After the ordinary routine business communications were read from Mr. D. McIntyre, of the Ontatio Railway and Municipal Board to Mr. Henry White, and from the secretary of the local Board of Health to the Water Works Commissioners. The Chairman called upon Mr. White the solicitor for the Board to explain what led to this correspondence. The Commissioners he said were' authorized by the Municipal Board to issue \$15000.00 Debentures in three yearly installments of \$5000.00 each, the time for the last installment expired on the third day of June last, consequently there were \$5000.00 Deben-tures still to issue. He had gone to Toronto by the instructions of this Poard interviewed the Railway Board, who had expressed their willingness to extend the time, all the documents had been prepared as he was about to revisit Toronto, will give an exhibition of the most and get the necessary authority to issue these Debentures when he received this letter from Mr. McIntyre of the Municipal Board. The Resolution asking for this money was passed by the Water Commissioners, an elective body, and approved by the Town Council, also an elective body, and now they are balked in mittee a large amount of money and their efforts to improve and extend will be worth going miles to see. the Water Works System, and economize in their efforts to put the system on a more satisfactory footing, through the unwarranted interraces, two aeroplace ascensions and new acts by the vaudeville troupe. letter to the Municipal Board at the instance of Dr. McCullough of the Provincial Board of Health. Indeed he had neither withheld nor done anything in the matter with out the sanction and approval of

Dr. McCullough, or Dr. Clinten of Belleville or of both.

analysis of the water were withheld he explained they had been given to the Board of Health but withheld from the Public because of the possibility of a false interpretation being put upon them, as it was a very difficult matter to grasp and under stand the results of water analysis. Finally on motion the Doctor agreed to let the Water Commissioners have the analysis of the water for the last three months. After a lengthy conversation Mr White was ordered to proceed and take the necessary steps to get the authority of the Municipal Board to issue the remaining \$5,000.00 of Debentures.

As to the letter from the local

Board of Health whilst the Commissioners appreciated the interest they appeared to take in the Water Works System, they think their interference was not necessary. Dr Dickinsen when asked it the Water Commissioners had left anything undone, that they could do, to give the people pure water stated again again that the Water Commissioners had done all they could, and exhorted them to exercise patience and the Officers of the Provincial Board of Health would come down here and spend a week investigating, as they were very anxious about the Port Hope Water. The Commissioners felt that it was a pity that the Doctor had not exhorted the Board of Health to have patience before they passed the resolu-tion, which undoubtedly reflected upon the Board of Water Works Commissioners. An animated con-versation ensued between the Doctor and Mr Chislett. The Doctor throwing the blame on the Town Council, and Mr Chislett refused to accept any blame in the matter of the Provincial Board of Health's in-

structions being carried out
The Chairman of the Water Board declared emphatically, the Commissioners had gone into this matter and were determined to get to the bottom of it. If the water was bad the people should know it and if the water was good the peo-ple should know it, but to be blamed in this way they declined quietly to submit it, they were receiving no pay for their services, they were doing their utmost, giving their time, their energy and their best thought to the interests of this sys-tem, and when they could not get money had to become individually responsible to the Bank for whatever they might borrow, and it is hoped that the Cominissioners will now get money to carry on their

Sustained Severe Injuries When He Jumped From the Train

Karson, the Finlander, who jumped from the 10.10 train on Monday night, between Carmel and Millbrook, was captured the next mornby a number of section men. He gave the men a long chase and put up a very stubborn battle before submitting to arrest. In his jump from the train, he sustained a dislocated collar bone and other injuries when he rolled down the thirty foot embankment from the car window.

In the Police Court at Millbrook, June 10, he was committed to the Counties jail and it is likely he will be deported.

EMPRESS OF IRELAND

The stately Empress left her dock With mirth and cheer on board, Her flags were flying, while her band Played hymn tunes to the Lord, At father Point the tog shut down So Kendall hove her to. While waiting for the sun, She lay with idle screw.

Many souls were wrapped in slumber And never dreamed of death, The grisly reaper swept along, With his cruel and icy breath. The Storstad struck her steel And tore her plate from plate, To fill the Gulf with corpses Made up of small and great.

There's not a doubt, we know, That Kendall and his crew Did all that mortals can, As such heroes always do. No man can blame the Captain, He stayed till she was gone, The ship he ruled and loved-And lost, awaiting for the dawn.

"Save our Ship" flashed out, Across the might deep, And soon two vessels raced, Some lives to try and keep. Is not for me to tell, What horrors that were there, But it would surely equal, The wildest thoughts of hell.

Who thought of pain and anguish Throughout our pleasant land, While listening to the music, Ot that bright Salvation Band? "God be with you till we meet," They sang the old refrain; May all at Jesus feet, Join in and sing again.

No words can soothe the grief, Ot those in sorrow's grip, Tho' sympathy goes out to all, Twon't stop the eyes that drip. 'Twill echo down the ages, In that soft and sweet refrain, The hymn the Army played-God be with you till we meet

OSHAWA'S TROUBLE Police Magistrate Resigns From Office

Oshawa Reformer

In a curious compound of contradictions, copies of which he has posted up at the door of his office, Mr. W. J. Watson, late Police Magistrate, announces his resignation, accompanied by a picture of himself, to illustrate it. Whatever his intention in connection with the matter may be, he at least believes in presenting a bold front to the public, as a perusal sf his resignation indicates. The public will be the best judges

of what it all means. The communication is addressed to Hon. J. J. Foy, Attorney General of the Province and reads in effect,

"Then, what do you want to see her about?"

There was a brief pause before the girl could pluck up courage enough for an answer. Then, it was spoken confusedly, almost in a whis-

"You thought she might help you," Garson interrupted.

But Aggie, too, possessed some perceptive powers, despite the fact that she preferred to use them little in ordinary affairs.

"You have been in stir-prison, I mean." She hastily corrected the lapse into underworld slang.

Came a distressed muttering of

a ssent from the girl.
"How sad!" Aggie remarked, in
a voice of shocked pity for one so
inconceivably unfortunate. "How very, very sad!"

This ingenuous method of diversion was put to an end by the entrance of Mary, who stopped short on seeing the limp figure huddled in the chair.

"A visitor, Agnes?" she inquired At the sound of her voice, and before Aggie could hit on a fittingly elegant form of reply, the girl looked up. And now, for the first time, she spoke with some degree of energy, albeit there was a sinister undertone in the husky voice.

"You're Miss Turner?" she ques-

A gasp burst from the white lips of the girl, and she cowered as one stricken physically.

Vaguely startled by the hysterical outburst from the girl, Mary's immediate thought was that here was a pitiful instance of one suffering from starvation.

"Joe," she directed rapidly, "have Fannie bring a glass of milk with an egg and a little brandy in it, right away."

The girl in the chair was shaking soundlessly under the stress of her emotions. A few disjointed phrases fell from her quivering lips.

I didn't know-oh, I couldn't!" "Don't try to talk just now," Mary warned reassuringly. "Wait until you've had something to eat."

Aggie, who had observed developments closely, now lifted her voice in tardy lamentations over her own stupidity. There was no the girl parted as if she would speak. affectation of the fine lady in her self-reproach.

"Why, the poor gawk's hungry!" she exclaimed. "And I never got the dope on her. Ain't I the simp!" The girl regained a degree of selfcontrol, and showed something of forlorn dignity.

"Yes," she said dully, "I'm starving."
Mary regarded the afflicted crea-

ture with that sympathy born only of experience.

"Yes," she said sottly, "I under-stand." Then she spoke to Aggie. "Take her to my room, and let her rest there for a while. Have her drink the egg and milk slowly, and then lie down for a few minutes anyhow."

Aggie obeyed with an air of bustling activity.

"Sure, I will!" she declared. She went to the girl and helped her to stand up. "We'll fix you out all right," she said, comfortingly. "Come along with me. . . . Hun-gry! Gee, but that's tough!"

