REASONS FOR PLAYGROUNDS

Mrs. Sherriff Desirous of Having Playgrounds And A Park.

Apropas of playgrounds about a month ago, I asked for the use of the held a meeting and decided to ground belonging to the G.T.R. running across the town. A couple of weeks ago their solicitor, Col. Ward, kindly placed it at my disposal to be used as a playground for this season. I hope this is but the entrance of the small and of a very big wedge that will cleave out a playground across Port Hope.

My plans which are very unsettled are to begin on Mill street and provide a little park for the use of working men and women's children, to make it a private ground which seems necessary, and to accept the offer of money or labor as a membership fee for the use of the grounds. I shall take all questions as suggestions and thank anyone for offers of money, labor or any approval.

A Good Story

An Irish doctor, while enjoying a holiday in the country, took the opportunity along with a friend, to go fishing. During operations the doctor's sinker came off and was lost. Here was a dilemma-no sinker, no more fishing that day. Happy thought, he had a bottle in his pocket. The bottle was filled with water, carefully corked and sent down on Yards, Outhouses, Stables, its mission.

After a few minutes' interval, the doctor had a bite and pulled up his line at racing speed, finding a pair of fine fish, one on each hook.

"Ha, doctor, twins this time," exclaimed his companion.

"Yes," quoth the doctor, "and both brought up on the bottle, too.

Rheumatism comes from bad kidneys. The poisonous Uric Acid which they should remove stays in the blood, accumulates in joints and muscles, and causes agony. Winston Churchill Says They Will Be Still at a Disadvantage Compared With Conservatives In Securing

Justice In England - Clause Provides For a Measure That Has Thri . Been Thrown Out

London, May 3 .- After the application of closure, clause two of the Par-liament bill, which is the most im-portant clause of the Government's measure for the curtailment of the powers of the House of Lords, was carried in the House of Commons last night, 250 to 195. Later clause three of the bill, providing that "any certificate of the Speaker of the House shall not be questioned in any court of law," was carried after closure, 255 to 132.

Clause two relates to any bill other than a money bill, and provides that if any such bill is passed by the House of Commons in three successive sessions and is rejected by the House of Lords at each of these sessions it shall become an act of Parlia-ment on the royal assent. In amended form it provides that the two years delay shall be calculated from the date of the passing of the second reading of the bill in the House of Commons.

Before the vote was taken, Winston Spencer Churchill, the Home Secre-tary, said that the adoption of the clause was imperative, because there had come about a complete paralysis of the working constitution and denial of all form of redress to those who did not belong to the Conservative party. The safeguards which the clause left the House of Lords for delay and revision, he said, would still place the Liberals under great disabilities as compared with the Conservatives. That was the reason why reform of the House of Lords should follow as the complement of the Parliament bill.

Mr. Balfour, leader of the Opposi-tion, declared that the real purpose of the bill was not improvement of the constitution, but the carrying of home The Government had succumb ed to the threats and cajoleries of the Nationalists and Laborites.

Again, by the aid of the closure, the remaining clauses, four, five and six, were adopted without amendment by large majorities.
Clause four provides "that nothing in this act shall diminish or qualify

the existing rights and privileges of the House of Commons." Clause five reads: "Five years shall be substituted for seven years as the time fixed for the maximum duration

Hon. Frank Oliver Absolutely Denies Insinuations.

THE FARMERS' BANK AGAIN

Haughton Lennox Brings In a Vote of Censure on the Finance Minister as a Result of the Failure of the Bank, But His Motion Is Defeated-Hon. Mr. Oliver Wants Charges Fully Investigated.

Ottawa, May 3 .- On the request of Hon. Frank Oliver, whose name has been connected with charges made in a Toronto evening paper, Sir Wil-frid Laurier moved, when the Comfrid Laurier moved, when the Commons met yesterday afternoon, the appointment of a special committee to fully investigate the circumstances. The Minister of the Interior, who rose at the opening of the House, made a brief denial of the insinuation that anything other than the public interests had inspired his actions, and asked that a committee should be forthed that a committee should be forth-with appointed to thoroughly investi-gate. His statement was greeted with prolonged Liberal cheers.

"Before the orders of the day are called," said Hon. Mr. Oliver, "I desire to read a despatch from Ottawa, which appeared in The Toronto World

of Friday morning last."

The despatch set forth two distinct statements. One was to the effect that an order-in-council, dated May, 1903, gave the Canadian Northern Railway the privilege of transferring their choice of 600,000 acres of land carned through a railway subsidy grant, from Manitoba to the wheat lands of Sas-katchewan. The other was that subsequently two amounts, one for \$50,-000 and the other for \$19,000, had been deposited to the credit of Hon. Mr. Oliver in the Imperial Bank, Edmonton, this money having come from the Manhattan Bank of New York

After reading this newspaper state-ment, Mr. Oliver noted that no direct statement of any charge against him had been made. No connection was alleged or inferred between the trans-fer of the land and the alleged deposit of the money to his credit, but the statements were placed side by side

for the purpose of creating connection.

