

DOMINION DAY TO BE CELEBRATED

July 1st Will Be Bigger and Better Than Ever This Year

"Bigger and Better than Ever" will be the motto adopted by the Dominion Day Celebration Committee regarding the 1st of July celebration in Port Hope this year. Dominion Day is scarcely over six weeks away and it won't be long now until the committee will be calling an organization meeting to start the ball rolling.

Ever since Confederation, July 1st has been Port Hope's big day and people have come from miles around to renew acquaintances and view the afternoon and evening program. It is likely this year some new features will be introduced, but the customary vaudeville, baseball game fireworks, horse races, midway, etc. will be to the fore. So when the organization meeting is called, let the citizens of Port Hope turn out in goodly numbers to help matters along and make this year's performance absolutely the best yet.

CHARGES LIKELY TO BE ADJOURNED

Akey and Barnard Stated To Have Entered Plea of Adjournment Until Fall

James Akey and Milton Barnard of Peterboro, who were committed for trial on perjury counts by Magistrate W. A. F. Campbell in Police Court here a few weeks ago, appeared before His Honor Judge L. V. O'Connor in County Court at Cobourg Tuesday and elected to be tried by a judge without a jury. J. A. O'Brien of Peterboro acted for the accused.

It is stated that a plea was entered requesting an adjournment until fall and it is likely that the cases will be disposed of then.

Bankers Lead Softball League Defeat Nicholson File to 5-1

Large Crowd Witness Steller Game Tuesday Evening at the Viaduct Park.—Both Sides Exhibit Fine Fielding.

The Bankers assumed an undaunted hold on first position in the Port Hope Softball League when they bagged a 5 to 1 victory from the Nicholson File aggregation at the Viaduct Park Tuesday night. The game was replete with thrills from start to finish and was without a doubt, one of the best fixtures in the league this season. The close scores in the majority of the games this season clearly show that golf ball is being played and larger crowds are attending each game.

Only twenty six men faced McConnell in the seven innings and but three hits gathered off his delivery. He was accurate six right support and his agile fielders gave him splendid support. Tweed, Wakely and Devine were the only ones to secure hits, while Welsh drew a base on balls. McConnell registered one strikeout, with Tweed being the victim.

On the other hand the twirling of Nelson, the southpaw artist of the File team, is not to be overlooked. Twelve scattered hits were secured off his delivery and he issued one base on balls. Sherry Winfield went on the ramparts last evening and crashed out two homers with a man being on base each time.

The Bankers opened the scoring in their half of the second after two men were out. Melville singled and scored on Martin's slap to left field.

The Simoleon Slingers scored two more in the third session. Brockenbribe beat out a clout to short and O'Neill knocked into a mappy double play. Welsh to Tweed to Winters. McConnell begged a safety to centre and Winfield slugged the Spaulding deep to the confines of left field for a circuit clout. The losers got a runner around the bag as third in their half but the necessary punch was lacking. Wakely hit through third, went to second on a passed ball and went to third on Winters' fielder's choice. Devine rolled to third. Wallace in the next batter, slammed a hard hit ball in the direction of Wakely who was on third. The ball hit the runner

and he was automatically out. Both sides went out in short order in the fourth and in the fifth, the patient leather hair boys cinched off the fixture by pushing around two more markers. O'Neill tripled to deep centre and Winfield, urged on by his first baseman, again prodded the old apple to the tall timbers in left field, which went for a homer.

In the sixth session, Back Tweed's burlongs netched their sole counter. Welsh drew a free ticket and Tweed beat out a hit to third. McDonald rolled out to the box and Welsh scored from third.

In their half of the sixth, the Coin Jugglers threatened again when their lead off man, Melville, got on due to an error to the short stop. Bab was found guilty grabbing forty winks at first and was picked off the bag by a fast throw from Wakely. Anyway, McGraw Tazur excused the alert fielder for his somewhat demonstration, as he bagged two hits on three trips to the plate.

The losers tried vainly to even matters up in their half of the seventh. Devine rolled to third and Beatty, pinching for Wallace, rannet a pop fly to Winfield and Perry fled out to centre to end the game.

Melville and Wade played beautiful ball in left and centre gardens respectively, and both are credited with three out casts. Jerry, in left field for the File, also made a nice catch of Winfield's drive in the second innings.

