CORONATION CONTINGENT

Three Men to Represent 46th

Orders are just out for the composition of the Coronation Contingent, and the 46th Regiment will be entitled to three representatives. The N. C. O's. and men selected are to be chosen from the most efficient Companies, and the representatives must each be from different Companies.

No applications from anyone who has already taken part in former contingents on such great occasions as the Jubilee of the late Queen Victoria or the coronation of the late King, will be considered.

Preference is to be given to those who have served in the Field, but they must at present be included in the service roll of the Unit to which they belong.

Applicants must have completed the full military training in 1908, 1909 and 1910, and must be of suitable height and physique and thoroughly trained.

Any members of No. 1 Company who can comply with the above requirements and who desire to be considered applicants should leave their names at once with Capt. Alf. Long.

LINEMAN MET DEATH FROM A LIVE WIRE

Belleisle Intelligence

While death by electrocution is not authorized in this country, it sometimes takes place, and is always accidental. At one o'clock this afternoon a fatal accident occurred on Coleman street in front of the Deacon Shirt Company's Factory, which was destroyed by fire some time ago. The victim was Henry Vallee, a lineman for the Bell Telephone Company, and he met almost instant death by electrocution.

It appears that Vallee had been working all morning on a telephone line on Coleman street. He made his way along the line by use of a swing seat which was attached to the heavy wire he was working upon. After dinner, about one o'clock, he ascended a short pole in front of the Deacon factory and was seated upon his aerial swing preparatory to commencing his afternoon's operations, when he was seen to fall across the arm of the pole and hang in that position.

An alarm was once raised and many spectators were upon the scene in a few minutes. It was apparent to the bystanders that the unfortunate man had touched a live wire, and his position was evidently critical. As quickly as possible

word was despatched to the Trenton Electric Company and power was shut off that portion of the service. A fellow employee of Vallee, named Hutchison, as soon as possible went up the pole, and after some trouble, succeeded, with the assistance of others, in bringing the victim to the ground. It is stated that Vallee was at that time breathing, but this is probably not correct.

Medical aid was summoned and Dr. Platt was soon upon the scene, as was also Dr. Yeomans, the coroner. Although an effort was made to resuscitate Vallee, it proved futile, as the spark of life had fled. The body was handed over to Tickell & Sons and taken to their undertaking establishment to be prepared for burial.

While no minute examination of the body was made at the place where the accident occurred, there was evidence of the victim receiving a heavy voltage. His face and hand turned black soon after he had been released. Up to the time of writing it had not been decided whether an inquest would be held or not.

In conversation with one of the linemen, it was ascertained that Vallee was a young man about 23 years of age and was a Frenchman, whose home was near Montreal. He had been employed by the Bell Telephone Company for some six years and had been working on the line in this city for about a month. It was stated that the "unfortunate man was shortly to be married, which, if true, makes the affair much more distressing. Fellow employees who have worked with Vallee referred to him as a capable and careful workman and one who was well liked. The remains will be shipped to Montreal after being prepared for burial.

OTTAWA 7, GALT 4.

A despatch from Ottawa says:—The Ottawa team easily disposed of Galt, champions of the Ontario Professional League, in the Stanley Cup match at the Arena Monday night. At the finish the score was 7 to 4 for Ottawa. Notching two goals while Galt had a man on the fence in the first period Ottawa held the visitors without a tally and opened the second session by making it four to nothing. Berlanquette bagged two for Galt, one while Darragh was off and another while Walsh was with the timers.

Ottawa led by four to two when the last period began. Walsh made it 5-2 on Darragh's pass, and Doherty in ten seconds slammed one in for Galt. Ridpath dodged from end to end and made it six to three and Kerr was responsible for the tenth, the eleventh going to Smith, the Galt captain, on a lucky shot. Toward the finish the crowd shouted for Ottawa to double the score, but Hague's good work and the indifferent shooting of the home team prevented further tallying.

It was the poorest exhibition of the season and the crowd was small. The ice was covered with water in some places, and the conditions were adverse to the style of Ottawa play. It is doubtful if Galt will ever again try for the cup, for they at times seemed in their element, whereas the fast Ottawa team was never able to loosen up. The Ottawa players seemed content with their safe lead, and only at intervals did they extend themselves. It was slap-dash hockey from beginning to end, the Galt team adding a little spice by their roughness. They checked like "bush-

whackers" and earned no fewer than 25 minutes in penalties.

