SUNDAY SERVICES COURT OF REVISION

At the Methodist Church Largely Attended.

Large congregations were present at the Methodist church Sunday, and the services throughout the day were of a very bright and inspiring nature. Commencing at 9.15 o'clock, was the Conference Lovefeast, conducted by the Rev. G. H. Copeland. At 10.30 was the ordination services when the following were ordained into the ministry:—R. Stalker, M. S. Hinton, R. J. Merriman, J. B. Snider, R. M. Patterson, and C. J. Gall. Rev. Dr. Carman and Rev. W. G. Clarke, presided, while the Rev. Dr. S. P. Rose, of Sherbourne street church, Toronto, preached a very appropriate sermon.

At the Sunday School in the afternoon very interesting addresses were delivered by A. Fulford, Sr., Rev. Wm. Higgs, and F. E. O'Flynn.

The evening sermon was preached by the Rev. L. Phelps, of Brighton, after which the sacrament of the Lord's Supper was conducted by the Rev. W. H. Emsley, Napanee.

A splendid musical program was rendered at this service, Professor Phelps, of Belleville, the newly-appointed organist, presiding for the first time. He handled the organ in a masterly fashion and made a very favorable impression. The solos by Mrs. VanAlstine and Mrs. Phelps were much enjoyed and these ladies will prove a great acquisition to the choir.

At the close of the evening service an open air meeting was conducted at the corner of Ontario and Walton streets by the Rev. Professor Bland, of Montreal.

TONGUE OF SLANDER

Caused a Young Girl to Suicide

"I cannot bear this false stain on my character, and I see nothing else left for me to do than to kill myself. Please forgive me and believe that I would not do this thing if it were not that I am nearly out of my mind with grief and horror at the awful story, which everybody seems to think is true."

So wrote pretty Ella Berry, of West Medford, Mass., to her father before she committed suicide in a New York hotel. The story referred to was one circulated in her home town that she had run away with a married man, when the real truth was that she had merely been on her vacation alone. The town paper published a retraction, but the injury done the girl was too great and she brooded over the matter continually until she decided to end her misery.

"Wherever my daughter would go," said her father, "it would seem as if somebody was ready to point to her as a girl who had been mixed up in a disgraceful affair. Then she went away from home to seek employment in other cities. She would be a short time in a place when the story would reach the ears of her employers and she would be told that she could not remain. This happened several times until my daughter could not bear it any longer."

And so the venomous tongue of slander has added another victim to its credit but will continue to wag until thousands upon thousands more fall beneath its sting.

CRYSTAL ICE CREAM PARLOR will open on June 1st, at 15 King street, near the lake, where Mrs. Robertson will serve pure city dairy ice cream. Also a choice line of confectionery. My 30 1w

BASEBALL.

The baseball match at the Park on Saturday afternoon resulted, as was expected, in a win for the Peterboro team. The score was 17 to 8, Peterboro taking nine runs in the first two innings. The playing of the Peterboro team was by no means brilliant, but they put up a better article of ball than the locals. The fielding of the Peterboro team was no better than Port Hope, but they far excelled in batting and base running. The exhibition of base running by the local team could not have been worse. If a runner managed to steal second he would at once decide to go to third and in one instance a player tried to make home. They were caught in nearly every attempt and lost easily five runs. The ground is in very poor condition, there being a fine crop of hay through the outfield.

For the next game the management will make several changes, and a much stronger team will be on the field in future.

The teams were:
Peterborough—Murphy, 3rd; Shaw, 1st; O'Hearn, 2nd; D. Britton, 1st; Rahmel, 5th; Quinlan, p; McFadden, c; Craig, r f; O'Brien, c f.

Port Hope—Rowden, 2d; Thompson, c; Walters, 2d; Hudson, c 1; Surphlis, p; Mall, c 1; Carmichael, s 1; Record, r f; Borland, 1st.

Mr. George Weeks, of Bowmanville, umpired to the satisfaction of both teams.

Bowmanville defeated Cobourg in a league match by 14 to 8.

BOWLING.

A meeting of the skips will be held at the club house this evening for the purpose of selecting rink.

OBITUARY.

LATE MICHAEL DAVIDSON.

One of the staunch, trusty pioneers of Hamilton Township, a man who was widely known and as highly esteemed, has passed to his reward in the death on Victoria Day of Mr. Michael Davidson, who had lived a few days longer, would have been eighty-six years of age.

