"HAD NO IDEA

that you went in so extensively for Men's Boots and Shoes," is a common exclamation from those who happen to take a look through our Boot section. And perhaps some there may be who are not yet familiar with the resources of this up-to-date department, containing as it does a very large selection of only the newest and best values to be obtained.

Make a point of examining what we have to offer the next time you are passing.

Our Outing Shirts

are specially emphasized—just right for warm weather, soft collar and tie to match, and you'll likely buy cheaper here than elsewhere.

Among our Straw Hats

are included the styles so much in favor with well-dressed men. We mention the "always dressy" fine straw sailors in all the correct proportions.

Do you want a new Suit of Clothes, with a surety of satisfaction? Ours have good materials, skilled workmanship, and the most recent styles.

Ben Oliver & Co

RESCUED BY FIREMAN

But little short of miraculous was the rescue from the wheels of the iron monster of one of Merkle's little children early Tuesday evening, when, unknown to its parents had wandered on the railway track and was seen there all unconscious of approaching danger by the driver of a through freight train coming down the eastern grade over thirty miles an hour. Everything was instantly done to stop the train but finding it too close upon the child to come to a standstill while the engineer held the lever the fireman climbed out, ran along the boiler, jumped down on the cowcatcher and grasped the mortal from the very jaws of death, and the train coming to a standstill the child was placed in safety and the crew sped on their way, knowing full well their humane deed would be entirely forgotten by the world if found negligent of duty in any other respect.

Township of Hamilton Had to Pay Damages.

A. P. Bray Injured By Driving Through An Unprotected Bridge.

The case of A. P. Bray against the Township of Hamilton occupied the time of Judge Benson, without a jury, on Wednesday and Thursday at Cobourg and just closed shortly before 6 p. m. The case had been hanging for some time and a large number of witnesses, farmers, ladies and doctors were examined. Mr. Bray some months ago came to Port Hope from the Township of Hamilton with a load of grain. On returning he ran into a creek from which a bridge had been washed away, and although protected by a railing, the railing had also been knocked down by some person. Mr. Bray claimed to have been injured personally as well as his horse, harness and wagon and claimed damages against the Township. The case lasted two days. F. D. Boggs, K. C., was engaged by Mr. Bray and Mr. F. M. Field, K. C., supported the case for the Township. After the case was all in, Judge Benson rendered judgment in favor of the plaintiff for \$250 and costs.

BOWLING.

Three rink matches were played last evening. Skip Ball won from Skip Snider 12 to 9. Swiggart having charge of the latter rink. Skip Aldrich defeated Skip Gillies by 18 to 8 and Skip Reynolds won from Skip Fulford 14 to 13.

THE HEAT BUG

Is the Latest Insect to put an Appearance.

Montreal Herald.

Have you been bitten by the Heat Bug yet?

A number of Montrealers have been assaulted by a strange insect resembling the famous "Kissing Bug," which struck terror into people's hearts a few years ago, but unlike that wonderful myth, the Heat Bug actually exists and has been seen and felt.

The first symptom is a sharp pain, usually in the back of the neck, which resembles a stab from a needle. Unlike the victims of the Kissing Bug, the victim does not die at once of delirium tremens or lockjaw.

The bite usually results instead in sudden death for the Heat Bug, and the scanty descriptions of this insect come from the fact that there are few remains to identify after the victim's heel has finished its work. The heel of one's boot is not the only way of dealing with this new plague. One courageous young woman who found no less than four of the creatures in her home, after pounding them vigorously, proceeded to pierce them with hat pins and throw them out of the window.

In appearance the Heat Bug is said to resemble a brown or black beetle about half an inch in length, with claws. For the above mentioned reason no further data as to its appearance are as yet forthcoming.

It appears to drop or fly from the trees, alighting on the back of its victim's neck, where it inserts its sting. Although the bite is sharp it is not extremely poisonous, the pain disappearing in a few days at most. The insect occasionally attacks the feet or ankles for a change.

It has been suggested that the Heat Bug may bear some relationship to the tussock moth, said to be attacking Montreal trees.

In answer to the statement that the moth usually lays eggs and hatches caterpillars and not beetles, it has been remarked that some of the tree-devouring insects have four changes in their lives, and not three, from moth to egg, from egg to caterpillar, from caterpillar to beetle, and back again. But that is a question for scientists to solve.

At any rate this Heat Bug has apparently only made its appearance in the last few days of extreme heat, and if you see a gentleman or lady madly clapping the back of his or her neck, instead of ringing for an ambulance it would be wiser to approach carefully and attempt to alleviate the sufferer's symptoms by killing the cause, at the same time preserving the remains for a museum.

HUSBAND NEVER BATHES

Marion, O., July 5.—Asserting that he is the meanest man on earth the wife of Charles S. Winch, a farmer, is suing for a divorce. She says her husband, who is 41 years old and in good health, never took a bath during all the years she lived with him except by wading in a stream when they lived near the Whetstone River. She further says he objected to bathing their baby and cursed her when she did. He never changed his clothing, the petitioner recites. He put it on and never took it off until it was worn to shreds.

The plaintiff claims her husband compelled her to live in a shack in the heart of a dense woods in Tully Township.

The defendant owns a 175 acre farm.

THE CHURCHES

Baptist.

Rev. C. S. G. Boone of Dunnville, Ont., will occupy the pulpit to-morrow morning and evening, in exchange with pastor La Flair who goes to his former field in Dunnville for the day. Mr. Boone is an earnest, eloquent, forceful preacher, whose messages will be an inspiration to all who hear him.

Mill Street Presbyterian.

