### The Boys Let Out In Earnest

The Old Boys took possession of the town last night and they celebrated until the rain about 3.30 o'clock this morning. They turned things loose and every person took a hand in the merry making. The fun started at eleven o'clock last night when the Rochester Band and the Port Hope band announced in clear notes "The Gang's All Here." Large bonfires were kindled at the Queen's and Royal Hotels and Walton Street was all ablaze. At one o'clock this morning the streets down town were impassable. The band played until daybreak.

Allan Hale, oldest postmaster in United States, is dead at Benson Landing, Vt.

Pulled into river by 12 pound fish caused drowning of Andrew Moe, 75 at Onalaska, Wis.

## AEROPLANE WAS DAMAGED HERE

Daredevil Bobby Irwin and Pilot Left For Toronto This Morning

Police are investigating the circumstances regarding destruction to certain parts of the aeroplane which performed above the Town Park in connection with the Dominion Day program on Monday. The plane was piloted by Chris Evans of Toronto, and Daredevil Bobby Irwin performed various feats about the plane.

The plane landed in a field on the farm of H. Wallace on the Provincial Highway west of Wellesboro and sometime Monday night, persons visited the plane and made numerous cuts in the wings. The damage was noted however, before a flight was made and repairs effected. The total damage is estimated at \$100. Provincial Constable H. Storey and County Constable J. Greenaway are investigating.

Wm. Fortney, 75, fell from ladder when picking cherries, and was killed at York, Pa.

## MRS. L. W. WICKETT DIES IN LONDON

Wife of Rev. Mr. Wickett, Formerly Pastor of Bible Christian Church Here

There passed away yesterday afternoon one of the most highly respected residents of East London in the person of Mrs. L. W. Wickett, in her 83rd year. Death was due to paralysis sustained only a week ago.

Mrs. Wickett's maiden name was Sarah Whitlock, and she was born in Devonshire, England. While a young girl she came with her parents to Ohio and settled at Chagrin Falls. Sixty-one years ago she was married to Rev. L. W. Wickett, a minister of the Bible Christian Church.

There remain to mourn her loss her husband, now in his 91st year, and one daughter, Miss Minnie Wickett, of Brantford, and three grandchildren, Dr. A. D. Wickett, and E. W. Wickett, of Ann Arbor, and Mrs. Schaffer, of Lansing, Mich.

After many years of faithful and useful service in the ministry of the Methodist Church Mr. Wickett was superannuated, and since that time has resided at 827 King Street, London. During these years he and Mrs. Wickett have been members of Centennial Church, greatly beloved and honored by all who know them. Mrs. Wickett had been active in all the departments of the life and work of the church. One year ago last Friday they celebrated the diamond jubilee of their marriage.

The funeral will be held tomorrow at 2 p.m. from her late residence, 827 King Street, and will be conducted by Rev. G. N. Hazen, D.D., of Centennial Church, London Advertiser.

The Rev. Mr. Wickett was pastor of the Bible Christian Church, Hagerman Street, Port Hope, for five years about a half century ago. His friends in and around Port Hope will sympathize with the venerable gentleman who has lost his life partner Mr. Wickett was also at Bowmanville during his long service in the church.

## SCHOOL BOARD HOLD MEETING

Little Business Transacted At Public School Board Session

Very little business was transacted at the regular meeting of the Port Hope Public School Board held at the Town Hall on Tuesday evening. A few communications were received and a small list of accounts was passed. Those present at the session included, Chairman M. S. Hawkins and Trustees, Dr. R. L. Graham, W. A. Meadows, R. Hayden and Jas. S. Thompson.

## SCHOOL REPORT

The following report was received from School Attendance Officer, Mrs. F. B. Davis:

One case of non-attendance. Parents given copy of school attendance law and boy returned to school as soon as cars were reported.

Two cases of "flu."  
One child suffering from heart trouble.

One case of scarlet fever.  
Five cases reported by teachers and investigated.

Lewis Roberts, of Rosemeath, who entered an application to the staff of the local school, communicated with the Board, advising them that he had been re-engaged at Rosemeath. Burton C. Roberts, brother of the former applicant, made application for the teaching staff.

A letter of recommendation was received from J. L. Moore, Public School Inspector of Parry Sound, regarding the qualifications of Miss Evelyn Brownlee, who has made application for the local staff.