It was impossible to play good hockey, and occasionally the Ottawa forwards shinned the puck from one to another. Less than 2,500 attended the game. Bowie and Duncan Campbell officiated, and their rulings found much disfavor with the Galt supporters, about 50 of whom were present. Hague and Berlanquette were the best of the visitors.

GALT TEAM'S SOUVENIRS.

Just previous to the game the members of the Galt team were honored for winning the Ontario Professional championship. The officers and players gathered at the Windsor hotel and each member of the challenging seven was made the recipient of a gold fob and locket suitably engraved. The presentation was made on behalf of the citizens of Galt by Mr. H. W. D. Brown, souvenirs going to Hague, Baird, Murphy, Serviss, Mallen, Berlanquette and Doherty. Captain Tom Smith replied on behalf of the challengers, hoping that the Galt team would lift the cup and that, in any event, the team would be intact next season. The Galt team disbanded after the game, Smith, Hague, Baird and Murphy remaining in Ottawa, while Doherty, Serviss, Berlanquette, Mallen and others of the party left for their respective towns.

Texas would have no trouble in finding congenial company there, in fact they could learn something by listening. These men seem to find a source of enjoyment in using epithets that are the undesirable inheritance of language from the barbarous ages and this unmistakable index to barbarous characteristics, they seem to take a delight in maintaining.

Would not these same men who are addicted to the use of profanity and do not seem at all particular who knows it, be loudest in condemning their wives, daughters or sweethearts, for using the same language? Is a vicious vernacular less becoming to a woman than to a man? If it is, it is an erroneous conception of the fitness of things that has made it so. Any man who permits himself to give vent to his feelings in words that are contrary to all law and decency till it becomes an unconscious habit with him to do so, is not only jeopardizing his social position, and losing his self respect, but is lowering his moral standard, thus becoming a degenerating influence in the circle in which he moves.

TO CARE FOR DEFECTIVES

Backward and Abnormally Slow Children Are Provided For In Bill Introduced In Legislature by Hon. Dr. Fyne—Church Doors Must Open Out—Wards and Officials of Institutions Held Responsible

Toronto, March 11.—Four Government bills were introduced yesterday afternoon, which made a record for a Friday sitting of the Ontario Legislature.

Hon. Col. Matheson introduced a bill for the control of moving picture shows. The new act provides for a central board of three censors, who are to pass upon and either stamp or disapprove all films before they can be legally exhibited.

A bill was also introduced by the Provincial Treasurer which places the responsibility for egress doors of churches opening outwards upon incumbents, churchwardens, trustees and congregations jointly and severally, who will be made liable for injuries sustained by persons in consequence of the violation of the statute.

Hon. Dr. Fyne introduced a revision bill with respect to anatomy, and an advanced educational measure in relation to the tuition and medical care of defective children.

The bill provides that the Board of Education or the Board of Public School Trustees of any city may establish and conduct in connection with any school building, or in a separate school building provided for that purpose, special classes for children who are backward or abnormally slow in learning, or who from physical or mental causes require special training and education.

Special grants will be made under regulations to be issued by the Department of Education. Hon. Dr. Fyne announced that the investigation by F. W. Merchant into the bi-lingual schools had not yet been concluded and that no report whatever had been received from him.

W. H. Hearst, Sault Ste. Marie (Ont.), resumed the debate on the anti-reciprocity resolution. He was wonder-struck at the great and sudden admiration now being expressed by Liberal defenders of the agreement because in different conditions entirely he had favored reciprocity.

Living Yet Dead. Toronto, March 11.—On account of the many foolish actions of George H. Annett, former farmer in Lambton County, and for the past two years confined in the Homeless Sanitarium at Guelph, Chancellor Boyd has decided that he must be considered in the lunatic class.

May Use Niagara Power. Sarnia, March 11.—Though the town council recently decided not to go into the Niagara power scheme, new light has been thrown on the way that the G.T.R. may use the town's power for the St. Clair Tunnel, hence the Niagara juice would come much cheaper.

Ask Increase of 1.ages. Kingston, March 11.—A request for increase in wages has been made by the engineers and firemen on the Kingston & Pembroke Railway, and it is stated that they are likely to succeed. Their claim is made on fact that the cost of living has increased.