Mr. C. H. Best, B.A., will conduct services morning and evening. In the morning the subject will be "Jonah." In the evening, "The Challenge of Religion."

Sunday School and Bible Class at 3 o'clock.

The public, especially strangers, are cordially invited.

Mr. and Mrs. A. Hacker, of Toronto, are visiting friends in town.

THE LIMOUSINE.

Life doesn't seem the same to us Since father bought the limousine. Our thoughts, our dreams, our talk, yes, all— Are flavored now with gasoline. We realize what we in years Of limousineless life have lost, What joy to see the neighbors stare And know they're wondering what it cost.

On cushioned air we glide along— The tires haven't busted yet— With not a single thing to show How deeply father is in debt. We look as rich as Carnegie, And ma's especially elate, Although, of course, she had to sign The mortgage on pa's real estate.

We go out riding every day, And you can bet we cut a dash, Although we must admit we are Extremely short of ready cash. What though the sordid tradesmen wear A look that's not at all serene? Our life is so much broader now, Since father bought a limousine.

WEDDING BELLS.

SACKVILLE-WESTINGTON.

On Thursday, July 6th, at Bewdley, a very pretty wedding was solemnized at the home of Mr. and Mrs. Marcus Westington, when their eldest daughter, Miss Carrie Louise, was united in marriage to Mr. Percy Sackville, formerly of the same place.

The ceremony, which was performed by Rev. R. A. Delve, of Seagrind, Ont., took place under an arch of evergreens and flowers. The bride was becomingly attired in a gown of white voile over silk. She wore the conventional veil and a beautiful sunburst of pearls, the gift of the groom.

Little Miss Ethel Hoar, cousin of the bride, acted as flower girl, and Miss Lizzie Bellamy played the wedding march, both of whom wore pearl brooches, the groom's gifts.

Tea was served on the lawn, after which Mr. and Mrs. Sackville left for their future home in Norwood, where Mr. Sackville has accepted a position in connection with the Ontario Department of Agriculture.

Dozen Women Beat Burglar

New York, July 5.—When the cry of "Robber! Police!" sounded through the six-story apartment house at No. 162 Harrison street, Brooklyn, yesterday afternoon, a dozen women ran into the hallway and attacked athletic looking youth who ran from the home of Alexander Karitz on the third floor.

The youth fought his way to the street and attempted to run, but a woman sent him sprawling with a blow from her first. When he got to his feet he swung a long "jimmy" but the women attacked him on all sides. He was knocked down time and again and he fled into the house at No. 160.

The door was locked, but the women forced the lock and again attacked the youth. They dragged him into the street and were pummeling him when Policeman John Smith of the Clymer Street station ran up.

When the young man saw the

policeman he broke from the women and hurried several of them to the pavement. Then he attacked Smith and fought like a madman. He fought until he was clubbed insensible, and then the women cared for him until he revived.

At the Clymer street station the prisoner said he was Joseph Gordon of No. 18 Thornton street, Williamsburg.

He was charged with robbing the Karitz apartments. Several articles of clothing belonging to the family were found in his possession.

Mrs. Sarah Rosenberg, who lives across the hall from the Karitz family, told the police she saw Gordon in her neighbour's home and sounded the alarm.

Rev. Joseph J. Rae, D. D.

Dr. Rae is pastor of the Eighth Presbyterian Church. He was born in Orono, Ontario, Canada, but has become thoroughly acclimated to American customs along with the other commissioners. He is a loyal son of Albert University, Belleville, Ontario. To know Dr. Rae and hear him in the pulpit one would not know but that he has always been at home among the Blues. He has established himself in the faith and is beloved greatly in the Eighth Church and in the Presbytery.—Chicago Daily.

DESTROYED BY LIGHTNING.—On Thursday morning about ten o'clock during a slight electrical storm, the large new barn of Mr. George A. Ritchie, in the 7th concession of Hamilton, just west of Plainville, was destroyed by lightning, with its contents. A colt, a lot of poultry, hay, etc., were burned. The barn was insured for \$2,000 in the Township of Hamilton Farmers' Mutual Fire Insurance Co., and the loss will be about \$3000.

Every Drop OF SHERWIN-WILLIAMS PAINT (S.W.P. Prepared) can be depended upon to do good work. Every can is full measure both as to quantity and quality. When you buy S.W.P. you get your money's worth. It wears for the longest time, covers the greatest amount of surface. If you want quality and economy buy S. W. P.

TWO DESPERATE CASES

These Two Men Owe Their Lives To GIN PILLS.

Stone in the bladder is a direct result of kidney trouble—one of the results of neglecting the kidneys that have taken cold or are slightly out of order. Mr. Herman and Mr. Lessard whose letters are given below, were in a bad way until they tried GIN PILLS which cured their trouble by removing the cause.

There is no other kidney pill anywhere that has the merits of GIN PILLS. Sick and diseased kidneys respond quickly to their treatment. Many a case of incipient Brights or Diabetes has been cured by them. They cleanse, restore and build up the entire urinary tract.

573 JAMES ST. NORTH, HAMILTON, ONT.

Gentlemen,

Four years ago I was taken down with inflammation of the bladder. During the attacks, which occurred more and more frequently, the agony was unbearable, and I became so weak I could not walk across the floor. The doctors could do nothing to relieve or cure me.

My wife sent for a box of GIN PILLS to try and see if they would help me. From the first they did me good—the pain was relieved at once, and the attacks began to come at longer intervals. I continued taking the pills for six weeks, and then, to my surprise and delight, the stone I sent you some time ago came from me and my pain stopped. It is now three years since GIN PILLS cured me. I have had no return of the trouble, and I have not lost a day's work on account of it since.

