A RAPID BLAZE

Six Mattresses and Three Dozen
Chairs Burned at Mr.
A. George's.

Quite a destructive blaze took
place at Mr. A. George's about
five o'clock last evening. He
had just received a shipment of
a half dozen mattresses, and three
dozen dining room and rocking
chairs. These were unloaded in the
yard, and a burning match carelessly
thrown down caused the blaze.
Mr. George had just completed the
unloading of these goods, when he
was called to the office. He was
not absent more than three minutes
when he detected the odor of smoke
and upon his return the whole lot
of goods was ablaze. Nothing was
saved, and Mr. George estimates
his loss at \$90.00.

KILLED IN WRECK

One Man Dead and Six Hurt
in G.T.R. Disaster.

INTERNATIONAL IS DERAILED

Limited Runs Into a Spread Rail at
Newcastle While Running at a High
Rate of Speed With 250 Persons
on Board — Tender and Seven
Cars Leave the Track—Travel-
er From Toronto Is Killed.

Bowmanville, Ont., June 17.—One
man was killed and six injured in a
wreck immediately west of Newcastle
at 4 o'clock yesterday afternoon,
when the tender and seven coaches of
the "International Limited" left the
track and toppled over to the south
track, to be wrecked and torn by
the drive of the engine until the
couplings broke and left the shattered
cars upon their sides.

Dead.
James Madill, 47 years, a commer-
cial traveler, married, 50 Spencer ave-
nue, Toronto. Head crushed and leg
almost severed. Body held at New-
castle for inquest.

Injured.
Fred Allison, commercial traveler,
35 years, married, 83 Dearborn ave-
nue, Toronto; ribs fractured; serious;
taken home.

Thomas P. Smith, sailor, 44 years,
single, Kingston; left rib broken; taken
to St. Michael's Hospital in Mat-
thews' private ambulance; not serious.

Hector Dauphinais, shoemaker, 42
years, married, St. Hyacinthe, Que-
bec; cut on head; taken to St. Mi-
chael's Hospital; not serious.

Simmons, said to live on Laurier
avenue, Toronto, and taken home;
broken ribs.

Mrs. Pallister, Ottawa, bruised
face; at Palmer House.

Miss Swerer, Philadelphia, Pa.,
sprained ankle; at the King Edward.

The cause of the wreck is unknown,
save that it appears there has been
trouble with the south rail, which ap-
pears to have spread or broken after
the engine passed over it, allowing the
heavy tender and cars down upon
the roadbed, which was plowed up for
a considerable distance.

There were 250 passengers in the five
passenger coaches and diner, and the
cars were terribly shaken, as, one by
one, in rapid succession, they left the
rail. The engine still held to the
tracks and pulled the trucks from be-
neath the laboring coaches. These fell
to their sides and were wrecked and
torn until the couplings broke and
left them free from the urge of the
engine. Fortunately, not even the din-
er, which held the only fire in the
coaches, was set ablaze, and so the
horrors of fire was not added to the
wreck.

When the rocking coaches came to a
standstill, all those who were able,
made their way outside, and several
doctors who were aboard, immediately
began to care for the injured, who
were taken to Newcastle in automo-
biles and then the three most serious-
ly injured were sent out to Toronto in
a special train sent out from that
place, in charge of Dr. Gordon Rice,
assistant to Dr. Riordan, G.T.R. sur-
geon. A wrecking train was sent on
from Belleville, and a crew went to
work to clear the tracks.

The body of James Madill of Tor-
onto, the only fatality, was taken to
Newcastle, where, under the instruction
of County Crown Attorney W. F.
Kerr, Coroner A. E. Tiller set about
investigating the wreck, preparatory
to holding an inquest.

MR. JAMES HUNT INJURED IN WRECK.
Mr. James Hunt, formerly of
Port Hope was on the flyer which
was wrecked at Newcastle yester-
day afternoon and he was slightly
injured.

A SPREAD RAIL.

According to Mr. Hunt it was a
spread rail which caused the tender to
leave the track. He was an occu-
pant of the first class coach,
which, he says left its trucks im-
mediately and bumped over the
trucks of the three preceding coach-
es. The seat he was in was torn
from the floor like the others, and
he was thrown some distance. He
drove home from the Union Station.
Just before the accident, Mr. Hunt
observed Mr. Madill standing with
three or four other passengers in
the rear vestibule smoking. When
the shock was felt and the coaches
left their trucks Mr. Madill was pin-
ned to the ground by the adjoining
coach. It was nearly two hours he
said before the relief train arrived.

FATAL ACCIDENT AT PETERBORO

Mr. Hugh Darke Met Tragic
Death While at Work at
the Canadian General
Electric

Caught in Drive Belt and Was
Whirled Around Till His
Head Struck Pulley

Peterboro Examiner.

Caught in an immense wooden
pulley carrying a two-foot wide belt,
crushed and mangled almost be-
yond recognition, was the horrible
fate that befell Hugh Darke, an em-
ployee of the Canadian General
Electric Company, Thursday night,
at about 10 o'clock. The victim
was employed on the night shift in
the Test Department, and was en-
gaged in bolting down a large
motor to the floor, in order to make
a test of the machine, when the ac-
cident happened. The only eye-
witnesses of the tragedy were Wil-
liam Cartner and another employee.

