OPTIONAL WITH MERCHANTS.—Although June 3 has been proclaimed as a legal holiday, it is not necessary for the business public to observe it as a public holiday. It will not be so observed in England. question of church union and this will be discussed at the Saturday and Monday sessions.

SOMETHING ABOUT METHODISM IN PORT HOPE

Before the auspicious day when the little congregation of Methodists entered their first church-home their life as a religious body was necessarily an arduous one. To keep together and alive all the scattered interests of such a community was no easy task for those devoted ministers, who, in the early days, endured all manner of hardships in ministering to the spiritual wants of extensive circuits. But the fruits of their labors are being reaped at the present day and the Methodist denomination in Port Hope occupies a stronger and more extensive position than that of any other religious body in the town.

The earliest record of a Methodist communion in Port Hope dates back to the year 1813, when Smith's Creek was the name applied to a circuit embracing all the country from Belleville to Whitby and when the Rev. Thomas Whitehead labored therein as its minister.

To give some idea of how the congregation was brought together in those early days, it is only necessary to tell how Mr. Aaron Choate of Perrytown was wont to harness his team to a large wagon or sleigh, drive to Mr. Hawkin's home and next to Mr. Gifford's, where the Rev. Mr. Evans resided then, with a load of people, come into town, where a service would be held in the school-house on the site of the

present residence of H. A. Ward, Esq. By 1883 the want of a church-building began to be felt. The Rev. Richard Jones, who preached here in that year, told how in rainy weather he had been obliged to move about in the old school-house to keep from getting wet whilst he preached his sermon. To Mr. Alexander Davidson, a clerk in David Smart's store, belonged the credit for setting on foot an agitation to build a church. He communicated with influential men in the Province and wrote letters to newspapers, showing how necessary it was that a church should be erected in this part of the country. Finally it was decided to build. Application was made to John D. Smith, Esq., for a suitable site and that gentleman presented to the applicants the lot on Brown street opposite the present church. The deed bore date Dec. 21st, 1833, and the Trustees named were Wm. Barrett, Sr., Richard Howell, John Might, Thomas Benson, Robert Mitchell, Richard Barrett and Alex. Davidson. Arrangements were made at once for building.

It was a wooden structure with a steeple at the middle of the south front. The latter appendage was quite unusual in Methodist churches in those days and was put on at the suggestion of Alexander Davidson. There was a gallery around three sides of the church, in the south end of which sat the choir. The minister occupied an old-fashioned "candle-stick" pulpit at the north end. The famous old church, with its odd additions, stood until 1874, when on the morning of August 26th, it was completely destroyed by fire. Meanwhile the growing requirements of the congregation led to negotiations for the purchase of a new lot and the erection thereon of a new church. The lot across Brown street, where the present edifice stands, was purchased from J. Shuter Smith, Esq., in 1870 for \$1,600. Early in 1874 plans were obtained for a new building from Smith & Gemmill, of Toronto, and the contract was awarded to Mr. J. W. Wallace on June 9th. The ceremony of laying the corner stone took place on September 2nd, and the completed structure was opened on March 2nd, 1876, by the Rev. Dr. Ives of Auburn, N.Y.

The building is large and imposing and quite the equal in all respects of many city churches. Nearly \$35,000 was expended in its erection. It has a frontage of 85 feet on South street, and, with the Sunday School at its rear, it extends 137 feet along Brown street. This fine edifice had a narrow escape from destruction by fire on July 31st 1893. Early in the morning, fire was discovered in the basement under the tower, which for a time threatened to be serious. Thanks to the efficient service of the Fire Brigade, however, the fire was got under control and the damage of \$2500 was chiefly owing to the havoc played by the smoke.

Since 1862 the list of Methodist ministers stationed in Port Hope consists of the Revs. G. R. Sanderson 1862-4, W. S. Griffin 1865-6, John A. Williams 1867-9, I. B. Howard 1870-2, E. B. Harper 1873-5, John Shaw 1876-8, W. H. Laird 1879-81, T. W. Jeffery

1882, J. Learoyd 1883-5, J. B. Clarkson 1886-8, E. N. Baker 1889-91, W. J. Crothers, D. D., 1892-6, W. R. Young, D. D., 1897-1900; E. B. Lancelly 1901-4, G. W. Henderson 1905-7. The Rev. W. G. Clarke, B. A., is now pastor of this church.

PRICE OF GAS HAS BEEN REDUCED

And There Will Be No Metre Rent In Future.

Dating from April 1, 1911, there will be no gas metre rent charged in Port Hope.