About two years ago Mr. Davidson suffered a slight stroke and has failed since. He has been confined to his bed for the past two months and gradually grew weaker until the spirit was freed from its trail tenement.

Mr. Davidson was born on the homestead where his death occurred. In memory he could go back to the early days in the history of Cobourg when there was not a main road leading to the town and the farmers took their grists of wheat on horseback to Kingston. Mr. Davidson lived to see many changes in town and country and his influence was ever used in support of those things which tended to uplift and better the community. In politics he was a staunch Conservative.

Mr. Davidson married Miss Ann Beatty, who after many years of happy wedded life predeceased him eight years ago. Three sons also predeceased their father. The re-

maining family are two sons, John H., Cobourg, and Thomas A., at home, and two daughters, Mrs. A. E. Hoskin, Cobourg, and Mrs. L. W. Rosevear, Moose Jaw, Sask. Interment took place in Hull's cemetery.

PICTURE THEATRES ESCAPE HIGH LICENSE

Moving picture theatre proprietors are going to escape with a yearly license fee of fifty dollars instead of one hundred dollars as at first proposed. An order to the effect has been passed, and alterations must now be made in the printed regulations being issued.

The license fee last year was \$25, and in drawing up the regulations this year, it was proposed to advance the fee to \$100 for the year, and to make an operator's fee \$5. The order in council, therefore, lets the proprietors down with an advance of \$25.

The operators, instead of having to pay \$5 now secure a license upon the payment of one dollar. This amount is payable, no matter when the license is taken out, but the proprietor pays only for the proportion of the license year remaining, when he starts operations.

The order in council also provides that the censoring of films will not be commenced until July 1st.

A TROUBLESOME MISGIVING

(Continued from Saturday)

"Yes," replied the other musingly. "Yet it isn't impossible that Peak has gone over there. If so, what on earth can he be up to? Why should he hide from his friends?"

"Cherchez la femme," said the journalist, with a smile. "I can devise no other explanation."

"But I can't see that it would be an explanation at all. Grant even—something unavoidable, you know—are we Puritans? How could it harm him, at all events, to let us know his whereabouts? No such mystery ever came into my experience. It is too bad of Peak; it's confoundedly unkind."

"Suppose he has found it necessary to assume a character wholly fictitious—or, let us say, quite inconsistent with his life and opinions as known to us?"

This was a fruitful suggestion, long in Earwaker's mind, but not hitherto communicated. Christian did not at once grasp its significance.

"How could that be necessary? Peak is no swindler. You don't imply that he is engaged in some fraud?"

"Not in the ordinary sense decidedly. But picture some girl or woman of conventional opinions and surroundings. What if he resolved to win such a wife, at the expense of disguising his true self?"

"But what an extraordinary idea!" cried Moxey.

"Why, Peak is all but a woman-hater!"

The journalist uttered croaking laughter.

"Have I totally misunderstood him?" asked Christian, confused and abashed.

RHEUMATISM AND COMMON SENSE

Father Morrissey's No. 7 Eliminates the Uric Acid.

Many treatments will relieve the aches and pains of rheumatism, but there is only one way to cure that dread disease. The common sense method is to remove the cause, and the effects will soon disappear. Rheumatism is caused, as is well known, by the failure of the kidneys to perform their intended work of filtering the uric acid out of the blood and eliminating it from the body through the bladder. When the kidneys go on strike, the uric acid is carried to the joints and tissues, where it causes stiffening of the muscles, and the excruciating pains of rheumatism.

Father Morrissey, the learned priest-physician, after much research devised a prescription which would act directly on the kidneys, and by toning them up to vigorous action, cause them to clear the system of the uric acid. This remedy, known as No. 7, has been used successfully in thousands of cases.

Father Morrissey's Linctum will bring relief from the effects of rheumatism, while his No. 7 Tablets will get to work on the cause and in due time cure the disease.

Why suffer from this painful and troublesome affliction, when by using the common sense methods originated by Father Morrissey and successfully followed for years, it is possible to rid Nature to restore you to health?

If you are not yourself rheumatic, you doubtless know of some one who is, and who would be glad to learn of a treatment which has such a consistent record of cures. It is easy to take and sure to benefit and ultimately cure rheumatism. 50c. a box, at your dealer's, or from Father Morrissey Medicine Co., Ltd., Montreal, Que.