Half an hour afterward, while Mary was at her desk, giving part of her attention to Joe Garson, who sat near, and part to a rather formidable pile of neatly arranged papers, Aggie reported with her charge, who, though still shambling of gait, and stooping, showed by some faint color in her face and an increased steadiness of bearing that the food had already strengthened her much.

"She would come," Aggie explained. "Ithoughtsheshould restawhile | during this moment only to make longer anyhow." Mary disregarded the frivolous interruption, and went on speaking to the girl, and now there was something pleasantly cajoling in her man-

There flashed still another of the swift, sly glances, and the lips of But she did not; only, her head sagged even lower on her breast, and the shrunken form grew yet more shrunken. Mary, watching closely, saw these signs, and in the same instant a change came over her. Where before there had been an underlying suggestion of hardness, there was now a womanly warmth

of genuine sympathy. "It doesn't suit you?" she said, very softly. "Good! I was in hopes it wouldn't. So, here's another plan." Her voice had become very winning. "Suppose you could go West-some place where you will have a fair chance, with money enough so you could live like a human being till you got a start?"

There came a tensing of the relaxed form, and the head lifted a little so that the girl could look at her questioner. And, this time, the glance, though of the briefest, was

less furtive. "I will give you that chance," Mary said simply, "if you really want it."

That speech was like a current of strength to the wretched girl. She

"Oh, I do!" And now her hungry gaze remained fast on the face of the woman who offered her salvation.

Mary sprang up and moved a step toward the girl who continued to stare at her, fascinated. She was now all wholesome. there crept the pathos of one who knew. The sympathy of it stirred the listener to fearful memories.

"I have, I have!" The thin voice broke, wailing.

"Well, then," Mary went on, "just begin all over again, and be sure you stand up for your rights. Don't let them make you pay a second time. Go where no one knows, and don't tell the first people who are kind to you that you have been crooked. If they think you are Mary regarded the girl with an straight, why, be it. "Take this. It will pay your fare West, and keep you quite a while if you are careful."

But, without warning, a revulsion seized on the girl. Of a sudden, she shrank again, and turned her head away, and her body trembled.

"I can't take it, she stammered. can't! I can't!" Mary stood silent for a moment from sheer amazement over the change. When she spoke, her voice had hardened a little. It is not agreeable to have one's benefi-

cence flouted. "Didn't you come here for help?" she demanded.

"Yes," was the faltering reply "but-but-I didn't know-it was you!" The words came with a rush of desperation. "Then, you have met me before?"

"HE LEADETH ME"

There are many things in which we differ from each other, in mental capacities, in accomplishments, in disposition, in the character of our work, and for that reason no two of us have the same experience at the same moment. . . When we are toiling the hardest, some other is enjoying rest. Therefore the message that is suited to one is inappropriate for the other. . .

But here are words that are appropriate for all occasions. "He Lead-eth Me." If we believed that and Leved it, our lives would be transformed. What we need to make our rest sweet is a consciousness of God's presence and leadership. What we need to take the irksomecless out of our work is a consciousness of God's presence and leadership. What we need to take the bitterness out of our sorrow is that same consciousness. Those who have strayed into wrong pleasures and tasks and needless sorrows would have been saved all that if they had followed the divine leadership.

The leadership of God is a defimite and blessed reality. In all the experiences of life, rest, work, socrow, we ought to be able to say, "He leadeth me." And if we follow where He leads we can join in the chorus with which the Twenty-third a woman over a fence, as the result Psalm closes, "Surely goodness of a cattle impounding case. ELECTRIC PUMP

At Waterworks Station Not Needed-Letter From Mr. Culverwell and Other Prominent Rate-

Board, Parliament Buildings, Toronto.

SIR:-On behalf of Mr. J. A. Culverwell, and others, Ratepayers of the Town of Port Hope, I wish to draw the attention of the Members of your Board to the following matters connected with a proposed expenditure of the sum of \$5000, or thereabouts for the installation of an Electric Pump, in place of the present Steam Pump in the Pumping Station at Port Hope.

The Electric Pump is not needed at the present time as the Steam helpless condition, and their atten- System is quite sufficient for present requirements.

The money to be expended must be obtained by the sale of Water Works Debentures, a balance of such Debentures being on hand under a termer authority for Water Works purposes, extensions and repairs.

It is inadvisable to expend any moneys at the present time for the purpose contemplated inasmuch, owing to the impure condition of the water, as disclosed in frequent and recent reports of the Medical Health Officer, it may be imperative to change the whole waterworks system, which will cause a very large expense.

The financial market is not suitable at present for the sale of Municipal Debentures; which was a strong reason why the Debentures

were not sold in 1913.
It was not originally intended to expend the proceeds of the said Debentures when sold in this manner, but such moneys were to be applied in making needed extensions and repairs to the present system.

The scheme proposed has not Escaped With His Life been properly explained to the Public, nor considered by the Council; but the matter has been conducted in a more or less secret or private way and not in an open manner, so that the public might understand it.

The resolution passed by the Town Council is not a clear state-Ben Clute, of Peterboro, a G.T.R. ment of the intentions of the Water brakesman, had his right foot am- Commissioners, and if the applicaputated at the Nicholls Hospital tion to your Board is no clearer on Sunday afternoon as the than the said resolution, it will imresult of an accident at Millbrook part a very inadequate explanation station, in which the young man of the object of the proposed ex-

ONE DEATH EVERY FOUR HOURS

"Consumption" the Cause

Six people die every day in Ontario from Tuberculosis-at the rate of one person every four hours -a total of over 2,300 deaths every vear-equivalent to the wiping out and loss to the community of a good sized town.

An appalling loss of life. The pity is that this continual sacrifice is unnecessary. These lives or most of them, might be saved.

Pioneer work in the Crusade against Consumption has been done by the National Sanitarium Association. The hospitals at Muskoka and Weston are to-day standing evidence of the magnificent achievements of the Association. One branch of the Association

work-a free illustrated Lecture with seventy-five lantern views-is delivered by Mr J B Watson, Field Secretary of the Association.

This lecture will be given on Sunday evening, 21st inst., at 8.20 o'clock, in the Town Hall, Port Hope, Ont. A collection will be taken at the close in aid of the Muskoka Free Hospital for Consumptives.

"The amount of information which Mr Watson was able to convey to his hearers in a short time was marvelous. His style of delivery was excellent."

"Those who heard Mr Watson's lecture were interested, informed and pleased."

"The wonderful lecturer gave most valuable information in a manner most thoroughly entertaining. "Admirably practical and instructive."

"A speaker of unusual ability." "A most thrilling lecturer."

Such is the chorus of praise, without any note of dissent, which has M Reid. greeted Mr Watson's lecture during the past two years.

The lecture explains in a simple, interesting and complete way exactly what the disease is, how to avoid t, and how to treat it.

Parents especially should know how to protect themselves and theirchildren. Every private individual -man, woman and child-is in danger and should know how to combat it.

It is not too much to say that this lecture has been the means of saving many lives. It answers questions everybody is asking. It is simplicity itself-a child can understand. To attend such a lecture is a privilege. We heartily commend it

to our readers. SPORTING SKITS

ANALYSIS FIRST

This is equivalent to saying SAFE-TY FIRST. It is unexplainable, yet only too true, that a great many will invest their hard earned savings in something, or with someone they know little or nothing about, and afterwards proceed to investigatein other words, Analysis Last, with the result that the so called "Investment" frequently turns out to be a speculation of the "wild cat" variety. Have You a Cold? Try FOSSAL BALM!

There is nothing alow or roundabout in the way Fossal Balm gets after a cold in the head, nasal catarrh or irritation in the nasal passages.

