CHATSWORTH SAGE PREDICTS COLD

Weather Forecast for Year; Snow During May

J. B. Bowes, the Chatsworth weather sage, again announces his annual weather forecast. This forecast covers the weather for the year 1925 and also for the first three months of 1926.

Mr. Bowes is a man of sixty-eight years now, and he has been working on weather forecasts as his hobby for the greater part of his life. His father before him originated the method which he uses, which is based on the influence the planets in the solar system have on the heat which the earth receives from the sun.

In announcing his 1925 predictions, Mr. Bowes points out that his predictions a year ago had been found to correspond very closely with the actual weather for the autumn which has just passed.

His forecast is:
January—The first week has finished the snow and wind of the last two weeks of December, 1924. The balance of the month will be comparatively mild.

February—First ten days mild. Then colder with snow. Last two weeks quite mild.

March—First week strong winds with heavy rains, snow and frost. The next two weeks colder than average. Later part of the month very mild.

April—First ten days very mild. Then very strong and constant winds with heavy rains and snowfall; very cold for about two weeks. Last few days mild.

May—First week very strong winds; heavy rain and possibly snow. Last storm will last until about the 12th. Later portion of the month very mild and dry.

June—Very warm and last two weeks very warm and dry. About the 10th strong winds and heavy rain.

August—First half of the month warmer than average and very dry. About the 15th unsettled. Rain and very likely frost about the 25th.

September—First ten days quite mild. Rain and frost about the 13. Last of month very mild and dry.

October—First few days very mild and dry. Very strong winds heavy rains and snow about the 10th; very cold. Latter part of the month very mild.

December—First ten days very mild. Then strong winds, heavy rains; quite cold. Last of month very mild.

TWENTY YEARS AGO

Items of interest taken from the file copies of The Guide of twenty years ago.

JANUARY 15, 1905

Fair and cold today. Miss Addie Clark is spending a few days in Toronto.

Mrs. James Linton, Brown street and sister, Miss Mulligan, are in Orono today.

At the ceremonies at the opening of Parliament, Mrs. H. A. Ward was present, dressed with green brocade with accordion pleating of chiffon.

LINDSAY FAIR DATES

Lindsay Central Fair will be held this year on September 23, 24, 25 and 26. These dates were arranged at an enthusiastic meeting of directors held Monday. Arrangements are being made for several special big features, and the prize lists will be larger than ever before.

COMING EVENTS

L. O. D. E. MEETING. A MEETING of the Daughters of the Empire will be held in the Library Hall, on Friday, January 16th, at 3.30. Every member is requested to be present as important business will come before the meeting. Come and bring a friend. 133rd

A EUCHRE PARTY WILL BE held in the lodge room of the Boy's Orange Lodge at 8 o'clock, on Tuesday, Jan. 20. Everybody welcome. Admission 25c. Refreshments served. 154th

MEMBERS OF THE BEAUMONDE Club. The weekly dances of this club will be resumed, commencing on Tuesday evening, Jan. 20th, at 8.30 sharp at Matthewson's Assembly Rooms. Admission \$1.00 couple. Al. Stagg's Orchestra. 151th

STATTEN ADDRESSES BOY ELECTORS; LOCAL WORK BOARD MADE CERTAIN

Seventy Teen-Age Boys Hear Eminent Boy Worker; Churches to Appoint Representatives at Once to Form Board

Seventy boys had the pleasure of hearing Taylor Statten's interesting address on the Service phase of the four-fold life in the Methodist Sunday school last evening, and incidentally to partake of the delicious repast provided by the Ladies' Aid.

Four tables were arranged in the form of a square, and were very artistically decorated in Taxis colors, blue and white. Taylor Statten, Toastmaster George Brockenshire, Foster Hamilton, M.B.P., the visiting pastors and the proposers of the various toasts sat at the head table.

