voice of rare sweetness and power. The young men of the band are all clear, forceful, logical speakers, and their visit to the community promises to be a source of much inspiration and helpfulness.

To night there will be a song service, led by Mr. Newton, starting promptly at 7-45. Come on time if you want a good seat.

The services on Sunday will all be conducted by the Band. Mr. Newton and the Quartette will sing

C.N.R. MUST BUILD A NEW SUBWAY

Railway Commissioners At Cobourg Order A Change In Plans.

Cobourg, March 24. — Deputy Chief Commissioner D'Archy Scott and Dr. Mills constituted the quorum of the Board of Railway Commissioners for Canada which held a session in the court room at Cobourg this afternoon. The Commissioners arrived in their private car in the morning, and drove down to view the Canadian Northern Ontario Railway crossing of the Cobourg and Grafton toll road, and side road, accompanied by the Government Engineer and many of the municipal and toll road officials.

Eleven matters were on the docket to be disposed of, including a number of road crossings of the C. N. O. R. in the County of Durham, but the more important items were the toll road and Division street subways.

The toll road subway matter excited the greatest interest, and the discussion was opened by Mr. F. D. Boggs, K. C., acting for the counties who had intervened, followed by Mr. R. S. Cassels, K. C., for the Toll Road Company; Mr. J. B. McColl, M. P. for the Township of Hamilton, and Mr. Frank M. Field, K. C., for the Township of Haldimand. Mr. George F. Macdonnell of the C. N. R. solicitor's staff, represented the railway. In addition to counsel the board heard from Messrs. Sam. Clarke, M.P.P., James Davidson, ex-Reeve of Hamilton township, and J. D. Hayden of Cobourg. At the conclusion of the discussion Commissioner Scott gave judgment, ordering in lieu of the present objectionable subway or the proposed level crossing that the C. N. R. should build a new subway in direct line with the toll road, and at right angles to the side line, for which suitable provision by diversion should be made, all at the cost of the railway company. It was impossible to repress the expression of approval of the decision on the part of the large audience of interested citizens of Cobourg and Northumberland county.

Mr. F. M. Field, K. C., as solicitor for the town of Cobourg, opened the discussion of the Canadian Northern plan for the Division street subway in Cobourg, which was ordered by the board some months ago. The elimination of the five-foot walk on the east side and the supporting pillars narrowing the subway, as ordered, with suitable protection of the west sidewalk from falling earth, ice and snow, was urged, and the levelling of the 600 feet of travelled road between the G. T. R. subway and the C.N.R. was especially pressed. Members of the Cobourg Town Council present were heard in support of these alterations in the submitted plan, and after hearing from the solicitor and engineers of the C. N. R., Commissioner Scott announced that the Board would examine the premises when the work will be further advanced and assurance was given that adequate protection will be afforded the public at that point.

Winnipeg Free Press

If there are public men and newspapers in the United States that have begun to think that increase of trade between this country and their country will lead to political union of the two countries, they may have got this idea from the utterances of public men in this country such as Mr. Borden and Mr. Foster, and journals such as the Montreal Star and the Toronto News, explicitly declaring that if the Canadian people enlarge their business with the United States, it can end in nothing else than their abjuring their nationality and merging Canada with the United States.

Because Canadians sell wheat, or horses or potatoes to purchasers across the line, does it follow that they will be selling their loyalty, as Canadians, and as Empire citizens, with the said wheat or horses or potatoes? If Canadian nationality and Canadian attachment to the Empire were commodities of that character, they would not be worth acquiring by the United States or by any other country.

A DIVORCE COURT

Peterboro Examiner.

Bobby Burns said that "women will talk of what runs in their head." Our senators seem to be with the sex in this respect. The irreverent suggest that the senators think a good deal about divorce, that, as a matter of fact, it "runs in their heads." At any rate they talked about divorce on Tuesday afternoon. The discussion arose over a motion for returns respecting divorce. Senator Power and Senator Cloran deprecated the establishment of a proposed divorce court, claiming that the Senate was the proper body to deal dispassionately with applications for divorce, and the irreverent again assert that the senators are not any too disingenuous in this attitude. The scoffers say that the drudgery of sifting the crude legislation of the Commons, bores them, and that they welcome the ripple of interest excited by the hearings of the wrongs of divorce suitors, especially if such details wander in the risky regions of the seamy side of matrimony. Seriously speaking, there does not seem to be much need or justification of a divorce court. Marriage, permanent and indissoluble as to its character—"till death do us part"—was divinely designed as the cohesive force of human society, the foundation of the home, the only real element of society that counts. As Senator Cloran, who opposed the divorce court idea, said:

"No question more affected the welfare of a nation than this question of the separation of a man and wife, the breaking up of the home, and the making of children orphans before their time."

And he was not far wrong when he added that the more difficult divorces were made the better, as the Industrial Disputes Act makes strikes and lockouts difficult — its chief element of usefulness, as providing for the influence of cooler counsels. The greater facilities provided for breaking the matrimonial agreement, the worse in numerical result, as well as in moral and social degeneration. We must safeguard the sanctity and inviolability of the marriage bond. The easier we make divorce, the wider we open the door to the development of loose moral ideals, the first step to a state of moral anarchy. Whatever else we neglect, we must keep the fountain head clean.