There is not the slightest doubt that GIN PILLS saved my life. Yours gratefully, JOHN HERMAN.

JOLIETTE, P.Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with stone in the bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life."

J. ALBERT LESSARD.

GIN PILLS are no untried, doubtful remedy. GIN PILLS have been used for years by thousands in every section of Canada. They are guaranteed by the largest wholesale drug houses in the world—and your money will be promptly refunded if GIN PILLS fail to give relief as guaranteed. See a box—6 for \$2.50. Sent on receipt of regular retail price if you are unable to get GIN PILLS in your neighborhood. Sample box absolutely free to all sufferers from kidney and bladder troubles. Pain in the back in the region of the kidneys, swollen joints, Rheumatism, Lumbago, non-retention of urine, Brick Dust Deposits, Mucous or Bloody urine etc., if you write National Drug and Chemical Co. of Canada Limited, Dept B - Toronto, Ont.

NAVAL GUN POINTERS.

How They Are Aided by the Telescope Sight and Crossbar.

Perhaps very few outside of the service know of the important part that the telescope and the crossbar sight have played in the development of target work. Before the recent introduction of the telescope and the crossbar the gun pointer strained his eyes in the impossible effort to adjust their focus to three widely separated objects simultaneously, the rear sight a few inches away, the front sight a dozen feet distant from the rear one and the target anywhere from 1,500 to 13,000 yards. Ordnance experts worked over this problem, and the result was the introduction of the telescope sight and the crossbars—two pieces of crossed wire at the end of the telescope. When these "cut" on the target the gun pointer presses his electric button and the gun does the rest.

It is eminently spectacular, this great gun battery practice. This is from a description given to the writer by an umpire whose station was on one of the ships towing the target: "Through the glasses you could see a needle-like flash from the firing ship, a vessel so far distant that her outline was but an indistinct blur upon the horizon. Having caught the flash, the glass is dropped, the eye goes to the stop watch, and you begin to count—one, two, three, four, five, six, seven, eight, nine, ten, eleven—and about then you will hear a faint drone which in the next fraction of a second swells into a mighty roar—the roar of an express rushing at the rate of thirty miles a second. With the roar come a flying of splinters from the target, a geyser leaping a hundred feet in air, then another and another, as the ricocheting shell glances from wave to wave, and then, last of all, the faint, faroff boom of the gun which had hurled the missile."—Harper's Weekly.

The Last Laugh. Hogan was ruffling a clock. He was fairly successful in disposing of tickets in the shop where he worked, but he ran up against trouble when he canvassed his neighbors. Dropping in at a neighbor's house, he tried to sell a ticket on the clock.

"It's a fine timepiece and it'll lull folk on yer whatnot er mantel," says Hogan cajolingly.

"Gwan, the old clock doesn't run," replied the neighbor.

"Well," drawled Hogan, changing front completely, "well, perhaps yer won't win it and then ye'll have the laugh on the fellow who does."—Milwaukee Free Press.

Lengthening the Day.

A couple of laborers who had been working at the waterworks got into conversation.

"I say, Bob," exclaimed one of the men, "you are a bit of a scholar. Can you tell me who it was that ordered the sun to stand still?"

"I don't know," replied Bob. "Some son of a gun of a contractor who wanted a big day's work out of the laboring man, you can bet."—London Answers.

THE STRENGTH OF A CHAIN

Is that of its Weakest Link. Father Morrissy's No. 10 Forges it Anew.

The chain of the physical system is only as strong as its weakest link. When that link breaks, the chain breaks, and serious illness followed by death often results. The weak link with many people is the throat and lungs. In fact, statistics show that over twenty-five per cent of all deaths can be directly traced to diseases of these most important respiratory organs. Weakness here is very dangerous.

During his long and successful practice, Father Morrissy, the learned priest-physician, was often called upon to treat bronchial and pulmonary affections. He soon found that it was not enough to make temporary repairs on the "link," but that it had to be forged anew, in order permanently to strengthen the chain.

After much study, he succeeded in devising a prescription that would secure this result, by not only giving prompt relief but also by rebuilding and strengthening the delicate cells and membranes of the throat and lungs.

This prescription, Father Morrissy's Lung Tonic, or No. 10, has cured thousands. It is absolutely free from any dangerous drug, being compounded from Nature's own roots, herbs and balsams.

No. 10 stops the cough, relieves the soreness and strengthens and fortifies the system against future attacks. Even in the early stages of consumption it has proved helpful, but the wise plan is to take it in time, and avoid serious disease.

In our climate it is well to have a reliable and tested remedy like No. 10 always on hand. Take it at the first appearance of a cold, and keep the chain of life strong and capable of resistance.

Trial size 25c. per bottle. Regular size 50c. At your druggist's or from Father Morrissy Medicine Co., Ltd., Montreal, Que. Sold and guaranteed in Port Hope by W J B Davison

WM. SHAW IS DEAD

Reeve of Lancaster May Now Face Murder Charge.

MAGISTRATE REFUSES BAIL

Carp Drug Clerk, Who Was Shot at Bridge-End Last Saturday Afternoon, Takes a Bad Turn and Passes Away—Was to Have Been Married This Month—Inquest Adjourned For Week.