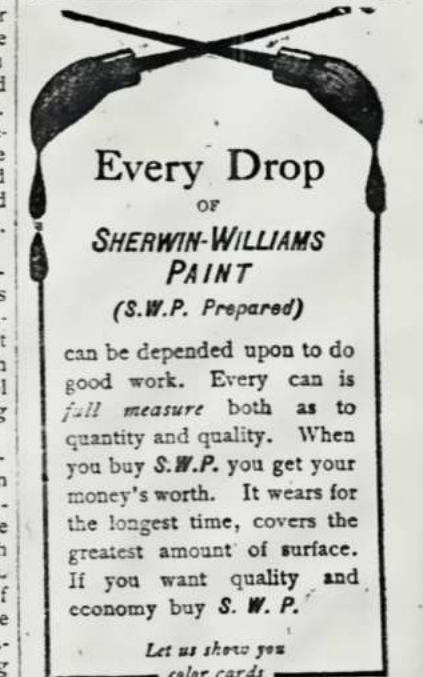

At a meeting of Directors held on Monday this was decided upon by unanimous vote and it was also agreed to reduce the price of gas for lighting purposes to \$1.75 net. For cooking purposes, the price is \$1.25 net and no metre rent.

These reductions will mean, on present consumption, \$1000 off the profits of the Gas Co. per year. It is expected, however that citizens will show their appreciation of this action by more freely using gas, and thus encourage the Gas Company to a still further reduction. It is hoped that this will work out the same as the reduction in postage from 3 to 2c did, for the postal revenue grew beyond what was expected.

CORONATION HYMN.

(E. D. Stone, in the London Spectator.) 'The King shall rejoice in Thy strength, O Lord; exceeding glad shall he be of Thy Salvation.' O Lord, the guardian of our race, In Whom we live, to Whom we pray, Grant to the King Thy saving grace, Enthroned Him in our hearts to day. We thank Thee one so good and true, Fills the great place of old renown, That loyal love to him is due, Who bears aloft our island crown. And for the partner of His throne, His other self, our gentle Queen, We pray that she may ne'er alone Count back the hours which might have been. That side by side and hand in hand They prolong a glorious reign, Sow peace and plenty in our land, And keep our banner free from stain. O Lord, in our great union bind Our kindred in the fear of thee, Thy spirit breathe on every wind That bears our children o'er the sea. Quell party strife, and humble pride, Let all good English hearts unite, Setting their pretty griefs aside, To battle in the cause of right. May Britain's honored name be blessed From age to age from Pole to Pole, And Thou in every land confessed The Lord and Master of her soul.

A TROUBLESOME MISGIVING

(Continued from Yesterday) Women are won by audacity; the poets have repeated it from age to age, and some truth there must be in the saying. Suspicion of self-interest could not but attach to him; that was inherent in the circumstances. He must rely upon the sincerity of his passion, which indeed was beginning to rack and rend him. A woman is sensitive to that, especially a woman of Sidwell's refinement. In matters of the intellect she may be misled, but she cannot mistake quivering ardour for design simulating love. If it were impossible to see her again in private before she left Exeter, then he must write to her. Half a year of complete uncertainty, and counterfeiting face to face with Bruno Chilvers, would overtax his resolution. The evening went by he knew not how. Long after nightfall he was returning from an aimless ramble by way of the Old Tiverton Road. At least he would pass the

house, and soothe or inflame his emotions by resting for a moment thus near to Sidwell. What? he had believed himself incapable of erratic madness? And he pressed his forehead against the stones of the wall to relieve his sick dizziness. It was Sidwell or death. Into what a void of hideous futility would his life be cast, if this desire proved vain and he were left to combat alone with the memory of his dishonour! With Sidwell the reproach could be outlived. She would understand him, pardon him—and thereafter a glorified existence, rivaling that of whosever has been most exultant among the sons of men!