Dale Scott fell out of the doorway and Fred Campbell collapsed in a heap, both instantly killed. It was thought at first that Harold A. Day of Toronto, the brakeman on the work train, was also dead, but he came around after his companions had worked over him for a few minutes.

Teaching grammar by means of diagrams has been abolished in New York.

## ENTRANCE RESULTS

Following are the names of the successful candidates at the examinations held at Port Hope and Bethany on Monday, Tuesday, Wednesday of last week. Pass standing required 40 per cent on each subject and 60 per cent of the aggregate, while 75 per cent was required for honor standing.

The marks of the unsuccessful candidates and the certificates of the successful candidates will be sent to them by mail during the next few days.

As the papers of the unsuccessful candidates who came near to the pass mark have already been re-read, there is little prospect of an appeal being successful in any case.

The names are given in alphabetical order.

## TRANSPORTATION PROBLEMS

There are no doubt many transportation problems to be considered and met by the Governments, the railways and the people.

Even the municipalities have the question thrust upon them.

Take Port Hope as an example. Through our Streets flow an increasing road traffic over the Provincial Highways from east, west and north.

This is composed of private vehicles and public conveyances and the problems for most places is to decide where they may stop, and how long they may remain parked on a street or highway.

It becomes increasingly apparent that the big busses cannot stop on any town street which is a link of the Provincial Highway.

In Port Hope the busses stop right at the intersection of our narrowest street (John Street) and Walton Street. It does not matter that cars are parked on both sides, the busses stop right where the drivers wish and every one has to wait until they have deliberately concluded business.

What would the people think of a railway with no station or waiting room, no toilet accommodation en route and when it stops its cars block all other traffic regardless of regulations?

As a preliminary step we would suggest that Port Hope Council pass a by law prohibiting any public bus from stopping on any street forming part of the Provincial Highway.

They might be permitted to stop, say on Queen Street, or better still, let the bus lines be required to secure proper accommodation at a local garage off the street entirely, or buy a lot, erect waiting room accommodation for their patrons.

On John Street cars should be allowed to park on one side only; on Walton Street only when both front and rear wheels are within, say six inches, of the curb.

## SENTENCE IS SUSPENDED

D. Cheef Faced Two Charges in Port Hope Police Court Today

Suspended sentence was handed down to D. Cheef of Port Hope, in Police Court here this morning before Magistrate W. A. F. Campbell, when he was arraigned on two charges, viz. that on the 29th of June, D. Cheef did steal a cheque of the Port Hope Sanitary dated June 29th, for \$64.50, the property of C. Naume, contrary to section 347 of the Criminal Code and that on the 29th of June, D. Cheef did forge the name of C. Naume to a cheque of the Port Hope Sanitary Mfg. Co., for \$64.50, contrary to section 466 of the Criminal Code. The second charge was not pressed.

Through his counsel, H. A. Ward, K.C., the accused pleaded not guilty to the charge of theft. Crown Attorney, W. F. Kerr, K.C., of Cobourg, acted for the Crown while W. F. McMahon of Port Hope represented V. Harwood of Port Hope, who cashed the cheque for Cheef.

As neither Cheef or Naume can scarcely speak a word of English, the services of Balcho Evanoff as interpreter were employed. With weird gesticulations accompanied by motions of the hand, the two foreigners told their stories.

Questioned by Mr. Kerr, Naume stated that he had received his cheque for \$64.50 from the Port Hope Sanitary and had placed it in his inside coat pocket, in the wash-room at the factory. About five o'clock he found that the document was missing and on arrival at his room, told Cheef and the latter replied that someone might have taken it.

Vincent Harwood testified that Cheef, signed the cheque and had given it to him to cash. The money was obtained from the Bank of Montreal here and was given to Cheef that evening.

Charles Gist, who is employed at the local factory told that he saw Cheef sign the cheque and give it to Harwood.

In his evidence, Cheef told that he thought he had obtained the cheque from his own coat and gave it to Harwood to cash as he could not get uptown before closing hours at the bank.

On reaching his room however, he found another cheque in his pocket and knew that a mistake had been made. He said that he became sick and also frightened and these conditions were increased owing to his inability to speak English.

J. B. Holland, Superintendent of the Port Hope Sanitary, told that Cheef had been employed at the factory for the past two months and this was the first trouble he had known him to be in.