Cornwall, July 8.—William Shaw, the young carp clerk who was shot at Bridge-End, Glengarry, last Saturday afternoon, passed away yesterday afternoon. The bullet which caused his death is believed to have been of 44-calibre and came through the back of an automobile before breaking a rib and landing in his left lung. He was motored to Lancaster and taken thence to the Cornwall General Hospital on Saturday night. All the time he retained consciousness and until yesterday morning it was believed that he would pull through. He took a bad turn, however, and passed away late in the afternoon. He was 23 years of age and a native of Scotland. He came to Canada six years ago, was employed in Dr. McGee's drug store at Carp and was highly thought of by the whole community. It is said that he was to have been married this month. Immediately on information of his death Dr. C. J. Hamilton called for a coroner's inquest and at 8 p.m. the jury viewed the remains at the hospital. After Dr. D. O. Alguire had been given charge of the post-mortem, the inquest was adjourned till 10 a.m. on Thursday, July 13, at the Cornwall court house.

Yesterday the aged prisoner, F. D. McKee, appeared before Police Magistrate Danis, but the County Crown Attorney was not ready to go on, and Dr. Magee, to whom he had telegraphed, was not present. He objected to the form of the information, and read a note from Dr. Alguire, to the effect that the condition of the wounded man was worse yesterday morning, and that he might die within twenty-four hours.

R. A. Pringle, K.C., and J. A. Chisholm, counsel for the accused, were agreeable to a reasonable adjournment, but asked that their client be released upon bail, even to the amount of \$15,000. He was an old man, held in the highest esteem in Glengarry, and was reeve of Lancaster Township.

The magistrate was not prepared to accept bail at present. He suspended judgment on this point, and adjourned the case for seven days.

Aviators Cross Harz Mountains.

Berlin, July 8.—Four aviators completed the most difficult stage of the German circuit flight yesterday by crossing the Harz Mountains from Nordhausen to Halberstadt, a distance of about fifty miles. The first three carried passengers.

The highest point of the mountain system passed is 3,500 feet. The greatest danger was from the irregular winds around the isolated mountains.

Building New Grand Stand.

Winnipeg, July 8.—No time is being lost in the work of construction of a temporary grandstand to accommodate several thousand people at the coming exhibition. Fifteen hundred workmen were on the grounds yesterday before the embers of the fire were cool. Every lumber company in the city is rushing material to the grounds. The exhibition opens in six days.

Cause of Aylmer Dock Collapse.

Ottawa, July 8.—Investigation by Government officials of the collapse of the wharf at Aylmer, Que., Thursday night, in which one woman was drowned and several injured, reveals that the accident was due to the timbers being too light.

MARKET REPORTS.

Liverpool and Chicago Wheat Futures

Close Higher—Live Stock—Latest Quotations.

LIVERPOOL, July 7.—Market opened steady, unchanged to 1/4 higher. Weaker American cables and more favorable reports from Russia were offset by unfavorable Moroccan news. Following opening, shorts covered, and prices advanced. The forecast is for smaller world's shipments this week. Corn opened 1/4 lower and remained unchanged during session. Weaker American cables were offset by lighter European offers. In Russia, rains have fallen in the southeast. Crop outlook considered favorable, except in Vicia district.

CHICAGO, July 7.—Widening crop damage reports from North Dakota, threatening similar losses in Manitoba, had much to do to-day with making the wheat market strong. Closing figures showed a net advance of 1/4 to 1 1/2 to 1 1/2; oats improved 1 to 1 1/2 to 1 1/2, and provisions 10c to 12 1/2c to 30c.

KING IN IRELAND

His Majesty, Queen Mary and Prince and Princess Arrive.

THOUSANDS CHEER THEM

Docks Are Lined With Loyal Irishmen as the Royal Yacht Steams Into Kingstown Harbor—Splendid Series of Festivities Will Mark the Visit of Their Majesties to the Emerald Isle.

Dublin, July 8.—The royal yacht Victoria and Albert, with King George and Queen Mary and the Prince of Wales and Princess Mary on board, anchored in Kingstown Harbor at 3 o'clock last evening. Every available point along the breakwater and on the landing stages was crowded with cheering Dublinites who, on seeing the King and the Prince of Wales on the bridge of the yacht, burst forth singing the National Anthem. The first division of the home fleet, anchored just outside the harbor, also fired salutes in honor of their Majesties. The royal party landed this morning.

When they came ashore they were received by the Lord Lieutenant of Ireland and driven in state carriages to the castle, where they are to reside during their stay. A number of brilliant state functions are to take place in the royal residence during the next few days, including dinners, a levee, a court reception and a chapter of the Order of St. Patrick.

The old building, dating from early in the thirteenth century, is not very imposing in appearance, but it is commodious and well suited for court ceremonies.

In the presence chamber, where the court receptions will be held, stands the King's throne of gilt carved work under a canopy of rich crimson velvet beautifully ornamented with gold lace. In the ball room, known as St. Patrick's Hall, the chapters of the Order of St. Patrick always are held. In the paneled ceiling is a large allegorical painting of George III., supported by figures representing Justice and Liberty. One of the side panels is filled with a painting of St. Patrick preaching to the native Irish, and on the other side is a picture of the submission of the Celtic chieftains to Henry II.

On Sunday their Majesties will attend service at St. Patrick's Cathedral. The present building dates from 1190 when it took the place of one which had stood on the same site for centuries. During the time of Cromwell, the protector used the cathedral as a law court.

On Monday the King will inspect the Royal Irish Constabulary in Phoenix Park, where he will also hold a review of troops and present some of the regiments with new colors.

The weather is brilliant, and Dublin looks her best in her gala decorations. Enthusiastic crowds are parading the streets.

Among a large party of guests at the vice-regal lodge are the Earl and Countess of Granard, the Earl and Countess of Bandon, the Earl and Countess of Carrick, the Countess of Mayo, Lord and Lady Castletown, the Earl and Countess of Rosse, Lord and Lady Castlemaine, and Lord and Lady Pirrie.