As soon as the boys were in their places, Rev. Mr. Baird pronounced the Grace, after which everyone fell to with a will to demolish the piles of good things provided. The menu included cold roast pork, hot mashed potatoes, with pork gravy, cake, apple pie with whipped cream, bread and butter, and coffee.

Leads the Sing-Song
Following the pleasant meal, Mr. Statten was asked to lead the boys in a sing-song, and he selected three or four of the popular "action" songs. The first of these was the old favorite, "Pussy Cat Song," which was first introduced to the local boys by Mr. Statten at the banquet last spring. A humorous novelty, "I Wish I Were a Fish," with variations, followed the "Pussy Cat Song," after which Mr. Statten introduced two new verses of the "Prairie Flower." The sing-song was concluded with "Smile Awhile," after which everyone present shook hands with his nearest neighbor.

Toastmaster Brockenshire called upon George O'Neill our ex-member, to propose the toast to Foster Hamilton, the member for 1925.

George took great pleasure in congratulating "Ham" upon his election, and the boys themselves, upon having such a fine chap as their representative. He urged the boys to stand behind "Ham" in every project which he undertook, because he knew that Foster was making sincere efforts to carry out projects and ideas which would benefit local boys' work.

"In order that Boys' Work may progress in Port Hope," he said, "we must all pull together." He then proposed the toast to Port Hope's boy member, Foster James Hamilton.

Foster Hamilton, M.B.P.
Mr. Hamilton responded in a very pleasing manner, thanking the ladies on behalf of the Presbyterian delegates and himself for the excellent meal. He told the boys that although he enjoyed himself at the Parliament in Toronto, all the sessions were not so pleasurable, humorous little incidents being the only break in long sessions.

During his stay in Toronto he made good use of Mr. Statten in order to carry out the first plank in his platform—the formation of a Boys' Work Board. The need of leadership, he said, was never greater in C.S.E.T. work than it was at present. A Boys' Work Board, however, would never progress or become a success without aid, and this he urged the boys to put behind it to the utmost. Port Hope is not up to standard, the 1924 bond selling campaign being a glaring proof. With an objective of \$75 last year, the sale did not exceed \$40. This year with the same objective, he hoped to see all the boys work together and make the campaign go away over the top. The Boys' Work Board if formed with aid in this project to a great extent. He thanked the boys heartily for their support, and appealed for continued aid, failure being inevitable without it.

He thought it unnecessary to recount the things which occurred at the Parliamentary session, as a full report had already been placed before them in the Guide. Having a report of this type placed before the older people through a newspaper is one of the best ways, he said, to stimulate their interest in boys' work. In closing he made a final appeal to the boys to give him their support in the future.

Lorne Sainsbury, secretary of the united Taxis Squares, proposed the toast to the ladies. He expressed his regrets at the illness of Mr. Edwin Brown, who is confined to the hospital suffering from a nervous breakdown. On behalf of the boys he thanked the Ladies Aid Society for their kindness in preparing the banquet, and proposed the toast—"To the ladies; God bless them."

Mrs. R. Hayden made a very suitable reply on behalf of the ladies, and declared that she and the women of the church were behind "Ham" and the boys in everything they should undertake.

The Toast to "Boys' Work."
Beverly Hancock, a Junior Taxis Boy, was called upon to propose the toast to "Boys' Work." His toast was typical and well prepared, as follows:—

Mr. Toastmaster, Mr. Statten, and Fellows, it gives me great pleasure and I feel highly honored in being asked to propose the most important toast of the evening, the toast to "Boys' Work."

Boys' work is of great importance, as it not only helps the boys of to-day but also in the future, in preparing themselves for bigger and better fields of service.

The need was never greater, as the world is so full of big things, which, unless guarded against, would only develop one phase of life.

If in an intellectual sense, such as the latest inventions, we would miss the simplicity of life, and unless other parts of our stature are strong enough to combat this we lose sight of our obligation to our fellow man and the need of lingering with them for the common good will.