CARTWRIGHT GOLDEN WEDDING

On April 27th a very pleasant time was spent at Mr. John Williams', it being the celebration of their Golden Wedding. Mr. and Mrs. Williams came from Devonshire, England, when they were in their teens and were married some time after, residing in Hope township for some years. They then moved to Cartwright township, where they still reside in their beautiful residence erected some years ago. They were blessed with two boys and four girls as follows:—Mrs. Reynold, Port Perry; Miss Williams and Mrs. Jas. Dickie, Nestleton Station; John and Richard on their farms near Nestleton. The guests numbered about ninety, some being present from Toronto, Lindsay, Port Perry and Hope Township. A very pleasant evening was spent in songs, instrumental music and speeches, Rev. J. U. Robins having charge of the program. Mr. and Mrs. Wm. Johns, the groomsmen and bridesmaid of fifty years ago, were present at the Golden Wedding. We wish the aged couple very many years of life and comfort.

ORCHARD DEMONSTRATION

The first demonstration in connection with Orchard Demonstration Work being carried on in these Counties by the Fruit Branch of the Department of Agriculture, Toronto, together with the District Office at Port Hope, was held in the orchard of Mr. Jas. Stanley, Bowmanville, on Saturday, May 20th. About 75 farmers, fruit growers and others interested in apple growing were present. The demonstration commenced at 2 p.m., and lasted until five o'clock, and throughout the whole time those conducting demonstration was kept busy explaining the numerous questions asked.

R. S. Duncan, District Representative, opened proceedings with a brief explanation of this work which is being carried on in the two counties.

Mr. Waddell, who is connected with the demonstration work in Wentworth County and who has had a wide and varied experience with matters connected with orchard work, explained in a clear and concise manner modern methods of Pruning and Orchard Management. Mr. Duncan was also very fortunate in obtaining the aid of Mr. J. P. Carey, Dominion Fruit Inspector, who also gave those present valuable pointers on orchard management and conducted a discussion on spraying and the combating of insect pests and fungus diseases.

Much interest was taken by all present in the various discussions, and the officials of the Department were well repaid for their efforts in advertising and conducting this meeting.

ECZEMA IS CURABLE

In Every Case Where My Remedy Fails it is Supplied Free of all Cost.

In making this statement I back it up with my promise that if my remedy does not substantiate my claim in every particular, I will without question or quibble return every cent you paid me for it. I take all the risk—you take none.

I strongly recommend Rexall Eczema Ointment, which possesses remarkable cleansing, antiseptic, germicidal, soothing and healing qualities. It is a grayish-white emollient, with a pleasant odor, and very cleanly for use. The first application produces a refreshing sense of relief, and it quickly subsides and overcomes the inflammation, irritation and discharge when present.

It is intended to be applied with a piece of muslin or linen, or it may be applied and allowed to dry in. It affords very prompt relief for pimples, blotches, discolorations, ringworm, acne, tetter, barbers' itch, ulcers, insect bites, nettle rash, hives, sores and wounds.

Rexall Eczema Ointment relieves itching and irritation of the feet. It is ideal for the treatment of children who are tormented with itching, burning and disfiguring skin diseases. Try a box at my risk. Two sizes, 50c. and \$1.00. Remember, it is only sold at my store—The Rexall Store. H. W. Mitchell, Phm. B.

BROKE THE RECORD.—The sale of the famous Gutenberg or "42-line Latin Bible," says a telegram from New York of recent date, broke the world's record at the Robert Hoe library sale by the Anderson Auction Company, bringing the extraordinary price of \$50,000. This is double the amount paid for the Mainz Psalter, which brought \$24,750 at the Sir John Thordil library sale in London in 1834. The purchaser, Henry E. Huntinkdon, is a nephew of the late Collis P. Huntinkdon.

WESTERNERS FAVOR IT.

Poll on Reciprocity in U.S. Is Strongly Affirmative.

Chicago, June 5.—The Tribune published yesterday morning the results of a poll of newspapers in twenty-two central, western, southwestern, northwestern and Pacific states on the question of approving the reciprocity agreement with Canada.

To more than ten thousand newspapers, representing every shade of political opinion, The Tribune submitted this question. The replies numbered 4,303, of which 4,240 were definite, even if qualified, expressions of opinion.