MILLION ORANGES HERE

Another Big "SUNKIST" Sale Lasting All Next Week, Begins Monday Mar 27

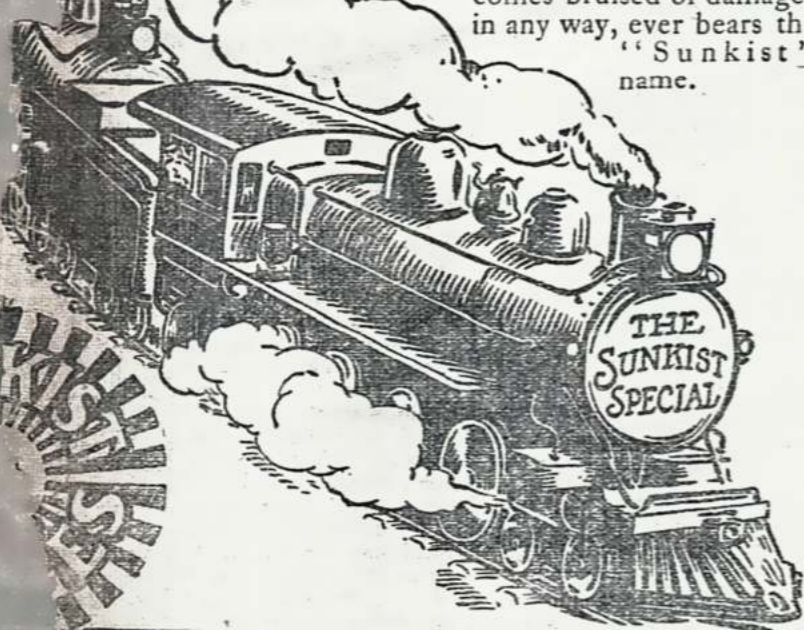

The biggest lot of oranges that ever came to this city has just arrived—THREE MILLION of them. They are packed by special Fast Freight direct from the big "Sunkist" fruit groves of California. They are the "Sunkist" brand, famed for their delicious flavor and health-giving properties. Each local fruit dealer is laying in a liberal supply of "Sunkists" and on next Monday morning all dealers will put on a *Special "Sunkist" Orange Sale*, lasting throughout the week.

California's Finest Oranges

"Sunkists" are California's most luscious oranges—the choicest of each of 5,000 California Orange Farmers. They pack all their perfect oranges under the one name, "Sunkist," and ship them by special fast freight the day they are picked.

The "Sunkist" is a tree-ripened orange, seedless and fibreless—never pithy—every "Sunkist" is firm, solid and sound.

It is picked by a gloved hand. No orange that falls to the ground or becomes bruised or damaged in any way, ever bears the "Sunkist" name.

How to Serve Them

Oranges are the most appetizing and nourishing food you can serve—at breakfast—in the sick-room—between meals—in salads, ices, sherbets and puddings.

There is no limit to the number of excellent dishes of which "Sunkist" oranges form the basis.

Buy a box of "Sunkist" oranges and your fruit dealer will make you a special price. You will find no trouble in keeping them as long as you want to, because "Sunkists" reach you in excellent condition.

Physicians Advise Them

Leading physicians say that to counteract the effect of meat and other heavy foods we eat, one should eat oranges liberally. It is a universally known fact that orange juice is an excellent food for the brain cells and a tonic for run down nerves. No better laxative than sound, ripe "Sunkist" oranges can be found.

Cost No More Than Common Oranges

"Sunkist" oranges are cheapest to buy because they are thin-skinned, fibreless and seedless. They are nearly all food and no waste. You lose money if you buy pithy, seedy, thick-skinned oranges.

Free Premiums for "Sunkist" Wrappers

The "Sunkist" orange always comes in a "Sunkist" tissue paper wrapper that protects the oranges and retains all their tree ripened flavor. This name on the wrapper means you are buying, at a reasonable price, the finest orange of all.

"Sunkist" wrappers should be kept and sent to us to secure, free, a set of genuine Rogers Orange Spoons, Dessert Spoons and Fruit Knives. The patterns are new 1911 styles, designed exclusively for us. They are as attractive and stylish as money can buy. All are Rogers quality, standard A-No. 1 plate and are fully guaranteed by the makers, Wm. Rogers & Son. No advertising appears on any of our premiums.