Milk Famine Threatens.
Chatham, July 8.—Chatham is threatened with a milk famine. The outlook at present has a serious aspect and little babies will be the greatest sufferers.

Milkmen are having a very hard time to secure enough milk to supply the actual needs of their customers, and yesterday the shortage became quite alarming.

The prospects are at present not very encouraging. Though it rained heavily in different sections around Chatham on Thursday the grass has not shown any great signs of picking up yet. The intense heat has so dried out the soil that the rain evaporated before it had a chance to do the grass any good.

Farmers state that the grass in many sections of the county is burned to a yellow crisp—so dry that it cracks under foot. Pasture fields are beginning to be as devoid of a green blade as a city pavement, and the ground beneath is as hard as stone.

If rain does not soon come to the rescue the milk famine will become quite acute.

Not Killed by Yaquis?

Toronto, July 8.—James Brown may yet be alive. Although supposed to have been massacred by the Yaquis in Mexico in 1903, C. M. Nutter, of the Nutter-Dawson Mining Co., Alaska, declares that he is still alive and in Alaska.

Chief Justice Meredith, a few weeks ago, declared him legally dead, and his niece, Miss Mary E. A. Potvin of Midland, collected an insurance policy of \$2,000 from the A.O.U.W. Owing to the probability that he still lives, Justice Sutherland has now granted the A.O.U.W. an injunction to restrain Miss Potvin from disposing of the money until the matter is cleared up.

Smallpox in Manitoba.

Winnipeg, July 8.—Alarming smallpox conditions have broken out in the eastern part of this province. Nineteen cases are reported at Port Alexander on the Winnipeg River. There are other cases near Mapleton, in the Selkirk district. Dr. Grain, M.P.P., provincial health officer, has prohibited all passenger traffic to or from Lac du Bonnet and Point du Bois, where the outbreak originated.

A Prize Hen Story.

Niagara Falls, Ont., July 8.—Colonel W. M. Parker vouches for a prize winner in the hot weather yarn contest. He says a setting hen belonging to him died four days ago from the intense heat. From eggs left in the nest on Thursday, four chickens were hatched by nature's heat. Yesterday five more eggs sent forth chickens into a sweltering world.

Children Cry FOR FLETCHER'S CASTORIA

PREMIER'S WELCOME.

Fleet of Boats Will Escort Sir Wilfrid to Montreal.

Montreal, July 8.—Details of Montreal's welcome to Sir Wilfrid Laurier are now officially complete. The Premier and his party will leave Sorel Monday about four o'clock and proceed up the river direct to Montreal, being met on their way by a flotilla of tugs and pleasure craft. This fleet will include about 150 craft, illuminated and decorated. Illuminations and fireworks on both shores of the river will mark the progress of the Premier's vessel.

The harbor will be illuminated in the most complete fashion. A triumphal arch will be erected at the point of embarkation, and the various vessels in port will be decorated in honor of the occasion.

The City Council will attend in a body, and Ald. Gauvin, acting mayor will read the city's address of welcome. Meanwhile, the Liberal clubs, with bands and thousands of banners, will cross the Champ de Mars, pass down Jacques Cartier Square, and take up a position on either side of the thoroughfare.

Immediately after the reply Sir Wilfrid, the civic authorities and other dignitaries in carriages, will leave the wharf by Commissioners street to Jacques Cartier square, and thence to the platform on the edge of the Champ de Mars.

The ascent of Jacques Cartier square will take place under a dome of light, formed by a series of inscriptions sixty feet long and four feet high, covering the entire width of the street. On each side of the square hanging decorations will be displayed. The Champ de Mars will be similarly illuminated, the chief feature being a gigantic portrait of the Premier outlined in fire, with the inscription, "We are yours." On the Champ de Mars platform, Mr. Leon Garneau will read the united address of the Liberal clubs of Montreal and district.

LITTLE HOPE OF PEACE.

Ralph Connor Pessimistic of Settlement in Miners' Strike.

Winnipeg, July 8.—Dr. W. C. Gordon, better known as Ralph Connor, who has been sitting at various points in the Crow's Nest district of Alberta as chairman of the conciliation committee, which has been trying to settle the strike, returned to Winnipeg yesterday and was not particularly optimistic as to the prospects. He expressed the hope, indeed, that the strike now going on would be settled before any further injury was done by the people of the west. "The board of arbitration have given their decision," he said, "on which both parties can meet; but unfortunately at the present time this decision has not been accepted. I am hopeful that both sides will see the equity of this proposition we have presented them and will come to a reasonable attitude regarding it."

He went on to say that unless a settlement was reported in the near future, there was bound to be a rise in the price of coal in Manitoba, from the fact that much of the supply of Pennsylvania anthracite would be diverted from this province to Alberta. The price of this class of coal yesterday was \$10.50 per ton here.

Said She Was Tired of Life.

St. Catharines, July 8.—Beamsville people accept the theory that the death of Edna Comfort and her child was murder and suicide. The girl seemed to have been a somewhat free character, and it is said she was heard to say she was tired of life. The hot weather, too, may have affected her mind, for why she should have undressed the child is a mystery.

However, the doctors who performed the autopsy are criticized for refusing to say anything as to the result of their examination, the opinion being that it would be better to set at rest stories that are going around.

Some people, however, hold to the double murder theory, strengthened in their belief by the fact that the district is now overrun with Indians and men of unknown homes, picking fruit. Crown Attorney Brennan is at Sault Ste. Marie, and High Constable Boyle is awaiting instructions.

Money "Tight" in West.

Winnipeg, July 8.—Because of the amount of money being put out by the banks in the west to handle the annual crop, other lines of business in Western Canada are to-day hard pressed for funds.

