minutes, and during his absence the church voted that a check for one hundred dollars be drawn in his favor, which generous gift was gratefully acknowledged on the pastor's returning to the chair.

All the officers eligible for reelection were returned to office by acclamation. Mr. Fred Sneyd and Mr. Wm. Southgate were chosen to fill vacancies on the Board of Deacons, caused by the removal from town of two members. In the same way Mr. Henry Clarke and Mr. J. H. Hume were appointed trustees, and Mr. Chas. Scott elected to the Finance Committee. At the conclusion of the business the ladies served light refreshments, after which the gathering dispersed with the feeling that the summary of the year's work was alike a cause for congratulation, and a call to new consecration. The church goes forth to another year of effort with harmonious hopefulness.

GARDEN HILL AND CAMPBELLCROFT

Girl Fell and Severely Injured Her Spine.

Mr. Willard Jones, of Swift Current, Sask., is here again on a flying visit. He intends to take unto himself a helpmate to go back with him, Miss Edyth Hoover being the lucky girl. The wedding took place quietly on June 7th.

Mr. Robert Rowe's second daughter fell out of the hay mow when searching for eggs and her spine is badly hurt, so much so that Dr. Beatty had grave hopes of her recovery.

Miss Gertrude Hamill has returned from visiting Peterboro friends. The lady delegates for the Women's Institute drew a large crowd out to hear them. They are the best speakers we have ever had the pleasure of hearing.

Quite a number went to Elizabethville Friday evening to hear the lady speakers for the Institute.

Mrs. Godson, of Toronto, is visiting her daughter, Mrs. John Watt. Morris Tamblin, who has been ill, is recovering nicely under Dr. Beatty's care.

Harry Ford spent the past week in Peterboro.

Mr. Alex. Walsh was the district delegate to Cobourg for the Methodist church here.

The Methodists presented Miss Hoover with a silver service before her marriage. She will be missed, as she has been the organist for some years.

CAMPBELLCROFT.

Mrs. Wm. Crews has returned home from Kendal.

Mrs. Dickson, of Bewdley, is visiting Miss Allison.

Mr. and Mrs. Arch. Hoover, of Lindsay, and Mr. and Mrs. Peter Hoover, of Madoc, and Miss Carrie Resor, of Markham, and Mr. and Mrs. Resor, of Markham, were in town attending the Jones-Hoover wedding.

MESSAGE FROM KING GEORGE V

The Guide is in receipt of the proclamation in which King George V. thanks the people for their devotion to the memory of his father. The proclamation is published by Tuck & Sons, Ltd., by command of His Majesty the King and is as follows:—

Marlborough House, Pall Mall West.

The voice of affection and of loving devotion to the memory of my dear father which has come from every part of the Empire, especially those in the capital during the two final stages of his passing to his last resting place and the pathetic manner in which vast multitudes of his loving subjects patiently and reverently awaited opportunity to pay a last tribute to his memory, have profoundly touched me and my whole family.

A sorrow so sudden and unlooked for might well have been overwhelming but the sentiments evoked by it have made me realize that it is a loss common to me and my people they share it with me.

I do not stand alone. With such thoughts I take courage and hopefully look into the future, strong in my faith in God; trusting my people and cherishing the laws and constitution of my beloved country.

GEORGE R.T.

the center aisle with a swing as though he owned the church.

A minister nowadays must not only satisfy the intellectual part of his hearers, but he must also appeal to the aesthetic tastes and be graceful and suave, behind the desk.

The old style Bible-bangers, who used to beat the pulpit cushion until the feathers flew, are out of date. What we want is mild and gentle people who will insinuate the truths of religion without making it too hard on the pewholders.

WEDDING BELLS.

A quiet but important event of more than passing interest to many in the community took place at Bewdley on Wednesday, May 31st, 1911, at 6:30 p.m., when Ada, youngest daughter of Mr. and Mrs. John Smith, was united in holy wedlock to John Mitchell Armstrong, third son of Mr. and Mrs. David Armstrong, south-west of Millbrook. The service was conducted by Rev. Wm Johnston, of Millbrook, who spoke the words that bound them as man and wife.