The team:
Bankers—Spiner 3rd; Smith 2nd; Brockenbribe; O'Neill rf; McConnell p; Winfield ss; Wade cf; Melville lf; and Martin 1st.
File—Welsh as; Tweed 2nd; McDonald rf; Wakely c; Winters 1st; Devine 3rd; Wallace cf; Perry if; and Nelson p.

Score by innings: R H E
Bankers 0 1 2 0 0 0—5 12 1
File 0 0 0 0 1 0—1 3 2
Umpires—Rowden at plate, Hewson at bases.

Rain holds off wonderfully!

We have been threatened with a shower. Old Probs has kindly delayed the downpour until several roofs were ready to stand a deluge.

The tennis season has started here. Two courts are in a good condition, at the Port Hope Tennis Club, and are being played upon, the other was made unworkable when a drain beneath it had to be taken up recently, and relaid.

Mr. and Mrs. A. V. Curry, Harcourt street, have moved to the Port Hope Golf Club House and Mrs. Mrs. Freeman will occupy the house which they vacate.

That's a record! Half an hour after the Guide was issued at 12:30 Saturday noon, Hancock's Hardware had their first response to their advertisement which appears on page two just above Jiggs and since then they have had many in who read the ad. If you have something you want the people to know, tell them through the Guide.

We regret that we neglected to mention that the Young Peoples' Society meeting in the United Church was in charge of Miss Elsie Moon and that Miss M. Boney featured them with a solo which was very much appreciated.

How many are interested in softball in Port Hope? The Guide, through the courtesy of Messrs. Four and Flood, issued four hundred score cards for fans and they have all been given out showing that there are more than four hundred softball enthusiasts here.

Just because people paint their stores white is no indication that their stock too, will be the same color, you poor fish.

It is expected that work will be started on the highway north of here some time next week in preparation for paving operations which will commence in about two weeks' time. Considerable tiling is necessary just south of the pavement already laid where all the difficulties occurred this spring at Rosamound.

DEFENDANT CLAIMS NEW EVIDENCE DISCOVERED re CESSATION OF HOSTILITIES

Technical Oversight Delays Filing of Appeal in Currie Libel Case at Osgoode Hall on Tuesday—Understood that Omission Was Rectified Day Before 15 Day Stay Expired.

Failure to serve the potential respondent with a copy of the necessary notice prevented W. T. E. Preston from filing an appeal at Osgoode Hall, Toronto, yesterday afternoon from the finding of the jury and the judgment of Mr. Justice Rose at Cobourg awarding General Sir Arthur Currie \$500 damages and costs in his action for libel against Mr. Preston, the writer of the article published in the Port Hope Guide, and F. W. Wilson, the publisher of the newspaper.

Shortly before 4 o'clock Mr. Preston appeared at Osgoode Hall on Tuesday, P. E. Hall, K.C., to file his appeal, but as he had not the affidavit of service, the papers could not be accepted.

It is understood that the omission will be rectified in time for filing of the appeal when the 15 days' stay expires.

One of the grounds of appeal is the claim that since the trial new evidence has been discovered to the effect that an order cancelling all operations was forwarded to the troops in front of Mons at 4:30 p.m. on Nov. 10, 1918, and stating that hostilities would cease at 11 a.m. the next day.

Mr. Preston's grounds of appeal are as follows:
1. That the learned judge at the trial erroneously rejected evidence adduced by defendant and erroneously admitted evidence adduced by plaintiff, as appear from the notes and evidence taken at the trial.

2. That the judgment is contrary to the law and evidence against the weight of evidence.
3. That the finding of the jury is contrary to law, evidence and against the weight of evidence and is perverse.

4. That since trial of this action, the defendant, Preston, has discovered new evidence to the effect that the following order was issued from the Canadian Corps to the respective units thereof about 4:30 p.m. November 10, 1918, namely: "All operations cancelled; hostilities to cease 11th hour 11th inst. Troops stand fast at line reached. No fraternization with the enemy." and that by the exercise of this libelous and evidence was not discovered prior to or during the trial.

5. That the judgment is contrary to the law and evidence against the weight of evidence.

6. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

7. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

8. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

9. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

10. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

11. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

12. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

13. That the judgment is contrary to the law and evidence against the weight of evidence and is perverse.

CITIZENS' DOUBTS LOSE BIG SWIM

Apathy of Civic Committee Caused Failure to Land Wrigley Marathon

Apathy of a committee of Montreal citizens is said to have been largely responsible for the failure of that city to land the third Wrigley marathon swim. Coupled with the fact that Toronto conditions are more favorable than those in Montreal, the attitude of the Montreal men who were summoned by the mayor to consider the matter decided the issue.