This is the cry from all sections. Collections are reported above the average by collectors, but they are complaining of tight money.

All loans relating to real estate, even remotely, have been out of the west on orders from Montreal and Toronto.

In view of the heavy business this is being felt severely.

Million a Month Increase.

Ottawa, July 8.—For the first quarter of the present fiscal year Canada's revenue has been \$29,239,648, an increase of nearly three millions, as compared with the first three months of the last fiscal year. For June the revenue was \$10,666,206, an increase of \$1,053,523.

Expenditure on consolidated fund account for the three months has been \$8,935,732, a comparative increase of \$102,025. On capital account the expenditure has been \$2,393,730, a decrease of nearly one million.

Got Homesick.

Kingston, July 8.—Two weeks ago, Wallace Tacon, aged 12, of Windsor, Ont., ran away from home and came to Kingston, where he formerly lived. He got a position in a store, but yesterday got homesick and gave himself up to the police. Mayor Graham gave him a railway pass home.

Died at 106.

Ottawa, July 8.—The oldest inhabitant near here is dead in the person of Mr. Wm. McKelvey, of Cascades. McKelvey is said to have been 106 years of age, and was one of the pioneers of the district, having come over from Ireland when a young man.

Children Cry FOR FLETCHER'S CASTORIA

SEAL TREATY A FACT

Britain, U. S., Japan and Russia Agree on Terms.

PLUMAGE BIRDS LEFT OUT

Long-Talked of Agreement Comes to an End With a Prohibition of Pelagic Sealing and a Compact to Divide the Annual Proceeds From Seal Herds—Killing of Birds Left Till a Later Date.

Washington, July 8.—By the terms of the seal treaty signed yesterday, pelagic sealing is prohibited in the seas of Behring, Okhotsk, Kamchatka and Japan.

The convention arranges for the apportionment among the signatory powers of the annual proceeds of the several seal herds in which they are interested, as follows: Thirty per cent. of the skins annually taken from the American and Russian herds respectively is divided equally between Great Britain and Japan; thirty per cent. from Japanese herds, divided equally among the United States, Great Britain and Russia and thirty per cent. from any herds which may hereafter resort to the breeding grounds under British jurisdiction in the North Pacific Ocean is to be divided equally among the United States, Russia and Japan.

In connection with this apportionment the United States will make an advance payment of \$200,000 each to Great Britain and Japan. These payments are to be refunded to this country out of the proceeds of the British and Japanese share of skins taken from the American herds. "This payment," says an official statement on the subject, "is in effect merely a loan, and was necessary only because the United States reserves the right to discontinue altogether the killing of the Pribilof Island seals."

The convention also prohibits the hunting of sea otters on the high seas. The treaty will extend for fifteen years and thereafter until terminated by one year's notice by any of the powers concerned. It will now be submitted to the Governments whose representatives have signed it for ratification. Aside from ratification by the Senate it will also be necessary for Congress to pass some legislation to carry its provisions into effect.

While the official statement makes no mention of the disposition to be made of the advance payments of \$200,000 each to Japan and Great Britain, it is understood the money is to be used to reimburse the owners of the vessels of those two countries heretofore engaged in pelagic sealing.

A feature is a paragraph prohibiting the importation of seal skins into the territory of any of the parties to the convention which is known as pelagic sealers. The original gray seal skin is practically worthless unless carefully tanned and dyed, which can be done to perfection only in London, so that the market for pelagic seal skins is practically destroyed by this provision.

Originally intended to provide also for the protection of plumage birds, the convention did not include that subject, owing to the lack of sufficient data as to the kind and habits of the birds. This matter is left to be dealt with hereafter.

Germany Wants Slice.

Berlin, July 8.—The Russian ambassador called yesterday at the Foreign Office and had a long talk with Baron von Kiderlin Waechter, the Foreign Secretary. He had been directed by Emperor Nicholas to enquire in a friendly spirit concerning Germany's intentions in Morocco.

There has been no intimation of what Germany's pretensions will be in the eventual bargaining between the powers over Morocco. Officials here adhere to the point of view that France, first of all, should state her intentions in the premises.

There is some reason to believe, according to a well-informed and friendly diplomat, that the ultimate basis of negotiations will concern Germany's participation in railroad and industrial concessions in Morocco, and the extension of the Kamerun-Congo Railroad, while in anti-Germany diplomatic circles, the opinion is expressed that Germany first will try to secure a position in South Morocco and fall back upon a demand for railroad concessions if she should fail therein.

Looking Into Child's Death.

Niagar Falls, N.Y., July 8.—An enquiry is being held into the death of the adopted two and a half years old boy of Mrs. Josephina Taylor, 2444 Allen avenue. Eighteen witnesses have been summoned before Coroner Scott. Meanwhile the woman is detained.

Dr. Frank Jones attended the child a few hours before death, finding its body a mass of bruises, and with ugly marks about the neck, indicating that it had been strangled.

According to neighbors the woman, who is young, and has been married only a short time, secured the child from a home in Buffalo a few months ago, and it is said to have been deprived of proper food, and was continually beaten because it cried.

Montreal Police Inadequate.

Montreal, July 8.—The annual report of the police department has just been completed by Chief Campeau, the chief feature of which is that, although criminality has increased considerably during the past year, there has been no corresponding augmentation of the police staff. Certain new wards in the city have no police protection whatever.

Dockhands Sentenced.

Kingston, July 8.—Three young men guilty of creating a disturbance on the steamer Kingston were sentenced yesterday. Harry Sullivan, the ringleader, was given four weeks in jail. Walter Hunter and Arthur Francis were each given two weeks. William Sparring was discharged.