The action of its antiseptic, healing ingredients is made more certain and effective by the handy way of applying it. The collapsible tube containing the Possal Balm ends in a little nozzle about half an inch long, which fits into the nostrils and applies the ointment well up in the passages.

Here it works almost like magic, killing the disease germs, checking the inflammation, relieving that burning irritation, clearing the passages for easy breathing, and restoring normal, healthy conditions.

Use Fossal Balm at the first sign of a cold in the head—it will not only save you from all the miserable discomfort of it, but in doing so will protect you from the more serious diseases which follow neglected colds. Get a 50c. tube from your Druggist, or if he cannot supply you, we will mail a tube prepaid on receipt of the 50c. National Drug & Chemical Co. of Canada, Limited. 3

SALE OF VALUABLE FREE-HOLD PROPERTY IN THE TOWN OF PORT HOPE

TAKE NOTICE THAT SEALED TENders will be received by the under-signed up to Saturday, the 27th day of June next at 12 o'clock noon, for the purchase of that valuable freehold property in the town of Port Hope, formerly occupied by the Mill Street Presbyterian Church containing by admeasurement a fraction of an acre and being composed of lots one hundred and ninety-eight and one hundred and ninety-nine on the east side of Mill street, Port Hope, as laid down and shown on a plan of said town made by the late John K. Roche, Deputy Provincial Surveyor, which plan is filed in the Registry Office for the East Riding in the County of Durham.

The property has a frontage of fifty-four

feet more or less on Mill street with a uni-form depth of about one hundred and forty

feet
Desk and chair, pipe organ, clock, kitchen
stove and common chairs with the pews, lighting fixtures and furnace will not be sold with the building but will be offered for sale separately and any one purchasing the land and building must allow the purchasers of these fittings one week from the 27th day of June next within which to remove same.

The purchaser shall have ten days from

the 27th day of June next within which to search the title at his cwn expense and the vendor shall not be under obligation to far-nish any abstract of title or title deeds or other documents or copies of them other than those in its possession. If any requisi-tion on or objection to title is made which the vendor is unable or unwilling to remove the vendor shall be at liberty notwithstanding any intermediate negotiations to return the cash deposit without interest and shall not be liable for any damages or costs.

The litle is to be accepted on or before the 8th day of July next when the purchaser will be put into possession and will be fur-nished with a deed by the vendor. Taxes and insurance rates are to be ad-

justed up to 27th day of June next and shall be been and paid by the vendor up to that date and by the purchaser after that date. Terms of payment of purchase money:— Ten per cent. in cash (covered, if desired, by certified cheque payable to the order of the vendor's solicitors) to accompany the tender and the balance without interest upon the completion of sale.

Separate tenders will also be received for the pews, desk and chair, lighting fixtures, pipe organ, clock, kitchen stove, chuirs and furnace, and are to be accompanied by cash, or, if desired, by certified cheques payable to the order of the Vendor's Solicitors covering the full amount of the tender. Any pur-chaser of these articles or any of them is to remove same on or before the 26th June next and withou: doing any damage or injury to the building

If after any tender is accepted for the land and building, default is subsequently made by the purchaser, such purchasers, de-posit shall be forfeited and he shall be liable for any deficiency that may arise upon the resale of the property.

Your reference to the pleasant visit of His Royal Highness the Duke of Connaught, our Governorof Cobourg and Port Hope not only in their royal welcome but represented these Counties in every way in a most fitting manner, as nowhere in more loyal and more devoted to the throne than in Northumberland and Durham.

The labors of this Grand Jury have been light, two cases-one of which some were of the opinion should have been disposed of by the Magistrate and never have taken the valuable time of this Court.

We have inspected the Gaol, House of Refuge, and the Cobourg Hospital. These three institutions are a credit not only to the Counties but to the Province. Each of them is a model building, surrounded with beautiful, well-kept grounds, everything in the finest condition, and inmates and patients getting as good attention we believe as in any institution in Canada.

PLEASE PASS THE BREAD

This is the sentence I am en deavoring to have repeated as often as possible in the homes of my customers. It's obvious that the more bread they eat, the more I'll sell. I find that it pays to embody into every loaf baked all the goodness that skill, experience, the best of materials, and the finest equipment make possible.

No article of food suffers so much in transit as the unwrapped loaf. It leaves the bake house clean, healthy tion of volunteer civilian patrols, and wholesome; but exposure to the whose first duty will be the protecand wholesome; but exposure to the outer element and rough handling tion of churches. considerably depreciates its wholesomeness. I have installed a bread wrapping machine, and all bread that leaves my bake house will be sealed in a wax wrapper, from oven to table untouched by human hand. My customers should appreciate my consideration on their behalf, and tell their friends about my methods. After this week my bread will be handled exclusively through the grocers and Mr. F. Oke, and all tickets bearing my name will be honored wherever my bread is sold. Why not patronize the baker that is trying to give you the best. My ative, will support Liberal candi-late in East Simcoe.

NINE BODIES FOUND.

As Many More Are Missing as Result of Paris Disaster.

PARIS, June 17 .- It seems probable that the terrible storm which broke over Paris Monday night will claim at least a score of victims, Up to the present moment nine bodies have been recovered from the chasms in which they were engulfed. Fully tailor, whose clever water colors were exhibited a few months ago at the Galleries Georges Petit. It is a mercy that the catastrophe happened no later than it did, otherwise the exodus of workers would have been in full swing, and the roll of victims terrible.

A gas-pipe exploded, and a sheet of flames shot up as high as second storey. This was followed by the explosion of a compressed air pipe, and a fireman and two other persons were dragged away from the very brink of the abyss, which was 20 feet deep. The first body recovered was that of Georges Bedoiseau, identified by his brother, who was walking by his side at the moment of the catastrophe, and who just manage! to spring aside.

At the chasm in the Rue St. Phillipe du Roule there are still three bodies to be accounted for, that of a man aged 60, and two children, aged 10 and 12. Between the Church of St. Augustine and Felix Pointin's is a chasm much smaller, but its dept. is now over 30 feet. The chasm opened about 6.30 as a taxicab was crossing the square carrying Mme. Lavolte, a rich woman, who lives near the Arc de Triomphe. Be-fore the horrified spectators, who were taking shelter around the square, realized what had happened the taxicab vanished. Mme. Lavolte and the chauffeur were killed.

Hindus Have Not Hope of Meeting

Expenses of Staying. VANCOUVER, June 17 .- The Komagata Maru and her 360 Hindu passengers are expected by the immigration officials to get away on the return trip to the orient before the end of the present week. A proposal for the continuation was made Monday by Capt. Johnson, Vancouver agent for the owner of the steamer, but the conditions the Hindus must fulfil before the vessel can be continued under the charter are made so onerous that there is practically no chance of the Hindus paying up. Nominally there is now \$15,000 overdue on the charter. Vancouver Hindus have rais-

ed \$11,000 of that amount. The latter sum has been tendered to Capt. Johnson, who accepted it provisionally, but has since returned it to the Hindus, with an ultimatum that unless this amount is increased to approximately \$40,000 for the payment of contingent expenses and the guarantee of charter for several months ahead, the ship will immedi-

ately be ordered back to Japan.

Nathan Loses In Election. ROME, June 17. — The entire Catholic and monarchist ticket was elected at the municipal elections held on Sunday, the results of which became known yesterday. Prince Colonna headed the list with over 6,000 votes more than Ernesto Nathan, the former mayor, who led the anti-clerical coalition. Signor Nathan was last but one among the repre-sentatives of the minority elected, and he got on the list with only 82

votes to spare.

Big Midland Yards Are Ravaged With Loss of \$250,000.

TOWN HAS A CLOSE CALL

Spark From Sawdust Consumer Starts Conflagration Which Sweeps Lumber Piles and But For Direction of Wind the Whole Town Might Have Suffered-Mill .

Is Saved From Damage.