PART IV CHAPTER I

Earwaker's struggle with the editor-in-chief of The Weekly Post and the journalist Kenyon came to its natural close about a month after Godwin Peak's disappearance. Only a vein of obstinacy in his character had kept him so long in a position he knew to be untenable. From the first his sympathy with Mr. Runcorn's politics had been doubtful, and experience of the working of a Sunday newspaper which appealed to the ignobly restive, could not encourage his adhesion to this form of Radicalism. He anticipated dismissal by retirement, and Kenyon, a man of coarsely vigorous fibre, at once stepped into his place. Now that he had leisure to review the conflict Earwaker understood that circumstances but had hastened his transition from a moderate ardour in the parliamentary cause of the people, to a regretful neutrality regarding all political movements. Birth allied him with the proletarian class, and his sentiment in favour of democracy was unendangered by the disillusionings which must come upon every intellectual man brought into close contact with public affairs. The course of an education essentially aristocratic (Greek and Latin can have no other tendency so long as they are the privilege of the few) had not affected his natural bent nor was he the man to be driven into reaction because of obstacles to his faith inseparable from human weakness. He had learnt that the emancipation of the poor and untaught must proceed more slowly than he once hoped—that was all. Restored to generous calm, he could admit that such men as Runcorn and Kenyon—the one with his polyarchic commercialism, the other with his demagogic violence—had possibly a useful part to play at the present stage of things. He however could have no piabe in that camp.

TRUST WILL OBEY

American Tobacco Co. Will Re-adjust Its Affairs.

HAS AN ELABORATE PLAN

Attorney For the Combine Says a General Plan Will Be Agreed Upon By the Magnates For the Carrying Out of the U. S. Supreme Court's Order and Full Compliance With the Law of the U. S.

New York, May 31.—The American Tobacco Co. will undertake, in all good faith, a readjustment of its affairs, as directed by the United States Supreme Court, according to an official statement carefully prepared by officers of the company, and given out yesterday afternoon by W. W. Fuller, the trust's chief counsel.

"The Supreme Court in this case," reads the statement, "has said that the Sherman anti-trust law should be given an application more extensive than has been given in any other case. It has said that the American Tobacco Co. is embraced within its terms. My clients, of course, will obey the law as now interpreted, and will, in good faith, undertake the readjustment of their affairs under the direction of the Circuit Court of the southern district of New York, to which the court, the Supreme Court, has remitted the matter for direction."

Said De Lancy Nicoll, who assisted in presenting the trust's case to the Supreme Court.

"It is probable that a general plan will be agreed upon for the conducting of the business as directed by the court. We shall prepare a plan which we shall consider undeniably agreeable to the court."

"This will require long planning and attention to detail, and it will be long before the full proposition will have been worked out. However, I feel sure that we shall be able to present a plan which will meet with the approval and enable the bringing about of a new condition, fully in accord with the legal requirements."

BRIEFS FROM THE WIRES.

Hon. Lloyd-George paid a glowing tribute to the overseas dominions. Fire damaged the cold storage plant at London, Ont., to the extent of \$20,000.

Earl Grey and party visited Petrolia and Sarnia and received an enthusiastic welcome. Three more drownings accidents are recorded, one at Port Hope, one at Perth, and a double drowning at Porcupine.

Congratulatory messages were sent to the Government of South Africa on the first anniversary of the union Government.

Warden Lawson laid the cornerstone of the new House of Industry being erected by Wentworth County near Dundas.

The body of a middle-aged man, who was killed by a freight train, was found early yesterday on the west-bound tracks of the G.T.R. at Toronto.

C. D. Sheldon, the financial wizard, appeared in the Court of Sessions, Montreal, and announced his intention of being tried by a judge sitting in the Court of King's Bench. The trial was set for June 8th.

Cloud-bursts, accompanied by heavy hail, caused great damage in south Germany yesterday. Six houses in a village in the Grand Duchy of Baden were swept away by the floods, and twelve persons were drowned.

Queen Mary's crown has just been completed. It is according to her own design, with an elegant lace-like tracery wholly in diamonds, the Koh-i-noor being set in the centre. The crown weighs nineteen ounces, the Queen having insisted that it should not exceed the weight of an ordinary hat.

School Means Schoolhouse.

Woodstock, Ont., May 31.—Ex-Public School Inspector William Carlyle lost his suit against Oxford County for \$7,000 claimed as arrears of salary. Judge Britton gave judgment dismissing the action, but without costs in consideration of the fact of long service for the public schools of Mr. Carlyle, and in consideration of the fact that he had not been superannuated. His lordship held that the word "school" in the School Act meant a school house, and he did not consider because the Government had decided to pay \$5 for each department per annum inspected, the county were bound to pay the same proportion.

Indicted For Dynamiting.

Los Angeles, Cal., May 31.—Three men were indicted Monday on the charge of having placed dynamite in the county hall of records on Sept. 8, 1910, with intent to destroy it. They are: Bert Connors, member of Structural Iron Workers' Union; A. B. Maple, Union Iron Workers; F. I. Bender, president of Local Blacksmiths' Union.

Bail was fixed in each case at \$25,000.

