Services To Be Held To-Night Saturday Night And On Sunday.

McMaster Male Quartette And Mr. E. T. Newton Soloist, Will Sing at Each Meeting

The McMaster Band will conduct the first service of their week-end mission in the Baptist Church tonight. Many in Port Hope will remember the visit of the McMaster Band some years ago, when under the leadership of W. A. Cameron, now pastor of Bloor Street Baptist Church, Toronto, they conducted services in the Methodist Church. The evangelistic Band is a permanent organization in McMaster University, and is doing work at the present time under the leadership of Mr. O. U. Chapman. During the

past winter they have held services in a number of churches with splendid results, and the expectation is that their visit will be one long to be remembered by the people of this town.

A song service will be held each night under the direction of Mr. E. T. Newton, a gifted gospel singer. A strong feature of the work is the singing of the University Male Quartette. This quartette will sing

at every service and the lovers of music will not want to miss hearing them. To-night Mr. Newton is going to sing "The Ninety and Nine" (Campion). On account of the limited time the Band has to be here a service of

AN EVENING WITH ST. PATRICK

Mr. and Mrs. Renwick made the Recipients of Handsome Presents.

On invitation and through the courtesy of Mr. J. H. Renwick, the able leader of the Methodist church choir and his ever hospitable wife, the members of this efficient musical organization met at the home of Mr. and Mrs. Renwick on Friday evening, March 17th, to celebrate the anniversary of Ireland's patron saint.

It was understood that every member of the choir should attire themselves in a manner as representing and delineating some particular phase of life and character peculiar to natives of the Emerald Isle. This feature of the occasion was entered into with considerable enthusiasm by nearly every member of the choir and other invited guests. It is needless to say that some of the costumes worn were very attractive and becoming, and showed not a little originality and careful taste in so minutely depicting those accustomed to the wearing of the green.

When it became known that "mine hostess" purposed offering four prizes—two for the best costumed ladies and two for the best dressed gents—a good natured rivalry was engendered.

After an impromptu program of vocal and instrumental music, an excellent luncheon was served to which everyone who partook thereof will bear witness that if St. Patrick himself had been present he would have exhausted his vocabulary in its praises.

An unexpected number on the program was the following address which speaks for itself:

To Mr. and Mrs. John H. Renwick, Port Hope.

DEAR MR. AND MRS. RENWICK.—In view of your early departure from Port Hope, the members of the choir of the Methodist church gathered here through your kindness and hospitality to-night, desiring to express to you both their deep sense of regret at your prospective removal from the town. For twelve years you have occupied a warm place in the hearts and lives of the members of your choir, and it was with much sorrow the news of your going from Port Hope to Peterboro was received by us all.

You, Mr. Renwick, as organist and choir master have not only shown during all these years your pronounced ability as an organist and musician, but by your energy, courtesy and tact have succeeded in not only keeping together but steadily improving the musical portion of our church service. To regulate and control as well as at all times to evoke the enthusiasm and earnestness of a voluntary choir, is indeed no mean task, but in this you have been eminently

successful, and leave the choir an efficient and faithful organization of church workers in their own department.

You, Mrs. Renwick, as choir leader have been an inspiration to all of us and possess not only our admiration for your talents as a vocalist, but our loving affection and warmest friendship. Ever regular in your attendance at our practices, always interested in the progress of the choir, and a personal friend of each member, your leaving us is a cause of deep regret and sincere sorrow. In conclusion we ask you to accept the accompanying gifts from the choir as a mark of our esteem and regard, and whilst deeply lamenting the separation, we trust that in your new home you will both be as successful as here, and find as many warm friends as you leave behind in Port Hope.

We remain, yours very sincerely,
Signed on behalf of the Port Hope Methodist Church Choir,

ELIZABETH MCLEAN,
A. MAUDE HAWKINS,
E. L. MILLWARD,
MARY GILLIES,
A. E. FULFORD,
WALTER BLOOD.