MIDLAND, Ont., June 11 .- About 4,000,000 feet of lumber was destroyed, entailing a loss of about \$250,-000, in a fire which broke out in the lumber yard of Manley Chew, ex-M.P., from a spark from the sawdust burner and consumed all but 300,-000 feet about two o'clock yesterday afternoon. The mill and accessories

were saved. The town was saved from the fact that the wind was blowing strongly away from it. When the alarm was sounded the Midland brigade turned out and it was assisted by the firefighting apparatus of the Georgian Bay Ship Mills, which adjoin the lumber plant. These mills were able to turn the full force of several powerful pumps on the flames, and this aided materially in checking them, especially as they were working against the wind.

The timber trams, which run through the yards, were also con-

The burning lumber presented a w"d spectacle as the flames shot up many feet in the air, and a big crowd was attracted to the vicinity of the conflagration. It just took two hours for the flames to eat their way against the wind and consume the big piles of lumber. To prevent the flames from spreading to the mill buildings the big force pumps of the ship mill were used to soak with water all inflammable material within reach of the sparks.

Much of the lumber destroyed had been ordered for delivery in Toronto, and it was said last night as a result of the fire several city firms are threatened with a lumber shortage for a few days.

POSTAL BILL DEFEATED.

Senate Amends Government Measure Which May Be Dropped Now.

OTTAWA, June 11 .- By a vote of 28 to 13 the Senate yesterday rejected another Government bill. This was a measure designed to place under the control of the Postmaster-General and the Treasury Board the control of postal rates on newspapers and periodicals.

Senator Kerr, Toronto, moved an amendment to the bill as introduced papers and periodicals should not go into effect until ratified by Parlia-

Mr. Lougheed announced that the Government would abandon the whole bill, which also affects salary increase to postoffice employes, should the amendment carry.

DEAD NUMBER NINETEEN.

But One Report Puts Fishermen's Loss at 125 Lives.

CHATHAM, N.B., June 11. - Conflicting reports made it impossible yesterday to determine definitely how many fishing smacks and lives have been lost in the storm which swept the Gulf of St. Lawrence, Chaleur Bay and the Straits of Northumberland on Friday.

DR. GRANT TAKES BIG JOB. He Will Head Amalgamated Presby-

terian Boards. WOODSTOCK, June 11 .- Dr. Andrew S. Grant, superintendent of home missions and chairman of the finance board, accepted the position of general superintendent of the amalgamated boards of home mission and social service and evangelism at yesterday afternoon's session of the

ance board for the year 1914-15. Stortly after the session opened yesterday afternoon, Dr. Murdock Mackenzie, convenor of the special committee appointed by the moderator to confer with Dr. Grant, reported he had been unable to secure a promise from Dr. Grant to reconsider the matter. He submitted a recommendation advising the assembly to accept the resignation.

accepted the chairmanship of the fin-

On behalf of the home mission board Dr. Mackenzie then submitted a resolution requesting Dr. Grant on account of the important works he has initiated to remain as head of the board, but Dr. Grant declined the appointment.

Rev. R. J. Wilson, Vancouver, then moved that Dr. Grant be appointed as general superintendent of the amalgamated boards of home missions and social service and evangelism, which motion was carried. Dr. Grant was asked for his answer and taking the platform he said:

"I wish to tell you I accept your proposition with the understanding you put in the same yoke Dr. Shearer, and appoint Mr. Edmundson as my secretary."

On a motion of Dr. Wilson, Dr. Shearer was appointed Dr. Grant's team-mate in the work of the com-bine board, and the request of Dr. Shearer that Dr. McGregor and Rev Mr. Robinson be appointed to their positions was concurred in. Dr. Grant's request was also granted.

The report of the board of finance was concluded and the budget for the year was fixed at \$1,500,000. The assembly finished its business before ten o'clock last night. In his closing speech the moderator stated that this assembly has established a record for expeditious work.

INSIST ON CARRYING RIFLES. Influential Deputation Puts Religious

Matter Up to Minister of Militia. OTTAWA, June 11 .- Asking that the regulation of the Militia Department in respect to prohibiting the participation of regiments carrying rifles in church parades be changed in order that the 65th Regiment of Montreal may take part in and present arms to the Host in the Corpus Christi procession next Sunday, a Montreal delegation yesterday afterpoon waited upon the Prime Minister. It consisted of Sir Alexander La-coste, ex-Mayor Guerin, Dr. Kennedy, Clarence Smith, Edward Kennedy, F. J. Bisaillon, K.C., F. De Salesbastien, D. O. Lesperance, M.P., Albert Sevigny, M.P., and Paul Lamarche, M.P., and was accompan-ied by Hon. Messrs. Doherty, Pelle-

tier, Nantel and Coderre. They claimed that since 1837 the privilege of attending the Corpus Christi procession has been accorded French regiments by a special rule

from England. The Prime Minister said the mat-ter would be taken up at once with

the Minister of Militia. CONNAUGHT MAY STAY.

It Is Reported That Term Will Be Lengthened Until April, 1916.

QUEBEC, June 11. - There is a rumor here that H. R. H. the Duke of Connaught may remain as Governor-General of Canada for another eighteen months, that is to say, until April of 1916, instead of leaving in October, when his present term as

vice-regent will come to an end. The rumor is said to have originated in the citadel, where the Governor-General's quarters are, but it is impossible of confirmation at this time, and if any announcement is to be made it will in all likelihood come from Ottawa, as it could hardly be given out here first. In view of the criticism of the appointment of Prince Alexander of Teck, to succeed the duke, this latest report is meeting wth credence in many quarters.

BOMB UNDER CHAIR

Militants Effect Dramatic Stroke in Westminster Abbey.

M'KENNA WAS SPEAKING

In Middle of Home Secretary's Oration on How to Deal Effectively With the Suffragettes Loud Report Is Heard and Members Pour Out to Investigate-Lansbury Appeals to King.

LONDON, June 12 .- The militant suffragettes staged one of the most dramatic acts of their campaign yes terday afternoon, when they exploded a bomb in Westminster Abbey, at the very moment that the Rt. Hon. Reginald McKenna, Secretary of State for Home Affairs, was delivering an optimistic speech in the House of Commons nearby, regarding the Gov-ernment's method of dealing with "the wild women." The detonation penetrated the chamber of the House, interrupting Mr. McKenna's oration and bringing some of the members into the street to learn what had happened.

The discussion of the militant campaign in the House of Commons yesterday showed that the Government contemplates no new measures to control the militant women, except to inaugurate an attempt to make the subscribers to the funds of the Women's Social and Political Union responsible for damage the militants inflict. It is believed that a test case will be made of the mutilation of the Rokeby Venus, which was slashed

last March by May Richardson.
Those in vicinity at the time of the bomb explosion under the Coronation chair say they heard two distinct reports which they describe as terrific. The fabric of the Westminster Abbey building is said to have been slightly damaged, but as the police kept all inquirers at a distance this could not be confirmed. Two young women who were in the

Abbey at the time of the explosion were taken into custody and subsequently removed in a taxi-cab to a police station.

The actual damage to the frame work of the Coronation chair appears to be confined to the blowing off of one of the pinnacles at the top of the back. The bomb appears to have been introduced to the Abbey in a bag which was deposited partly beneath the seat of the chair. Seeks Freedom For Sylvia.

LONDON, June 12 .- George Lansbury, former Socialist member of Parliament, has addressed a letter to the King, stating that he was arrested for offences in connection with the suffrage agitation and was released when he went on a hunger strike, while Sylvia Pankhurst had been taken back to prison eight times, and was being slowly, but surely, starved to death.

"Why should a man in my position be allowed to go free?" he asks, "and a young woman be forced back into prison time after time? This is so gross an instance of partiality and so alien to the spirit of justice, that I am impelled to ask you to override your Ministers and to exercise your prerogative of mercy and order the unconditional release of Miss Pankhurst forthwith or my arrest."