Connors has been under arrest on suspicion for two weeks. Bender and Maple were arrested Monday.

Laurier to Meet Taft.

Port Huron, Mich., May 31.—The Young Men's Business Association of Port Huron has received the acceptance of Sir Wilfrid Laurier, Premier of Canada, to visit Port Huron in September, the same day that President Taft will be here. In view of the general interest in the pending reciprocity agreement the fact that President Taft and Premier Laurier are to be here on the same day has received extraordinary attention.

Brakeman Seriously Injured.

Kingston, May 31.—Victor Davidson, a brakeman on the Kingston & Pembroke Railway, was jammed between a freight car and an engine yesterday afternoon, and seriously injured. His collar bone was dislocated and his chest crushed.

VERDICT IS MURDER.

Coroner's Jury Investigates Death of Loughed.

Toronto, May 31.—Chief Coroner Johnson's jury yesterday afternoon returned a verdict finding that James Loughed came to his death Monday by being shot by Joseph Jessiman and that Jessiman murdered him. The prisoner was in the court room at the morgue, but although called to the witness stand did not utter a single word during the entire session. Advised by W. A. Henderson of Robinette, Godfrey and Phelan, he kept his lips sealed even when asked if he would take the oath.

Several eye-witnesses told of the shooting. Their stories were the same as previously rehearsed, save that those who described the shooting most particularly declared that Jessiman did not start to shoot until Loughed had begun to run away from him.

The ante-mortem statement was read. In it the dead man, who had been warned by Chief Surgeon Uren of St. Michael's Hospital, that he was in imminent peril of death, described his killing as told by the others.

From the questions put by Mr. Henderson, his counsel, it was evident that Jessiman's hope of life is to be placed on the defence of insanity. The questions of one of the jurors showed that he was considering that phase of the matter, but, before they retired to find their verdict, Chief Coroner Johnson told the jurors that this was a question to be dealt with at the trial and not by them.

TROLLEYS COLLIDE.

One Dead, One Dying and Several Hurt at New Haven, Conn.

New Haven, Conn., May 31.—On a level stretch of track and in the middle of a straightaway run of nearly a mile, two trolley cars going from this city to Derby, were in a rear-end collision near Race Brook station, in Orange, late yesterday afternoon. Jas. Malone of Orange was killed, and an unknown young man is dying, and several were seriously injured. The dying man is about 20 years old. His skull is fractured.

George Damson of Ansonia had both hips dislocated and his right leg broken, and eight others were seriously injured.

The cars were running close together owing to heavy traffic all day between the two cities. The forward car had stopped to let off a passenger, when the following car, with only two passengers, crashed into it. The ends of both cars crumpled up, pinning the passengers in the forward car under the debris. James Malone was with his wife on the rear seat of the leading car. He was fearfully crushed, but, singularly, Mrs. Malone was scarcely injured. Robert Grannis, the motorman of the second car was placed under arrest and brought to this city. He refused to make a statement.

A pathetic incident in connection with the death of Mr. Malone, was the fact that four of a family of five children have recently died, and the fifth is just recovering from scarlet fever.

Trial by Gramophone.

Montreal, May 31.—A novel experiment was tried for the first time in Canada at the court house—that of a trial's report by gramophone.

The experiment was attended by Chief Justice Sir Melbourne Tait, Sheriff Lemieux, Messrs. N. K. Laflamme, K.C., Rosario Genest, advocate, and A. St. Martin, official court stenographer.

A show trial was started, Sir Melbourne acting as judge, Mr. Laflamme as attorney for the plaintiff, Mr. Genest as attorney for the defendant, and Sheriff Lemieux as the inevitable witness. After a prolonged sitting the gramophone recited what had taken place.

The object was to ascertain if it would be possible to conduct the business of courts without court stenographers.

Trampled on by Colt.

Chatham, May 31.—A serious accident occurred in Thamesville Monday, when David Sherman took his colt to J. J. Beardson's blacksmith shop to be shod. When Mr. Sherman was bringing it out of the shop it slipped and fell. Mr. Sherman also fell, the colt getting up first and trampling on the man. He was rendered unconscious and was immediately removed to Dr. Stewart's office, where the wounds were dressed. It is thought that he is injured internally, besides having severe cuts on his head. He may not recover.

Dr. Clifford to Lay Cornerstone.

Peterboro, May 31.—Dr. John Clifford of London, England, the foremost minister of the Baptist denomination, has consented to lay the cornerstone of the new \$50,000 Murray street Baptist Church, on June 29. He speaks at the special convocation at McMaster University, Toronto, and is coming to Canada to attend the World Baptist Convention at Philadelphia.