Port Hope, March 17th, 1911.

Replying to the address on behalf of himself and wife, Mr. Renwick referred to the very pleasant association which had obtained during his twelve years experience with the choir. This was brought about by the faithful and loyal support which he had received from the members of the choir.

It can be truly said that Mr. Renwick has been an indefatigable worker in the interests of the choir and by this means has endeared himself not only to its members but also to a large constituency in the church who regard the service of song as a strong factor in the church's operations.

Mrs. Renwick's presence in the Methodist choir has ever been re-

Manitoba Government Not Content With Laurier's Terms.

THEY WANT ADDED LANDS

Proposal to Give Manitoba an Annual Cash Payment in Lieu of the Extra Territory Demanded Is Declined in Resolution Introduced by Premier Roblin and Supported by the Opposition.

Winnipeg, March 24.—By a unanimous vote yesterday afternoon the Legislature accepted the resolution introduced by Premier Roblin, which is in effect a refusal of the offer of the Dominion Government for a settlement of the Manitoba boundary question by an annual cash payment in lieu of the public domain of \$200,000, rising to \$300,000. The resolution sets forth that Manitoba will be satisfied with nothing less than equal treatment with the other provinces. Either the public domain, or financial considerations equal to those of Alberta and Saskatchewan. In the absence of Mr. Morris, leader of the Opposition, the resolution was accepted on his behalf by Mr. Winkler. The galleries were crowded to their utmost capacity by an eager throng, and Premier Roblin has seldom been heard to better advantage.

The Premier prefaced his speech by saying he believed he had the full sympathy of every member of that Legislature, as well as every good citizen of Manitoba.

After reviewing the united efforts to secure boundary extension on satisfactory terms, dwelling particularly on negotiations his Government had opened at the time the autonomy bills were under consideration, Premier Roblin pointed out that the cause of the province had always been presented from two standpoints—either the public domain or financial considerations equal to those of Alberta and Saskatchewan. The negotiations with Sir Wilfrid Laurier, each by Messrs. Rogers and Campbell and himself, had resulted in nothing to the point, until finally the Government made the offer now under consideration, namely, \$200,000 as a minimum and \$300,000 as a maximum basis on population, in lieu of the public domain of the territory to be added.

"Now," he continued, "I have only to make that statement in order to shock the public conscience of this province, if not the Dominion, to say that the Province of Manitoba, with all her energy and her enterprise in establishing the bona-fides of Western Canada, should thus be handicapped and crippled for all time to come, is, in my opinion, simply an outrage. I believe there is not a single individual citizen of Manitoba who does not agree with me that the offer is simply an insult, whether intended or not, to this province."

Mr. Roblin went on to compare the terms offered to Manitoba and those Saskatchewan enjoys, claiming that the latter has two dollars for every one of the former. "Who is there," he exclaimed, "among us that could be so base, so wanting in self-respect, so untrue to his adopted or native province, that would not resent the imputation that any one citizen of this province is not as good and worth as much to the Dominion as any citizen of Saskatchewan?"

Stabbed in the Nose.

Providence, R.I., March 24.—The crusade against long hatpins gained a strong supporter yesterday in Representative J. B. Leclerc of Woonsocket, who, after being wounded by one of the so-called "dangerous weapons," announced that he would introduce a bill in the Legislature limiting the length of the feminine accessory. While riding to the State House yesterday, Representative Leclerc was stabbed in the nose by a long hatpin protruding from the new spring headgear of a woman passenger. The steel prong sank deep into the legislator's nose and blood flowed freely.

Hibernians After Y.M.C.A.

Ottawa, March 24.—On Sunday last, during the progress of the Hibernian parade here, it is alleged by some of the local Irishmen that young fellows stationed in the windows of the Y.M.C.A. building sang "Has Anybody Here Seen Kelly?" and other songs to which the objection has been made by the Hibernians.