Hon. Frank Oliver Discusses Settlement of Clay Belt

MR. MONK OUT OF ORDER

He Brings Up the Subject of the Georgian Bay Canal, But Discussion Proves to Be Irregular—Hon. Sydney Fisher Will Bring In the Amendments to the Seed Control Act in House To-day.

Ottawa, March 14.—When the immigration estimates were under consideration in the House of Commons last evening, James Arburs (Parry Sound) asked the Minister of the Interior if any effort had been made by the Dominion Government to bring people in for the unsettled portions of Ontario, such as along the line of the National Transcontinental and T. & N. O. Railways.

"So far the Government has not taken up the question of colonization in Northern Ontario," replied Mr. Oliver. "We have an interest in colonization in what might be called the western part of Ontario. We have an agent at Port Arthur, who deals with the Thunder Bay and Rainy River Districts."

"We have not taken up this question for the reason that until the National Transcontinental is built and in operation, the clay belt is hardly accessible for settlement," Mr. Oliver admitted there was land along the T. & N. O. between North Bay and Cochrane, but he did not know whether it was sufficiently desirable to warrant the Government in making any special effort.

"But," he added, "as soon as the clay belt is made available by the construction of the National Transcontinental, there is no doubt the Government will be quite willing to take up the question in assisting to direct colonization to that part of the country."

Under an amendment to the motion to go into committee of supply, ostensibly for the purpose of considering the transportation aspect of the reciprocity proposals, F. D. Monk (Jacques Cartier) precipitated discussion of the Georgian Bay Canal scheme, which was fair on the way to dividing the House, when Sir Wilfrid Laurier discovered that a private member could not propose a resolution that involved an expenditure of money.

Several members had spoken before the point of order was raised, and the matter was suddenly dropped. It showed, however, the tendency of Eastern Ontario and Quebec members to favor that scheme over the enlargement of Welland Canal.

Mr. Monk said he was influenced to bring the transportation matter forward by the influence of J. J. Hill in favor of reciprocity owing to his railway connections in the west.

Mr. Monk urged upon the Government the necessity of the immediate construction of the Georgian Bay Canal. His amendment to the motion was that the House, in view of a possible diversion of the country's carrying trade from Canadian channels, and in order to insure the most favorable conditions of transportation between western points and the Canadian Atlantic seaboard, records its opinion and determination that the construction of the Georgian Bay Canal should be commenced forthwith, so as to preserve and further facilitate interprovincial trade and the carrying of freight by inland bulk from the Great Lakes to the sea.

Mr. Fisher will introduce a bill this session to amend the Seed Control Act, and has given notice that on Wednesday next he will move a resolution on which the legislation is to be founded.

It is expedient, says the resolution, to amend the Seed Control Act by providing that the Government-in-charge may make regulations determining the species of farm weeds, which shall be included within the meaning of the term 'noxious weeds.' That no person shall sell, or have in possession for sale for the purpose of seeding and seeds of cereals, flax, grasses, clovers, or forage plants, except timothy, alsike or red clover and alfalfa, unless they are free from any seeds of noxious weeds, and unless the receptacle is marked with the name and address of the seller, the name of the kind of seed, the seeds of which are present in the seed offered.

That no person shall sell, offer, expose or have in possession for sale, for the purpose of seeding any of the said seeds, if the seeds of noxious weeds or other useless or harmful plants are present in greater proportion in the seed sold, than the maximum number of such seeds that may be permitted of the grade designated therefor.

Election Riot at Fredericton, N.B.

Fredericton, N.B., March 14.—As a climax to a lively civic election a free fight ensued during the speeches of the candidates after the polls closed. The police took a hand and made two arrests. The crowd turned on them and took their prisoners away, handling the bluecoats roughly. There is great excitement in the city and the opponents to the enforcement of the Canada temperance act elected their whole ticket yesterday.

Two In the Running.

Chippawa, March 14.—Geo. Brown and Edward Whiteman were yesterday afternoon nominated for councillor to succeed William Hogg, who resigned rather than have proceedings to disqualify him instituted. The election takes place on March 20.

Good Roads Campaign.

Kingston, March 14.—The Kingston Automobile Club has decided to inaugurate a vigorous campaign for good roads in the county. They will also seek for enforcement of the rules and regulations governing traffic on roads.