Children Cry FOR FLETCHER'S CASTORIA

BIRDMAN INJURED.

Joseph Richter Crashes Into Bleachers at Toronto.

Toronto, July 8.—Within twelve seconds from taking his seat, Joseph Richter, known as the "Flying Dutchman" and the fearless aviator, who earned fame by his flight around the Singer Building in New York, was lying amidst the wreckage of his machine seriously injured at the stadium at Hanlan's Point yesterday.

Richter is suffering from a simple fracture of the left leg, both shin bones being broken, a skin abrasion on the left thigh and on the bridge of the nose and slight abrasions on both shins. He will not be able to fly again for eight weeks.

A better day or more favorable weather conditions could hardly have been desired. There was not a cloud in the sky and a moderate south by southeast wind was blowing across the field. About a hundred spectators were present in the stadium, and H. E. VanDeventer, manager for Richter, Alfred Shrubbs, the well-known runner, and other officials were on the field at the time of the accident.

At three p.m. Richter decided that he would attempt a flight and seemed hopeful that he would be able to soar over the city and alight safely again in the centre of the field. The machine was brought from the tent at 4.15 and over a quarter of an hour was spent in oiling the motor and seeing that everything was working satisfactorily.

When he was seated the motor was once again cranked and the aviator raised his hand, when those who were holding the bi-plane let go. The machine sped along the ground at a rate of about twenty miles an hour and apparently made no attempt to rise. When the machine reached the centre of the field and had not risen an inch from the ground, the officials and a great number of the spectators feared an accident.

Fortunately Richter had the presence of mind to shut off the motor when he saw that it would be impossible for him to clear the bleachers. The machine immediately lessened speed, and Richter tried to circle, but the impetus was so great and the space so narrow, that the machine dashed against the boards.

Richter was thrown from his seat, striking his head against the wires of the bi-plane, and was then hurled with great force into the seat, breaking the shin-bones of his left leg. He did not lose consciousness.

BRIEFS FROM THE WIRES.

Crop prospects in Quebec are excellent.

The death list from heat in Toronto reached fifty-eight.

A young girl succumbed to sunstroke at London, Ont.

The Christian Endeavor convention held its second session at Atlantic City, N.J.

The country north of Brockville was swept by a tornado that did a lot of damage.

The Kingston council has placed itself on record as in favor of Sunday street cars.

Sir Thomas Shaughnessy is to receive the degree of D.C.L. from Trinity University, Dublin.

The Dominion financial statement for the first three months of the fiscal year shows an increase of over three millions in revenue.

A check for \$10,000 has been sent to Dean Goodwin of Queen's University by a graduate of the school of mining, who does not care to give his name.

A despatch received at San Francisco stated that of the 800 passengers and 85 sailors on the wrecked steamer Santa Rosa, only 85 had succeeded in reaching shore.

A direct steamer service between Canada and Argentine, rendering unnecessary the transportation of Canadian product at United States points, is advocated by Don Carlos Galaru, who has arrived in Ottawa as the new consul-general for the Argentine republic.

Borden Ends Tour.

Winnipeg, July 8.—The western tour of the Conservative leader closed last evening at Somerset. During the last three weeks he has held nearly forty public meetings and spoken at as many more gatherings of grain growers or municipal receptions.

Three meetings were held yesterday, Gladstone in the morning, Portage la Prairie in the afternoon, and St. Pierre in Provencher last evening.

The meeting at Gladstone in the morning was attended by about two hundred persons. Both political parties were represented, and members of both parties were in militant mood.

The grain growers at Portage la Prairie presented Mr. Borden with memorials, "practically the same" as those presented to Hon. Frank Oliver here. This description was given to them by the head of the deputation, W. N. Stewart, president of the local farmers' association.

Died From the Heat.

Woodstock, July 8.—A very sad death occurred at the Alexander Hospital Thursday night about midnight. Andrew Conn, an Irishman of about middle age, was working in the hay field of George Holmes, second concession of Dereham, on Wednesday morning, when he was overcome by the heat. Shortly after 11 o'clock he was taken to the hospital in a condition of unconsciousness and from that time till the time of his death he did not regain consciousness.

Mr. Conn came from Ireland only about a week ago and was with Mr. Holmes only five days. He left a letter which read: "If anything should happen to me, I have left papers regarding my affairs with Rev. A. Stephens in the manse, Warrenpoint, Ireland." Mr. Conn was an unmarried man and leaves a widowed mother in Ireland.

Was Hurl'd Forty Feet.

Sault Ste. Marie, July 8.—Struck by a traveling crane and hurled over 40 feet to the ground, Edward Cole, an electrician, was Thursday night killed at the Merchants' Mill of the Lake Superior Corporation. Cole was repairing wires overhead.

LOST

In or near the washroom of the Hotel St. Lawrence a gentleman's ring with garnet stone. Finder will be suitably rewarded by returning the same to the GUIDE Office.

NOTICE.—All persons having cream bottles or pails belonging to Mr. Fred Oke will kindly notify him and he will call for the same.

A. J. Christie will sell the remainder of his Furniture at his store, on Walton street, on Saturday, July 8th, at 8 o'clock.

J. H. WILSON, Auct

Mrs. Percy Manson and Mrs. J. T. George have returned from as pleasant visit with Mrs. Manson's sister, Mrs. Linton at Arthur Ontario.

RECOVERING.—The many friends of Mrs. S. Woods who was stricken with paralysis will be pleased to learn that she is progressing favorably and sat up for a few hours yesterday.

Mr. Edwin Cole, Coral, has returned from Toronto where he has been undergoing an operation in the General Hospital. His many friends will be pleased to learn that he is progressing favorably.