Of these 3,113 were in favor of the agreement, and 1,127 against it—nearly a three to one vote for the policy advocated by President Taft. The newspapers, daily and weekly, which give the verdict are representative of public opinion. They are safe guides to the sentiments of the communities in which they circulate.

The weekly papers outnumber the dailies in the proportion of eight to one, and it may be assumed safely that the poll is an expression of agricultural as well as urban sentiment.

BRIEFS FROM THE WIRES.

President Taft spoke on the reciprocity question at Chicago.

Burned to Death.

Winnipeg, June 5.—There was another infant tragedy in Winnipeg on Saturday, the victim being Nelly, the three-year-old daughter of John Stowie, 258 Aberdeen avenue. Along with her brother, two years her senior, she was playing with matches, and her brother having lit a bonfire, she got too close, and her dress caught fire. Her cries were unheeded as there are a great number of children about that neighborhood, the screams sometimes being deafening. A particularly piercing scream made the servant girl run to the door, and she called to the child's father, who made desperate but futile efforts to save the babe's life, though he beat out the flames and sustained serious burns about the hands and arms. Medical aid was summoned and the little one taken to the general hospital, where she died in agony about three hours later.

Rainbow at Midnight.

Emerson, Man., June 5.—Spectacular and extremely weird was a sight witnessed here at midnight, for in the western horizon was distinctly seen a huge rainbow. The sight was witnessed by hundreds. In the evening rain began to fall and later a violent electric storm raged, and as it passed eastward the sky blackened into intensity seldom before seen.

In the west it lightened and a beautiful rainbow, stretching from earth to sky, was seen. It lasted for half an hour and then faded.

Chicago Sweltered Yesterday.

Chicago, June 5.—Chicago sweltered yesterday in which was five degrees the hottest June 4 recorded in this city. The temperature rose to 93.3 degrees, more than one degree higher than the next hottest day of the year in which many heat records have been exceeded. One drowning and a number of heat prostrations were reported.

Following a day of suffering, the mercury dropped suddenly last night, falling 30 degrees to 65 by 9 o'clock.

MURDERS HIS WIFE

New Westminster Man Is Still at Liberty.

SON FOUND MOTHER DEAD

Henry Jobes, a Machinist's Helper, Just Out From England, Had Attempted to Slay His Wife on May 25 But Was Prevented—Son Guessed at Trouble and Hurried Home—Arrived Too Late

New Westminster, B.C., June 5.—Henry Jobes, machinist's helper, 427 Fourth street, murdered his wife early yesterday morning. The murder was discovered by his son, William Jobes, who, when he went to work in the morning, heard his father had bought a revolver the previous day. He immediately hurried home. Entering the house he was horrified to see his mother lying dead on the floor, a pool of blood being by her head, from which it had poured from three bullet wounds, one under the right ear and one in each temple.

The physicians who examined the body stated death was instantaneous. The coroner's inquest will be held tonight.

It has been learned that Jobes attempted to kill his wife on May 25, but was prevented by his son, who took the revolver away from him. This incident was not reported to the police. After this attempt, Jobes left the house and lived elsewhere in the city. Jobes has not yet been arrested, but the police expect he will start drinking and be found in some barroom. He is about 50 years of age and came here from England March 1.

BIG FRUIT COMBINE.

Twelve Million Dollar Organization Is Forming.

New York, June 5.—It is understood that arrangements have been practically perfected looking to the consolidation of the Atlantic Fruit Co., the Central American Growers & Transportation Co., J. Simon & Co. of Sama; the Simon Fruit Co. and other fruit and steamship concerns, in which Joseph Di Giorgio, and associates are interested.

To this end a new company is in process of formation, which will have a total authorized capital stock of \$12,000,000. An issue of \$5,000,000 bonds is also contemplated to acquire additional banana lands.

Mr. Di Giorgio will head the new combination, the title of which, it is said, will be the Atlantic Fruit & Steamship Co., with headquarters in this city.

As a result of the consolidation the company will own a line of steamers, which will be increased from time to time, according to the needs of the company. New York and Baltimore capitalists are understood to be associated with the new enterprise. Permanent organization is likely to be perfected in the early future.

Will Fly to Turin.