MARKET REPORTS.

Liverpool Wheat Futures Close Higher, Chicago Lower—Live Stock—Latest Quotations.

CHICAGO, March 13.—Heavy selling carried down the price of wheat to-day after experts investigating had declared the damage from Hessian fly to be consequential. Closing figures showed a decline of 1/4 to 1/2. Other chief cereals finished also with a loss: corn off 1/4 to 1/2; oats, 1/4 to 1/2. Provisions at the end of the day were the same as Saturday, high to 1/2 below.

The Liverpool market closed to-day 3/4 to 1/2 higher than Saturday on wheat, and 1/2 higher on corn. Antwerp closed unchanged on wheat, Berlin 1/2 lower than Saturday, Budapest 1/2 lower.

Union Stock Yards. TORONTO, March 12.—Receipts of live stock at the Union Stock Yards were 74 carloads, consisting of 1343 cattle, 174 hogs, 1195 sheep and lambs, 27 calves and 63 horses.

Exporters. Geo. B. Campbell bought 24 export cattle for Morris & Co. at 4.50; 54 steers for London, 127 lbs. each, at 4.97; 51 steers for Liverpool, 1120 lbs. each, at 5.55; also 200 steers for Liverpool, 1220 lbs. each, at 5.20.

Butchers. Prime picked butchers sold at 5.50 to 5.50; medium, 5.25 to 5.25; low, 5.00 to 5.00; medium, 5.25 to 5.25; low, 5.00 to 5.00; medium, 5.25 to 5.25; low, 5.00 to 5.00.

Veal Calves. Veal calves sold at 2.50 to 2.50 per cwt. Prices for sheep and lambs were a little firmer. Sheep, ewes, sold at 4.50 to 5.00; rams, 4.50 to 4.50; lambs, 4.50 to 4.75 per cwt.

Hogs. Prices unchanged at 5.50 for select, fed and watered, and 5.25, f.o.b. cars at country points.

Montreal Live Stock. MONTREAL, March 13.—At the Montreal Stock Yards west end market the receipts of live stock for the week ended March 11 were 2000 cattle, 1200 sheep and lambs, 300 hogs and 120 calves. The supply offered this morning consisted of 500 cattle, 150 sheep and lambs, 1100 hogs and 50 calves.

Owing to an increased supply of cattle, a weaker feeling developed in the market, and prices, as compared with those of a week ago, show a decline of 1/4 per pound, and in consequence of which the drovers complain very much as they claim that the week has not realized as much as the cattle cost them had down here.

The quality of the cattle coming forward was never better at this season of the year, it being well finished, consequently butchers had no difficulty in making their choice. At the above reduction noticed in prices the demand was fairly good, and in addition to those bought for local consumption, several carloads were taken for shipment to Quebec.

Several carloads of choice steers were sold at 5.50 and good stock at 5.25 to 5.25 per 100 pounds, and a few extra choice steers brought as high as 5.50 to 5.50, but these prices were very exceptional, as the bulk of the trading was done at 5.00 to 5.00; choice, 5.25 to 5.25; fair to 5.00 to 5.00, and the lower grades at 4.50 to 4.50 per pound. There were a number of heavy bulls on the market, which sold at 3.00 to 3.50 per pound.

The tone of the market for hogs was weaker, and prices declined 1/4 to 1/2 per 100 pounds, which was attributed to the increased supplies and the accumulation of stock at spot, and the indications are that values will go still lower in the near future. The demand from packers was fair, and sales of selected lots were made at 5.25 to 5.25 per 100 pounds, weighed off cars.

On account of the very limited supplies of yearling lambs coming forward, a stronger feeling prevailed in the market, and prices advanced 1/4 to 1/2 per 100 pounds, with sales at 4.50 to 4.50 per 100 pounds, and spring lambs sold at 5.00 each. Sheep were steady under a fair demand at 5.00 per pound. A few very choice calves brought as high as 12.00 to 12.00 each, and the lower grades sold at from that down to 4.00 each.

Cast Buffalo Cattle Market. EAST BUFFALO, March 12.—Cattle—Receipts, 350; market active and steady; prime steers, 3.50 to 3.50; butcher grades, 2.50 to 2.50; cows, 2.00 to 2.00; calves, 2.00 to 2.00; sheep, 2.00 to 2.00; hogs, 2.00 to 2.00; pigs, 2.00 to 2.00; mixed, 2.00 to 2.00; heavy, 2.00 to 2.00; roughs, 2.00 to 2.00.