Accused, who has spent the last two or three days in confinement, was given suspended sentence, but was assessed the costs of the court. Restitution of the \$64.50 was made to Naume.

## CARS COLLIDE ON WALTON ST.

Two Cars Damaged When Collision Occurred At Intersection Tuesday

When a Ford runabout driven by Robert Welch, Port Hope, was turning up Walton Street from Mill Street Tuesday evening at 7.30, it collided with a Pontiac sedan driven by Mrs. W. Hannah of Perrytown. The latter car intended to turn north on Mill Street when the mishap occurred.

The Ford received the worst of the argument and suffered a twisted front wheel and a crushed fender, while the Pontiac sustained a dented fender and a broken headlight. No one was injured.

## BOY DROWNS AT PETERBORO

Thirteen Year Old Lad Drowned Despite Heroic Efforts To Save Him

While swimming with a chum near the southern shore of Little Lake, Peterboro, at 1:45 Tuesday afternoon, Joseph Goselin, 13 years old, got into difficulties and was drowned, despite the heroic efforts of two lads who hastened to his assistance. His body was recovered 25 minutes later. Unfruitful attempts by firemen and police to produce respiration after the boy had been taken from the water were reluctantly abandoned late in the afternoon, when it was finally announced that life was extinct. Dr. Murray Fraser was called to the scene and lent every effort toward reviving the lad.

### THERE COMES A TIME

There comes a time when we grow old,  
And like a sunset down the sea,  
Slopes gradual, and the night wind cold  
Comes whispering sad and chillingly,  
And locks are gray,  
At winter's day,  
And eyes of saddest blue behold,  
And leaves all dreary drift away,  
And lips of faded coral say,  
There comes a time when we grow old.

There comes a time when joyous hearts,  
Which leaped as leaps the joyous main,  
Are dead to all save memory,  
As prisoner in his dungeon chain;  
And dawn of day  
Hath passed away,  
The moon hath into darkness rolled,  
And by the embers dark and gray  
I hear a voice in whisper say,  
There comes a time when we grow old.

There comes a time when manhood's prime  
Is shrouded in the mist of years,  
And beauty, fading like a dream,  
Hath passed away in silent tears;  
And now how dark,  
But oh! the spark  
That kindled youth to hue of gold,  
Still burns with clear and steady ray,  
And fond affections lingering say,  
There is a time when we grow old.

There comes a time when laughing Spring  
And Golden Summer cease to be;  
And we put on the Autumn robe,  
To tread the last declivity;  
But now the slope  
With rusy hope,  
Beyond the sunset we behold—  
Another dawn, with fairer light,  
While watchers whisper thro' the night,  
There comes a time when we grow old.

## FIRE DESTROYS VALUABLE BARN

Disastrous Fire Visits Farmer In Eastern Township—Loss \$7,000

The large barn and outbuildings owned by Percy H. Haskins, Sixth Concession of Thurlow, were completely destroyed by fire early on Tuesday. Cause of the fire is unknown, as members of the family were away. Near by neighbors worked heroically to save the large brick home in close proximity of the barns. The loss is estimated at \$7,000, only partly covered by insurance.

### June Custer Victorious

At the race meet held at Napanee June Custer, owned by Vic Chapman of Toronto and Peter Direct, owned by Lou Bennett of Port Hope, hooked up in the 2.16 class with the Toronto mare winning in straight heats, Peg o-My-Heart, owned by D. Caton of Napanee, raced nine other starters into the ground in the 2.35 class winning pulled up in each of the three heats.

The 2.20 class was hard fought. Each of the first four heats produced a different winner. Dick Sunday, owned by T. McCracken, Trenton, withstood a hard stretch drive to land first money in the fifth and deciding heat. Jess Johnston, Adolphus-town, was the starter.

### Deloro Holds Road Races

Deloro held their annual track and field meet on the holiday with two road races—one seven miles and the other three miles. A scheduled baseball game in the C.O.B.L. between Deloro and Peterboro was played, resulting in a win for Peterboro, 7 to 4. Charles Fairweather of Stirling repeated his success of last year when he led home a field of marathoners. Manly Emmorrey, Deloro, a youth of 15 years, won the 3-mile jaunt in 18.30. There was a large crowd on hand and the Deloro Athletic Club was placed in a sounder position from the revenue derived. Both winners of races were given silver cups.