Rome, June 5.—There is some talk of abandoning the last leg of the Paris-Rome-Turin race, owing to the difficulty in finding appropriate landing places in the Apennines. Beaumont, however, declares that he will make the flight to Turin, whether or not that portion of the race is officially eliminated.

According to the rules, the start from Rome may be made any time before June 10 for the Rome-Turin section of the contest. Beaumont is in good condition for this flight, but Garros is still suffering severely from the injuries to his right shoulder. Vedrine, the winner of the Paris-Madrid race, has sent a message from the French capital saying that he expects to fly to Rome, and that he expects to accomplish this flight in one day. He would then be ready to take part in the contest from Rome to Turin.

Fisher on Defence.

London, June 5.—(C.A.P. Cable).—Replying to an address presented by a deputation of the Workingmen's United Empire League on Saturday to Australian Premier Fisher's Commonwealth defence policy, said that whilst feeling that it was incumbent upon the representatives of the people to institute compulsory military service, they desired not only to co-operate with the Mother Country and the other dominions, to ensure their own peace and the preservation of their country, but to develop the longing for universal peace. It was not desired that there should be any aggression, or that they should interfere with the high aspirations for development of other peoples. It was simply to maintain their own land and institutions and to defend their liberty with the last man and the last shilling.

Protest Against Cruelty.

London, June 5.—The British Government's invitation to Morocco to send a special ambassador to the coronation of King George has been withdrawn and the Foreign Office has notified El Mokri, who had been designated to represent Sultan Mulahifad, that he will not be received.

This action on the part of the British Government was brought about by the cruelty with which the Sultan's troops treated women and children during the recent raid from Fez. The soldiers captured many women and girls in the neighboring villages and sold them on the streets of Fez.

Final Action In Oil Case.

Washington, June 5.—Final action by the Supreme Court in the Standard Oil case was taken on Saturday, when the mandate to the U. S. Circuit Court for the Eastern District of Missouri, to put the decree of dissolution into effect, was issued.

Three Rivers Pottery Burned.

Quebec, June 5.—A destructive fire occurred on Saturday at the Little River, when the extensive pottery plant of W. & D. Bell was completely destroyed by fire. The loss will reach \$20,000. There is no insurance.

LONDON PREPARING

Coronation Decorations Are Being Rushed Forward.

POLICING THE PROCESSION

Great Wooden Stands Cover All the Buildings and Barriers Are Being Erected at the Cross Streets to Assist the Police in Keeping the Crowds In Control—Rehearsals Are Taking Place Everywhere

London, June 5.—The usual dignity and stateliness of the British capital's public buildings, principal parks and streets, are being sacrificed to the demands of coronation visitors and sightseers. The whole neighborhood of Parliament, including the yards of Westminster Abbey and the Parliament Buildings, is covered with huge unsightly wooden stands, most of the way from Trafalgar Square to the Abbey. The chief Government offices are almost hidden in the same unattractive fashion. St. James' Park, near Buckingham Palace, is similarly covered, as well as the principal streets through which the procession will pass.

Even the church yards present a double row of stands, and the houses and clubs on St. James street, Piccadilly, are fronted with stands. The big Rothschild House, near the entrance to Hyde Park, is half concealed by a wooden structure, and Hyde Park is being transformed into a camp for the troops. The southwestern section, opposite the fashionable quarter, is already filled with tents and horses. A complete cordon of barriers with gates has been built on all streets leading to the line of parade, so that the police may prevent too great crowds from assembling and encroaching on that territory. Military contingents from distant colonies have begun to arrive. The many uniforms and the picturesque costume of Indian potentates are already giving the town a festive appearance.

Carpenters and decorators will have no holidays these days, since an immense amount of work remains unfinished for the coronation. The columns surmounted with angels and griffins in Whitehall are more effective than decorations at any previous coronation, and masts with gilt crowns, evergreen garlands and red caps seen in Piccadilly, St. James street, the Strand and other thoroughfares already offer promise of an artistic spectacle. The masts and columns are linked together by wire cables, with electric globes, and will supply a basis for the best scheme of illumination ever seen in London.

New Zealand's and other archways, are nearly finished, but the draperies will be kept back until coronation week. In Westminster the decorations are costing \$13,000 a mile, or more than \$7 a yard, and will include ten thousand lamps in that distance.