Mr. Oliver declared that there was no foundation for such insinuation. The order-in-council had been passed on his recommendation and he had made that recommendation in the public interest. No money had been paid to him or anyone, in connection

with the order-in-council.

No special charge had been made,
declared Mr. Oliver, nevertheless he would ask that a special committee of the House be named to enquire in-to any charge which might be made in connection with this matter. Sir Wilfrid then moved for the ap-

pointment of a select committee of five members of the House, to enquire into the matter to which the Minister of the Interior had referred. R. L. Borden enquired as to the

scope of the committee. Sir Wilfrid Laurier said the committee would enquire under oath into all the circumstances surrounding the

issue of this order-in-council.

Mr. Borden suggested the advisability of allowing the formal motion to stand over till to-day. To this the Prime Minister agreed. The matter

there ended.

By 97 to 63, or a majority of 34, the Government yesterday voted down a motion by Haughton Lennox to pass a vote of censure on Hon. W. S. Fielding and the Treasury Board in with the Fermers' Bank connection with the Farmers' failure. The motion read as follows: "The House regrets that in permitting the Farmers' Bank of Canada to comace and to continue business, the Minister of Finance and the Treasury Board failed to exercise such proper care and to take such reasonable preevasion of the law and to protect the public interest." cautions as were necessary to prevent

The arguments brought forward were somewhat similar to those used when the Opposition recently moved for the appointment of a royal com-mission to enquire into the affairs of the defunct institution, which motion was also defeated. Mr. Lennox said that without imputing to the Minister of Finance any wilful wrong or mis-conduct or want of good faith, he did deserve in his pubic capacity the cen-sure of the House for inflicting a great wrong on a deserving class of people in this country. Mr. Fielding had been repeatedly warned that the promoters of the bank were not the best class of people to whom to grant a certificate, and he was also warned that there was an evasion of the Bank

Mr. Fielding replied that it was much easier to be wise at a later stage than at the beginning. After all that had occurred, however, they must come to the conclusion that it was not the only step that was unfortun-ate, and for others Parliament was responsible. Four and a half years ago Travers was a reputable citizen. Accordingly, when Travers swore the affidavit regarding the deposit money of the Farmers' Bank, it was accept-If Travers was known to be a criminal, was it conceivable that the Province of Ontario would have deposited \$25,000 in the Farmers' Bank? he asked. However, nobody had suf-fered any loss through the notes being irregular.

CHAPTER OF WRECKS.

Five Persons Are Drowned In New Brunswick Accident.

Edmundston, N.B., May 3.—The saddest accident in the history of Edmundston happened here on Monday night, by which five lives were lost. The wire used in running the terry be-tween this place and Madawaska, Maine, broke, when the boat was in the middle of the river, and the boat upset and all but one of the occupants drowned. The river is running high and is icy cold, so that those who were thrown into the river had little chance to help themselves. Those drowned are: Solomon Herbert, aged 22; Calixte Dufour, aged 40, both of St. David, Maine; Allen Phillips, aged 15, son of H. W. Phillips, C.P.R. station agent here; Isidore Moscovic, 14 years old, son of Joseph Moscovic, merchant, and a middle-aged man

whose name cannot be learned. Zepherin Dagle, who was in charge of the boat, was saved, but was unconscious when brought ashore. A boat with several men started out as soon as the accident was noticed, but the current was too swift for them to overtake those struggling in the

water.
Mrs. Phillips was watching the boat in which her son was coming across the river, and the boy had waved a signal to her just before the wire rope broke.

Steamship Aletha Grounded.

Kingston, May 3.-Making a trip up the bay at 3 a.m. yesterday the steam-er Aletha of the Bay of Quinte Navigation Co. met with a serious mishap. A steam pipe burst and one passenger, A. Ryder, manager of the Feldspar Mines, Verona, was badly scalded. Losing her controlling power the steamer finally grounded in Navy Bay. In order to keep the vessel from doing herself injury, a seacock was opened and water allowed to run in. The passengers were taken off in a yawlboat. Many were badly frightened and had life-preservers on. The damage to the vessel will not be very Landed In Lifeboat.

Brockville, May 3 .- Coming from Alexandra Bay Monday in the dense fog, the steamer Island Belle ran high and dry on the washout near the five-

mile lighthouse in American waters.

The mail and two passengers landed in a lifeboat on the Canadian shore at Shoal Ferry, and proceeding to Brockville secured the services of the steamer Bigelow, which released the Belle, which sustained no damage. The shoal is one of the dangerous spots in the American channel, usually marked by a black buoy, which had not yet been placed in position.

Toronto Inaugurates Hydro.

Toronto, May 3.-Striving vainly to make his voice heard above the thundering roar of thousands upon thou-sands of people, punctuated by pierc-ing shrieks as women here and there in the surging crowd collapsed in fainting fits, Sir James Whitney last night officially inaugurated Hydro-Electric power in Toronto.

The inauguration provided a spectacle that challenges description. It was not carried off according to the program so carefully mapped out; Mayor Geary shouted a few sentences that not even those standing a few feet away could hear, Sir James far-ed little better, and in the excitement of the crowd's charge the civic officials threw their program to the winds and not a word was heard then from the man whose splendid optimism, courage and tireless energy made the whole thing possible — Hon. Adam Beck. The address of the "Power Min-ister" was made inside the City Hall some time later.