Yesterday the county board of the Hibernians came out with the direct charge that Y.M.C.A. members were responsible, and demanding an investigation and formal apology. The Y.M.C.A. has promised to hold an enquiry.

A Change of Policy.

Winnipeg, March 24.—A change of policy to the effect that the Government did not intend to build or buy any more elevators other than those now under way, was the announcement made by the Provincial Treasurer at the conclusion of the discussion on supplementary estimates in the Legislature yesterday.

Year For Assault and Robbery.

Toronto, March 24.—Fred Piteher was sent to the Central Prison for a year from police court yesterday morning upon a conviction for assaulting and robbing James Johnston. He admitted the assault, but denied the robbery. He has a record.

Negro's Home Dynamited.

Muskogee, Okla., March 24.—The home of Zeb MacKay, a negro of Taft, Oklahoma, was blown up with dynamite on Wednesday night, and two children, aged 10 and 14, were killed. The house was burned. Taft is exclusively a negro town.

HALDANE A VISCOUNT.

Great Britain's Minister of War Enters House of Lords.

London, March 24.—King George yesterday created War Secretary Haldane a viscount. The elevation of the Secretary to the peerage has been anticipated as a move intended to strengthen the Government in the House of Lords.

Viscount Haldane has had a brilliant scholastic and public career. He was born at Cloander, N.S., in 1856. He attended Edinburgh Academy and Edinburgh University, where he was graduated M.A. with first-class honors in philosophy. He was Gifford lecturer at St. Andrew's University 1902-04, and subsequently became rector of Edinburgh University.

Lord Haldane has had a distinguished career at the Bar. He became a barrister in 1879, and was appointed a queen's counsel in 1890.

Fame has also attended his literary

VISCOUNT HALDANE.

works, which include a number of standard philosophical volumes.

Equally successful has been the new peer's experience in the sphere of politics. He has represented Haddingtonshire in Parliament in the Liberal interests from 1885, and has filled the office of Secretary of War since 1905.

J. B. D. Seely, Parliamentary Secretary of the Colonial Office, has been appointed Under Secretary for War, and Lord Lucas, Parliamentary Secretary of the War Office, has been made Under Secretary of the Colonies. This exchange of offices is consequent on the elevation of Secretary Haldane, which would place both representatives of the War Office in the House of Lords, it being customary to have a representative of the chief Government Departments in each House.

The rumor that David Lloyd-George would retire as Chancellor of the Exchequer, is now officially denied. Secretary Haldane's promotion is merely intended to relieve Lord Morley of the heavy task of leadership in the House of Lords during the Earl of Crewe's absence.

Pierced Turtles' Flippers.

New York, March 24.—On charges of cruelty to turtles, in that it is alleged they transported them on their backs and pierced their flippers, Cleveland Downs, captain of the steamship Saratoga, of the Ward Line, and Walter T. Smith, a New York terrapin dealer, were arraigned before a magistrate yesterday and paroled for further hearing. The complainant is Thomas F. Freely, superintendent of the American Society for the Prevention of Cruelty to Animals. The complaint recites that 65 turtles were mistreated, while the defence contends the methods are the only practical means of shipping them.

Hit Neighbor With Club.

Carman, Man., March 24.—Chief Horson on Wednesday went out to Daniel and arrested Frank Moffatt for assaulting his neighbor, Paul Worrill, who had crossed his farm while looking for lost stock. Worrill said Moffatt knocked him down with a club. Dr. McGavin, who has charge of Worrill, considers his condition serious, owing to blows inflicted upon the skull. Moffatt is held in Carman lockup, awaiting the result of Worrill's injuries.

Mayor After Magistrate.

New York, March 24.—Mayor Gaynor took issue yesterday with the "statement to the citizens of New York," issued Wednesday night by Magistrate Corrigan, who wrote that under an intimidated police, the town is infested with beggars, thieves, gamblers and immorality.

Fierce Fire at Colon.

