10 ROOMED HOUSE ON MILL STREET lately occupied by Wm. Grant. Furnace, bath, closet, soft water also in the house. Good overground basement, stable and shed. For terms and particulars apply to SETH S. SMITH, Solicitor. Feb 11 W

As to "OLVER" Prices

There is but one price always, and it is fair to both of us. It may or may not seem unfair to charge you a certain price while your neighbor can get the advantage of a little lower price for the same article, but we would rather not do business that way, and therefore we intend to continue our business on the same plan adopted just nine years ago—one fair price to everybody, rich or poor; and cash with every sale.

Is it not reasonable to see that having no debts, or losses through non-payments, we are able to give the best values? Remember our special departments.

Clothing, Furnishings, Hats, Boots

Giving up Business

J. F. Clark & Son, having decided to retire from business, will, on WEDNESDAY, FEBRUARY 1st, offer their entire stock of

\$25,000.00

Worth of choice

New Dry Goods and Silks

Fine Millinery

Ready to Wear Jackets and Skirts

Gloves and Hosiery

Cottons and Linens

House Furnishings, &c.

at prices that will clear quickly.

Also a well assorted stock of FASHIONABLE FURS, which will be sold at about half what the price will be next fall.

As the goods were purchased before the great advance in prices we can confidently offer bargains to all. COME EARLY.

J. F. Clark & Son

Miss Lola Brown. Prize, fancy Centre piece.

Ladies' best comic costume — Phyllis Ramsden. Prize, gold jewel case.

Girls under 16—Murel Gifford. Prize Japanese butter dish.

Gen't best original costume — Harry Jewell. Prize gold cuff links.

Gen't best comic—Charles Fleming. Prize Waterman fountain pen

Boys under 16—Stanley Crawford gold tie pin.

cemetery at Perrytown, on Wednesday, January 25th. She is survived by five sisters—the Misses Phoebe, Sarah and Mary Allely, Toronto; Mrs. Geo. Wilcox, of Iowa; and Mrs. A. Carruthers, Osaca.

MIDLAND LOAN & SAVINGS CO. REPORT

In this issue appears the thirty-eighth annual report of the Midland Loan & Savings Co., which is considered one of the best ever presented. The Shareholders of this Company appear well satisfied with their investment and the Company has the confidence of the public.

PORT BRITAIN

The Woolcott Brothers have at last finished drawing and cutting wood in the Mast Woods.

The Literary Society held their third meeting at the residence of Mr. Wm. Dinner on Friday, Feb. 3rd, and had a most enjoyable time. Mr. Richard Best was in the chair and made an excellent address.

Port Britain is now very ably represented in the musical world having formed a male quartette,—Messrs. Sanguins, Harcourt, Johns and Milner, under the tuition of Mr. John Harcourt, Jr. The talent among the young ladies of the Society is very strong indeed.

Misses M. Dinner, V. Dinner, E. Dinner, M. Sculthorpe, H. Brand, E. Wade, B. Martin, and M. Merrifield all contributed very fine numbers to the program.

Mr. and Miss Wade gave a duet, which was very humorous. Messrs. R. Sculthorpe, A. Taylor and H. Wilcox gave a very good dialogue!

The next meeting of the Society is to be held at the residence of Mr. Wm. Inch, on Friday, Feb. 17th.

Mr. Walter Staples, our popular thresher is now thinking of cutting wood for his many friends around here.

CHARCOAL

Is splendid for starting fires or renewing old ones.

DIRECTIONS

All that is necessary is to put in a small quantity of paper, put charcoal on paper and light. When well started, coal can be put on.

FOR TOASTING

there is nothing to equal it.

HOW IT COMES

In half bushel sacks at 2 for 25c. or 9 for \$1.00.

G. A. OUTRAM HARDWARE

DO YOU WANT A PIANO

Or Anything in The Musical Line?

Gerhard Heintzman, Blundall and Sherlock Manning Pianos The Best on the Market.

Victor Talking Machines and Edison's Gramophones and all Kinds of Music—Singer Sewing Machines.

Prices right and terms reasonable

W. A. RUSSELL'S John St. Phone 9a.

Handsome Parlor Furniture

in exquisitely upholstered sets, and odd pieces, and in dainty combinations of colors and unique designs, we are selling at prices that we have never been able to touch before for such superb goods as we are selling this week, in suites, chairs, sofas, divans, tables and parlor cabinets.

Office—near Post Office, Queen St.

Use Davison's Cream of Violets

With Witch Hazel and Cucumber Jelly

For sore or chapped hands and rough skin.

One trial will convince you that it is the best article on the market for the purpose.

W. J. B. DAVISON

Druggist and Optician

PUBLIC LIBRARY BOARD

Held Regular Meeting — Officers And Committees Appointed.

A meeting of the Public Library Board was held in Mr. Chisholm's office on Monday afternoon.

A communication was read from the Librarian of the Peterboro Library announcing the annual meeting of the Library Association of Lindsay District to be held in Peterboro on Tuesday March 7th, and inviting the Port Hope Library Board to attend.