Mr. Armstrong was until last spring living on the 4th line of Cavan. In the spring he moved to a farm southeast of Baillieboro, close to Rice Lake, where he and his bride reside. Miss Smith was for some time clerk in Mr. Snelgrove's store, (now Mr. Sayles) where her tact and unflinching courtesy won for her a host of friends and was largely instrumental in building up for her employer a large and lucrative business. Lately as assistant to Postmaster Vance her services were eminently successful and her worth recognized by the citizens by a handsome purse of money on learning of her intended departure. The Mirror joins with the host of well wishers of this happy and popular young couple, in wishing them a long, happy and prosperous wedded life.—Millbrook Mirror.

FOR BALD HEADS

A Treatment That Costs Nothing if It Fails.

I want you to try three large bottles of Rexall "93" Hair Tonic on my personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of my faith in this remedy, and it should indisputably demonstrate that I know what I am talking about when I say that Rexall "93" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, I am basing my statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and I have the right to assume that what it has done for thousands of others will do for you. In any event you cannot lose anything by giving it a trial on my liberal guarantee. Two sizes, 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at my store—The Rexall Store. H. W. Mitchell, Phm. B.

Art Thou Mindful of Life?

At the recent session in Toronto of the Presbyterian Synod of Toronto and Kingston, the Committee on Social and Moral Reform, among many other suggestions and recommendations for the general all-round lift up of our people, passed in review the habits and manners of the rising generations with such a degree of faithfulness, as must be acknowledged by all who pass along the street with their eyes open, as should serve to sound the danger signal for every person upon whom is placed the responsibility of moulding the habits and thus shaping the future career and destiny of the youth of this generation. Here's the picture, then which none truer has ever been seen in any gallery of art on this terrestrial ball.

"Your Committee would draw attention to the very general lowering, within recent years of the standard of good manners among children, especially in the matter of respect for their seniors. There seems to be reason for apprehending that this condition, if not closely associated in its origin with a neglect of 'the first Commandment with promise,' cannot fail to result in that general disregard for parents and elders which must bring reproach and disaster upon the people and the generation which transgress. We also note a growing tendency on the part of the young to make their personal pleasure and amusement the whole aim in life. Instead of using the hours of youth in the pursuit of knowledge when it can be gathered easiest and retained best, and in the cultivation of habits of industry, the vast majority appear to study only how best to get the highest degree of

entertainment for each minute of the hours not compulsorily given to employment and sleep."

FALLING HAIR

Stop It In Two Weeks—Ask Any Leading Druggist About Salvia Hair Tonic

Hair falls out because the dandruff germs dig into the hair roots and sap them of their vitality. They appropriate the natural nourishment that supplies life and lustre to the hair.

To stop falling hair you must kill the germs. SALVIA is guaranteed to kill dandruff germs, banish dandruff, stop falling hair and itching scalp or money back. If your hair is thinning out SALVIA will promote a new growth. Clever women use it because it makes the hair brilliant and beautiful, and is not sticky or greasy. Large bottles 50 cents. Davison, Druggist, Official Agent.

NEW TRAIN SERVICE TO LAKE OF BAYS

An important feature that will be inaugurated during the coming season will be a new train service to "Lake of Bays" district. A standard Grand Trunk passenger train will leave Toronto with through coaches, parlor cars and dining cars at 10.15 o'clock in the morning, daily except Sunday, for Huntsville, reaching the latter point at about 3 o'clock in the afternoon, connecting with the steamers for points in the "Lake of Bays" District and affording passengers the opportunity of reaching their destination in time for dinner.

The Sunday evening boat service from the WaWa Hotel, Britannia, Point Ideal, Portage, Deerhurst and other important calling ports on "Lake of Bays" to Huntsville will be run on same schedule as for season 1910, during the months of July and August, and which will be a boon to week-enders desiring to return to the city for business on Mondays.