Colon, Panama, March 24.—A fierce fire raged yesterday in 13th, 14th, Bolivar and D streets. More than 30 houses were destroyed, and the local fire brigade and fire forces from the canal zone found great difficulty in checking the flames. As a last resort dynamite was used to blow up several buildings, as the flames were creeping close to the canal zone houses.

Two Assassinations in Three Days.

Cincinnati, March 24.—The second assassination within three days in connection with the striking of white firemen on the Cincinnati, New Orleans & Texas Pacific Railway, occurred yesterday, at Helenwood, Tenn. C. B. Street, a fireman strikebreaker, was shot from ambush. Street's home address was given to the company as New York City.

Kaiser at Mediterranean.

Berlin, March 24.—The Emperor and Empress started for Corfu last evening. It is understood that the stay of Their Majesties at Corfu will be more quiet than usual, owing to the need of the Empress of rest and recuperation after several attacks of influenza.

VOTING SUPPLIES

Reciprocity Must Await More Urgent Matters.

FEELING AGAINST NEGROES

Prejudice Exists Against Them as Immigrants, Says Hon. Mr. Oliver, But Government Has Not Discriminated in Any Way—Counsel Is Appointed to Fight Shoe Combine's Injunction Proceedings

Ottawa, March 24.—The Government evidently intends devoting some days to voting supply to the exclusion of the discussion on reciprocity.

Mr. F. D. Monk (Jacques Cartier) yesterday asked the question: "When will the House resume the reciprocity discussion, has it been shelved for good? Sir Wilfrid replied: "My hon. friend knows that we are approaching the end of the fiscal year, and the passing of supply is urgent, and added, "the first duty of Parliament is to vote supply and then we will take up other matters."

Regarding the declaration of London, which makes wheat a contraband of war, Sir Wilfrid said: "The provisions of the declaration have been taken into consideration, but the Government has made no representations in reference to it to the Imperial Government. As the whole subject deals with questions of international law, the Government of Canada, not being a sovereign power, did not consider itself justified to make any official representations on such matters, but the question may be discussed informally with the Imperial Government at the next Imperial conference."

Oliver J. Wilcox (North Essex) said he had received a letter from one of his negro constituents, asking if it was true that discrimination was being used by the Immigration Department against intending immigrants on account of their color, and if it was true that a colored man who had passed his examination had been refused by the Marine Department, and transferred to the Department of Agriculture. He was also informed that a colored gentleman had been removed from the census branch on account of his color, and sent to the experimental farm.

Mr. Oliver said there was a strong sentiment in the country against the admission of negroes into Canada. Referring to the exclusion of some negroes in an immigration party, the minister remarked that they had been treated exactly as other immigrants.

Mr. Fisher declared that there was no foundation for the story that a colored man had passed an examination for the census branch and had been refused. As regards the colored man who had been refused by the Marine Department, his information was that he was unsuitable, and had been sent to the experimental farm.

M. Y. McLean (St. Huron) drew the attention of the Minister of Labor to the fact that injunction proceedings had been taken in Montreal to prevent the board named under the Anti-Combines Act, to proceed with its enquiry into the operations of the United Shoe Machinery Co.

Hon. Mackenzie King said the chairman of the board had advised him of the injunction proceedings, and that counsel had been named to oppose the motion for a writ of injunction.

The Premier informed Mr. Sharpe that before commencing to pay bounties on iron and steel there was no valuation by the Government of the physical assets of the companies. Inspectors were employed to check the products on which bounties were paid. The attention of the Government had not been called to the alleged fact that these companies in receipt of bounties had at any time refused to sell their products to Canadian consumers.

In committee of supply a discussion occurred regarding the possibility of the quarantine regulations governing the entry of live stock into Canada being affected by the terms of the reciprocity agreement. The debate was based on a vote of \$50,000 required to cover the expenditure for the current fiscal year, under the head of health of animals.