Rehearsals of the coronation music have already begun in the church house. The principal novelties are a homage anthem, "Rejoice in the Lord," by Sir Frederick Bridge, with a refrain from the Lutheran "Ein Feste Burg." At the end of the festival a "Te Deum," composed by Sir Hubert Parry, and an offertory anthem by Sir Edward Elgar, will be heard. These works have been tried at rehearsal, and Handel's "Zadok the Priest" has been sung with orchestral accompaniment.

The master of the horse has ordered trials of the royal carriage horses during next week. The first general rehearsal of the principal tableaux in the Abbey will take place before another Saturday, with dummies in place of the King and Queen.

The Abbey is still filled with carpenters and litter, but the work remaining unfinished is chiefly concerned with decoration.

Russo-Chinese Treaty.

St. Petersburg, June 4.—Advices from Peking say that China contemplates a revision of the Russo-Chinese treaty of 1881, which expires in August, unless it is renewed.

The ultimatum issued recently by Russia with regard to the interpretation of the treaty was based on the supposition that China would leave the treaty intact, inasmuch as revision would open up great difficulties and involve the long-standing Russian privileges, such as the exclusive right to navigate on the Sungare and exclusive trade in Mongolia. A revision of the treaty would involve new rights, which Japan would be certain to demand for herself, as Japan is far more active commercially and diplomatically than this country.

Russia is considering that China had less to lose by renewing the Russian privileges intact than by curtailing them, but the Chinese plans cannot be carried out without proking anew the question of the re-occupation of Kulja, as a Russo-Chinese treaty cannot be considered without reference to the events of 1881.

Victim of Wreck.

Vergas, Minn., June 5.—Mrs. L. S. Berg, wife of the president of the New Orleans, Mobile and Chicago Railroad, was killed, and Mr. Berg was seriously injured in a wreck of Minneapolis, St. Paul and Sault Ste. Marie train No. 109, northbound for Thief River Falls, at 11 o'clock Saturday night. The wreck was caused by a washout a mile south of Vergas.

Former Stayner Man Dead In West.

Manitou, Man., June 5.—There died early yesterday morning at his farm home near here, Dr. Young, aged 64. Deceased was one of the early settlers in this part. He was born in Ontario, where he taught school previous to graduating in veterinary science, which he practiced for some years at Stayner before coming west.

Girl's Body Found In Canal.

St. Catharines, June 5.—The body of Gertrude Dale, 15 years old, was found floating in the old Welland canal between Lock 21 and 22 yesterday by Owen Cummartford. The girl had disappeared over a week ago and it was feared she had done away with herself.

PEOPLE'S PULPIT.

Sermon by CHARLES T. RUSSELL, Pastor Brooklyn Tabernacle.

Pentecostal Blessings

The Second Pentecost Will Be For the World in General—It Will Be the Earth's Jubilee of a 1,000 Years.

adds, "I would not, brethren, that ye should be ignorant concerning this Mystery, that blindness, in part (only, not perpetual), has happened unto Israel."

Brooklyn, N.Y., June 4.—Pastor Russell continues to draw the largest audiences of any preacher in the world to his oral addresses, besides the millions who weekly read the printed reports of his discourses in the newspapers of the English speaking world.

The speaker called attention to the fact that the Prophet Joel mentioned two distinct outpourings of the Holy Spirit. One of these, upon the servants and handmaidens of the Lord, found its fulfillment at Pentecost; and during the more than eighteen centuries since, God's spiritual blessing has been not only with the Apostles, but with all the footstep followers of Jesus—all of God's servants and handmaidens.

St. Peter's statement, "This is that which was spoken by the mouth of the Prophet Joel," Pastor Russell said should not be taken to mean that what was witnessed in the upper room on the Day of Pentecost nearly nineteen centuries ago, completely fulfilled the Prophet Joel's predictions.

After these days of the Gospel Age—after these days of the outpouring of the Spirit upon God's servants and handmaidens—will come the glorious epoch of Messiah's Kingdom, in and through which God will pour out upon the world of mankind a great blessing of enlightenment and uplift from the sin and death conditions now prevailing.

Abraham of old typified Jehovah, and Isaac typified Messiah, born not of the flesh, but after the Spirit—by a special Divine interposition—according to God's promise. Of this antitypical Isaac class, Jesus is the Head, the Forerunner of the Church, as well as the world's Redeemer.

This Church class, or Messiah class, is variously referred to in the prophecies, as well as in the New Testament, as the "brethren" of Jesus, and as "sons of God."