On motion of Mr. Smith, seconded by Mr. Long, Mr. R. T. Gillispie was appointed as the Board's representative.

A communication was read from Edward L. Tilton architect, New York with regard to plans for the new Library Building.

Moved by Mr. Long, seconded by Mr. Smith that the Chairman of the Building Committee be instructed to secure plans and suggestions from the Inspector of Public Libraries for Ontario.

On motion the following officers and Committees were appointed:—Chairman—D. H. Chisholm Sec. Treas.—A. H. C. Long Library and Reading Room — Messrs. Smith, Gillispie, and Long. Furnishing — Messrs. Gillispie, Wickett, and White.

Finance—Messrs. Long, Wickett and White. Building—Messrs. White Gillispie, and Smith.

Executive—Whole Board. The Site Committee reported progress and asked for an extension of time.

Moved by Mr. Wickett, seconded by Mr. Smith that it be and the same is hereby made a rule of the Port Hope Public Library that no

book shall be issued to be taken to any house where there is known to be a case of infectious or contagious disease.

MASQUERADE CARNIVAL

Was A Big Success—Costumes Many And Varied.

The Masquerade Carnival at the rink last evening was a decided success in every particular. The ice was in excellent condition and as the large number in costume glided to and fro to the merry strains of the band it made a very pleasing sight.

Among those appearing in costumes were:—

LADIES

Vera Twilley—Gipsy Maid
Mrs. Collwill—Post Card Girl
Georgina Record—Past and present.
Edna Garnett—Karahma
Delyle Ramsden—Spanish Dancer.
Phyllis Ramsden—Witch
Emily Dann—Maid of the 18th century
Gladys Fligg—Tomato Wine
Dorothy Greenaway—Samantha Allen
M. Garnett—Persian Princess
Mamie Boney—Dianah
Vera Mercer—Winter
Elda Millson—Egyptian Girl
Vivian Gifford—Court Lady in the time of Louis XIV

GENTS

Rowland Jex—Firemen
Harry Merrifield—Highlander
Eric Reynolds—Utah Chief
Norman Haultain—Trapper
R. Stone—Baseball Player
Stanley Crawford—Page
Harry Jewell—French Cavalier
Charles Fleming—Dutchman
The prizes were awarded as follows:—
Ladies' best original costume—

A TROUBLESOME MISGIVING

(Continued from yesterday.)

He worked vigorously at special subjects; aid was needless, but he wished for more leisure. Not a word to any member of his household. When his mother discovered that he was reading in the bedroom till long past midnight, she made serious objection on the score of health and on that of gas bills. Godwin quietly asserted that work he must, and that if necessary he would buy candles out of his pocket money. He had unexpectedly become more grave, more restrained; he even ceased to grumble about going to church, having found that service time could be utilized for committing to memory lists of dates and the like, jotted down on a slip of paper. When the time for the examination drew near, he at length told his mother to what end he had been labouring, and asked her to grant him the assistance necessary for his journey and the sojourn at Kingsmill; the small sum he had been able to save, after purchase of books, would not suffice. Mrs. Peak knew not whether to approve her son's ambition or to try to repress it. She would welcome an improvement in his prospects, but, granting success, how was he to live whilst profiting by a scholarship? And again, what did he propose to make of himself when he had spent three years in study?

"In any case," was Godwin's reply, "I should be sure of a good place as teacher. But I think I might try for something in the Civil Service; there are all sorts of positions to be got."

It was idle to discuss the future whilst the first step was still speculative. Mrs. Peak consented to favour the attempt, and what was more, to keep it a secret until the issue should be known. It was needless to obtain leave of absence from Mr. Moxey, and Godwin when making the request, stated for what purpose he was going to Kingsmill, though without explaining the hope which had encouraged his studies. The project seemed laudable, and his employer made no difficulties.

Godwin just missed the scholarship; of candidates in the prescribed district, he came out second.

Grievous was the disappointment. To come so near success exasperated his impatient temper, and for a few days his bondage at the chemical works seemed intolerable; he was ready for almost any venture that promised release and new scope for his fretting energies. But at the moment when nervous irritation was most acute, a remarkable act of kindness suddenly restored to him all the hopes that he had aban-

doned. One Saturday afternoon he was summoned from his surly retreat in the garret, to speak with a visitor. On entering the sitting-room, he found his mother in company with Miss Cadman and the Mrs. Lumb, and from the last mentioned ladies, who spoke with amiable alternation, he learnt that they were commissioned by Sir Job Whitelaw to offer for his acceptance a three years' studentship at White-law college. Affected by her son's chagrin, Mrs. Peak had disclosed the story to her sister, who had repeated it to the Misses Lumb, who in turn had made it the subject of a letter to Lady Whitelaw. It was an annual practice with Sir Job to discover some promising lad whom he could benefit by the payment of his fees for a longer or shorter period of college study. The hint from Twybridge came to him just at the suitable time, and, on further inquiry, he decided to make proffer of this advantage to Godwin Peak. The only condition was that arrangements should be made by the student's relatives for his support during the proposed period.