When the former was seen by an
Examiner representative, he was
completely unnerved, and was only
able to give a very incoherent state-
ment as to how the accident hap-
pened. It appears that the deceased
was sitting on a large belt, engaged
in putting on the finishing touches
to the work of fastening the
machine to the floor, when William
Cartner, who was similarly engaged
a short distance away, rose to his
feet, and looked across at the man
who was in charge of the switch or
means for starting the machine.
The latter, taking this as a signal,
turned on the power. The victim
of the unfortunate accident, who
was sitting on the belt close up to
the pulley, was immediately drawn
in and whirled around the pulley,
his head being dashed against the
machine to which the pulley was
attached. When the machine was

stopped he was still breathing and
a hurry call was sent in for doctors
and ambulance. In the meantime
the mutilated body of the victim
was removed to the surgery.

Dr. Boucher and Dr. Williamson
were soon on the scene and after a
hurried consultation, it was decided
to remove the injured man to the
hospital, but the victim succumbed
to the severe injuries received,
while on the way.

Deceased, who was fifty years of
age, had only been employed at the
Works a short time. He was well
known and highly esteemed, and
his death comes as a great shock to
a wide circle of friends.

Mr. Darke has been a resident of
Peterborough for 28 years and had
made a greater number of friends
than generally falls to the lot of one
man, his genial personality, whole
heartedness and spirit winning him
the friendship of all who came in
contact with him.

Deceased was born in Port Hope
in 1860. He came to Peterboro 28
years ago and has resided here ever
since.

He was the conductor of the first
construction train of the C. P. R. in
Peterborough. For many years he
was employed at the Wm. Hamil-
ton foundry and while there proved
himself to be a conscientious and
faithful employee. He was a mem-
ber of the S. O. E. and also a regu-
lar attendant at Charlotte street
Methodist church. In politics he
was a staunch liberal.

He survived by his aged mother,
wife, two sons and one daughter.
The sons are: Wm. B. of Brandon
and Hugh A., of Cheyene, Wyom-
ing. The daughter is Mrs. J. W.
Richards of Pennsylvania. The
brothers are John of Detroit, Mel-
ville of Chicago, Henry and Rich-
ard of Port Hope; also three sisters,
Mrs. Wm. Burley of Newtonville,
Mrs. Frank Bird and Mrs. Welch
of Port Hope.

HERE ARE FOUR PEOPLE WHO TESTIFY

That GIN PILLS Positively Cure Rheumatism

Rheumatism is a dreadful disease. Only those who have had it, can appreciate the agonizing pain—the excruciating torture—that racks the body when Rheumatism sets in. No wonder those, who have been cured of Rheumatism by GIN PILLS, are so grateful and so enthusiastic. They gladly testify that GIN PILLS cured them and want all the world to try GIN PILLS.

MANY KINDS OF MEDICINE

you to know how thankful I am for the relief they gave me and would advise all sufferers to take GIN PILLS".

In New Brunswick, GIN PILLS have cured hundreds of men and women of Rheumatism. Mr. Wilson of Hartfield, N.B., is one of the many who owes his good health and strength to GIN PILLS. He writes: "It affords me great pleasure to convey not only to you, but to all sufferers from Back Ache and Rheumatism the great relief I have

COULD NOT WORK

Alex. Moore Esq., is one of many hundreds who know that GIN PILLS will cure Rheumatism. He writes from Newburgh, Ont.

"My father had been troubled with Rheumatism for a number of years. He tried two doctors but got no relief, when my uncle insisted on him trying GIN PILLS. He purchased a box and after taking GIN PILLS for a week, found that they were giving him much relief. He then bought three more boxes, which were the means of curing him. He is now a strong man—in good health—and able to attend to his daily work—and all the credit is due to GIN PILLS."

They know about GIN PILLS down in Nova Scotia too. In fact, GIN PILLS are the old standby all over the Maritime Provinces because GIN PILLS really cure Rheumatism. An old gentleman in Yarmouth, N.S. says:

"I have been bothered with Rheumatism for the past year and have taken a good many kinds of medicine, but found no relief. One day, a friend advised me to try GIN PILLS and after taking a few boxes, I felt like a new man. I want to try GIN PILLS and after taking a few boxes, I felt like a new man. I want to try GIN PILLS."

Back to Nova Scotia for the fourth letter from D. J. Lawler of Ogdon. "I have been troubled with Rheumatism so bad that I could not work. A doctor tended me and told me to go to the hospital but all to no good until a cousin told me to try GIN PILLS. I did so, and after taking a few boxes, I am perfectly well."

These written words and signed statements from well-known people are the best possible guarantee of the value of GIN PILLS. They prove that GIN PILLS will give prompt relief—and will cure Rheumatism, Sciatica, Lumbago, Pain In The Back, Kidney Trouble or any weakness of the kidneys or bladder. You may try GIN PILLS before you buy them. Write us for free sample box. If you can't get the regular size boxes in your neighborhood, send to us enclosing the regular retail price of 50c. a box or 6 for \$2.50. National Drug and Chemical Co. of Canada Limited, Dept. any more money for this purpose. They had orchards in Brighton, Murray and near Cobourg.

Coun. Patterson said one of the orchards near Port Hope had been leased and fifty orchards were leased in Hope—and they were looking for more.

Coun. Cann said he agreed with Coun. Maher and those who were against this t u t ; we should not assist them.