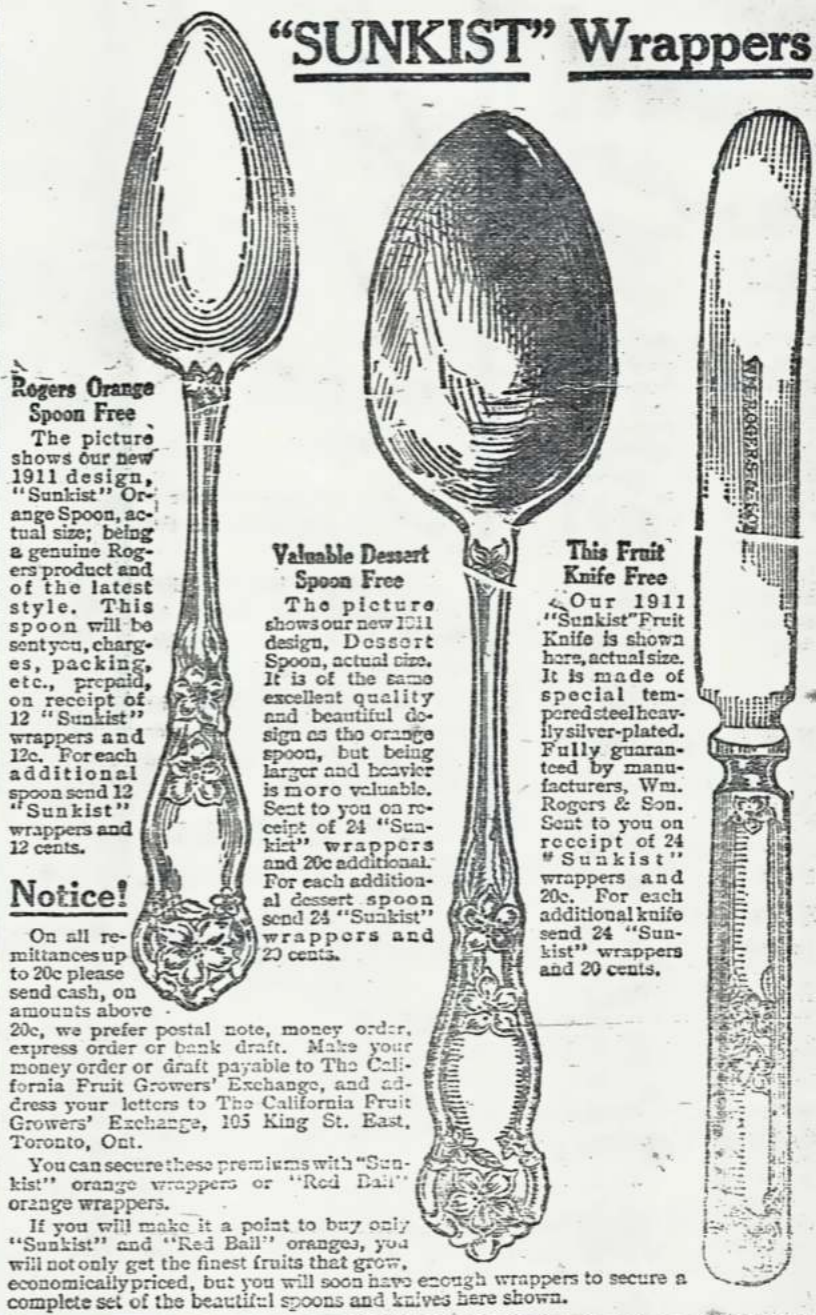

Read on the right the description of these valuable premiums and how to get them.

I am quite

ready to admit that there are all sorts of inconsistencies in me. Now the other day I was reading Burns, and I couldn't describe what exaltation all at once possessed me in the thought that a ploughman had so glorified a servant-girl that together they shine in the highest heaven, far above all the monarchs of the earth. This came upon me with a rush—a very rare emotion. Wasn't that democratic?
He inquired dubiously, and Earwaker for a moment had no reply but his familiar "M—m—m!"
"No, it was not democratic," the journalist decided at length; "it was pride of intellect."
"Think so? Then look here. If it happens that a whining wretch stops me in the street to beg, what do you suppose is my feeling? I am ashamed in the sense of my own prosperity. I can't look him in the face. If I yielded to my natural impulse, I should cry out 'strike me!', spit at me! Show you hate me!—anything but that terrible humiliation of yourself before me!" That's how I feel. The abasement of which he isn't sensible affects me on his behalf. I give money with what delicacy I can. If I am obliged to refuse, I mutter apologies and hurry away with burning cheeks. What does that mean?
Earwaker regarded him curiously.

"That is mere fineness of humanity."
"Perhaps moral weakness?"
"I don't care for the scalpel of the pessimist. Let us give it the better name."
Peak had never been so communicative. His progress in composition these last evenings seemed to have raised his spirits and spurred the activity of his mind. With a look of pleasure he pursued his self-analysis.
"Special antipathies—sometimes explicable enough—influence me very widely. Now, I by no means hate all orders of uneducated people. A hedger, a fisherman, a country mason,—people of that kind I rather like to talk with. I could live a good deal with them. But the London vulgar I abominate, root and branch. The mere sound of their voices nauseates me; their vile grotesque accent and pronunciation—bah! I could write a paper to show that they were essentially the basest of English mortals. Unhappily I know so much about them. It I saw the probability of my dying in a London lodging-house, I would go out into the sweet-scented fields and there kill myself."
Earwaker understood much by this avowal, and wondered whether his friend desired him so to do.
"Well, I can't say that I have any affection for the race," he replied.

"I certainly believe that, socially and politically, there is less hope of them than of the lower orders in any other part of England."
"They are damned by the beastly conditions of their life!" cried Godwin excitedly. "I don't mean only the slum-dwellers. All, all—Hammersmith as much as St. George's-in-the-east. I must write about this; I must indeed."
"Do by all means. Nothing would benefit you more than to get your soul into print."
Peak delayed a little, then; "Well, I am doing something at last."
And he gave an account of his projected essay. By this time his hands trembled with nervous agitation, and occasionally a dryness of the palate half choked his voice.
"This may do very well," opined Earwaker. "I suppose you will try The Critical?"
"Yes. But have I any chance? Can a perfectly unknown man hope to get in?"
They debated this aspect of the matter. Seeing Peak had laid down his pipe, the journalist offered him tobacco.
"Thanks; I can't smoke just yet. It's my misfortune that I can't talk earnestly without throwing my body into disorder."
"How stolid I am in comparison!" said Earwaker.