Caught Redhanded.

Brockville, May 31.—The plants of the light and power department, as well as private citizens, have been depleted of valuable tools at intervals for several months past. William Mallett, a local inebriate and a member of the prohibited list, was at last caught redhanded and turned over to the police. Much of the booty has been recovered in junk shops.

Not About to Withdraw.

Montreal, May 31.—W. G. Annable, passenger agent of the C.P.R., when asked yesterday concerning the reports that the line was about to withdraw from the North Atlantic Conference, replied that the story was incorrect. As a matter of fact, he said, there are always such rumors going around just before the conference sits.

Cashed Check, But No Funds.

Peterboro, May 31.—William T. Collins, a local fraternal society organizer, was sentenced yesterday morning to the Central Prison for six months. He went to the hotel and had a check for \$15 cashed without having funds in the bank. He was about to leave the city when arrested.

FOUR MEN PERISH

Silverton, B. C., Visited by a Disastrous Fire.

SEVERAL BLOCKS BURNED

Robt. McTaggart, Robt. Fairgrieve, F. L. Fairgrieve and a Man From Phoenix Are Known to Have Lost Their Lives In Blaze Which Sweeps Through Town—Flames Wreck a Kingsville Hostel.

Vancouver, B.C., May 31.—A special from Nelson, B.C., says: A disastrous fire occurred at Silverton early yesterday morning, totally destroying a number of blocks of the town, including the Victoria Hotel, Windsor Hotel, Mrs. Carey's grocery, and W. B. Brandon's store building, occupied by E. Patrinquin and family.

The fire originated in the Windsor Hotel, cause unknown, and spread so rapidly that few of the guests secured even clothing to cover them.

The Kingsville Hotel Burned. Kingsville, Ont., May 31.—The Exchange Hotel here, for the last year a temperance house, was razed to the ground yesterday. Fire was first discovered at 5 in the morning, and was extinguished by the firemen. But at 11 o'clock the fire broke out again and this time gutted the building.

Germany to Enter Pact. Berlin, May 31.—The Norddeutsche Allgemeine Zeitung leads off its issue of yesterday with an announcement of the steps Germany has taken toward arbitration.

Hebert Marriage Case. Montreal, May 31.—Another step in the now famous Hebert-Cloutier marriage case was taken yesterday morning when attorneys for Madame Cloutier filed an inscription asking that the appeal from the judgment annulling her marriage with Emile Hebert, be heard June 12.

The marriage was annulled by Judge Laurendeau because of a decree that had been issued by Archbishop Bruich against the marriage of Roman Catholics by Protestant ministers. Emile Hebert and Marie Emma Cloutier are both Roman Catholics, but their marriage was celebrated by a Protestant minister, Rev. Mr. Timberlake.

McGill Honor List. Montreal, May 31.—The fourth year graduating medical list at McGill shows that 31 students passed out of a class of 35.

W. C. Glidden, Ottawa, won the Holmes gold medal for highest aggregate in all subjects forming the medical curriculum.

H. J. G. Geggie of Beauport, Que., won the Wood gold medal and the McGill Medical Society senior prize. Other students from Ontario and Quebec to qualify for the M.D. degree are: A. D. Campbell, Glencoe, Ont.; H. R. Clouston, Huntingdon, Que.; J. H. Gillespie, Morrisburg, Ont.; C. D. Hamilton, Cornwall, Ont.; J. H. Legault, Ottawa, Ont.; C. H. Kearney, Renfrew, Ont.

Refused a Reward. Chatham, May 31.—The infantile mystery which stirred Chatham a few weeks ago still remains a mystery. At the meeting of the City Council Monday evening the police authorities asked the city to offer a reward for information which would lead to the conviction of the person or persons who strangled and drowned the newly-born infant in the River Thames. The council refused and have intimated that the authorities will have to probe the mystery without financial aid, which the police claim it is impossible to do.

A Remarkable Operation. Philadelphia, May 31.—Delegates to the convention of the American Laryngological Association witnessed a remarkable surgical operation here yesterday, when Dr. C. Jackson of Pittsburgh, without the use of a knife, removed a brass paper clip that had been embedded in a young woman's bronchial tube for eight years. The instrument used was bronchoscope, to which was attached a tiny electric light, a reflector and minute forceps. The tube was lowered down the patient's throat and the clip was removed after about an hour's work.