Coun. Crews said that he knew this trust were getting orchards, but it was only a small part of the orchards in our country. These men took a great risk; they might make or they might lose. They were educating the people in orchard culture by their demonstration throughout the country. There was a great difference between the demonstrations of these people, and that given by the Government. They went in and sprayed and demonstrated at their own cost. The Government showed how to do it but the farmer had to do the work himself.

Coun. Powers said Coun. Maher contended that because these men were buying up these orchards, that they should not encourage the betterment of orchards and the growth of good fruit.

Coun. Maher did not believe that we should advertise these people; they were well able to do this themselves.

Coun. Long said he was delighted to know that these people were leasing these orchards as the tenants did not attend to the orchards.

Coun. Patterson said Mr. Ferguson told him he had leased his orchard to the syndicate, and Mr. Duncan was taking care of it.

Coun. Colwell said he believed in giving money to exhibit our fruit at the Fruit Show, and he thought it would be money well spent, even if we gave \$200 more. He believed it did good to have these demonstrations, as it was a lesson to our farmers.

Coun. James said that the Reeve of Cobourg did not show any logic tonight. The farmers were asking now for a grant of money. In the Committee some of us were in favor of giving more money than we did. He was proud of the showing we made in Toronto, and he concluded that we were right in giving our fruit the publicity we had. It was doing our country much good.

FRASER DECLARED OF UNSOUND MIND

Toronto General Trusts Corporation Appointed Committee of the Estate.

Michael Fraser, who was married to Miss Hannah Robertson early in January of last year at his home at Midland, is declared by the Exchequer Division of the High Court of Justice to be of unsound mind and incapable of managing himself or his affairs.

The judgment was handed out Thursday, and it fills many typewritten folios. Mrs. Fraser is left in charge of the person of her aged husband, and the Toronto General Trusts Corporation is appointed committee of the estate, and to institute proceedings to recover all properties which Mrs. Fraser may have obtained.

The costs of the litigation, including those of the appeal, will be paid out of the estate of Mr. Fraser, which amounted to about \$90,000 at the time of the nuptials.

The judgment goes into the visit paid by the Court to Mr. Fraser, and it finds that although not a lunatic in the popular acceptance of the term, Mr. Fraser was and is of unsound mind and incapable of managing himself or his affairs. "Fraser may have been competent to marry and not competent to manage himself or his affairs."

A Household Necessity

Father Morrissey's Liniment Should be in Every Home

How seldom a week passes without some member of the family suffering from a sore throat, chest or back, a burn or a cut, a sprain, strain or ache!

Such troubles will come, but there is no need of suffering much from them. Keep a bottle of Father Morrissey's Liniment in the house, use it freely, and the pain has little chance.

During his lifetime Father Morrissey prescribed this Liniment regularly, and it proved very effective in relieving all sorts of pains and aches. In Rheumatism it is valuable as a "rub", when "Father Morrissey's No. 7" Tablets are taken internally. Similarly, applied freely to throat and chest it helps "Father Morrissey's No. 10" (Lung Tonic) to quickly break up and drive away a sore throat, cold in the chest, or cough.

Taken all around it is one of the best family liniments in existence. Price 25c per bottle. At your dealer's, or from Father Morrissey Medicine Co., Ltd., Montreal, Que. Sold and guaranteed in Port Hope by W J B Davison

A TROUBLESOME MISGIVING

(Continued from Yesterday)

"And what was that?"

"Mr. Malkin has been to America, and he declared that he had met you in the streets of Boston—and that you refused to admit you were yourself."

Peak laughed still more buoyantly. His mood was eager to seize on any point that afforded subject for jest.

"Malkin seems to have come across my Doppelganger. One mustn't pretend to certainty in anything, but I am disposed to think I never was in Boston."

"He was of course mistaken." Marcella's voice had an indistinctness very unlike her ordinary tone. As a rule she spoke with clearness and decision which corresponds to qualities of mind not commonly found in women. But confidence seemed to have utterly deserted her; she had lost her individuality, and was weakly feminine.

"I have been here since last Christmas," said Godwin, after a pause.

"Yes. I know. Their eyes met."

"No doubt your friends have told you as much as they know of me?"

"Yes—they have spoken of you." "And what does it amount to you?"

He regarded her steadily, with a smile of indifference.

"They say,—she gazed at him as if constrained to do so—"that you are going into the Church." And as soon as she uttered the last word a painful laugh escaped her.

"Nothing else? No comments?" "I think Miss Moorhouse finds it difficult to understand."

"Miss Moorhouse?" He reflected, still smiling. "I shouldn't wonder. She has a sceptical mind, and she doesn't know me well enough to understand me."

"Doesn't know me well enough?" She repeated the words mechanically. Peak gave her a keen glance.

"Has she led you to suppose," he asked, "that we are on intimate terms?"

"No." The word fell from her, absently, despondently.

"Miss Moxey, would anything be gained by our discussing my position? If you think it a mystery, hadn't we better leave it so?"

She made no answer.

"But perhaps," he went on, "you have told them—the Walworths and the Moorhouses—that I owe my friends an explanation? When I see them again, perhaps I shall be confronted with cold, questioning faces?"

"I haven't said a word that could injure you," Marcella replied, with something of her usual self-possession, passing her eyes distantly over his face as she spoke.

"I knew the suggestion was unjust, when I made it."

"Then why should you refuse me your confidence?"