FALLING HAIR

Stop It In Two Weeks—Ask any Leading Druggist About Salvia Hair Tonic

Hair falls out because the dandruff germs dig into the hair roots and sap them of their vitality. They appropriate the natural nourishment that supplies life and lustre to the hair. To stop falling hair you must kill the germs. SALVIA is guaranteed to kill dandruff germs, banish dandruff, stop falling hair and itching scalp or money back. If your hair is thinning out SALVIA will promote a new growth. Clever women use it because it makes the hair brilliant and beautiful, and is not sticky or greasy. Large bottles 50 cents. Make Harem Skirt Illegal. Springfield, Ill., March 10.—Harem and hobble skirts were the subject of a bill presented in the House yesterday by Representative Murphy, of Chicago.

"Hobbles," measuring less than one and one-half yards, and not more than three yards at the bottom, are prohibited. An absolute ban is placed upon the "Harem" skirt, by the bill, which prohibits any woman appearing in public in the garb. Heavy fines for violation of the proposed law is provided.

Appointed Postmaster. Kingston, March 10.—John Druce has been appointed postmaster at Kingston station. He succeeds Alex. Campbell.

At a meeting of the board of directors of the Thousand Island and St. Lawrence River Steamboat Co., W. J. Douglas resigned as director, and Henry Perry, Buffalo, general passenger agent of the New York Central Railway, was appointed in his place. B. L. Jones, Buffalo, was also elected director.

Coronation at London. London, Ont., March 10.—Arrangements have been completed for holding a mock coronation here, June 22, on the biggest carnival scale ever attempted in London. It is expected that 10,000 members of the Canadian Order of Foresters and friends will be here for the Empire's holiday. The king and queen for the ceremony are to be chosen by popular ballot through newspaper coupons.

Perjury Charge Withdrawn. Woodstock, March 10.—M. T. Buchanan elected to be tried at the next assizes on the graft charges. The perjury charge against him was withdrawn.

For Constipation. A Medicine That Does Not Cost Anything Unless It Cures. The active medicinal ingredients of Rexall Orderlies, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 10c. Sold only at my store—The Rexall Store. H. W. Mitchell.

Race For Dreadnoughts Means Revolution, Says Grey.

NEGOTIATING WITH KAISER

England's Foreign Secretary Says He Is Hopeful of an Agreement on the Question of Armaments With Germany—To Go on Means a Revolution of Those Who Have to Foot the Bills of the Navy.

London, March 14.—Sir Edward Grey, the Foreign Secretary, leading the House of Commons last night, in Premier Asquith's absence, made an important pronouncement on the Government's naval policy.

Secretary Grey, affirming Mr. McKenna's statements, emphasized the cordiality of Great Britain's foreign relations and his earnest desire that nothing should disturb these friendships.

Some thought, the Secretary continued, that it would end in war. He thought more likely it would end in international revolution.

When he referred to the possibility of the adoption of President Taft's proposal he was listened to in tense silence.

Nations entering such an agreement, continued the Secretary, might be exposed to attack by a third nation. This would probably lead to their making another agreement to join each other in case of quarrel with a third power in which arbitration was refused.

"In entering an agreement of this kind," said Sir Edward, "there would be risks, and you must be prepared for some sacrifice of national pride."

Want Hydro Power.

Clarkson, March 14.—Farmers of this vicinity are likely to very shortly avail themselves of the opportunity afforded to those rural residents who want electricity installed in their houses.

Hotel Burned.

Sussex, N.B., March 14.—Fire early yesterday destroyed the Depot House, a hotel conducted here by A. D. Pugsley, cousin of Hon. Wm. Pugsley.

Some 25 people staying in the hotel were trapped, but all got out safely, some down ladders, some by jumping into blankets.

To Expel Mormon Missionaries.

London, March 14.—A bill to drive Mormon missionaries out of England is being prepared by the Government, and will be passed without any opposition.

Blaze at Wingham.

Wingham, March 14.—The Chisholm Block, consisting of half a dozen stores and the I.O.O.F. Hall, was destroyed by fire at 3 o'clock yesterday morning.

Our Coronation Contingent.