To Be Continued.

LONG SAULT DAM BEATEN.

U. S. House of Representatives Vote It Down.

Washington, Feb. 8.—The House yesterday defeated the bill introduced by Representative Young of Michigan, giving the Long Sault Development Co. the right to erect dams in the St. Lawrence River near the Long Sault, Barnhart and Sheek Islands, so as to utilize the water power of that stream.

It was asserted in debate that the so-called "aluminum trust" was back of the bill, and proposed to make an investment of \$40,000,000. The State of New York has granted a charter to the company, and waterfront rights. The only interest of the United States, it was declared, was to preserve navigation.

The opponents of the bill urged that the rights granted by the United States should be limited to 50 years. Amendments being out of order, they voted down the measure in its entirety.

Still Need For Vigilance.

Toronto, Feb. 8.—When told that the Long Sault power bill had been defeated in Congress, Hon. Clifford Sifton, who is chairman of the conservation committee, said:

"I am much gratified that Congress have taken this action, and I have no doubt that it was due to a desire to avoid any reasonable cause of offence to Canada. I have been in telegraphic communication with the Ottawa Government to-day regarding this bill, and I have no doubt that the decision is due to representation made by the Government to Washington as a result of agitation carried on here."

"That is, that local agitation has caused the Government to take action by advising its representatives in Washington to advise the throwing out of the bill."

"The company still retains its powers for New York State, and it is quite as necessary to be vigilant and on the defensive to prevent any further legislative powers being granted by the New York State Legislature; as the State Legislature approved of this very bill which the Congress have turned down."

A Fine Thing For Canada.

Ottawa, Feb. 8.—Andrew Broder of Dundas, one of the chief opponents of the proposal to dam the St. Lawrence River at the Long Sault, said last night that the defeat of the bill was "a fine thing for Canada."

"It meant," he said, "if it had gone through, the loss of the St. Lawrence as a navigable waterway. This would have been a serious blow to the Dominion. These schemers were the same who tried last year to get the Canadian Parliament to give them power to dam the St. Lawrence and were defeated."

TARIFF DEBATE DELAYED.

Reciprocity Will Come Up In House on Thursday.

Ottawa, Feb. 8.—It was a disappointed crowd that filled the galleries of the House of Commons yesterday. Interest was keen on a promised debate on the reciprocity issue, but a pall seemed to fall on the chamber when Sir Wilfrid Laurier announced that, in accordance with the leader of the Opposition, the debate on the tariff proposal would go over until Thursday of this week.

The Opposition seem to be marking time. There is some rumor that an amendment will be moved to the resolution already introduced by Mr. Feilding. Again, it is suggested that the hand of the Opposition will be withheld until the bill is brought before the House. In the interval Mr. Pugsley had a long session at the estimates of his Department.

Hon. Mr. Graham corrected the figures given on Monday as to the cost of the eastern division of the National Transcontinental Railway up to the end of December, 1910. The cost was \$30,920,955.

When the vote of \$35,000 for repairs, etc., to Rideau Hall was under consideration, Dr. Reid (Grenville) asked if there was any truth in the report that the Government had decided to erect a new residence for the Governor-General.

Mr. Pugsley replied that Rideau Hall was not creditable to this great country. Improvements involving \$300,000 had been proposed, but he personally thought it would be better to sell the residence, the value of which was \$700,000, and erect a new Government House on some commanding site in the City of Ottawa, which would be a credit to the country.

BRIEFS FROM THE WIRES.

The News Publishing Co., Truro, was burned out yesterday morning.

The C.P.R. ready-made farm scheme will be extended in Alberta and British Columbia.

The body of an infant, supposed to have been murdered, was found in the ice at Colquhoun.

The Quebec Government may take action with a view to the suppression of the cocaine evil.

John Hickey, a prominent merchant of Kingston, was badly beaten by highwaymen on the main street, Robt. Burns, one of his assailants, was captured.

Sir Alan Aylesworth, speaking at Ottawa, deprecated loose methods of spelling and called for adherence to standard English forms.

A St. Petersburg despatch from Pekin says that the plague has broken out in the inner city, and that a Buddhist priest has died from the disease.

Mr. Justice Gresham of London, Eng., commented upon reciprocity in criminals in sentencing a man deported by Canada. He says Canada sends her criminals there to be punished.

The steamship Alliance, at sea, reported by wireless yesterday afternoon that she had sighted the British bark Guithens-shire ashore on a reef in the West Indies. The U. S. Birmingham was taking off the crew.

Warrants have been issued for the arrest of two men and a woman, voters at Bothwell, Ont., in connection with the recent local option campaign. Perjury is charged in connection with oaths as to property qualifications.

Another raid by the police in connection with the Houndsditch burglary occurred early yesterday morning in the East End of London, and at one time it seemed likely to develop into a repetition of the Sydney street siege. They arrested a man and woman.

Died Taking a Drink.