"That book of M'Naughten's," resumed the other, going back to his subject. "I suppose the clergy accept it?"
"Largely, I believe."
Peak mused.
"Now, if I were a clergyman"—
But his eye met Earwaker's and they broke into laughter.
"Why not?" pursued Godwin.
"Did I ever tell you that my people originally wished to make a parson of me? Of course I resisted tooth and nail, but it seems to me now that I was rather foolish in doing so. I wish I had been a parson. In many ways the position would have suited me very well."
"M—m—m!"
"I am quite serious. Well, if I were so placed, I should preach Church dogma, pure and simple. I would have nothing to do with reconciliations. I would stand firm as Jeremy Taylor; and in consequence I should have an immense and enthusiastic congregation."
"I daresay."
"Depend upon it, let the dogmas do what they still can. There's a vast police force in them, at all events. A man may very strongly defend himself for preaching them."
The pursuit of this argument led Earwaker to ask:
"What proportion of the clergy can still take that standing in stolid conscientiousness?"
(TO BE CONTINUED.)

WHAT IS TO FEAR?

Hon. Mr. Graham Discusses Reciprocity at Stratford.

MACDONALD'S OWN POLICY

Minister Says Sir John A.'s Proposal Are Now Being Carried Out and Railways Know In Their Hearts That There Is Nothing to Dread In the Pact—Loyalty Cry Is Cowardly, Says the Speaker.

Stratford, March 25.—Eight hundred people listened attentively, and with great enthusiasm, to addresses in favor of reciprocity here last night. The speakers were Hon. G. P. Graham, F. L. Fowke, M.P., Oshawa; Dr. J. P. Rankin, M.P. for North Perth, declared himself definitely as in favor of reciprocity as a proposition which will benefit the farmer, and through his prosperity all classes in Canada. F. Wellington Hay of Listowel spoke very briefly along similar lines, urging that it was a national and not a political issue.

Mr. Fowke contended that Canada's prosperity has dated from the introduction of the Liberal finance policy of 1897. He challenged anyone to show one single instance in which any industry or class in Canada would be injured by the reciprocity pact, and declared that the opposition came only from a few monopolists in the big cities, who are using the Conservative party as its attorneys at Ottawa.

Hon. Geo. P. Graham said the idea of the past was "trade and get rich, just a little business matter between two countries, with benefits to both. To my Conservative friends I would say this—the present agreement is practically what Sir John A. Macdonald proposed in his national policy. Sir Wilfrid Laurier said he would never ask Washington for better trade relations, and he never has. Washington has asked him.

Mr. Graham, speaking of the effect on transportation, said: "The railways of Canada, deep down in their hearts, are not afraid of the pact." He instanced the record price of Canadian Pacific Railway stock, and the immense sums to be spent on railways in the west this year.

Increased population, he urged, must mean a large demand for manufactures, and hence the manufacturers will be benefited by reciprocity. Quality counts, and will preserve the identity and high price of Canadian cheese and bacon in the American market. He decried the favored nations objection and the loyalty cry as ridiculous and ungrounded, as well as cowardly. Canada must not be content to "let well enough alone."

Diaz Cabinet Resigns.

Mexico City, March 25.—The Diaz Cabinet resigned in a body at a special meeting of that Board yesterday. The President deferred action upon

resignations.

The reason given for the action in an official announcement is the belief that it will contribute towards the re-establishment of peace and facilitate the reforms which are in contemplation.

Enrique C. Creel, Minister of Foreign Relations, presented the resignations on behalf of all the Ministers. Ger. Diaz thanked the retiring members for their efficient and patriotic co-operation in the past, and announced that he would postpone his acceptance or rejection until later.

The resignations included that of Ramon Corral as Minister of the Department of Gobernacion, corresponding to the Department of the Interior in the United States, but not as vice-president.

Failed to Do the Work.

Cincinnati, March 25.—Imprisonment in the federal prison at Leavenworth, Kas., for three years and fines aggregating \$1,000, was the sentence imposed yesterday upon W. P. Harrison, wealthy head of a mail order concern, in the U. S. District Court here yesterday. Harrison was found guilty upon all seven counts of two indictments, alleging that he advertised and sold through the mails a vacuum carpet cleaner and a washing machine, neither of which would do the work required of it.

The trial lasted more than four weeks and cost the Government thousands of dollars to bring witnesses here from all parts of the country.

Member of Canadian Contingent Dead

Brockville, March 25.—The death occurred here yesterday of Henry Winford, aged 32 years. Shortly before the close of the Boer war, he was a member of the last contingent sailing from Canada, and upon arriving at Cape Town, found that hostilities had ceased. Winford was at one time an active athlete and a member of the Old Bohemian war dance crew that won Canadian and international honors. For four years he was a member of the Royal Canadian Regiment, and was stationed at Stanley Barracks, Toronto, and Wolseley Barracks, London.

Gaynor Now Free.

Atlanta, Ga., March 25.—John F. Gaynor, who, with B. D. Greene, served terms in the federal prison here for participation in the Savannah harbor improvement frauds, was allowed to take the pauper's oath late yesterday afternoon and was released from custody. This procedure clears him of the necessity of paying the \$75,000 fine imposed in addition to the prison sentence. Greene was released under similar procedure on Wednesday.

Strike Declared Off.

Washington, March 25.—Representatives of the conductors, firemen and locomotive engineers on the Cincinnati, New Orleans & Texas Pacific Railway, who have been striking because negro firemen are alleged to have been given preferred runs on the road, reached a tentative basis of settlement with the railway through the national mediation board yesterday.

TWO MEN ARE DROWNED

Thomas Shea and James Pike Go Overboard When Boats Are Being Launched—Disaster Occurs Near Shore and Passengers and Sailors to Number of 153 Manage to Get Through Breakers.

