist church. Over 100 characters, 8 scenes, costumes of 150 years ago. Novel stage settings. Admission 35c and 25c. Doors open 7.30. Come early to get a good seat. 31td

## COL. SNIDER'S SCHOOL REPORT

Public School Inspector's Report For Inspectorate 1 of Northumberland and Durham for 1924

The following is Col. E. E. Snider's report to the Counties Council.

I have the honour to submit the following report on the condition of the Public Schools of Inspectorate No. 1, Northumberland and Durham for the year 1924.

### Teachers

There are at present 98 teachers, an increase of one during the year owing to the appointment of an additional teacher to the staff of the Port Hope Public Schools.

In 1921 there were only 10 male teachers, at present there are 20 male teachers or an increase of 100 per cent during the past three years. While this change in personnel is in the right direction and the increase has been fairly satisfactory as to number, still it should be noted that there are very few men entering the teaching profession in the Public Schools who are not making it a "stepping stone" leading to other professions or to the teaching profession in the Secondary schools. While this shows a commendable ambition on the part of these young men, it is a serious drawback to the permanent supply of male teachers in our Public Schools and from this standpoint is greatly to be deplored.

### Certification

Out of the ninety-eight teachers, seven, an increase of two over 1923, hold first class certificates and ninety-one hold second class certificates. As Fifth Form classes, involving the work of the first two years of the High School course, are being conducted in an increasing number of Public Schools, it would seem desirable that a teacher of these classes should hold a first class certificate.

### Salaries

The highest salary paid in rural schools is \$1250 and the lowest is \$900, with an average salary of \$1031, a decrease of \$5 from 1923. The highest salary paid in urban schools is \$2200 and the lowest is \$800, with an average of \$1020, a decrease of \$1 from 1923. Thus it will be seen that there has been a decrease in average salary in both rural and urban schools for the first time in a number of years. This condition has no doubt been brought about on account of the supply of teachers being greater than the demand and so some have been led to underbid in order to secure a position.

The following list gives the municipalities arranged in order of amount of average salary paid:

Municipality	Average Salary
Town of Bowmanville	\$1072
Village of Newcastle	1067
Township of Clarke	1037
Township of Darlington	1030
Township of Manvers	1026
Township of Cartwright	1025
Town of Port Hope	972

### Change of Teachers

During the year there were 26 changes out of 67 or 38 per cent, in the rural schools, and three changes out of thirty, or 10 per cent, in the urban schools, a total of 29 changes in all. Three of these, or about 15 per cent (3 out of 20) were male teachers, while twenty-six, or about 33 per cent (26 out of 78) were females. Thus it will be seen that the percentage of males was double that of females.

This great movement of teachers from one school to another, at the end of every academic year, is greatly to be regretted, particularly as in many cases there appears to be no valid reason for a change. Merely a desire for change on the part of a teacher, or a slight increase in salary paid on the part of trustees, would scarcely be considered a good reason for a change of teachers, when so much depends on the permanency of the tenure of office of a good teacher in a community.

### The Work of the Teachers

The work of the teachers, as a whole, is satisfactory. In respect to many of the experienced teachers, it is above the average. Some inexperienced teachers, with ideals obtained at the Normal Schools, find great difficulty in arranging a program and adjusting themselves to the every day work of the ungraded rural school. While all should have ideals to strive for and attain, if possible, it is suggested that if more of the practice work in the Normal Schools was carried out in ungraded schools, the above difficulty would be greatly ameliorated.

### Regularity of Attendance

While the figures for the present

## CHURCH UNION SUMMARY

February 2, 1925

	For.	Agst.
British Columbia	142	14
Alberta	70	19
Saskatchewan	400	11
Ontario	320	239
Quebec	24	24
Nova Scotia	74	24
Prince Edward Island	16	9
Totals	1,095	340

year are not yet available, it is noted that the actual attendance for 1923 was ninety per cent of the possible attendance. At first thought this appears satisfactory, but on the other hand when it is pointed out that this means that one out of every ten pupils was absent from school each teaching day throughout the whole year, it shows that there are still a great many parents who do not fully appreciate the value of an education for their children. This irregularity appears to be due to environment and conditions existing in the different school sections, for in many sections we find that the attendance is almost perfect, while in other sections, where the accommodations and equipment are of low standard, the attendance is much below the average.

### Fifth Classes

There are at present eight rural schools doing Fifth Class work. Three of these schools qualified for grants and received from the Legislature \$247.73 which with the Counties' equivalent \$247.73 made a total grant of \$495.46. Nine of the pupils in these classes were successful in passing in certain subjects of the Lower School of the High School Course of Study. This speaks well for the work being done when the adverse conditions, under which the pupils and teachers labour, are considered. The increasing number of these classes seem to indicate that a greater number of parents realize the necessity of providing some secondary education for their children even though they are to remain on the farm. In this connection, it may be added, that in the rural districts, the feeling that country children should have the same advantage as town children in the educational facilities is growing stronger and stronger, and it is believed that the Minister of Education would receive universal support in carrying out a policy that would produce this result.