Hamilton, Feb. 8.—Having in his pocket a loving message from his wife in England and a letter printed in childish characters by one of his children, saying how glad she was her daddy had not drunk anything this year and hoping he would never drink again, Edward Thomas went from the postoffice in Dundas to the Osborne Hotel bar and began drinking yesterday afternoon.

As he raised a glass to his lips, he fell backwards. George Richardson, with whom he boarded, and another friend helped him home, but when they reached his place, they found that they were carrying a corpse.

NEW ELEVATOR BILL

Sir Richard Cartwright Introduces It in Senate.

A COMMISSION OF THREE

Measure Provide For a Commission to Decide Which Elevators Are Terminal and to Handle the Problems Arising Out of the Transportation of Grain—Heavy Penalties For Mixing Grain.

Ottawa, Feb. 8.—Sir Richard Cartwright, in the Senate yesterday, introduced the bill in respect to terminal elevators and the inspection of grain in general, which is based upon an agreement arrived at between executives of the Western Farmers' Associations and the Government. The chief provision of the bill is one for the appointment of an independent commission of three, a chairman and two associate commissioners, who will have the same extensive jurisdiction over the transportation inspection and storage of grain that the Railway Board has over the railways of the country. The measure is a bulky affair, as it includes all the provisions of the Manitoba Act, and the Inspection Act, which it is proposed to continue in force. It was given a first reading.

In the course of his explanation, Sir Richard Cartwright said that the main commission would have power to investigate and control all questions relating to the transportation, inspection and storage of grain, and will have authority to weigh and examine grain whenever they desire to do so. They will also have power to designate any terminal elevators, and, in fact, may so designate any elevator. With the assent of the Government, and an appropriation being made for the purpose by Parliament, the commissioners will have authority to acquire by lease, purchase or otherwise any elevator, or they may construct new elevators. They are given authority to engage experts and the necessary staff, and are directed by the bill to create inspection divisions as they see fit. The board is given authority to make rules and regulations respecting grain without the consent of the Government being required.

The commissioners will hold office for ten years, and will be required to live at Port Arthur or Fort William.

Drastic penalties are provided for offences against the act, such as mixing grain in terminal elevators, the minimum penalty in such cases being a fine of \$5,000. When corporations are found guilty their officers are made subject to penalties. Elevators where offences are committed are liable to have their licenses revoked for a year, in addition to their penalties.

The bill also provides for the creation of a new division of the Government, to be known as the Grain Inspection and Storage Commission, and for the appointment of a chairman and two associate commissioners, who will have the same extensive jurisdiction over the transportation inspection and storage of grain that the Railway Board has over the railways of the country.

The bill also provides for the creation of a new division of the Government, to be known as the Grain Inspection and Storage Commission, and for the appointment of a chairman and two associate commissioners, who will have the same extensive jurisdiction over the transportation inspection and storage of grain that the Railway Board has over the railways of the country.

The bill also provides for the creation of a new division of the Government, to be known as the Grain Inspection and Storage Commission, and for the appointment of a chairman and two associate commissioners, who will have the same extensive jurisdiction over the transportation inspection and storage of grain that the Railway Board has over the railways of the country.

The bill also provides for the creation of a new division of the Government, to be known as the Grain Inspection and Storage Commission, and for the appointment of a chairman and two associate commissioners, who will have the same extensive jurisdiction over the transportation inspection and storage of grain that the Railway Board has over the railways of the country.

Paid \$200 For Neglect.

Hamilton, Feb. 8.—Magistrate Jelfs yesterday placed an important construction on the statute governing the guarding of ice fields.

Hugh O'Heir, manager of Dewey & O'Heir, ice company, who, at the enquiry into the deaths of Frederick and Albert Smith, the two young men drowned, in Dewey & O'Heir's ice field, assumed responsibility for the protection for skaters, was fined \$200.

His worship declared that the guard—and he did not consider trees guards—should be of sufficient strength to prevent a skater breaking through and drowning.

Dedes-Gould Wedding.

New York, Feb. 8.—The old story of American wealth and foreign title meeting at the altar was re-staged yesterday in the marriage of Miss Vivian Gould, second daughter of Mr. and Mrs. George K. Gould, and Lord Dedes of England. In St. Bartholomew's Church, before an audience that represented American and English aristocracy, this eighteen-year-old girl and her fiance of 44 years were wedded yesterday afternoon.

As is usually the case in international alliances of such prominence, yesterday's wedding again demonstrated the morbid curiosity of the public, and thousands of persons crowded about old St. Bartholomew's to get a glimpse of the bride and the notables in attendance. The services of several hundred policemen were required to keep the streets clear for the endless string of automobiles that deposited their richly-gowned and faultlessly groomed guests at the church doors. Similar scenes were enacted at the Gould home, 867 Fifth avenue, where a reception was held immediately following the ceremony. Owing to threats by cranks the police guards were doubled.

The \$50,000 revenue from liquor licenses was touched up. If the Government had left the old act and the square equal vote alone, they wouldn't have an increased revenue without increasing the licenses.