Halifax, March 25.—The Reid Newfoundland steamer Bruce, which for fourteen years had been running between North Sydney and Port au Basque, Newfoundland, was lost yesterday morning at Point Nova, eight miles from Louisburg. She had 128 passengers and a crew of twenty-seven. Two of the passengers were drowned, and the steamer is a total loss.

The Bruce left Port au Basque at 11 o'clock Thursday morning, carrying a passenger list of 128, which, including the crew, would make the number on board about 155. She encountered a very great quantity of heavy drift ice after leaving and had great difficulty in making headway until about noon, when the ice cleared and she made good time.

The steamer in making for Louisburg took the inside course at Scatarie, which was unusual and arrived off Port Nova, which is eight miles from Louisburg, during the night. When she struck the rock it was about four o'clock in the morning and about dawn, Captain Drake was on the bridge, and had but a few hours before relieved First Officer Taylor.

The scene on the deck for some minutes after the steamer struck was a most thrilling one, according to the story told by one of the survivors who arrived here last evening. There were about twelve passengers, several of whom had babies in arms. The cries of the women and children, mingled with the prayers and hoarse cries of some of the male passengers, rendered the first moments of the wreck the most trying ever passed for those aboard.

The boats were at once launched, and despite that they were leaking badly, the passengers were rowed ashore in safety, the women and children being taken first and then the men. The captain and first officer remained on the steamer, which was settling rapidly. The boats were in a very unseaworthy condition, according to one of the passengers, and they had to continuously bail. It took about half an hour to reach the shore from the wrecked steamer, owing to a long detour which had to be made to clear the rocks. It was 8 o'clock before the last boatload was brought to the shore.

Many of the passengers suffered greatly from the cold after reaching the deck and getting ashore, one of whom, A. A. Crawford of Boston, a well-known lumber merchant, had his feet frozen, while others suffered similarly.

After getting ashore, where there were only a few fishing huts to accommodate them, a huge fire was made, which served to help the half-perished survivors. About half an hour later, a large number of teams arrived and those who wished to drive to Louisburg did so. The others were taken off by the Dominion Coal Co.'s steamer Louisburg and the tug D. H. Thomas.

Stop All Fight Films.

Montreal, March 25.—Morality Inspector O'Keefe declared yesterday that having unearthed a bylaw which prohibits the exhibition of prizefight pictures of any nature whatever he will at once take steps to put the ordinance in force throughout the city.

Four Horses Drowned.

Port Elgin, March 25.—Four valuable horses were drowned yesterday in Mill Creek, near this place. A team belonging to P. Cummings, hauling a load of logs, broke through the ice and the same fate befell a team owned by Dr. Parks, who drove on to pull the other horses out. Parks had sold his team for \$550, a delivery to be made to-day.

Died of Blood Poisoning.

Galt, March 25.—John Nichols of Hespeler died at the Galt Hospital yesterday of blood poisoning. A week ago he had his hand cut while at work, but did not consider it serious enough to call in a doctor. Blood poisoning set in and resulted fatally.

LEGISLATURE PROROGUES.

Ontario Session Comes to an End With Great Ceremony.

Toronto, March 25.—Prorogation buildings yesterday afternoon. Sunshine sparkled on the military uniforms and favored the attendance of the fair sex. The Speaker's gallery was almost as thronged by lady visitors as on suffrage bill day, and the other galleries were well occupied by spectators.

On the floor of the chamber a number of ladies prominent in the social life of the province were in the seats belonging to the Cabinet Ministers, who gracefully sat in the second row. Sir James Whitney and Hon. W. J. Hanna, in accordance with usage, stood at the right of the throne, pending the arrival of his honor.

The House met at 2.30. After prayers Hon. J. J. Foy broke the usual monotony by directing the attention of the Lieutenant-Governor by securing the adoption of an amendment to the Life Insurance Act, to make it clear that the payment of the value of a policy to the executors of an estate absolved the insurance company from claims from the heirs. This renders it unnecessary in the future for such money to be paid into court by insurance companies.

The coming of the first gun of a vice-regal salute of fifteen at three o'clock announced the arrival of his honor. This was the signal for the sergeant-at-arms to remove the mace and to stand at attention at the right of the throne, holding the mace upright upon the floor.

BRIEFS FROM THE WIRES.

Capt. J. S. Allan of Port Dover died suddenly.

Two liquor detectives were assaulted at Trenton.

The Sheffield Choir landed at Halifax yesterday.

Mgr. Stagni, the new papal delegate, arrived at Ottawa.

A Canadian woman was turned back at the border yesterday.

Six firemen were killed and several injured in a fire at Milwaukee.

A Toronto woman was awarded \$15,000 damages in a suit against the Toronto Railway Co.

The new C.P.R. building at King and Yonge streets, Toronto, will be sixteen stories high.

Warrants have been issued on three charges against J. Y. Murdoch, the absconding barrister of Jarvis.

A manager of Harrod's stores said a million and a half dollars would be spent upon a store at Calgary.

Manufacturers and labor will be equally represented on the new advisory committee on technical education.

John Strange, Walter Reeves, aged 100 years, died yesterday at his home in Tacoma, Wash. He was born on Oct. 18, 1810, in Wilkes-Barre, Pa.

A gang of roughs attacked Policeman Auger of Montreal and broke his jaw. Two other constables came to his assistance and there was a savage fight.