She bent forward slightly, but with her eyes cast down. Tone and features intimated a sense of shame, due partly to the feeling that she offered complicity in deceit.

"What can I tell you more than you know?" said Godwin coldly. "I propose to become a clergyman, and I have acknowledged to you that my motive is ambition. As the matter concerns my conscience that must rest with myself; I have spoken of it to no one. But you may depend upon it that I am prepared for every difficulty that may spring up. I knew, of course, that sooner or later some one would discover me here. Well, I have changed my opinions, that's all;

who can demand more than that?"

Marcella answered in a tone of forced composure.

You owe me no explanation at all. Yet we have known each other for a long time, and it pains that—to be suddenly told that we are no more to each other than strangers."

"Are we talking like strangers, Marcella?"

She flushed, and her eyes gleamed as they fixed themselves upon him for an instant. He had never before dreamt of addressing her so familiarly, and least of all in this moment was she prepared for it. Godwin despised himself for the impulse to which he had yielded, but its policy was justified. He had taken one more step in disingenuousness—a small matter.

"Let it be one of those things on which even friends don't open their minds to each other," he pursued. I am living in solitude, and perhaps must do so for several years yet. If I succeed in my purposes, you will see me again on the old terms; if I fail, then too we shall be friends—if you are willing."

"You won't tell me what those purposes are?"

"Surely you can imagine them."

"Will you let me ask you—do you look for help to anyone I have seen here?" She spoke with effort and with shame.

Bank Accountant Shoots Himself.

Sault Ste. Marie, Ont., June 17.—J. A. P. Barth, aged 25, accountant at the Imperial Bank, shot himself in the head yesterday morning at ten o'clock at Ramsay's boarding-house. Barth had attended to his duties at the bank up to Thursday night, and did not appear yesterday morning. He is in a dying condition. Barth came to the Soo from Toronto a year ago. He was a man of steady habits, although emotional, as evidenced by the fact that when he received a telegram a year ago that his sister had died at Vancouver, it took three men to hold him in bed. The bank management stated that Barth's affairs there were all right, he had not been ill, and no reason can be given for his act other than the emotional nature of the man.

Fined the Pilot.

Quebec, June 17.—Pilot Phileas Lachance was yesterday fined \$100 as a result of the investigation held into the grounding of the steamer Manchester Spinner at White Island. A number of witnesses were heard, including the pilot, who acknowledged that he had been guilty of an error in judgment, having mistaken the White Island lightship lights for the stern lights of a steamer.

A Fatal Accident.

Cornwall, June 17.—Little Myrtle Elizabeth McLeod, the two-months-old child of Mr. and Mrs. Duncan W. McLeod, Vankleek Hill, is dead as the result of a runaway accident. The parents and child were thrown out and all more or less injured, but the little girl passed away after lingering four days.

"Noblesse Oblige."

In Mrs. Walford's story of Lord Mansfield in her book entitled "Recollections of a Scottish Novelist" the top note of propriety is reached.

The noble lord's young nephew, seeing him annoyed at a railway station at having no servant at hand to get his newspapers, ran posthaste and procured them. Lord Mansfield showed no gratitude whatever.

"Edward," was all he would say, "recollect, Edward, that a gentleman should never hurry himself in public."

Easy Money.

"Brave girl! How do you earn money?"

"Well, father gives me \$10 for every singing lesson I don't take."—Louisville Courier-Journal.

COUNTIES COUNCIL

Cobourg Sentinel-Star.

Continued from yesterday.

Coun. Maher said he could not answer.

Coun. Greer said, as a member of the Committee from Cobourg,

we found a difficulty in arriving at an estimate for heating. The Court Room and the Opera House were only heated at times. It cost us at present—both counties and town—about \$450, and the changing and replacing of stoves would bring the expense up to about \$600 or \$700 a year each. The town wished to do fair.

Coun. Long, as a member of the Committee, said they had gone into it carefully. We were within ninety square feet of the half. The present system was not clean or desirable. He said the tenders were mostly, according to the plans and specifications, others thought it could be heated in a similar way but he did not think it could be more than at present.

Coun. Powers said it was only on account of the financial condition of the town that they could not build the plant themselves. He said some of the rooms not have to be heated during the winter, and the plant would be larger than necessary for general purposes.

Coun. Maher said it was not unusual for a tenant to assist a landlord in improving the property. The system at present was old and like that of the dark ages. Old tumble down stoves and coal and wood carried up. By the joint system one person can take of the whole system; if we have separate systems we must have two janitors. The Committee cannot do better after threshing out the matter. He said they were twin boilers and a "Y" connected them. The two boilers would heat the whole building at the same time, and keep it up at 70 degrees with temperature at 10 degrees below zero.

Coun. Long said it was hard to estimate the cost of fuel as the building was not all heated all the time. He moved that as one of the parties (Mr. McNicol) was here, we might get an approximate estimate of the cost of heating. Seconded by Coun. Maher.

Mr. McNicol represented a Toronto firm. He said it would cost at 70 degrees for the entire winter \$—; 120 to 135 tons of coal, according to the ability of the fireman. For half the time it would take only one boiler. He said you will hardly have on more than 4000 square feet of heating and it would burn about 70 to 85 tons of hard coal. The system is arranged so that the court room, opera house, town and counties chambers can be shut off at the boiler and each separately. You have almost absolute control of all parts at the boiler.