### Accommodations

A slow but steady improvement in Accommodations and Equipment has taken place. During the year a new up-to-date one-roomed school building has been erected in S. S. No. 1, Darlington, and a new four-roomed Primary School is being built in the town of Port Hope.

Besides these, a number of other school boards have provided better accommodation in the form of desks, slate blackboards, hardwood floors, bubbling-fountain water tanks, wells, improved water closets, etc.

### School Fairs

Eight school fairs were held this year as in former years. Nearly all of the rural schools took part in competitions in school parade, chorus singing, physical culture, public speaking, stock judging, etc., and the people showed their continued interest by attendance in increased numbers. This was the second year for the "chorus singing" competition and the improvement along this line has been highly satisfactory.

### Agricultural Instruction

All but three of the rural schools are giving instruction in the supplementary course in Agriculture, and by the new course of study for Public Schools of 1924, a minimum course in Agriculture and Nature Study is made compulsory for all schools, both urban and rural. As Agriculture has become such an important branch of instruction, it is suggested that all public school teachers should be required to become certificated in this subject, a reasonable time being allowed for them to do so.

### Official Visits

Two hundred and twenty-three visits were made during the year, all schools having been visited twice at least. At the time of these visits, besides inspecting the school, many trustees were met and conferred with on matters of interest to their respective sections.

### Conclusion

In conclusion I am convinced as a result of educational propaganda by means of public meetings, official literature, and the Press, there is a greatly increased interest by the people in all that pertains to the welfare of the child.

I have the honour to be,  
E. E. Snider, Inspector.

## COUNCIL HELD SHORT SESSION

Very Little Business Conducted at Last Evening's Meeting

The regular meeting of the Town Council was held in the Town Hall last night, Councillor N. N. Brimstin being absent.

Clerk J. W. Sanders being ill, Town Treasurer N. E. Choate conducted the business.

Among the communications was a letter from a Toronto firm requesting that the Council allow them to audit the town's books for 1925.

A plan by which gas could be produced in quantity to sell at 25c per thousand cubic feet was set forth in a communication from the Dominion Gas and Fuel Co. Mayor Chaik had read the letter to the Gas Board, and the idea was approved to a certain extent. "If gas could be manufactured at this price, the matter is well worth investigation," he said in referring it to the Fire and Light Committee.

### Finance Report

Men's Pay Roll .....\$187.15  
Councillor Mitchell, chairman of the Fire and Light Committee, reported that he and his committee had met with the firemen and after fully discussing matters decided that it was not feasible to move the Police Office to the front of the Hall; nor occupies. Owing to the large amount of equipment kept on the fire truck, it would be impossible to have it kept in any other place. He suggested that the Police committee look further for a new Police Office.

Reeve Holdaway recounted the business conducted at the January session of the County Council and pointed out several points which concern Port Hope. One of these was the distribution of road grants, and in this respect he feared the small towns and villages would get the worst of the bargain. Port Hope, he said, would be lucky to get two thirds of their original grant. In other years, the town got just about as much back as they paid in, getting even more at times, but this year things will be different.

Equalization of assessment was also a matter concerning Port Hope which was hotly discussed, especially between Reeve Baker of Darlington and himself. He feared that trouble might arise at the June session, and with the majority of the townships and the government against them, the towns and villages are in for a hard fight.

Deputy Reeve Edmunds also addressed the Council regarding County Council affairs.

A deputation from the Ratepayer's Association requesting that the Council supply them with a room in the Town Hall where they might hold their meetings. The matter was referred to the Town Property Committee.

The Council then adjourned.

## S. N. HASKILL, PRES. OF TP. PLOUGHMEN

Hope-Hamilton Association Met Saturday Afternoon

A large number of farmers from throughout Hope and Hamilton Townships met in the Department of Agricultural Office on Saturday afternoon, as the Plowmen's Association. The discussion of this year's plowing match was very enthusiastic. Secretary J. J. Heaslip read his report, showing a balance of \$63.89 on hand to begin work for 1925. The members were unanimous as to the number of matches to be advertised, but the suggestion to add a directors' match drew forth much discussion. The matter was finally left in the hands of the directors, to make all arrangements and set the date.

On motion, Allen Peters, or alternatively John Brothwell, was appointed as a delegate of the association to attend the convention in Toronto on Feb. 6th.

The election of officers resulted as follows:

President—S. N. Haskill.  
1st Vice-President—J. M. Hraslip.  
2nd Vice-President—Allen Peters.  
Secretary-Treasurer—J. J. Heaslip, Ballieboro.

Directors—A. E. Wilson, Fred Ough, Fred S. White, J. E. White, H. B. Lawson, T. H. Bosnell, W. Austin, John Brothwell, Edwin Wilson, Spencer Wilson, R. A. Westington, J. H. Caldwell, H. A. Holdsworth.

Auditors—A. M. Westington and F. C. Paterson.

## WHY YOU SHOULD BUY WORK BONDS

For the benefit of the citizens who do not understand why a bond selling campaign is being carried on in Port Hope or what the money is to be used for, that the boys are trying to collect, here are a few explanations:

What's the money for? For the support of Trail Ranger and Taxis Boys' work throughout the province of Ontario.