Kingston, March 14.—Sergt. C. M. Crawford has been chosen to represent the district signalling section.

SITUATION CLEARING.

Tension Along the Mexican Border Not So Great.

New York, March 14.—The Mexican ambassador here and the Mexican Minister of Finance received assurances from Washington last night which convinced them that there is sincere co-operation between the administration of President Taft and that of President Diaz.

A long telegram to Ambassador de la Barra, stated to have reached him at Washington, announced that the United States warships to patrol duty on the Pacific and Gulf coasts of Mexico had been ordered to call at Mexican ports only for coal and then to withdraw promptly.

Winnipeg Railway Deal.

Winnipeg, March 14.—Particulars of proposals made by Sir William Mackenzie, president of the Winnipeg Electric Railway Co., to the mayor and other representatives of the city regarding settlement of the troubles in connection with the traction and commercial lighting matters, were published yesterday.

(1) The company will sell its street railway, gas power and electric light outfit to the city as a going concern, or (2) The company will purchase from the city 15,000 horse-power as soon as the city is in a position to deliver it, at a price which will pay interest on the city's entire investment in a municipal plant at Point Dubois, on condition that the company shall be permitted the exclusive right to engage in commercial lighting.

Meningitis on Steamers.

New York, March 14.—For the second time within 36 hours a transatlantic steamer was held up at quarantine last night because of several cases of spinal meningitis, some of which had proved fatal.

The Greek steamer Patris, which was held up on Sunday because of the death of six and the illness of five others from meningitis, was released late yesterday, after the bodies had been removed and the sick transferred to the Quarantine Hospital.

Child Burned.

Hamilton, March 14.—As the result of the upsetting of a lamp, Gordon Milne, 2-1/2 years of age, was probably fatally burned. Mrs. Georgina Hay was seriously burned, and her home partially destroyed by fire last night.

Side of Face Missing.

Stratford, March 14.—Dennis C'Brien, the thirteen-year-old son of W. O'Brien, Stratford, is in the hospital with his left ear and the whole left side of his face missing.

A Distinguished Politician Dead.

Berne, Switzerland, March 14.—E. Brenner, Swiss Minister of Justice and Police, died yesterday at Berne. The late Minister was one of Switzerland's foremost politicians.

New Building for Queen's.

Kingston, March 14.—Work on the Nicol metallurgy building will be commenced at once. Contracts have been let to the extent of \$5,000.

The First Deserter.

Montreal, March 14.—Chief Campaign was advised by wire that Ernest Joseph Grise, a volunteer on board the Niobe, of the Canadian navy, deserted the ship March 3.

Ontario Government Tables Supplementary Figures.

ROADS ARE A LARGE ITEM

Col. Matheson Opposes a Proposal by A. C. Pratt to Raise the Tax on Race Meets Where Bookmakers Appear—Hon. A. G. MacKay Asks If New Stock Tax Infringes Trade Ordinances.

Toronto, March 14.—Bookmakers and pari-mutual machines for horse race speculation all look alike to the Ontario Government.

"We don't recognize that feature of racing in any way whatever," said Hon. Col. Matheson's statement in the Ontario Legislature yesterday afternoon when A. C. Pratt, South Norfolks, recommended that running race tracks where bookmakers officiate should be penalized by a license fee much in excess of the \$200 a day provided in the new Supplementary Revenue Act.

The Provincial Treasurer said the only additional charge with respect to the license fees on horse race meetings was to provide that, if two running races a day are held at trotting race meetings, the full \$200 a day will be imposed.

The act had been changed with respect to the 2 per cent. tax on stock transfers. Instead of the tax falling in the transferee (the buyer) as at first proposed, it had been decided to levy it on the seller.

Hon. A. G. MacKay asked if the constitutionality of the tax had been fully considered, as it appeared possible that it infringed on the matters of trade and commerce, in which case it would belong to the Dominion jurisdiction.

Hon. Col. Matheson declared that the constitutionality of the tax had been fully defined.

Col. Hugh Clark, Centre Bruce, gave notice that he would ask the Government for a return showing what progress has been made with prison farm at Guelph, and what work is contemplated this year.

Hon. James Duff presented a bill to permit county councils to acquire lands for reforestation purposes, and to issue debentures, not exceeding \$25,000 in any one year for this purpose.