This Spiritual Seed of Abraham, all saintly, will constitute the Church of the First-Borns, the antitype of the Priests and Levites of the Jewish Dispensation. With the completion of this Church, gathered out of all nations, sects and denominations, Divine favor will return again to the natural seed of Abraham.

After telling of the Divine election of the Church, the saintly few of both Jews and Gentiles, the Apostle

must all obtain their everlasting life through Him, and hence will be His children. Thus the Prophet David wrote of the future, "Instead of thy fathers shall be thy children, whom thou mayest make Princes in all the earth" (Psalm xiv, 16).

On account of this they are already declared to be worthy of a "better resurrection" than the remainder of mankind—but not so glorious a resurrection as will be granted to the Church. Their resurrection will be to the perfection of human nature—mental, moral and physical.

Those Ancient Worthies (Hebrews xi), will not only be illustrations of human perfection, but they will be made "Princes" or rulers in all the earth. They will be the outward and visible representatives of the invisible Messiah and the Agents through whom the Word of the Lord will go forth; as it is written, "The Law shall go forth from Mt. Zion (the Spiritual Kingdom), and the Word of the Lord from Jerusalem"—the earthly manifestation of the Kingdom amongst men.

Pastor Russell gave an extraordinary interpretation to a heretofore hard-to-be-understood portion of Joel's prophecy: "Your young men (in that New Dispensation) will see with clear vision what your Ancients dreamed of and related in parables." This vision of glory, the Pastor declared, would be the Reign of Righteousness and the Pentecostal blessing accompanying it, upon the willing and obedient, every one of whom would be brought to clear knowledge and full opportunity for salvation.

The order of the blessing is stated. It will come upon all flesh after those days, but upon the servants and handmaidens in those days. The days mentioned evidently refer to this Gospel Age—from Pentecost to the second coming of Christ.

In this period, of now nearly nineteen centuries, God's Holy Spirit has been granted to His faithful ones, and to these alone. Only the fully consecrated have been accepted of the Lord as living sacrifices, and only such have been begotten of the Holy Spirit, that they may be "new creatures in Christ." During all this time, the world has been unrecognized so far as the Holy Spirit is concerned.

Indeed, the Apostle after Pentecost went still further and declared that "the whole world lieth in the Wicked One." The only action of the Holy Spirit must be, as in the case of Felix, to "reprove the world of sin and righteousness and of a coming judgment." Our text declares, however, that the time is coming when the world will receive a share of the great Divine blessing, which was fully assured by the death of Christ.

Only Jews received the Pentecostal blessing. The Gentiles were excluded for three and a half years thereafter, in harmony with a Divine promise made to the Jewish nation. Then came the time for a similar privilege to be extended to the Gentiles.

I rejoice with you to-day, fellow-students of the Word of God, that this great gift of God is still obtainable, that this time has not yet fully come, when the door of opportunity to this high-calling must close. Close it will, so soon as the full number of the "elect" shall be completed. Thank God that another door will then open; the door of restitution to human perfection and to earthly life, grand beyond the power of description.

Then God's Holy Spirit—holy power—will, through Christ, be outpoured upon all flesh—upon all mankind. Messiah will inaugurate the New Dispensation by sealing with Israel the New Covenant in His blood; as says the Lord through the Apostle Paul, "This is my Covenant with them when I shall take away their sins. As concerning the Gospel they are enemies for your sakes, but as touching the election, they are beloved for the father's sake" (Romans xi, 27, 28).

This outpouring of the Holy Spirit is not merely for Israel, nor God's blessing merely upon Abraham's natural seed outside the Church class. It will include all of every nation desirous of coming into accord with God, after they shall have come to a clear knowledge of the Truth. All nations shall be privileged to enter into and enjoy Israel's great Covenant, by becoming children of Abraham through faith. And all rejectors of God's grace having been destroyed in the Second Death, the world of mankind will constitute the promised "seed of Abraham," whose number shall be as the "sands of the seashore," even as the Spirit-begotten ones of this Gospel Age are likened to "the stars of heaven."

Feminine Friendships. She—Have you ever met my two dearest friends? They are just lovely and so devoted. He—How long have you known them? She—Why, I've known Annette nearly ten days and Margaret almost a week.