Mr. T. W. Crothers, M.P., speaking at Jarvis, made a personal attack on Hon. Messrs. Fielding and Paterson in connection with the reciprocity agreement.

President Taft has accepted the invitation to make the principal address before the Church Congress on April 25, when it opens its twenty-ninth annual meeting in Washington.

Frank Mitchell, a young man well known in Strathroy, was sentenced to three years in Kingston penitentiary yesterday for highway robbery. Last summer Mitchell robbed William Welch, who is partially paralyzed.

A Martyr to Science.

New York, March 25.—Dr. Raymond W. Brown, house doctor of the Hudson Street Hospital, it was learned yesterday, died of spinal meningitis Thursday within 24 hours of the appearance of the first symptom of the disease.

His is the second death within a few days past of a physician who is believed to have contracted the dread disease through contact with the cases of infected Greek immigrants.

Dr. Brown's death, following closely that of Dr. Edward F. Ashley, the bacteriologist on Swinburne Island, under similar conditions. Physicians could not remember a case of meningitis in which death had followed so quickly the appearance of the disease.

Dr. Brown was 25 years old, and was a graduate of the University of Pennsylvania in the class of 1909.

How It Affects Them.

Providence, R.I., March 25.—Because of possible action by Congress upon schedule K. of the Payne-Aldrich tariff law, it was announced by officials of the Greystone Woolen Mills yesterday, the work sorters at that plant will not work on Saturday. The reduction in time will affect about sixty of the fifteen hundred operatives. The mill officials also announced that should the tariff be revised, unfavorably, the mills and probably many others, will run on short time or close.

Tore Up the Track.

Welland, March 25.—Yesterday Rowland Tanner, a well-known citizen of Pontchar, was arrested charged with tearing up a portion of a Niagara, St. Catharines & Toronto Electric Railway spur, running to a gravel pit. The track runs over a portion of his farm. Tanner claims the road has no right there, and had considerable litigation over it. He was remanded for eight days, bail being refused.

Met Horrible Fate.

Elizabeth, N.J., March 25.—His body covered by quicksand to a depth of several inches, which prevented discovery by searchers for the last 16 days, the body of John Donnell, 67 years old, was found accidentally. Indications are that he died in great agony while held a prisoner by the sand.

Many Canadian Creditors.

Boston, March 25.—A receiver was appointed yesterday for Delong, Seaman & Co., one of the oldest commission firms of the city, dealing in Maine and Canadian products. The liabilities are \$118,000, principally in this city and Halifax, N.S.

Check Has Been Put on Tariff 'Working Agreement.'

FIGHT WILL BE BITTER

Democrats Have Seemingly Determined to Go Ahead With Their Legislative Program in Spite of What Happens in the Senate and Make Campaign Material Out of Their Failures.

New York, March 25.—The Washington correspondent of The Tribune writes: Plans for arranging for a 'working agreement' acceptable to both the Senate and the House, by which a definite program may be made out for the forthcoming session of Congress, have been brought to a halt, for the present at least, by the uncompromising attitude of the House Democrats, who are apparently averse to any understanding which will put a check on their legislative activities.

Chicago, March 25.—More than \$2,000 worth of diamonds and jewelry was stolen in a bold robbery in the loop district early yesterday. A thief with the use of a glass cutter and a piece of bent wire 'fished' thirteen diamond rings and other valuables out of the show window of Le Bolt & Co. jewelers, in the Palmer House, after he had cut a section out of the glass.

More Local Option.

Kingston, March 25.—At a temperance convention here it was decided to institute a campaign for local option in Kingston and the three townships in Frontenac, which are yet under liquor license law. The vote will be taken at the municipal elections in 1912.

Just Like Ontario.

Winnipeg, March 25.—With the minimum of publicity, the closing hours of both the Manitoba and Saskatchewan legislatures have been characterized by a salary grab of \$500 for each legislator. Manitoba led the way and the press was supposed to say little about it. Next day came the report of a one-hundred dollar boost for the Saskatchewan legislators, but on investigation it appears to be five hundred. They will all now draw about \$1,500 for five or six weeks' arduous labor.

Quick Justice.

Niagara Falls, Ont., March 25.—Within fifteen minutes after he returned to the city, Fred Moffatt, charged by his mother-in-law, Mrs. Ada Cushman, with assault, was arrested yesterday, pleaded guilty before Magistrate Fraser and was sentenced to 30 days in Welland Jail.

Senator Not Guilty of Bribery.

Springfield, Ill., March 25.—State Senator John Broderick was found not guilty by a jury in the Sangamon County Circuit Court yesterday. The jury was out twenty minutes. Broderick was charged with bribery in connection with the election of U. S. Senator William Lorimer.

Cured His Rheumatism In Three Weeks.

James LeB. Johnstone, a prominent member of the Citizen's Band, of Chatham, writes: 'I contracted Rheumatism by exposure, five years ago, and was ailing for two months and in great pain all the time. I got Father Morrissey's No. 7 Tablets and took them for about three weeks, when the Rheumatism all left me and I have had no return of the pain since.'

Father Morrissey's 'No. 7' Tablets

have cured thousands of this terribly painful disease.

Rheumatism is generally brought on by exposure, but is really caused by Uric Acid in the blood. This Uric Acid is an irritating poison, formed from the waste matter of the body. The kidneys should remove it, but when they fail it poisons the blood, and, settling in the joints, causes Rheumatism.

'No. 7' Tablets clear out the clogged-up Kidneys and stimulate them to perform their task of filtering the Uric Acid out of the blood. When this is done the Rheumatism simply and naturally vanishes.

