Ruler and source of all power, authority, honor and promotion."

The music, which was most appropriate and efficiently led by a full choir, had the important and essential quality for such an occasion, of being thoroughly congregational. Equally, it is needless to say, which was highly appreciated by all present. The decorations, which consisted of flags, banners and flowers were artistically arranged and very effective, the opinion being expressed by many that the Church had seldom, if ever, looked more beautiful than it did on this occasion. Notice was given that Sunday next would also be observed as a national festival in St. John's Church, with special services and music.

### TRAIN WRECKED AT BRIGHTON

Engine Struck Ties Placed on Track and Cars Were Derailed.

Brighton, June 25.—A number of ties placed on the rails of the Grand Trunk Railway, about a mile east of Brighton station, caused a very large amount of damage to rolling stock and track about 1:30 this morning.

The extra west engine 737, known as the second section short haul from Belleville, running about thirty-five miles an hour, struck the ties, picked them up and carried them until the switch for the siding was reached. The ties struck the switch points and threw the engine and tender and two box cars on the siding; the tender was thrown on its side, as were the two box cars, but the engine remained upright, but embedded in the dirt to the axles. It was a miraculous escape for the fireman and engineer, neither being even injured. No one as yet has been arrested, nor is there any clue so far to work on, but it is sincerely hoped by everyone that the perpetrators of this dastardly crime will not go unpunished.

### CARELESSNESS WAS CAUSE OF DEATH

Is the Verdict of Jury—Man at Switch Thought Darke Went Away

Peterboro Review.

The verdict of the coroner's jury empanelled to inquire into the cause of the death of Hugh Darke on the night of Thursday, June 15th, was as follows:—

We find that Hugh Darke met his death on the night of the 15th, through what we believe to be carelessness of G. H. Thompson, in starting the machinery without first being positive all was clear. Also that we believe that the Canadian General Electric Company should establish a proper code of signals throughout the entire plant, the lack of which was contributory we believe to this accident.

W. A. HOWARD, Foreman.

The verdict followed the evidence at the council chamber and a visit of the jury to the scene of the accident in the Canadian General Electric Co.

At the council chamber Coroner Greer presided. Mr. R. E. Wood acted for the Crown and Mr. Basil D. Hall for the Company. Mr. G. N. Gordon was present in the interests of the family of the late Mr. Darke.

Wm. Cartner, who was with Mr. Darke, told of the incidents leading up to the accident and that when he returned with a wrench, Darke was kneeling on the lower lap of the belt. He took the wrench from the witness to tighten a nut by which the motor would be clamped to the floor. He (witness) had stooped down, and then stood up again with his hands on his hip. Then he stooped down again and the belt started towards the pulley. Darke yelled "whoa" and then blood of his (witness) in the face. Witness could not say that Darke's body went around the pulley. Witness yelled to stop the power. It was Mr. Thompson who was to test the motor. The size of the test was 5-8 in. by 24 inches and about 40 feet in length.

Dr. Boucher read the report of the autopsy. Death was due to shock from injuries received. Dr. Frederick, who assisted Dr. Boucher, gave corroborative evidence.

Cartner ran out from behind the generator and ask who started the machine. Witness said he had seen Mr. Thompson start the machine. He gave a sign which meant if it were alright to start. Thompson stopped the machine immediately after Cartner shouted. Witness said Darke was lying on the belt. He was bleeding from a cut on the head. Witness assisted in getting the man from the belt to the surgery.

G. H. Thompson said he was in charge of testing the machine that night. Darke said he would tighten up the bolts and he did this. Witness said, "we'll try it at that," meaning the machine.

Then Darke went in a direction as if going up the shop. "I took a glance around the whole thing," said witness, "and Cartner came and said don't start for a minute I will tighten a bolt in the front. While waiting I did a little writing on the table. Cartner went around to tighten the bolt. This took him out of my view. I thought then that Darke was away altogether. "Looking in the direction of the machine I saw Cartner stand up and I gave the sign, a wave of the hand, which means is everything alright. From Cartner I got what I took to be a nod of the head, then I opened the valve on the generator and put on the switch. I heard somebody shout and I shut off the power.

Cartner was looking at him when he (witness) gave the signal.

### No Board of Censors To Pass on Films

Delay May Prevent Putting into Force of Few Regulations on July 1st.

It appears altogether likely that the moving picture proprietors of the Province will be given an additional extension of time during which they may get their way regardless of censors.