When Mr. Blain introduced the question the Minister said that the quarantine regulations had nothing whatever to do with the trade arrangements. The quarantine regulations would remain in force, and the increased trade in cattle which might arise as a result of the agreement would make no difference.

The House spent the evening in consideration of the supplementary estimates. A number of items were passed, involving a large sum.

The balance will probably be passed Friday.

American Girl's Suicide.

Naples, March 24.—Miss Cornelia Meserole of New York, who arrived here a month ago with her parents, in the hope that the climate would be beneficial to her health, threw herself from the balcony of the Grand Hotel yesterday. Miss Meserole died at the hospital without recovering consciousness.

"Bar and Bottle Bill."

Boston, March 24.—Efforts to repeal the so-called "bar and bottle" bill passed last year, which prohibits, after May 1 next, the sale of liquor in bottles over the bar, failed in the House yesterday, after a spirited debate. The vote was 103 in favor of repeal to 131 opposed.

Quebec Railway Dividend.

Montreal, March 24.—The long-looked-for dividend on Quebec Railway was declared yesterday. The dividend is 1 per cent, payable April 15 to shareholders of March 31. It is not quite clear as to whether the stock is to go on a 2, 3 or 4 per cent basis.

Hall for London Oddfellows.

London, March 24.—The Oddfellows of the east London district will erect a handsome new hall right beside the London town hall, to cost \$15,000.

BRIEFS FROM THE WIRES.

The Presbyterian Home Mission Board decided to expend \$267,000 on the work this year.

E. W. Dillon, assistant secretary of the Public Works Department at Ottawa, and an old newspaperman, is dead.

The Intercolonial freight shed of Truro, N.S., was destroyed by fire with most of its contents. Loss, \$70,000.

The marriage of Eugene Hebert and Miss Clouard has been annulled by Justice Laurendeau at Montreal, because a Protestant minister tied the knot.

All present indications point to a late opening up of navigation to Montreal this season. The Government ice-breaking vessels are tied up at Three Rivers, owing to the thickness of the ice.

Two German scientists, Drs. Leimbach and Loewy, have successfully applied wireless telegraphy for underground communication. The discovery is regarded as highly important in the case of mine disasters.

Talks of His Release.

Goderich, March 24.—George Vanstone, awaiting trial in the county jail here for the brutal murder of his six-year-old son, is at the same time planning a visit to the Northwest upon his expected release. He will come up at the spring assizes here, commencing April 11.

On a recent visit of Vanstone's wife to the jail, he advised her to save all the money possible, and they would go west immediately on his acquittal, of which he seems sure.

He has expressed the wish several times to leave the jail, saying he must go to work and support his family, and has raved violently on the refusal of his request.

Since Vanstone's incarceration last December, a son has been added to his family, and with it Mrs. Vanstone has paid numerous visits to the child's father in his cell. Nothing, however, can bring the man to a sense of the gravity of his position; he greets all visitors with a smiling face, and usually acts as if all memory of the night of Dec. 15 last, when he beat little Freddie to death, were blotted from his mind.

The jail officials feel certain that the prisoner is not responsible for his actions.

Would Conceal Nothing.

Ottawa, March 24.—Alfred Thibaudou, Sorel, gave evidence yesterday afternoon in the Lanctot house painting case before the privileges and elections committee. He said he met the Premier at Quebec at New Year's and told him that in the interests of the Liberal party there had better be an enquiry into the situation at Sorel. On Jan. 16, he wrote Sir Wilfrid, saying, "I have succeeded in obtaining the documents that Dieudonne Pologuin, Conservative and Nationalist, had in his possession. I considered that there were documents which ought not to be in the possession of a political enemy."

To this the Premier replied: "If there have been any misdeeds at Sorel, it is not the intention of the Government to prevent it being known to the public; quite the contrary."

This finished the case for Mr. Blon-din, the complainant, and Mr. Laflamme, counsel for Mr. Lanctot, asked for delay until Tuesday. He said only two or three witnesses would be called.