### Leaf's Lost

The league leading Maple Leafs despite the fact they displayed much of their vaunted distance batting

power, got a bit more than they bargained for in the opening skirmish with the Bisons at Buffalo yesterday and were worsted by the near trainers in a hair raising, twelve inning bout. The score was 7 to 6.

Henry Wertz, former Boston Brave twice and "Kid" Collins, a Detroit American League graduate, twisted right arms in a sterling mound engagement with the Bison thrower having all the better of it, in spite of the fact that the heavy stickers of the Leafs hit four blazing drives many yards over the fence outposts. Wertz allowed only eight hits in the dozen chubbers while Collins was pounded for thirteen.

## HAROLD LLOYD'S LATEST COMEDY

The big fun event of the season is scheduled for tomorrow, Friday and Saturday, when Harold Lloyd, the King of Comedy, will be seen at the Royal Theatre in his brand-new success, "Speedy." Lloyd is al-

ways good, but that he excels himself in this production is shown by the fact that it is playing to the largest crowds that have ever patronized any of his photoplays. Port Hopeers who saw "Speedy" in Toronto, where it was shown at two theatres simultaneously, are urging their friends not to miss it, and the management of the Royal promise everyone an evening of real laughter this week end.

## WOLF BOUNTIES TOTAL \$85,000

5491 Wolves Destroyed This Season—Increase Over Corresponding Period

Approximately \$85,000 has been paid out in wolf bounties to date this season by the Ontario Government. This expenditure—the largest of its kind in the history of the present Administration—represents eight months of trapping from Nov. 1, 1927, to June 30, 1928, and a kill of 5,491 wolves or 885 more than were taken in the corresponding period of 1926-27. By the end of the season the kill, it is believed, will have come close to the 6,000 mark.

In June just closed 121 wolves—57 of them the timber variety, 52 brush and 12 pups—were destroyed, a falling off of 77 as compared with June of last year. But where June fell down, so to speak, every other month in the present season showed a considerable increase over 1927 records. November's catch was 943, an increase of 290; December, 1,438, an increase of 548; January, 929, 1 of an increase; February, 704, an increase of 10; March, 741, an increase of 62; April, 397, an increase of 28; and May 218, an increase of 25.

The special snare which was adopted by the Department of Game and Fisheries two years ago, was responsible, it is understood, for a great percentage of this season's catch. The increase in the catch provides the department with further argument against recent agitation for a raise in the present \$15 bounty. However, preparations are being made, it is reported, for a still more vigorous war on the wolf next season, and it would not be surprising if the system of poison bait lines as advocated before the Fish and Game Committee of the last Legislature by Dr. R. V. Harcourt, Parry Sound member and practiced with success in various sections of the United States, were adopted before next winter rolls around.

## RETORT BURSTS TWO INJURED

Belleville Man Loses Foot And Another Man Is Badly Hurt

The explosion of a potato-evaporating retort severely injured two workmen at the Graham evaporator plant at Belleville, about 3 o'clock Tuesday afternoon.

Jerry Morrison was coming toward the retort. A piece of the door, blown off, struck him on the ankle and his foot was later amputated. Another piece of the retort struck him on the abdomen, causing severe gashes. Fred Smith

was to one side of the retort and was thrown ten feet by the blast. He was cut about the neck and the chest. Both men suffered great loss of blood, and were taken to the General Hospital, where three doctors attended them.

Vincent Hogan, who was in charge of the retort, stated that pressure of 150 pounds was maintained in the retort. Suddenly, it blew up, and pieces flew in several directions. One section of the door, six inches square, was blown through the ceiling and up through the roof, landing outside.

**THE GUIDE STORY**

(Continued from yesterday.)

Had the danger been a real one instead of a scare, there could be little doubt that all this uproar would have resulted in the deaths of the frightened women and girls.

French house breakers, according to the fearful archives at the police station, do not hesitate about a murder more or less, when once they have embarked on an enterprise which has plunder for its object.

There was not much, however, to tempt the greed of thieves in the Pension Marly. Very little money was kept in the house; the spoons and forks were plated goods; the Misses Somers possessed few, if any, jewels; thus there was nothing that was at once valuable and portable to be gained. Doubtless the various gangs of robbers were well aware of this fact, and the Pension Marly escaped molestation.