If sports dominate, only the physical side of life is utilized, and that often greatly exceeded.

If socially it would be a light and selfish life, and if it is in a political field, it creates politicians and not statesmen.

If in a religious way it would be a narrow life.

Therefore, the boys should carry out fully the four-fold life. That is, physically, spiritually, mentally and socially.

In order to do this they should carry out the C.S.E.T. work.

Boys' Work Board is of great value, as it helps and develops leaders, who get behind the boys and push the boys' work ahead.

We are greatly indebted to those who by starting this work have made it possible for boys to grow into fully developed men, equipped for all the duties of the home, community, nationally and internationally.

I ask you to charge your glasses and drink to the toast of "Boys' Work."

PRESTON'S REPORT ON OCEAN RATES

Revelations to be More Sensational Than Came From McMaster Inquiry?

Premier King announced in his speech in Toronto on Monday night that the Federal Government was ready to take whatever steps were necessary to facilitate freight traffic between Canada and Great Britain and other parts of the Empire. That announcement, it is understood, was based on an exhaustive report recently placed in the hands of Hon. T. A. Low, Minister of Trade and Commerce, as the result of W. T. R. Preston's inquiries as a Royal Commissioner in the latter half of 1924 in Great Britain.

The nature of that report and its recommendations will not be disclosed until it is tabled in the House of Commons early in the session, almost immediately after which, it is expected, legislation will be introduced by the Government.

While no hint has been given as to the evidence found by Mr. Preston of the existence and the operations of the North Atlantic freight rate monopoly, it is understood that it will disclose an astonishing state of affairs, even more sensational than that revealed in the evidence taken in the session of 1923 by the Special Committee on Agricultural Conditions, of which A. E. McMaster (Brome) was chairman. The latter showed two injustices to Canadian export trade. One was discrimination against Canadian ports and in favor of the United States in the shipment of flour, especially and this gross discrimination was the subject of lively representations made to the committee by officials of the Dominion Millers' Association.

The other and the chief evil was the existence of an ironclad rate understanding between the various shipping firms operating out of Canadian ports, especially Montreal. Their activities were expressed through the North Atlantic Shipping Conference, of which practically all the steamship lines operating out of Canadian ports were members, including the Canadian Government Merchant Marine.

"The general rates were set," says the fourth report of the McMaster committee submitted to the House on April 24, "at the North Atlantic and U. K. Conference in New York, but for the purpose of united action in regard to these and other matters a weekly meeting was held, at which representatives of all the steamship lines attended. At this meeting rates were agreed upon, and no member of the line had the right to depart from the rates so established without conferring with and warning his competitors of his intention to do so. An earnestly worded expostulation would be directed by one member to another if this line of conduct was not followed."

Two remedies for this latter injustice were recommended by the committee. One was to invite shippers who had complaints of exorbitant rates to give their evidence to the Department of Trade and Commerce, and that such evidence be made public, as "publicity is of itself both a deterrent to and, in a measure, a curative of unfair practices." The other remedy is submitted in the following words:

"The Canadian people are the owners of 67 ships. Some of these are of fair though not large size. Your committee suggests that a certain number of these ships might be selected to be operated in conjunction with our National Railway lines, that the freight rates on such steamers could be established on the cost of carriage plus a reasonable profit based upon the real as opposed to the cost value of the ships.

Would Use National Railways
The National Railways would be enabled to grant through bills of lading on a transportation system by land and by water altogether under their own control, and the Canadian people would be able to obtain transportation facilities at reasonable and known rates, and the service thus given on the ocean would tend to maintain rates on a reasonable basis, and would act as a deterrent to the charging of unreasonable rates by other lines."

What steps ultimately will be taken by the Government to remedy the evils to be disclosed in Mr. Preston's close of which he asked every boy present to spend a few moments with him in silent "unexpressed" prayer.