The new regulations which were to have gone into effect on June 1, and were, by an order in council, allowed to stand over until July 1, can hardly be put in force on that date.

The difficulty lies in the non-appointment of a Board of Censors, who according to the act, must approve and affix their stamp to all films exhibited in Ontario. The de-

lay is an unavoidable one, due to the ill-health of Hon. A. J. Matheson, Provincial Treasurer, who has had the matter in charge.

### ENTRANCE EXAMS.

The examinations for entrance into the High Schools and Collegiate Institutes of the Province began this afternoon. The following is the order of subjects all over the Province:—

Monday, 1:30 to 3:30 p.m., composition; 3:40 to 4:25, spelling.

Tuesday, 9 to 11:30 a.m., arithmetic; 1:30 to 3:30 p.m., reading (examination paper).

Wednesday, 9 to 11 a.m., English grammar; 11:10 a.m. to 12 noon, writing; 1:30 to 3:30 p.m., geography.

Heretofore the results have been made known about the 15th of July, but it is likely that they will not be published till two or three days later this year, owing to the fact that the department of Education has given instructions that local boards are not to make public any results until their recommendations as to passing off candidates have been dealt with by the Minister of Education. These are to be in his hands by the 15th of the month, so it may not be until the 17th or 18th that the lists will be published.

In addition to whatever may be done through the newspapers, each candidate will be notified by post-card, as to his or her success or failure, and in the case of the unsuccessful, their marks on the different papers will be communicated to them at the same time.

PEOPLE'S HOPES

The Hope of the World

There Are Two Zions and Two Classes of Zionists, but All Parts of the Great Divine Arrangement.

By CHARLES T. RUSSELL, Pastor Brooklyn Tabernacle.

San Francisco, Cal., June 25.—Pastor Russell addressed a large audience twice today at the Golden Gate. He addressed a Convention of the "International Bible Students Association" in session here. He has been making a sort of continental tour, including Toronto, St. Louis, Kansas City, Pueblo, Colorado Springs, Denver, Salt Lake City, Los Angeles and Santa Cruz. In all these cities local branches of the "I.B.S.A." invited him and made arrangements for public addresses. Notwithstanding the strain of continuous travel and continuous public speaking, the Pastor is in excellent health and vigor. He spoke enthusiastically of the warm reception and attentive hearings which he had enjoyed. He is especially pleased with his California experience and the glorious climate noted at several stopping places. The Pastor's work is being carried on in another respect. Learning of his intended program, some of his friends asked permission to accompany him. He gladly assented. As a result a train-load of Bible Students are with him—about one hundred and fifty.

While the Golden Gate Convention is the goal of the tour, it is but the turning point of the excursion party. Meetings are to be held at Sacramento, Portland, Tacoma, Seattle, Vancouver, Calgary, Winnipeg, Duluth, Buffalo and Toronto, the latter being reached July 16th. The Pastor's scheme is a novel and a benevolent one; for surely what he has undertaken to carry out is not a boy's man's burden. From the evidences here we surmise that the Bible Students along his course of travel will be blessed and encouraged. Pastor Russell and his party bear with them from the Golden Gate the good wishes and Christian love of many friends.

Speaking from the text "The Law shall go forth from Mt. Zion and the Word of the Lord from Jerusalem" (Isaiah ii, 3), Pastor Russell declared that Christians have inadvertently misappropriated to themselves many of the promises which were made to a wholly their, Christian creeds and theories have surmised that through the teaching of Jesus, all Jews dying in embelishment were forfeited to an eternity of torture because that unbeliever in His Only Name.

A more careful study of the Bible, he declared, is showing Bible Students the error of this position. Jews died for their sins, but Jesus, the Saviour and who do not become followers in His steps in the "narrow way" will indeed fall of attaining a blessed life. But those who do not become members of the spiritual Seed of Abraham, respecting whom St. Paul said, "If ye be Christ's, then are ye Abraham's seed, and heirs according to the promise" (Galatians iii, 29). "In thy Seed shall all the families of the earth be blessed."

But asked the Pastor, how can many besides Jews who will fall of making their "calling and election sure" to that Heavenly position—membership in the Messianic Kingdom? His own conviction is that there will be found as many Jews as other nations who will become members of the spiritual Seed of Abraham, respecting whom St. Paul said, "If ye be Christ's, then are ye Abraham's seed, and heirs according to the promise" (Galatians iii, 29). "In thy Seed shall all the families of the earth be blessed."