J. W. Johnson, West Hastings, Conservative, said that the feeling of the public of Ontario towards the Government was one of satisfaction, confidence and gratitude.

The province was prospering as never before, and it was regrettable that this condition was threatened by the reciprocity proposals, which also would tend to the disintegration of the Empire.

J. McEwing (West Wellington), in a speech which was not concluded when the House adjourned, declared that there would be a deficit of three and a half millions, and he contended that his predictions were realized in the present budget. It would so appear, too, but for a beautiful system of bookkeeping.

Mr. McEwing attributed to Hon. Senator George W. Ross and Senator McMullen "the weakness of old age," because they had spoken against reciprocity.

C. R. McKeown (Dufferin) will shortly introduce a bill to abolish the exemption on land covered by and immediately surrounding church buildings.

Hon. J. S. Duff has been applied to by the Ontario Flowerman's Association for a grant of \$1,000.

Hon. J. S. Hendrie is expected to introduce a bill to control the powers of street railway companies with respect to the enforcement of the company's bylaws and the establishment of P.A.Y.E. systems.

Died From Exposure.

Bolton, Feb. 8.—Thomas McGuire of Bolton, a single man, 60 years of age, was found on the highway yesterday morning apparently frozen, by a farmer coming into town. Upon examination McGuire was found to be alive. A doctor was summoned, but he expired shortly afterwards without regaining consciousness. It appeared he had been walking home from Locktown, a place about ten miles from Bolton, where he had been acting as bailiff, and must have become exhausted with the snow and extreme cold.

Paid \$25 For Hug and Kiss.

Brantford, Feb. 8.—For offering his company to a young lady while walking along Brant avenue Monday night, and finally hugging and kissing her against her wish, Orval Saunders, a local young man, was fined \$25 or 60 days by Magistrate Howell at the Police Court yesterday. The magistrate held the performance to be no joke and set a high premium on indiscriminate kissing in Brantford. The fine was paid.

Another Banker Guilty.

New York, Feb. 7.—Wm. R. Montgomery, former president of the Hamilton Bank of New York, a state institution, was found guilty late yesterday of feloniously converting to his own use \$4,400 of the bank's funds.

Children Cry FOR FLETCHER'S CASTORIA

FORESEES A DEFICIT

J. McEwing and S. Clarke Criticize Provincial Budget.

TO TAX CHURCH GROUNDS

C. R. McKeown Has a Bill In the Legislature, In Which He Proposes to Do Away With Exemptions—Mr. Clarke on Sale of Gillies' Limit, Says It Was a Colossal Mistake—Street Ry. Bill.

Toronto, Feb. 8.—Attracted by the announcement that S. Clarke, the redoubtable debater of West Northumberland, would resume the budget debate, with it was expected, old-time humor, the galleries contained many listeners yesterday afternoon. Mr. Clarke, however, took the tone of a serious, financial critic of the Government.

It would be impossible, said the member for West Northumberland, for any member of the House to master the contents of the big book of public accounts covering over eight millions expenditures.

He noticed that whenever the name of the Minister of Mines was mentioned it seemed to act like electricity on Government members. (Ministerial applause.) He did not know the reason why; perhaps they did? (Renewed Ministerial applause.) But there was one little item, or rather, one big item about which he did not do his whole duty. That was in respect to the sale of the Gillies' limits. It was one of the greatest errors of judgment imaginable. The Department, after a few small pettifoggish advertisements, sold the Gillies' limit to A. J. Young for \$10,500, and the purchaser resold the limit in October of the same year to a firm of Montreal contractors for \$330,000.

Mr. Ferguson—"What could you buy it for now?"

Mr. Clarke—"That has nothing to do with it."

Recurring to the financial statement, Mr. Clarke opined that a \$3,400 balance was a very small margin on an expenditure of \$9,000,000, and it must have required, as the Provincial Treasurer had said, some very careful bookkeeping.

Seven years ago the total expenditure did not exceed \$5,000,000. He considered that \$4,000,000 was a large increase for the last six years, especially as Col. Matheson had got up in the House six years ago and described an expenditure of \$3,000,000 at the end of ten and a half years of Liberal rule.

"The way he used to depict the Liberal extravagance," announced the talker, "I could almost see the price of coffins raising."

When Mr. Clarke suggested that the Government might get some added revenue by taxing the automobiles—not extremely, but tax them for running up and down the Ontario roads. People in the rural sections had no right to keep up the roads for the auto owners "to go and do as they pleased."

Then the \$50,000 revenue from liquor licenses was touched up. If the Government had left the old act and the square equal vote alone, they wouldn't have an increased revenue without increasing the licenses.

J. W. Johnson, West Hastings, Conservative, said that the feeling of the public of Ontario towards the Government was one of satisfaction, confidence and gratitude.

The province was prospering as never before, and it was regrettable that this condition was threatened by the reciprocity proposals, which also would tend to the disintegration of the Empire.

J. McEwing (West Wellington), in a speech which was not concluded when the House adjourned, declared that there would be a deficit of three and a half millions, and he contended that his predictions were realized in the present budget. It would so appear, too, but for a beautiful system of bookkeeping.