The singing of the National Anthem concluded the program.

FOUND BOOZE IN APPLE BARREL

Inspector Gooderich Makes Amusing Discovery

A resident of Cobourg was busily engaged unloading a barrel, labelled "Canadian apples, No. 2 snows, packed by Ross Bros. in Brighton," from the C.P.R. express last Friday when License Inspector Gooderich strolled along.

In a very pleasant manner the latter enquired as to why apples packed in Brighton should be shipped from Ottawa, and be handled with such care. The owner of the "apples" evidently had a guilty conscience, because as the questioning became more persistent, he leaped into a waiting cutter, and hurried off.

Surprised, Mr. Gooderich opened the barrel and found six and one half dozens of Dow's Montreal ale, neatly packed. The investigation resulted in the arrest of J. J. Corbett. He will appear in Police Court on Saturday morning on a B.O.T.A. charge.

MRS. SKITCH PASSED AWAY

Was Only Sick for One Week With Bronchial Pneumonia

It is but a short time since we saw Mrs. Harry Skitch about; but this morning she passed away after only a week's severe illness from bronchial pneumonia.

She is survived by one son and one daughter, Mrs. George Holmes, Brantford, and Mrs. W. R. Boundy, Toronto. Her husband predeceased her eleven weeks ago to-day.

An obituary notice will appear later.

HEARD ON THE STREET

Another fall of the beautiful!

We'll soon have enough snow to build a fort, according to a youngster, and the farmers have good sleighing.

Curling was a little delayed this year, but the season opens to-night, according to the sporting news.

The crowd which attended the Band Night skating at the rink last night enjoyed good ice and excellent music.

A cat in Owen Sound wakened its owner, Mrs. Fred J. Preston, and probably prevented serious fire.

Bowmanville plays here to-morrow night, and there is no doubt but that the rink will be packed with spectators, most of whom will wish to see another win for the Ontarios.

Lorne Boyd, aged 12 years, son of John Boyd, Thurlow Township, was examining a gun on Tuesday afternoon when it was discharged, blowing off two fingers of his left hand

report, and also shown in the special committee's report, will be known later, but it would not be surprising if considerable attention is given to at least one of the suggestions of the McMaster Committee.

to a tie at the rink last night. The game was clean and fast, no penalties being handed out. "Gord" Highfield and J. O'Neill did the gunning for the High School both getting a pair of markers. Britton was the most aggressive player on the ice, stick handling and rushing effectively throughout the game. For the Bankers, Wright on the wing played a strong game, and although his stick handling was good his rushes were broken up repeatedly. The next game will take place next week when Captain Vic Highfield will have his strongest team on the ice. Come and watch 'em go!

The line-ups were as follows:—
Bankers—Goal, Spicer; defence McCannell and Melville; forwards, Horgan, Lawrence and Wright; subs, Bradley, Sherry, Sutherland, Norton.
P. H. S.—Goal, Brockenshire; defence, Taylor and Fitzsimmons; Forwards, G. Highfield, Britton and J. O'Neill; subs, Winfield and G. Sneyd.
Referee—C. Meeking.

Peterboro has not only a fast senior team and a junior team but from all prospects they should have a cracking good Intermediate squad. Although a bad night for a practice on account of the big game in Toronto there was a number of enthusiastic players at the Arena last evening. Among those present were: Jack Turner, Frenchie Holland, Ike Batten, Mickey Williams, Eddie Williams, LaPierre, Lackey, Marchen, and L. Sabatino. Besides these players there is also a number of promising looking puck chasers who have not turned out yet.

Trenton 7; Belleville 4

In the opening O. H. A. Junior game in Trenton Tuesday, Belleville lost to Trenton 7 to 4.

Belleville—Goal, Jeffries; right defence, Green; left defence, Strachan; centre, Hibbard; right wing, Townsend; left wing, Gaulin; subs, Rourke and Canning.