Mayor Houde was strong for the swim, as was the Montreal press. But when the risks and hazards of putting on such an event were described to the committee, that body of citizens seemed to develop some doubts.

The conference was held last Tuesday afternoon and lasted from four to seven p.m. At the end of it there was no decision. Mayor Houde arranged for another conference to be held on Saturday, but pointing evidently to get another body of citizens to meet with him, and J. Allan Ross, president of the Canadian Wrigley Co. and Canadian representative of Wm. Wrigley, Jr.

In the meantime Mr. Ross had been pressed by the Toronto authorities for a decision, and in view of the fact that the race had already been staged there, that it would be better this year as to arrangements, and that it could be put on there under better conditions than almost anywhere else, he decided in favor of Toronto.

LADIES AID TEA FINE FUNCTION

Social Affair For United Church At Mrs. Chas. Roberts Is Successful

The United Church Ladies Aid Tea at the home of Mrs. Chas. Roberts, Walton Street, Tuesday afternoon proved to be a delightful social event and at the same time remunerative to this society which is such a factor in the life of the church. Mrs. Roberts received with Mrs. F. W. Anderson, the minister's wife, and Mrs. Chas. Massie, the president of the society.

The tea tables were tastefully decorated with snap dragons, carnations, and other spring flowers. The dances proving tea that Mesdames R. U. Hayden, E. Sainsbury, F. J. Meany, Fred Oke, S. R. Caldwell and W. A. Carroll who were assisted by Mesdames Ed. Brown, Geo. Ward and E. O'Neill.

The ladies presiding over small tables were Mesdames R. W. Fitzsimmons, Geo. Garnet, G. Caldwell, Wilfred Hills, A. E. Darch, G. Daring, S. Johnson, J. Spicer, M. V. Garrett and Miss Mary Uglow.

The talent table with its talented and efficient staff of ladies did a wonderful business. It was in charge of Mesdames J. L. Westaway, R. Wickoff, H. Boundy, H. Sainsbury, A. B. Skitch and J. H. Stephens.

This most delightful and successful tea was held under the patronage of the president of the society, Mrs. Chas. Massie and all the ladies were very pleased with the success of the affair. A nice brand of weather that they were favored with a very large attendance.

Nearly 300 acres of land on lake front will be devoted to amusement features connected with 1928 Chicago World's Fair.

of this action.

Expert Witnesses
6. That more than the proper number of expert witnesses were called and allowed to be heard on behalf of the defendant Wilson, with the consent and approval of the plaintiff contrary to the provisions of the Evidence Act.

7. That the said defendant was not allowed to cross-examine the plaintiff on matters relevant to the issues involved, as appears by the notes and evidence taken at the trial.

8. That the judge erred in commenting to the jury upon the conduct of the defendants at the trial of this action.

9. And such further and other grounds as appear in the pleadings and proceedings had and taken here, and the evidence adduced at the trial and the learned judge's charge to the jury.

It is understood that Mr. Wilson, the other defendant, will also file his appeal.

His reasons for appeal will omit No. 6 of Mr. Preston's grounds. It is stated that evidence justifying the assumption that an order was issued from the Canadian Corps cancelling operations at 4:30 p.m. on November 10, 1918, has been found in Nova Scotia.

SEEDING IS NEARLY DONE

Manitoba and Southern Alberta Farmers Through—Conditions Satisfactory

Seeding is nearing completion in the Western provinces and on the whole conditions are generally considered satisfactory. Although farmers got started on the land about two weeks later than usual—the period which operations were conducted after once started has brought the work almost up to normal. During the past ten days high winds, snow and heavy rains have held up operations here and there, but these setbacks have not been general.

Wheat seeding is about completed in Manitoba around and south of Regina from Prince Albert almost to Saskatoon, in the area immediately east of Humboldt, from Calgary to Lacombe and for about 50 miles around Lethbridge. With the exception of a limited area midway between Prince Albert and Edmonton, and along the Saskatchewan-Alberta boundary, south of Medicine Hat, the ground has been sown.

Cornse rains are going in rapidly. The work in this case is slower than with wheat as the ground is not so well prepared. Rain is needed in some sections; particularly where the land is light, some drifting has started. Present indications point to an increase in wheat area of 10 per cent in Alberta and Manitoba and about 8 per cent in Saskatchewan.