Coun. James wished to know the pro rata of cost for the Counties and the town.

Mr. McNicol said as far as he could figure he thought there would be about the same square feet of radiation. In heating it is hard to get the engine too big. A large engine will heat just as well and with no more fuel than a boiler that was just the size.

One motion was to adopt the clause.

An amendment was moved that the committee rise and report progress.

Coun. Crews said he believed that the committee had done good work, but he thought the members should consider it. He was not opposed to it.

Coun. Powers thought we should leave it over, if it was only until the morning.

Coun. Maher said it was surprising the amount of coal saved in the jail under the present officers.

The amendment was carried.

WAY IS CLEAR NOW

Reciprocity Has a Majority in the U. S. Senate.

SPEECHES EVERY DAY NOW

Senator Penrose Puts the Measure Through to Second Reading and Shows That at Present Standing in the Senate It Can Be Passed Without Amendment in Short Time—Speeches Yesterday.

Washington, June 17.—The determination of the Senate finance committee to push through the Canadian reciprocity bill with all possible speed, and the confidence of the Senate leaders that there is a clear majority in favor of the bill without amendment was made plain yesterday, when Chairman Penrose of the committee forced the bill into its second reading before the Senate, and announced its probable early passage.

In reply to questions from Senator Cullinger, Chairman Penrose said he believed no speeches would be ready before next week.

He had found, he said, that few friends of the bill cared to speak on it, but preferred to vote as quickly as possible.

The opponents of the measure, he said, wanted more time to prepare their arguments.

"Do I understand that no one wants to speak in behalf of this bill?" asked Senator Smith of Michigan.

Senator Penrose said that for his own part he was ready to vote today.

Other members suggested that the President and many other leading Republicans and Democrats had explained and endorsed the bill.

"I am not surprised," returned Senator Smith, "that a measure so devoid of merit, similar to the treaty of 1854, which President Lincoln saw no reason for continuing in force, and similar to the projects rejected by Grant and Blaine and others, should find no one in this chamber willing to stand up and risk his reputation as its champion."

"I did not intend to make a speech I thought when the bill came here we would be greeted by a great burst of wisdom that would flood the country with light and that would cement the people of the country together in support of this agreement. Instead all lights are out. The country is in darkness so far as anything has been revealed in favor of this measure."

"Don't you consider the President's speech at Chicago as enlightenment on this bill?" asked Senator Kern of Indiana.

"The President has been able to make intelligible many public questions," replied Senator Smith, "but it is amazing that if all the things he has discussed, and of all the suggestions he has made, this reciprocity agreement is the only one that has found favor on the Democratic side of the chamber, and that finds no champion on this side."

Chairman Penrose volunteered no statement as to the Senators who would speak for the bill, if any. The Senate listened to the second reading of the measure, which brought it officially before that body for amendment, and Senator Root's pulpwood amendment, which has been adopted by the finance committee, was then offered, but as Senator Root was not prepared to speak upon it no attempt was made to vote.

The Senate adjourned until Monday at the conclusion of the second reading.

From that time forward speeches are expected every day on the bill until it is finally disposed of. Senator Townsend of Michigan announced that he would offer an amendment instructing the President to undertake further negotiations looking to a wider reciprocity arrangement with Canada.

Friend's Plight Too Much For Him.

Toronto, June 17.—Depressed by the plight of his friend, Joseph Jessiman, who is awaiting trial for the murder of James Loughheed, William Torrance, a fireman in the Richmond street hall, committed suicide at his room in West Gerrard street early Friday morning by taking a quantity of carbolic acid.

His landlady, with whom he had roomed for ten years, found the body early yesterday morning. Speaking of the probable cause for his act, she said:

"He was a friend of Jessiman, who shot Loughheed a short time ago, and he was all the time talking about this case. He couldn't see what made Jessiman do that, and thought he must have been wrong in the head. He kept repeating, 'I wonder what made him do it! I wonder what made him do it!' There was nothing else that I know of that would cause him to commit suicide."

No Conscience Clause.

Montreal, June 17.—The Anti-vaccination Society of Montreal has been awakened into activity by the recent vaccination legislation passed by the City Council, the outcome of several cases of smallpox, yesterday declared the new bylaws. These make vaccination absolutely compulsory and provide penalties for non-compliance. There is no "conscience clause" and the only exemption is by a doctor's certificate testifying as to physical inability to undergo the operation.

The society will distribute literature throughout the city and provide for the delivery of lectures. Several doctors are with them in their fight.

A challenge is also being issued to Doctor Louis Laberge, city health officer, to engage in public debate with the leaders of the society, on the question of vaccination.

Hurt by Live Wire.

Cornwall, June 17.—A Bell Telephone Co. lineman named Leitch, was working on a pole in Morrisburg, when the back of his neck touched a live wire and was badly burned. Leitch fell to the ground, a distance of 20 feet. He was picked up in an unconscious condition and carried into the Central Hotel, where a doctor was summoned. He is recovering.

WHITE SLAVE TRADE.

National Council of Women Discuss Evil.

Port Arthur, Ont., June 17.—The report of the standing committee on equal moral standing and prevention of traffic in women, by Mrs. Asa Gordon of Ottawa, read by Mrs. Boomer yesterday morning, touched a live wire of interest at yesterday's session of the National Council of Women, and it was with the greatest difficulty that Lady Taylor could close the discussion. Lady Taylor recommended the work of Dr. Shearer, saying that, while his work was confined to the Presbyterian Church, nevertheless it was a great and wonderful one of the Dominion.