Mr. McEwing attributed to Hon. Senator George W. Ross and Senator McMullen "the weakness of old age," because they had spoken against reciprocity.

C. R. McKeown (Dufferin) will shortly introduce a bill to abolish the exemption on land covered by and immediately surrounding church buildings.

Hon. J. S. Duff has been applied to by the Ontario Flowerman's Association for a grant of \$1,000.

Hon. J. S. Hendrie is expected to introduce a bill to control the powers of street railway companies with respect to the enforcement of the company's bylaws and the establishment of P.A.Y.E. systems.

Died From Exposure.

Bolton, Feb. 8.—Thomas McGuire of Bolton, a single man, 60 years of age, was found on the highway yesterday morning apparently frozen, by a farmer coming into town. Upon examination McGuire was found to be alive. A doctor was summoned, but he expired shortly afterwards without regaining consciousness. It appeared he had been walking home from Locktown, a place about ten miles from Bolton, where he had been acting as bailiff, and must have become exhausted with the snow and extreme cold.

Paid \$25 For Hug and Kiss.

Brantford, Feb. 8.—For offering his company to a young lady while walking along Brant avenue Monday night, and finally hugging and kissing her against her wish, Orval Saunders, a local young man, was fined \$25 or 60 days by Magistrate Howell at the Police Court yesterday. The magistrate held the performance to be no joke and set a high premium on indiscriminate kissing in Brantford. The fine was paid.

Another Banker Guilty.

New York, Feb. 7.—Wm. R. Montgomery, former president of the Hamilton Bank of New York, a state institution, was found guilty late yesterday of feloniously converting to his own use \$4,400 of the bank's funds.

is blended to suit the Canadian palate. Sold only in air-tight packages. A pound of "Salada" makes 200 cups of delicious tea.

The Midland Loan & Savings Company

THIRTY-EIGHTH ANNUAL MEETING

The annual meeting of the Shareholders was held at the Company's Office, Port Hope, on Tuesday the seventh day of February, 1911.

Present,—Mrs. D. A. Leverich, Miss Mulligan, and Messrs. Wm. Henwood, Henry Mulligan, H. H. Burnham, J. W. Clemesha, M. D., Henry White, Thos. Roberts, T. P. Westington, S. S. Dickinson, V. S., John Wickett, J. H. Helm, Thos. Wickett, J. E. Smart, Walter J. Helm, Captain J. R. Evans, H. T. Bush, Alexander McMann, James Might, M. D. and F. W. Wilson.

On motion the President, H. H. Burnham, took the chair and J. H. Helm was appointed Secretary.

The minutes of the last annual meeting were taken as read and confirmed.

The Directors' Report and Financial Statement for 1910 were read by the Secretary as follows:

The Directors submit herewith the thirty-eighth annual report to the shareholders, showing the result of the business for the past year, together with the balance sheet to December 31st, 1910.

The total earnings for the year amounted to \$82,423.54 and, after paying interest on deposits and debentures, government and municipal taxes and expense of management, etc., there remained a net profit of \$36,699.43, to which has been added \$6,472.30, the balance brought forward from last year, making a total amount for distribution of \$43,171.73.

This has been disposed of as follows:—

Dividends 6 per cent	\$21,600 00
Bonus to Shareholders, 1 per cent	3,600 00
Added to Reserve Fund	10,000 00
Balance Carried Forward	7,971 73

\$43,171 73

The funds of the Company have been kept well employed during the year, and the interest payments have been satisfactory, being in excess of the total earnings.

Payments on account of principal on mortgages have been greater, both in number and amount, than in any previous year.

The interest over due at the end of the year is considerably less than in any former year.

The Books of the Company have been audited every month and your Auditors' certificate is attached hereto.

All of which is respectfully submitted.

H. H. BURNHAM,
President.

Port Hope, Ont., January 6th, 1911.

J. H. HELM,
Manager.

To the Shareholders of the Midland Loan and Savings Company:—

We hereby certify that we have audited the books and accounts of The Midland Loan and Savings Company for the year 1910, comprising a monthly audit and the verification of the postings and balances in all the Company's books and we find the whole correct and in accordance with the above statement. We have also examined the securities and find them in order.

HENRY WHITE, } Auditors
J. D. SMITH, }

Port Hope, Ont., January 13th, 1911.

The adoption of the Directors' Report was moved by the President, who said:

In submitting the Thirty Eighth Annual Report of the Company, which has just been read by the Manager, your Directors feel confident that the Report must be satisfactory to the Shareholders.

The demand for money during the year was active, and we had our funds amply invested at good rates. The repayments of instalments of principal and cash received for interest were most satisfactory in every particular, being in excess of any former year in the Company's history. The total interest monies received were in excess of the earnings.

The total earnings for 1910 were \$82,423.54, being \$1,797.21 more than in 1909. The total amount of interest in arrear on December 31st, 1910, was \$2,067.00, and, of that amount, \$860.00 became due in the month of December, 1910. The total assets of the Company are the largest in its history and show a steady progress.

