THE NEW TIES FOR SPRING & SUMMER

are in such a wide variety that the Tie requirements of almost any man can be satisfied.

The colors to be worn are in an unusually diversified range, though tans and variations in browns and greys are most popular.

Stripe effects, as well as solid colors will be fashionable, and some are being shown in fancy patterns, the open-end four-in-hand remaining the popular style.

It may surprise you to see what fine goods we offer at 50 cents.

Good Value in a Shirt for \$1.00.

Great care and good taste was exercised in the selection of our stock of Shirts for Spring wear, and we have a large showing in the season's new patterns.

Excellent Values in Dressy Boots at \$3.50.

Our Boot has not only good style, but is an example of the best foot-wear production of modern manufacturing methods, and that we can sell it for \$3.50, is a demonstration of our policy of small profits and quick sales.

SPORTING SKITS BOWLING

The annual meeting of the Lake-shore Lawn Bowling League will be held in Oshawa on Friday, April 14th, when the officers will be elected and other important business transacted. Each club is allowed to send two delegates.

BASEBALL

A proposition has been set on foot to form a Midland Baseball League from the following towns and cities,—Port Hope, Peterboro, Lindsay, Trenton and Belleville. Mr. J. J. Dorris, of Peterboro, was here on Saturday in the interest of the formation of such a group and he says Peterboro is strongly in favor. A couple of the other places are also said to be favorable to the idea. Belleville had such success last year with the City League, that local players are somewhat chary of joining such a league, knowing that such procedure would likely mean its elimination, picking as it would the best players Belleville can put in the field.—Belleville Ontario.

PERJURY CHARGE

Laid Against Constable Fred Bennett, of Havelock

The case of Innis vs. the Village of Havelock, which has been prominent before newspaper readers for some time, promises to furnish some more interesting developments before the last is heard of this cause celebre.

The latest move has been made by Mrs. Maud Innis, the plaintiff in the case, who has laid an information against Frederick Bennett, the Village Constable of Havelock, charging him with perjury in connection with the action for damages which Mrs. Innis brought against the village for injuries she claimed to have received through a defective sidewalk.

The case was tried at Peterboro and was decided against the plaintiff. Mrs. Innis, however, appealed on the ground that Bennett had given false evidence, and the appeal was dismissed.

Now, Mrs. Innis has laid a charge of perjury against the Constable who appears before Police Magistrate Edmison at Havelock, on Friday at 10 p.m.

TO SUPPLY SKIN FOR THE INJURED

Montreal To Have Society With This Object In View.

A unique society is in an embryo state in Montreal at the present time. Its object is the most humane one of supplying the limited and poorly-supplied demand for human skin, to replace that lost by men, women and children, in accidents of various kinds.

The man to whom credit the formation of this club or society is due, is Mr. Henry Latter, of Latter Bros. at 18 Hospital street. Eight years ago Mr. Latter was one of twenty Y. M. C. A. Varsity students in Toronto, who each gave several square inches of skin, to be grafted on the back of a boy who was scalded in his attempt to make a steam whistle. The operation was very successful and the boy recovered his health. Mr. Latter came to Montreal some years ago and has been realizing the need for some established source from which skin for such operations could be obtained.

Up till now, nurses, attendants, and the patients themselves have had to supply the demand for this commodity, which is not a thing that can be bought and sold.

Finally, Mr. Latter wrote to two of the local hospitals and explained his idea, which was to solicit volunteers who would be ready at any time to relinquish a small portion of the topmost epidermis for the benefit of suffering humanity.

On last Saturday Mr. Latter received a letter from the authorities at the General Hospital, asking him to make good his offer and supply 100 square inches of healthy skin, to be grafted on the body of a man who fell on a red-hot stove some weeks ago and has since lain in a

serious condition in the hospital.