Aim of Work—To develop the four-fold life of boys by providing for intellectual, physical, devotional and social activities.

Organization—The Ontario Boys' Work Board, representing the Protestant forces of Ontario, which cooperate in providing Canadian standard efficiency training.

Work Done During Year—Leadership given to eight hundred registered C.S.E.T. groups, representing ten thousand boys. Boys' work assisted in 273 different communities. Ten Older Boys' and Leaders' conferences promoted with an attendance of 2,147. Made possible ten district and four community corps, where approximately 1,000 boys were served. Trained leaders through the provincial leadership. Training camp and various institutes. Given leadership to the Father and Son movement. Made possible an Older Boys' Provincial Parliament, through which boys are finding a place to serve. Assisted thirty-five local Boys' Work Boards. Distributed without charge \$400.00 worth of literature helpful to local workers.

Method of Financing—The budget for the year is \$10,000.00. Of this amount the Ontario Religious Educational Council contributes \$1,500. The boys themselves are out to raise the balance, \$8,500, through the sale of bonds.

The objective for Port Hope has been set at \$75. Last year our objective was the same, and we raised little more than half of it, some where around \$45, while our neighboring town, Cobourg, doubled their objective. This year Cobourg's objective is \$100. Surely the citizens of Port Hope are as much interested in their boys as Cobourg citizens are in theirs. Surely the majority of men and women in Port Hope can afford to give at least one bond at a cost of \$1 to encourage the boys, and aid them in their work, so that in the near future they will have good cause to feel proud of them. That is the aim of the Canadian Standard Efficiency Training, to lead boys along the four sides of life so that they will develop into men that Canada as a nation will be proud of.

As Mr. Norman Sommerville, President of the Toronto Rotary Club, says: "Ontario's greatest undeveloped asset is its boyhood. Any investment in it is worth while. After meeting the members of the Older Boys' Parliament I feel that the work they are engaged in is deserving of warm support."

Therefore, citizens, we ask you to buy at least one bond, if you cannot take one or more bonds, and receive dividends, not in cash, but in Better Citizenship.

## C. ONTARIO FAIRS SELECT DATES

J. Lockie Wilson at Belleville Meeting Stresses Good Results of Agricultural Competitions

The Central Ontario Fairs Association held their annual meeting in Belleville on Wednesday with representatives present from all the Fairs interested. The most important matter to be considered was the fixing of dates for the Fairs to be held in 1925. This was arranged in a satisfactory manner to all concerned as follows:

- Belleville—September 1-4.
- Addington—September 11-12.
- Stirling—September 15-16.
- Napanee—September 15-18.
- Peterboro—September 15-19.
- Frankford—September 17-18.
- Brighton—September 18-19.
- Shannonville—September 19.
- Coe Hill—September 21-22.
- Bancroft—September 23-24.
- Lindsay—September 23-26.
- Picton—September 22-25.
- Marmora—September 25-26.
- Colborne—September 23-30.
- Tweed—October 1-2.
- Campbellford—October 1-2.
- Madoc—October 6-7.
- Warkworth—October 8-9.

Mr. J. Lockie Wilson, superintendent of Ontario Fairs and Exhibitions, was present, and gave an interesting address concerning his work, touching upon conditions as he saw them at the British Empire Exposition at Wembley, where, he said, Canada was above and beyond any other British colony in respect to quality and display of her exhibits.

He stated that the agriculturists of Canada would have to do their very best to maintain the position they now hold. This can be helped by competition, which causes friendly strife, and is beneficial, notably the field crop competitions, which the Ontario Department of Agriculture helps to a great extent and is available to any agricultural Society. Mr. R. S. Caldwell represented the local Society at this meeting.

IN-LAWS GET HUBBY INTO "HOT WATER"

Harold Lloyd's Newest is Five Reel Domestic Comedy

Hubby! He was just an every day young fellow, who loved his wife and his home, and everything. But one day his mother-in-law and his two brothers-in-law walked in on him, and then the trouble began.

Briefly, this is the theme of Harold Lloyd's newest fun creator, "Hot Water," which he finished after five months of intensive work at the Hollywood studios, and which will represent his second offering as an independent producer. It is the attraction coming to the Royal Theatre for this week-end.

It is a theme which offers all kinds of possibilities for mirth, because it is human, and Lloyd, ably assisted by one of the best cast ever, seen in his support, has taken

advantage of every possibility for laughs. "Hot Water" is a wholesome comedy of the type for which Lloyd has become famed, and the picture is certain to be ranked high with the best of the Fall productions. Sam Taylor and Fred Newmeyer, directed "Hot Water" from a story by Taylor, Tim Whelan, John Grey and Thomas J. Gray.

## SPORTING SKITS

### HOCKEY

Rovers 1; Scouts 0

The Rovers and Scouts put on a nice hour's entertainment for the rail birds last night at the rink, the Rovers issuing victorious with the lone goal. Both teams are excellently matched and show some real hockey.

Tuxis and Midnight's To-night

The Tuxis Boys and the Midnights are scheduled to play between six and seven this evening.