Augustine, however, did not cease to scream, and she frightened half a dozen more of her school fellows into hysterics. Among these was that wise looking young lady, Miss Anna Crossman, whom April was wont to remark was so heavily

weighted with common sense that she could only move and speak slowly.

Miss Crossman was as much alarmed as Augustine could have wished to see her; indeed, by the time that the house had been searched and screamed through, and found to be empty of the burglars or the sign of them, when all the doors were locked, and everything in its place, and when all the other pupils had allowed themselves to be soothed and calmed, there only remained two young ladies who required sal volatile, smelling salts and sollicitude, and these two were Miss Anna Crossman and mischievous Augustine Volney.

The latter went through a series of pretended fainting fits. Fraulein Schultz, who was a bad sleeper, and whose ears had first detected the sound of the footsteps of the naughty school girls, and Miss Jane Somers, the despot of the establishment, had much difficulty in bringing either the really frightened Anna, or the impostor Augustine, to her senses.

It was nearly two hours from the moment of the first alarm before the household again betook itself to repose. Colds were caught, nerves injured, much annoyance followed in

the wake of that most daring expedition. Vesta and April confided to each other their regret at what had happened. Vesta blamed herself passionately; but April persisted that if they had acted without that feather brained French girl, hired a carriage, and driven straight to the Rue Plumes d'Or, they would have been able to have had their fortunes told, and to return before Ada retired for the night, so that they could have crept upstairs unsuspected, and if their footsteps had been heard they would have been supposed to have been those of the servants.

April was sorry for the colds and the fright of the others, but she would not blame herself. Augustine revelled in the recollection of the whole affair; she was wild with resolve to "have another try," to go this time straight to Numero 18 Rue Plumes d'Or, and have her fortune told.

Several things, however, stood in the way of this second expedition. First and foremost, Ada had had such a fright, and had been in such dread that her share in the ill deed would be discovered, that she flatly refused to help the young ladies to escape from the house again, even if they gave her three golden nap-

cons instead of half a one, which had been her fee on the last occasion. Then Augustine discovered, either through the gossip of the maids or by a letter from a girl friend, that the wonderful teller of fortunes was so enriched by royal and noble patronage that she had grown haughty and exclusive, and now refused to tell any fortunes under the price of two golden napoleons, and the respective exchequers of the three school fellows were all at low ebb just now.

"So that we must wait," Augustine said, sagely, nodding her saucy head; "but I am quite determined to know my future."

"It is not husbands, and fortunes and all that rubbish that I desire to know about," said April Vaughan with a little scorn; "all those will come, of course; but I want power. I should like to possess the elixir of life, and knowledge, charms against danger, and to be able, when I am introduced to a person, to know if that person will have a good or evil effect on my fortunes if I cultivate his acquaintance. I want to know and recognize a wicked man or woman when I meet one."

"Take my word for it," said Augustine, "all women are your enemies."

"And are all men my friends?" asked April, smiling.

"Not all; but most men are the friends of most women."

"What a vague generalization!" said April.

She was beginning rather to despise Augustine Volney, and to regard her in somewhat the light of a litigious influence. April had never ceased to ponder on her escape from deathly ray, what had looked like certain death some three weeks since. She was most thoroughly impressed with the conviction that the terrible secret society into whose private rooms she had unwillingly intruded was a powerful instrument for evil, that its spies were about her path, though unseen and unheard.

(to be continued)

The worms that infect children from their birth are of two kinds, those that find lodgement in the stomach and those that are found in the intestines. The latter are the most destructive, as they cling to the walls of the intestines and if not interfered with, work havoc there. Miller's Worm Powders dislodge both kinds and while expelling them from the system serve to repair the damage they have caused.

**OBITUARY**

H. JOHN ARCHER

H. J. Archer of 28 Indian Road Crescent, Toronto, died at his home on Friday evening, June 29, in his seventy-third year. He is survived by a daughter, Mrs. O. E. Tolton, and a son, Herbert, his wife having predeceased him seven years ago. He was born in Port Hope, and passed the early years of manhood in Bowmanville, where he engaged in building. More than 40 years ago he went to Toronto, and spent long terms in the employ of the J. D. King Company and Northway's, as superintendent of machinery. He was a member of the Independent Order of Foresters, and the Chosen Friends, and Treasurer of the Hospital Cot Fund of the latter order for many years. He was always active in church life, for many years Superintendent of the Cecil Street Church of Christ Sunday school; and an elder of Hillcrest Church of Christ for some years before his death. From that church on July 2 he was buried, his pastor, Rev. George Quiggin, paying him a high tribute as to faith and personal character. Rev. Jos. Mackenzie of Keele Street Church assisted in the service. The interment was at Prospect Cemetery. Many floral tributes and a host of and regret experienced at his passing friends attested to the sympathy.