It is a strange coincidence, that this man himself, had given parts of his own skin at various times to be used in like operations. Mr. Latter set about to procure the necessary volunteers. He already had a small list of men who were ready, and through his own efforts and those of Rev. Dr. Symonds, whom he had interested in the case, the thirty-five men required will likely be obtained. Dr. Symonds appealed to his congregation at the evening service on Sunday for volunteers. Dr. Symonds has at present a list of seventeen men, from 17 to 35 years old, including a laval student, who are ready and willing to do what is possible to save the man's life.

The operation will in all probability be performed on Saturday next or Sunday, if the patient can be prepared for it by that time. About 3 square inches will be taken from the left arm or hip of each of the volunteers and grafted on the injured part of the patient. Those who thus give their skin will suffer no especial pain or inconvenience.

This one case will likely be the means of firmly establishing with the help of Mr. Latter, a society which will be the first of its kind in the world. The hospitals will then have at their command a source from which any quantity of good healthy skin can be obtained at short notice.

A CURIOSITY

A Warsaw Man Makes Find of a Strange Stone.

Warsaw, March 29.—Mr. Fred Calder made considerable of a find in the woods here the other day, when he ran across what he believes to be an aerolite or meteoric stone.

Mr. Calder's attention was attracted to the spot by an apparently freshly-made cavity in the ground, which, after examination was found to be about four and one-half feet in depth by three feet in length and one foot in width, and contained what is thought to be the meteor. The aerolite is in composition a dark, almost black material streaked with lightish shades, and has the appearance of having been heated through, as some parts are quite rough with jagged edges.

The curiosity will be brought to the village shortly, where it may be inspected at the home of Mr. Calder.

LOOK OUT FOR BOGUS FIVE SPOT

Counterfeit, Blurred and Badly Printed, May Come This Way.

Merchants of this town should be on the alert for bogus \$5 bills of the Bank of Montreal, which are just at present afloat in Toronto. The Telegram says: One of the clumsiest counterfeits that reached a financial institution was placed in the hands the officials of the Bank

of Montreal the other day, when a five dollar bill of the issue of 1894 was cut through.

The bill was passed by some rogue on a local dealer who took the bill to the bank in payment for \$1.50 worth of goods and gave the purchaser \$3.50 of real money in change.

The bill was detected when it reached the bank, with the merchant's deposit, and was sent at once to the Bank of Montreal, which placed the matter in the hands of private detectives.

The counterfeit is blurred, and is badly printed in ink that is many shades darker than the real money. The paper is glazed, and is much thicker than the genuine bank note, and is evidently the work of some novice in the business, who photographed the bill on to stone, and printed it with poor ink on a bad press. That it is a deliberate counterfeit is evidenced by the fact that the numbers are printed in red, requiring the bill to be run through the press twice.

GYPSY SMITH IN PARIS.—Gypsy Smith is in Paris, France, endeavoring to evangelize that city with the aid of the Protestant churches of America. He says: "Greater work can be done in Paris than in Asia or Africa, for the city is hungry for an evangelism which it has not had heretofore." With this idea in view, he wants to build a great hall in Paris, seating 2,000 persons. He would put at the head of it a scholarly evangelist speaking French and English, and would hold meetings every Sunday and also on the evenings of week days. Thus the gospel is to be spread abroad and the poor are not only to receive the benefit of it, but also the heathen. The evangelist is abroad and when he invades Paris and attempts to reform the morals of that wicked city, he is undertaking an Herculean task.—Belleville Ontario.

PLEA FOR FARMER

Nationalist Member Wants One-Tenth of Revenue.

MORE PAY FOR I. C. R. MEN

Hon. Mr. Graham Will Need \$300,000 Extra This Year—Arthur Gilbert of Drummond-Arthabaska Wants to See an Experimental Farm in Every County—So Did Mr. Fisher Years Ago, He Says.

Ottawa, March 30.—Drummond-Arthabaska had its innings in the House yesterday. Arthur Gilbert, Nationalist, introduced an amendment to the motion to go into supply, calling upon the Government to spend 10 per cent. of the annual revenue in the interests of agriculture. The discussion for the most part was in French.