During the year we effected new mortgages to the amount of \$103,725.00, and renewed old mortgages for a further term of years to the amount of \$54,460.00, and we declined applications to the amount of \$228,575.00. So you can see your Directors have been careful in their selection of investments. All our mortgages have been carefully valued and the total aggregate value of the properties covered by the same is \$3,200,000.00, which, in a general way, must be absolute security for our \$1,345,541.00 of mortgage loans.

Our total earnings for 1910 were \$82,423.54, and, after paying 6% Dividend and 1% Bonus on our Stock, and all expenses, we have added \$10,000.00 to the Reserve Fund, which now amounts to \$190,000.00, or,

in round numbers, 53 per cent of the capital. The balance at the credit of Profit and Loss Account now stands at \$7,971.73. The net profits of the Company for 1910 were a little over 10 per cent on the Capital Stock.

The amount of Deposits and Debentures is larger than at any time in the history of the Company, and the securities we hold are of the best and safest character. The Company is allowed by the Government to take Trust Funds and the very large amount of Trust monies now invested with the Company is good evidence of the confidence that Executors and Trustees have in the stability of the Company.

Your Directors, directly and indirectly, have a very large interest in the Company. They consider themselves trustees for the shareholders, depositors and debenture-holders and no Director has any money borrowed from the Company.

We have two small properties on hand. On one we have written off an amount to cover any possible loss. The other one we have been offered by two parties within \$50.00 of our claim and costs, and we expect shortly to have it sold without any loss.

Your Auditors have every month made an audit of the books, which has been read to your Directors every month, and they have given their certificate, which is embodied in this Report, and which should be satisfactory to all concerned, be they depositors, debenture-holders or shareholders. The Auditors of the Company are chosen by yourselves. They have full access to every book of the Company and they are absolutely independent of the Directors or officials of the Company.

It is with much pleasure that I mention with confidence as to the care and assiduity of our staff of officials, and we have evidence, from time to time, of the satisfaction our patrons express, at the prompt way the Company's affairs are managed. I also have much pleasure in stating that all our staff are pains-taking and have the business of the Company well in hand.

I now move, seconded by the Vice-President, that the Report of the Directors for 1910 be received and adopted. Carried.

On motion, Messrs. Henry White and J. D. Smith were appointed Auditors for the ensuing year, and T. P. Westington and Henry White Scrutineers for this meeting.

The Chair was then vacated by the retiring President, and Captain J. R. Evans was appointed Chairman of the meeting.

Moved by Mr. H. T. Bush, seconded by Dr. S. S. Dickinson, that the thanks of this meeting be due and are hereby tendered to the Directors and officers of the Company for their successful management of the Company's business during the past year. Carried.

The election of the Directors for the ensuing year having been taken by ballot, resulted as follows:—Messrs. H. H. Burnham, J. W. Clemesha, M. D., Wm. Henwood, John Wickett, Henry Mulligan, Thomas Wickett and Thomas Roberts.

The thanks of the meeting were tendered to Captain Evans for his conduct as Chairman of the meeting.

At the close of the meeting the newly elected Directors met and appointed H. H. Burnham President and J. W. Clemesha, M. D., Vice-President for the ensuing year.

CLAUSES OPPOSED

U. S. Paper Men Say Treaty is Not Fair.

AGREEMENT IS ONE-SIDED

They Declare That the Words "Crown Lands" and "Private Lands" in the Draft Make an Unfair Discrimination Against the United States Possible—There is a Flaw in Wording, Say Manufacturers.

Washington, Feb. 8.—As a result of the growing belief that the paper and woodpulp provisions of the new Canadian reciprocity agreement will operate one-sidedly to the benefit of the Dominion without a corresponding benefit to the U. S., an important change is likely to be made by Congress in the measure before it is ratified.

Paper manufacturers and other who have studied the agreement closely, believe that the language of the arrangement is so drawn that the United States may be compelled to admit paper free, before Canada complies with her part of the agreement. The situation has been presented to the way and means committee of the House in such a strong light that many members of that committee are satisfied the agreement between the two countries on the paper and pulp is open to a construction which will be distinctly to the disadvantage of United States manufacturers.

Secretary Knox sent a letter to the committee yesterday stating that the commissioners who framed the reciprocal agreement had arrived at only a tentative agreement upon the paper schedule. It can be changed, he said, without defeating the rest of the treaty, and its adjustment can be left to future negotiations or future action of Congress. The ways and means committee also procured yesterday a draft of the measure introduced in the Canadian Parliament to put the agreement in force in the Dominion. This shows that Canada had taken the stand that American paper and pulp shall not be admitted free into that country until all provinces have removed the restrictions against the exportation of the pulp logs.

The trouble arises over the distinction in Canada between "crown lands" and "private lands," and the rulings that the Treasury Department at Washington has made on this subject. Where Canadian provinces restrict the exportation of pulp logs, it is from "crown lands." The provinces have no power to restrict the exportation of logs cut from private lands.