Intermediates Practised

The Intermediates are practising hard getting into shape to meet Belleville in the Consolation Series. The full team were out last night and showed some improvement.

Port Hope Gets Bye

There was no meeting of Group 1 of the Consolation series here yesterday afternoon, neither the Belleville nor Bowmanville representatives appearing. A phone call was received from Bowmanville, however, that they are transferring from Group 1 to a group with Whitby.

After last night's crushing defeat in Kingston, Belleville decided to drop out of the Consolation series, so Port Hope has automatically won the group on a bye. This is a nice start for the team, and we hope to see them at the top of the series in the near future.

Trenton Has Two Winning Teams

The Trenton Juniors smothered Campbellford in Trenton last night 10 to 2. Trenton Juniors are now winners of Group No. 2. In the first period Trenton scored three, leading the period 3 to 0. The second was faster than the first. Trenton scored three more in this period, while Campbellford tallied twice. In the third the visitors made a desperate effort to come from behind, but Trenton were too fast.

The Trenton Intermediates have won Group No. 2.

The game was clean throughout, only three penalties being handed out, and they were for minor offenses only.

Trenton—Goal, Lewis; defense, Allore and Bowen; centre, Bernard; wings, Lamore and Perry; subs, Anderson and Bohan.

Campbellford—Goal, Sanders; defense, Lemiere and Cavell; wings, Blue and Parsons; sub, McArthur.

Referee—Jack Carmichael, Toronto

Three-goal Lead for Petes Earned in Bowmanville

Peterboro Juniors defeated Bowmanville in Bowmanville last night in the first of home and home games in the O.H.A. second round by a score of 5 to 2. Both teams went at top speed for a full hour. Hooper scored first for Bowmanville about three minutes after play started on a long shot, which caught Lebarre napping. Each goalie had plenty of work in this period, but prevented any further scoring until after intermission. Nine penalties were handed out in the first period for minor offences.

The second period opened with fast rushes by both teams. On a nice piece of combination by Hooper and Chartran the latter bulged the nets for Bowmanville's second and last goal. Peterboro scored its first counter on a fast individual rush by Solomon. McDougall, the diminutive centre player for the visitors, tied the score before the period ended. Hooper had to be carried from the ice after coming in contact with one of the Pites' burly defence men

and was unable to resume play until the last period.

Both teams started in at lightning speed in the final stanza to break the tie, and it was a merry tussle, broken by McDougall, who scored from a face-off close to the Bowmanville goal. This seemed to take the heart out of the Bowmanville players, and the furious speed also began to tell on the players. Before the period ended McDougall added two more goals on zig-zag rushes which baffled the Bowmanville defence.

Bowmanville—Goal, James; defence, Hooper and Hughes; centre, Gilfillan; wings, Lockington and Chartran; subs, Osborne and Corden.

Peterboro—Goal, Lebarre; defence, Solomon and Collins; centre, McDougall; wings, Redpath and Miller; subs, Johnson and Mandley.

Referee—Glen Smith, Toronto.

Second Round Play-offs

Additional games in the O.H.A. play-downs to those already announced have been arranged as follows:

Junior Series (2nd Round)

Feb. 6—Trenton at Brockville.

Feb. 9—Brockville at Trenton.

If Circle Six of Kingston wins group the draw will be as follows:

Feb. 6—Circle Six at Trenton.

Feb. 10—Trenton at Circle Six.

Gibson Leaves Kingston

Clarence Gibson, centre man of the Kingston Intermediates, left on Sunday for New York City, where he has accepted a position. The loss of Gibson to the Kingston O.H.A. team is a heavy one, and though every effort was put forth by the Kingston executive to retain Gibson, it was found impossible to do so. As a result of Gibson's departure for New York, Watts was at centre ice last night against Belleville, and Lawlor was used in the role of substitute.

A good law without execution is like an unperformed promise.

Joy descends gently upon us like the evening dew, and does not patter down like a hail-storm.

In forming a judgment, lay your hearts void of fore-taken opinions.

## ALCOHOL IS INJURIOUS

A Direct Relation Between the Amount of Alcohol Used and the Amount of Damage Done

January 30th, 1925.

To the Editor—In the Globe of January 24th there is a sensible letter by James R. Roaf, of Toronto, suggesting that as there seems to be so many who still think that alcohol is not injurious, that the Government should settle the matter by commission or some other way and legislate accordingly.

Allow me to say that the evidence is abundant and easily reached. The New York Life Insurance Company, in a pamphlet published in 1922, concludes as follows:—"The evidence before us is conclusive that the so-called Anstie's limit of one and a half ounces, or three tablespoons of alcohol a day is far too liberal. Indeed, there seems to be no limit within which alcohol may be entirely harmless. It is as if there were a direct relation between the amount of alcohol used and the amount of damage done to the body. The evidence is strong also that the damage done persists a long time after it has been discontinued. Any one who uses alcohol now, or has used it in the past, is a less desirable risk, all other things being equal, than a total abstemious, and his undesirability is in proportion to the freedom with which he has used the drug." Could there be any higher authority or more thorough condemnation of alcohol as a beverage?