Trenton—Goal, Lewis; right defence, Bowen; left defence, Allore; centre, Bernard; right wing, Lamore; left wing, Parry; subs, Anderson and Bohan; sub, goal, Rosenplot.
Referee—Burns, Picton.

Sir James Barrie Poses with Two Dumfries Lassies. Sir James Barrie, author and dramatist, recently revisited Dumfries, Scotland, where he obtained his early education, and where he received the inspiration for "Peter Pan." He was photographed on the steps of the Dumfries Academy in company with Dorothy Smith, attired as "Mamie the Mortal," and Margaret who represented "The Queen."

ALL BLACKS TO PLAY IN CANADA

Photographed at Newice Athol, on the spot where their famous predecessors, the "All-Blacks" of 1905 posed at their training quarters, twenty years ago. Back row, left to right: H. W. Brown, H. Nicholls, E. E. Masters, H. Harvey, J. H. Fisher, G. Donald, B. McInerney. Second row: J. Sitch, M. Brownlie, E. F. Stewart, C. Brownlie, L. F. Campbell, A. H. Watt, L. Farwell, A. White. Third row: A. C. Robillard, H. G. Moore, E. Irvine, C. G. Porter, S. S. Dean, J. Richardson, C. Norris, A. B. Hart, A. E. Cochrane. Front row: J. M.H. N. P. McGregor, W. C. Dalley, E. W. Lucas, E. S. Yennan, C. Barclay. Inset: G. Norris taking a place kick.

Canada is to see the famous "All-Blacks" rugby team of New Zealand, and British Columbia will see them in action, the Canadian Pacific Railway announced when making public the fact that this galaxy of stars, on the conclusion of their tour of the British Isles and France, will return home. The team, landing at St. John, N.B., will visit Toronto, Niagara Falls, the Canadian Pacific experimental farm at Strathmore, Calgary, Banff, Vancouver and Victoria. At Banff they will see and probably take part in the Winter Sports Carnival, as they are interested in Canadian Winter Sports and have expressed a keen desire to see a good game of hockey. They are to play rugby at Vancouver on February 14 and possibly at Victoria on February 18. Next the team will proceed to San Francisco, where they will probably play another game, and on February 25 they sail for home aboard the Canadian-Australasian liner "Tahiti."

The "All-Blacks," who will have played 30 matches in the British Isles and France before they leave, and who are scheduled to fly across the channel to play at Paris and Toulouse, are probably the most famous rugby football team in the world, and it is expected that there will be a tremendous demand for seats for the games on the Pacific coast. Successors to the "All-Blacks" which toured England and America in 1905, and was only once defeated, the present team has set itself the goal of returning to New Zealand with a complete list of victories and seems to be well within sight of this objective, as out of 30 matches on the European schedule it has thus far won all. Managed by S. S. Dean, and captained by C. G. Porter, there are 29 athletes in the touring aggregation, of whom the average age is 24, height 5 feet 10 inches and weight 171½ pounds, figures which speak for a team of unusually big men. The forwards, who are said to be the stronger portion of the side, though the whole team is a remarkably well balanced one, are all under six feet but average 180 pounds in weight.

Forty-two persons make up the total "All-Blacks" party, as the team has with it a commission whose object is to promote trade between Canada and New Zealand. E. S. Williams, land inspector, Department of Natural Resources, Canadian Pacific Railway, of Calgary, who was in charge of the Canadian Pacific exhibit at Wembley last summer and became friendly with the men there, has been invited to meet them at St. John and accompany them across Canada.

and badly lacerating the other fingers.

It was suggested that the member to the Boys' Parliament might entertain the Boys' Work Board at luncheon, at which suggestion someone remarked they'd have "Ham," and another added they'd have a "Murphy" if they had the Chief of Police there.

It looks like a big night for the Rebekahs as the District Deputy President, Mrs. Disney of Oshawa, will be there tonight to install the officers.