Effect on Immigration.
Ottawa, Feb. 8.—W. J. White, chief Canadian immigration agent to the United States, says that the reciprocal trade agreement with the United States will result in a large increase in the American immigration into the Canadian west. At the beginning of the year it was estimated that during the immigration season 130,000 settlers would cross the international boundary line into Canada. Mr. White thinks that the estimate can now safely be increased to 150,000.

The Power Was Off.

Hamilton, Feb. 8.—A fire broke out in the power-house of the Dominion Power and Transmission Co.—the Cataract Co.—at Decew Falls yesterday morning, and for several hours the plant of every factory in this district was at a standstill.

The power came on again about 10 a.m., but as the manufacturers thought it would not be available until noon at least, they had sent home their hands for the day. The street cars were stalled around the system, and at intervals all morning, while the suburban traffic was tied up for hours, and had to be worked up for hours.

The advocates of the Hydro-Electric are using the breakdown of the Cataract power this morning as a forcible argument of having an alternative system in the city.

No Race News by Telegraph.

New York, Feb. 8.—A special despatch from Washington printed here yesterday afternoon, says:—

The Mann bill, to prohibit the transmission by telegraph companies of horse racing intelligence, will be reported favorably from the House Committee on Interstate Commerce.

The effect of the bill, if passed, will be to strike at racing in seven states where it is now allowed—Montana, Maryland, Florida, Nevada, Oklahoma, Virginia, and Kentucky.

Imposing Lincoln Memorial.

Washington, Feb. 8.—The House enacted into law yesterday the Senate bill providing for a commission to secure plans and designs for a suitable monument or memorial to Abraham Lincoln in this city. It is estimated that this memorial will cost in the neighborhood of \$2,000,000, and be the most imposing of all the monuments in Washington, save only the towering shaft erected in memory of Washington.

Fire in Scant Attire.

New York, Feb. 8.—Six hundred men, women and children, living in the Williamsburg district of Brooklyn, fled from their homes in scant attire yesterday during a fire in the six-story tenement at 104 Hopkins street. Louis Rappert and his wife, who were asleep on the first floor, narrowly escaped being burned to death.

Scattered Coals on Fire.

Kingston, Feb. 8.—While Edward Draper and family of Point road, Pittsburg Township, were away, some one entered and stole a number of tools. Before departing they scattered live coals from the coal stove over the floor. Had not the family returned in time their home would have been destroyed.

Suing Dun's Bulletin.

Kingston, Feb. 8.—Action for libel for \$50,000 has been entered by Walter Teller, proprietor of the British American Hotel, against R. G. Dun & Co., Toronto, publishers of Dun's Bulletin. The alleged libel was for publication of a report that his hotel had been placed in the hands of a receiver.

Wreck at Gorham, N.H.

Gorham, N.H., Feb. 8.—To the thick snow yesterday was due a wreck in the Gorham yards of the Grand Trunk Railway. While a locomotive snow-plow and van were engaged in clearing the sidings, a freight train, bound from Portland to Montreal, came along and crashed into the van. The van and plow were broken up, fire from the Portland engine completing their destruction. Roadmaster J. W. Shilling, who was in the van, had his skull fractured and hip broken. He died an hour later. The freight train did not leave the rails. The accident was caused by thick snow and smoke which obscured the signals.

Calls it a Lie.

Winnipeg, Feb. 8.—Officials of the Manitoba Grain Growers' Association vigorously deny and resent the charges contained in the address of Hon. Price Ellison at Victoria on Monday. They say the statement regarding an alleged bribe by J. J. Hill is a lie, base and ridiculous. "When a Minister of the crown," they say, "attempts to make such improbable statements, the situation becomes alarming."

No More Toll Gates.

Kingston, Feb. 8.—Reeve A. M. Rankin, Kingstown Township, sold two old toll houses on the Kingston-Storington road by auction. The houses will be removed as soon as possible and then there will be no more toll gates.

Chosen Rhodes' Scholar.

Kingston, Feb. 8.—Honor came to a student of Queen's University, Stanley Scott, son of W. Scott of Strathcona, Alberta, having been chosen 1911 Rhodes' scholar for the western province. Scott was born at Lancaster, Glengarry.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

In Use For Over 30 Years.

THE CASTORIA COMPANY, 27 MURRAY STREET, NEW YORK CITY.

30 YEARS OF SUCCESS

H. W. Mitchell, Phm. B., Offers a Remedy for Catarrh. The Medicine Costs Nothing If It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when I offer that medicine on my own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe me, or at least put my claim to a practical test when I take all the risk. These are facts which I want the people to substantiate. I want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his credit.

I receive more good reports about Rexall Mucu-Tone than I do of all other catarrh remedies sold in my store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh remedy I would have any demand for.

Rexall Mucu-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membranous tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

I urge you to try Rexall Mucu-Tone, beginning a treatment to-day. At any time you are not satisfied, simply come and tell me, and I will quickly return your money without question or quibble. I have Rexall Mucu-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Port Hope only at my store—The Rexall Store. H. W. Mitchell, Phm. B.