'No. 7' Tablets cost 50c. At your dealer's.

Powder Merger.

Montreal, March 25.—Official confirmation was yesterday given to the proposed consolidation of the interests of the Standard Explosives, the Hamilton Powder, and the Ontario Powder companies.

William McMaster, the president of the new corporation, which is to be known as Canadian Explosives, Limited, declared yesterday that the capitalization of the concern will be \$3,750,000, and that the head office will be in Montreal, the Standard Explosives having moved over from their old quarters in the Board of Trade building to those formally occupied by the Hamilton Powder Co. in the Canadian Pacific Telegraph Co.'s building. F. H. Langford of Montreal is treasurer of the company, and H. B. Brainard is secretary.

Cornwall House of Refuge.

Cornwall, March 25.—The House of Refuge committee of the counties council has accepted the plans of A. L. Weeks of Ottawa, subject to certain modifications arranged for by the committee. The estimated cost is within the \$40,000 fixed by the counties council. The building will be largely modelled on the lines of the Belleville House of Refuge, with some changes suggested by the officials of that institution, which their experience has shown them would be an improvement. It has been practically decided to build on concrete blocks, but tenders will be called for both brick and concrete. The building will be made thoroughly fireproof.

Chicago, March 25.—More than \$2,000 worth of diamonds and jewelry was stolen in a bold robbery in the loop district early yesterday. Captain Dead: Ship Lost.

Honolulu, March 25.—With her captain dead and mourned by his widow in the cabin, a scanty supply of food on board, and without a correct reckoning of her position, the American barkentine James Johnson was sighted firing signals of distress 100 miles off this port by the steamer Persia, which arrived yesterday from Hong Kong.

A boat from the Persia was sent to board the almost helpless vessel, the officers of which reported that Captain Carl Jensen died of heart failure on Jan. 13, that the ship's bearings had been lost, and that the stock of provisions was almost exhausted.

After the barkentine's ladder had been replenished by the Persia, and her first mate informed of the latitude, the acting commander decided to proceed to Honolulu unaided.

The James Johnson has on board a cargo of coal from Newcastle, N.S.W., consigned to San Francisco. She is owned by the Charles Nelson Co. of that city, and carried a crew of about 25 men.

Insurance Fraud Miscarries.

San Francisco, March 25.—Dr. L. C. Chisholm, a physician of this city, was arrested here yesterday in connection with the death of J. D. Powell, an aged man whose body was found in a tent near Fort Ross, Sonoma County, several weeks ago. Powell had been shot. The arrest was the result of an investigation by Sheriff Smith of Sonoma County.

A card found near the tent contained the name and address of a San Francisco woman, whose identity is being withheld by the police. Sheriff Smith interviewed the woman and says she told him Chisholm had declared that if she would pose as a widow, he would produce a corpse and collect a large sum of life insurance.

Stolypin Will Stay.

St. Petersburg, March 25.—Premier Stolypin, who last Monday sent in his resignation, has agreed to remain in office and the Cabinet crisis therefore is at an end.

An imperial decree issued yesterday suspends M. Treppoff and M. Dernovo, members of the Council of Empire, from all sittings of the council until January, 1912. M. Stolypin had insisted on the removal of these reactionary opponents of his policy as the price for his retaining office, and it is understood that it was the negotiations of this point that led to a prolongation of the Cabinet crisis.

A Quadruple Entente?

Washington, March 25.—Negotiations for the quadruple entente, to include the United States, England, Japan and France, to put an end to war between nations, has progressed so far that the agreement has already been put into written form. It was learned yesterday that a draft of the proposed abolition of war treaty is already in the hands of the British Foreign Office and Baron Uchida, the Japanese ambassador, while Ambassador Robert Bacon is taking a copy to France. The original draft remains in the keeping of President Taft.

Fatally Injured.

Sault Ste. Marie, March 25.—H. Milton, 40 years of age, of North Bay, and employed at the C.P.R. round house, was fatally injured yesterday morning at 9.15 and taken to the general hospital, where he will die. Milton was walking up the track to the round house and was struck by the transfer engine. His leg was severed and he sustained other injuries of a serious nature. Milton has a family at North Bay.

WILL SEND ULTIMATUM.

Russia is at End of Her Patience With China.

St. Petersburg, March 25.—Russia is on the point of addressing to China an ultimatum fixing a date for entire satisfaction of her demands. The Chinese replies to Russia's successive notes dealing with the demands of Russia in Mongolia have been described by the Chinese Government as conciliatory, but the text in each case has been unsatisfactory to Russia, because it has evaded the points at issue.

The last Chinese note received by the Russian Government consents to the establishment of a consul at Kobdo, whereas Russia actually demanded its location at Sharasumo, to which place the Chinese transferred the administrative seat of the district. The Chinese reply also attempts to limit Russia's rights to trade to articles of foreign origin, whereas the treaty specifies that Russia's right in this respect extends to merchandise of any origin and coming from any country.

This reply in effect also denies the right of the Russians to trade in tea, which is one of Russia's most important contentions. It also proposes to place Russian traders on equal conditions with the natives. This would subject Russians to taxes and imposts not contemplated by the treaty.

The Novos Vremya in a leading article which betrayed their irritation of the Government, accuses the Chinese of mockery and demands that an ultimatum with a fixed term for its satisfaction be sent to China.

London, March 25.—Private cables received by London business houses from representatives in the Far East yesterday were disquieting. They assert that it is expected that Russia will soon declare war against China.