TOLLS REPEAL CARRIED.

U. S. Senate Gives Majority of 15 to Wilson's Demand.

WASHINGTON, June 12. - The Senate last night passed the Panama Canal tolls repeal bill with the single amendment agreed to by a vote of 50 to 35. The measure now goes back to the House for consideration by a joint committee.

The conclusion of the protracted struggle over the measure followed a day filed with roll-calls, short, trenchant speeches, heated colloquies and a near-fight between Senator Vardaman, Democrat, of Mississippi, and Senator West, Democrat, of

The clash which was the chief excitement of the evening arose directly from a reference made by Senator Vardaman to the fact that the Carnegie Endowment for International Peace had spent \$30,000 in the dissemination of literature upholding the contention that the tolls exemption violated the Hay-Pauncefote

treaty. Every effort to make the Simmons-Norris compromise amendment stronger yesterday was voted down by a large majority. The greatest strength of the Opposition, both within and without the party, was mustered for that compromise, which in iteslf is still without the approval of President Wilson.

Motorman's Intuition Justified. TORONTO, June 12. — Because a little rubber ball bounced from the sidewalk on Harbord street right in front of his car while it was traveling at a fair speed yesterday after-noon, Motorman T. A. Smith jammed on his emergency brakes and brought the car to a stop within a few feet. When Smith saw the ball bouncing, he quickly reasoned some harebrained youngster was going to fol-low it at the risk of his life. He reasoned rightly, for a lad of about four years jumped through the line of rigs in front of the oncoming car, which, thanks to the motorman's presence of mind, stopped within a foot of the child, who had fallen headlong on the car tracks.

IS ARRESTED.

Scheme To B Visit Premier Asquith

LONDOMIKEd By Police. PankburaN, June 11. - Miss Sylvia aphkhurst was not even permitted to approach Westminster last night to interview Premier Asquith. The pro posed visit to the Prime Minister was arranged for some days ago by Miss Pankhurst and other militant leaders, and it was decided Tuesday night that she should be carried shoulder-high in the procession, as she was not considered strong enough to bear the strain of what pro mised to be an arduous journey.

Before the procession had gone mile Miss Pankhurst was arrested for the eighth time since she was sen tenced to six months' imprisonment and conveyed to Holl-way Jail.

The procession struggl i on with-out a leader, but by the time it reached the Strand it had been dispersed by the police. Under the leadership of George Lansbury, former Socialist member of the House of Commons, a deputation of women proceeded to Parliament, where they were received by P. H. Illingworth, the chief Liberal whip, after having been rebuffed in all attempts to see the Premier. The demonstration was organized

with all the well-known cleverness of the suffragettes for dramatic effect. A crowd of 10,000 people gathered at 8 o'clock at the junction of Commer-cial road and High street, Whitechapel, where two processions, one from Bow and the other from Poplar, were to join about the same hour.

A procession was formed, but suddenly at a narrow place in the route the police arrested Miss Pankhurst and whisked her off to Holloway

There was little enthusiasm among the marchers, and the openly expressed hostility of the populace dampened the ardor of the demonstration, so that by the time it reached the Strand the . olice had little difficulty in dispersing it and preventing any reformatica.

CALLS IT "GOLD BRICK."

Parcel Post Achieving Little Says Hon. Mr. Lemieux.

OTTAWA, June 11. - The Comworks of all kinds was the feature of the day.

In connection with the postoffice estimates, Hon. Rodolphe Lemieux said the parcel post service so far was "more or less of a gold brick." It was doing little to bring producer and consumer together. A 6-pound parcel went from Ottawa to Montreal for 40c., and by express it went for 35c. In the United States it would go by parcel post for 10c. Eleven pounds was the limit here, while 20 pounds was the American limit. It was cheaper also to send a parcel from Toronto to Hong Kong than from Toronto to Vancouver. He urged a readjustment of the rate weight, and soon the system might be a success here as in other coun-

SHIP IS GOING BACK.

Hindus Must Find \$15,000 at Once

Say Owners. VANCOUVER, June 11. - Captain Yamameto, master of the Komagata Maru, received a cable yesterday morning from the owners in Kobe, definitely instructing him to sail from ! Vancouver to-day for the orient, if the remainder of the charter money. amounting to \$15,000, is not paid on behalf of the 360 Hindus now aboard, by that time.

Monday evening a consignment of provisions was sent out to them. but they paid only \$100 in cash and owe a balance of \$1,000. They declare they cannot get the money to complete payment unless they are allowed ashore, and this the immigration officers will not permit,

If the ship sails to-day, trouble is looked for. The ship owners have no responsibility for provisioning. It will require many thousands of dollars to buy provisions for the return trip, and the Hindus insist they have no money to buy any unless allowed ashore. The officials fear that the Hindus may jump overboard as the ship is leaving the harbor.

Steamer New York Reaches Port Crippled ty Collision.

ANCHOR STUCK IN HER SIDE

After Disaster Very Similar to That of Empress of Ireland, American Liner Docks With All Passengers Safe-She Was Struck by Pretoria In Early Morning Fog-Captain Is Praised.

NEW YORK, June 15 .- With her damaged port bow covered with an old sail and the Pretoria's anchor sticking in the firemen's bathroom on the main deck, the American Liner New York, which collided with the Hamburg-American Liner Pretoria early Saturday morning east of the Nantucket Lightship, arrived at her pier yesterday afternoon at 3.20 o'clock and landed her 149 cabin passengers. The 116 immigrants in the steerage stayed on board the ship for the night, and went to Ellis Island early this morning. The collision occurred during a dense fog. The Pre-toria continued her journey, being practically undamaged.

The passengers were unanimous in their praise of the seamanship and judgment shown by Captain W. J. Roberts in handling his ship before and after the collision with the Pretoria. Captain Roberts has commanded the New York for twelve years, and this is the first accident he has had in that time.

The rent in the port side of the New York begins about fifty feet from the stem and extends about thirty-two feet. It is about fifteen feet deep. The anchor of the Pretoria is still embedded in the steel plates of the hull, and its flukes are resting on the iron deck of the firemen's bathroom, where the full force of the impact came.

Opposite the bathroom is the cabin occupied by the four masters-at-arms. They were on the deck at the time of the collision, and they would have been killed otherwise, as the entire room and the bunks were ripped open mons spent yesterday quietly over es- by the bow of the Pretoria. ANOTHER WAR COMING?

Greek Paper Voicing Public Opinion Says It Is Inevitable.

ATHENS, June 15 .- War between Greece and Turkey is inevitable, according to the newspaper Hestia, which is considered as voicing the majority of Greek public opinion. BOMB IN CHURCH.

Outrage In London Church Increases Fear of "Furies."

LONDON, June 15.—A bomb was exploded in St. George's Church, Hanover square, last night. There is evidence to show that the explosion was the work of suffragettes, and coming so close upon the bomb outrage in Westminster Abbey, the desecration of this famous edifice has increased alarm as to how far the militant women intend to go.

The caretaker of St. George's had locked the church after a careful inspection on the conclusion of the evening services. A few minutes af-te- 10 o'clock a passerby heard an explosion and summoned the fire brigade. The firemen, forcing the doors, found the church filled with a dense white smoke. Three pews in the north aisle and three stained windows were damaged by the explosion, while a pew immediately in front of the lectern was blown down. Fortunately the famous painting of "The Last Supper," by Sir James Thornhill, which hangs over the altar, was not damaged, although the window above it was in splinters.

The firemen found a square tin box and several pieces of candle in the overthrown pew, and a member of the congregation said that the pew was occupied at the evening service by a woman in a checked dress. An envelope was found in the church on which was written: "A protest against the torture of women." Crowd Assails Militants.