The motion was finally lost on division, and the House went into committee on supply on the Intercolonial estimates.

Hon. Mr. Graham explained that an additional \$300,000 would be required this year on account of the payroll, owing to certain salary increases, following an adjustment all around. About \$360,000 was required for betterments to the system, exclusive of certain amounts to be set aside for renewing rails and equipment, a bill to legalize which is now before Parliament. There was some discussion over the inertia of the traffic department. John Stanfield (Colchester), remarked that the Intercolonial officials were not as enterprising in going after tonnage as the officials of other railways.

Mr. Gilbert introduced the discussion on agricultural topics by moving in amendment to the motion to go into supply a resolution calling upon the Government to spend one-tenth of its annual revenue upon the development of the country agriculturally. He said he would like to see a model farm established in every county, where the farmers could receive practical instruction from competent teachers. Up-to-date methods in connection with the dairy interests of the country, he said, would more than double its value to the country.

Mr. Gilbert suggested that the Dominion Government should give aid to farmers' co-operative societies on a basis of \$5 per member. He pointed out that since Confederation was accomplished in 1867, \$14,464,000 has been spent on agriculture, as compared with \$607,776,900 on railway subsidies, \$3,193,389 on the militia, and \$17,000,000 on iron and steel bounties.

Dr. Edwards (Frontenac) and Dr. Reid (Grenville) supported the motion with brief speeches in English. Both complained that the Government was not spending enough money on the agricultural development of the country.

R. Lanctot (La Prairie-Napierville) said he could not agree to the proposal to limit the amount to be expended on agriculture to any particular amount.

He said that the millions spent on railways, on the development of the St. Lawrence waterway, and for similar projects had really been spent in the interests of the farming community.

Andrew Broder (Dundas) said that the resolution was too local to control the situation. No man, he said, was stealing as much from mother earth as the farmer. But the farmer didn't need to be put to bed at night and awakened in the morning and carried about. The farmer wanted help and instructions.

J. E. Armstrong (East Lambton) supported the resolution. He dwelt upon the necessity of the Government taking steps to have the British cattle embargo removed. He was interrupted several times by E. W. Nesbitt (N. Oxford), who declared that the farmers of Canada did not want the embargo removed. Finally, the interjections being so frequent, the speaker called Mr. Nesbitt to order.

Hon. Sydney Fisher quoted Hansard to show that in 1899 he had made a proposal to the House to put an experimental station in every county. The Opposition had fought the proposal so vigorously that the Government was compelled to withdraw the vote from the estimates.

Haughton Lennox (N. Simcoe) asked if the vote had ever been renewed, and the Minister said that it had not. Mr. Fisher added that the expenditure should be based on the needs of the service, and declared that the principle set forth in the motion was vicious. In the estimates for the fiscal year which will open on April 1, an increased vote had been included. The Opposition was crying for more money, but he did not notice any eagerness on their part to pass the estimates, especially the agricultural estimates.

During the discussion in the Senate yesterday on Senator Dandurand's motion to curtail the length of speeches reported in Hansard, Senator Loughheed declared that Hansard was a monument to the vanity of speakers.

Senator Roche of Halifax made an attack on the press. Reporters of the press, he said, were not men of the highest influence, but were chosen rather for the smallness of the salaries they would accept. The attitude of the press on public discussions was indicated by the fact that Ottawa papers would dismiss a debate with a brief report and give a page to an account of a hockey game. Electors were entitled to know the sentiment of their representatives, and they could not get them accurately, except from Hansard. In many cases the press were anxious to pervert the remarks of public men, and therefore their remarks should be officially recorded, and not left to be garbled by penny-a-liners of the press.

ART EXPERT DEAD.

Sir Caspar Purdon Clarke Dies in London.

London, March 30.—Sir Caspar Purdon Clarke, formerly director of the Metropolitan Museum of Art in New York City, died yesterday at his residence in Earlscourt.