MURPHY ON TARIFF

Secretary of State Addresses Meeting at Rockland.

CHANGE IS NOT RADICAL

He Says the Present Agreement is Identical With the One the Conservatives Tried to Pass in the '90's—Trade in Cheese, Hay, Cattle, and Lumber Will Be Greatly Benefited by New Schedule.

Rockland, Ont., May 31.—Hon. Charles Murphy, Secretary of State, addressed a meeting of his supporters here last night. The chair was occupied by Dr. Desrosiers, mayor of Rockland. He explained briefly that the audience would have an opportunity to hear the questions of the day discussed in an intelligent manner by two members of the Government and one or two others. He then introduced Hon. Charles Murphy.

Mr. Murphy on rising was greeted with cheers. He declared that the meeting was called particularly to hear Hon. Rodolphe Lemieux and Mr. Joe Demers speak. He was, however, loth to leave the floor without making reference to the reciprocity treaty. In spite of assertions to the contrary, made by the Opposition, the proposed agreement did not make a radical change in the trade policy of the country. He referred to a similar treaty with the United States, in force 50 years ago, namely, the Elgin treaty, which lasted from 1854 to 1866.

Mr. Murphy was followed by Mr. Demers, who devoted much of his speech to an eulogy of Sir Wilfrid Laurier and his work in the upbuilding of Canada and the unification of the races. He touched upon the opposition which he is now meeting in certain quarters of the Province of Quebec and uttered a warning to his audience that the movement was merely the result of jealousy, was ill-advised and if carried into effect must surely end in eventual and inevitable confusion and disaster.

PRINCE KEEPS PACT.

Leopold of Battenberg Looks Up Old Montreal Friend.

Montreal, May 31.—The visit of His Royal Highness Prince Leopold of Battenberg, first cousin of King George, to Montreal has revealed the romance of a myal friendship for a citizen of this city in the person of C. G. Greenfields, son of J. M. Greenfields, K.C. The story began five years ago in an Egyptian hotel, when Prince Leopold, then a lad of seventeen, was attracted by the young Canadian of his own age, who was traveling with his parents. They met at dinner together, went pilgrimages together to the pyramids, and when the parting came, in boyish fashion the royal prince and young Greenfields swore fealty to each other, and promised to meet some day in the Canadian metropolis. A bond was made in which young Greenfields wrote his address and sealed it in a letter.

Last November the prince planned a round the world tour, and in his baggage was the letter he had received from young Greenfields in Egypt. Yesterday morning he arrived in Montreal and prepared to make himself known to Mr. Greenfields. But the first person to arrive at the apartments of the prince in the Place Viger Hotel was his Canadian chum, and the friendship of old days was immediately renewed.

The prince has been charmed with Canada and has been heard to remark that his uncle, the Duke of Connaught, was lucky to live here. He intends to return here next year.

Contraband Brandy Seized.

Montreal, May 31.—Three hundred bottles of the best brandy, which, unknown to the officers of the ship, were being smuggled over on the Gothland of the Canada Line, which recently arrived in port, were Monday seized by the officials of the custom department and the whole consignment now awaits confiscation.

The liquor, in two-pint bottles, was sewed up in bags of bran, while other bottles were concealed in the bales and bundles of settlers' effects, down among the general cargo.

The shipment, it is alleged, was the result of an endeavor on the part of a Rotterdam merchant to send some of his goods to Canada to be disposed of at retail.

Grasped Live Wire.

Toronto, May 31.—Falling from the branch of a tree he was trimming on Howard Park avenue, yesterday afternoon, Bert Williams, a civic employe, was badly burned when he hit an unannounced electric wire. He grasped the wire, and then receiving the full voltage, by a supreme effort unclasped his hands, falling in a heap to the ground. His fellow workmen picked him up and called Dr. Alexander Hamilton. He was conveyed to the Western Hospital in Miles' motor ambulance.

Although suffering from shock and severe burns to his hands, the hospital authorities declared last night that he had a good chance of recovery.

Nose Broken at Baseball Match.

Hespeler, May 31.—Robert Kohli, a groceryman, had his nose broken at a baseball game while playing first base. This is the third time the man has had his nose broken.

HEAVY STORM—Peterboro was visited, by a very severe electrical storm on Sunday afternoon last. The lightning struck the house of Mr. Carscallen, on Parnell street, knocked the chimney off, smashed through the gable end, ran along the front of the house, broke a window, and finally wound up by removing a curtain pole from its brackets and depositing it upon the bed on which the lady of the house was resting.