LEICESTER, Eng., June 15 .- Before the police were able to intervene, a hostile crowd yesterday attacked and demolished a stall in the market place where militant suffragettes were selling confectionery in order to raise funds for the Women's Social and Political Union.

Women were conspicuous in the attack and were prevented from setting fire to the stall only by the arrival of the police who escorted the terrified militants to a place of

EXPORTS INCREASED.

But Canada's Imports For the Year Show a Falling Off.

OTTAWA, June 15 .- A statement

of Canadian trade for the last fiscal year has just been issued by the Trade and Commerce Department. Total trade in merchandise for the year was \$1,073,766,098, an increase of \$26,697,554 over the preceding fiscal year. Imports totalled \$618,-328,874, a decrease of \$51,671,315 while exports totalled \$455,437,224 an increase of \$78,368,869. The net increase in trade for the year was due to the big gain in exports of agricultural products, animal produce and manufactured products, particularly during the autumn months. Since then there has been a considerable falling off both in imports and exports. The total exports of agricultural products for the year was \$198,220,029, an increase of \$48,-074,368, or nearly thirty per cent. Exports of animal product totalled \$53,349,119, an increase of \$8,564,-526, and exports of manufactures totalled \$57,443,452, an increase of \$13,750,644.

Trade with the United Kingdom showed a net increase of \$37,634,098. Trade with the United States showed a net increase of nearly three millions. With the British Indies, including Bermuda, despite the recent reciprocal trade agreement, there was a net falling off in trade of \$1,620,287. From nearly every country imports decreased, while to every country, except the Argentine Republic, exports increased.

From the United Kingdom Canada took last year imports valued at \$131,942,763, or \$6,706,666 less than the preceding year. Canadian exports to the United Kingdom totalled \$222,322,766, a gain of \$44,340,764.

WOMEN SHOULD STRIKE. They Ought To Give Up Church Work

For a Year Says Minister.

WINNIPEG, June 15 .- At Saturday morning's session, crowded with business, the Manitoba Methodist conference in Broadway Church a resolution was passed memorializing the general conference to open all church court to women of the church on the same terms as laymen. Rev. Dr. John MacLean, Winnipeg, made a determined speech against the innovation, saying that the question of the extension of church privileges to women seemed to be bigger than the gospel of Jesus Christ to some people. These folk seem to fancy that women will bring in the millennium and overcome all evils." There was much dissent from Dr. MacLean's attitude, and the resolution carried with only two dissentients. During the discussion, Rev. B. A. MacClung said he would advise women of Methodism to strike from church work for one year if the request was not granted.

VESUVIUS IS ACTIVE. Area Around Crater Threatens To

Plunge Into Abyss. ROME, June 15. - Vesuvius is howing signs of activity, and an area of 200 yards on the edge of the main crater threatens to plunge into the abvss. The Government has, therefore, stationed a squad of carabineers on the summit of the volcano to warn adventurous tourists of the danger, At this season of the year nearly 100,000 visitors usually make

ascents. It may be recalled that about two rears ago a large party of Messrs. Cooks' excursionists had a narrow escape. Only five minutes after they had descended the cinder cone where they had been standing collapsed with a thunderous crash, wrecking the upper funicular railway station and carrying away a large portion of Messrs. Cooks' buildings at the bottom of the crater.

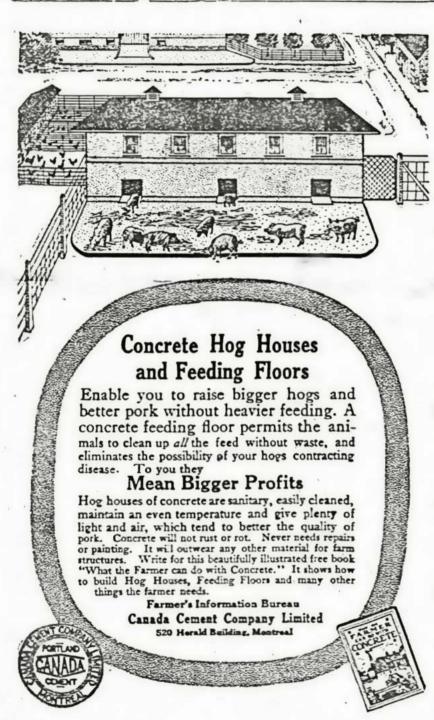

Gives Up Atlantic Flight, LONDON, June 15 .- The project of the Canadian millionaire sports man, Mackay Edgar, to fly across the Atlantic Ocean with a huge Martin-Handasyde monoplane is in abeyance owing to Hamel's death. Edgar is not interested in any other pilot, as he says none of them has Hamel's ability in the air. He refuses to invite another to take his place.

There is also difficulty in finding any one sufficiently experienced to be trusted with preliminary tests of the mammeth plane in starting and landing.

Mayor Fires One Hundred, MONTREAL, June 15 .- Mayor Mederic Martin and his Board of Control discharged 100 men in the public works department yesterday morning, The lot consisted of engineers, draftsmen, chainmen and others of like employment. The mayor says he saved the city \$65,000 a year by firing the whole bunch. To-day the City Council will be asked to vote money to pay the expense of a referendum of the abolition of the Board of Control, It is likely that the city will have a vote on the question soon.

Premier Venezelos Makes Declaration Almost Equivalent to Threat of Hostilities In Connection With

Pers cution of Countrymen-Minister Will Demand Redress of Grievance.

ATHENS, June 13. - The Greek Minister in Constantinople has been instructed to demand the cessation of persecution of Greeks in Asia Minor and the reinstatement in their homes and on their properties of 50,-000 refugees who sought shelter from the Turks in Greek territory. A guarantee also is demanded, according to the correspondent that

these refugees be not again molested. A warning to Turkey, which fell little short of a formal declaration of hostilities, was uttered yesterday by Premier Venezelos of Greece in the Chamber of Deputies. He was speaking on the treatment of Greek

subjects in Turkey.
M. Venezalos, who obviously found difficulty in restraining his language when he spoke of the way in which the Turks had treated his fellow-

countrymen, said: "I do not wish to allow to escape words which cannot be recalled, but I should fail in my duty if I did not inform the Chamber of Deputies that the situation has become grave-even very grave. If a stop is not put to these conditions, the Hellenic Gor-ernment will be forced not to content itself with joining in the lamentations of unhappy refugees."

The Premier characterized the Turkish persecutions of Greeks as being "of a character such as history had never known until to-day, their object being the elimination of populations which had been living in those places for several thousand years.'

PACTS READY TO SIGN.

Treaties Between U. S. and Britain

and France Nearly Complete. WASHINGTON, June 13. - Secretary Bryan for the United States and Ambassadors Spring Rice for Great Britain and Jusserand for France, will soon sign on the same day peace treaties, modeled after those already signed by Secretary Bryan, with sixteen nations. The signing of these treaties awaits only the approval of the British pact by the British self-governing colonies, to which it has

been submitted. The Anglo-American and the Fran-co-American treaties will in a general way, follow a similar pact already signed by Secretary Bryan, with the Netherlands. They provide that all questions arising between the United States and the respective European p.wers, which cannot be settled by diplomacy, shall be submitted for investigation for a period of at least one year to an international committee of five members. During the investigation hostilities would not be entered into, but the findings of the

Four Ottawa Controllers Unseated by Judicial Decision.

OTTAWA, June 13—The four civic controllers, Joseph H. Kent, J. W. Nelson, E. R. McNeill, and Dr. R. H. Parent, have been unseated by Judge MacTavish owing to irregularities in the January election. The formal judgment was delivered this morning.

The action to unseat the controllers was taken by a ratepayer, Thomas Clarey on the ground that there had been much irregularity in the conduct of the January election in the various polls.

In view of the quashing of the liquor license bylaw o : similar grounds by Mr. Justice Middleton at Toronto the unseating of the controllers was generally expected.