J. W. Johnson, West Hastings, asked that his bill asking for a board of examiners to license opticians and elevate their standard of proficiency, be read a second time, and referred to committee.

Hon. I. B. Lucas, Centre Grey, drew attention to the fact that according to the way the bill was drawn up the man selling glasses could give no aid or advice to the customer in the selection of glasses, or he would be liable to a fine.

Mr. Johnson acquiesced, with a grateful remark at having the deficiencies of his bill pointed out to him.

Hon. Dr. Reaume's bill to amend the Ontario Game and Fisheries Act passed its third reading without amendment, although R. R. Gamey endeavored to have a clause inserted that would limit the bag of partridge to 50 birds in a season.

Dr. Reaume answered that he would closely observe the partridge question during the next year, but thought the Government's policy of shortening the season whenever birds were becoming scarce, or closing it entirely, was better than limiting the bag.

The Toronto Interurban Railway Co. bill was given its third reading.

Hon. A. G. MacKay asked for information as to whether any machinery or equipment in the transformer station of the Hydro-Electric Power Commission at Niagara Falls has been destroyed; if so, who the contractors were that supplied it; what occasioned the injury, and upon whom would the loss fall in each case.

Hon. Col. Hendrie replied that in the event of any possible litigation, it would be very unwise to make public any of the details respecting these questions.

Valentine Stock asked what was the area of Rondeau Park, how many acres were wooded, what portion contained merchantable timber, and had the Government made any sales of timber?

Hon. Frank Cochrane replied that 2,500 acres were wooded, except for 500 acres, formerly owned by the Government, from which merchantable timber had been cut. The contract for this had been let on Nov. 4 last to the highest bidder.

Hon. W. J. Hanna has a bill before the House to vest in Dr. McCullough, chief medical officer, the full authority of the Ontario board of medical meetings of that body.

AD LEG

The additional supplementary estimates total \$704,512.

Colonization road grants aggregate \$367,214.

Among the votes for public institutions is \$1,000 for the Toronto Normal School.

In response to the appeals from the members for the new districts, and the needs as indicated by the inspectors' reports to the Department, Hon. Dr. Pyne, Minister of Education, has received additional educational appropriations totaling \$38,213.05.

Of this \$30,000 is to promote education in the new districts. Half is to aid in the establishment of new schools, and the other \$10,000 to supplement the present grants to the urban schools already existing.

The South African Monument at London gets a grant of \$1,000. An-

other patriotic grant is an allowance of \$350 to the daughters of the late Col. C. J. Baldwin in recognition of their father raising and equipping a regiment during the rebellion of 1837.

BRIEFS FROM THE WIRES.

The Manitoba bill respecting company registration will not be passed at this session.

Over one hundred cattle were destroyed in the Montreal stockyards yesterday by fire.

Russia has presented another ultimatum to China, and troops are said to be marching on Kuldja.

A syndicate headed by David Fasken of Toronto has purchased the Nipissing Central Railway.

John Stothart, a life-long resident of Smith Township, near Peterboro, dropped dead yesterday at his home.

President Diaz is suffering from a tubercular affection of the arteries that may terminate fatally at any moment.

Miss Cummings, a Hamilton girl, used a hat pin on a highwayman with such good effect that he took to his heels.

A proposal to create a new department to deal with dominion affairs will be discussed at the Imperial Conference.

W. E. Webber, a Hamilton traveler met with an accident at Cleveland and made the railway journey home, but cannot remember anything of it.

At a meeting of the temperance people of London, resolution was passed asking the Government to pass a measure allowing the municipalities to take a plebiscite limiting the hours of bars.

Democratic success in Maine was continued at the city elections held yesterday, candidates of that party winning the majority contests in four of the five cities which voted. The only upset was at Bangor.

The London Chronicle's Melbourne correspondent cables that Admiral Henderson's scheme for the Australian navy provides a fleet of 52 vessels, costing \$117,500,000, spread over 22 years. The scheme pledges the Commonwealth to an annual naval expenditure of nearly five millions after 1933.

Burned in Her Kitchen.

Toronto, March 14.—Mrs. Elizabeth MacArthur, 29 years old, was burned to death last night at her home, 122 Kenilworth avenue. Her husband was called by her nine-year-old son, who ran down to his father's hardware store at the corner of Kenilworth avenue and Queen street, in his night-clothes.