The rate at Lloyd's to cover risks on the outbreak of hostilities within four weeks jumped yesterday afternoon from five to ten guineas per cent.

THE DOCTORS QUESTION

Much Sickness Due to Bowel Disorders.

The doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98% of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Relax Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. I am so certain of their great curative value that I promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Relax Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. The U. S. Tariff on Barley.
 (From Farm and Dairy)
 During the year previous to the McKinley tariff, which raised the duty on barley from 10 cents to 30 cents a bushel. Canada exported to the United States by way of the Port of Oswego alone 11,000,000 bushels at a price of 80 cents to \$1 a bushel. The year after the enactment of this tariff only 2,000,000 bushels of barley were shipped; in the year 1910 only 147,000 bushels left Canada for all points in the United States. Following on the McKinley tariff land along the lake front, which during the 'barley days' had been worth \$100 to \$125 an acre, dropped in value immediately—in some cases 50 per cent.
 Canada produces malting barley of a quality the equal of which cannot be grown in the United States. For this reason American brewers will pay a higher price for Canadian than for their own home grown barley. The duty, however, makes the price of Canadian barley prohibitive to them. With free trade in barley, however, the trade that once flourished will again be re-established.
 The readjustment of the barley market will not be a detriment to the development of extensive farming in Canada as many would have us believe. Barley is one of the best crops with which to seed clover or alfalfa, and the use of these leguminous crops is at the basis of successful farming. Although under free trade no barley will be fed on Canadian farms, we should remember that one bushel of barley shipped to the United States will buy two bushels of corn in the United States. This will mean that more corn will be fed in Canada, and the fertility of our soil will be increased rather than decreased by the building up of a profitable export trade in barley.
 Last year in Ontario alone, there were produced 19,000,000 bushels of barley. Were the value of this barley increased by the full amount of the duty which now rules, the value of the crop will be increased \$5,700,000. Did the value of the crop increase under free trade with the United States, only one half the amount of the duty would be an additional revenue of \$2,850,000 to Ontario farmers on this crop alone. Barley will be advantageously affected by free trade more than most other lines of agricultural produce. Practically all our natural produce, however, will thereby be increased in value.

MOVING PICTURE BUSINESS.—The growth of the moving picture business is indicated by the statistics showing that throughout the largest cities of the country there is one moving picture show on an average for about every 7,000 inhabitants. The manufacturer of films turn out 20,000 feet per week, and Edison's royalty therefrom amounts to \$8000 per week. During the year 1909 it is estimated that the total receipts in nickles at these places of entertainment amounted to \$57,500,000.
 As usual Ontario does almost as much mail business as the rest of the provinces combined, and Toronto is the leading city of the Dominion in respect to letters handled. The total number of letters posted in Ontario last year was 203,448,000 in Quebec, 85,334,000; in Manitoba 43,068,000; in British Columbia 37,266,000; in Nova Scotia 25,821,000; in Alberta, 20,822,000; in Saskatchewan, 18,659,000, and in New Brunswick, 17,500,000.
 He was a city clergyman, who tried to be kind, though never relaxing his dignity. One of his flock had gone over to Melrose to act as domestic in a private family; and meeting her one day by chance in the subway, he took occasion to enquire for her welfare:—"Well Maggie" said he, "How do you like your place?" She allowed it was a good one, but said she felt terribly lonely: whereat the kindly clergyman said, "Ah well, I sometimes go to Melrose to the Y. M. C. A., and when next I do so, I must try and find time to call upon you." The girl looked scared, and exclaimed—"Oh you mustn't do that, for my misses don't allow no followers, but if you like to come, quiet-like to the back door some evening, I'll try and let you in through the window."

OPPORTUNITY'S MISTAKE.—This is an opportunity of a lifetime, madam," declared the smooth-tongued canvasser as he stood at the door. Seems to me I've heard that before," thought the housewife. Opportunity knocks at every one's door—but only once, continued the visitor. That's where you're mistaken young feller, snapped the woman as she reached behind her. Opportunity has knocked at my door eight times this week so far. I'm out four dollars and 10 cents and nothing to show for it. Jest in case he should knock again I be'n saving this kettle o' hot suds.—But opportunity departed hurriedly.

MATERIALISM.
 I gazed upon the noble oak that threw its shadow far and wide, and to the husbandman I spoke: "That tree should be your boast and pride. Perchance a thousand years it's stood—a thousand years of sun and rain—the sole survivor of the wood that one time clothed this verdant plain. Before Columbus sailed the sea, to find Chicago and New York, the red man rested by this tree, or slung his hammock in its fork. Since first these branches swayed and sighed a thousand wars have shaken thrones; a thousand kings have reigned and died, and given to the earth their bones. And cities that were mighty then have crumbled into ruins gray; and dynasties, and tribes of men, have lived and laughed and passed away. Oh grim survivor of a time when knights went forth, in steel arrayed! I yet might sing one song sublime, could I but dwell within thy shade!" The farmer scratched his toil-worn head, and chilled the fervor of my soul: "I guess I'll cut it down," he said, "they charge a man so much for coal."—Walt Mason, Poet Philosopher.

SHAPE-RETAINING GARMENTS

To insure perfect tailoring results requires finest quality open-air shrunk canvas and high class hair cloth. These essentials will all be found in every genuine 20th Century Brand coat and they positively insure the shape-retaining qualities of the garment. It is possible to put temporary shape into a coat front with the pressing iron and this is always done in cheap garments.