Spanish Convicts' Mutiny. CERBERE, France, June 13 .-Convicts in the Spanish prison of Figueras, just over the frontier line in Catalonia, took advantage of the absence of most of the guards, attracted by a procession outside the jail in celebration of the religious festival of Corpus Christi, seized the governor and beat him to death. They broke into the store of arms and ammunition and attempted to escape. Detachments of troops and wardens fired upon fleeing convicts and fierce fighting ensued within the prison before the convicts were eventually mastered, many being shot down.

Point In Mediation.

NIAGARA FALLS, Ont., June 12. -An important point in the plans for the pacification of Mexico was gained by the United States last night when it was agreed that the transfer of authority from the present administration to the new provisional government should be accomplished in some other way than by Gen. Huerta's appointment of a Minister of F-reign Affairs, who would and his Ministers picked up their

This method provided for in the Mexican constitution will be abandoned because the United States insisted that to assent to it would be tantamount to a recognition of Gen. Huerta's right to exercise constitutional functions.

On this point the mediation conference had been wrestling for three weeks, and for the past three days continuance of the conference had

been threatened. Finally, yesterday, when the Americans were working through the medictors and matters seemed at a breaking point, Luis Elguero, one of the Mexican delegates entered the conference room and immediately a spirit of compromise was noticeable. Observing it, the Americans suggested that the other Mexicans join in the conference, and Emilio Ratasa and Augustin Rodriguez joined the It was not a full conference of the formal kind with which the proceedings here were inaugurated. but an impromptu get-together talk. In a surprisingly brief time the Americans found they had made more headway with the Mexicans directly than they had previously by working through the mediators.

Justice Lamar dictated the follow ing, after the conference:

"I was authorized by the media-tors to say that we have substantially agreed on the first plank as to the method of transfer of authority to the new provisional government."
Mr. Lehman said: "Progress toward an agreement had been made,"

and emphasized the importance of the full conference, saying another would be held to-day.

Ontario Faced With Financial Crisis Says Mr. Rowell.

DUNNVILLE, June 12 .- Mr. N. W. Rowell visited here yesterday in the course of his election tour of Western Ontario and addressed a largely attended meeting of farmers of Haldimand riding.

Mr. Rowell, in his speech, dealt with the financial position of the

province, declaring the expenditure has grown from \$5,267,453 in 1904 to over \$22,000,000 in 1914. Leaving out capital payments for the Hydro-electric and T. & N. O. Railway he stated that the ordinary expenditure of Ontario for the current year would, according to the estimates passed by the House last session, amount to \$16,000,000. This would not be so bad if the revenues were equal to meet the situation, but there was trouble ahead when the province was spending more than its revenue. "In other words," said Mr. Rowell, "if the Government spends all the money authorized by the House last session it will spend nearly \$12,000,000 more than the total revenue this year."

This, said Mr. Rowell, meant more borrowing or direct taxation Messrs. Gibson and Marshall also

STEPMOTHER BIT CHILD.

Practice Not Unusual With Italian Woman Says Counsel,

NEW YORK, June 13 .- Instead of standing trial as she had intended, Mrs. Maria Rizzuto of 208 Ellery street, Brooklyn, who had bit her 11-year-old stepdaughter Carolina because the child refused to do housework, pleaded guilty yesterday in Brooklyn Special Sessions to a charge of assault.

"It is a pretty common practice among Italian women to bite their children when they are disobedient,' caid her counsel.

"Frightful!" said Justice Collins. Justice Fleming called the child behind the bench. In whispers she told her story to him and Justices Collins and Forker. She bared her arm and showed the scars of three wounds made by her stepmother's teeth. The court postponed sentence until next Friday.

Strike Like a Revolt.

ROME. June 13 .- Movements of a revolutionary character were reported yesterday throughout the four provinces of Bologna, Ferrara, Ravehna and Forli.

Although a cessation of the gen-eral strike which began on Monday had been ordered by the labor organizations, the workmen of extreme views in these districts have refused to return to work.

Nothing has been heard from Ravenna since the despatch of a detachment of troops from Bologna to assist in restoring order.

The scene in the ballroom was un usualy brilliant. The King himself lent a picturesque note by appearing in the ornate kilted uniform of the Black Watch of which he is colonel-

in-chief. The Queen wore a gown of pale blue with a corsage of sequins arranged with gold lace over the palest pink satin; her crown was of pearls.

Storstad To Be Released.

MONTREAL, June 13 .- The Norwegian collier Storstad will probably be released from custod; by the Admiralty Court some day next week on giving bonds in connection with the action of \$2,000,000 damages taken against the Storstad's owners by the C. P. R. Co. because of the sinking of the steamship Empress of Ireland.

It is said the case will not be heard in the Admiralty Court until the official enquiry into the Empress disaster under the chairmanship of Lord Mersey is well advanced. The Storstad will be taken to Quebec for IALLURIANT IU DUNE.

Commons Pays Tribute To Services-Extension Rumor Denied.

OTTAWA, June 12. - The Commons yesterday adopted an address to H. R. H. the Governor-General in connection with his forthcoming departure from Canada. It said in part: "We, His Majesty's dutiful and

loyal subjects, the members of the Commons of Canada, in Parliament assembled, desire to approach Your Royal Highness with an expression of the deep regret with which we have learned that your official connection with this country is about to cease.

"The Canadian reople will not fail to cherish a happy remembrance of the deep and practical interest which Your Royal Highness has invariably manifested in literature, art, and industrial pursuits in the Dominion, as well as in all philanthropic and charitable undertakings, and they recognize most fully that Your Royal Highness has always been ready to associate yourself with every movement designed to improve the conditions and add to the happiness of those to whom has been entrusted the great task and duty of possessing and developing this portion of the Empire."

"I have no announcement to make," said Premier Borden yesterday, when asked if the Farmers Bank bill will be re-introduced next session of Parliament. Jesse Maisonville of Ford was sen-

tenced at Windsor to two years and Geo. Pallister to 21 months for crimes in which young girls were the complaining witnesses. After an illness of but a few hours, Mrs. Jennie M. McLean, wife

of Col. H. H. McLean, M.P. for Queen's-Sunbury, N. B., died, follow-ing a stroke of apoplexy. Alfred Brown of New York said yesterday that he had completed arrangements to go atroad in August in

an attenipe to swim the English Channel for the Alexandra trophy. For stealing tools, Frank Wilds was sentenced to two years in Kingston Penitentiary by Magistrate Denison in Toronto yesterday. Wilds completed a six months' term last Wednesday for a similar crime.

WILL TEST UNIONISTS.

Premier Asquith Will Submit Home Rule Amendments.

LONDON, June 12 .- Premier Asquith announced in the House of Commons yesterday his intention of introducing the promised bill to amend the Irish Home Rule bill before any further program is made by the House of Lords with the second reading of the main measure. The Unionists thus have won the day with their insistent demand that he

should take this action.

The Lords will be entirely free to change the amending bill, as they think proper, and it is generally as-sured that they will insert provisions for the unconditional exclusion of Ulster from the operations of the Irish Home Rule bill, and also for the protection of the Protestant minority in the rest of Ireland.

The Unionists in this way will be enabled to test how far the Government and the Irish Nationalists are prepared to go in the direction of a compromise.

The new bill is not likely to be brought into the House of Lords before the week beginning June 21.

HUGHES WILL NOT RECEDE.

Minister of Militia Adheres to Order Regarding Parade.

OTTAWA, June 12. - Inquiry of the Prime Minister regarding the rescinding or modification of the rule to permit the 65th Regiment of Montreal to participate with arms in the Corpus Christi procession at Montreal on Sunday, so that the Host might be saluted as in past years, elicited the information yesterday that no decision in the matter had been reached.

Col. the Hon. Sam Hughes, Minister of Militia, when seen subsequently, was much more emphatic.