Mrs. MacArthur was preparing the evening meal, when the fatality occurred. She had just started the fire in the kitchen range, which, however, did not seem to burn. Thinking that the wood was damp, she sprinkled it with coal oil, holding the tin of oil at some distance above the stove. Suddenly the flames burst forth and an explosion followed. A portion of the tin struck her in the face and she fell alongside the range. Her clothing, which was saturated with oil, speedily caught fire, and in an instant she was a mass of flames. Mr. MacArthur had his hands and arms badly burned while trying to extinguish the flames.

Investigating Failure.

New York, March 14.—The grand jury began yesterday an investigation into the affairs of the Carnegie Trust Co., which was closed by the superintendent of banks on Feb. 1. Three witnesses, including the vice-president of the suspended institution, were examined. At the conclusion of the sitting, District Attorney Whitman announced that directors of two other trust companies with which the Carnegie Trust Co. had business dealings, would testify to-day. The investigation, it is said, may result in the indictment of two and possibly three directors on charges of forgery.

Details of a transaction involving \$200,000, in which two other companies are alleged to have been involved, are said to have engaged the attention of the grand jury. Joseph G. Robin, the convicted president of the Washington Savings Bank, is said to have furnished Mr. Whitman with information concerning the Carnegie Trust Co.

Two Struck by Car.

Toronto, March 14.—Stepping out from behind a north-bound Avenue road car, from which they had just alighted at Cottingham street and Avenue road, Mrs. Boyd, 167 Cottingham street, and Mrs. Adair, her daughter, who lives with her at that address, were struck by southbound Avenue road car 546, in charge of Motorman J. M. Brown.

Both women were thrown to the ground, the elder sustaining a severe scalp wound. They were carried into a nearby house and Dr. Hastings, medical health officer, and Dr. Leopard attended them.

U. S. Foreign Trade.

Washington, March 14.—Breaking all records for February, last month's exports were valued at \$175,996,467, while the imports, larger than in any other February except in 1910 and 1907, were valued at \$121,766,284. These figures, announced yesterday in a report of the bureau of statistics on the country's foreign commerce, embrace \$62,453,998 of imports entered free of duty.

Two Hours in Water.

Toronto, March 14.—John Gardner, 40 years, 651 Dupont street, spent two hours in the icy waters of the bay last night before a number of willing workers from the Queen City Yacht Club could rescue him.

Gardner is said to have been crossing from the island despite the warning issued by Property Commissioner Harris that the ice is unsafe.

Threaten to Strike.

Kingston, March 14.—Painters and masons' helpers are out with a request for an increase of 25 cents a day. Helpers receive \$2 for eight hours, and painters (2.5 for nine hours. A strike is talked of if the increase is not forthcoming by April first.

PERSONAL.

Mrs. J. F. Honor, was up to Toronto yesterday to visit her daughter Mrs. White.

Mr. and Mrs. W. L. Cockburn, and family, left this afternoon for Wolseley, Sask., where they will make their home. We join their many friends in wishing them success.

A BIG DOLLAR'S WORTH.

Are you going to join the Horticultural Society this spring? It will be a dollar well spent. The premiums for spring will be selected in a few days, and the list made up and forwarded. Don't delay, but call at The Guide Office tomorrow and pay the fee of \$1.00, which entitles you to a monthly magazine and spring and fall premiums.

"THE MAN OF THE HOUR."—The greatest play produced in years, George Broadhurst's wonderful success, "The Man of the Hour," will be seen in Cobourg on Tuesday March 21st under the special direction of Wm. A. Brady. George Broadhurst has put into the four acts of this play a strength and power of realism that make it a lesson and a sermon against the condition of affairs that are found almost in every city. This production has been in Toronto all week. See Felix Harvey as Old Phelan.

SEEDTIME.—The singing of birds is now heard in the land, for the robins are very tuneful with their music these mornings. Everyone is glad to welcome the return of these cheerful birds. It is as a matter of fact only a very few weeks before garden making and other spring work and pastimes are under way, and it is full time preparations are looked after. Seeds for the flower and vegetable garden should be selected with care, for good seed is an important item in our garden. We have had very great success with those we procured from the D. M. Ferry Co. of Windsor, who will cheerfully send their catalogue free on request. Our aster beds last year, grown from their seeds did exceptionally well, and the beautiful flowers were universally admired.