Sir Caspar Clarke, Kt. (1902), C.I.E., O.V.O., chevalier of the French Legion of Honor, LL.D. (McGill), was born in London in 1846, and was one of the leading authorities on art in the world, with an experience in many parts of it. In 1889 he was superintendent of art reproduction in Italy; in 1874 he directed the building of the British Legation in Teheran; in 1876 he collected art objects for the South Kensington Museum in Greece, Turkey and Smyrna; was architect of the Indian section of the Paris Exposition of 1879; in 1879 collected art objects in Spain, Italy and Germany; organized the colonial and Indian Exhibition of 1885; was director of the South Kensington Museum in 1896; was royal commissioner to the Paris and St. Louis world's fairs; was the architect of a number of prominent English buildings; in 1892 was appointed by the Austrian Government as editor of a work on oriental carpets, and in 1905 became director of the Metropolitan Museum, retiring last year on a pension.

BRIEFS FROM THE WIRES.

H. Lefebvre, aged 15, confessed to starting three fires in Montreal. The inquest on Miss Bessie Clark of Hamilton showed that death was due to natural causes.

The Annapolis Council has decided to prosecute Chief Mattson, the defaulting tax-collector.

A. Dion reported that his valise containing papers valued at \$10,000 was stolen from a Montreal street car.

The school children of London, Ont., 8,000 strong marched to church yesterday afternoon, where services were held to commemorate the tercentenary of the King James' version.

Hon. Mackenzie King has telegraphed to the Miners' leaders in Alberta and British Columbia, urging them not to strike before trying for a settlement through a Conciliation Board. "Death by accidental drowning" was the verdict at the inquest into the death of William Green, the builder who was found lying face downward in a few inches of water in a creek in Toronto on March 22.

Fire-sweep, smoke-strewn and water-drenched, New York State's magnificent \$27,000,000 capitol at Albany was partially wrecked by flames which did damage estimated at between \$5,000,000 and \$7,000,000 before the flames were declared under control.

At midnight a vote was taken in the Nova Scotia Legislature on a resolution favoring the reciprocity agreement negotiated by Messrs. Fielding and Paterson at Washington and commending them for their efforts on behalf of that measure, and passed.

Prosperous Immigrants.

Winnipeg, March 30.—The vanguard of the 1911 army of United States settlers reached Winnipeg at 1.30 o'clock yesterday morning. There was a solid trainload of effects, comprising 41 carloads and two colonist sleepers attached to the train, which contained the members of twenty-five families. Every man in the party is a skilled farmer, and all have come north prepared to go right on the land, which was purchased last year. They are equipped with everything that experience has shown is necessary to make a start on virgin prairie. In addition to machinery and household effects there were a large number of horses and cattle. Some of the farmers had also brought along gas tractors, which will be put right to work on ground breaking. The actual worth of these farmers is estimated at \$100,000.

Children Got Out Safely.

New York, March 30.—The value of the fire drill was demonstrated yesterday afternoon when fire was discovered in Public School No. 3 in the Bronx. Although smoke was drifting through the building and the odor of burning wood and paper permeated the halls and classrooms, 2,900 children responded to the fire drill signal and in perfect order marched from the building, as they do several times each week. In two minutes all were on the street, watching the firemen. The blaze did only trifling damage.

Sky-Scraper For Winnipeg.

Winnipeg, March 30.—Peter Lyall & Sons, on behalf of an English syndicate, have asked for a building permit for a 16-story building to cost one million dollars on Main street between Notre Dame avenue and Water street, the site being 150 feet on Main, with 200 feet depth to a lane. Bylaws restrict the buildings to 120 feet, and as the proposed structure will be 200 feet high there may be some difficulty.

Jack Johnson Sentenced Again.

San Francisco, Cal., March 30.—Ordered into the Police Court yesterday, pugilist Jack Johnson was again sentenced to serve twenty-five days in the county jail by Acting Police Judge Treadwell, so as to forestall any question of the legality of the original sentence, from which Johnson appealed.

An additional charge of automobile speeding will be heard April 4.