On January 24th, the day of the eclipse, Prof. T. R. Roseburgh, at the head of the Department of Electrical Engineering in the University of Toronto, will broadcast the time half an hour before the time of the total eclipse, and half an hour after. This will enable people to set their watches accurately, and help in making correct observation. The signals to be used will be given later.

Another interesting lecture is to be given in Carnegie Library Hall on Friday evening, under the auspices of the Women's Canadian Club, when Lieut.-Col. C. R. McCullough will speak on "Builders of a Nation."

French, Italian, Czecho-Slovakian, Turkish and Greek witnesses from Asia Minor have been called in the lawsuit in the King's bench division.

A FRESH SUPPLY

of Fruits and Vegetables in every day.

SAYS UNWRAPPED BREAD IS FILTHY

Public Can Obtain Wrapped Article if it Wishes—No Law Forces Wrapping

"The people of Toronto can get wrapped bread if they want it. For ten years I have been urging them from time to time to buy nothing but wrapped bread, but I find that only one per cent of the bread sold by one of the biggest bread companies in the city is wrapped. For ten years none but wrapped bread has been used in my house."

Dr. C. J. Hastings, Medical Officer of Health, made this statement yesterday morning when told of a complaint to The Telegram by a householder about a bread deliverer's unclean practice while at his work.

Dr. Hastings tried ten years ago to have a civic ordinance passed compelling all bakers to wrap their bread. The Board of Health allowed the bakers an opportunity to prove that the people did not want wrapped bread, which would cost from one-fourth to one-half cent more if universally wrapped, and the bakers were able to convince the Board. Some bakeries, however, installed wrapping machinery, and their wagons carry a sufficient number of wrapped loaves on their daily rounds at present to meet the demand. One cent a loaf more is charged for it. "I claim that unwrapped bread is the filthiest diet that goes on our tables, and I have tried to advertise this fact without success," said Dr. Hastings. "If any citizen wants to know where wrapped bread can be obtained he can do so by calling up the Health Department."

LOCAL BOYS' WORK BOARD WILL BE FORMED AT ONCE

Following the banquet, Mr. Statten met the senior boys, the representatives from the other churches, Revs. Baird, Anderson, Rigby and Wood; Messrs. W. A. Meadows, M. S. Hawkins, F. W. Galbraith, Bev. George and H. Tozer for the purpose of discussing the formation of the Work Board.

Mr. Statten recommended the immediate carrying out of Mr. Hamilton's plan, and was sure if all the churches worked together in such an organization that much benefit was sure to result.

Upon motion, a resolution was drawn up to the effect that the pastor, one layman and a senior boy from each church be chosen to form a local Boys' Board. A meeting will be held at as early a date as possible in order that the Board may be functioning in time to aid the bond selling campaign.

MILLBROOK VOTES STRONGLY ANTI-UNION

Grace Presbyterian Church completed its voting on the question of Church Union on Tuesday afternoon, the result being 96 votes for the anti-Unionists and 32 for the Union supporters—a majority of three to one against entering the United Church.

There are 191 names on the church roll, and of these, allowing for illness, absence, etc., 163 could have voted readily; 128 votes were actually cast.

At Garden Hill, the outside appointment of the Millbrook charge, only 8 votes were cast against Union and 27 for, out of a possible 60 or more members having the right to vote on the question. The general feeling for entering the United Church was so strong, only a comparatively small number took the time or trouble to cast a ballot.

No evil propensity of the human heart is so powerful that it may not be subdued by discipline.

KEENE MAN DIED IN WEST CANADA

John Nelson, Pioneer Rancher of Meadow Creek, Left Big Ranch

News has just come from Claresholm, Alta., of the death of John Nelson, pioneer rancher of Southern Alberta, who went there from Keene, Ont. He suffered a second stroke of paralysis last week, and died at the Claresholm hospital on Tuesday.