Mrs. Leathe of Toronto, speaking to the resolution, said that it was a great pity that people cannot see an evil until something awful happens to shock them into action. This evil is not at our door; it is inside. The best way to prevent the white slave traffic is to make conditions harder for the people who are engaged in this traffic among women. The raising of the age of consent will raise the age of protection for the girls of Canada. Investigation in New York shows that 50 per cent. of these women are not women at all, but children. She would advise the raising of the age of consent from 16 years, as it is at present, to 18.

Mrs. Cummings pointed out that there is an organized traffic in women, everywhere there are agents, and in most cases these agents are attractive, who lure young and unsuspecting girls downward.

Mrs. Torrington of Toronto said that while the laws were made by men they would be made for men, and, as this was a woman's question, it was the women of Canada who should come to the rescue.

AFRAID TO TESTIFY.

Girl Victims of Italian Fear Friends Will Avenge Him.

Montreal, June 17.—Arrested on suspicion of being the man who has for the past three months been assaulting little girls in many parts of the city, Cicilio Subrini, has been remanded eight days for medical examination as to his sanity. Subrini was arrested on Monday by special Constables Walsh and Robillard while in the act, they claim, of attacking a 13-year-old girl on the corner of St. Urban and Milton streets.

Six witnesses were summoned to appear against Subrini yesterday, four of his alleged victims, and two teachers at the schools where little girls were assaulted. All will appear next Saturday.

Special Constable Walsh declared that as Subrini is an Italian many of the witnesses that might have been brought against him, mostly girls, who have positively identified him from the description as their assailant, are afraid to come to the court and give their evidence for fear that he or some of his friends may avenge him.

Fire in Steamer's Hold.

New York, June 17.—A fire in the hold of the steamship President Lincoln defied the efforts of the Hoboken firemen for three hours yesterday, while the vessel lay at pier 2 of the Hamburg-American Line.

The city fire department, with the aid of the fire brigade of the steamship company, confined the flames to hatch No. 6 amidships. Not far away, at pier No. 3 was the Cincinnati of the same line, which is due to sail today, and several tugs stood by ready to haul either vessel into the river, should the flames get beyond control.

Sheldon Gets Five Years.

Montreal, June 17.—The culmination in the great Sheldon drama was reached yesterday morning in the Court of Special Sessions, when Mr. Justice Langelier meted out sentence to Charles D. Sheldon, the man whose financial exploits have dazzled all Montreal, and who fleeced confiding Canadians out of over a million dollars.

Five years' hard labor was the sentence given to the absconder, on the charge of having stolen a sum of \$15,000 placed in his hands for investment purposes.

Wants Law Annulled.

Montreal, June 17.—The power of the Provincial Parliament to pass a regulation along the lines of the early closing law and to provide penalties for an infraction of the same has been questioned by Lawrence Wilson, president of the Licensed Victuallers' Association, who appeared in court with the demand that the new law be annulled.

Owing to the extreme importance of the points of law, which a hearing of the application would raise, it was decided to postpone hearing until June 27.

Killed by Runaway Horses.

Brighton, June 17.—Richard Parker, a farmer living about two miles west of here, while attempting to stop his brother's runaway team of horses at nine o'clock yesterday morning, received injuries from which he died half an hour later. It appears he got in front of the horses and was knocked down and run over by the chest. The unfortunate man was 30 years of age and unmarried, and previous to five years ago lived near Hickson, Ont.

Two Bad Accidents.

Chatham, June 17.—Harry Campbell, an employe of the Blonde factory, had two of his fingers taken off in a joiner at the factory yesterday morning. Campbell came here a few weeks ago from Meaford.

George Wood met with a serious accident in the Gray factory Thursday. He was operating a sand drum when his hand slipped and the flesh was ground to the bone. He will be laid up for some time.

To Celebrate Alien Victory.

St. John, N.B., June 17.—The 62nd Fusiliers, Col. J. L. McAvity commanding, with band and life and drum corps, 300 strong, left here on a special train for Boston, to take part in the Battle of Bunker Hill celebration at the "Hub" to-day. Mayor Frink accompanied them.

FREE TO WITHDRAW

Colonies Can Now Get Out of Irksome Treaties.

COMMISSION OF ENQUIRY

Sir Wilfrid Laurier Moves That Home Government Negotiate to Free the Dominions From Existing Commercial Pacts—He Also Suggests That Empire's Trade Resources Be Investigated.

London, June 17.—(C.A.P. Cable.)—At the Imperial Conference yesterday Sir Wilfrid Laurier moved that the Government be requested to open negotiations with the several foreign Governments having treaties, which apply to the overseas dominions, with a view to securing the liberty for any of those dominions, which may so desire to withdraw from the operation of a treaty without impairing the treaty in respect to the rest of the Empire.

He said these proposals had been before the public for some time and had given rise to various comments, some one-sided, others fair and reasonable. The necessity for what he proposed might be shown by the experience of Australia, who, when they wished to give preferential treatment to British products carried in British ships were prevented from so doing by the most favored nation clause in certain treaties.

A similar difficulty arose when Canada wished to give a preference to the Mother Country. There were twelve treaties in existence containing that clause.