Mysterious Suicide.

Fort Mansfield, R.I., March 30.—Sergeant George Charest, non-commissioned officer in charge of this post, committed suicide yesterday by shooting himself. The reason is a mystery to the men at the post. A board of enquiry has been appointed and an investigation will be made. Charest was about 32 years old, and gave Holyoke, Mass., as his residence when he enlisted.

McCaskey In P. T. Busby.

Pittsburg, March 30.—K. P. McCaskey, chief of the provincial detectives of Quebec, arrived here last night to take Charles D. Sheidon, with many assumed names, to Montreal, Canada, where he is wanted, charged with operating "hot-trick" schemes.

PEACE AND BIBLE

Tercentenary Can Be Made Occasion of Peace Pact.

BIG MEETING IN LONDON

Prime Minister Asquith and White-law Reij Speak at Great Tercentenary Celebration in Albert Hall—Premier of England Hopes to See Festival Made the Occasion of an Arbitration Agreement.

London, March 30.—At a great meeting of churchmen and statesmen in Albert Hall last evening to celebrate the tercentenary of the revision of the English translation of the Bible by a commission which completed the so-called King James version in 1611, Premier Asquith and Whitelaw Reid, the American ambassador, who were the principal speakers, seized the opportunity to eulogize the arbitration movement.

Suffragettes interfered with the proceedings, and when the Prime Minister began, they unfurled banners bearing the inscription: "Votes for Women." The banners were torn up after a free fight.

In his address Mr. Asquith said: "The English Bible belongs not only to the subjects of King George, but to the whole English-speaking world. One of the truths which has been slowly realized, and which now I firmly believe is rooted in the faith of Christian men and women on both sides of the Atlantic, is that war between English-speaking people would be not only a crime against civilization, but an unforgivable breach of the few commandments which are enshrined in the New Testament, on which both nations have been bred."

"There surely could not be a more worthy, a more appropriate, a more splendid monument to this tercentenary year than that it should witness the sealing of a solemn pact between us which would put an end, once for all, to the hideous and unthinkable possibilities of fratricidal strife."

Speaking of how the Bible furnished the strongest and most indestructible bond for the present practical unity in the aims and aspirations of the English-speaking family, Ambassador Reid said:

"While that community of aims and aspirations endures, starting as it does from our common possession and use of this book, and supported by the same language, the same common law, the same Parliamentary institutions, the same civil rights and largely the same blood, it is the greatest single guarantee for the peace of the world."

Had Ticket to Toronto.

Niagara Falls, Ont., March 30.—Magistrate Fraser yesterday fined Frank Krawanics and Gregory Melnyk \$50 each for smuggling the latter's brother, Joseph, into Canada by making false representations to the immigration officials. They paid their fines and were deported last night. When the foreigners crossed the upper bridge late Tuesday, Gregory Frank, who could speak English, explained that they were going to Fallsview to visit friends. Joseph could not speak English.

Tuesday night, when two English-speaking Hungarians returned to the bridge without the other member of the party, the immigration officials were told that Joseph was drunk with his Fallsview friends and could not return to the American side. The pair were detained, and a search instituted. The missing man was found in Victoria Park Station of the Michigan Central with a ticket to Toronto.

Hotelman Sues Ice-man.

Ottawa, March 30.—Wilfred Gratton, hotelkeeper of Tetreauville, has entered action in the Hull Superior Court, through his attorney, T. P. Foran, K.C., against Joe Lafrance, ice merchant of that place, for damages amounting to \$5,000.

Gratton, who was the only hotelkeeper at Tetreauville during the past year, was refused a renewal of his license by the Hull City Council owing to Lafrance, asking the council not to grant any license to Gratton for "this year at least." He charges that Lafrance represented to the people that he sold liquor on forbidden days, and during prohibited hours, and that he encouraged the defendant's son to become intoxicated.

Suit Against Bankrupt.