PITCHER TO GET TRIAL

Toronto hasn't purchased the release of Pitcher Walter Levens from the Buffalo Club, as previously reported, but President Lou Solman stated last night that the Bison team will be given a trial and if he delivers the goods a deal will be made with Buffalo for his services. Levens won 9 games and lost 7 with the International League champions last season. He has seen service in the major leagues and may prove a winner with Toronto.

LEAFS OWNERS DETERMINED

The Leafs owners are determined to secure a capable lefthander to help Martin and they are willing to take Levens on for a thorough trial. He will join the Leafs at Rochester on Friday.

FIRST BASEMAN HARRY DAVIS

The youngster who did such sensational fielding during the spring training trip, has been sent to the Syracuse club of the N. Y. P. League, where he will get a chance to do some regular work. With Duke Alexander setting the pace for all International League 1st sackers there wasn't any chance with the Leafs for the 18 year old star.

LEAFS WERE IDLE YESTERDAY

The Leafs were idle yesterday last

nevertheless they increased their lead over the Baltimore Orioles defeated the Royals at Montreal. The Leafs therefore are now one and a half games ahead of George Stallings' men with Rochester pressing the Royals very closely. Had Toronto not played so poorly in the six game series with Jersey City they would now be far in the lead without any immediate prospect of any team overhauling them.

BABE HOMERS TWICE

With Babe Ruth leading the charge with his tenth and eleventh home runs of the season, the New York Yankees made it four straight from Detroit by 12 to 8. Ruth's tenth homer was made off Whitehill in the 5th and the eleventh off Smith in the 6th. No one was on base either time. Babe also hit a triple.

Ruth's 11th homer last year was made on May 23. The two Tuesday put him three ahead of his 1927 record. On May 15 last year he had hit for the circuit eight times.

POTATO MARKET IS WEAK

Weakness was evident in wholesale quotations for potatoes in circulation throughout the Toronto market yesterday. New Brunswick supplies exhibited the most pronounced trend toward lower price levels at quotations ranging from \$1 to \$1.20 in bags, carlots, ex-truck Toronto. Ontario stocks was quoted at 90 cents per 90 pounds in bulk, carlots, f.o.b. shipping points and at 90c in bags, unchanged from Monday's five-cent Prince Edward Island potatoes were declined at \$1.20 in bags, ex-truck Toronto, with Green Mountains at \$1.25.

OUTPUT OF NEWSPRINT INCREASED

Canadian Production In April Was 192,645 Tons Against U.S. 117,553 Tons

Production of newsprint in Canada during April, amounted to 192,645 tons, and shipments to 193,443 tons, says the News Print Service Bureau. Production in the United States was 117,553 tons and shipments 118,453 tons, making a total United States and Canadian newsprint production of 310,198 tons, and shipments of 311,896 tons. During April, 17,773 tons of newsprint were made in Newfoundland and 1023 tons in Mexico so that the total North American production for the month amounted to 328,926 tons.

The Canadian mills produced 114,028 tons more in the first months than in 1927 which was an increase of 17 per cent. The U.S. output was 47,385 tons or 9 per cent, less than for the first four months of 1927. That in Newfoundland 6115 tons or 9 per cent, more and in Mexico 280 tons more making a total North American increase of 79,028 tons or 6 per cent over the first four months of last year.

During April the Canadian mills operated at 84.3 per cent, of rated capacity and the United States mills at 83.3 per cent. Stocks of newsprint at Canadian mills totalled 46,641 tons at the end of April and at United States mills 33,734 tons, making a combined total of 80,375 tons, which was equivalent to 5.5 days average production.

THRILLING SIGHTS AWAIT THE VACATIONIST ALONG THE PACIFIC COAST AND ALASKA

Deep in the heart of the Rockies—towering mountains and wild, enchanting woodland scenery await those fortunate enough to take one of the Canadian National's inexpensive tours across Canada to the Pacific Coast and Alaska. Age-old trees, towering glaciers, fountains that sparkle with the beauty of their setting—all are features of this tour.

After a few days in these metropolitan centres of the Pacific Coast, you take one of the modern comfortable steamers that ply along the Pacific coast.

A thousand miles of Nature's most wonderful and awe-inspiring scenery hold your attention as you sail up the famous inside passage to Skagway, Alaska. Age-old trees, towering glaciers, fountains that sparkle with the beauty of their setting—all are features of this tour.

GOLDEN WEDDING DAY

Causes Rural Correspondent To Vault in Air and Land Right on Back of Pegasus

The Belleville Ontario publisher verses written in honor of the Golden Wedding of Mr. and Mrs. Morton of Stirling.