He Remembered Her

When the conductor came to collect the young lady's fare she discovered that she had left her pocket book at the office where she works as stenographer. It is a predicament not uncommon with city dwellers, but the rest of the story, as told, takes a new and agreeable turn.

Why, I'm afraid I haven't any money with me, she said looking very much embarrassed. The conductor said nothing, but stood there and waited.

I guess I'll have to get off said the girl. I have left my pocket book at the office.

Here lady, said a boyish voice from across the aisle. I got a nickel I'll lend you.

She looked at the nickel. Thank you, she said. I'll pay you back if you give me your name.

Don't worry about that, he replied. I'm the kid you gave the half dollar to last Christmas when you see me sellin papers down by the Savoy. I ain't forgot you. I'm sellin papers there yet.

She smiled at him when he left the car, and he was about the proudest boy in town.

BOY SCOUTS LEAVE

Ontario Contingent Given a Send-Off at Toronto.

PRESENTED WITH COLORS

Over a Thousand of Their Companions Gather to Say Good-Bye to the Lucky Lads Who Are Going to the Coronation—Spectators Warmly Applaud Smart Military Manoeuvres of the Little Chaps.

Toronto, June 9.—Over a thousand Baden-Powell Boy Scouts assembled at the armories last night to give the coronation contingent a good send-off. District Scoutmaster A. E. Mercer was in charge of the parade of the evening and directed the martial movements of the lads, who were heartily applauded by the thousands of spectators who thronged all the galleries and occupied every spare inch on the ground floor.

The chief event of the evening was the presentation of colors to the contingent, and this ceremony was performed by Mrs. W. K. George, after Rev. A. D. Casler of Beamsville, local scoutmaster, had led the whole gathering in repeating the Lord's Prayer. The colors—a Union Jack, a Canadian ensign and troop flag—were received on behalf of the contingent by G. Brander, Wallaceburg; D. Stoddard, Copper Cliff, and Percy Gibson, Bracebridge. The band of the 45th Highlanders played "Onward, Christian Soldiers," the scouts and spectators standing with heads uncovered.

Fearing Attempted Abduction.

Montreal, June 9.—Wm. S. Wokla, said to be a private detective from the States, was arrested here Wednesday night, and two others, A. J. King, of Toronto, and Leopold Brodie, were arrested at Goderich where they were negotiating for the location of a new process for the manufacture of salt. The charge is attempting to kidnap and the complainant is Stewart H. Jones, a New Yorker of wealth, who some months ago had a misunderstanding with his wife. In this the name of Leopold Brodie was mentioned. Suit was brought in New York and the court gave the custody of the two-year-old child to the father, and they came to Montreal.

Jones suspected that friends of the wife were trying to get the boy, and employed private detectives, resulting in the arrests.

"Let All Be Canadians."

Ottawa, June 9.—To-night a hundred delegates from Ottawa and vicinity leave for Windsor, to attend conventions of Le Union St. Joseph and the Catholic Order of Foresters.

There will be a parade, in which each man will carry a cane either engraved with or bearing a pennon inscribed "Let us all be Canadians."

May Drive Jews From Manchuria.

Victoria, B.C., June 9.—The Tokio Asahi, received on Wednesday by steamer, publishes telegrams from Harbin that the Chinese Chamber of Commerce there, at the suggestion of Russian merchants, has decided on the expulsion of Jews from the markets of Northern Manchuria.

Found Dead on Tracks.

North Bay, June 9.—An unknown man was picked up dead on the C.P.R. tracks near Warren. The body was that of a man five feet ten, weighing about 170 pounds, with short grey whiskers, and fairly well dressed.

MARKET REPORTS.

Liverpool Wheat Futures Close Higher, Chicago Lower—Live Stock—Latest Quotations.

CHICAGO, June 7.—Fear as to the effect the government crop report would have on the price of wheat made the market heavy today. Final trading showed a net decline of 1/4 to 1/2 to 3/4. The end of the session left corn, the same as last night to 1/4 below; oats off a shade to 1/4 to 1/2 and provisions running from unchanged to 1/4 advance.