But asked the Pastor, how can many besides Jews who will fall of making their "calling and election sure" to that Heavenly position—membership in the Messianic Kingdom? His own conviction is that there will be found as many Jews as other nations who will become members of the spiritual Seed of Abraham, respecting whom St. Paul said, "If ye be Christ's, then are ye Abraham's seed, and heirs according to the promise" (Galatians iii, 29). "In thy Seed shall all the families of the earth be blessed."

God kept secret this mystery. St. Paul declares the mystery that He is now selecting a favored class to be associates with Messiah in the Kingdom of God, for which we have been waiting and through whose whole world of mankind will shortly be blessed. Now the Church's election is about completed, the Pastor believes and therefore the time is more for light to shine out, that God's further gracious purposes toward nat-

ural Israel and the world may be more clearly seen. The Zionism of the past eighteen centuries has been a heavenly kind. It has been calling and inspiring to loving zeal, obedience and activity such as have the "hearing ear" for the "heavenly calling," fellowship with Messiah. This glorious privilege is about to end because the full number predestinated of the Lord will soon have been completed. Meanwhile, the Pastor and others of God's consecrated people should be Zionists in the highest sense of the word, and laying aside every weight and every besetting sin, each should strive to make his "calling and election sure" to place the Heavenly Zion—the Kingdom of Messiah.

It will be from this Mt. Zion, the spiritual Kingdom of Messiah, that the Law will go forth during the thousand years of the Messianic reign; the great Judge and Law-giver will be seated on the throne of judgment; and His associates, in His various offices of Prophet, Priest, King, Judge and Mediator, will be seated on the throne of judgment. The great Redeemer, delighting to lay down their lives for the Truth's sake and to give their bodies for the ransom with the great Captain of their salvation, through the merit of His imputed righteousness.

But God has a time and order and arrangement in respect to every feature of His Program. In the remote past before Jesus came and became the Head of the Church, God was in covenant relationship with Abraham and his nation. The promises were made to a considerable number of people who were full of faith and loyal obedience to God that even though they lived at a distance from the land of promise, they nevertheless, were marked by the Lord for special blessing and a special share in the Kingdom work which would be arranged for the Messiah to take His great power and reign.

Reference is made to these Ancient Writings by Paul in Hebrews xii, 17-18. He says: "These all died in faith, not having received the things promised them—the earthly promises have not yet been arranged for us (the Church) that they, without us, should not be made perfect. The promises were made to a considerable number of people who were full of faith and loyal obedience to God that even though they lived at a distance from the land of promise, they nevertheless, were marked by the Lord for special blessing and a special share in the Kingdom work which would be arranged for the Messiah to take His great power and reign.

Crowds After Day Spent at Isle Gros Bois Are Waiting for Ferry When Timbers Break and They Are Precipitated in a Mass of Humanity and Debris—Broken Legs and Ribs Are Numerous.

Montreal, June 26.—Through the collapse of a wharf at King Edward Park, pleasure boating on Isle Gros Bois, 12 miles from here, between fifty and sixty people were injured and the wildest excitement caused throughout the city.

The disaster occurred at 7 o'clock, when the wharf was packed with hundreds of pleasure-seekers awaiting the ferry boat, which would carry them back to Montreal. The only warning was a crackling of strained timbers a few seconds before the whole centre of the wharf caved in. The people tried frantically to retreat, but so late was the word that escape was impossible and hundreds plunged downward into the midst of shattered beams and planks.

The exact nature of the accident was not known and over ambulance in the city was hastened to the city pier, while rumors of 30 and 40 killed were spread everywhere. At the park, meanwhile, cool heads organized those who had escaped the cavern and the victims were extricated from the debris, while petticoats and handkerchiefs were curiously torn into bandages to do duty until the doctors should arrive. As rapidly as possible the injured were placed on the ferry boats, but it was after midnight before the last of the injured had been removed to the city.

So far no deaths have been reported, the worst cases being broken legs and ribs. About twenty cases were removed to the hospitals, the others being sent home after the wounds had been dressed.

The park has just been opened for the season after a great deal of new construction work having been done. Over ten thousand people visited it on Sunday.

No official statement has been made by the proprietors of the park.

WOULD DIE FOR WOMAN

Los Angeles Doctor Offers Himself for Execution.