It had been suggested that the proposal would destroy the principle of commercial unity, but that principle did not at present exist. The United Kingdom had a free trade system, and all the dominions had fiscal policies based on the principle of raising revenue by customs duties, but no two of their tariffs agreed. Instead of commercial unity there was commercial diversity. Consequently it was not difficult to understand that when the United Kingdom made a treaty which suited its own requirements that treaty might not suit the requirements of the Dominion. For very many years, at least fifteen since he had been in office, the Home Government, when negotiating commercial treaties, had followed the policy of not including any of the dominions without their consent. What he suggested was that the old treaties should now be brought into line.

It was not an argument for separation, but would make for closer union. Proposal should be coupled with three principles. First, it should be the first effort of the self-governing dominions to develop their trade as far as possible with the Mother Country; secondly, they should not confine their effort to the British markets, but be allowed as their second object to increase their trade with other nations; thirdly, any benefits given by the dominions to other nations should be given also, not only to the Mother Country, but to other dominions of the Empire.

Premier Fisher said that both the resolution and the arguments in support of it strongly commended themselves to the Commonwealth point of view. The Dominion Government appreciated the difficulties, but strongly wished, without embarrassing the Home Government, that treaties by which they were affected should be modified in the way proposed at the earliest convenient moment.

Sir Joseph Ward agreed with the resolution, assuming it meant that the old treaties would be renegotiated by the Imperial Government, with a view to a better arrangement being made. So far as the dominions were concerned, both agreed with the resolution.

Premier Morris was also entirely in its favor.

Sir Edward Grey said the resolution was one which in facts of the case must be accepted.

The case might be met by agreeing to open negotiations with the countries concerned and asking whether they would be prepared to modify their treaties in the direction desired, so as to bring them up to date in the point desired. If they agreed, the course would be quite simple, but if they did not the best course of procedure would be to enter upon negotiations for new treaties without denouncing those now in existence.

On behalf of the Home Government he was prepared to accept the resolution on that understanding.

The resolution was agreed to with the addition of the word "commercial" before "treaties."

Australia had given notice of resolutions urging that every effort be made to bring about co-operation in commercial relations in matters of mutual interest, and that efforts in favor of British manufactured goods and British shipping should be supported as far as practicable.

Sir Wilfrid Laurier said that the Government of Canada had perfect sympathy with the objects to be obtained by these resolutions, but it was difficult to secure improvement in trade relations between the dominions and the United Kingdom unless they possessed more information than they had at present. He therefore thought the first thing to be done was to institute an enquiry, and with this object he proposed a resolution which recommended "That His Majesty should be approached with a view to the appointment of a royal commission representing the United Kingdom, Canada, Australia, New Zealand, South Africa and Newfoundland, with a view to investigating and reporting upon the natural resources of each part of the Empire represented at this conference."

Rt. Hon. Lewis Harcourt said the resolution was only another step in the policy which had been the governing note of the conference, namely not of imperial concentration, but imperial co-operation.

Premier Fisher thought the resolutions a very practicable way of dealing with a rather difficult set of questions.

Sir Joseph Ward thought the pro-

posal met the position in a very practical way.

Premier Morris also expressed concurrence.

Asquith thought the conference was much indebted to Laurier for making this very practical proposition, which would certainly prepare the way and possibly make the way plain for effective action at the next conference, if not before. The proposed commission would be an advisory body with reference as wide as words could make it on all matter connected with trade and commerce, production and intercourse between the different parts of the Empire, but would not be a commission to suggest or state a policy to any part of the Empire.

MEN GOING BACK

Car Company Expects Workmen on the Job on Monday.

Montreal, June 17.—The strike of the men of the Canadian Car & Foundry Co., Ltd., at Turcot and Dominion, which commenced at one o'clock last Monday, has not yet been settled, though indications point to the majority of the men being at work on Monday, as more are returning to work each day. The open air meeting held yesterday morning was not characterized by any excitement, and only a few hundred men surrounded the speakers.

The younger element hooted and shouted at the passing cars filled with men going to work, but the police kept the men off the car lines.

At the Dominion works yesterday morning men were working to the number of 450 and for the first time since the strike they entered the shops without any big assembly of strikers shouting at them from the railway embankment.

The company shipped eight cars on Thursday and sixteen yesterday. L. A. Rivet, deputy for Hochelaga, has offered his services as mediator between the men and the company.

BRIEFS FROM THE WIRES.

As a result of a strike of printers, The Local Anzeiger, The Tageblatt and The Morgen Post of Berlin, Germany, did not appear yesterday.

In a voice trembling with emotion, Chief Justice Townsend pronounced the death sentence on 19-year-old J. O. Tebo at Digby, N.S., yesterday. He will be hanged on July 24.

The Township of Bastard is suing Ormond Chant, tax collector, for over four thousand dollars that Chant collected and placed in the Farmers' Bank just before the failure.

G. Lloyd Faulkner, aged 24, one of the best-known young business men of Vancouver, was at the Victoria assizes yesterday sentenced to seven years in the penitentiary for rape.

In order to save a young companion from instant death, William Detlor, aged 31, of Kingston, took hold of a falling tree which crushed him to the ground and fractured his left leg.

Gunner Thomas Allen, accused of killing Capt. Ellison at Esquimaux, B.C., was yesterday sentenced by Justice Murphy at the spring assizes to imprisonment for the rest of his natural life.