The Liverpool market closed today 1/4 to 1/2 higher than yesterday on wheat, and 1/4 higher on corn. Buda Pest closed 1/4 higher on wheat, Antwerp 1/4 higher, Besta 1/4 lower, and Paris 1/4 higher to 1/2 lower.

MONTREAL, June 8.—There was a good demand from Bristol for Canadian western oats and the price showed an advance of 1/4 per quarter. Sales of several loads were made for June-July shipment at 15 1/2-16, and considerable more business could have been worked if ocean room for that shipment had been obtainable. There was a fair demand from local buyers for round oats, and several sales of extra No. 1 feed were made at 40c per bushel ex-store. The foreign demand for flour was quiet today, but a fairly good trade continues to be done for local account.

A TROUBLESOME MISGIVING

(Continued from Yesterday)

Christian tottered on his feet and turned so pale that the servant regarded him with anxiety. For a minute or two he stared vacantly into the gloomy hall; then, without a word, he turned abruptly and walked away.

Unconscious of the intervening, distance, he found himself at home, in his library. The parlour-maid was asking him whether he would have lucheon. Scarcely understanding the question, he muttered a refusal and sat down.

So, it had come at last. Constance was a widow. In a year or so she might think of marrying again.

He remained in the library for three or four hours. At first incapable of rejoicing, then ashamed to do so, he at length suffered from such a throbbing of the heart that apprehension of illness recalled him to a normal state of mind. The favourite decanter was within reach and it gave him the wanted support. Then at length did heart and brain glow with exulting fervour.

Poor Constance! Noble woman! Most patient of Martyrs! The hour of her redemption had struck. The fetters had fallen from her tender, suffering body. Of him she could not yet think. He did not wish it. Her womanhood must pay its debt to nature before she could gladden in the prospect of a new life. Months must go by before he could approach her, or even remind her of his existence. But at last his reward was sure.

And he had thought of Twybridge, of his cousin Janet! O unworthy lapse!

He shed tears of tenderness. Dear, noble Constance! It was now nearly twelve years since he

SCHEME IS DROPPED

Botha and Laurier Oppose Imperial Standing Committee.

FISHER AND WARD FOR IT

Rt. Hon. Lewis Harcourt Brings Up His Proposal to Have an Imperial Advisory Body But Two of the Premiers Are Unable to See the Advantages of It and the Scheme Is Withdrawn.

London, June 9.—The Imperial Conference yesterday resumed consideration of Rt. Hon. Lewis Harcourt's proposal for a standing committee. Harcourt, since the previous week's discussion, had circulated a memorandum stating that the standing committee would, in effect, be a subsidiary to the conference, meeting at more or less regular intervals for the transaction of business referred to it by the Secretary of the Colonies, with the assent of the Dominion Governments. It has been by no means uncommon, he said, for the Governments to nominate and use an advisory committee as an aid to administration. Ministers found them of great service as a method of securing interchange of views among public departments and commercial interests, both one and the other being adequately represented in the committee.

Harcourt proposed that the committee consist of a secretary for the Colonies, the Parliamentary and permanent under secretary, the assistant under secretary for the Dominion, the Imperial Conference secretary, the High Commissioners for Canada, Australia, New Zealand, South Africa, the representative of Newfoundland and the secretary to the committee.

While it was undesirable at the outset, he said, to define too precisely the duties of such a committee, it must be advisory and not executive. Therefore there is no necessity to confer voting power. It must deal only with matters concerning a past conference or preparations for an approaching one. In all cases the Dominion Governments should be consulted through their governors as to their willingness for the submission of questions to the committee. It would be unnecessary to keep any detailed minutes of the proceedings.

Harcourt wound up the memorandum by reiterating that the Imperial Government does not desire to press the appointment of the standing committee upon the dominions if they were unwilling to accept the proposal. The Government, however, was of the opinion that such standing authority might be of substantial advantage securing efficiency in the working of the business of the secretariat and of the conference.

Sir Wilfrid Laurier said he did not view the proposal with favor, but was prepared to hear the views of the other members upon it.