Los Angeles, Cal., June 26.—Dr. H. S. Tanner of this city, 32 years old, "the official 40-day faster," is offering himself as a substitute for Mrs. Angelino Napolitano, who is under sentence of death at Sault Ste. Marie, His offer follows:

Dear Sir:—An Aug. 9 of this year there is scheduled to be hanged in Sault Ste. Marie prison one Mrs. Angelino Napolitano, sentenced to die because she killed her husband to protect her child. I am a Christian, and I have four children now living motherless. It will also orphan a month-old babe, yet to be born.

Her execution will be nothing short of murder—the foulest blot on the criminal annals of yours or any other country.

Permit me to offer myself as a substitute for Mrs. Napolitano. May my name be substituted for hers, and I am appressed without robbing five young children, one a month-old babe, of a mother.

Following instructions from your honor, I remain, yours very truly, H. S. Tanner, M.D.

CRYSTAL PALACE FOR SALE

New York, June 26.—London's crystal palace, which for more than half a century has been the greatest show place in the world, is advertised for sale in announcements which are being sent to real estate firms and wealthy men in Great Britain and the United States. The announcement is qualified with the statement that "It is earnestly hoped that some one may come forward and save the Crystal Palace for the people." The property includes about 200 acres, valued at \$7,000,000.

The palace has been a financial success in that it has been profitable. It has prevented it being used for many popular entertainments, while it has been a source of revenue. It has withdrawn much of the old-time patronage.

RUNAWAY CAUSED BY AUTO

St. Catharines, June 26.—While returning home at 5:30 Saturday evening a young boy named Walter Schumaker, 10 years old, who lives in Louth Township, was thrown out of the buggy in which he was driving and badly injured. The horse took fright at a passing automobile and galloped down the hill, dashing into the curbing at the residence of Dr. Schumaker, who was driving. The boy's wrist injured, and the young lad otherwise badly shaken up. After his injuries had been dressed the boy was taken to his home in Louth.

EMILIA MAN KILLS HIMSELF

Elmira, N. Y., June 26.—Haemacher, aged 24, committed suicide Saturday afternoon at his boarding house by cutting his throat in three places with a razor, which was found under the lounge where he was found. At times he appeared to be very despondent, and no doubt this was the cause of his taking his life. He is now being buried in the cemetery. Some of his friends good-bye, but gave no cause for the deliberate act. Got no money, and was very poor. He had an inquest unnecessary. His body will be taken to Preston for burial.

**IMPROVEMENTS**—Mr. Fred Rosevear's grocery store and the butcher shop adjoining have been thoroughly overhauled and made into one large store. This store will be occupied by Mr. Rosevear and he is having everything placed in shape as rapidly as possible. A new front is being put in and the improvements greatly add to the appearance of the corner.

**RECORDS OF EXECUTIONS**—The records of the Department of Justice show only four executions of women in Canada. They are Phoebe Campbell, hanged in London, Ont., May 6, 1871; Elizabeth Workman, hanged in Sarnia, May 23, 1873; Emily Blake, hanged in Brandon, December 26, 1898; Cordelia Viau, hanged on the same scaffold with Sam Paraslow, St. Scholastique, Que., March 5, 1899.

**KANE TURNS UP AGAIN**—Last Wednesday a number of articles, including a gent's gold watch, lady's gold watch, pair of pearl cuff links and two razors were stolen from the residence of Mr. C. N. Hare, Rice Lake Road, while the family were in town attending the Caledonian Games. A man named Steve Kane, alias Patrick Inwright, who was convicted of stealing goods from in front of Campbell's store last fall, is suspected. He was here in the morning and was ordered out of town by Chief Ruse. He is described as about 35 years of age, about 5 feet 7 inches tall; clean shaven; very dark; black rowdy hat and dark suit of clothes. In going out to Hare's on Thursday, Chief Ruse was thrown off his wheel, by going into a washout on the road near the cemetery, spraining his hand.—Cobourg Star.

**CAME BY WATER**—A tramp has beaten all known records by swimming twenty-seven miles in thirty minutes. He did not mean to do it, says the Youth's Companion. He merely tried to steal a ride from St. Louis to Chicago on the rear of a locomotive tender. When the train started he fell over backwards through the open manhole into the water tank. The noise of the train drowned his cries for help, and he was obliged to swim until the first stop was reached at Alton. When taken out he was nearly dead, but the engineer was so unfeeling as to call his attention to the fact that the water was only four feet deep and he might have stood up. The conductor also unfeelingly asked him for his ticket, but the tramp said he had not come by rail but by water.