An action for \$500 damages brought by James Brown against Chief of Police Miller of Haileybury for entering a house without a warrant and beating the plaintiff, was dismissed at North Bay.

While playing on Dundas street, Toronto, H. Elmer Snape, aged three, ran in front of a team, falling under the horses' feet. He was picked up and hurried to his home, where he died of shock.

Killed in Wisconsin.

Cornwall, June 17.—John McGillivray, son of the late Murdoch McGillivray of Finch Township, was accidentally killed while working with a construction company in Superior, Wis., a short time ago. The remains were brought home by his cousin, Mrs. John Mackenzie, and the funeral took place to the Presbyterian Church, Moose Creek, and the sixth concession cemetery. Rev. Mr. Mackenzie officiated.

To Welcome Premier.

Ottawa, June 17.—There will be a public reception for Sir Wilfrid Laurier when he gets back from attending the Imperial Conference, probably about July 12.

It is likely that the civic authorities will, within a few weeks, arrange for a fitting welcome to the Premier.

THE MIDLAND LOAN & SAVINGS COMP'Y

Port Hope, Ont., Established 1873
DIVIDEND NO. 76.

Notice is hereby given that a dividend of three and one-half per cent. on the paid up capital stock of this Company has been declared for the six months ending June 30, 1911, being at the rate of seven per cent. per annum, and that the same will be payable at the office of the said Company, Walton Street, Port Hope, on and after the third day of July, 1911.

The transfer books will be closed from the 16th day of June to the 2nd day of July, 1911, both days inclusive.
By order of the Board.

The Evening Guide

PORT HOPE, JUNE 17, 1911

COBOURG WILL BE HERE.—Chieftain Ruse is, we understand, drilling his men to prepare them to take part in a Fiemen's Tournament to be held at Port Hope on August 9th.—Cobourg Star.

ANNIVERSARY.—The Fifty-Sixth Anniversary of the Port Hope Baptist church will be observed next Sunday, June 18th. Rev. Charles George Smith, M.A., B.D., of Belleville, will preach morning and evening. There will be appropriate music by the choir.

ST. PAUL'S CHURCH.—Next Sabbath morning, the Rev. Mr. Abraham will speak of the work of the General Assembly just closed at Ottawa, and in the evening he will take as his subject "The Coronation of King George V."

AUCTION SALE.—The balance of Mrs. John O'Brien's goods will be sold or given away on Tuesday afternoon at 2 o'clock. Beds and bedding, several articles of furniture etc.; also grandfather's clock in good running order.

JAS. KERR, Auct.

AN ACCOMMODATING HEN.—Postmaster Vance has a hen that is very accommodating and ambitious. Last year when Rev. W. H. Vance came here on a visit this hen laid an egg that measured 7 1/2 x 5 1/4 inches and weighed 2 1/4 ounces.—Millbrook Mirror.

AT THE RINK TO-NIGHT.—The band will be in attendance at the rink to-night and no doubt a large crowd will enjoy a roll. The management have arranged for the band to play a couple of dance numbers before the close and those desirous of tripping the light fantastic will have an opportunity of doing so.

DON'T MISS IT.—The treat of the season will take place on Monday evening June 19th. When a Social under the Auspices of the Willing Workers, of the Baptist Church will be held, on the lawn of Mr. J. B. Gould's residence Dorset street east. Ice Cream, Cake, Lemonade and home made candy will be on sale. The Ideal Concert Band will furnish music, and a very enjoyable evening is assured. The program by the band will commence at 7:30 o'clock. Admission 10c.

ALWAYS WANT PAY.—At Midland some time ago, a man rescued three others from drowning, at some risk to his own life. Since then his friends have brought the matter to the attention of the "Carnegie Hero Fund Commission," and that body sent a representative to Midland last week to investigate. Now the Free Press expresses the hope that "Mr. Johnson will receive tangible and substantial recognition of his heroic act." In these sordid days nobody is expected to be either honest or heroic without being paid for it. The whole business is vulgar and quite disgusting and in a way quite worthy of Carnegie himself.—Orillia Packet.

Goderich, June 17.—The sentence of death was executed upon Edward Jardine at the county jail yesterday morning just before eight o'clock.

Early in the morning Rev. Geo. E. Ross, pastor of Knox Church, who has been the condemned man's spiritual adviser throughout his confinement, was with him, and the young man showed deep concern for his future welfare. For half an hour he broke down, but he recovered and walked to the scaffold apparently without a tremor.

Those present at the execution were Sheriff Reynolds, Jailer Griffin, Dr. Alex. Taylor, jail surgeon; Rev. Mr. Ross, Constables Whitesides and Postlethwaite, Guards Murphy and McMath, and Owen Geiger, warden of the County of Huron.

No representatives of the press were allowed to be present. Jardine was never baptized until Thursday evening, when at his earnest solicitation the rite was performed by Rev. Mr. Ross, in a room beside the condemned man's cell, in the presence of the jail officials and guards.

A crowd had assembled outside the jail yard and could hear the prayer and the springing of the trap door.

Amongst the crowd was Abbie Jardine and Anderson, the father of the murdered girl. As the trap dropped Abbie Jardine remarked loudly, "There she goes."

Anderson said: "My poor Lizzie's death is now avenged."

Several of the Jardine family had assembled in town.