Sir Joseph Ward thought there would be considerable improvement if some such bridge as suggested existed between one Imperial Conference and another, over which could be carried matters not brought to a final issue. While he did not agree with all suggestions in the memorandum, he thought that the existing machinery was not sufficiently complete. With slight alterations, Harcourt's suggestions would meet the position.

Harcourt said that, in deference to various criticisms, he proposed to omit reference to the high commissioners as representatives of the dominions, leaving it for the different Governments to appoint whom they pleased to represent them on the committee.

Premier Fisher thought the time had arrived when there should be a body to carry on the work between conferences. This year the Home Government had taken the delegates entirely into their confidence in regard to matters of great concern to them all. It made it all the more necessary that there should be some subsidiary body to facilitate closer communications than had hitherto existed. He agreed that such a body should be purely advisory. The respective dominions should be free to appoint their own representatives, in view of the confidence extended to them. It seemed to him that the conference would have held shorter periods than four years unless powers were entrusted to some person or body than at present.

Hon. E. L. Batchelor of Australia, with regard to the suggested limitations and the additional one that each question should only be referred to the committee with the consent of all the Dominion Governments, said that there would hardly be any doubt as to the advisability of the standing committee.

Gen. Botha said he could not accept the proposal as it stood. The object of the conference was to secure uniformity and to obtain the attendance of members of the same standing. This would need to be secured if some dominions send high commissioners and other selected officials of a different kind. He was wholly favorable to a subsidiary conference, to which overseas Ministers would be sent to consider special questions. The proposed standing committee ought not to discuss such matter or interfere in any way with the work of the responsible Governments.

Harcourt said they had had a useful and informative discussion, but, in view of the opinions expressed, he would not proceed further with the proposal. The resolution of New Zealand dealing with the reconstitution of the Colonial Office for similar reasons was also withdrawn.

The President sent for Gen. Madero early in the morning, and the conference lasted till midday. The installation of governors in the various states, the distribution of soldiers and the situation in Lower California, where the Socialists refuse to acknowledge the authority of the present Government, were among the subjects discussed. The capital is quiet, after a night of riotous demonstration on Wednesday night to welcome Madero. The members of the general's family are greeted with ovations whenever they appear on the streets.

Statistics Not Fair to the Presbyterian Church.

THE FUTURE OF QUEEN'S

Momentous Matter Will Come Up For Discussion at General Assembly Today—Rev. J. Bodrug Says Work In West Among Foreigners Is Full of Promise—Church Union Committee Is Chosen.

Ottawa, June 9.—One of the biggest questions for the Presbyterian general assembly, in fact, ranking with church union for first place, is the proposed separation of Queen's University from the church. This constitutional change was dealt with in the college report, represented by Principal Gordon, but so important was it considered that it was left over until today.

The committee on church union has been named and will hold its first meeting today. The committee is a large one, with Prof. Ballantyne of Knox College, Toronto, as convener.

The missionary work in the west was the feature of the meeting of the general assembly last night. Rev. Dr. McLaren, home missionary secretary for the western section, spoke of the bright and less favorable features of the situation.

A great deal of interest was centered in the address of Rev. J. Bodrug, the Ruthenian or Galician representative at the assembly. He said that the missionary work was never going on better in the west. There was never a time when the missionaries were being better received, and never a time when the Presbyterians of Canada were more liberally supporting this great cause. He pictured great things for the Dominion if the people addressed themselves to the great work of peace and righteousness.

Rev. Dr. Somerville, in connection with his report on statistics, pointed out that in the west great difficulty was encountered in securing accurate statistics. There were so many changes, both in ministers, missionaries and congregations, that reports could not be obtained from a great number often. There should, however, be more attention paid to this. The general assembly in cases where it was making grants for missionaries, it surely was entitled to know whether five or twenty-five families were being served. Any missionary who failed to make this report should be called upon to explain. It makes the membership of the entire church much smaller than it really is.

Macaulay Is Chairman.