The deceased was a brother of Mrs. Sarah Ferguson, Hagerman Street.

**CROP REPORT**

General

Kindly weather conditions are favoring the crops in the Prairie Provinces, and encouraging an optimistic outlook in practically every district. General rains followed by cool cloudy weather, have had highly beneficial effect, and with the present warmer weather growth is rapid, some districts reporting that wheat is already in the shot blade stage. In Quebec province while the crops made a late start, they are now progressing well, with ideal growing weather prevailing. In Ontario all grain crops have shown a great improvement during the past two weeks due to excellent growing weather. In the Maritime Provinces conditions generally are favorable though warmer weather is needed, and in some sections of New Brunswick rain as well. In British Columbia all conditions are good and the crops are doing well. Detail follows:-

Prairie Provinces

**ALBERTA WESTERN AND NORTHEASTERN AREA**-Prospects continue excellent with ample moisture reserve. Pasturage is abundant and hay crop above the average. Sugar beet crop is in a healthy condition with thinning well advanced. **ALBERTA SOUTHEASTERN AREA**-Crop conditions continue favorable following further heavy rains, and the outlook is promising. **SASKATCHEWAN NORTH-**

**ERN AREA**-Recent rains have provided ample moisture and crops are making satisfactory progress. Wheat is approaching the shot blade stage. **SASKATCHEWAN SOUTHERN AREA**-Abundant moisture has been received from heavy rains and crops are well advanced. Many wheat fields are in shot blade. While the growth is uneven and weeds prevalent in some districts, crops generally are in a satisfactory condition, and prospects are favorable. **MANITOBA DISTRICT**-Recent heavy rains have provided ample moisture to last for two or three weeks. There has been some flooding in the Red River Valley, but the damage is not extensive. Crops are making good progress and the present outlook is satisfactory.

Province of Quebec

Grain and root crops are in urgent need of a period of warm dry weather. Grass pasturage and hay meadows are in good condition. Fruit trees blossomed satisfactorily and prospects for an average yield are good. Tobacco planting is in progress under favorable conditions.

Province of Ontario

Fall wheat is heading out with a fair length of straw and while there is some winter kill on average crop is expected. Spring wheat, oats, and barley, while a little backward, are very promising and with favorable weather should be good average crop. Corn looks good, and while doing fairly well, is in need of warmer weather. Hay has done well lately, but indications point to a crop below the average. Root crops are doing well, especially potatoes of which there is a larger acreage. Tobacco planting is practically completed and the plants have received a good start. Ontario grown strawberries are on the market; Crop is fair to average. Prospects are excellent for a good crop of apples, cherries, and peaches. Pasturages have improved wonderfully and are now good.

Maritime Provinces

In the eastern sections and especially in Nova Scotia pasturage is particularly good, and a heavy crop of hay is expected. The potato acreage will exceed both last year and the five year average. In Prince Edward Island potatoes show a good growth, with a few misses, with 30,000 acres of certified seed as compared with 25,000 last year. It is early to judge but in the Annapolis Valley apple bloom indications are for a heavy crop of Gravensteins and Ben Davis with light to medium for other varieties. Small fruits look well.

British Columbia

A heavy hay crop is now being cut and grains promise to give a yield above the average. Roots are in excellent condition and pasturage is abundant. Apples and apricots are estimated to yield 11% of the average crop, cherries 75%, plums and prunes 90% hops 100% and tomatoes 130%.

In pursuing its policy of consistent progress—in its continual search for new ideas . . . in its constant development of better cars . . . General Motors not only maintains its great International Research Laboratories and hundreds of skilled engineers, but also operates the first, largest and most completely equipped automobile proving ground in the world.

Here, on the vast fourteen-hundred-acre tract of the General Motors International Proving Ground, every type of road is duplicated, every condition of driving is reproduced. Here all makes of General Motors cars are constantly being subjected to the most search-

ing tests. Here every principle developed by General Motors engineers is put to proof . . . every detail of each test car's performance carefully and closely checked. Here years of normal use are crowded into a few months of continuous, gruelling operation. A typical example is offered by Chevrolet. Since the opening of the General Motors Proving Ground, Chevrolet cars alone have piled up over three million miles of testing . . . a distance equal to 125 times around the world.