As a medicine I would remind your readers that in the United States, before the Volstead Act came into force, that twenty-four of the forty-eight States had passed acts preventing its use as a medicine.

If we do not wake up to the national importance of this question how can we hope to compete with our neighbors to the South. It can't be done. Unfortunately there are a large number who are blind on this matter or they would sell their country for money.

H. Arnott, Sen.

## ROMANCE

You often hear people refer to the "dear old days of romance"—to the time when knight-errants roamed the earth to do honor to a lady's blue eyes.

These folks say we are living in an age of realism!

An age of "realism" where the human voice is hurled across the world without wires; where the temperature of Mars is taken more than thirty millions of miles away; where tons of steel and people ride easily and safely through the air or under the sea!

An age of realism! Why this is the most romantic of all ages!

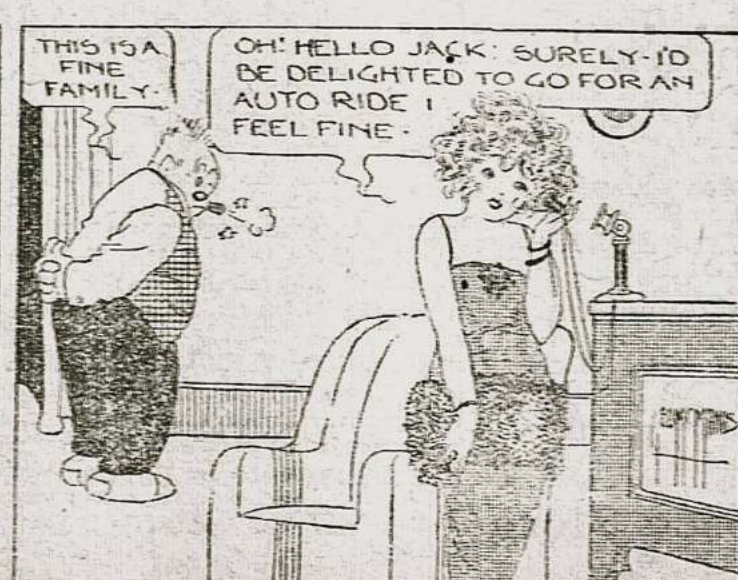

The advertising columns of this paper are full of romance—the romance of men who have devoted their lives to bringing new comforts, conveniences and pleasures for mankind.

Advertisements tell these stories, not with the romantic exaggeration of a jongleur, but with the calm, simple words of sincerity. Here is a firm that spent millions to develop a product that makes your baby comfortable. Here is a company that has labored fifty years to cut a single hour of toil from your day's work. Here is a man who has searched the Seven Seas to produce a new flavor for your dinner.

Romance—this age is full of it. Not just empty romance, but the true romance of achievement, of progress, of the betterment of mankind.

Advertisements tell you what the romance of business is doing for you. Read them in the Guide.

### BRINGING UP FATHER

### EGERTON BOYCE

**D. A. SHAY CO.**

"HOME OF READY-TO-WEAR"

I love—half worship you! You know that it is impossible any should supplant you in my heart, even if I were not your wife. Why, in Heaven's name, then, did you drive me to frenzy by your reproaches? Why did you provoke me to say things that—Ernest?"

"I have forgotten them, Juliette." "My own dear giant—How could you have thought for a moment that I could look away from you, Ernest? Ernest, know yourself. Compare yourself with others, and you will understand me; but you cannot; it is not like your great heart to do that. Besides, you could not look upon; you can only look for yourself. Ernest, I am called haughty, arrogant, and doubtless I am so. There is not a crowned or mitred head on earth to whom my pride would bow. There is not a boon in the gift of either for which I would condescend to sue. Yet this proud head of mine has fallen like that of a dejected child upon your bosom, and this high heart of mine, half broken by the loss of your love, has learned to plead for its return. I would you knew how much this has cost me, Ernest; for then you would know how to value my love. Oh! your distrust was so gratuitous! Why, what has my glance replied to the worshipping gaze of admirers? Why this, 'The woman who queens it over you is the wife of Ernest Dent, and glories more in the grandeur of her sovereign than in the adoration of her proudest subject.'"

Her countenance was elevated, inspired, while she spoke. She sank down at his feet, she threw her glowing arms around his knees, and nestled her proud head upon them, while her long ringlets swept to the carpet.

He stooped to caress and raise her "My beautiful one! My Juliette!" (To be continued.)

## Good Night Stories

### BETTY MEETS A DEAR LITTLE NURSE GIRL

"Oh, dear," Betty sighed as she put her little sister in the carriage and wheeled her out the front door. "I'm lonesome and blue to-day. I just wish—"

There was a queer, squeaky noise, then a rattle, and down tumbled a bundle of black, green and red. Out of it jumped a dear little elfin and waved his hand at Betty.

"Gocomeback, you funny little fellow!" Betty laughed. "You hear me every time I call, don't you?" "That's what I'm for—to cheer up good little youngsters when they are blue," laughed Gocomeback. "I was

The name "Red Rose" has been a guarantee of quality for 30 years

# RED ROSE TEA "is good tea"

The ORANGE PEKOE is extra good. Try it!

just going to call on your little Egyptian cousin when I saw you. Come along and go with me." Before Betty could ask any questions she was whizzed through the air, and when they once more touched the ground Betty found herself in a strange-looking country.