Kingston, June 9.—At the Canada Congregational Union meeting yesterday, T. B. Macaulay, Montreal, managing director of the Sun Life Assurance Co. was elected chairman for 1912.

It was reported that total membership of churches is 12,204, an increase of 908; value of churches, \$1,547,635, increase of \$325,000; amount of money raised, \$210,659, increase of \$11,770.

Rev. John Murray, Shanty Bay; Rev. John T. Tucker, St. John, N.B.; Rev. A. G. Shepp, Ottawa; Rev. Herbert Moule, Montreal; Rev. E. J. Thompson, Keswick Ridge, N.B., and Rev. G. Watt Smith, Ottawa, were received into membership.

Canada and the "All-Red."

London, June 9.—That Canadians are eager for an all-red cable line is the opinion of The Yorkshire Post, but it declares that Sir Wilfrid Laurier hesitates to commit Canada to any new scheme of Imperial co-partnership. "Just now," The Post adds, "whatever Laurier opposes at the conference seems to end in smoke."

According to The Birmingham Post practically everything in this "All-red" connection depends upon the attitude and the action of Canada. It is felt that the Dominion ought to take the lead in engineering skill as well as in the matter of capital.

Guilty of Perjury.

Woodstock, June 9.—James Young, a local man, who ran off to Ingersoll with a girl in her teens a few weeks ago, was brought back with his young bride and compelled by the court to live with her parents. It was charged that he had sworn falsely to the girl's age, and yesterday he was tried for perjury and was found guilty. The magistrate suspended sentence on condition that the marriage be solemnized in the regular way, that he works steady from now on and supports his wife, and that he provide bonds to the amount of \$500 for his future good behavior.

Boy Fell Fifteen Feet.

Toronto, June 9.—Seated on the window sill of the front upstairs room of his home at 19 Inkerman street at 10.30 last night, ten-year-old John McDonald was preparing to retire when he overbalanced and fell fifteen feet to the sidewalk below. He was picked up in a semi-unconscious condition with his face severely bruised. Medical aid was called, and it was thought that the skull might be fractured. He was sent to the Hospital for Sick Children in the police ambulance.

Caught in a Box Car.

Peterboro, June 9.—John Dougherty was sentenced in the Police Court yesterday afternoon to six months in jail at hard labor for his part in the theft of \$54 from Robert Brown, whom he and Vernon Killenbeck robbed while Brown lay in a drunken sleep in a box car, where they took him. Dougherty skipped to Port Hope, where he was arrested with \$27, his bail being caught in the city with the remainder. Killenbeck was committed for trial.

Drowned Trying to Save Dog.

Ottawa, June 9.—Mrs. Robert Stevens of Aylmer yesterday afternoon tried to save her dog, which fell from the Aylmer wharf, and herself fell in and was drowned. Her daughter called for aid, but a man in a boat came up too late. The woman was 40 years of age and leaves a family of three and a husband.

SHELDON ON TRIAL.

Montreal Financial Wizard Faces Jury on Charges of Fraud.

Montreal, June 9.—The case against Charles D. Sheldon, the get-rich-quick wizard, who left Montreal last October, after receiving thousands of dollars from investors on his promises to earn them 30 or 40 per cent., came up in the courts yesterday.

The trial was a short one, occupying in all, scarcely more than three hours. Judgment will be rendered this day week.

Hormidas Pelletier, who conducted the defence, called only one witness, Alex. Burnett, Sheldon's bookkeeper, and now curator.

In summing up the case for the defence, Mr. Pelletier pointed out that Sheldon's clients had given him the money to use at his discretion, knowing that they must expect to share losses as well as profits; that there was nothing in the transactions to suggest fraud or fraudulent intent, and that the books were kept in proper order.

The crown prosecutor insisted that there was every evidence of premeditation on Sheldon's part; that he had accepted money on the very night of his departure; and that he had received money for a purpose, and that this money was unaccounted for.

Outlets For Chinese.

Ottawa, June 9.—Hereafter the Chinaman can get to a southern American destination via Canada and the United States, without having to cross the continent from west to east.