London, March 30.—The King's Bench Division application has been made to Justice Lawrence on behalf of the Petroleum Oil Trust to obtain the transfer of 45,000 shares in the new Canada Company and recover £5,000 from the trustees of the Charing Cross Bank, the proprietor of which has gone bankrupt.

The chairman for the trustees of the bankrupt bank agreed that the plaintiff is entitled to prove for £3,350, the sum the bankrupt received after deducting the money he spent in obtaining the charter, and to the transfer of 45,000 shares to the liquidator of the plaintiff company.

Calls It Confiscatory.

St. Louis, Mo., March 30.—The U. S. Circuit Court of Appeals yesterday upheld the temporary injunction granted against the corporation commission of Oklahoma by U. S. Circuit Court Judge Hook nearly a year ago, enjoining Oklahoma from enforcing the two-cent passenger fare law and reduction in freight rates. The court holds the law to be confiscatory and holds that that section of the Oklahoma constitution establishing the corporation commission is invalid under the constitution of the United States.

ARE MORE HOPEFUL.

Camorrist Case May Hinge on Witness's Health.

Viterbo, March 30.—The entire sitting in the trial of the Camorristas was occupied yesterday in the further examination of Zenaro Abbateggio, whose testimony was constantly interrupted by the prisoners in the cage. The president of the court, Signor Bianci, interrogated the witness at great length during the afternoon concerning contradictions in his statements, made at different times. To the question of the president as to whether he suffered epilepsy, Abbateggio replied in the negative.

"Here is a military medical certificate," said President Bianci, "stating that you left the army after three attacks of epilepsy."

"Then I did it purposely to be sent home from the army," said the witness.

The lawyers for the defence jumped to their feet, shouting: "Then you deceived the military, and you are now trying to deceive the judicial authorities."

During the questioning of Abbateggio by the president, the prisoners were radiant in the belief that the severity with which the president selected disputed points for explanation was a good omen in their behalf. Giuseppe Salvi, who is one of those charged with being directly responsible for the murder of Cuocolo and his wife, kissed his hand to the president, while Erricone, the Camorrist leader, exclaimed: "The cylinder of the phonograph is exhausted."

Under Threats of Death. Chicago, March 30.—Chicago Italians, under threats of death, have contributed \$100,000 or more, it is believed, for the defence of the Camorrist on trial in Viterbo.

Monster Funeral Planned.

New York, March 30.—Arrangements for a funeral demonstration in which 150,000 sympathizers will be asked to join; identification of four more bodies, leaving but sixteen now unnamed; the swelling of the relief fund to nearly \$50,000, and the effort of the district attorney's office and the fire marshal to fix the blame, were activities which followed Saturday's fire horror yesterday.

It is proposed to draw the bodies of most of the 143 victims through the streets by a chorus of 70 singers from the Jewish Choirists' Union, followed by the 600 surviving employees of the Triangle Waist Co., and as many sympathizing workers as can be induced to join.

The United Cloak Makers' Union has asked that all of its 70,000 members march in the procession, and, according to the plan made to the police yesterday, a line of 150,000 can easily be formed if the authorities will permit it. It is suggested that the procession pass from the morgue by the Washington place building, where the fire occurred. Jewish victims will be interred in Mount Sinai Cemetery; the few Italians and others elsewhere.

Twenty-five survivors told their stories of the catastrophe yesterday in the district attorney's office, and others appeared before Fire Marshal W. L. Beers.

Irving Smith, shipping clerk, testified that when the alarm of fire was given, he ran to one of the standpipes on the eighth floor, unwound the hose and opened the valve. No water flowed. Not only was there no water in the standpipes, but the hose was rotten.

The factory girls who testified were unanimous in their statements that the exit doors were not locked, but opened inward.

Re-open Lorimer Case.

Washington, March 30.—When the Senate of the United States, a short time before the close of the last session, voted to allow Wm. Lorimer to retain his seat, it did not speak the final word on this important question. That a new investigation of the Lorimer case will be started in the Senate soon after special session begins on April 4, is not at all unlikely.