On the village house verandah, sat Sarah and Alexander. Thinking of the days gone by, Said he: "Dearie don't be weary, you were always bright and cheery, But a tear, dear, dims your eye."

Said she: "They're tears of gladness, Alex, they're not tears of sadness, It is fifty years ago today since we were wed."

Alex's eyes they seemed to brighten and his heart at once did lighten 'As he turned to her and said:

(Chorus)
"Put on your very nicest bonnet, with the gayest ribbons on it, And we'll walk down the street a little way, Let us go over yonder, to the new hall we'll wander, On our golden wedding day."

ULTIMATUM IS HANDED DOWN

Men Must Return To Work or Lose Their Positions

The Associated Building Industries of Kingston has handed out what practically amounts to an ultimatum to the workers who are at present on strike. The association notifies the Building Trades Council that unless all workers on strike at the present time, including those who were called out, return to work on or before Thursday the seventeenth instant, at 8 a.m., other help will be employed from any source whatsoever. The threat of the Building Industries to establish "open shop" resulted in a meeting of the various unions being called to consider the matter, and to come to a decision before tomorrow night.

PERSONAL

The funeral service will be held at the family residence, Canton, on Friday afternoon, May 18th, 1928, at 2 o'clock. Interment in Welcome Cemetery.

MONEY CANNOT BUY GARDEN-FRESHNESS

Only the Vegetables Right From Garden Door Have Original Flavor

There are certain things that money will not buy and one of those is fresh vegetables. True the owner of a fruit store can be depended upon to supply such things as potatoes, cabbages, tomatoes and a few others which will not deteriorate while being shipped from the farm in the tubs and all winter supply of beets, carrots and turnips can be purchased with reasonable assurance of getting good quality, but one cannot buy peas, corn, lettuce, young carrots and spinach and expect the original crispness and flavor which only comes when these are taken out of the home garden a few minutes before they are put in the pot.

Corn and peas will lose their flavor in a few hours while crisp green beans which break at the slightest touch, when just gathered are not all the same as those picked on a place miles away and must wait days before they reach the ultimate consumer. City people often wonder why vegetables do not taste the same as those which they eat in their youth when a good sized garden lay within a few yards of the kitchen door.

Yet there is no trouble about a vegetable garden and even the man with a small back yard can grow a surprising amount. Where space is limited, of course, it is better to let the more fortunate grow a few rows of ground, supply the potatoes and winter vegetables, but a few rows of radish, chris, parsley, corn, tomatoes, lettuce, spinach, beets, carrot, peas, Swiss Chard, and other good things to eat can be easily grown. A little hard labor, a few pounds of fertilizer, a string and a couple of garden tools are all that is required. It is not too late to start yet as we are fortunate in Canada in having a quick growing season.

Dig the ground thoroughly, working in a little well rotted manure, pulverized sheep manure, or commercial fertilizer. In small garden plant lettuce, spinach, carrots and beets about a foot apart, or better still put a row of early stuff, like spinach, lettuce and radish, between those vegetables such as carrots, beets, tomatoes, onions and corn, which will not require full space until the earlier sorts have been harvested.

Beets, carrots, spinach and lettuce go in first and then follow the corn, peas and beans. Cultivate the ground thoroughly before planting and only with about half an inch of fine soil. If there is a hose available, growth will be hastened by a regular watering once a week in dry weather. After the plants start coming through the soil get some nitrate of soda and work this in between the rows at a depth of a more handful to every four yards of row. This should not be allowed to actually touch the plants but should be worked in close to them. This fertilizer will stimulate growth and a couple of applications two weeks apart will bring the vegetables along with a rush, which is just what is wanted. Quick grown vegetables are tender vegetables.

Corn is best grown in squares while in the average garden tomatoes should be staked. Drive stakes about six feet long in beside each plant and nip off all side branches, training the main stem up along the stake and tying about every foot. When the plant reaches the top of the stake nip off to hasten fruiting of the late flowers.

Do not sow all the vegetables at the same time but make successful sowing at intervals of a couple of weeks up to the first of July. This will give a steady supply. Seeds are a minor factor as far as cost is concerned but it is important to get them from a reliable source and to make sure that they are Canadian and therefore adapted to the Canadian conditions.

Matthew Chulo, 23, and his son Lawrence, 4, were killed in Akron, Ohio, when train struck their automobile.