PRAYER FOR RAIN.—We have been requested to ask that the ministers and members of the different churches offer special prayer for rain to-morrow, and also thanksgiving for cooler weather and freedom from death and sickness that has been caused by the intense heat in other places.

WAS SUCCESSFUL.—Master Neilson Nicholson, son of Capt Nicholson, of the Grand Trunk Pacific Steamship Service, who recently passed at the Trinity College School, has since passed the examinations for entry as a Cadet of the Royal Military College at Kingston. He is now at his home in Vancouver, B. C. and will return in the Fall to enter the College.

NEW STUDENT AT THE JAIL.—Constable Miller, of Millbrook brought into jail on Wednesday an Italian Michele Malegieri, who in an altercation at Manvers station on Saturday, bit of the tip of the nose off another Italian, Domenico Festa. His brother, Paolo Malegieri, was also engaged in the tussle but managed to make his escape. The men were members of the construction gang of the C. N. R.—Cobourg Star.

Mr. John McLean, an old Kendall boy, who left here in 1803, eighteen years ago, was back calling on old friends. Mr. McLean now makes his home at Minneapolis, Minn., where he has a good job in the Milwaukee. St. Paul and Puget Sound Railway Shops. Ten years ago, he took for his wife a Norwegian lady, resident of that city. Mr. McLean is a brother of Col. and Mr. James McLean, Port Hope.—Orono News,

PERSONAL.

Miss Lillian Froom, of Peterboro, and Miss Margaret Christie, of Bradford, Pa., are visiting with Miss Elda Millson, Ward street.

Miss Kathleen Patterson, of Toronto, is spending her vacation with her parents, Deputy Reeve and Mrs. Patterson, Dorset street.

Miss Ada Patterson left this morning for Winnipeg where she has secured a good position as dietitian. Her father, Deputy Reeve Patterson accompanied her as far as Owen Sound.

Rev. W. A. Hemmick, son of Mr. R. J. Hemmick, who was recently ordained priest in the cathedral at Baltimore by his Eminence Cardinal Gibbons, is visiting his sister, Mrs. Johnston at "Idalia" and will say the 10.30 Mass in the Church of Our Lady of Mercy tomorrow.

SLEPT 86-DAYS.

Springfield, Mass., July 5.—Menical men are puzzled over the eighty-six-day sleep of Mrs. Francis Trudeau. The cataleptic period is one of the longest on record in which death has not immediately followed the recovery of unconsciousness, and the case has other unusual features.

On the morning of March 26 Mrs. Trudeau had not risen when her husband went to his business. When he returned in the evening she was still in bed, apparently in a deep sleep. Efforts to arouse her were unavailing, and Trudeau summoned Dr. E. L. Davis. Mrs. Trudeau slept on. Consultations of physicians were held, but all efforts to break the spell failed.

For twenty-six days Mrs. Trudeau lay in bed with her eyes closed. On April 16 she partly roused herself and then lapsed into deep slumber again. For three weeks her pulse was 126. Gradually the abnormal rate of heart beats subsided, and the patient began to show signs of restlessness.

A few days ago Mrs. Trudeau awoke. She was weak and emaciated and had lost control of her voice. Attempts to regain her speech at first resulted in meaningless words. She is now able to talk, but only with effort. She sleeps nights and has a normal appetite.

During her long sleep she was fed liquid nourishment through a tube. She has not yet been told how long she slept.

Mrs. Trudeau is thirty-one years old. Before her marriage she was Miss Alma Russell of New Rochelle N. Y.

BURGLARY.—Stephen Perrin's hardware store was entered the other evening, the door being opened passively with skeleton keys. About \$100 worth of goods, amongst which were several gold watches and knives, were taken. No clue.—Newcastle Independent.

The New York State Senate has, by a vote of 28 to 2, passed a bill requiring all newspaper editorials to be signed by their writers. This is a class of freak legislation that tends to bring law and lawmakers in contempt. It is doubtful if the law could be enforced were the House to pass it, and the Governor to sign it.

A STRANGE DROWNING.—A drowning accident occurred at the lake shore on Wednesday evening. A moulder who, from letters found on him, appears to have come from Peterboro on Wednesday morning. He was a fine looking man from thirty to forty years old, and had been in Cobourg working a year or so ago. He was imbibing [freely] during the day and once during the day walked into the lake. He was seen about the pier late on Wednesday night and on Thursday morning early his body was noticed east of the east pier opposite the boat houses in about four feet of water. The body was brought to shore by John Lavis, and was taken to McArthur's undertaking rooms, where it is at the time of writing. The deceased's home was north of Belleville, near Stirling, and his brother is expected here to take charge of the remains. The name of the drowned man was Wm. Jennings Cook.—Cobourg Star.

WATER

THE Board of Water-Works Commissioners, desirous to meet the wishes of the ratepayers who use Town water on their lawns, have decided, in the meantime, that the water may be used for this purpose between the hours of 6.30 and 8 p.m., and whilst thanking the ratepayers for their ready compliance with their request of the 5th inst. to abstain from lawn watering and needless waste, they still appeal to them to use the water judiciously, both for domestic and other purposes, and respectfully ask the co-operation of the citizens in this important matter. There is only one desire—and that is the welfare of the Town of Port Hope.

R. GRAY, Sec'y.

AT THE RINK.—The band will be in attendance at the roller rink to-night.

LAWN FESTIVAL.—The congregation of the Church of Our Lady of Mercy will hold their annual lawn fete on the grounds west of the church, on Wednesday, July 19th. Keep the date open. Come and enjoy a pleasant evening. Band in attendance. Admission 15 cents.