Toward them came a little Egyptian girl, in a long, loose, blue cotton gown, open at the throat and reaching down to her brown feet. Over her head hung a soft, clinging black veil. Around her neck were two necklaces of shells and beads, yellow, green and red. In one ear was a large gold hoop and on her arms jangled silver bangles. She even wore silver bangles on her legs.

"What's that she has on her shoulder?" Betty whispered as the native girl came closer. Gocomeback beckoned and the little brown girl came over to his side.

"I just wanted you to meet my young American friend, Betty Bly," said the elfin. "She spied you coming down the road and wondered what you had balanced on your shoulder."

"Wake Up and See Betty." Egyptian girl, and she gave the bundle on her shoulder a gentle push. "Wake up and see Betty from America." The bundle on her shoulder moved and up came a happy baby face, while two chubby arms caught a tight hold on the black head of the big sister.

"You see, here we have no baby carriages like you have in America, so we use the next best thing, our shoulders," and the little Egyptian nurse girl showed a row of pearly white teeth when she smiled. "See how the little one straddles the shoulder and holds on to my head. It may not be as comfy as a carriage, but it's the best we have."

"I don't believe I ever was carried that way but once," Betty laughed, "and that was when Uncle Benny was visiting us and he rode me all around the house that way. I was sure I was going to fall all the time. I know I'd drop my sister if I tried to carry her that way."

"Because you're not used to it in America," laughed the elfin, and Betty looked up to find she was once more standing in her own yard beside the baby carriage. "Give me good old America with all its conveniences," she said. Then, thanking Gocomeback for her trip, Betty took her baby sister for a walk.

## APPOINTMENTS MADE BY COUNCIL

Fred Rosevear to Succeed Late Robert Grandy; Chas. Wickett Re-appointed; H. H. Holdaway Commissioner of Registry Office

The closing session of the Counties Council was held on Friday morning at 10.30.

The report of the schools committee was presented by Reeve W. H. Nelson, Percy, chairman.

We recommend the payment of the following grants to continuation schools in the United Counties for 1924, the county grant, according to statute, having to be equal in amount to that received from the Legislature: Orono, \$889.71; Blackstock, \$409.85; Janetville, \$421.87; Millbrook, \$805.22; Warkworth, \$903.20.

We recommend the payment of \$652.24 by this council to the Port Perry High School for maintenance for outside pupils.

We recommend that the chairman of this committee be appointed delegate to the Ontario Educational Association convention to be held

in Toronto at Easter.

We recommend that the Cadet Corps in the various municipalities of the United Counties of Northumberland and Durham make application to the county clerk and treasurer for their grant before the June session each and every year.

**County Property**  
Reeve W. F. Elliott, Murray, chairman of the county property committee, brought in their report.

We recommend that in the matter of purchase of Burrough's adding machine no action be taken.

We recommend that the request of Judge Cameron for new typewriter and desk for his office be not entertained.

We recommend that the Sheriff's request for new uniforms for the jail officials be left in the hands of special property committee.

We recommend that Reeve L. H. Staples, Manvers, with the chairman of this committee, be the special property committee.

We recommend that the request for improved ventilation in the courtroom be left in the hands of the special property committee, to act in conjunction with the town council in taking what steps may be required.

The following appointments were made:

Auditors of criminal justice accounts—Col. F. D. Boggs, K.C., Cobourg, and Reeve W. T. Wood, Millbrook. Five dollars per day and mileage is the remuneration.

Auditors of municipal accounts and accounts of superintendent of roads—Messrs. H. Reynolds, Morganston, and John R. Rowe, Clarke. Salary, \$75 each, to be paid upon the order of the Warden at the completion of their duties.

Commissioners of registry offices, county offices and jails for current year—West Northumberland, Reeve W. J. Corbett, Cobourg. East Northumberland, Reeve R. Snel-singer, Colborne. West Durham, Deputy Reeve W. H. Thickson, Bowmanville. East Durham, Reeve H. H. Holdaway, Port Hope.

County jail—Deputy Reeve H. McGuire, Cobourg.

Commissioners for several bridges under jurisdiction of United Counties for current year:

Campbellford bridge, Reeve C. H. Davidson; Hastings Bridge, Reeve J. H. Hess; Allen Bridge, Reeve H. Eedal; Wallace Point bridge, Reeve Alex. Anderson; Bensfort bridge, Reeve Alex. Anderson; Pigeon Creek bridge, Deputy Reeve S. Stinson; Dunlop bridge, Deputy Reeve S. Pallis; Squires bridge, Reeve W. F. Elliott; Maile Creek bridge, Reeve L. H. Staples; Healy Falls bridge, Reeve W. S. Grills; Durham and Ontario bridges, Deputy Reeve C. A. Wight; Thompson bridge, Reeve J. S. McCubbin; Sedgwick bridge, Deputy Reeve R. Peake; Whitfield bridge, Warden J. L. McCamus; Ops and Manvers bridge, Reeve T. F. Bruce; Montgomery bridge, Deputy Reeve D. S. Austin; Wilson Island bridge, Deputy Reeve C. Palliser.