The story told by Edward Hines, a lobbyist for the lumber industries, at the investigation on Tuesday in Springfield, Ill., that he had gone to Chicago at the behest of President Taft and Senators Aldrich and Penrose, to secure Lorimer's election, will be the basis of the new enquiry. A witness, who is said to have had his valise packed ready to go to Canada for months back, will probably be called in the proposed investigation, which will be pushed by the Democrats and insurgents.

Liners Out of Work.

Antwerp, March 30.—The diversion of European emigration from the U. S. to Canada is said to be seriously affecting the Atlantic steamship lines. The Red Star yesterday gives up to the America-Canada line two of the best special emigrant steamers afloat, the Gothland and the Samland. These vessels heretofore in the Antwerp-New York service, are now to be operated from Rotterdam to Canadian ports.

There are now 1,500 emigrants bound for Canada held up here by a lack of transportation facilities. There is a proportionate decrease in the emigration to the United States.

Killed by Train Robbers.

Middleboro, N.C., March 30.—An assassin's bullet caused the death at a hospital yesterday of Green Rose, employed in the secret service of the Louisville & Nashville Railway. Rose was fired on from ambush at Baxter Station last Saturday night.

The murder is believed to have been committed by persons robbing the railroad.

South Talks Annexation.

Montreal, March 30.—That the southern States are talking the annexation of Canada, and not reciprocity, is the word that Ald. James Robinson brings back from a two months' visit.

Kingston Still Ice Bound.

Kingston, March 30.—The ice is still quite firm and weather cold. Stages are still running to Wolfe Island and Cape Vincent.

Mrs. J. Ellen Foster, one of the most prominent women lawyers of the country, is devoting most of her time to investigating child labor conditions for the government.

Miss Lilla Larshbough, a society girl of Fargo, N. D., won a \$10,000 prize for a decoration to be used on the silver service of the new Dreadnought battleship North Dakota.

Mrs. Harriet Chalmers Adams has recently completed a journey which encircled the entire South American continent within three years and is the first white woman to set foot upon many points reached by her in her travels.

Mrs. Johanna Seerup, janitress of an apartment house, has received \$70,000, her share of her mother's estate. She undoubtedly is the richest janitress in New York, for besides this legacy she has in bank the larger part of \$20,000 she inherited from her father six years ago.

Mme. Georgette Leblanc Maeterlinck, wife of the Belgian dramatist and philosopher, has achieved distinction apart from that pertaining to her position as the wife of a famous writer. Mme. Maeterlinck is known as an opera singer, essayist, lecturer and as a suggestive commentator on her husband's works.

London Paupers.

In the whole history of the poor law system the figures for the indoor poor of the metropolis have never reached the point now touched by the last official returns. In the forty workhouses of greater London there were 80,183 boarders, and 45,821 people were receiving outdoor relief. This gives a rate of 28.5 paupers per 1,000 of population.—London News.

The Evening Guide

PORT HOPE, MARCH 30, 1911

Everything was quiet at the City Hall this morning.

DON'T DELAY.—Have you paid your subscription to the Horticultural Society yet? Only a few days more to get your name on the list. Receipts at the Guide Office.

DON'T MISS IT.—The concert in the Town Hall on Wednesday evening, April 5th, under the auspices of the Ancient Order of Foresters will be the treat of the season. Proceeds in aid of the hospital. Don't miss it.

KEEP DATE CLEAR.—On April 11th the Willing Workers of the Baptist church will hold an apron sale, also homemade candies, and fancy work. Afternoon tea will be served and an interesting feature will be a fish pond.

Keep April 27th free for the farewell concert to Mr. and Mrs. J. H. Renwick. The choir of the church and the best local talent obtainable will assist. Every body in town should buy a ticket at 25c. Further particulars later.

REWARD OF \$25000.—Chief Bond has received another circular giving particulars of the five men who are wanted in Los Angeles, in connection with the dynamiting of the Times building last year. A reward of \$25,000 will be given for their arrest. Another circular tells the story of Dr. Beattie Nesbit.