The United States sometime ago abolished a regulation under which bonded Chinamen, desiring to pass through the United States, could enter the Republic at various points along the Canadian frontier. The Chinamen coming east through Canada have had to take ship at St. John, and go into the United States at Boston, a port of entry for Chinese.

The C.P.R. has arranged with the United States Government to enter bonded Celestials at nine frontier points, and the Dominion Government has passed an order-in-council allowing Chinamen to be manifested at nine corresponding Canadian points: Huntingdon, B.C.; North Portal, Sask.; Emerson, Man.; Windsor and Bridgeburg, Ont.; Athelstone, Abercorn and Megantic, Que., and McAdam, N.B.

PERSONAL.

Mr. Edward Hansman, of New Liskeard, is visiting friends in town.

52 YEARS.—Fifty-two years ago today Dr. King was hanged at Cobourg.

Miss Cora Charters, of Clinton, is visiting her sister, Mrs. (Rev.) W. G. Clarke, South street.

Mr. Charles Spiers left this morning on his trip to England. He intends to visit Germany and will be absent about two months.

Mr. George Hansman, of New Liskeard, is in town attending the 60th wedding anniversary of his parents, Mr. and Mrs. Michael Hansman, Cavan street.

BAND AT ROLLER RINK.—The band will be in attendance at the Roller Rink on Saturday evening.

PETERBORO JEALOUS.—The British census gives Old London a population of nearly eight millions. Fancy how jealous Peterboro must feel. Wake up, Quaker Oats!—Campbellford Despatch.

WHY NOT HERE.—Out in Lindsay the Council have passed a bylaw making it compulsory for all milk vendors to take out a license. It also provides for the proper inspection of the milk and the standard was fixed at 3 per cent butter fat.

ANOTHER VISIT.—A rumor prevails in Port Hope that Jimmy Reynolds is going to pay another walking visit to Newcastle next Monday, and if the town treats him well everybody will expect him to spend the day among old acquaintances.

CONGRATULATIONS.—We extend hearty congratulations to Earl Gillies, Vernon Storey and Stanley Walsh on being successful in passing their examinations in first year in medicine and to Percy Green on successfully passing his Pharmacy examinations. More credit to Port Hope schools.

A TEST.—A comparative test of the physical and mental equipment of country and city boys was recently made at Cornell University, which has an attendance of 1,860 students. The boys from the farm were found to lead in statue weight and chest expansion while the city boys excelled in activity and mental concentration. The urbanites wore smaller shoes, and the ruralites larger hats. The net result was a draw.

TOO MANY HOLIDAYS.—The barber shops have decided to close every Wednesday afternoon during June, July and August. Formerly these shops closed only in July and August, but for some unknown reason they have included the month of June. With a half holiday every week for three months of the year and the barber shops closed every night with the exception of Saturday at 8 o'clock sharp, it will soon be necessary for the townspeople to do their own barbering.

A WORD TO PARENTS.—"Let the parents of boys and girls be taught the responsibility they have with their children. They should be taught morality in the home. Playgrounds should be provided, properly supervised, where the youngsters, after they are out of school, may be looked after. Steps should be taken to prevent them congregating on the streets, and, above all, the parents should keep their children off the streets at night. Your aims are praiseworthy, but, pardon me for saying it, misdirected."—London.

Mac Taggart's

A DEVOTED HEN.

The white Leghorn hen owned by John Grohan, of Glenvale, which a few weeks ago followed him on board a trolley car to give him a nicker he had dropped while running for the car, again proved her devotion the other day when Mr. Grohan was building a small chicken coop.

The hen watched him pick up half a dozen nails and drive them home. Then she walked over and picked up one with her beak and dropped it in his hand. Mr. Grohan got so excited over this that he smashed his finger.

Seeing he could not hold the nails, the hen took a nail in her bill and placed her head near the board. With a gentle tap Mr. Grohan started the nail and the hen then picked up another. It was an easy job after that, the hen holding the nails against the boards and Mr. Grohan driving them home. The coop was soon completed.—Tarrytown (N.Y.) cor. New York Herald.