In the countless millions of miles that General Motors cars have covered on the General

Motors Proving Ground, there has been one great purpose kept in view . . . to improve, by constant testing, the quality and worth of every General Motors product.

Every Canadian buyer of a General Motors car gets a car built in Canada by Canadians to meet Canadian conditions of road and climate . . . a better car and a greater value because General Motors uses so freely and unsparingly its unequalled facilities for testing and research . . .

With better General Motors cars at the end of the journey, millions of miles is not too far to go.

# HEARD ON THE STREET

Good morning! Wasn't it lucky we didn't get yesterday's downpour on Dominion Day?

Local telegraph service was somewhat interrupted for a while by the storm of yesterday afternoon which was of considerable violence electrically and a large quantity of rain fell for a time.

Toronto evening papers were very much delayed with their later editions on account of the power lines being disrupted.

A twelve and eighteen pounder caught, by George Mr. Ward, Eilen Street, who is summering at Rice Lake, may not know his onions but he seems to have a pretty good idea where to locate the 'masquies.' You've made a good start, George—drag 'em in!

The Department says: "A tidy Postoffice is a credit to your town. Do not scribble on the walls or on the notices and do not throw papers or wrappers on the floor." Don't forget that next time you get a bill or poster you don't want, there's a waste basket provided.

An old landmark on Denison St., in Cobourg has been removed in the tearing down of a building erected many years ago by the late Samuel Collins, and which he used as a blacksmith shop and carriage works. The use of motor cars and trucks instead of horse-power vehicles, has thrown carriage shops all over the country into disuse.

Oshawa council approved the fire protection committee's action in sending a cheque for \$100 each to the Bowmanville and Whitby Fire Departments as an expression of appreciation for their services during the recent \$100,000 fire in which the skating rink, a warehouse and four residences were destroyed.

And this is the Glorious Fourth! They're having just as nice a day across the line to celebrate Independence Day as we had for our National holiday, Dominion Day, if this is any indication of what they are really getting.

The Cohens and Kelleys are always fine and the good report of theatre goers after Monday's showing at the Royal brought out a packed house on Tuesday to see the "Cohens and the Kelleys in Paris." The colored picture to many was alone worth going to see, with its fine clothes and beautiful scenes based on historical records of the time of Queen Elizabeth.

St. Mark's Guild of Service hope the weatherman won't show any spite and give tantalizingly lovely weather until Friday and then deluge their Garden Party.

Charleote Women's Institute picnic is to be held in Milton G. Welch's woods on Friday, July 6th. Two ball games have been arranged, Hampton girls vs. Welcome girls, softball and Newcastle boys against Morrish boys at baseball. The picnic is free to the public and promises to be a big success. You are expected to take your basket.

Besides St. John's Sunday School picnic this afternoon, there seems to be a lot of other little private picnics here and there about the country.

Announcement was made yesterday by Hon. William Finlayson, Minister of Lands and Forests, of the award, on a cost plus basis, to Morrow and Beatty of Peterboro, of the contract for the construction of a storage dam and power house at Ear Falls, on the Lac Seul-Winnipeg River system. Award of the contract follows close on the heels of the recent joint proclamation by the Ontario, Manitoba and Dominion Governments of special legislation authorizing the gigantic storage project.

The Oshawa fire alarm system was put out of commission for a few hours Tuesday afternoon when a lightning bolt damaged a transformer. Under the direction of Fire Chief W. Elliott, little time was lost in repairing the damage. Telegraph service was also interrupted, but the telephone system was not hampered.

Jabez Perkins, 47, and son, fight a duel; both killed at Thayer. Mo.

Malachy Kittridge, old time baseball catcher, is dead at Gary, Ind.

Mr. W. Jenkins of Paden City, West Virginia, was the holiday guest of the Mathews Conveyor Company Staff, before going on to Toronto to visit other relatives.

Miss Laura Pomeroy, daughter of Mr. and Mrs. W. J. Pomeroy, who has been connected with the office staff of Fittings, Limited, Oshawa, for four years, has severed her connection with that firm and accepted a similar position in Rochester, and has left for that city.