SALE OF FURNITURE.—Mrs. E. O. Gould is giving up housekeeping, and will sell all her valuable household furniture by auction at her residence, over Dunsford's barber shop, on Wednesday, April 5th at 1 o'clock. See handbills for particulars.

J. H. WILSON, Auct.

REMEMBER.—The Gleaners of the Port Hope Baptist Church will give a missionary entertainment on Friday, March 31st. Collection at the door.

AT THE GRAND TO-NIGHT.—The Manhattan Musical Comedy Co. will appear in the Opera House to-night. The program will consist of music, songs and dancing and it promises to be far above the average. There are fourteen people in the Company and they will please all. Don't miss it.

SHAKESPEARIAN LECTURE AND CONCERT.—On Thursday evening March 30th, at 8 o'clock, in the Town Hall, Rev. M. F. Fitzpatrick of Ennismore, will deliver a lecture on "Macbeth" under the auspices of the Holy Name Society. Professor of English literature for years in the University of Ottawa, the founder of a successful rural high school, and an orator of provincial reputation, the Rev. Gentleman can be relied upon to do justice to the subject. In addition to the lecture there will be an interesting program in which the clever impersonator, Mr. George Lynch, of Peterboro, will be assisted by local talent. Admission 25 cents. School pupils 15 cents.

PIE FILLING

What shall we have to make Pies with?

Silver Prunes, California Prunes

Mr. J. J. Preston, M. P. P., was in town today on his way home to Bethany.

Mrs. W. A. Isaac, and little daughter, of Zion, left on Thursday for Valego, Alta., where they will make their home in the future.

Mrs. Findlay and Miss Dodds, two of our Public School teachers, are confined to their homes through illness. Their many friends wish for them a speedy recovery. Their places on the staff are being filled by Mrs. Philp and Mrs. McRae.

Rev. P. K. Dayfoot, Superintendent of Baptist Sunday Schools, gave an interesting address in the Baptist Sunday School hall last evening. A large crowd were present and all were delighted to meet with the Rev. Dayfoot again.

PORT HOPE TWENTY-FIVE YEARS AGO TO-DAY

March 30, 1886.—Rain to-day. John Carson is the oldest dealer in Port Hope.

Mr. E. Peplow has been appointed agent for the Standard Fertilizer and Chemical Company.

Mr. E. A. Powers will have a quantity of maple sugar and syrup for sale shortly.

Ex-Mayor Hugel is very ill at the Queen's Hotel.

The annual meeting of the East Durham Rifle Association was held to-day, when the following officers were elected:

Pres.—Robert Deyell.
1st Vice Pres.—H. J. C. Gallately.
2nd Vice Pres.—Major McLean.
Treas.—Major Dingwall.
Sec'y.—E. L. Livingstone.
Exec Com.—Col. Benson, Capt. Clemes, Capt. Ward, Lt. Robertson, Sergt. Lawrie, A. A. Adams, J. A. Brown and H. B. Hales.

Another brisk fall of the beautiful to-day which has placed the streets in a very slushy condition. Oh for a touch of spring.

The Grand Trunk Pacific steel is now 50 miles west of Edson, and has reached the foothills of the Rocky Mountains.

APPLICATION GRANTED.—An application by Jacob Wilson, a hotel-keeper, of Wardsville, Middlesex County, to quash the local option by-law in that village, was granted by Mr. Justice Sutherland last week on several grounds. The by-law was voted upon more than five weeks after it was first published, which is contrary to the statute requiring that the publication precede the balloting by not less than three and not more than five weeks. Moreover, the four posters, which it is required by statute to place within the municipality, were not put up. Another objection that the ballots were placed in a coffee pot instead of a regular ballot box, was overruled, as it was shown that the coffee pot was sealed and otherwise fulfilled all the requirements except that of lock and key. Orillia's experience shows that the Courts draw the line at soap boxes.—Orillia Packet.