His Conundrums. "Pop, tell me some conundrums." "Conundrums? Why, I don't know any conundrums, my son!" "Oh, yes, you do! I heard mother tell Aunt Mary the other day that you keep her guessing most of the time."

Makes a Concession. "Henrietta is not quite as uncompromising as she used to be," said Mr. Meekton. "Indeed?" "Yes. She told me yesterday that she was in favor of votes for men."

AYLESWORTH STAYS

He Will Run in Case of Summer Election.

AN ENTHUSIASTIC MEETING

Minister of Justice at Gathering of His Constituents Again Receives the Nomination for North York on the Understanding That T. C. Robinette Will Run if House of Commons Runs Its Course.

Newmarket, June 5.—If there is a general election this fall Sir Alan Aylesworth will probably be the Liberal candidate for North York. If Parliament runs its course he will carry out his intention to retire. That seems to be the situation in this riding after the nominations on Saturday, when the Minister of Justice was named as candidate with T. C. Robinette, K.C., as alternative. The Town Hall was very well filled and there was an abundance of enthusiasm among the Liberal cohorts.

Mr. Borden was not so much to blame, "it rests upon the wild men, some uncontrolled and uncontrollable men who sit about him." Sir Alan declared himself in favor of applying the gag. "The Government has no intention of bringing on an election at the present time," he stated. "That is not going to happen, you may take it as coming from me, unless the public business of this country is deliberately obstructed so that it cannot be carried on by the men you send to Ottawa to do your work."

"If His Majesty's loyal Opposition wants an election, they can have it; they know how to get it. "Bring on your election if you like, and we shan't turn our backs to them. "We are perfectly prepared to meet them on this question of reciprocity—yes, and to beat them." (Loud applause.)

The situation does not rest with Mr. Borden. It rests with the wild men, some uncontrolled and uncontrollable men who sit about him, who have hopes of safe constituencies for themselves, who play the act of Samson and pull the house down about their ears."

When the nomination was called Eugene Cane, Newmarket, offered the name of the Minister of Justice with the provision added that in the event of Sir Alan not being able to contest the election, T. C. Robinette, K.C., should be the Liberal standard-bearer without a further convention. John McCabe King, seconded the motion, which was received with cheers and long applause.

HERO LOSES LIFE.

Fletcher, Ont., Man Tries to Save Children From Horses.

Windsor, June 5.—William Parsons, aged 39, a machinist employed in Detroit and whose home is at Fletcher, Ont., was carried into St. Mary's Hospital Saturday, his spine fractured, both legs broken and his body a mass of bruises, as a result of his heroic attempt to prevent a team of frightened horses from dashing into a crowd of children who were watching a circus procession. Parsons died shortly after he was placed on the operating table, having literally given up his life to save the children, among the group being two of his own.

The accident occurred in Detroit on Jefferson avenue, near Beaufait, while both sides of the street were lined with children. The whistle of the steam calliope caused a team of horses, attached to a heavy truck, to take fright, and the driver was unable to control them. The animals made a wild dash straight for the group of little ones. Parsons happened to be standing nearby, and without hesitation he ran into the maddened horses, but was forced to loosen his hold and fell to the pavement. The forward wheel of the truck passed over his legs and the rear one across his back, breaking his spine. The runaway team was caught before doing any damage.

Perley Back on the Job.

Ottawa, June 5.—George H. Perley, chief Conservative whip, has returned to Ottawa after a short holiday, and will preside at the Conservative headquarters during the absence of Mr. Borden, first in Nova Scotia, and afterwards in the west. Mr. Borden goes east to-day. He is being flooded with applications for speeches at various western points, and the tour is likely to develop into a series of card meetings.

Saved in Nick of Time.

Kingston, Ont., June 5.—Sergt. Snedden and Constable Mullinger saved the life of Robert McDonald, a sailor on the steamer Turret Chief. While drunk, McDonald went to sleep under train, foot of Princess street, and the constable found him in the nick of time. He was fined \$1 and costs in the Police Court.

Steamers in Collision.

London, June 5.—The British steamer Hercules, from Pensacola for Rotterdam, and the Dutch steamer Ariadne, have both been badly damaged in collision with one another and have put into Dover for harbor.

Paterson Will Not Go West.

Ottawa, June 5.—Hon. Wm. Paterson, who had his trunk packed for a western trip to offset the Borden tour isn't going.