Trustees for several high schools and collegiate institutes in the United Counties for years 1925-27: Bowmanville, J. H. H. Jury; Cobourg, E. W. Hargraff; Colborne, D. W. Church; Campbellford, J. A. Lorox; Newcastle, W. E. Beaman; Port Hope, Chas. Wickett.

Fred Rosevear to finish the term of Robert Grandy, deceased.

Board of management for the House of Refuge—Deputy-Reeve W. H. Nelson for Northumberland; Reeve T. Baker, Darlington, for Durham.

A by-law was passed authorizing the Warden and Treasurer to borrow sum of \$250,000 to meet current expenditure of the United Counties until such time as the rates are levied and taxes collected therefor and paid over to the Counties' Treasurer.

By-law designating that part of Elgin street in town of Cobourg, between Ontario and Division streets, to be taken over as part of the county road system.

Condolence to Reeve Wood  
On motion of Reeve H. Holdaway, of Port Hope, seconded by Reeve W. H. Elliott, "That the Warden and Clerk are hereby commissioned to draft a letter of condolence to Reeve W. T. Wood, Millbrook, expressing the sincere sympathy of the Council with him in the death of his mother.

Had it been possible, representatives from the Counties Council would have been present at the funeral of the late Mrs. Wood on Friday, and sincere regret was felt that the business session did not conclude in time to make this possible.

**Basis of Road Grant**  
On motion the Warden and Clerk were authorized to submit to the Minister of Public Works and Highways of the Province of Ontario the petition of the Corporation of the United Counties of Northumberland and Durham showing that during the period from Jan. 1st to Dec. 31st, 1924, there had been expended upon the county highway system \$89,899.54, and requesting the statutory grants on that amount as provided by the Act to aid in the improvement of public highways.

On motion of Reeves Holman and Elliott the Council adjourned to meet again at the call of the Warden

**AN EDITOR'S WOES**  
Allistonian: We have forgotten where we found the paragraph, headed as above, which was printed in this column—not "five or six years ago," as you suppose, but—more than 13 years ago (Nov. 4, 1911.) Here it is again: "Editing a paper is a nice thing and no mistake. If we publish jokes, people say we are rattle-brained. If we don't, we are fools. If we publish original matter, they say we do not give them enough selections; if we give them selections, we are too lazy to write. If we don't go to church, we are heathens. If we do, we are hypocrites. If we remain in the office, we ought to be out looking for news. If we go out, then we are not attending to business. If we wear old clothes, then they laugh at us. If we wear good clothes, they say we are extravagant. Now what are we to do? Just as likely as not, some one will say we purloined this from another paper. So we did."

**Another Hog Town?**  
In view of the determined opposition of elements in New York City to the St. Lawrence waterways project, there is special significance in the action of the Northern New York Development League, composed of chambers of commerce, industrial organizations and banks in the northern part of the Empire State which, after looking over the ground and comparing the merits and costs of the St. Lawrence plan and the "Oswego to the Hudson River" canal scheme, has sent to Washington a thorough-going endorsement of the former project. This action emphasizes the purely local and highly selfish interest behind the opposition which New York City has been putting up.—Detroit Free Press.

### PERSONAL

Mr. Norman McBride was in Peterboro yesterday on business.

Messrs. F. L. Eicher, H. Cox, H. Merrifield, Wm. McBride, Wm. Dainard and V. Bradburn, are in Millbrook today attending the County Orange Convention.

Miss Grace Branigan, Vernonville, who has been spending two weeks with her parents, Mr. and Mrs. J. Branigan, Bramley street and Mrs. E. W. Gray, Charles street, returned home on Saturday.

### THE KING'S ENGLISH

To be well educated one does not need to know any other language than English, tho, to be sure, the well educated man is not often content to know that so many rich languages are there for his delight without making the efforts required to obtain for himself the key of entry. The English language is a wonderful instrument; the range of English literature is immeasurably vast, and new masters continually appear to show how live and fruitful is the English speech, how flexible it is, and how responsive, and how there is not an emotion of the soul, or the achievement or aspiration of the mind which it is incapable of expressing in worthy form.

The idea that it is easy to write good English does not long survive the first few serious attempts to write it. English is no more easy to master than it is easy to master the violin. The natural capacity to acquire mastery differs with the individual, but even the greatest experts have often found it necessary to practice as assiduously as the most uninspired plodders.—London Telegraph.

Auction Sale of Furniture.—All the Household Effects of the estate of the late Mrs. Harry Skitch will be sold by auction at her late residence, over A. E. Skitch's tailor shop, Walton street, on Tuesday, Feb. 3rd, at one o'clock sharp, consisting of an Oak bedroom suite, with springs and hair mattress, 1 large wardrobe, tables, chairs, rug, settees, washstands, sideboard, heater, parlor cook stove, gramophone, dishes, kitchen utensils and other articles. Paul Haggis

Confectioner Phone 299

ARRESTED IN LOS ANGELES.—Frank G. Anderson of Toronto was arrested on Monday at request of Chief Dickson and charged with theft and fraud in connection with automobile transactions.