More Ottawa Amenities.

Ottawa, March 24.—The lie was passed in the private bills committee yesterday over the bill respecting the Ontario & Minnesota Power Co. E. W. Backus of Minneapolis, the head of the company, protested against the bill compelling the company to keep half its power for Fort Frances and referring to the agreement between the company and the Ontario Government, and said he had shown it to Mr. Comtee.

The latter replied, "You are a complete liar." There was an uproar and finally Mr. Comtee apologized to the committee. The preamble of the bill finally passed by 23 to 10.

Four Americans Executed.

San Antonio, Texas, March 24.—John Hamilton Dignowity and three other Americans have been shot to death under orders of a Mexican court martial, for participation in the insurrection, according to a despatch received yesterday by members of the Dignowity family.

"Ham" Dignowity was thirty years of age and was engaged in the cattle and mining business in the State of Chihuahua.

Three Accidents on I.C.R.

St. John, N.B., March 24.—Three minor accidents are reported on the Intercolonial Railway.

On the Nova Scotia section, a baggage car jumped the rails and blocked the line. Near Dorchester, N.B., yesterday morning the express from St. John struck the rear of a special freight, small damage resulting. The Maritime Express is reported off the track at Dalhousie Junction.

Joynson Hicks Elected.

London, March 24.—For the Brentford seat made vacant by the resignation of Lord Compton, Mr. Joynson Hicks (Unionist) was returned unopposed. Lord Compton in December had 9,199 votes, his Liberal opponent 6,124. Mr. Hicks has been out of the House of Commons since his defeat in Northwest Manchester in January, 1910.

C.N.R. Takes Express Business.

Kingston, March 24.—Notice has been served by the Canadian Northern upon the agents of the Canadian and Dominion Express Companies along the line of the Bay of Quinte Railway, to vacate their offices by July 1, as the Canadian Northern will take over this business.

Increased Tax Rate.

Kingston, March 24.—The tax rate will likely be twenty-two mills this year. The present rate is twenty and one-half, but it is insufficient to meet the city's demands. Education and civic improvements are responsible for the increase.

SHAKESPEARIAN LECTURE AND CONCERT.—On Thursday evening, March 30th, at 8 o'clock, in the Town Hall, Rev. M. F. Fitzpatrick of Ennismore, will deliver a lecture on "Macbeth" under the auspices of the Holy Name Society. Professor of English literature for years in the University of Ottawa, the founder of a successful rural high school, and an orator of provincial reputation, the Rev. Gentleman can be relied upon to do justice to the subject. In addition to the lecture there will be an interesting program in which the clever impersonator, Mr. George Lynch, of Peterboro, will be assisted by local talent. Admission 25 cents. School pupils 15 cents. td

Negligee and Dress Shirts, values from 75 to \$1.50. Your choice 39c. at Cheffin's.

GOOD EFFECT.—The recent attack on cold storage eggs has had an extraordinary effect. Fresh eggs in New York to-day are selling at twenty cents a dozen. The low prices, it is said, are due chiefly to the mild weather, but mostly to the great increase in the number of henneries in the Western States. When people learned that the chicken and egg industry was equal to the flour bill, they established chicken farms, and with the aid of incubators they have deluged the market, showing that the demand always creates the supply.

Reciprocity A Good Proposition On The Whole

A prominent business man of Winnipeg writes to a Port Hope merchant as follows:—

Re our Premier's and Mr. Sifton's attitude towards the Reciprocity question we might as well tell you that Mr. Roblin does not regulate the opinion of every thinking individual in Manitoba; nor yet does Mr. Sifton. We think a great deal as you do. We have carefully watched the reports of the different interests along this line, and we have an idea that while it may be a losing proposition to certain interests, on the whole it would be a great boom to the whole of Canada. One has to take a national view of an agreement that pertains to a nation, not simply take a local view. We ourselves think that Mr. Sifton's days are over unless he assumes the leadership of the Conservative party.