Mr. Nelson was born at Keene, Ont., and was 57 years of age. He lived in the Meadow Creek district for 35 years, where he has been successful in the ranching business, having a large amount of land and amassing a snug fortune. He was a real old time rancher, loving the open range and detesting the barbed wire fences that cut up his beloved foothills. Sickness has been an unknown factor in Mr. Nelson's life until last fall when he was in the Claresholm hospital for a few weeks. David Nelson of Calgary, is a brother of the deceased.

N. W. ROWELL NAMED PRES.

Toronto General Trusts Directors Appoint Officers

At a meeting of the Board of Directors of the Toronto General Trusts Corporation recently, Hon. N. W. Rowell, K.C., was appointed president, and Chas. S. Blackwell a vice-president. Mr. Rowell is the fifth president of this corporation, the line of succession being: Hon. Edward Blake, K.C.; Dr. John Hoskin, K.C.; Hon. Featherston Osler, and Sir Edmund Walker. Mr. Rowell is a prominent member of the Ontario Bar and well known throughout the Dominion. Charles S. Blackwell, who has been appointed a vice-president, is well known in the business life of Toronto.

NO ALIMONY FOR MRS. HILDA COOKE

Justice Orde Dismisses Action Brought for Alimony

Justice Orde on Wednesday afternoon in Toronto dismissed the action brought by Mrs. Hilda Betty Cooke for alimony. The judgment, which is quite lengthy, is on the ground that plaintiff was guilty of misconduct with Yoris Ryerson, W. L. Frances and A. W. Roung (Messrs. "A," "C," and "E" respectively). His Lordship emphasized that none of these three men had come forward to deny the charges made or "to swear like gentlemen, on the woman's behalf, whether guilty or not, as is the custom nowadays." Counsel for Mrs. Cooke asked that the interim alimony be continued pending appeal, but this was refused. The judge made no order as to costs.

TWO MORE OF GANG WERE SENTENCED

Were Arrested in Connection With Port Perry Robbery

John McAtannamy, Toronto boy, charged with breaking and entering the Hogg & Lytle warehouse at Port Perry, and who has been in the county jail awaiting trial since his arrest on December 15, was on Wednesday sentenced to two years in Kingston Penitentiary, when he appeared before Magistrate Willis at Whitby. James O'Connor, also of Toronto, and a confessed accomplice of McAtannamy, was sentenced to 18 months at the jail farm in Guelph.

GREEN VISORS DANGEROUS

Increases Hazard of Driving Closed Car

The use of a protecting green visor over the windshield of a closed car increases the hazard of driving, according to F. P. Barr, member of a large optical concern at Rochester, N.Y. He points out that under certain circumstances the shield may prevent a driver from seeing a red signal ahead.

Red and green traffic lights in the cities, he says, usually are mounted at about the height of the first story of a building. To see them the driver must look upward at a considerable angle. If the car is equipped with a green visor, he must observe the signal through this visor; and since green is complimentary to red, he will be unable to see the red signal.

Burglary Case Again Adjourned

The case of four young local boys, charged with having broken into the Wither's (Bluestone) residence on Dorset street east, on or about November 28th, 1924, was to have been brought up here this morning. A further adjournment of one day was made, and the boys will be brought up for trial tomorrow morning.

Gets Suspended Sentence For Operating Illicit Still

An Indian, by the name of Beaver was found guilty yesterday in Cobourg Police Court, on a charge of operating an illicit still in Alnwick Township, near Roseneath. F. F. Hall was prosecuting for the Department. Beaver was let off on suspended sentence, providing he paid all the court costs.

Inspector Gooderich visited the farm on November 27th and discovered a considerable quantity of fermented mash. Samples were taken and proven by test to contain considerable alcohol. Consequently Rock Beaver was placed under arrest and held until the Inland Revenue Department, under whose jurisdiction the case came, were ready to proceed.

PERSONAL