FOUR YEARS' SENTENCE.—J. Sweeton who was convicted by a jury in the General Sessions of forgery and uttering was sentenced to four years in Kingston Penitentiary by Judge Denton on Monday afternoon.

CHILDREN BURNED.—Douglas and Gladys, aged two and one year respectively, children of Mr. and Mrs. Wilfrid Ritchie, Taylor Avenue, Chatham, were burned to death Monday afternoon in a fire that destroyed their home. The fire was caused by the explosion of an oil stove.

TWELVE DAY REPRIEVE.—Russell Scott, a former promoter of Toronto, under sentence of death for murder in connection with a hold-up, Monday won a twelve day continuance on a motion for a new trial.

MONTREAL FIREFMAN DIES.—Lieutenant Wilfrid Desjardins of the Montreal Fire Brigade, who was entombed in the wreckage of the flaming Lamoine street building for eight hours Wednesday night and Thursday morning and who was finally rescued after devoted efforts on the part of his comrades, died Sunday in the Montreal General Hospital from shock and exposure.

FARM HOME TOTAL LOSS.—The farm dwelling of W. J. McMaster, former Reeve of Manvers Township, was totally destroyed by fire, along with all the contents except a washing machine and a cream separator. Loss partly covered by insurance. The cause was due to an overheated chimney.

\$75,000 FIRE.—Fire thought to be caused by an overheated furnace, completely destroyed one of the two public schools at Arnprior Sunday afternoon at an estimated loss of \$75,000. Insurance amounting to \$20,000 was carried. Classes will be conducted in the Town Hall and church basements until a new school house can be built.

ALDERMAN RESIGNS.—Alderman A. E. Laroche, who was a member of Belleville's last year's and this year's city council, tendered his resignation at Monday evening's council meeting. His resignation was due to the fact that he had been selected as the city's representative upon the Suburban Area Road Commission. The council will name his successor owing to the fact that there was no aldermanic contest this year.

BARE BITTEN BY RATS.—Wanda, the little thirteen month old daughter of Mr. and Mrs. Harold Dalglisch, Front street, Campbellford, has been bitten by a rat twice within one week. About a week ago the parents found the little one's finger bleeding when they awoke in the morning and wondered how she could have hurt it. Then on Tuesday night of last week she was bitten on the forehead, neck and body and was bleeding when they awoke. It is supposed the rat was frightened when the parents awoke to find the child in this condition. The babe was sleeping in the same bed as the parents both times.

DISORDERLY TAXI.—That a public taxi cab can be a "disorderly house" under the Act was the claim made by the Crown in a Timmins court case when D. Tierney, taxi driver, who was married only last August, was charged with being the keeper in a case arising out of evidence of two young girls fourteen and sixteen years of age. Magistrate Atkinson took the case under consideration. Joseph and Fred Chenotte, also taxi drivers, were committed for trial on charges of living on the avails of prostitution, procuring, etc., for transporting the same girls to Chinese dens and the girls were committed to St. Mary's Reformatory at Toronto.

\$100,000 FIRE LOSS.—The fire at the Robertson, Kingston, was very disastrous. The loss is in the neighborhood of \$90,000 or \$100,000. The value of the stock is from \$50,000 to \$60,000 and was fairly well covered by insurance. The building was valued at about \$40,000, with about \$30,000 insurance. All the books are safe as they had been placed in the vault. In the adjoining store, that of T. H. Stewart, manufacturers' agent, a good deal of smoke and some water damaged the exterior of bales of paper bags and cartons of matches. On the top floor a quantity of paper bags were also badly damaged. The Great War Veterans' building and the Chinese restaurants had their cellars filled with water.

STARVED HIS HORSES.—"One of the worst cases I have seen in a long time," declared Inspector Ballingall of the Humane Society in the County Police Court, at Toronto in giving evidence against John Solchuk, a farmer with a hundred acre farm near Mewmarket, who was charged with cruelty to animals. According to the inspector, a team of horses belonging to the accused were seen to be staggering with a load of gravel. The horses looked to be in a pitiable condition and on being taken over by the authorities one dropped dead from the effects of starvation. When the officials returned for the other animal, a mere skeleton of a horse, they found that the accused had strangled it to death with a chain. "Twenty dollars or thirty days," announced the magistrate, registering a conviction. "No money," replied the farmer. "Well go to jail," said His Worship. "That's where you ought to go for such conduct anyway."

Getta Gradora, sensational pianist who will appear with the New Symphony Orchestra of Toronto in March, after outstanding successes in New York and Chicago.

A Sly One.—It has been discovered that the gorilla never changes his mate—a fact which should be welcome to the American people, for it goes to show that they are in no present danger of reverting to type.—Hamilton Herald.

To The Minute.—For many people, and especially for those who failed to see it, the most remarkable thing about the eclipse of the sun was the way it lived up to the time scheduled in every detail. Either there is no element of chance in the movements of the sun, moon and earth, or if there is the astronomers have an uncanny skill in making allowance for it.—Woodstock Sentinel-Review.