"I have not rescinded any order and I have not the slightest inten-tion of doing so," declared the Minister. "Why should I be asked? It is a rule that applies in military organizations all over the world."

Joe Martin Gets Seat.

LONDON, June 12.- Ipswich and Northeast Derby have apparently convinced the Government of the ricks attendant upon three-cornered contests, since they have patched matters up with the Canadian member for East St. Pancras, and Joe Martin will not, therefore, go to the constituency for re-election.

Another serious cave-in occurred at the Place St. Phillippe due Roule. When the storm was at its height 500 square feet of the roadway heaved :p and sank, carrying with it a number of persons. The whole dis-trict became a veritable river. Gas mains, telephone wires, and the elec-

trical supply were broken off.
The quarter was immediately isolated and the prefect of the Seine with large detachments of police was hastily summoned, but for a long time nothing could be done owing to the darkness. Firemen arrived with powerful gas lamps, and with the assistance of gangs of laborers began exploring the wrecked street.

President Poincare sent a member of his military household to the scene, and troops were ordered to aid

the police and firemen.

About the same time a large section of the roadway in the Place St. Augustin suddenly collapsed. A passing taxicab was engulfed. Eye-witness-s saw a woman's hand waving from the vehicle, and the head of the chauffeur as the taxicab disappeared. Almost immediately a great block of stone fell upon it. A large wagonette just missed the same fate, the hind wheels sinking axle-deep in the soil, but the occupants made

their escape.

Almost at the beginning of the storm, the roadway at the junction of the Rue Tronchet, the Rue Auber and the Boulevard Haussmann, one of the busiest sections of Paris, disappeared, leaving an opening thirty place of safety.

A sewer burst alongside the sub-

way in the Rue de Rivoli, putting it out of commission. Another burst in the Rue Boissy d'Anglas, carrying away many feet of the pavement and flooding the new subway line under the Place de la Concord.

The thunderstorm was one of re-

markable violence and raged over Paris for three hours. It caused enormous damage to property.

Storstad Changed Course in Fog Says Capt in Kendall.

COLLIER'S MATE SAYS NOT

While Master of Empress Declares That He Could Not Have Drifted Into Way of Storstad, Latter Ship's First Mate Says Coal Steamer Kept on Course -Court Is International.

QUEBEC, June 17 .- Evidence amplifying the known contentions in regard to the cause of the disaster to the Empress of Ireland at Father Point in the St. Lawrence, on May 29, was brought out at vesterday's opening session of the investigating Dominion commission, of which Lord Mersey is chairman.

So far the main arguments of Cap-tain Kendall of the Empress that he was stationary when rammed by the collier Storstad and of the owners of the collier that the Empress placed herself in front of their vessel, which indisputably had the right of way, were only emphasized. Captain Kendall was on the stand for several hours, and gave a straightforward account of the events of the terrible morning along the lines of his testimony at the Rimouski inquest.

Questioned by Lord Mersey as to why he stopped his ship when he had turned his green light to that of the Storstad in conformity with naviga-tion rules, be claimed he took the step as a cafeguarding measure owing to the fog. He could not be got by the lawyer for the Storstad, C. S. Haight of New York, to admit that his boat could have drifted in front of the Storstad unless the collier had changed her course after the fog hid

her from bim, which contingency he was of the opinion had taken place. That the collier had not changed her course after first sighting the Empress, though abortive attempts had been made to port her helm after she had been slowed down and that the Empres was crossing her bows, was the principal points arising out of the testimony of Alfred Tuftenes, the first officer of the Storstad, who was examined during the afternoon. This witness also repeated the story that Empress sailors refused to go back in boats to carry on rescue work after once reaching the Storstad. Mr. poured in a torrent. A pedestrian fell in, but was quickly dragged to a place of safety.

Haight supplemented the evidence of Tuftenes at the request of Lord Mersey by giving as his evidence of place of safety. the disaster a belief that the big liner thought she could cross the bow of the slow-going collier, that her helm was ordered ported by one officer and starboarded by another, a suggested confusion of orders that Captain Kendall indignantly repudiated.

New chapters illustrating the hor-ror of the disaster were added by Captain Kendall in his testimony, the most startling being his description of how a sheet of flame burst from the Empress after she was rammed, the prow of the collier evidently penetrating clear through to her boilers. The first authentic account was also given of a distressing scene en-acted when Captain Kendall, on the verge of a collapse, met Captain An-dersen of the collier when the former reached the Storstad. Apparently, until Captain Kendall was taken away insensible, he vehemently argued that the collier had rammed him at full speed, while Captain Andersen contended that the liner was at

Captain Kendall also acknowledged that though he knew a collision to be night several parties were sent out meeting the the collision to be night several parties were sent out sevitable when the covered came at to visit every house in the district to them in the fea, it was not till after it had occurred that the erder to close the watertight bulkheads was given, by which three compartments had

The enquiry is remarkable for the fact that probably for the first time a British judge is chairman of a Canadian commission, and Butler Aspinall, K.C., an English lawyer, is leading one section of the interests involved, while an American lawyer, Mr. Haight, is conducting the case for other parties affected.

GREEKS ARE MASSACRED.

Refugees Say One Hundred Have Been Slain By Turks.

ATHENS, Greece, June 17 .- Greek refugees from Asia Minor yesterday brought reports of the massacre by Turks of 100 Greeks, including priests, old men and children, in the town of Phokia, 25 miles northwest of Smyrna. The town, according to the official report, was invaded by a horde of armed men, who looted and then set fire to all the buildings. They are said to have been assisted by the Turkish police. All the in-habitants, most of whom were Greeks, fled, leaving their property behind them, and 3,600 of them have reached Saloniki. They declare that the bodies of the massacred, people were thrown into wells. The refugees, many of whom were suffering from wounds, were in a state of starvation

BIG DREDGE FOUNDERS.

One Man Drowned and Seven Not Yet Accounted For.

The big dredge Delver, owned by the Dominion Dredging Co., having the contract for No. 1 Section Welland Ship Canal, in tow of the tug Alice, Ship Canal, Ship Can and sank, while endeavoring to take shelter in Port Dalhousle harbor.

The dredge was at Port Weller, with the dredges Dominion and Fundy, when a heavy sea arose. The tug, Meteor, in charge of Capt. McGrath, attempted to take the Dominion to

the shelter of Port Dalhousie, but she broke all lines, and was driven toward the shore.

When 'he Delver capsized, Capi. Howe of the Alice displayed distress signals, bringing the tug Meteor to her assistance. The two tugs saved ten of the crew of the Delver after bills for further particulars.

Al hough the Delver's crew con-sisted of eighteen men, some of the number are believed to have been left ashore, and only one man, Walter Burt, married, of Port Dalhousie, is definitely known to have been drowned. The survivors were taken ashore and placed in bed at the Lin-

coln House. The sinking of the Delver represents a loss of \$100,000. It was believed that the Dominion, too, was lost, but now that the storm has somewhat abated, it is thought that her breaking away from the tug saved her from that fate, for when she drifted in towards the beach her anchors were got out by the crew. It is not yet known how badly she was

damaged, but it is believed that all on boa-1 are safe. Word of the accident spread like wild-fire throughout the district. Everyone was greatly excited and it was hard to get details of how the accident occurred. Of the crew of eighteen, seven have not been located. With Burt drowned and ten res-cued, the seven still are to be ac-counted for. The officials of the company and captains of her dredges and tugs are confident that the seven have been rescued and are either on board one of the tugs in the harbor or at a farm house along the shore. At midsee if any trace of the seven missing men could be found, but up to a late hour no word has been received from them.

Fireman Drowned.

ST. CATHARINES, June 16 .-Wm. Nixon, aged 17 years, a fireman on the steamer Keyport of Montreal, was seized with cramps while swimming in Port Dalhousie harbor and sank just as a line was thrown to him.