Trial of Directors.

Toronto, May 3 .- To-day is set for the first shot in the prosecution of the Farmers' Bank cases, before Chief Justice Meredith, in the criminal assizes.

The court will take up the charge of conspiracy to fraudulently secure the certificate of the Treasury Board of Canada, which allowed the Farmers' Bank to commence business. Upon this charge the grand jury yes-terday indicted John, Watson, John Ferguson, Alex. Fraser and A. S. Lown, the provisional directors of the bank; Clark H. Smith, secretary; Dr. Beattie Nesbitt and J. J. Warren and J. R. Stratton, M.P.

Archdeacon Is Now the Bishop-Elect of Niagara.

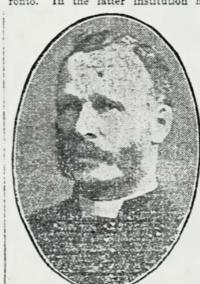

FIVE BALLOTS ARE TAKEN

Rev. Patterson Smythe Is Runner-Up In Hotly-Contested Election In Hamilton - New Bishop Was Born In Russell County Sixty Years Ago and Is a Graduate of Trinity College, Toronto.

Hamilton, May 3.—Venerable Arch-deacon W. R. Clark of this city was last night elected Bishop of Niagara to succeed the late Bishop DuMoulin. This result was attained at 10.30 p.m. on the fifth ballot. He had 49 clergy and 35 votes, 38 clergy and 32 lay be-ing required to elect. Rev. Dr. Pat-terson Smythe of Montreal was second in the balloting, with 20 clerical and 25 lay votes. None of other candi-dates whose name had been mentioned for the office received enough support to make them serious factors in the

election.

Venerable Archdeacon William Reid Clark, the bishop-elect of Niagara, was born in Russell County in 1851, and is therefore 60 years of age. The early years of his life were spent on his father's farm. His education was received at Bishop's College, Lennox-ville, Que., and in Trinity College, To-In the latter institution he

He then came to Hamilton and has been archdeacon of the diocese for the last eight years. For three years he acted as secretary of the Provincial Synod. as secretary of the Provincial Synod. He is at present secretary of General Synod of Canada. Archdeacon Clark's natural qualities and long experience eminently fit him for the high office which he was elected last night. His humble piety combined with zeal for the best interests of the church, have distinguished him among his fellowmen, while his administrative and executive ability have been placed beyond question by the manner in which he has discharged his duties since he has been in charge of the Synod of Niagara. It is the general feeling among all classes that a better man could not have been chosen.

Chamberlain Hyde of New York Will Resign His Job.

New York, May 3.—Chas. H. Hyde, a native of Truro, N.S., will resign as city chamberlain at once. Under indictments and under the fire of practically every newspaper in New York, he announced last night that, although he is the victim of "one of the other than the control of the other the most wicked conspiracies in the history of the city." he will relin-quish his position as custodian of the city's millions in order not to embar-

rass the Gaynor administration.

Indicted secretly late Monday on two counts, one charging him with bribery, the other with taking an unlawful fee, the city chamberlain uniawiti fee, the city chamberlain pleaded guilty in the eriminal branch of the Supreme Court yesterday afternoon, with permission to change or withdraw the plea up to May 16, and was released under \$7,500 bail, furnished by Daniel S. Westminster Confession Keeps Ministers From Church?

St. Catharines, May 3 .- Yesterday afternoon Hamilton presbytery gave an attentive ear to the motion by Rev. John Young, to recommend to the general assembly the entire removal or radical moderation of the question, "Do you believe in the Westminster Confession of Faith?" now put to applicants for ordination. It was argued that the demand for an affirmative answer is driving men from the min-istry. The question was forwarded to the general assembly without local discussion.

The calls of Rev. R. Young of Pack-enham, and Rev. R. M. Fee of Dunnennam, and kev. R. M. ree of Dunn-ville, to Pettypiece, Man., were sus-tained, but that of St. Andrew's Church, Toronto, to Rev. Dr. Gray of Dundas, was deferred until a special meeting in Hamilton on the 16th. The presbytery recommended that in fu-ture the minimum stipend be \$1,200.

Later it was found that his skull was fractured, and he was taken to St. Michael's Hospital from police court, where he died.

EIGHT REFUSED

License Inspector Would Not Renew License of Bartenders.

A renewal of the licenses of eight Peterboro bartenders was refused by License Inspector Stewart on Saturday, the matter of refusing or renewing bartenders licenses being entirely under his jurisdiction.

These eight bartenders in question were mixed up in a case last December, when the proprietor of the Chemong Hotel was charged SAVINGS COMP'Y with the illegal sale of liquor and subsequently fined \$100 by plead-

ing guilty.

The eight bartenders were, to the knowledge of the License Inspector, drinking and causing a dis-turbance by their disorderly actions, both at the hotel and on their return to the city; not on one occasion alone, but several times.

The licenses could at that time have been cancelled, but the Inspector decided to allow them to finish the year.
